VOLUME LIX • NUMBER 8 • AUGUST 2007

Objective and Purpose:

To promote cooperation and friendship among the breeders and owners of Brittanys and to encourage higher standards in breeding, training and showing of Brittanys in the field and in the show ring; to discourage the breed from becoming split into groups of "field dogs" and "show dogs" and to strive to keep it forever a "dual dog".

Owning A Brittany

Whether this is your first or fifty-first year of owning a Brittany, the fun and satisfaction are the same. The dedication remains the same as well-that of keeping him forever the quintessential bird dog that is his heritage.

This does not necessarily mean participating in competitions. Field trials, hunt tests, and dog shows are not everyone's particular addiction. It does mean giving your dog the chance to live his life to the fullest. A Brittany has a joy of living and will gladly enter into all your activities. I even knew one that loved to go deep-sea fishing. The only thing that a Brittany does not like is to have nothing to do and no one to do it with. Believe me, a bored Brittany is not a happy Brittany. An unhappy Brittany is (like most breeds) a destructive Brittany.

When one takes on a Brittany as a companion for life it means making a commitment to nurture both his physical and mental well being. Don't take on a Brittany unless you are willing to and want to enjoy his companionship. Don't take on a Brittany if you want a couch potato. Yes, Brittanys are very happy sleeping on the couch or your favorite chair, but only after a full day of activity (preferably involving birds). Even a senior citizen needs and wants some action.

The Brittany is designed and built for action. Compact, leggy with light but strong bone, he is ready and able to move fast and in most directions at once. He carries a wash-and-wear

coat, with just enough of it to be protection from both cover and weather.

Besides these useful physical characteristics, the Brittany has an inquiring mind. This is a great attribute, as he will joyfully join you in tracking and agility, and even pay some attention in obedience. But make no mistake: This same inquiring mind will take him off investigating on the other side of the hill, with or without you.

Ideally, if you have a Brittany you and he go hunting together and thus fulfill his every need and desire. Still, even if you are not a hunter, your Brittany will delight in treks through the back country where he can go bird hunting, even if you are just taking a stroll with your camera.

Another great attribute of the Brittany as a companion is his amiability. Friendly with both people and canines, you and your Brittany can go hunting or hiking with others and not worry about conflicts. In fact, Brittanys prefer the companionship of another dog to being a solo act.

It is impossible to make an absolute statement as to who should or should not own a Brittany. A Brittany living in an apartment who gets to go hunting several times a week will be a happy Brittany. A Brittany living in the country who is confined at all times to a back yard will be an unhappy Brittany.

Probably the most important characteristic for a good, Brittany owner is twofold: a love of your own Brittany, and a devotion to the breed as a whole.

- Reflections -

The following is Part II of the article about the 1954 Crab Orchard Nationals in Illinois by Ruth Lee. I hope you enjoyed the trip down memory lane as much as I did. I was in 6th grade when this article was written. I'm amazed that I became good friends with the author and some of the people mentioned in the article and remain so with some of them to this day like Mable Olund who owned the Pin-Oak Motel where many trialers stayed near the grounds.

When I read the part about the "whistler" I had to wonder if Al Gorrow as a young lad took lessons or maybe this old timer is re-incarnated as Al has fooled me many a time when a dog was working game and I heard what sounded like a very loud quail.

Ruth's wit in her writing is most evident in her description of the "Ladies Special".

NATIONAL TRIAL SIDELINES (PART II)

By Ruth Lee

(Reprinted from *The American Brittany*,
Vol. 6 #10, January 1955, pages 28-32)

As can be envisioned, the horse gallery has now grown to such a size that it takes a Marshal and an Echo Marshal to keep them all in order. Reid Troutman would sound out a warning "Look out for wire" or "Cross here," and down the line somewhere, Tom Cox, the Echo would repeat the refrain.

And once in a while when Dolly and the reporter got meandering, writing notes, a stern sharp command would ring out from both marshals "Gallery, keep together, "At such times the male factors would come to and sheepishly sidle back into line.

Chuck Morse got assigned to a task for he's always on hand, and always cheerful. He was made coat-check boy, and it was his duty to keep tabs on the temperature of the handlers. When going got hot, and they'd start to peel, up came Chuck a-charging and gallantly took the pre-offered jacket.

Linda Price made all of us oldsters feel older with her wild cowgirl dashes back to the barn. Late afternoon generally caught up out a ways from the stables, and at the signal for pick-up, Linda would kick her horse, and off they'd fly. She won that race every afternoon, and looked as though she loved every minute of it.

Which is more than could be said for her Dad who at one point engaged in a wild race with Bill Kull to catch up with the mounted gallery. The look on Gerald Price's face as he slowed to a halt depleted just one thing. He wasn't awfully sure whether the horse was going to whoa, or whether he might be catapulted out!

With all the novice horsemen, young and old, there was

Maybe some of those thoughts are why she sent the "three holer" back to Illinois when she moved out East to be near her family.

Another note of interest concerning the history of Crab Orchard. Most trialers rode club horses which were stabled permanently on the grounds. I've often heard stories about how handlers could turn the horses loose and they knew their way back to the barn with no human guidance.

Some things are the same and some things have come a long way since that day, but the spirit of field trialing and the leadership and friendship of those who went before us remains something to treasure. The last paragraph is a poem that should help us all keep things in perspective.

Mary Jo Trimble
ABC Executive Secretary

no mishap – nothing even minor. The broken arm Mrs. Truex displayed was from a previous fall from a horse. But did that deter her from riding at the National trials? Indeed not. Cast or no cast, she wanted to see what went on!

The beauty of riding in the horse gallery is that you catch the handlers' innuendos. For example, Chuck Morse's candid explanation about Corky's behavior at one point, "Judge, I whoaed my dog, but he might have a bird."

And you have to be close or you can't catch the quail whistling Tom Cox indulges in when his dog is working around one of the old home sites where coveys are very likely.

Tom's imitation doesn't begin to compare with that of Ike Brandon, however, Ike handled Wippy de la Vallee Bourreault in the Amateur Stake, and when we say handled, we really mean handled! In the first place, Ike was out to beat his old buddy, Reid Troutman, who had handled Holley Haven Duchess the day before, and "Duchy" really came through and found quail for Reid. Ike's course had a lot of coveys in it too, and Ike knew where they were and tried to entice Wippy to come look too, using all the lures he could think of. Before he had finished his hour stint, Ike demonstrated he was not only an expert whistler; he could handle fences too, like a 16 year old kid!

Unless you were riding you wouldn't have heard Reid Troutman's classic remark, "He didn't hear you" – when a dog cocked his ear at handler's bellowing – gave him a knowing look – and then kept right on going!

It's always a game too, to see who can spy the wily quail when they flush. If you just happen to blink at that moment, you'll miss a covey. The first day, newcomers always have a devil of a time, but pretty soon they see

them too, but not as many.

Nicky Bissell showed she had apprenticed on quail in South Carolina and took great pride in calling a single – even before Reid Troutman!

Reid and Ike, needless to say, have long since passed the stage where they call them coveys; they come up with a numerical figure – 25-34, etc. One of these days maybe we'll all have eyes trained to such perfection, if the American Brittany Club continues to hold its Nationals at Crab Orchard!

Louis Tippet, we hear, is a Scoutmaster out in Oregon, and true to his oath he came forward to do his good turn for the day – holding down barbwire so the rest of the gallery could cross over safely.

If we had Louis "on the fence," once, it took more poundage on a second occasion. The strands wouldn't give sufficiently for Tom Cox, but when John Lee stepped on it to ...Avoirdupois has its advantages.

Unless you were riding in the horse gallery, too, you wouldn't be a witness to the fact that on one occasion the very dignified President of the American Brittany Club lost every shred of his dignity in a barbwire fence. No, he didn't rip his pants. But how one man with one dog could get so tangled we'll never know! The only explanation is that Howard was slightly befuddled at that point, for just a short while back he was trying to claim Belloak's High Flyer as his dog!

Unless you were riding every day, you wouldn't have longed (as did most females) for a "Ladies Special" such as Bill Kull built for the Hoosier Brittany Club trials. Since other Crab Orchard trials apparently attract more "pointers" than "setters," maybe it would not be amiss for the A.B.C. to present such a "Ladies Special" to the Crab Orchard Club, to be installed at some mid-way point.

Ed Huntington was undoubtedly the most stoic handler. He and Remarkable Britt had been doing very well when Ed stepped into a hole, turning his ankle as he did so. Limping badly, he couldn't keep up with Remarkable who got himself lost for awhile, then showed again, hit scent hard and stacked up into one of the prettiest points of the stake. Then like a meteor flashing across the sky, he chased the birds. That, and the badly swelling ankle was enough for Ed, so he and Britt limped their way home.

You could always tell whose dog was running for the owner would unconsciously press to the front, and the some-what strained expression on a particular countenance – jaw grimly set and absolute silence – would spell zero hour. If all seemed to be going well, the owner would relax. Maybe his smile (like George Wilson's in Dingo's Little Mike's performance) would broaden, and maybe he would even get so cocky (as George did) as to utter the prophetic words, "I'd like a covey." Well, who wouldn't? ...Yet how many handlers in such deeply serious moments something very like to prayer wells up from within. In this particular instance, George's mental

telepathy did work; he had scarcely spoken when wham – there was Mike –on point – and he had it made. From then on the smile never left George's face and all of us rejoiced with him for of all loyal Futurity supporters, George is one of the best. Last year, for instance, at the Sixth Futurity, he owned and handled three prospects, and was the breeder of a fourth dog running in that event. Yet with so many irons in the fire, he didn't get a scratch! Then this year, just to prove the old adage:

"If at first you don't succeed, try, try again,"... George Wilson came back with all his hopes and disappointments from last year wrapped up in Dingo's Little Mike. Maybe all it takes is perseverance! (*Note from MJT: This paragraph is about the 7th Annual Futurity which was held at the same time as the nationals and Dingo's Little Mike did win the stake.*)

The auto gallery kept busy, too. We've never had such a stylish dog-wagon driver as Lola Cox, and there were a bevy of beautiful mesdames to assist her, getting the dogs hoisted in and out. Marcell Bell, Ginny Morse, and several others took turns about. The accommodating dog wagon even took off across country to bring back some weary handlers who get stranded out on a limb at the noontime break!

The dog wagon was also supply depot of rain gear, extra gloves, parkas, etc. In fact, the first compartment was like a Fibber McGee's closet – try and find something and everything else tumbles out! Which may account for the condition of Judge Poundstone's hat – what a sad relic that was when he came to claim it!

Not only live dog work, but the pesky paper work connect with dogs was the occupation of Berniece Magnuson in the auto gallery. Why is it the lot of nearly all Brittany wives to fall heir to filling out registration forms, pedigrees, etc.? We must all be an awfully gullible lot of suckers! Berniece instituted a new angle, however. She took along some of that pesky business with her to Crab Orchard, and filled in the void between breakaway and pick-up point by pecking away on a portable typewriter.

Which about winds up the pecking of this typewriter for the Twelfth Annual National Brittany Trials.

The joys, as well as the sorrows, we hope, have all been recounted, and there has been no attempt to minimize the fact that the Twelfth National did have its troubles. But...

"A trouble's a ton or a trouble's an ounce. A trouble is what you make it, and it isn't the fact that you're hurt that counts, But only how you take it."

Meet the 2007 American Brittany Club National Open Gun Dog Championship Judges

Bo Ackerman

I lived all over the United States as a child, but Georgia was always where my roots and heart could be found. I am just barely old enough to have experienced the tail end of an era in the South where a boy could grab a shotgun walk out the back door round up an old lemon pointer and chase a couple of coveys of quail before dark. Unfortunately, those days have mostly disappeared in the deep South. However, a fire was lit and a passion for bird dogs and upland game birds was forever instilled in my soul.

My family has always had hunting dogs of many varieties. The outdoors, especially hunting and fishing, are simply a way of life we have chosen. I have been fortunate to hunt and fish all over this great land. Those experiences have taught me a lot about the ways of the wild. In particular, maybe why a bird dog and a game bird might behave the way they do. Not that I understand all the mysteries, for I do not. However, I try to apply this knowledge to the best of my ability when given the honor of sitting in the judicial saddle.

The sport of field trialing has been good to me and my family. I owe a deep debt of gratitude to Renae, Kate, Hannah, and Paige for participating and supporting these endeavors. It would not be any fun without them. Thanks to them and everyone else who has helped us along the way. You know who you are.

I have had the ridiculously good fortune of being involved with several great Brittanys. Winchester of Hanging Jaze, Lightning's Bismarck, Lea's Running Jayhawk, Alley-Oop, Dakota Alleycat, to name a few. Three National Championships, Purina Dog of the Year, American Field Championships, approaching five hundred field trial placements, etc.

None of the awards and accolades, however, could ever mean more to me than the pride and joy of an exceptional Gun Dog named Chester. He won this prestigious event twice. More importantly, in my opinion, he taught me what a great Gun Dog should be. I look forward to witnessing the next "great one." Competing at the ABC Gun Dog Nationals is a tremendous honor and one that all of the participants should be proud of.

I have enjoyed the opportunity to judge from coast to coast, including National Championships, American Field Championships, and numerous regional trials for all breeds. Judging the National Gun Dog Championship is a great responsibility

and one that I do not take lightly. I am honored and humbled to have been asked to do so and wish everyone good luck. Look forward to seeing you in Ionia.

Dr. Ray Calkins

Ray Calkins grew up hunting in Iowa with a Brittany and received his degree in veterinary medicine from Iowa State University in 1972. Ray handled his first German Wirehaired Pointer to a red ribbon in a puppy stake in 1975. Since then nine Cascade GWP's, all owner trained and handled have earned field championships. Four dogs hold nine National Field Championships, two are Dual Champions, seven Master Hunters, and two hold NAVHDA Utility ratings. Additionally, Cascade sires are the #1 and #2 producers of Field Champions and Hunt Test Titlists in the GWP breed.

Ray has been a member of the GWPCA since 1974, served as Field Futurity Chairman for 12 years and was a member of the GWP Field Trial Advisory Board from 1985-2000. He represented the GWPCA at the AKC Field Trial Advisory Board from 1986 until 1999 and has served on the GWPCA Board of Directors for six years. In 2006, he was again selected to fill the Western Director position for the GWPCA.

Ray and his wife Lynn organized the Oregon GWP club in 1978 and have been active members of Portland Kennel Club since 1981. He helped to form the Columbia NAVHDA Chapter, the Upland Bird Dog association, and works on an ongoing basis with the Oregon Wildlife Heritage Foundation, a non-profit group that held the Heritage Classic, a fund raising trial for special projects for the Oregon Department of Fish & Wildlife and the Heritage Foundation, from 1987 until 1999.

Ray has been honored to judge National Championships for the German Shorthair Pointers (Kansas 1990), Vizslas (So. California 1992 & N. Carolina 2003) Brittanys (Arkansas 1994), Gordon Setters (Washington 2000 & 2005), English Pointers (Colorado 2001), Weimaraners (Oklahoma 2003) and English Setters (California 2004). He has also judged the AKC Gun Dog Championship (Non-Retrieving New Jersey 1997 and Retrieving Washington 2002) and regional championships for the NGSP and the American Field. Ray will judge the German Shorthair Pointer National Amateur Championship (walking) in Arizona in March 2007.

John Hott

At the age of 13, John got his 1st Pointer from Hall of Famer Herb Holmes. Calling Herb from an advertisement he had found in the American Field, and paying for the pup by bailing hay for him. By the fall of 1967, he had gotten into walking shoot to retrieve trials and by 1973 competed in his first American Field Trial. He got his first horse a year later and has preferred running "gentleman's shooting dogs" ever since. John is currently training and running Elhew Pointers. Along the way he has had the pleasure of occasionally training in the "off season" with hall of famers Herb Holmes, Bob Wehle and Dr. Nitchman.

In the past, John has had the opportunity to judge the National German Pointing Shooting Dog Championship, the Red Setter National Open Shooting Dog Championship, the National Open Prairie Chicken Shooting Dog Championship, Field Trial Hall of Fame Shooting Dog Classic (in Alabama), the Vizsla Futurity 3 times, the American Brittany Club Central Futurity twice and the American Brittany Club Pheasant Classic. He has also judged countless regional trials for Pointer, Setter, German Shorthair, Vizsla and Brittany Clubs.

John has worked for the State of Illinois Department of Natural Resources since 1981 and is currently Site Superintendent over 10,000 acres including Middlefork Wildlife Area (one of the states premier field trial areas and this is also where he currently resides), Kickapoo State Park, the Harry "Babe" Woodyard State Natural Area and several IL DNR Pheasant Control Areas around the Danville, IL area.

John is looking forward to judging this very prestigious Championship and will be looking forward to meeting new faces from all around the country.

Meet the 2007 American Brittany Club National Amateur Gun Dog Championship Judges

John Kline

John has been involved in bird dogs for over 45 years. He is a charter member of the Northern Virginia Brittany Club and the Rappahannock Brittany Club and has served in most executive positions in these local clubs. He has conducted seminars for new trial participants and developed a training video for public television.

During the sixties John taught earth science in the Virginia school system and hunted and trialed his own Brittans. In the early 1970's John, his wife Sharon and family moved to historic Fauquier County Virginia at the foothills of the Blue Ridge mountains of Virginia.

John and Sharon established a boarding and training kennel and a private shooting preserve. In 1989 he retired from teaching and began campaigning professionally on the east coast. He soon began limited trialing in the mid west and in 1990's established a summer training camp in eastern Montana and concentrated on hour stakes and the championship circuit.

John was very competitive in all age hour stakes, winning the ABC Open All Age Nationals in 2000 and 2004. He has also won and or placed in championships on chickens, quail and pheasants in a variety of environments.

John loves watching good bird dogs and has judged the AKC Nationals, ABC Amateur Gun Dog Nationals, The Deep South Free-For-All, Dixieland Championship and many open and amateur stakes on all the pointing breeds. Since retiring from the trialing circuit he continues to train and help clients with problem dogs.

Dogs have been a large part of John's life since childhood and have given him the great pleasure of meeting many interesting people from all walks of life. He considers it an honor and opportunity to be invited to judge the Amateur National Gun Dog Championship Again!

Trudy Richmond

Trudy got her first Brittany in 1974 and attended her first field trial in 1975. As many of us do, she watched, learned and applied the knowledge she picked up in training and in field trials and began successfully handling her dogs in both amateur and open stakes.

In 1985, Trudy married Brittany pro trainer Dan Richmond and with him, helped train and finish many field champions including NGDC/DC/AFC Echo Valley Painted Lady, FC/AFC Chick's Blazen Brandy, DC/AFC Bi-Mar Cinnabar Cindy, DC Ruff-n-Amy's Trail Blazer, DC Sirius Sashay, FC Chewy's Mischevous Terra, and others. When Dan passed away in 1992, Trudy continued training and campaigning dogs professionally and finished several more field champions. The highlights of her handling career occurred when she guided Echo Valley Painted Lady to the 1993 ABC National Open Gun Championship title and returned the following year to take 3rd place.

Trudy is retired from professional dog training but remains active with the Inland Empire Brittany Club as their field trial secretary. She has been a field trial judge since 1980 and currently judges various pointing breed stakes throughout the region.

Don Whittington

I have owned, trained and hunted Brittans for over 30 years. I learned most of my bird dog knowledge from people like Gene Stewart, Luther Lawrence and Tom Tracey.

My most famous dog was FC Eye Of The Tiger, one of the best bitches sired by Gene Stewart's Hall of Famer, Flatwood's Tiger. She finished third place in the 1996 American Brittany Club Pheasant Classic and was a winner of many hour stakes. She ran at the Nationals twice and was carried to the last day both times.

I have judged many Gun Dog and Open Trials over the last seven years including the 2004 Eastern Futurity. I consider it an honor and privilege to judge this National Amateur Gun Dog Championship.

Announcing the 2007

National Open Championship Judges

Conrad Plevnic

Conrad was introduced to the Bird Dog Field Trial fraternity in 1964 while living in Georgia when he married his bride Meta, and gained his father-in-law, Col. Pingree Crawford. Col. Crawford, a retired U. S. Army Veterinarian had bird hunted and attended field trials throughout the world, and shared his love of the sport. Meta's first Christmas present to her young husband was a six-week-old field bred Irish setter, which set the stage for the next forty-three years of a field trial marriage.

Business relocation brought the couple to Texas in 1968 where they became charter members of the Texas Red Setter Field Trial Club. Trials in North Texas at that time were held on the Panhandle National Grasslands (later becoming LBJ National Grasslands) near Decatur, Texas. Conrad quickly became involved in working on improvements for the field trial grounds.

While competing with his red setters, Conrad joined the National Red Setter Field Trial Club in the early 1970s and gave his support to the red setter movement. He served as Director for several years, was President for two years, served as Secretary/Treasurer for nine years, and chaired two National Red Setter trials.

When the Red River Circuit (a part of Region Seven) was started in the 1970's Conrad was a charter member and served as Secretary and President during its duration. He has organized and conducted numerous clubs and trials throughout the years, and has served as Judge, Reporter, and Trial Chairman on countless occasions for local, regional, and national trials for all types of pointing dog breeds.

Region Seven elected Conrad to the Region's Secretary/Treasurer position in 1993 and he continues in this capacity today. He has chaired or was Trial Secretary in 48 regional championships during this tenure and was elected to the Texas Field Trial Hall of Fame in 1997.

A sampling of his judging assignments are; National Vizsla Open all-Age CH., International

Endurance Open Shooting Dog CH., Texas Open Shooting Dog CH., California Open Shooting Dog CH., NBHA National Open Invitational CH., Lone Star Open Shooting Dog Classics, Cecil Proctor Open All-Age Classics, and several all breed and AKC Regional Championships.

Some of his memorable wins were with his red setters consisting of; Runner-up Champion of the National Red Setter National Championship, Winner National Red Setter Futurity two times, National Red Setter Derby Dog of the Year, National Red Setter Walking Shooting Dog of the Year, and Region Seven Puppy of the Year.

Chris Rider

My wife Kim and I have three daughters, Nikki, Jenni, and Angi and have been blessed with two granddaughters Hannah and Rylee.

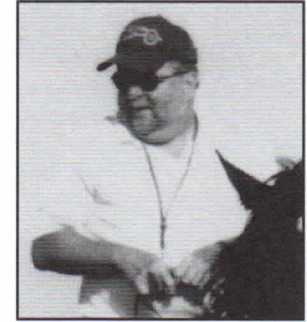

Working for a utility company, I must use my vacation wisely and field trialing consumes the majority of it. Vacations should be memories made with family and friends, doing the things we enjoy most. For us, that is field trialing.

I've been in bird dogs about 26 years and have judged many Brittany Championships along with other breed trials such as, The Inez Smith and The Keystone Open Pointer-Setter Championships and a Vizsla Trial all the way in California. I have judged the Brittany National Amateur All Age in 2001 and 2002, the National Open Gun Dog in 1999 and 2000. My recent assignment was judging the 2007 Free for All Championship.

Each assignment brings new challenges and excitement.

Ken Ruff

I purchased my first AKC registered Irish Setter in 1972. Since that time I've finished thirteen of my own dogs as AKC Field Champions and thirteen as AKC Amateur Field Champions. I won the 1979 Irish Setter

National Amateur Championship with a bitch owned by a friend and have gone on to win the Irish Setter National Championships eight times and the Irish Setter National Amateur Championships ten times with all but the first being dogs owned and bred by my wife and I. I'm the breeder of seven AKC Irish Setter Futurity winners and co-owner of two of them. I have enjoyed owning and raising AKC Irish Setters and it is my own personal goal to continue to raise recognizable Irish Setters that can compete in all breed field trial competition.

My judging qualifications would come from many experiences hunting, training, handling and judging all breeds of pointing dogs. To date, I've judged numerous weekend Field Trials throughout the country. My judging experience also includes upwards of 55 championships, including the following National Caliber Events: Brittany National All-Age Championship, Pheasant Classic, Central Futurity, Prairie State Open & Amateur All-Age Championship, Illinois Championship, National Gun Dog Championship, Free-For All Shooting Dog Championship, Pennsylvania Shooting Dog Classic; NGSPA Region V All-Age & Shooting Dog Championship, Region VIII All-Age & Shooting Dog Championship, Futurity, Open & Amateur Shooting Dog Championship, Arizona Shooting Dog & All-Age Championship, Region 4 All-Age & Shooting Dog Championship, National Championship, National Derby Classic; National German Pointing Dog National Championship, Futurity, Open & Amateur Shooting Dog Championship; Vizsla National Amateur Championship; Gordon Setter National Championship, Gun Dog Championship; English Pointer 1st AKC National Championship; German Wirehaired National Championship, Futurity; Weimaranier National Championship; GSP Hawkeye Shooting Dog Championship, Region 17 Open All-Age & Amateur Shooting Dog Championship; National Shooting Dog Chicken Championship; AKC National Gun Dog Championship.

And the 2007

National Amateur Championship Judges

Ed Dixon

I am 68 years old and have been around Bird Dogs since the age of nine. I currently have and train my own Brittany's & English Pointers. I compete in both AKC & American Field Trials.

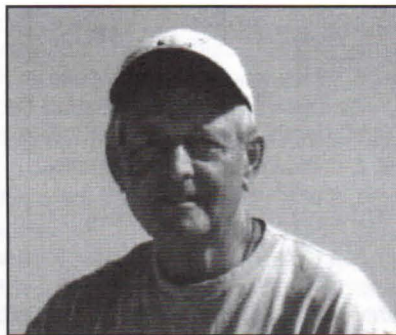

I hunt all of my dogs on wild birds, with a great deal of success. I have finished many of my dogs with the title of FC, AFC and Champion. I judge several AKC & American Field trials each year and have accepted judging assignments for over 30 years.

I am past President of California Brittany Club & have held the position of Field Trial Chairman for this club in past years. I am currently Vice President, Secretary & Treasurer of the Antelope Valley Bird Dog Club. On a personal note, I have been married to Linda for 49 years; we have one son and one daughter, four grandsons and three granddaughters and our first great-grandson due this fall. Our son-in-law, daughter and granddaughter also participate in field trials with our 16 year old granddaughter owning, training, running and showing her own Brittany.

My judging assignments have included; The Arizona Shooting Dog Championships on 5 different occasions in addition to the Region 11 Championships 5 times, Region 9 German Shorthair Championship, Kansas All Age Championship, Weimaraner Nationals, Vizsla Nationals, German Wirehaired Nationals, the 2005 American Brittany Club Amateur All Age Nationals including the upcoming November 2007 American Brittany Club Amateur All Age Nationals for the second time, plus local & Regional Trials.

What I expect, when I judge a Championship; A dog that goes hunting, & shows independence, a dog that is pleasing to watch & looks good around game Having hunted all my life, I'm not looking for a mechanical dog.

I consider it an honor to judge the American Brittany Club National Amateur All-Age Championship this year.

David Lachance

I attended my first trial in the fall of 1962. As an amateur, I started trialing in the fall of 1963 with a Brittany. I finished his Dual Ch. at 3 years of age. Won the ABC Pheasant Classic in the late 60's and attended my first Brittany Nationals in 1968 at Ardmore, OK.

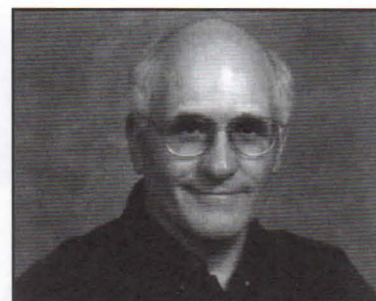

I started judging in 1967 – ABC Open Nationals 1986 – Rend Lake, IL; ABC Open Nationals – Booneville, AR; ABC Amateur Nationals – Booneville, AR; NGSPA – Booneville, AR; GSP Open All Age – Eureka, KS (2 times); Vizsla Open Nationals – CA (twice); Irish Setter Open Nationals – Booneville, AR. I've also judged several American Field Championships and Classics.

Turned professional in 1978; with the help of my wife Vicky, scouting, we won the ABC Pheasant Classic again in 1981 and the ABC Chukar Classic in 1994. Over the last 40+ years, I have finished several Field Champions with Brittany's, German Shorthaired Pointers, German Wirehaired Pointers, English Pointers and English Setters.

For 10 years, we competed in American Field trials with Pointers and Setters, winning 37 Championships and 29 Runners-ups. Presently we are campaigning German Shorthaired and German Wirehaired Pointers and have placed several times at both of their Nationals in the last 8 years. Thanks for the invite to watch your dogs and "Good Luck" to all participants!

I've been trialing 20 years. Training & Handling bird dogs most of my life. I've been hunting Quail & Pheasants for 45 years. Over the years my dogs have achieved 91 AKC placements, won 5 American Field Championships and 5 Runner-up Championships.

I've judged the Gordon Setter Nationals and over 150 Brittany stakes, including the Region 17 Amateur Championship (twice); Dub Emde Championship; Region 19 Amateur Championship (3 times); Region 6 Amateur Championship (twice); Victoire Nationale Derby Championship.

I'm consider it an honor to have been asked to judge the Brittany National Amateur All-Age Championship.

Following the Past

By Diana Kubitz

Recently I sat behind my computer and began to think of how life and perspective change as we grow and age. I told the story at my last breeders seminar that when I was secretary for the National Specialty in 1979, the dinosaurs of our breed sat in judgment of me to decide my abilities and competence to do the job. I passed, but with much grumbling. The dinosaurs were the late Kitty Murphy, Nicky Bissell and Larene Pittman. What a trio - they had so much information that we all needed to record for posterity. Upon Larene's death, Bernie Crain shipped all the boxes of ABC things to me. I pity the poor person that gets my boxes of stuff shipped to them!

Suddenly as I prepared for the Summer Specialty, the judges education seminar and the breeders seminar, I realized I had become one of the dinosaurs! Jodi Engel's prepared script for the presentation starts out by having you tell a little about yourself. I suppose to relate to those listening that you are qualified to be giving the presentation. Mine starts out with the fact that I have been in Brittanys for 35 years as a breeder, exhibitor and trialer, but I've been around the breed for about 45 years as my Dad got his first Britt before I married nearly 39 years ago. Yup, a sure sign I'm a dinosaur.

As I watched the shows of the Summer Specialty weekend, I felt the excitement of the winners; especially those that hadn't shown much before. One of our new club members got reserve winners dog at the Summer Specialty with her 10 month old pup and didn't quite understand what that meant, but she was excited none the less. I explained that reserve was like a runner-up in a Miss America contest and that for a 10 month old male to win was a remarkable feat. Another friend with a 9 month old puppy bitch went winners bitch and best of winners from puppy class. She had been around long enough to know what that meant for her pup's future. I enjoyed the smiling faces.

When you've been around for a while, you forget how excited you were to get those first ribbons, whether show or field. You forget the possibilities that existed for the future. For me the future was grand and glorious and never in my wildest imaginings could I have dreamed that big. So I reflected on those glory days and realized how much they had changed my perspective on competing and winning.

I've always lived by some simple rules for life and competition, trying to treat other people as I'd like to be treated. I haven't always succeeded, but I tried. Sometimes it's harder to be a good winner than a good loser. When talking with some friends it became apparent that some had forgotten what it was like to have a dog that was a big winner. You sometimes get this feeling of entitlement - my dog is great - therefore he should win all the time - after all he's better than the other dogs. These friends had forgotten that feeling and said no one could expect to win all the time. Their words were true, but I wondered if we all forget that moment when we felt that sense of entitlement.

I'm a watcher of people, of facial expressions and body language. I've seen the shoulders sag, the chin lower, and the dark expressions appear. I've seen it in juniors, I've seen it in men and I've seen it in women. When you get to be a dinosaur, you sit back and watch and smile. You know the feeling and you remember when you lost that feeling, the time when someone else had a great dog and they beat you and you realized for the first time that you could and should be beat sometimes. Did that make your dog any less great? Nope, it was just a life lesson that we all have to lose and there are more losers in our sport than winners. The fun and the people are more important.

One of my favorite sayings is: "It's only important to you. It's not important to the dog; it's just another day in his life, doing what he loves to do. Sometimes he does it right and sometimes he does it wrong, but it only bothers you the human." I have a really good friend who had won the national amateur championship one year and the next year his wonderful dog went on point; he flushed and he flushed and finally relocated the dog. This went on twice more and finally, the dog, sure that the handler didn't know what he was doing and needed help, took the covey out. The look of abject misery on my friend's face told the entire story. That's when I used the above quote for the first time. At that minute I believe he would have cheerfully strangled me, but for the gallery of onlookers. Later, I'm sure he understood what I meant. It's so important to us, that we forget the beauty of the moment. Yes, there was beauty in that dog taking out that covey. He was telling his handler what I'm sure all of our dogs would love to tell us - "here, let me help you; you obviously need it." God put Brittanys on earth to keep us humble, at least that's my humble opinion.

Then I realized another thing about the dog game. Competing with Brittanys in the show ring or in the field is like riding a roll-a-coaster. There are more ups and downs than a circus ride! One minute you win a huge stake in the field and fifteen minutes later you find that same precious dog ate your favorite coat. The dog that just won that five point major, just threw up an entire dog toy (on your bed) that you had no idea was missing. That Best In Show Brittany you love so much is now at the vets with some disease he caught at the dog show or your field champion is at the vet being diagnosed with some terrible thing like Nocardia he contracted running in the field.

After my Hall of Fame, NAC/DC/AFC Renegade's Kansas Kid won the national amateur championship in 1992, a friend at a celebration for said win, asked if it was all worth it. If it was worth spending all that money, that time, the heartache, the thrills - was it worth it? Are you kidding me? It was worth every moment and every dime we spent. We met some of the best friends we will ever have and enjoyed every moment of that roller coaster ride! If I had one wish for everyone who likes to compete, it would be to have that feeling once in their lifetime.

Now that I'm a dinosaur I have perspective. I'm not yet extinct, so that's a very good thing. I look at life a little differently now and I certainly look at competition differently. I still love to win, but like everyone else, I love my dog regardless. I love to watch other people win a lot more than I used to. I enjoy their thrill and their excitement and remember what it was like to be just starting and trying to find my way, my niche. Enjoy every moment of that ride, for the sad part of every journey is that it's much too short for our beloved Brittany friends. Then we just have the ribbons, trophies and beautiful memories.

They say that most people get in and out of the sport within two years. The next benchmark is five years and then ten, after that you are considered hopeless. Your family realizes that they will never see you on Thanksgiving (the nationals), Mother's Day (the dog show, Memorial Day (the four day show weekend), Labor Day (your club's field trial) or any other holiday. You'd love to come to their birthday party, but you are having puppies that day and no, six weeks from now won't be good either because the pups will need their shots. My sister-in-law got a dog and is now involved with agility and emailed me the other day that she finally understands, and no she won't be available on those days either. I'm hopeless; I'm a dinosaur and I'm proud of it!

MARVIN D. NELSON JR. MEMORIAL FUND FOR BRITTANY DNA STUDIES

*Submitted by Gordon Theilen DVM
Ch. Health Aspects and Genetic Defects Committee of ABC*

July 16, 2007 – The memorial fund has led to establishment of THE CENTER FOR BRITTANY DNA STUDIES at the University of California, Davis, Center for Companion Animal Health. This fund, a tribute to three generations of Nelsons, owners and exhibitors of Brittany, has made huge strides in 2007.

DNA studies of the Brittany have placed the breed in a unique position, as the entire genome is being studied. This study has been made possible by owners and breeders submitting hundreds of individual dog DNA samples, providing a large Brittany DNA Bank in comparison with other breeds. The Canine Genetics Laboratory, led by Dr. Mark Neff and his associates, has begun to utilize these samples in an effort to find gene markers for diseases, including canine hip dysplasia, epilepsy, aggression, (other diseases) as well as looking at many wanted and unwanted traits, which stresses this unique research opportunity for the Brittany breed.

Establishment of a DNA Bank for Champions was initiated at the American Brittany Club-sponsored Pheasant Classic 03/26-27/2007. (where by) Nearly all the dogs that ran, including the placing dogs, (dogs and those that ran) provided DNA samples. Samples have been collected from several Specialty Shows in May through August of 2007.

All (Requests are now made that) owners of show and field champions are urged to submit samples, as well as all dogs that run, win or place in the Brittany Classics, National Gun Dog and All Age Championships and National Show. Such a bank is still another unique aspect of this study whereby the genetics of champions will eventually have a specific DNA profile. No other breed club has planned for future quality DNA evaluation of such a high level of magnitude.

New TECHNIQUES are being used by the genetic and genome group team that have improved the likelihood of finding gene markers by one hundred fold. These new approaches to genetic research and relationship of canine cancer and disease as models for study of human disease led the New York Times, BBC and Today Show on National TV in June 2007 to interview Dr. Mark Neff and report on research being done at UCD Veterinary Genetics Laboratory. The Brittany community recognizes this International acclaim and deserves recognition for efforts from so many Brittany owners and breeders.

To expand the collection of DNA samples and conduct studies with long lasting benefits for the Brittany, additional support is needed for the Nelson Fund. Your gift will help find solutions to better understand and prevent inherited defects, cancer, and other genetic diseases related to the Brittany. Your contributions at this time will also have double the impact.

An offer has been made to match every gift received up to \$5,000. In existence for three years, the fund now exceeds \$40,000. To date, none of the gifts given or interest earned

has been spent. The goal is \$ \$1,000,000. Reaching this goal would allow untouched continued growth of the principle, and it would free adequate earnings for research. Consider substantial gifts to reach this goal, as listed below.

Each research project undertaken needs 100 dogs' DNA; each dog in the project costs \$500. Hence, each research project undertaken costs a minimum of \$50,000. Please take advantage of this matching gift opportunity. We will start using interest earned from the Nelson Fund on donations in 2007. This endowed fund will continue to perpetuate Brittany health and disease research.

The American Brittany Club has generously contributed, as have many local clubs and individual donors. This has been impressive, however, now we wish to achieve a goal of more than doubling the present principle amount by end of 2007. Only interest earned from the Nelson Fund will be spent on research. Support from The Veterinary Genetics Laboratory exceeds \$50,000 in the last three years in establishment of Brittany DNA Studies has been the major key of advancing this research. Matching monies will be spent on research that will keep these studies going on high gear with generous gifts from the Brittany community. Also please consider setting up a large gift from your estate planning. All gifts are for the betterment of the Brittany and all that contribute are in some way helping the breed. What a wonderful legacy for Brittany lovers to leave for our breed.

An impressive brochure is available, entitled "Genetics of the BRITTANY". These can be requested for distribution to your club and used at Specialty Shows, Classics, Nationals and other trials while obtaining DNA samples at such events.

How you can help:

- Your gifts up to \$5,000 will be matched. The matching funds can be used for research immediately.
- Set up a gift as part of your estate planning.
- Send a gift to honor a favorite or deceased dog.
- Instead of a birthday or anniversary gift to a loved one, make that gift be a legacy.
- Encourage your local club to participate. Every dollar will make a difference.
- Donate DNA via swabs and/or blood, to the DNA Library.

For obtaining DNA swabs or research information contact Kathryn Robertson krrobertson@ucdavis.edu.

Information about contributions can be obtained by contacting UCD Development Office, Lisa Woodard-Mink lwoodardmink@ucdavis.edu.

Additional information can be obtained from the CENTER FOR BRITTANY DNA STUDIES WEB SITE: <<http://www.vgl.ucdavis.edu/research/canine/projects/Brittany/>>

The American Brittany Club is a member of the American Kennel Club and is the recognized breed sponsor by the American Field Sports Council. The club is composed of many regional or local clubs located from coast to coast. Most hold regular meetings for exchanging points in the spring and fall seasons. Many hold a performance show also. The regional clubs hold meetings to discuss mutual interests, training sessions, hunting tests and other events of interest to their members.

The purpose of the American Brittany Club is to promote cooperation and friendship among breeders and owners of a Brittany and to encourage the highest standards in breeding. The club is working to encourage the highest standards in breeding by discouraging the showing of Brittanys in the field and in the show ring, to discourage the breed from being broken up into groups of "field dogs" and "bench dogs" and to strive to keep it forever a "field dog".

GREATER INDIANAPOLIS

Indianapolis, IN

February 9, 2007

The Greater Indianapolis Brittany Club held its annual specialty in Indianapolis Indiana February 9, 2007. This year we had our show in conjunction with the Hoosier KC Show. Show Chairperson Tobi Adams did a great job getting us a roomy grooming area, Jill Schaefer put together a lovely refreshment table and Barbara Scott did the prizes. This year our show was held between snow storms and in temps of below zero wind chill but the hospitality and friendship was warm. Some old and new faces were there and we had an entry of 48 great Brittans. GIBC thanks everyone who supported our show.

Sweepstakes was judged by Danielle Brewer. Her Best in Puppy Sweepstakes was Doug, Kim and Judy Tighe's 6-9 ms puppy bitch, HOPE'S FROZEN IN THYME. Best of Opposite Sex in Puppy Sweepstakes was NMR COPLEY'S CHAMPATINI, owned by Nickie Manifold and Mark Redlick. Hunt Tests

CALIFORNIA BRITTANY CLUB & SAN DIEGO BRITTANY CLUB

**Castle Butte Wells, Camp H
California City, CA
February 24-25, 2007**

The California Brittany Club and San Diego Brittany Club chaired by Karen Nelson and Mary Brown jointly held their spring hunt tests together allowing participants four tests open to all pointing breeds in one weekend! Veteran hunt testers along with many newcomers enthusiastically ran their dogs on Saturday, enjoying the near perfect temperatures in the low 70's. The Brittanyans entered made a fine showing. San Diego Brittany Club hosted a delicious lunch of charbroiled hamburgers cooked by Rocky Dennis. We topped off the day with Bill Landress' mouth-watering tri-tip dinner and enjoyed the great company around the campfire. Judges Kent Forbush and Zack Miller from Utah, along with Bill Landress and Leslie Troncale demonstrated a wonderful eye able to gauge the dog's natural hunting ability and training. Gunners Charlie Lucitra, Bob Woelm, Tom Clare and a host of volunteers who stood in for a gunner unable to make it at the last minute worked hard planting birds and gunning. Marshall Myra-Dawn Ellis finished her master hunter on her Brittany, KT, in CBC's first test that day. KT then thoroughly enjoyed herself being set up on point numerous times for the honor in the master call-backs. The day was enjoyed by all.

However, by the wee hours of Sunday morning, the desert winds had started to howl. They blew furiously through Sunday, at times blowing quantities of dust. It even blew a few handlers off balance! But the hunt test went on. The California Brittany Club hosted a lunch of Bill Landress' savory tri-tip sandwiches. Secretaries Linda McDonald and Laurie Blanton gathered the paperwork inside of our stout little club tent and kept the test moving. Judges Pennie Peterson, Lou D'Allessandro, Carl Babb and Nancy Rappoport tenaciously gritted their teeth (with plenty of grit inside already) and rode tirelessly through the gale. Their determination to give every dog a chance to show their hunting ability never ceased. The gunners from Saturday gave us another day of unceasing effort in both bird fields despite the truly horrible weather. The handlers all showed up and braved the elements to run their dogs. The dogs, of course, loved it! The

events all ran smoothly thanks to the hard work by marshals, Myra-Dawn Ellis and Laurie Blanton, along with committee members Bill Landress, Beverly Bemis, Bruce Blanton, Rocky Dennis and Antoinette Fabrer.

CORRECTION

Sometimes we adjust slowly to change. In sending reports to the Managing Editor for publication, I incorrectly identified a couple of the Dual Sanctioned Events or didn't catch that they had been mis-identified in the writeups.

The 07 Mid-South Championship was not an AKC/ABC Classic in 2007 but the next one will be. (p. 46, July issue)

The 07 Illinois Championships were AKC/ABC Classics and AF Championships. (p. 55, July issue)

The 07 Prairie State Championships were also ABC/ AKC Classics and AF Championships. (p. 49, July issue)

My apologies.

ABC Secretary

ATTENTION FIELD TRIAL CHAIRMAN & SECRETARIES

1. Please use the ABC report form when filling out your field trial report. The form is available for download at <http://clubs.akc.org/brit/forms/FieldTrialReportForm.doc> (If you cannot download, ask Mary Jo to mail you one to copy.)

If this form is NOT used, we have no idea if the stake was an HOUR stake or if the handler was an AMATEUR. If we don't have the correct data, then we might miss a dogs points for the Purina Award and worse yet may miss a dog getting its qualifications for the Nationals. We don't want that to happen, so we're asking for your help. Please contact your club field trial chairman and secretaries and tell them to use this form when filling out placements and getting judges signatures. The added plus is that this form can then be copied and sent to AKC, ABC, the American Field, and the Amateur Field Trial Clubs of America.

2. You also need to include a copy of the Secretary's Reporting page to AKC so that we know which stakes you actually ran and which were canceled. We can't tell if you forgot to include the sheet for a stake or if the stake was canceled and this necessitates writing and asking. Please save us some time and let us know if stakes are canceled.
3. ABC does not need copies of Judges' Affirmation Forms or entry blanks. You do not need to type results separately, just use the correct form.

We really appreciate those many clubs who already use the ABC form.

Bird dog Puppy Foundations 8 weeks - 4 months

By Arlette Hennessey

Getting off to a good start with your bird dog puppy starts the first day you bring your pup home. Even at this young age it is important to only reward desired behaviors. A reward can be a simple stroke down the back or any kind of attention. Treats for rewards can be fine for pups but I personally feel these are more for the human than the pup. For these early lessons you do not need to say anything. Your pup will learn much faster by leaving the words out until you have the desired responses and being silent also takes out human emotion.

It is also important for the owner to understand from the get go that a reward is not a release of command. Let's say you have your dog standing still next to you and you reach down to stroke the dog down the back. This doesn't mean that your dog can leave that standing position they still must stand there... the reward... is a reward. It doesn't mean release.

Then it looks so cute as your little puppy runs up and jumps on you. This only works when they are very small and irresistible. It will not be so cute when your pup grows up. If you acknowledge this behavior it will only continue. It can lead to hyper behavior, annoying jumping and also a lack of respect for an alpha. You, the owner, must be alpha in your dog's world for any training to be effective.

When your pup comes running and jumping up on you. Do not acknowledge this behavior. Simply push the pup off you with your foot in a gentle manner. Never physically hurt your pup. Do not make eye contact with your pup. If you do then you are giving the pup what it wants, your attention, and the behavior will be repeated. When and only when your pup has four feet on the floor, reach down and pick them up or pet them. This will also start to establish to your pup that when they stand quietly they will get rewarded with attention. This can lead to other desired results in future training.

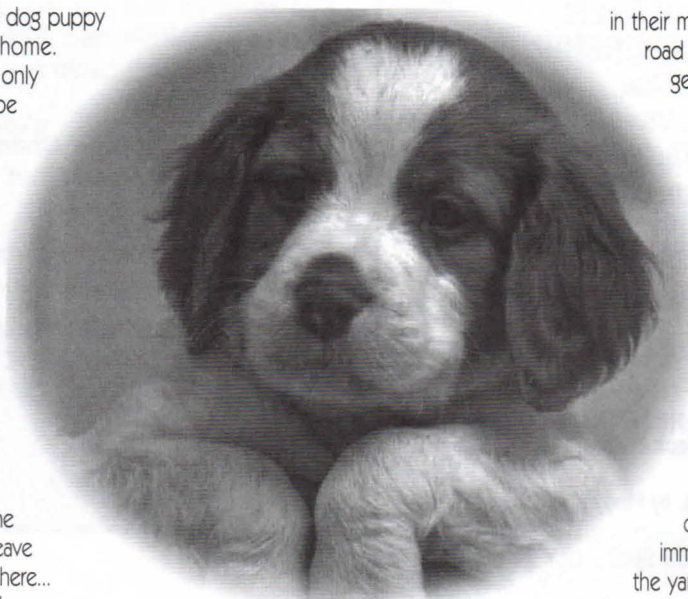

When you do these little foundation sessions with your pup remember you need to make these sessions, short sweet and simple. If you get the desired action for even a brief second end the session, you can build from there. Always end on a good note.

Another exercise that you can do with young pups is to cradle them like a baby. When they struggle, hold the pup firmly not allowing them to get away. When the pup relaxes, relax your hold. Wait until the pup is relaxed before you put it down. This exercise it to help establish a pup being calm when you are handling them it is also to teach the pup to give in to restraint.

Biting and or nipping are undesired behaviors that should be nipped in the bud right at the start. This is the method that I like to use. When the pup starts to bite or nip I will take my 2 fingers and place them sideways in the mouth with my thumb under the jaw. I then place my other hand behind the head. This helps to brace the pup so they cannot harm themselves by pulling away. Hold this position till the pup stops struggling. As soon as the pup stops struggling to get your fingers out of the mouth, quickly say "release" and roll your fingers gently backwards to take them out.

This changes the rules of the pup's game. I will then place my hand in front of the pup's mouth; the pup should LICK your hand. This is a sign of accepting who is the alpha. If the pup should try and mouth your hand repeat the application. I have found that after a couple of applications this behavior ceases. And again I want to stress none of these actions are to ever harm or physically hurt the pup ever. The pup may whine and vocalize some discontent but never pain.

Sometimes your pup finds things that they are not supposed to have. Like your brand new Prada shoe! A big mistake is to punish the pup for having something

in their mouth. This can create problems down the road for your retrieving. Best thing to do is calmly get your pup and pick them up and ask for the object from the pup by slowly rolling it back and down towards the back of the mouth. Replace the shoe with an item that they can have, preferably a hard puppy toy. No soft squeaky toys for bird dog pups! This can also lead to undesired habits when it comes to birds in the future.

Crating or kenneling from day one will help with house breaking and other behavioral problems. When you put your pup in the crate do not reward yipping, crying scratching, clawing, barking or other undesired behavior. Only go to the kennel/crate once the pup is quiet and calm. When you take the pup out of the crate immediately carry the pup to the same place in the yard to eliminate. Be sure the pup eliminates

before taking them back in. When in the house watch your pup closely. If it starts to sniff and circle around pick the pup up and take it back out. At first take the pup out every few hours. If you remain diligent from the start, house training your pup should only take a few weeks. Never use the crate for punishment the crate should always be the pup's den and a place of safety.

After the pup is used to the collar I like to take about a 6-8 foot lead and let them run around the backyard dragging the lead. When the pup runs by I will simply step on the lead. As soon as the pup stops fighting the lead I will lift my foot off and let the pup run some more repeating the process after a little bit. This will start the pup to learn to give in to the lead and the collar.

To help a pup learn to be still and giving in to a form of restraint when the pup in front of you when they start to move take one hand under the chest and the other hand under the back legs and lift the pup up. When the pup is settled down and relaxes in your hands place the pup back down, when the pup moves, lift up. Do this until the pup stands still, even if you are successful for just a moment you can always build from there. Walk the pup around and the repeat one more time Always set your pup up for success. And keep the sessions fun.

Here is another game for dinnertime. Put the pup's food on the edge of a counter or where you can easily hold on to the pup's collar with one hand and reach the bowl with the other. Try not to pull on the collar while bringing down the bowl of food. Bring it down at a steady pace, not real slow and not real fast either. When the pup starts to pull forward, lift up the food. When the pup stops pulling, start to bring the bowl down again. You do not need to say a command. Your pup is learning that when they stand still the food comes down when they move the food goes away from them. The first time you get the bowl of food to the ground without the pup moving, even for a moment, say ok or tap on the head to release the pup quickly. Remember, you can always build up from there when you pup becomes consistent you can ask for a few more seconds. Keep things with in your pups' attention span. And keep the sessions light short sweet and simple.

All these little sessions are to help a pup learn to stand quiet. Things like holding fast while being groomed or handled will transition to whoa training, being styled up and many other future foundations of formal training.

If you take the time to do these brief sessions with your pup, you will be laying a solid foundation. Pup will learn faster and be more responsive to training down the road. These exercises can teach them that learning and acceptance is nothing to fear. By teaching your pup's role in the family from the start you will have a happier relationship with your companion hunting and or trial dog.

TIDEWATER

South Hill/Elm Hill

Boydton, VA

February 23-25, 2007

Tidewater Brittany Club had their Spring Field Trial held at South Hill/Elm Hill in Boydton, VA. On February 23-25, 2007. Weather was cool and windy. Rain had waited until Sunday afternoon just in time for the Open Puppy Stake to be run. We had four braces of Open Puppy but three braces were with walking handlers and all in the rain. Fun!

As usual, the food was great all weekend - particularly dinner by Ed Rudzinski on Saturday evening. Seems most fun was the annual raffle held after dinner Saturday. Everyone cheering each other on as to which item was to be picked next.

Highlights for the weekend were Ellen Kerr handling her SAWTOOTH SAM'S POINT OF LIGHT to a Open Derby placement. Open Puppy was won by MONEE, handled by Justin Foley. Art Cohen's HYBRITTIN BJ BETTY not only won the Amateur Gun Dog but also placed in the Open Gun Dog. SHADY'S KOALA T, handled by Ben Lorenson won the Open Gun Dog. Amateur Gun Dog was won by KEYSTONE'S DOUBLE SHOT, also handled by Art Cohen. And the Open All Age winner, handled by Ben Lorenson was MAXWELL'S WHITE SPIRIT.

Again BIG THANKS to everyone who helped bird plant all weekend, kitchen duty, and anything else to help TBC have a wonderful smooth running trial. Thanks bunches.

Pyramid State Recreation Area

February 24-25, 2007

Submitted by Mary Jo Trimble

We made it through most of the trial with nice days but had to suffer the 30 mile an hour winds, rain and chill on Saturday. Despite some soggy birds, John Hall's Billy garnered the only placement in the Amateur All Age to finish his Amateur Championship (pending AKC approval). Way to go John & Billy.

We want to thank all the folks who came from all across the Central area to help make our trial a success. On Saturday evening we enjoyed a true gourmet steak supper at the Hunt Club prepared by Chef Jill Doering. The Doerings, Ron and Jill, also hosted a happy hour treat on Friday night. These get togethers at the fabulous Hunt Club serve to bring our Brittany family together for a time of relaxation, good food, and comradery. See you in the fall!

NORTHERN OKLAHOMA

Lake Murray Trial Grounds
Ardmore, OK

February 9-11, 2007

Region 8, Dub Emde Challenge' Brittany Amateur All Age

by Tom Milam

This year was the sixth renewal of the "Region 8, 'Dub Emde Challenge' Brittany Amateur All Age". This championship was initiated to honor J.W. "Dub" Emde, a friend to all field trialers. If you ran bird dogs at the Lake Murray field trial grounds near Ardmore, Oklahoma, you knew Dub. There are other people that have spent a great deal of time and in some cases money, working on these grounds. Names such as J.B. Beall, the late Max Kammerlocker, and Preston Trimble come to mind, but for fifty years Dub was the go to guy. Kelly Ward, President of Region 8 AFTCA recently made the comment, "We didn't realize everything Dub did for us until he was gone."

For years Dub had attempted to secure permission to construct a clubhouse at the grounds to no avail. Before his death one last attempt resulted in an agreement by Bryce Todd, Regional Manager of Oklahoma Parks and Recreation, for the trialers to construct a building. Continued efforts by Dr. Robert Rankin, Rosemary Carlson, Eugene Green and Gary Smith with the cooperation of Carol Jackson, Lake Murray Park Manager brought Dub's dream to fruition. The building has been built. Mr. Todd and Mrs. Jackson along with Tommy Emde, Dub's widow, and 60 to 70 families, friends and trialers attended the dedication Friday night of the "The Dub Emde Pavilion". Linda Milam and her team of helpers, LaDeena Murphy, Bobbie Collier, Mary Felt, Jan Kilpatrick and Tommie Emde decorated the interior in Valentine motif and prepared scrumptious appetizers and meal to the enjoyment of all.

The judges for the Championship were Harold Davis of Poolville, Texas and Charlie Collier of

Corsicana, Texas. They are well known and respected trialers and judges. They were attentive to each contestant and their decisions were well received. The most important person at a field trial other than the judges is a competent dog wagon driver. We have the best in Rick Conner. The Championship was supported by Purina and their contributions were greatly appreciated. Purina's products are very well regarded and their continued support of field trialing is unsurpassed.

MAKE MY DAY DUDE (Carlson) and BLUERIDGE MAJOR ADVENTURE (Wilder). Breakaway at camp 8am, sky is overcast, 36 degrees wind out of the north 5mph. Down the Chute, across Lem Roberts Road to Girl Scout Point, Major made some large casts but was erratic in his application working his handler and scout. Dude was a little slow to start but warmed to the task. He was more forward of the two at moderate range. Both dogs made big moves around Pond One with Major in the lead. He was delayed coming out of Briar Point which has been cleared but is difficult to navigate due to a poor stacking job of the debris. Major got hung up and Dude crossed Pond Dam 2 first. Dude turned right after the dam taking an edge almost to Lem Roberts Road before being retrieved by this scout. In the meantime, Major had regained the front and was making another good cast to Cedar Point. Dude regained the front and exited the point first. With time running short, both dogs are on the east edge of the Double Motts with Dude in front. They disappear around the south end out of sight. As the handlers near the south end, point is called by Dude's scout followed by Wilder calling point for Major. Both Dogs are rigidly pointing to the north into the wind. Dude is standing in the ditch by the road that separates the two motts. To Dude's right is a large cedar tree with Major standing on the far side. The flushing attempt was not successful. Both handlers relocated their charges. Everyone was holding their breaths. Major moved forward and pointed at a dead cedar with Dude backing without a caution from Carlson. Again, the birds are elusive. The handlers try a second time and this time Major points birds along the east edge of the mott with Dude doing the same on the west edge, a scattered covey. Quail fly to the flushing attempts, guns fire, dogs are collared, time is called and two handlers take deep breaths. A high standard has been set.

DANI KAHUA (Nakamara and WOODSONG TEXAS TORNADO, "Freddie" (Milam). Freddie's owner/handler, Joyce Miley, was unable to handle the dog due to an emergency with a horse. He ultimately had to be put down. Breakaway was from the Double Motts. Freddie came ready to run and was responsive to his substitute handler . . . for 47 minutes. The string broke at Manck's Crossing. The same thing happened to Dani and neither dog was returned to judgment.

TLM RAMBLING SAM (Milam) and BELLA'S BEAU MAX (Nelson). Breakaway was from the ridge west of Linda's Crossing. Sam wasn't firing and was leashed at 6. Max had a find and went with the birds shortly thereafter.

WINDTUCK ROCKET'S RED GLARE (Murphy) and KB'S SHADOW DANCER (Rea). The wind had picked up a little and it had warmed into the low 40s as we broke away from camp after lunch. As it turned out, the wind was blowing straight through both dogs ears. Rea elected to "wagon" his dog but failed to secure the gate. Dancer boogied away. He was better after the reprieve. In the meantime, Rockett did his best to wear out handler, scout and certainly two patient judges.

SMARTEYES JOKER, "Jordan" (Milam) and NAHELA

(Gowin). Breakaway was from the meadow before the Double Motts. Nahela was not pleasing his handler and was up early. Jordan handled kindly, grabbed edges and was forward at moderate range. He went straight as the course turned left across Manck's Crossing. Jordan reappeared to the front out of the woods as the course bends left toward the next crossing. He made a nice cast across pond dam 4 and took the right hand edge. His cast took him to the end of the draw where he established a firm point. Milam was able to flush the birds and Jordan finished his steady performance.

BOUNCIN BETTY (Burton) and **TEQUILA WITH A TWIST**, "Taryn" (Carlson). The dogs are turned loose in the meadow before Rocky Crossing. Both navigate the crossing and make good casts up Gun Dog Hill and through the Chute. On the east side of Lem Roberts Road Betty is stacked up and looking good. During an extended flushing attempt she settled, ending her bid. Taryn had continued on to Girl Scout Point where she pointed in the open meadow near the end of the point. Carlson could not get birds up and relocated her charge. During the relocation Taryn bumped the covey.

Day two wind out of the south and it is 40 degrees. Breakaway from camp. **TJ'S THUNDER** (Rankin) and **CHIEF'S GUNNER** (Price). Gunner establishes point at the feeder near Rosco's Pond at the top of the Chute with Thunder backing. Price flushes a single back over the dogs. Gunner is steady while Thunder wheels with a big jump marking the flight. A sharp caution from Rankin stops him. Both continue down the course with Thunder being the bigger and more forward of the two. Thunder took the west side of Pond 1 along the woods edge and came back to his handler as we started up the ridge on Tent Pad Point. Thunder slams to a stop as a nice covey takes flight in front of him. This is the first time Rankin has handled this dog and Thunder is somewhat bashful as he is collared. In the meantime, Gunner is reluctant to gain the front. Thunder makes a forward cast into and around Briar Point. Across Pond 2, he heads west along the tree line as the course turns left. He pops out at the juncture of the two tree lines, travels about forty yards and establishes point. A pair of quail are flushed by Rankin with Thunder maintaining good manners. A Good cast around Cedar Point into the next meadow ends a very competitive hour.

TEQUILA JACK II (Rankin) and **ORION'S SUPPER SPORT** (Smith). The brace starts in the meadow before the Double Motts. Both dogs take the reed edge along the lake on the left with Jack peeling off to his right to the Double Motts. He slides to a stop as he entered the mott. Rankin puts several birds in the air from under a large cedar and fires. One more quail sets sail over Jack's head and the temptation was to great as he takes several steps. "Too many", says the judge. Sport is full of himself for the next 40 minutes until he tires and is leashed.

ORION'S FLOJO (Smith) and **T & W'S DIAMOND JIM** (Peace). Breakaway is from the ridge above Linda's Crossing. Both dogs are energetic and make short work of the initial meadow and the one after Pond 4. As we come out of Rocky Crossing the pair head north failing to heed the urgings of their handlers. Flo returns to the front first. It took more work to get Jim back on course. Flo makes a good cast up Gun Dog Hill and heads to the Chute. She is stopped by birds at Rosco's Pond. She is steady through flush and shot. As she is about to be broke loose, Jim arrives and points. Another bird is produced with all in order. This has been a productive "fishing hole". As we continue Jim

covers lots of ground, working his scout hard and Flo's pace moderates. Both dogs finish the hour with no further bird work.

TLM COMANCHE CHIEF (Milam) and **ATC's MATCH BOKS RACER**, "Rob" (Wilder). The last brace broke from the sought end of the Double Motts. Chief goes around the big mott before the Bear Trap First. As the handlers arrive in the Bear Trap Meadow, Rob is rimming the left hand line, no Chief. As the party reaches Bed Spring's Corner, Chief appears and goes forward around the mott to the right. Rob makes a good move along the lake. Both dogs remain forward through the thick points. Behind the Airport, Chief takes the high road along the rock outcropping with Rob on the left. In the meadow north of the Airport, Chief takes the lake edge far to the right. Milam has to gather him up to get him across Manck's Crossing. Both dogs are watered on the ridge above Linda's Crossing. Judge Davis, out of the goodness of his heart, shares the liquid libation contained in his saddle bag at the juncture. Across Pond 4 Chief is out of sight and Rob had difficulty with the point before the pond. Half way down the meadow Chief appears from the left and makes a nice move along the right hand edge. At the apex of the wooded draw, point is called for the buried up dog. Wilder is catching the front and takes Rob around. A difficult flushing attempt produces one quail. All is in order. Milam regains the front half way up Gun Dog Hill. Both dogs are forward as they reach Rosco's Pond. Once again the "honey hole" produces with Rob pointing and Chief cautioned to a back. Wilder flushes a "runner". Time is short as the dogs are broke away into the chute. Rob is handy as time is called a third of the into the Chute. Chief had entered the woods and is rounded up at the end of a big finishing cast near Lem Roberts Road.

The winners were **BLUERIDGE MAJOR ADVENTURE**, **Champion**, and **TJ'S THUNDER**, **RUNNER UP**. They were closely pressed by **TLM COMANCHE CHIEF** and **MAKE MY DAY DUDE**.

It was a successful trial enjoyed by all especially Bob Rankin and Tom Milam. They both went the whole trial without falling off a horse but Bob did get some unexplained mud on his rear and back?

BLUE BONNET

Lea Ranch

Brownwood, TX

February 24-25, 2007

Saturday dawned with horrible conditions for dogs and humans. With 15% humidity, 50+ mph sustained winds, and half of the West Texas sand filling the air, dogs and handlers had a tough time successfully navigating the course with bird work.

Kicking off with Open Puppy on one course and Amateur All-Age on another course, the Bluebonnet Brittany Club Spring 2007 Field Trial was off and running. The adverse conditions were reflected in the Amateur All-Age stake as all placements were withheld. Poor scenting conditions and the sustained high winds proved too much for the dogs to overcome.

Open Puppy and Open Derby were completed on a second course with better results. Open Puppy was won by TEQUILA'S BARBED WIRE, owned and handled

by Ed Tillson. Open Derby was won by TONK VALLEY GIN, owned by Don White and handled by Brandon Jones.

Sunday came as a beautiful cool late Texas winter morning with light winds and no sand. It looked like a different setting from Saturday. Dogs and handlers had some much-improved conditions and their actions proved it with good bird work and good runs. The AGD finished the last few braces and then the Open Gun Dog was run. BLUERIDGE BLAZEN GEM, owned by Janeen Schneider and handled by Joe Schneider, grabbed the blue in Amateur Gun Dog. CH RUSTY RIDGE RAM TOUGH, owned by Claude and Jan Kilpatrick and handled by Claude Kilpatrick, had a great run and went home with the 1st place ribbon in Open Gun Dog.

On Monday, the Open All-Age hour long stake was begun. With two nice almost Spring mornings and warm afternoons, the new Bluebonnet Brittany Club Open All-Age rotating trophy for 1st place was awarded to BELLE'S BEAU MAX handled by Vic Carrington for owner Gary Nelson.

The field trial could not have been completed without the hard work of many Bluebonnet Brittany Club members and friends. From the food crew of Tom and Melody Longfellow to the bird planters to the marshals to the dog wagon drivers and wranglers, many people pitched in so that we could keep the two courses running on Saturday and Sunday and finish five stakes in the two days and the hour long Amateur All-Age on Monday and Tuesday. The help of club members Stan Matzke, Tina Travis, David Downing, Teresa Downing, Laura Wilder, Tom Longfellow, Melody Longfellow, Geraldine Hairgrove, and Larry Hairgrove was greatly appreciated by field trial chairman and secretary Ken and Kaye Moore. Additional help from Jan and Claude Kilpatrick, Ed Tillson and West Texas A&M friends did not go unnoticed and is hereby thanked.

Special thanks go to the professionals who brought their talented strings to the trial. As always, we appreciate your attendance and participation in our trial. Huge thanks to the judges who spent one, two, three, or four days in the saddle watching our dogs. And, finally, a huge thanks to Nancy Lee for the use of her beautiful ranch and clubhouse at Lee Ranch in Brownwood, Texas.

MEMBERS OF THE AMERICAN BRITTANY CLUB

Give the gift of a new membership... to give the opportunity to someone to learn about and participate in the American Brittany Club.

This membership campaign is really quite simple, we are asking every member to donate/sponsor a membership in the American Brittany Club. This "gifted" membership might be to a puppy purchaser, or a friend/acquaintance who has a Brittany. All of us encounter people who may just need a little encouragement to become members.

This can work, but it is totally dependent upon your support. Please use the ABC application form in the back of the magazine to enroll a new member today. You may donate/sponsor multiple new memberships. The names of new members & ABC sponsors will be published in the magazine on a quarterly basis.

THIS IS OUR CHANCE TO MAKE A DIFFERENCE!

The Club is composed of many Regional Clubs located from coast to coast. Most hold a licensed AKC field trial for championship points in the spring and fall seasons. Many hold a specialty (conformation) show and hunting tests. The Regional Clubs hold meetings to discuss mutual problems, fun trials, training sessions and other events of interest to their members.
