### Objective and Purpose:

To promote cooperation and friendship among the breeders and owners of Brittanys and to encourage higher standards in breeding, training and showing of Brittanys in the field and in the show ring; to discourage the breed from becoming split into groups of "field dogs" and "show dogs" and to strive to keep it forever a "dual dog".

## Speed Is Not "Reach and Drive"

Most show dogs are raced around the ring far too quickly, and Brittany handlers are among the worst offenders. Many judges confuse speed with reach and drive – but they are *not* the same. Good reach and drive are the result of correct structure, specifically proper length, and correct angulation of the bones joined and supported by well conditioned muscles. Speed is nothing but fast movement without regard to structure.

"Reach" is the position the front paw reaches and at which it is set down. Exhibitors often pull the head back over the shoulders on a tight lead to create the impression that the front paw reaches farther than it actually does, but all this does is show the Brittany with the wrong head carriage. Don't be fooled.

"Drive" is the push of a good powerful rear. A Brittany should place its hind foot into or beyond the print left by its front foot. In a square dog this takes great athletic ability, and a Brittany must be a great athlete. A short-striding rear is a disaster for a hunting dog because it makes the dog work twice as hard.

Our standard says gait viewed from the side should be "smooth, efficient and ground covering." (*A Brittany that can't cover ground – I don't mean run fast, but really cover ground with each stride – shouldn't win. It is a serious fault in a working bird dog.*) A highstepping or side-winding gait is inefficient and usually results from poor shoulders being overpushed by the rear. Judging the breed's gait coming and going is not nearly as important as its gait when viewed from the side. Judges should insist on seeing a dog move freely on lead at a moderate pace. Only then can they evaluate its true reach and drive. This is the most important evaluation of a Brittany. It is from the side that you see the sum total of all the parts.

Owners and breeders must be very aware that correct side movement is critical for an easy, smooth performance in the field. A Brittany needs good shoulders to cushion its stride over rough ground because 75 percent of its weight is on the front end, and it needs a powerful driving rear because 75 percent of its drive comes from the rear. A good front and a good rear will combine to give the smooth, balanced side gait that makes up a well-moving Brittany.

## Futurity Nomination Deadline Extended for litters born in 2006

The ABC Board of Directors at the 2006 Meeting, voted to: *"Grant a one time exception to the 90 Day futurity rule. Any litter denied entry in 2006 due to the 90 day rule may apply to enter with a late fee of \$90.00".*

The board intended to encourage owners of litters to nominate and participate in the Futurity.

For owners of litters born in 2006, who may have been turned down for any reason or may have failed to nominate, you now have a second chance to nominate that litter for the futurity.

Litter owners wishing to take advantage of this *one time exception* should send their litter nominations on the 1st Forfeit Nomination form from near the back of the magazine (*this form has been updated for the 2007 litters, but will be acceptable to use when nominating 2006 litters*) to: Judy Robin, 1st Forfeit Secretary, along with fee of \$90.00. This late nomination period will end July 1, 2007.

This applies only to litter nominations and does not refer to individual dogs, which can only be nominated as part of a litter by the litter owner.

Any questions can be directed to: Marvin Stout, ABC Futurity Chairman at [dynamite@comteck.com](mailto:dynamite@comteck.com), or 765-384-7874.

## AKC ANNOUNCES FUTURE LOCATION FOR RALEIGH OPERATIONS CENTER

— Move Slated for 2008 —

New York, NY — The American Kennel Club® announced today plans to move its Raleigh Operations Center from its current location at 5580 Centerview Drive to the Brier Creek Corporate Center in Raleigh. The move is expected to occur in mid-2008. The Brier Creek building is currently under construction.

The Brier Creek site was selected after an extensive search that included 40 potential properties. The decision-making process was carried out using an experienced management team assisted by proven commercial real estate consultants.

"The modern, efficient layout of our new location will enhance productivity and provide our Raleigh employees with a top-quality, professional working environment," said AKC Chief Operating Officer John Lyons. "This decision proved to be far more economically feasible compared to staying at our current location, requiring time-consuming and costly renovations to upgrade the space, which would have resulted in long-term disruption to our operations."

"The intention was to remain in Raleigh, close to our current location so that any impact on employees was minimal," said Keith Frazier, AKC's Assistant Vice President of Audit and Control, who headed the search for new space. "The Brier Creek location is ideal for our needs as it offers conveniences for employees which do not currently exist. It is also very close to the Raleigh-Durham International Airport, several hotels, interstate highways, and the North Carolina State University School of Veterinary Medicine."

"Our building will also be well-branded, with AKC signage visible from the highway and airport and our bronze DOGNY dog statue greeting visitors as they approach the building. And of course, our canine companions will be welcome in office," added Frazier.

The American Kennel Club, founded in 1884, is a not-for-profit organization which maintains the largest registry of purebred dogs in the world and oversees the sport of purebred dogs in the United States. The AKC is dedicated to upholding the integrity of its registry, promoting the sport of purebred dogs and breeding for type and function. Along with its nearly 5,000 licensed and member clubs and its affiliated organizations, the AKC advocates for the purebred dog as a family companion, advances canine health and well-being, works to protect the rights of all dog owners and promotes responsible dog ownership. More than 20,000 competitions for AKC-registered purebred dogs are held under AKC rules and regulations each year including conformation, agility, obedience, rally, tracking, herding, lure coursing, coonhound events, hunt tests, field and earthdog tests. Affiliate organizations include the AKC Canine Health Foundation, AKC Companion Animal Recovery and the AKC Museum of the Dog. # - Reflections -

*Not too long ago I received a request from someone looking to buy a Brittany but wanting a long tailed one. He asked why we docked the tails. I tried to explain and cautioned him that in our breed club, he would probably have difficulty finding a long tailed Britt from an ABC breeder.*

*The last one who asked me that question ended up in a multi-year lawsuit against ABC for animal cruelty so I am very cautious how I respond. When I ran across this article from the 1950 December issue written by Jack Whitworth the publishing editor of the Brittany Field and Bench, I decided it was an article worth a reflective review. I think you will find that some things have remained the same, some circumstances have changed, and some of his other issues are still being bantered around by present day folks.*

*Does history repeat itself or do we just come full circle on some things?*

## DO WE WANT LONG-TAILED BRITTANY SPANIELS ???

*By Jack Whitworth*

**Reprinted from**

**the December, 1950,**

***The Brittany Field and Bench* magazine**

**Vol. 4, No. 4, page 18.**

While this subject has been discussed and rejected several times in the past, it still seems to pop up on every large gathering of Brittany owners.

I wasn't there, but have been informed it came up again unofficially at the last National. This time a couple of sporting dog writers and judges took part in the discussion and agreed the breed would show much better in pointer and setter competition if it had a tail. A short time later, I received a proof of an article that is supposed to appear in a national magazine, also the report of the National trial carried a brief mention on the subject.

I think most of us will agree that a dog of any breed does have a better chance of winning in pointer and setter competition if he has a long merry tail. But failing to cut a Brittany's tail will not necessarily make it merry. Nor will it make a rot-tail grow a plume.

In the September, 1949, {MJT note, this was in the September 1948 issue} issue of *Brittany Field & Bench*, Alan Stuyvesant in his excellent article, "True Brittany Type," wrote about long-tailed Brittanies as follows:

*Aside from the traditional fact that Brittanies, almost always have been short-tailed, and that, despite the influence of long-tailed setter ancestors, more than half of our pups are still born almost tailless.*

*A Brittany's tail, if, and when, allowed to grow is not very attractive. I do not know whether the tails were docked because they were ugly, or whether they are ugly because most of the pups are now born tailless.*

*Theories have been propounded for both opinions, and statistics found to fit most theories, but most of the long tails I have seen have varied considerably, all being pretty unfortunate in one way or another. Many resemble the rot-tail of the Irish water spaniel which, though it may be very useful in the water, looks pretty foolish, on point, on dry land.*

There may be a Brittany here and there who might have a nice long and plumed merry tail, if he had a long tail at birth and it was permitted to grow. But, frankly, I have never seen one. The two or three I did see that were run in trials, did not place or even receive favorable comment.

It is true that a great deal of importance is placed on tail-action in a big-time pointer and setter trial. But tail-action is by no means the full requirements for a placement. A dog must range out at least twice as far as our wildest going Brittanies, and any cutting back, or hunting to the gun results in immediate elimination.

When I speak of big-time pointer and setter trials, I refer to the trials where dogs are handled from horseback and heats last from one to three hours, and definitely not the pointer and setter stakes where dogs are handled on foot. In these latter stakes, the Brittany has done very well against all types of competition, but it will take more than a tail to make a Brittany a threat in big-time mounted stakes.

Aside from the fact that all long-tailed sporting breeds continually suffer from tail injuries and the injured parts have to be removed surgically, I still fail to see how the Brittany breed as a whole could possible benefit by growing a tail and asking to be judged under the stupid rules of "range, style, and tail-action," instead of bird work, which is the Brittany's strong point.

Do we want our breed judged by his nose and bird handling ability or do we want him judged by how far and fast he can run and how beautifully he carries his tail?

At the present time, we do run into a judge here and there who refuses to place a tailless dog, but these judges are rare. As a rule, most judges give the tailless Brittany, German Shorthair or Weimaraner the benefit of a doubt, but severely penalize a dead-tailed pointer or setter.

My own ideas on the subject are that as a rule the pointer and setter are used more in open country, while the short-tailed gun dogs were developed more for briar and brush hunting. I do not mean to say that a Brittany cannot be used in open country or that he won't range out fairly well. Nor do I say a pointer or setter cannot be used in brush and briars. But I do say that a long tail on any sporting breed is purely for looks. **No dog ever found a bird with his tail.**

**Subject:** Motion to add classes to National Specialty Show

The following motion for the addition of these classes has NOTHING to do with the DUAL DOG AWARD. That will be decided by the BOD after the committee reports to them.

\*\*\*\*\*

I move to add additional classes to be held only at the National Specialty Show held during the fall of each year:

**DUAL CHAMPION dog and bitch classes:** qualifications shall be Dual Champion of record with AKC prior to the entry closing date of the National Specialty Show. These classes will be held only at the American Brittany Club National Specialty Show.

**NATIONAL QUALIFIER dog and bitch classes:** entry of these classes shall be limited to dogs and bitches who have qualified to run in the American Brittany Club National Gundog Championship Field Trial, American Brittany Club National Amateur Gundog Championship Field Trial, American Brittany Club National Amateur All-Age Championship Field Trial and the American Brittany Club Open All-Age Championship Field Trial for the current and preceding years only. Dogs and bitches who qualify after the show closing date will be eligible to show the next year only, and those that qualify before the closing date will be eligible for two years. Dogs and bitches have to only be qualified to run in the National Field Trial events, not actually compete. These classes

will be held only at the American Brittany Club National Specialty Show.

Dogs and bitches placing first in these four classes shall be eligible to compete in the Best of Breed competition.

\*\*\*\*\*

### RATIONALE:

This will in no way affect the field trial dog/bitch classes or the qualifications for those classes. The changes for the field trial classes will be proposed as an action item for the BOD meeting in Nov. The above needs approval now for these classes to be added to this year's show. This has nothing to do with changes to the Dual Dog Award to be proposed at the upcoming BOD meeting in Nov.

We don't limit the Parade of National Qualifiers only to those who run, so any dog or bitch who qualifies will be eligible to compete in these classes.

The above proposal only adds four additional classes to the National Specialty Show held in the fall, and this gives the National Qualifiers and Dual Champion Dogs their own classes in which to be show-cased.

Dual Champions are just that - Dual Champions.

National Qualifiers are just that - National Qualifiers.

Thanks,

Nancy Anderson, 3rd Vice President

# 2006 ABC National Specialty Show

November 27 - December 2, 2006 • Fort Smith, AR

Reported by Nancy Anderson

The 2006 National Specialty Show was held on November 24, 25 and 26, 2006 at the Holiday Inn-Civic Center in Ft. Smith, Arkansas. The show superintendent was again Roy Jones Dog Shows; the superintendent on site was Tyler Brudie who again did an excellent job. There were 227 dogs entered in this show for a total of 365 entries along with 10 dogs entered in Rally with a total of 10 entries in Rally.

On Friday, the rally and obedience competitions were held and judged by Lynn Eggers. Two dogs completed their Rally titles and one dog completed its Obedience title. High in Trial and High Combined in Trial was CH OTCH CHILCOTE'S CREDIT CHECK JH UDX AX AXJ owned and handled by Kathy Sweet.

Diana Kubitz along with members of her committee held a judges' seminar on Friday afternoon and mentored judges throughout the judging competition on Saturday and Sunday. After the session in the hotel, a number of owners volunteered to bring their dogs to the seminar room and later out on the courthouse parking lot for "hands-on" education. Diana had her work cut out for her and did a great deal of education later the next week at the field trial as well as conducting the seminar.

On Friday evening, we held the second Pictures and Pedigrees Party with 58 participants. We appreciate Isle of Dog's donation as a corporate sponsor. People shared notebooks and photos along with business cards. We thank those who drove over from Booneville

Again this year, Heather Kuipers (at right) sang the National Anthem on both Saturday and Sunday to begin the show. She did an outstanding job and I thank her for beginning each morning on such a thrilling note.

The Junior Showmanship competition was held as the first event on Saturday morning with 15 juniors entered. BRITTANY ROSENER was selected by Vicki Abbott as the Best Junior Handler.

After Junior Showmanship, Mrs. Abbott began judging the sweepstakes and veteran sweepstakes competition. The results are published with this report.

This year in order to showcase these classes, we moved the stud dog, brood bitch, brace and team classes to follow the sweepstakes classes. There were a nice number of entries shown to Mrs. Abbott.

After lunch, Mrs. Billie Hayes began judging the dog conformation classes.

On Saturday evening, a number of people went to the annual auction held in Booneville at the trial grounds. The juniors had a pizza party and activities which had been planned by some of the mothers. They were also given "goody bags" filled with items donated by different members.

On Sunday morning, Mrs. Hayes judged the bitch classes.

During the judge's lunch break, we had the Parade of Titleholders, Parade of Veteran Titleholders and Parade of National Field Championship Qualifiers. We were also pleased to present the newly crowned 2006 National Amateur Field Champion, 2xNAFC/NFC/FC/AFc JUST CALL ME ROY.

The Best of Breed competition began at 1:00. Best of Breed was CH MAGIC MAJOR PLAYER JH and BOS was CH RJ'S TAJK OF THE TOWN JH.

Surveys concerning the show were put on grooming tables asking for comments and ideas to improve the show. The BOD also asked that we take a survey concerning the dates of the National Specialty and response sheets were hung on the ballroom doors. The survey continued until March 1.

I want to thank all those who served as committee chairmen for this show and those who volunteered to work, ranging from hanging plastic, handing out trophies, hospitality to clean-up. Thanks to everyone who sponsored the trophies this year. We need more volunteers, especially with handing out trophies and the hospitality room. Without those who are willing to give of

themselves and their time, we would not be able to hold this show.

As a personal note, I want to thank all the exhibitors who did such an outstanding job of keeping the grounds clean and taking care of their hotel rooms. I checked with housekeeping daily and the only complaint we had was about a room that was FILLED SO FULL OF BOXES that she had difficulty vacuuming - guess whose room that was... trophies, trophies, and more trophies. A big thank you goes out to Tom Schrank who built the plastic bag holders which were placed near each of the two ballroom entrances/exits. Having them handy made it easier for people to "clean up" after their dogs.

Thanks to all the participants and attendees. We have already begun to work on the 2007 show.

# UNDERSTANDING FIELD TRIAL RULES

By Martha H. Greenlee

When I first began field trialing, I wondered about field trial rules. Where did they come from, and what was their purpose? I read and studied Guidelines to Field Trial Procedure and Judicial Practice from American Field Trial Clubs of America, Field Trial Rules and Standard Procedure for Pointing Breeds from American Kennel Club, and Field Trials by William F. Brown, but no where in their pages was the origin of these rules or an explanation of their purpose. Then one day in Arizona while quail hunting on horseback, a light came on in my head. Suddenly it was clear where the rules came from and what their purpose was. Everything I had done that morning was in these books. Field trial rules were about dogs and hunters having success finding birds.

That morning in Arizona the dog and I left camp early. The sun hadn't climbed high enough in the sky to take away the chill, and a cold wind was at my back. In front of me lay two large ravines separated by a sea of yellow grass with prickly pear cactus and mesquite bushes scattered here and there. This yellow sea was actually a big flat area shaped like a triangle that started out wide at the bottom and narrowed as it approached the mountains. I decided to ride along the edge of one ravine for an hour, cross, and come down the edge of the other ravine. During the day birds could be feeding out on the flat or loafing in the shrubby live oaks growing along the edges of ravines. This year Gambles quail were very flighty. Any hacking or yelling and they would be gone. If we wanted to find birds, the dog had to handle kindly.

A dog that works with a minimum of handling or commands must be given credit in a Gun Dog, All-Age, Limited Gun Dog or Limited All-Age Stake, whether Amateur or Open Stakes.<sup>1</sup>

The dog was making big swings as he hunted for clues of quail crossing from the flat to the ravine. Sometimes he made a cast that carried him to the far side of the flat and back to the ravine's edge. Other times he dropped over the edge scaling his way down rocky walls and showed on the opposite side. He just crossed the ravine heading to the flat when a single quail lifted in front of him. He stopped frozen not moving. I rode fast and jumped off the horse grabbing gun from scabbard. Birds started lifting all around him. I shot and missed, and we stood there together marking their flight.

A stop-to-flush is... when a dog is running downwind and runs over birds and stops mannerly. This is an unintentional flush, and the dog is not at fault or penalized.<sup>2</sup>

The birds landed on the other side of the ravine in some live oaks. If we circled around to come in from downwind, we might pick-up some singles. Stealthily we continued up the ravine a ways before crossing. Once across the dog got to work. He knew how to hunt singles and worked fast and methodically quartering into the wind. It wasn't long before he locked-up. This time I was ready and dropped the bird. He made a 180 degree turn to mark its fall, and I released him with a tap on the side to make the retrieve.

A reasonable move of a dog to mark a bird flushed after a point is acceptable, but this shall not excuse a break or delayed chase.<sup>3</sup>

Not wanting to put more pressure on the covey, we crossed the ravine again and continued working along the edge towards the mountains. The landscape was changing, and smaller ravines began to appear that joined the big one, which we were following. I didn't have the dog for a while and got out the tracking collar receiver that was hooked to the saddle. Beeps told me he was on point. It took a while to find him, and when I finally got to him, he was standing in a shallow ravine pointing near a clump of live oaks. He was flagging and glanced up. I tooted my whistle, and he took off like a rocket racing down the rocky ditch and slammed on point near another clump.

Many times a dog will flag when he has been on point a long time and his game has run off and left him. This flagging indicates that the dog wants to relocate his game and it is not a serious fault.<sup>4</sup>

We had been out almost an hour. After taking a moment to water and rest him,

we crossed the narrowing flat and started down the edge of the other ravine. This area was where we had good bird work earlier in the week, so it wasn't long before the dog was acting birdy. He pointed briefly near some mesquite bushes and released himself. Birds were probably running. He pointed again released himself and continued these actions for a couple of minutes working parallel to the ravine. Then suddenly, he took off in a straight line away from the ravine and disappeared over a low rise. I rode up, and he had a dozen Gambles pinned against a rocky outcropping. He stood solidly for flush and shot.

Dogs that refuse to maintain a staunch point on foot scent, but move on so they will always have the body scent in their nose, are to be rewarded for locating their birds accurately. They are preferred to a dog that holds fast to his original point on the foot scent, even if the birds move beyond the reach of his nose. Here, particularly, does a dog demonstrate his ability to match wits with the bird. Accurate location of game is ever highly desirable. Quickness is a plus. The astute handler permits his dog to certify exact location without undue coaching.<sup>5</sup>

The terrain widened as we got closer to camp. The dog started working birds again, and jammed on point in the middle of the flat. Birds were probably out feeding. He held point until I rode up and then released himself. He moved and stopped a couple of times, then circled a big mesquite bush and froze. Dismounting, I flushed a tightly grouped covey located right in front of him.

A dog which independently decides to relocate in order to get on better terms with his game is performing acceptably. However, once the dog establishes point and the handler has dismounted and the flushing attempt is under way, the dog should not move or break point until ordered to relocate by the handler.<sup>6</sup>

As we continued on, the horse trailer came into view. We both needed a break, and stopped at the windmill that was pumping water into a circular cement cattle trough. The dog jumped in the trough and lay down in the cold water panting and drinking, and I stayed on the horse gazing at the windmill's metal blades slowly rotating in the wind. It was at that moment a light came on in my head; when I suddenly realized that what we had done that morning was what field trial rules were all about.

Since that day, I look at field trial rules differently. Bill Brown said it best when he wrote, "the object of field trials is the promotion and development of the high-class bird dog. It is a means of enjoying the great out-of-doors sport of bird hunting in its most aesthetic fashion."<sup>7</sup> The answer to my questions about where field trial rules came from and what was their purpose was simple. The origin and purpose of these rules was bird hunting. To understand field trial rules, all I really needed to do was take a bird dog hunting.

## GEORGIA Atlanta, Georgia September 21, 2006

The Georgia Brittany Club held its first Independent Specialty Show in over 14 years in conjunction with The Georgia Classic & Prestige Specialty Clubs of Atlanta which were held in Atlanta, Georgia. It was a great evening and everyone was excited about having Brittany Specialties again in the south. It was great to see so many friends, both old & new ones, from across the country who came and supported our specialties. I personal would like to thank everyone who made the long trips. I would also like to specially thank Jan Savelkoul, a club member who came out and was a big help in making sure this specialty went off without any problems. I would also like to thank all the other club members who also made these specialty shows a great new start for the Georgia Brittany Club and for Brittany Specialties in the south.

We received 18 entries for our Sweepstakes judge, Mrs. Susan M. Riese. Mrs. Riese who is a local, well known Welsh Springer Spaniel breeder & judge of several other sporting dogs had a great line-up and stated, every class was well represented which made her job a lot harder.

Our specialty judge, Mrs. Linda Stebbins-Hurlehaus, a well known Golden Retriever breeder and judge of several other sporting breeds had class entries of 23 class dogs and 14 entries for Best of Breed. Mrs. Stebbins-Hurlehaus also had a great line-up and was very pleased to see the Best of Breed class well rep-

resented and supported.

The Georgia Brittany Club would like to extend our thanks to our club members and especially our friends from all over the United States that helped support our return to hosting specialties again in Georgia. We hope you all return again and mark this weekend on your future show calendar as the Georgia Brittany Club will have our Fall Specialty this same time every year.

## **GEORGIA**

**September 23, 2006**

The Georgia Brittany Club held its' second (2nd) specialty show in conjunction with "The Georgia Classic" & "Atlanta Kennel Club."

Our sweepstakes judge, Mrs. Mary Ellen Macke, a well known Weimaraner breeder, also stated she had

a very nice line-up and great quality of dogs to judge and felt honor to judge such quality.

Our specialty judge, Mr. Michael H. Faulkner had the same impressive line up and found several local breeders in his Winner's Dog, owned by Sandra Leavens and Best of Breed winner owned by Kelly, Tip & Jonathan Maxwell. CH Cedar creek Independence, "Indy" was at the top of his game. Mr. Faulkner stated his Best of Breed winner stood out and showed him he was the best that day. Mr. Faulkner also praised everyone for their breeding programs and for bring him some great dogs to judge.

Again, special thanks go out to our club members, the Atlanta Kennel Club, and friends from all over the United States in supporting our Independent Specialty Show and making this a success.

# The Unsung Volunteers

By Kristi Anglen

This is a follow-up to the Walkin the Walk & Talkin the Talk article about volunteers and club members and the dual dog concept. After talking with some friends and going to some spring trials I realized there is a fairly large group of Brittany fanciers who may oftentimes be overlooked even though they are quite active within their regional clubs.

I'm speaking of the folks who might have field trialed in the past or shown some dogs years ago or maybe they were never in the competitive end of things but rather enjoyed their Brittans as pets and hunting companions. Also the "senior" members of our Brittany community who can no longer handle long hours in the saddle or their knees can't take the rigors of gaiting dogs around the ring.

Many times these are the volunteers you will find at the core of our regional club activities. The guy who chairs almost every field trial for his club but rarely runs his dogs because he likes hunting but doesn't have time to train a trial dog. The member who can't even get out to hunt much anymore because of their health but is there for every specialty show with a covered dish and trophy donation. The person who really isn't big on horseback riding but will sit in the saddle all day planting birds because the club needs a bird planter/marshal for that course and there is no one else. The guy who drives 3 hours to get to the grounds and then volunteers to drive the dog wagon all weekend. Along with the show and trial secretaries who rarely run or show a dog or sometimes never do!

You won't see these names and faces in the magazine or on the results posted online. Although sometimes mentioned in the write-ups they aren't the names we see everyday. You may talk to them to ask if your entries made it in or if you can have a brace sheet emailed to you. You'll probably see them working their tails off at a trial or show making sure things run smoothly, paperwork gets done, people get fed, etc. They will probably stop you and make sure you have everything you need and know what time to be to the ring or what time lunch is going to be served.

If you are really lucky you may have a minute or two to stand and chat and listen to a story- of a long ago field champion they ran or maybe a great one they saw or judged at one time. Those are moments to cherish because you won't hear those stories again. They won't make it to print and this person has a unique perspective on that dog and that performance and that era. Cherish it. Remember it. It is our breed's history.

We probably never think to ask ourselves; "Why do they do this?" It's certainly not for the fame or glory because they are mostly behind the scenes. They hand out the pretty rosettes and big trophies- they don't receive them. Their dogs are probably at home or maybe in a dog box waiting-hoping to get a short run in after the trial. Spouses might be along helping or at home taking care of things after cooking up a covered dish to send along for the dinner.

I bet if we asked them they would tell us the reason they give of their time and hard work is because of the pride they have in our breed and what these great little dogs have given to them. They may tell you they enjoy watching the dogs and handlers have a good time and it reminds them of a time they did the same.

Next time your club needs some extra hands at an event please remember these folks. The guy who just likes hunting with his little dogs but who every year without fail shows up at the trial or hunt test to lend a hand. The lady who although overwhelmed with the usual work at home gives of her time to be the show secretary but doesn't even own a show dog. The people who have no vested interest in helping or even being at the show or trial. No dog to show or run. No agenda other than helping their club continue to offer the events the rest of us enjoy.

When that specialty show or hunt test or field trial that your club offers rolls around think about joining these folks and the others who put on our events year after year.

**NATIONAL OPEN ALL-AGE  
CHAMPIONSHIP CORRECTION**

*from Conrad Plevnic, Terrell, Texas*

When reporting the American Brittany Club National Open All-Age Championship I inadvertently switched dogs while writing results of the brace of ARTIC GLADIATOR - (O-H) McClarry and CLYDE'S MICRO-BREEZE - (O-H) Pollock. Micro-Breeze was lost after starting while Gladiator had an excellent effort until being lost late in the brace (page 14, March Issue). My apology is given to the dogs and owner/handlers. All other particulars may be found in the March issue, starting with page 10.

The Huntsman Hunt Club is a private shooting preserve situated on approximately 900 acres in Dryden, Michigan; located an hour drive north of Detroit. The Huntsman offers a variety of upland bird hunting including pheasant and chukar partridge. Dog boarding is available in our kennels all year long and dog training is offered from early spring through September. Our club manager, Craig Novotney and our senior dog trainers, Craig Shaw and Lee Shepard have over 60 years combined experience training dogs. A spirited, happy boy who will work for anyone who has his lead but prefers to go home with his owner. "Joe" is ready for the obedience ring and should be competing soon. ## LASALLE

### Des Plaines Conservation Area September 9-10, 2006

by Paula Blanco

We held the Hunting Tests on Saturday, September 9 and Sunday, September 10, 2006 at Des Plaines Conservation Area. Saturday turned out to be a very nice day, warming up in the afternoon. Our forecast was supposed to be in the low 60's and cloudy. Only problem we had was the poor scenting conditions. There wasn't a breeze and the cover was pretty high. The birds were wet from the dew in the grass and didn't want to fly. They buried themselves and were hard to find.

We ran 7 Master braces, 3 Senior braces and 10 Junior braces. Due to a lot of members helping, we ran a smooth event. Our judges were great and we even had notes from participants to that effect.

Saturday night, Jay Walsh & Ben Blanco cooked dinner for the judges and anyone else wanting to stay. They had great chicken and shish kabobs and good company.

On Sunday we woke up to rainy conditions and cooler weather. Luckily the rain cleared up except for one short sprinkle and we ran the test without incident. Again, our judges were great and we had compliments on their helpfulness. We ended up running 7 Master braces, 4 Senior braces and 11 Junior braces.

Scenting conditions were better as we did have a breeze. There were more qualifiers and everyone had a good time.

George Dube and I would like to thank all the committee and club members who helped to make another successful event for NNEBC. Also, thanks to all those who assisted in getting handlers and dogs to the line, planting birds, grill duty and the many other tasks. Those who helped were; Kathy Drelick, Judy Dube, David and Joan Hayes. Ron Gosselin, Gerry Brouillet and Steve Belrose.

We sincerely hope we did not miss naming anyone, as it took a lot of effort and we want to be sure everyone is recognized. Thanks to all.

# Field Trials

## East Coast

### HUDSON VALLEY

Oxford, NY

September 3-4, 2006

The Hudson Valley Brittany Club hosted their fall trial on 9/3 & 9/4 at Lost Pond, Oxford, NY. With the threat of Hurricane Ernesto bearing down on us we were not sure how the weekend was going to go. Unbelievably we only had one person scratch due to the impending bad weather. Trial people are tough! We had rain through the morning hours which dissipated shortly after noon only to have high winds kick in. It took 6 people to hold down the tarps, our only means of cover. They were taking off like some great old sailing vessel. With one of the tarps still intact we managed to hold a good happy hour just as the rain drenched us again. As you can tell, weather played a huge role in this trial for the people, but the dogs didn't seem to mind at all. Many thanks to all of our judges for the time they spent out in the elements. Also to John Vincent for bird planting both days on the amateur course & Bonnie Vincent who ran the dog wagon and Alvey and Jeff Harrison for bird planting both days on the open course. Also, thanks to Linda and Drew Holcomb who had hot food waiting for us all. Please join us in the spring it has to be better weather.

*by Sherri Merryman*

The Michigan Saginaw Valley Brittany Club Held its 2006 fall trial on September 16th and 17th in Ionia, MI. Thanks to everyone who participated in our smaller but very enjoyable trial.

We started out with some fog on Saturday morning,

but were on our way in good time. The day heated up and it was 80 degrees before we knew it. Sunday was very similar but not quite as much fog.

Congratulations go to our Saturday winners! Kent Merryman won the Open All-Age with "Buzz", Paul Renius took the Amateur Gun Dog with "Buck", and Harold Darga won the Open Derby with "Sassy". Sunday's winners were Tom Robin and "Annie" in the Amateur All-Age, Dave Heavlin and "Jake" in the Open Gun Dog and Mike Mikoff with "Rookie" in the Open Puppy.

Many thanks go to our judges Al Van Wieren, Larry Bates, Ed and Donna Janulis, Cheryl Orange, Chuck Langstaff, Ron Auten, Will Langley, Dennis Sullivan, John Wilbanks, Tony Vescoso & Rob Buchholz.

We appreciate everyone who pitched in and made the trial go smoothly. Bill Thomson, Wayne Kammer, Kathy Byrne, Ron & Kathy Gulembo, Pat and Joan Koczenasz, Kent Merryman, Wayne Adams, and anyone who grabbed a bird bag or helped in the kitchen. It was so appreciated!

**HEART OF ILLINOIS**

**Jim Edgar Panther Creek SFWA  
Chandlerville, IL  
September 30 & October 1, 2006**

This was the first Heart of Illinois Brittany Club fall field trial held at Jim Edgar Panther Creek SFWA near

Chandlerville, IL. After enjoying cool weather during the week in central Illinois, a warm front moved into the area Friday night bringing temperatures in the mid-70's Saturday and nearly reaching 90 Sunday afternoon. Saturday started off with light dew for the early braces and blue bird skies throughout the day. The warm temperatures and fall cover made for difficult scenting conditions throughout the weekend. However, the balmy weather and light breeze were enjoyed by those in the parking area.

Congratulations to all the dogs that placed and thank you to all of the participants for attending our trial. Thanks goes to the judges and all of the volunteers that drove the dog wagon, planted birds, loaned horses and 4-wheelers, and to anyone that lent a hand during the trial. Your help made the trial run very smoothly. Thank you.

**NEBRASKA  
Branched Oak Lake  
Raymond, NE  
September 8-10, 2006**

The Nebraska Brittany Club held its fall trial at Branched Oak Lake in Raymond, Nebraska Sept. 8-10. High fuel prices didn't seem to make a difference on the amount of entries. We had 169 dogs and after scratches we ended up running 158.

A special thanks goes out to Dale Taylor, a distributor

with Diamond dog food, who sponsored our trial with dog food for most of the placing dogs.

The weather was overcast with a drizzle of rain most of the weekend. Not the greatest for people but great for running dogs. I would like to thank everyone who attended and helped out to make this trial a success. Club members Bill Cockrum, Tom Maneely, Justin Kalina and Stan Truksa pitched in doing whatever needed to be done. Another special thanks goes out to Ken Blackman. He volunteered his vehicle and time to run the dog wagon for an afternoon.

Finally, we would like to thank all our judges for their time in the saddle. We appreciate their attention and expertise. Placements are as follows.

The field trial grounds are located on Colorado Division of Wildlife property which is close to the Colorado/Kansas state line. Occasionally when we have a large trial we run a third course for puppies off of the property. As always we had acquired permission from the land owner to hold the Open Puppy event in the third field. The field trial committee was unaware of the Kansas Field Trial Permit and the exact location of the state line. We were in the process of running the first brace of Puppy when a Kansas Division of Wildlife officer showed up and requested to see our Kansas issued Field Trial permit. Due to the fact that a permit had not been obtained the officer insisted that the stake had to be stopped. The Field Trial Chairman has followed up with the Kansas DOW officer and the necessary information has been obtained so in the future a Kansas permit can be acquired. Refunds were given to all entries in the Open Puppy event.

**September 29 - October 1, 2006**

We had our regional trial this weekend. It started off warm and then it got hot as hell. Friday morning it was 78 as we broke away and climbed into the high 80's before we quit. Saturday and Sunday started in the low 80's and ended up in the mid 90's. It was tough on the dogs, horses and riders.

There is no way we could have got this trial done without everyone keeping a good humor and pitching in. Special thanks go to our judging panel of Rob Martin, Jack Murphy, Annette and Jerry Overlease, Joyce Miley and Bob Rankin. Joyce also drove the dog wagon one day and Bob marshaled to two all age stakes. Wes Felt and pro David Downing also assisted with the dog wagon. Gary Smith and Jim

Crawford ran the Gun Dog stake. Nancy Anderson and La Deena Hill assisted with the lunches. Nancy's husband Andy graciously allowed the use of his jeep to put out birds.

This was the first time in several years that we have had four professionals attend our fall trial. It was evident that Ed Wild, Scott Johnson, Vic Carrington and David Downing had all been working hard this summer. We wish them all a successful campaign this season and hope to see them in the spring.

## WASHINGTON

Goose Butte

Ritzville, WA

September 15-17, 2006

Our Fall Field Trial was once again held at the beautiful Goose Butte Grounds located 17 miles northeast of Ritzville, Washington. The competition began Friday morning when the Open All Age kicked off on course 1 to accommodate a couple of our Pro's that needed to leave Sunday morning to make it to their next competition at the Chicken Classic.

One hundred and four dogs were run during the three-day competition. Unfortunately the weather in this area has been very hot and extremely dry for some time making the scenting conditions terrible. Many good dogs went birdless; however one dog, AFC CRUZ CONTROL, found birds for his owner/handler, Mark Shearman in both Amateur & Open Gun Dog and won both stakes. The winner in the Open Gun Dog finished his Open Field Championship. Another, FC2X AFC TEQUILA JOKER'S JOSE CUERVO won the Open All Age for amateur handler/owner, Clem Little and was placed 2nd in the Amateur All Age due to going birdless on course, 1st was withheld.

It was a very well run trial thanks to WBC members' teamwork and some of the other Club's members who helped with bird planting and many other tasks.

## MEMBERS OF THE AMERICAN BRITTANY CLUB

### What can you do to help the Membership Campaign?

This campaign is really quite simple, we are asking every member to donate/sponsor a membership in the American Brittany Club. This "gifted" membership might be to a puppy purchaser, or a friend/acquaintance who has a Brittany. All of us encounter people who may just need a little encouragement to become members.

This can work, but it is totally dependent upon your support. Please use the ABC application form in the back of the magazine to enroll a new member today. You may donate/sponsor multiple new memberships. The names of new members & ABC sponsors will be published in the magazine on a quarterly basis.

**Give the gift of a new membership... to give the opportunity to someone  
to learn about and participate in the American Brittany Club.**

**THIS IS OUR CHANCE TO MAKE A DIFFERENCE!**

**THE AMERICAN BRITTANY CLUB, INC.** is a member club of the American Kennel Club and is the recognized breed sponsor by the American Field.

The Club is composed of many Regional Clubs located from coast to coast. Most hold a licensed AKC field trial for championship points in the spring and fall seasons. Many hold a specialty (conformation) show and hunting tests. The Regional Clubs hold meetings to discuss mutual problems, fun trials, training sessions and other events of interest to their members.

**BECOMING A MEMBER:** Full membership in one of the Regional Clubs carries an automatic membership in the American Brittany Club. Full Membership cost is \$30.00 per year and \$3.00 per year for each Associate Member. Regional Clubs may charge higher dues. You may apply to join the Regional Club located nearest to you, or if there is none in your area, you may become a Member-at-Large of the American Brittany Club.
