AS YOUR DAY WINDS DOWN, HIS PERFORMANCE DOESN'T.

Sporting dog owners are constantly looking for ways to optimize their dog's training, strength, recovery and mental attitude. The performance power of Purina® Pro Plan® nutrition can help.

You'll want your dog's healthy body, sharp mind and amazing instincts to work with precision in the field—so you are a strong, successful team. And Pro Plan® can help your dog continue to work at high levels—even as your day winds down. That's because Purina® Pro Plan® Performance Formula:

- begins with high-quality protein sources including **real chicken as the #1 ingredient**
- **bolsters your dog's protective systems**—immune system, digestive system, and skin and coat, so he can best protect himself
- helps replace amino acids and carbohydrate used during exercise, **for rapid recovery**
- has an **optimal 30% protein to 20% fat ratio** to promote lean body mass and help maintain energy and endurance
- is **highly digestible** for maximum nutrient delivery
- **optimizes oxygen metabolism** so sporting dogs burn fat efficiently.

VOLUME LIX • NUMBER 12 • DECEMBER 2007

Objective and Purpose:

To promote cooperation and friendship among the breeders and owners of Brittanys and to encourage higher standards in breeding, training and showing of Brittanys in the field and in the show ring; to discourage the breed from becoming split into groups of "field dogs" and "show dogs" and to strive to keep it forever a "dual dog".

Brittanys...

This column originally appeared in the July 2001 issue of the AKC Gazette and is reprinted with permission. This Breed Column is written by Dorothy Macdonald.

This month's column is by late Dr. Jodi Engel. Jodi and her husband, Hal, have participated in field and show activities with Brittanys for more than 20 years.

The Mind of the Versatile Brittany

When dog fanciers mention the Brittany, it seems that they also think of hunting at the same time. Those of us who own this breed are aware of its innate birdiness. From the 17th century, artisans have depicted this "white and chestnut colored spaniel with a very short tail" in association with the capacity to point and to go into the "thickest of brush." Fred Z. White, M.D., one of the great historians of our breed, wrote of "woodcock hunters who used a small white and brown dog approximately 50 centimeters (the height of a woman's knee) to hunt in thorny, bushy hedges... they (the dogs) were of great courage and endurance and pointed and retrieved naturally, always showing great intelligence."

It is this intelligence, in addition to proper conformation, that helps contribute to the versatility of the Brittany. Our breed has a strong desire to please; they are highly curious and possess a spontaneity that is sometimes difficult to curtail – especially when it makes you laugh as well. As a psychologist involved with research in processes of learning for my entire career, I have come to appreciate the various levels of intelligence exhibited by our breed in particular.

Britts are highly trainable; they have heart; they have a desire to please. Their cobby build, short loin, moderate to straight stifles, tight feet and slightly bent pasterns permit them to maneuver quickly in all types of terrain. Their stamina and capacity for speed are also positive traits. Their agility and energy permit them to work for hours, providing the work is interesting and not repetitive.

We know the Brittany can become a finished hunting dog and that it will hunt intelligently. But have you ever thought about the meaning of the word *intelligent*? When we train our dogs, we can either train them to "Problem-solve" or we can train them to respond to rote commands. Successful teams in both field trials and hunt tests certainly include dogs that work at the first level of responding to rote commands by their owners, whether in the form of a whistle, a "yo-o-oh" or a hand signal. But the truly outstanding dogs also engage in problem-solving while searching for the elusive bird. This is where the skill of training meets the wonder of genetics. With their incredible noses and adaptable structure, our Brittanys also have the capacity to problem-solve in the field. The handlers have to be smart enough to be quiet and permit the dogs to engage in problem-solving. It is a delicate balance.

This isn't something one can train for in the same way one trains for the more rote responses necessary to be highly competitive in obedience or agility. It is something more than obedience; it is something more than just responding to the commands of a human director. It is something so valuable in our breed that we can't call it anything but heart. Our standard doesn't say anything about intelligence, but we know it is there in abundance.

This is truly a versatile breed, and for those who choose not to hunt, it is possible to capitalize on the characteristics that make him a good hunting dog in other performance venues. But it is critical in our breeding programs that we do not compromise the structure, the scenting ability or the type of intelligence that enhances the problem-solving ability of Brittanys. May they never become rote learners; how boring that would be for them, and how unfortunate for us. – J. E.

- Reflections -

One of the first people I met when we started field trials at Rend Lake was Carl Hand from Indiana. He was a traveling companion of Buck Barley. They often came to the trials both as participants and judges. Those of you who know these folks have probably heard many a "tall tale" that brings laughter and tears to a group of field trialers reliving the past. This reprint from Carl comes from the more serious side and offers some good advice to those seeking success in the field or show.

I think this particular article caught my eye because I've seen many of my friends, as well as my husband, do just what Carl suggests, drive hundreds of miles farther than they have to in order to run in 50 + dog stakes against numerous pros when they could probably have had a better chance to win in a smaller trial, closer to home and put points on their dogs and maybe even qualify for the nationals. Why do this, you ask? Because to win or place in one of those "big" events is a feeling similar to winning or placing at the Nationals. Some are in the race for the coveted Purina All Age Dog of the year, but others want to be where the quality of dogs as well as grounds are outstanding. It really means you competed with the best.

True, it may take longer to finish a dog and it will be more difficult, but it is a championship or a qualification that one can really take pride in for years to come. Plus, you have that added benefit of watching some of the best dogs and handlers in the Brittany world. These Nomadic Amateur handlers aren't afraid to put a dog in an Open Stake and Run with the Pros. I'm sure the same applies when those of you travel to the big shows for Brittany's take home those top awards.

Field Trials, Dogs, Handlers & Judges

**(Reprinted from *The American Brittany*,
Vol. XXXIV, No.4, 1984)**

A field trial is a sporting event that places dogs in competition. They are guided through the competition by handlers under the watchful eyes of judges who award placements.

There seems like a lot of controversy lately centering around dogs that "hunt too much" so they don't take home the blue ribbon. Most often such a statement is just a nice way of saying that the dog in question really wasn't measuring up or the handler let his charge down.

So why don't dogs measure up? In some instances, the contender just does not have the ability. In a lot more it is the handler that inhibits the dogs performance due to a lack of knowledge or experience or both.

But, the dog is being judged not 'the handler! This

is correct. However, a handler can make it virtually impossible to correctly evaluate a dog's performance.

On the other hand, a very fine handler that is able to get every bit of ability out of a dog to show him to the best of his ability, can place dogs of average ability over dogs with superior ability and an inept handler because he knows how to show him.

Teamwork is what counts! Each member of the team has to do his part. However, as on most teams, one member is better or worse than the other. A very fine dog can overcome a mediocre handler and a very fine handler can overcome a mediocre dog. Then when the handler and dog complement each other, they take home the blue on a consistent basis and are winners of championships and classics.

To improve teamwork takes a lot of work. That means a lot of time spent working together. It takes time to ride or walk braces and observing handlers instead of dogs. Watch the successful professionals and amateurs as you can learn from them.

Then you and your teammate get seasoned by running in the best competition available. Pass the trial with 12 entries and drive the extra to enter one with fifty dogs in the open and several professionals.

Then one day you won't be the handler that judges talk about the next day saying that "if he would have just shut his mouth and let the dog do his job, he just might have had the blue!"

Then there is judge selection by host clubs. The most important thing that any member club of the American Brittany Club does is selection of judges for both show and field competition. As the judges go - so goes the breed.

How many judges neither train or hunt dogs? How many have just been to field trials? They are out there looking at dogs people.

Judges must be selected on merit. Too often they are selected for other reasons first. Do they have horses? Are they close? How much expense will be involved?

It would be better for a club to hold one field trial a year using quality grounds and judges than to hold two with inferior grounds and judges.

And most important, the veterans must help the new to learn the true definition of quality.

When this is done, the phrase that "your dog hunted too much" will take on a different meaning as well as become increasingly infrequent. It may even become extinct when we all learn to take constructive criticism.

Non-Traditional Medicine

By Dave Pluth

I've always been somewhat of a skeptic when it comes to things that are off the beaten path. Acupuncture, herbal medicine and even chiropractic treatments were just weird science or as it's called around our house "voodoo medicine".

About ten years ago all that began to change.

Our local Brittany club invited an acupuncture/chiropractic vet to one of our meetings to demonstrate the work he was doing.

The vet brought in a ninety plus pound, eleven or twelve year old, Springer Spaniel named Mack. As all good sporting dogs would do, Mack walked in and started introducing himself around to the room of ten or fifteen people. He looked comfortable but moved very gingerly around his back end. As someone in the room began giving him butt scritchers, his rear end collapsed to the floor.

The vet said that this happened to Mack quite a bit. Between his weight and his bad hips, he had a few problems that needed to be dealt with regularly.

The vet began giving his talk about his life as a regular vet who moved into acupuncture and chiropractic practice that concentrates mainly on dogs and horses. While he talked, he stood Mack up and began running his hands down Mack's spine and placing needles in his back after finding just the right spot. Mack didn't react to any of the pokes. In fact he looked quite happy. Six or eight needles later, the vet finished and set the timer on his watch.

As we waited for the "treatment" to take, the vet continued with his story. He talked a great deal about why he began moving from traditional medicine as well as telling us stories of the successes and failures that he had in his practice.

After about ten or fifteen minutes, he removed the needles, stood Mack back up and proceeded to push on his back-end. Nothing. No dropping to the ground, no whimpering in pain, not so much as a wince. In other words, Mack's pain had been shut down.

Either this dog was the best trained dog I had ever seen or there was something more to this "voodoo" medicine than I would have ever thought.

About a year later, we would find ourselves in this vet's office with our dog Maggie who was having problems with her neck. Maggie had a head tilt as well as a problem that didn't allow her to give a full hard body shake to realign herself (the wiggling from nose to tail type of shake).

The vet went up and down her spine searching for the problem. He held his one hand with the thumb and pointer finger forming an O shape and the other hand would tap into the O shape. Where it went through the fingers, he made an adjustment to her neck and back. He found seven spots that he popped (yes at times you could hear the pop). When we put her back down on the floor, she shook from head to tail for the first time in months.

The head tilt was a bit trickier and something that the vet recommended that we see our regular vet about. He didn't feel that it was muscular or anything that he could deal with. He had a couple of suspicions but deferred to more traditional medicine.

Several years later, we'd find ourselves at another vet with our old guy Charles. Charles was about eleven at the time and had been having some problems with his back right leg. After long runs, he would begin to drag this leg a bit when he was at a medium gait. This was very noticeable after having watched him run for so many years with a smooth flowing motion.

As the vet examined him, he immediately asked if he'd ever had any liver problems as his "liver points" were quite sensitive. A month earlier, he had been at the University of Minnesota after he "ate something" while running at the farm. Whatever it was

that he ate spiked his liver ALT levels to astronomical levels. It took our vet and the U of M \$500 worth of tests and two days to determine this. It took the "voodoo vet" less than three minutes.

After he completed the examination, he injected him at specific points in his back with a supplement as well as injecting the joints with another supplement.

The next day Charles was back at the farm running like a pup again. For Charles we found that the effects of these treatments lasted from three to four months.

As Charles aged, we found that we had to adjust when he would receive treatments. We found that we couldn't run him on the day of the treatments. He usually felt so good afterwards he would run himself into the ground and it would take several days for him to recover fully.

Last year, our then 13 year old Jessie fell off some furniture flat on her back while she was asleep. After a trip to the emergency vet, a trip to our regular vet and two days curled up in her kennel, we took her to the acupuncturist.

The emergency vet had put Jessie on some pain pills to help with her back pain. These pills left her so doped up that she would have trouble walking normally. Our regular vet prescribed steroids to help with any inflammation that she was having. While she was a bit better she still yipped in pain if she moved wrong and would immediately curl back up in her kennel and not move for hours at a time.

The acupuncture vet examined her and then put about a dozen pins in her at various points. He then hooked up a small device that would put an electrical charge through the pins. While that was quite unsettling for me to watch, Jessie didn't seem to mind at all.

After the treatment she still was a bit ginger, but seemed to be more comfortable. Within two days she was once again counter-surfing in the kitchen. In this case I believe it was the combo between the steroids and the acupuncture that really worked out well for her.

This spring Jessie paid a visit to our newest vet who is a traditional vet who also does chiropractic, acupuncture and herbal medicine (she is also Sam's vet).

Since Jessie was nine, she has had problems with her front shoulders during summer field training. Twenty minutes into her run she would begin to hobble on her right front shoulder. The pain wasn't enough where she would stop running on her own, but she would definitely need to be picked her up before she did any further damage to the shoulder.

Our new vet did an extensive exam on her and we talked about a course of treatment. As an older dog (now 14) with a history of back problems it would be quite easy to start cracking and adjusting things. The vet suggested that with a dog of advanced age it would be better to work through the process slowly so we wouldn't traumatize her too much.

The vet started with her front shoulders. We heard a loud pop and Jessie's eyes widened with that "what the heck just happened" look followed by a look of relief. She was fine. The vet decided that this was enough for the day. We talked about a plan for her summer training that would allow her to stay more active and relieve some of the stress on her body.

Jessie had no incidents of shoulder pain throughout the entire summer training season. Jessie actually ran more this summer than the past three summers combined. She suffered no reoccurrence of the shoulder pain and her fall hunting season was much the same with no lost time due to old injuries.

Our final experience has been with our seven year old female Sam. Sam was diagnosed with cancer in November of 2005 after

having routine surgery to remove a cyst on the back on her neck.

The cyst turned out to be a cancerous grade three "Mast Cell" tumor. Our regular vet immediately sent us to the University of Minnesota for a consultation with their Oncologist.

Upon the recommendation of the Oncologist it was decided that further tests should be run to determine if the cancer had spread. This battery of tests included everything from testing all major organs to blood tests and bone marrow tests.

When all the tests came back negative, the Oncologist's minimal recommendation for further treatment was a secondary surgery to further check the area where the lump was originally removed. He explained that when regular vets do a standard lump removal they only take as much of the lump and skin around the lump as is minimally necessary. Unfortunately for Sam this particular type of cancer could be located near where the original lump was found but still outside the cut of the original surgery.

The second surgery was done just before Christmas 2005 and Sam now had "clear wide margins". In other words, they didn't find cancer in any of the additional skin or tissue they removed from the area.

The oncologist's further recommendation "just to be sure" was to do a series of chemo on her that would occur every twenty one days for the next 4-6 months.

While they were testing Sam they found that she has a form of hepatitis. The hepatitis would limit which forms of chemotherapy she would have been able to withstand. There was a good chance that the best form of treatment for this cancer would have shut down her liver completely.

The second choice of chemo was not as effective and would also affect some of her ability to field train with the other dogs in the spring and summer. The chemo would tax her immune system greatly and she would be far more likely to be affected by all the nasty things that you can find in the field. While the Oncologist was all for her getting exercise, he was way less enthused about the hunting training aspect of things and all the critter contact that comes with that activity.

After consulting a number of people that had gone through cancer treatments with their dogs as well as throwing the question out to different email lists (a great source for a wide variety of experiences and information), we decided that we wouldn't do the chemo.

The question in our minds was still "is she cancer free?" After all the tests and surgeries, the Oncologist felt good about her prognosis (better than the original 5% survival rate for 4 months or more that we were originally given) but he still couldn't tell us with any certainty that she was totally cancer free.

Running her through a course of the chemo could a) kill whatever cancer was left in her body b) it could do nothing other than make her sick if there wasn't any cancer c) it could do nothing to the cancer that was remaining and she would die anyway d) it could kill her outright.

We made the decision that we wouldn't pursue the chemo as the downside was too high. I'm not advocating this choice

for anyone else as only you know what is right for your dog. It was the decision we made based on all the factors above.

Within a couple weeks we also started taking Sam to the voodoo vet. The vet examined Sam and put her on some Chinese herbs which were specifically for her liver problems and for cancer suppression.

We also asked her to go through Sam's diet with us. Our expectation was that we were going to be mixing up a raw diet with all kinds of weird stuff in it. We were wrong. The vet went through the commercial food that we were feeding to ensure that Sam was getting everything nutritionally that she would need to fight off any reoccurrence of the cancer. No change in diet necessary.

The herbs that the vet put Sam on have stopped her quickly rising ALT liver levels that her hepatitis causes. Granted the levels will not recede for her, but after two years of rising levels, the herbs have seemingly stopped the rise and will hopefully continue to do so into the future.

This was all done with an 1/8th of a teaspoon of some Chinese herbs and a pinch of "liver blend" herbs twice a day.

Sam is still doing well more than a year after her surgery. She also just celebrated her 7th birthday and was able to run at field trials last spring and fall as well as enjoy another successful hunting season.

So what have we learned from all of our

various experiences?

We have learned that there is a place for alternative treatments in our dog's long term treatment plans. While there are still some things that are kind of "out there" for me, I'm much less skeptical about things like chiropractic, acupuncture and herbal medicine treatments. They are however not a cure all for every situation.

If you are seeking alternative treatments we have found that it is best to find a vet that does both traditional veterinary medicine as well as alternative medicine.

In Sam's case had we not removed the cyst her cancer would have spread and killed her. We have found that vets with a combination background seem to work out the best. They respect the traditional methods (cutting out tumors for instance) when they are the right treatment. They also use non traditional methods to bolster and supplement the body's natural processes.

To find an acupuncture vet near you check out the American Academy of Veterinary Acupuncture website at <http://www.aava.org>. Specifically look for the DVM at the end of their names to ensure that they are actual vets.

It's also important to remember that not all treatments work for all dogs. As one vet explained to us about Sam's cancer and the Oncologists recommendation of chemo treatment, "that's what they do". In other words you don't take your car to a mechanic to get it washed and waxed. You take it there to get it fixed. The Oncologist was offering up what they knew how to do and what they felt was the best course of treatment, that is their job. It is your job to decide if that is the best treatment for your dog.

As a former skeptic on non-traditional methods of treatments, I have been convinced through our experiences that these methods are at least worth a try. I hope that you'll find our experiences helpful in deciding whether to look at non-traditional treatments in the future.

Second Forfeit Entries for 2006 Litters

Derby dogs born in 2006 and eligible for the 2008 Futurity running are listed below. If an *** appears by the dog's name, this entry is conditional, pending membership/payment issues to be resolved. If you have any questions, please contact: **Judy Graves via e-mail (judyg235@aol.com) or phone (573-788-2208)**. Spelling corrections are always welcome.

According to the ABC policy book, any entries submitted after October 29th will carry a \$100 per entry late fee along with the

normal forfeit fee of \$30 for the field and \$25 for the show. Late forfeit entries will be accepted up to the time of closing for each sectional event.

Owners should expect to receive an event entry form for each section by March 1, 2008. Sectional secretaries will be sent a list of eligible dogs, but will not have entry forms. These will come directly from the Futurity Secretary.

These simple tools can help researchers of serious canine diseases.

When your breed club members cut out and save package weight circles as Purina® Pro Club® members, and participate in the Purina® Parent Club Partnership (PPCP) Program, your club will begin to earn financial contributions from Purina and the Canine Health Foundation. You'll want to learn about all of the important details by contacting us soon. Breed clubs have already earned a total of almost \$1.2 million for their breeds' health studies, education programs and/or rescue efforts.

For complete details about how the PPCP Program works, call us toll-free at 1-800-778-3375, 9 a.m. to 4 p.m. CT, Mon.-Fri.; or e-mail us at purinappcp@purina.com. If you'd like to join Pro Club and participate in the PPCP, call toll-free 1-877-PRO-CLUB (1-877-776-2582), 7 a.m. to 5 p.m. CT, Mon.-Fri., or apply on-line at www.purinaproclub.com. Current Pro Club members can simply notify the Pro Club, by phone or e-mail, and tell them that they want to participate in the PPCP program.

Hunt Tests

TIDEWATER Amelia WMA

by Bobby L. Sigmund

Tidewater Brittany Club held its Spring Hunt Test at Amelia WMA on March 31 and April 1, 2007. Weather was good, scenting conditions varied each day, our judges did a great job, but it is hard to say which had more fun, the dogs or the handlers. Chairman Don Tellock made sure things ran smoothly with a little help from the club's President, Spencer Hill. Bobbie Brudzinski again kept us all fed, and the Brudzinski Stew for Saturday's dinner was wonderful! The raffle was fun and like usual had interesting items to pick from. Also, big thanks to anyone who helped during the weekend, especially to Frank (plus Dakota who finished his JH) and Linda. The Tidewater Club appreciates all your support.

HEART OF ILLINOIS Bloomington, Illinois May 27, 2007

By Jane Huelsmeyer

The Heart of Illinois Brittany Club had their specialty show in conjunction with the Illinois Valley Kennel Club of Peoria. A big thank you goes to the show committee of the Peoria club for their hard work and supplying our ring stewards. Our Brittany club appreciated all the Brittany people who came to support our show this year and congratulations to all of the winners.

Our judge for the sweepstakes was Mr. Forrest G. Johnson, a retired AKC Judge. He did a fine job of judging the small sweepstakes group of 8 dogs and bitches. Best of Sweepstakes was MELRIDGE NIGHTHAWK HAWKEYE and Best of Opposite was MELRIDGE HEARTS A FIRE. We enjoyed having our one veteran DC RICOCHET MAGGIE'S JAC JH.

The well known judge Charles E. Trotter judged the regular classes for us. Our of 12 dogs entered, he chose MELRIDGE ADD'N INSULT TO INJURY for Winners Dog and Best of Winners. MELRIDGE NIGHTHAWK HAWKEYE was given Reserve. Out of 13 bitches entered, he chose FALLS MOLLY OF MAVERICK JH from the Open Class for Winners and COUNTRY ROAD'S TICKET TO RIDE as Reserve from the 9-12 month class. Two field trial dogs showed and CH RICOCHET HEMI BARRACUDA JH won. The Best of Breed class was represented by six lovely specials. After careful consideration Mr. Trotter chose CH MILLETTE'S MERLOT TO GO as Best of Breed and Best of Opposite went to FALLS MOLLY OF MAVERICK JH.

**NORTHERN NEW ENGLAND
July 11, 2007
Hopkinton, NH**

*Submitted by Donna A Howe,
3rd Vice President and Show Chairperson*

Success was measured out in full in the Brittany ring as Northern New England Brittany Club held its Specialty shows in conjunction with Lakes Region Kennel Club in Hopkinton, NH. Thirty-six entries vied for top dog and this show certainly did produce The Top Dog as TONAN-HOPE UN-BELIEVABLE owned by Susan Jacobson & Nancy Morabito & Douglas Tighe not only won Best of Breed out of the Bred-by class but went on to take BEST IN SHOW! How appropriate for Brittanys to take the day after consistently drawing the largest entry in this show!

The day started out with Sweepstakes judge William Hossler liking the looks of the new crop of youngsters. J & A'S DREAMS COME TRUE OF ACTON caught his eye for Best in Sweepstakes with SOUTHGATE-HOPE'S STARRY NIGHT as Opposite. CH SWIFT RIVER'S HOT TICKET JH floated around the ring to be named Best in Veterans Sweepstakes with CH TRIUMPHANT VICTOR OF DOURON named Best of Opposite to appreciative applause.

The class to be in this day was Bred by Exhibitor. Judge Christine Pollender-Calcinari chose her Winners Dog out of the Bred-by class with SOUTHGATE-HOPE'S STARRY NIGHT and Reserve went to TRIUMPHANT'S ABSOLUT' ON ICE. The spotlight stayed in the bred-by class with BOUDREAU'S BILLIE BUTTON chosen as Reserve Winners Bitch. The finale played out with TONAN-HOPE'S UN-BELIEVABLE taking the Breed and Best of Winners. Best of Opposite Sex went to CH TRIUMPHANT ABSOLUT' and Best Veteran was CH TRIUMPHANT VICTOR OF DOURON.

Everyone ringside enjoyed Johnny and Rita Poland's Pizza Party and then supported the raffle table put together by Priscilla Thibodeau with great donations made by club members.

On Thursday; Olga K. Evelyn critiqued the Sweepstakes classes and chose as her Best Puppy TRIUMPHANT'S ABSOLUT' ON ICE with J & A'S

DREAMS COME TRUE OF ACTON as Opposite. She showed her appreciating of Veterans by naming CH SWIFT RIVER'S HOT TICKET JH as Best in Veteran Sweepstakes with opposite going to CH TRIUMPHANT VICTOR OF DOURON.

Judge Gale Young took over the regular classes and put up BEBOP HI BRITTANY'S JAC-POT as Winners Dog. SOUTHGATE HOPE'S STARRY NIGHT was named Reserve Winners. In the spotlight for bitches was TONAN-HOPE'S FROZEN IN THYME and MILLETTE MICH'S MT MAGIC CHARM as Reserve.

BEBOP HI BRITTANY'S JAC-POT took the Breed and Best of Winners and CH SWIFT RIVER'S HOT TICKET JH proved you don't have to be a young'un to stand up as Best of Opposite. In the Best-Bred-By Exhibitor competition, TONAN-HOPE'S FROZEN IN THYME prevailed.

Again, lunch was served with NNEBC's thanks to all who supported these events. Thank you to Linda McCartney-Roy who put together a fine trophy table on Thursday with the enviable breed prints and gift baskets. Another successful year for these shows with great competition and a wonderful friendly atmosphere provided for exhibitors and visitors!

Back to Back Blues for "Blue"

First Place to Finish his FC, then First Place to Qualify for the National OAA

Kevin Stonehouse put the Polish and Finishing Touches on Blue with Superb Handling, however the best thing about Kevin is how he cares for all his dogs - Wonderfully.

Thanks to Stan Williamson for scouting Blue's three firsts this fall and thanks to Steve McClure for helping with Blue's development.

FC Eleets Colorado Blue

Many thanks to Dave Lincoln, Sr. and Jr. for breeding this great "hunting dog".

TEXAS COASTAL
Houston, Texas
July 19, 2007

Our Summer Specialty show was again held with the Houston Combined Specialty Association shows in the sprawling Reliant Center in Houston, Texas. The weather outside was warm overcast, cloudy and rainy but inside we were cool and excited. We sincerely thank our judges and out of state entrants from California, Colorado, Arkansas, Louisiana, New Hampshire, Arizona and Alaska. We hope you will return next year for this 4-day weekend of shows.

Mr. Larry Abbott competently judged his 10 sweepstakes entries and awarded Best in Sweepstakes to ROCKY RIDGE MAXIMUM RUNNER; owned by Mike Robinson of Arkansas; and Best of Opposite Sex to SPLASH'S IZZABELLE owned by Jerry & Kathy Hogan of Colorado.

Mr. Jon Cole did an excellent piece of judging with 14 dogs, 8 bitches and 8 champions in breed. After

carefully considering all entrants, he awarded Winners Dog to BAYOU ROUGE APACHE RANGER JH owned by Joe Novotny of Louisiana; Winners Bitch, Best of Winners and Best of Opposite to SPLASH'S IZZABELLE owned by Jerry & Kathy Hogan of Colorado; Best of Breed to CH GOURLEY'S ONE HOT TICKET JH owned by Christine Gourley of Arizona.

Junior Showmanship was also judged by Mr. Cole and he selected KAITLYN E. SANCHEZ as his Best Junior Handler from 3 entrants.

A special Thank You to Mike Godin DVM and Melba Lanham, club members who worked diligently during and after the show collecting swabs and blood for the Brittany DNA study at UC-Davis, a labor of love for our wonderful Brits.

Thank you to all who attended our show especially club members Sandy Faulkner; our ring steward; with Barbara Steele assisting; Kris Kieta, Fred Brooks, Larry & Patricia Mankin, Tom & Sandra Shrank, Dick Mantler, Dennis & Jeanne Williams and Jim & Mary Crawford.

AND, we cannot forget our generous trophy donors Nancy Anderson, Michelle Lingan, Steve Hintzel, Steve & Caroline Compton, Fred & Betty Brooks, Breescroft Animal Clinic, Tom & Sandy Shrank, Kris Kieta, Larry & Patricia Mankin and Jim & Mary Crawford. Hope to see you next year!

SUSQUEHANNA Centre Hall, PA July 20, 2007

The Susquehanna Brittany Club held their annual specialty show in conjunction with the Nita Nee All Breed Club on Friday July 20, 2006. President Bob Youngs, Vice President Dan Rein and Secretary/Treasurer Diana Rein were on the show grounds early with coffee and pastries for all of the exhibitors.

The weather was absolutely perfect with a slight breeze, Penn State Blue skies, no humidity and cool temperatures. The Susquehanna Brittany club thanks the Nita Nee Kennel Club and especially their show chairperson, Carol Brown, for the wonderful grounds and hospitality. This all breed club is a true pleasure to work with and makes our day so easy.

In the Junior Showmanship ring, RACHEL KULP won the Open Senior Class and continued on to Best Junior. JACOB OLDAKER won his Novice Intermediate Class. And in the Open Intermediate Class, ELIZABETH SHELLHAMMER took a second place.

In the Obedience ring, Dorothy Moon and HALFMOONS POCONOS PRINCESS won the Novice B class and were within a point of going High in Trial.

BUCKEYE Marion, Ohio July 28, 2007

Submitted by Kristi Anglen

The Buckeye Brittany Club specialty show was held in conjunction with the Dan Emmett Kennel Club All-Breed show in Marion, Ohio. Our July 28th show didn't draw a large entry but as always the company was great and everyone seemed to have a good time. Mother Nature cooperated and the weather wasn't too awfully hot. Our luncheon and raffle after showing provided relaxation and a chance for socializing which seemed appreciated by all in attendance. We had some newcomers to our sport in the crowd and we hope they had a great time and enjoyed spending the day with fellow Brittany folks.

Veteran and puppy sweepstakes judge was Ms. Jeannie Wagner from Ohio. Jeannie has owned Brittanys and Irish Setters and pursues the dual dream just as many of us do. She had an entry of 8 puppies and 5 veterans to go over and said picking her winners was a difficult task. Best Puppy in Sweeps went to CROSSCREEK SANBAR TIME TO CALL owned by Polly West and Wayne Pepin. Best Opposite was COUNTRY ROAD'S BOILERMAKER owned by Karen Stout. Best Veteran in Sweeps was DONMARS LACEY'S FREE SPIRIT owned by Marianne Radloff. Best Opposite in Veterans was CH VOYAGEUR'S TIME LINE MH owned by Kathleen Jones. It's always wonderful to see the senior class strut their stuff again!

Mr. Walter Sommerfelt handled the regular class assignment and I heard several exhibitors commenting that they enjoyed his judging style and his way of going over the dogs. Although a small entry we had majors and plenty of nice dogs for him to choose from. Best of Breed was CH SANBAR'S CALL WHEN READI owned by Polly West and Robert West. Best of Opposite was CH WINCREST COPLEY MELODY OF LOVE owned by Barbara Dayton & Robin Tomasi. Best of Winners/Winner's Dog for a 4 pt major was DELANE ONE ROUGH RIDE owned by Dee & Weston Hempfield. Winner's Bitch for a 3 pt major was COUNTRY ROAD'S TICKET TO RIDE owned by Karen Stout. Special congratulations go out to Dee, Lane & Weston Hempfield on finishing their homebred boy CH DELANE ONE ROUGH RIDE on the Monday following our specialty show.

We had an extra boost from the Dan Emmett Kennel Club this year and their helpers, long-time pro handler Helen George and her partner Jim Witt. They made sure we had plenty of roped off parking, tables for food and raffle and picnic tables in the pavilion for our convenience. The little extras were certainly appreciated! As always our show couldn't happen without the help of club members and the support of the Brittany community and I thank everyone who helps make our little specialty one of the nicest of the summer.

Field Trials

East Coast

Eastern New England

E. Falmouth, MA

May 12-13, 2007

Reporter: Patricia Carney

The Eastern New England Brittany Club spring field trial, held at the Crane Wildlife Management Area in East Falmouth was a rousing success. Our trial was dedicated to the remarkable life of Marge Fitzpatrick who passed away on April 6 of this year. I was fortunate to be able to attend a memorial service that was held on Earth Day to celebrate Marge's life, and there I learned that while Brittanys were a very big part of her life, she also had family and extended family that were every bit as big. It was obvious from the emotional participation by family and friends that Marge was admired and loved by all and will be sorely missed. This was the first trial we were running without Marge and we're trying our best to live up to her standards.

We had some really nice weather for the exhibitors that made the trek from as far away as South Carolina. As always we are grateful for all who entered their dogs in the trial. All stakes in the trial are open to all AKC registrable pointing breeds and it's a pleasure to see our friends with other breeds in attendance as well. Due to lack of entries, the Open All-Age, Open Puppy and Amateur Walking Puppy were not run.

Many thanks are owed to the club members who worked so hard to make this trial a successful event. First of all, many thanks to our field trial chair for this trial... Tania Lewandowski... it's a lot of hard work chairing a field trial, which I am sure Tania can attest to after this trial. A very big thank you to Joe Wessling who stepped up to help restore the fence along some of the area that the Division of Fish & Wildlife had recently cleared. Also, Nancy Dempsey and Rita Poland, aided by Bud Bearse, Loyd Carney, Joe Cavanaugh and Lucille Sawicki, were instrumental in getting dogs and handlers to the line on time. We were fortunate to have both members and non-members to help with marshaling and bird planting that included Ann Marie Tschirch, Anthony Lolio, Ingrid Wedberg, Art Hembrough, Ginny Pratt and Ralph Pratt. Joe W, Ginny and Ralph wore more than one hat for this trial, since they also helped out with the judging.

Congratulations are in order to some of the big winners. GATES OF WACCABUC, a black roan French Brittany male handled by Bill McNamee beat out 24 other entrants to take 1st place in the Amateur Walking Shooting Dog. LOCAR'S INEVITABLE, Brittany female handled by Pat Carney also bested 24 other entrants to take 1st place in the Open Walking Shooting Dog. And Pat Cooke had a very successful weekend handling his Vizla female, UPWIND SHENIPSIT REBEL to 1st place in both the Amateur Limited Shooting Dog and the Open Limited Shooting Dog. Congrats to all.

Happy Hour on Saturday night was organized by Judy Wessling and included contributions from club members as well as non-club members. Many thanks to all who contributed to it's success. It was of course dedicated to Marge Fitzpatrick and all in attendance raised a glass to toast the life of a great and compassionate lady, a true sportswoman.

And lastly, of course, many thanks to our judges who spent some very long hours in the saddle or on foot judging the dogs. Here are their placements:

ANTHRACITE York Pointer and Setter Club May 19-20, 2007

Submitted by James Wilkinson

Our club had to change ground locations due to a conflict with dates. The York Pointer And Setter Club graciously offered our club the use of their grounds. This location change worked out extremely well and we had a very nice entry. We had participants from Georgia, New Jersey, Virginia, New York, Connecticut, and of course Pennsylvania.

The weatherman predicted showers through the weekend. We all know how they predict the weather, wrong. It was partly cloudy - or is it partly sunny? Whatever it was, it was great weather for running dogs.

I can't give a running report of the performances of the winning dogs since I failed to ask the judges for the particulars. Blame me. This I do know, the winners were very happy.

I thank the judges, John and Joanne Perry, Paul Snyder, Helmut Schoen, Jerry Albanese, Gus Allimonos, and Clyde Daubert. Their decisions were well received.

While I'm on the thank you kick I'll keep going. The list is long, Claire Ricci and Joe Sikorski for all the computer work before the trial. They also helped out at the trial doing what ever was needed to do. Ginny Snyder, Larry Hilliard and Nettie Daubert all assisted in the kitchen feeding us hungry people. John McMurry was in charge of bird planting from his ATV, with assistance from Jason Umberger and Paul Snyder. Marshalling was in the capable hands of Les Casselberry and Jeff Currier. Joe and Claire pitched in here also. I can't forget Bob Youngs and Dan Rein as both offered their assistance. Bob was a big help in getting the grounds for us. We appreciate all his efforts, before and during the trial.

Happy hour was in the capable hands of Carol McMurry. Assisting her was Mrs. Umberger, Nettie Daubert and Miss Danielle Perry. I hope I did not miss anyone. The spread of food was excellent.

We thank everyone who supported our trial from near and far. We pray for your safe return home and pray you will return safely to our trial in the fall.

ST. CROIX VALLEY Crow Hassen Park Reserve Rogers, MN May 11-13, 2007

by Brian Lange

The St. Croix Valley Brittany Club held its annual spring trial May 11-13, 2007 at Crow Hassen Park Reserve near Rogers, MN. This year the weather was outstanding. Cool temps and light winds provided excellent conditions with most dogs having bird contact. Sunday started cool with a couple drops of rain followed by clearing skies and warm temperatures. Dogs ran big, covering all four corners looking for more. This year we entertained several handlers new to our sport. I believe we were successful as the bait was taken hook, line and sinker. We all look forward to new stories from the new trialers – not that the old ones are boring. Speaking of hook, line, and sinker, it was the Minnesota fishing open again this year. Michael Pinkosky provided his last years

catch for Friday evening's fish fry. Michael also did the cooking for our trial. Hot lunch all three days and Saturday evening's grilled chicken helped us keep the pounds on. Maybe next year we can diet. Big thanks to Michael for keeping everyone fed. We'd also like to thank NutriSource for sponsoring our trial as well as providing bags of dog food for all placements in all stakes. Our judges were challenged in all stakes as many dogs were worthy of placing. Thank you Frank Lanasa, Dan Erickson, Sam Thompson, John Hancock, Bret Lindback, Carly Thompson-Martin, and Fran Marier. Thank you to John Lindback, Bret Lindback and Alex Ralph for keeping the dog wagon rolling and never having to wait for dogs to be at the line. Thanks to our bird planters, Denise Koslowski and Susan Januschka for planting birds in all the right places. Thanks to all around gopher Fran Marier for jumping in wherever help was needed. Also thanks to Steve Ralph for setting the groundwork for our trial, planting birds, and even driving the dog wagon. Thank you to pros Bob Burchett and Matt Eder for choosing our trial to showcase their clients' dogs. Thank you to all handlers for coming to run your dogs. We appreciate the kind words many of you had for our club and we're glad you all had as much fun as us. We look forward to 2008 and hope the weather is just as nice.

NORTHERN COLORADO

Stoneham, CO

May 26-27, 2007

Our spring trial was held at Stoneham, CO over Memorial Day weekend. We did not have a big entry, but did have majors in our Gun Dog stakes, which always leads to exciting competition. It was fun to watch Mary Devos finish her first Amateur Field Champion. As always, this trial is the fun ending to the

spring field trials held in Colorado, and thanks are due to so many. Our club members are a dedicated group who are present at all the breed trials in the area, competing, judging and helping however possible. Thanks again to all of you for all that you do to keep the sport alive! Also, many thanks for everyone's help after my little horse crash. All the help finishing the trial and helping my husband load up was just more proof of what good people you all are!

MEMBERS OF THE AMERICAN BRITTANY CLUB

Give the gift of a new membership... to give the opportunity to someone to learn about and participate in the American Brittany Club.

This membership campaign is really quite simple, we are asking every member to donate/sponsor a membership in the American Brittany Club. This "gifted" membership might be to a puppy purchaser, or a friend/acquaintance who has a Brittany. All of us encounter people who may just need a little encouragement to become members.

This can work, but it is totally dependent upon your support. Please use the ABC application form in the back of the magazine to enroll a new member today. You may donate/sponsor multiple new memberships. The names of new members & ABC sponsors will be published in the magazine on a quarterly basis.

THIS IS OUR CHANCE TO MAKE A DIFFERENCE!

American Brittany Club Futurities

CONDITIONS AND RULES

- American Brittany Futurities shall be open to every purebred Brittany bitch and all her progeny whelped during the calendar year of January 1 - December 31 and whose litters have been enrolled with The American Brittany Club.
- Bitch must be owned or leased by an American Brittany club member.
- All dams nominated and all sires bred to must be registered or eligible for registration.
- Nominations of dams must be made within 30 days after the bitches have whelped.** A sum of \$30.00 must be paid at this time. This payment will entitle each puppy of this particular litter to be entered in the ABC Futurities (Field and/or Bench) after the dog has been properly registered in a recognized stud book.
- Late nominations subject to a \$30.00 penalty**, in addition to the \$30.00 nomination fee. Applications **WILL NOT** be accepted after 90 days of whelp.
- Nominations of dams may be made on or after January 1 of any year and shall close positively on December 31st of that same year.
- Dogs will be eligible to run in the designated futurity to be held in the Spring of the second year following the year of whelping.
- A final nomination fee will be due by September 15th of the year following whelping and entry fees will be paid prior to each futurity field or bench event the dog enters (to be paid by owner of puppy.)

THE AMERICAN BRITTANY CLUB, INC. is a member club of the American Kennel Club and is the recognized breed sponsor by the American Field.

The Club is composed of many Regional Clubs located from coast to coast. Most hold a licensed AKC field trial for championship points in the spring and fall seasons. Many hold a specialty (conformation) show and hunting tests. The Regional Clubs hold meetings to discuss mutual problems, fun trials, training sessions and other events of interest to their members.

BECOMING A MEMBER: Full membership in one of the Regional Clubs carries an automatic membership in the American Brittany Club. Full Membership cost is \$30.00 per year and \$3.00 per year for each Associate Member. Regional Clubs may charge higher dues. You may apply to join the Regional Club located nearest to you, or if there is none in your area, you may become a Member-at-Large of the American Brittany Club. Joining a Regional Club will afford you with the most opportunities for interaction with other Brittany owners.

GIVE A GIFT MEMBERSHIP: We are asking members to give a gift membership to a puppy purchaser, a friend or acquaintance who has a Brittany. All of us encounter people who may just need a little encouragement to become members.
