AS YOUR DAY WINDS DOWN, HIS PERFORMANCE DOESN'T.

Sporting dog owners are constantly looking for ways to optimize their dog's training, strength, recovery and mental attitude. The performance power of Purina® Pro Plan® nutrition can help.

You'll want your dog's healthy body, sharp mind and amazing instincts to work with precision in the field—so you are a strong, successful team. And Pro Plan® can help your dog continue to work at high levels—even as your day winds down. That's because Purina® Pro Plan® Performance Formula:

- begins with high-quality protein sources including **real chicken as the #1 ingredient**
- **bolsters your dog's protective systems**—immune system, digestive system, and skin and coat, so he can best protect himself
- helps replace amino acids and carbohydrate used during exercise, **for rapid recovery**
- has an **optimal 30% protein to 20% fat ratio** to promote lean body mass and help maintain energy and endurance
- is **highly digestible** for maximum nutrient delivery
- **optimizes oxygen metabolism** so sporting dogs burn fat efficiently.

COLOR

A good bird dog can be any size, any color, almost any shape. The important features for a hunting buddy or a field-trial winner are heart, desire, birdfinding ability, and a great nose.

Why then do we look for specific breed characteristics? Why do we look for a classic Pointer head and a bee-sting tail? Why are there three setters in three different colors? Why, with 11 AKC breeds of pointing bird-dogs, are there 11 different standards delineating 11 different shapes, makes, and colors?

Well, we all like ice cream, but some prefer chocolate and some prefer vanilla.

The 11 breeds were developed by different people in different parts of the world. Some wanted one shape and size of bird dog, and some another; some wanted one color, and some another. These differences can, in part, be explained by the wide variety of terrain and the birds native to each area; still, personal preference certainly played a large part in the development of each breed.

With this much variety, there is surely something to please everyone without muddying the waters by ignoring the standard for the breed that you have chosen. If you don't like the size, shape, or color of the breed that you have chosen, choose another breed rather than destroying the one you have.

The Brittany standard calls for a lightly built, square bird dog between 17 1/2 and 20 1/2 inches in liver and white, or orange and white.

This then makes color one of the essential Brittany characteristics. According to the standard, liver or orange are equally acceptable, and clear or roan are equally acceptable. In either of these color combinations the standard calls for parti-

color or piebald patterns, but it makes no mention of where these markings must be. The other allowable (although not preferred) color is tricolor. Here not only is the color spelled out, but, is also very clearly stated that the markings are the normally accepted tricolor markings. The standard goes on to list these classic markings as "on eyebrows, muzzle and cheeks, inside the ears and under the tail; freckles on lower legs." Thus while a Brittany may be, according to the standard, a tricolor, he may not be a three-color dog—that is, a dog with three colors indiscriminately scattered over its body. Although it is true that black is the only color listed as a disqualification in the Brittany standard, this does not mean that a Brittany can be gray, green, purple, or any of the other colors of the spectrum. After all, the Irish Setter standard says that the breed color shall be mahogany or chestnut-red, and this means that any other color would not be acceptable in the ring, even though the standard does not say "any other color shall disqualify."

So with the Brittany, the colors listed in the standard are the only allowable colors, and the conformation judge should excuse a three-color dog from the conformation ring, marking his book "excused color not allowed by the breed standard."

Whatever the color, a Brittany can make a great hunting partner and a wonderful housepet. Equally true, a Brittany can succeed in the field under 17 1/2 inches and over 20 1/2 inches. Yet the ideal look of a Brittany is carefully described in the standard, and it behooves all of us who love our breed to keep this ideal in mind. It is these distinction that identify the Brittany and must be followed in awarding conformation wins.

Keeping the Brittany forever a dual breed means both promoting field ability and maintaining the essential look of the breed as described in the standard.

Futurity Nomination Deadline Extended for litters born in 2006

The ABC Board of Directors at the 2006 Meeting, voted to: *"Grant a one time exception to the 90 Day futurity rule. Any litter denied entry in 2006 due to the 90 day rule may apply to enter with a late fee of \$90.00"*.

The board intended to encourage owners of litters to nominate and participate in the Futurity.

For owners of litters born in 2006, who may have been turned down for any reason or may have failed to nominate, you now have a second chance to nominate that litter for the futurity.

Litter owners wishing to take advantage of this **one time exception** should send their litter nominations on the 1st Forfeit Nomination form from near the back of the magazine (*this form has been updated for the 2007 litters, but will be acceptable to use when nominating 2006 litters*) to: Judy Robin, 1st Forfeit Secretary, along with fee of \$90.00. This late nomination period will end **July 1, 2007**.

This applies only to litter nominations and does not refer to individual dogs, which can **only be** nominated as part of a litter by the litter owner.

Any questions can be directed to: Marvin Stout, ABC Futurity Chairman at dynamite@comteck.com, or 765-384-7874.

- Reflections -

During the last few months, there has been a movement within the American Brittany Club to try and revitalize a long tradition – The Futurity. 2007 marks the Sixtieth (60th) running of the ABC Futurity. (I did not go back and check to see if there were years it did not run, but at least I know that this is the 60th year of running if there were no breaks.)

The ABC Board of Directors has charged the newly appointed Futurity Committee Chairman, Marvin Stout of IN, of bringing this premier event back to the prominence and respect it deserves. He and his committee will be looking at the Futurity Survey and the membership input as well as overcoming obstacles that have caused some of the recent problems that have resulted in a decline in futurity nominations.

*As you read the 1948 article on the first futurity, keep in mind that "PERCEPTION IS REALITY". We as an organization must believe the premise that the Futurity is a showcase stake for breeders of the finest dogs the breed has to offer. We must participate and nominate our litters of those fine breedings, and we must encourage the buyers of those fine pups to enter and participate in the futurities. Without the belief in our select breeding and without participation, we face an almost insurmountable task of increasing prestige of the Futurity or our litters. We use those litter nominations to help people throughout the United States to find quality Brittanyys. Futurities get new people involved in field trials, conformation, and club activities. If you failed to nominate a 2006-whelped litter, you have until July 1, 2007, to do. Nomination blanks are in the back of the magazine. **Be part of the solution and nominate your litters.***

ABC Executive Secretary*

Brittany Spaniel Futurity

Reprinted from

The Brittany FIELD and BENCH

Vol. 3, No. 2, September 1948

On October 1, 1948, the American Brittany Club held its first Futurity near Detroit, Michigan. The complete report of this trial will be found elsewhere in this magazine. However, this event established the Futurity as an annual fall event, a definite part of the yearly program of the American Brittany Club.

While, of course, the Futurity is of primary interest to the man who is able to bring his young dog along to the point that he is a good enough prospect to start in this national event, Futurity should be of even greater interest to every breeder of quality Brittany puppies. Fortunately most of the American breeders of Brittany Spaniels have had very high ideals and have not been interested in producing anything but the best combinations of bloodlines, subject, of course, to the individual's opinion and availability of breeding services.

Enrollment of your puppies in the Futurity shows a stamp of quality on your breeding program. It establishes evidence that you have confidence as a breeder that these young dogs as they come to maturity will have hunting ability, stamina in the field and the perfect nose that is the hallmark of all good Brittanyys.

Aside from the prospective monetary value of having a dog placed in the Futurity, the price of your surplus puppies is bound to be greater if the litter is enrolled in the Futurity because of the increased value to the purchaser.

We had a great event in 1948; prospects are equally as good in 1949, and the 1950 enrollments are starting now for all matings after October 30th. Every member should support this program and if there are any new owners that you know of who are breeding quality Brittany's urge them to enroll their litters.

If additional nominating blanks are required, they can be obtained from the Secretary, or by writing me direct.

*Walter B. Kleeman, Chairman,
Futurity Committee (September 1948)*

All he really wanted was a hunting dog... He knew field trials were the proving grounds for all age sires and his 2 yr old female showed enough promise that he wanted to breed her at some point in the future. In 1997, with prompting from friends, he flew to Ft. Smith and rode the dog wagon at Booneville seeing bits and pieces of performances by the prominent field dogs he read about in each issue of the ABC magazine. The next fall, he intensified his search deciding to attend a local trial where the string of a brittany professional would provide a multitude of potential sires. The entire weekend he went up and down the chain, pausing at each drop, anguishing over the myriad of variables... range, speed, size, color, etc. The pro didn't want to make the selection anymore than he did, just one more customer that might blame him for a litter that didn't live up to expectations. After much hand ringing and head scratching... he said, "Let's use him". Curious as to how he made the selection, the pro asked "Why that dog?". In an age where breeders spend a preponderance of time looking at paper, the pro was a bit surprised when the owner said "He was the only one that put his head on my leg and looked me in the eye." His female came in heat in early February but the pro was away on his winter training grounds. Contacting the owner, he was excited to learn frozen semen was available. In quick order, all the arrangements were made and an artificial insemination was performed by his local vet. Seven males and a single female were on the ground some 60 days later and the anguish of which one to keep began anew. One by one they were taken away to homes of friends

and hunting associates with a male earmarked to stay with him. The pup lived in the house and got all the pampering, daily walks and socialization needed in those formative months. Since he lived in suburbia, most of his walks were along the ocean shore where the pup took great delight in pointing and chasing sea gulls for hours.

He ran the youngster in a few puppy stakes the following fall and spring but never got a blue ribbon. At 14 months of age, the gangly male was sent to a trusted friend and trainer known to have a great hand with dogs, in fact, he'd started the pup's mom and introduced the owner to field trialing. The trainer didn't see anything really special in the early stages but the pup made steady improvements throughout the summer. When the owner came to pick him up for hunting season, they discussed his progress and mutually agreed to let a local horseback trainer evaluate him as a trial prospect.

The experienced horseback trainer saw qualities he liked... smart, tremendous nose, well gaited and quite around the kennel. Best of all, he was a "builder" ...one that just got better every time down. His derby season was rather unremarkable, as most of the high strung, fly through the country types were taking the blue ribbons. Undaunted, they stayed the course, kept training and worked toward the adult stakes. The juvenile grew into a big powerful adult with an "Electroglide" transmission providing speed on demand, yet the ability to downshift flawlessly when cover needed probing. At the tender age of 3, he was qualified for Booneville but a last minute scratch due to a torn hip muscle that kept him sidelined throughout

the late winter and spring. At 4, he returned to Booneville for the 2003 National Open Championship and captured the runner-up title. JUST CALL ME ROY was no longer an unknown entity. Since that debut, he has accomplished what no other dog in breed history has achieved... 3 National Championship titles in 3 years with 3 different handlers. For owner Tom Ettinger, Ken Cherry handled him to the 2004 National Amateur title, Professional trainer Ben Lorensen handled him to the 2005 National Open title, and in 2006, Kent Patterson handled him to his 2nd National Amateur title. Roy is writing history with every visit to Booneville having run on the grounds a total of 8 times to date between the National Open and National Amateur events. His placement record speaks volumes and those individuals having the pleasure to handle, scout or just watch him perform should consider themselves privileged to be part of breed history that is likely never to be repeated. His record in Booneville to date is as follows:

2003—National Open Championship Runner-up

2004—National Amateur Champion & 4th Place National Open Championship

2005—National Open Champion

2006—National Amateur Champion & 3rd Place National Open Championship

From his early start with professional Mike Roderka of Dexter, Maine, to the string of Ben Lorensen in Corinna, Maine, out of Mark's Pride of Savannah and Martha Greenlee's National Amateur Champion, Piney Run Sam, Roy is indeed what Tom was hoping to get in his breeding... he is a hunting dog! The fact that he does it at all age dimension, speed, and power is icing on the cake.

2006 marks the 20th Anniversary of the American Brittany Club Nationals at the Blue Mountain grounds. The first National Amateur event in Booneville was held on December 1, 1987 with the judiciary trio of Kent Lipsey, Larry McConnell and David Kincaid looking over the field of 57 entries. A quick review of that event revealed some interesting links to the 2006 event.

When comparing the list of handlers in the 1987 National Amateur Championship to those handling dogs in the 2006 championship, there were five individuals, albeit 20 yrs older, still going strong.

1. James Doherty – HiProof Rum Runner (1987) Cooper's Ozark Traveler (2006)

2. Ed Tillson – Beaugarde's Golden Tequila (1987) TJ's Prairie Blizzard, TJ's Thunder, TJ's Apache, Tequila's Jack II, Jayhawker's Tequila With A Twist, Make My Day Dude, Shambo's Dark Shadow (2006)

3. Sue D'Arcy – F&S Count Geoffrey, Ban-Dee Tumbleweed Jill (1987) Countess Cognac (2006)

4. Ray Trimble – Crab Orchard Jet (1987) Brisco's Mr. Stub (2006)

5. Dave Lincoln – Bad Leroy Brown, Linc's Bo-Zip, Gingers Gentle Ben, Renegades Kansas Kid, Trackview's Ramblin Jipsey (1987) Tee Bone, Q-Ball, Double T Belle (2006)

Stan Truska, 2006 NAC judge, ran Tumbleweed's Lucky Penny in the 1987 event.

James Doherty was the reporter of the 1987 championship and scouted all the dogs run by the 2006 reporter, Kent Patterson.

The 1987 Champion was Scott's Gingerbread Lady running in the last brace for owner/handler Scott Hoven. She can be found in many pedigrees of prominent trial dogs over the last 2 decades, especially when bred to Bill Dierberg's 1982 National Amateur Champion, Gun Runner's Far Out. One notable offspring was campaigned by a member of the 2006 judicial panel, Rosco Staton. Rosco captured the 1992 National Championship with newly elected Hall of Fame member, Aux Arc's Mark for owners Frank and Donna Pride of New Portland, ME. Frank and Donna bred Mark to a nice brood bitch in their kennel named Pride and Joy's Accuray. Tom Ettinger took home

the last available female from the litter and named her Mark's Pride of Savannah... now you know the rest of the story.

This stake is the first in a twin bill affair conducted by the American Brittany Club leading to the naming of the National Amateur and Open Champions for 2006. Fittingly, the amateurs go first which creates great anticipation and excitement around both events. The daylight hours are for competition and the evenings full of scheduled social events honoring past champions, notable breed patrons, and club business. As with most amateur events, it makes for an interesting and fun filled week. The 2005 National Amateur Champion, TEQUILA'S JACK II, was honored with a party held on Tuesday night hosted by affable owners Ed Tillson and Bob Rankin. A great meal by Jake and the Bearcat Too staff along with a live band made for an enjoyable evening where attendees from all over the country renewed friendships.

National events of this magnitude take months of planning, generous sponsors, quality grounds, and excellent judges. The months of planning are directed by many of the club's stalwarts... Ron Zook, ABC President; Tom Milam, ABC 1st VP; Field Trial Secretary, Steve Ralph; Mary Jo Trimble, ABC Secretary and Janet Chase, ABC Treasurer. The stake was executed flawlessly by Stake Manager Tom White with help from the field trial committee of Ed Tillson, Ed Kerr, Tom Milam, and Ron Zook. Head Course Marshall Bob Rankin and gallery marshal Joyce Miley were always on the spot to assist handlers or gallery members over the course of the week as glorious weather had the gallery and dog wagon full of spectators.

Purina, Tri-Tronics, Tracker and Christie Enterprises generously supported this championship with dog food, electronic gear and a saddle. These fine sponsors manufacture quality products known throughout the field trial community as products that assist in producing champions. I doubt there was a handler or owner at this year's championship that doesn't utilize one or all of these trusted manufacturers. Purina and Tri-Tronics sponsor the annual 1 hour awards for all age and shooting dogs.

Quality grounds are essential for the credibility of a title of this caliber and there should be no argument that the J. Perry Mickle grounds can separate the field in quick order. Larry McAnally and Clyde "Red" Bailey had the facilities and grounds in great shape along with all the other tasks needing attention when entertaining a group of this size. They performed flawlessly always having dogs available and a welcomed site for the morning and afternoon coffee and donut breaks.

The judicial panel consisted of Stan Truska, Rosco Staton, and Bob Reynolds. These gentlemen have experience at all levels of the sport whether as trainer, trialer, breeder, hunter, or judge. Each has a lifetime commitment to bird dogs and recognizes quality when they see it. They were attentive to all handlers with high standards for the dogs they used. With over 60% of the dogs having bird contact, they rode to points in quick fashion and got on the ground, if need be, to make sure credit was given for birds that didn't want to be disturbed. They were quick in their decisions and fair with all participants. It was a pleasure to ride with these fine gentlemen.

THE WINNERS

Champion – JUST CALL ME ROY – Handler: Kent Patterson

Scout James Doherty released Roy on Course 1 just after lunch under clear skies and temps climbing toward the high 60's. He sailed off breakaway hill and was headed to course 3 when the handler turned him back towards the east. He jumped to the far border and was seen rimming the edge as the trial party of over 50 made the swing north near the big oak. At 11, Roy was standing tall in sparse cover under the shade of oak tree on the left margin of the course. Birds were well located and handled mannerly. Taken to the western edge, he streaked over the hill and was absent to Lick Creek as the brace started to have that special feeling. He crossed Lick Creek in front of the field trial party and shot down the right side where he was found standing on a far fence-line near the service road, his brace mate backing. A large covey lifted as the handler stepped off his buckskin horse. Watered briefly, he was released down a feed strip on the left margin of the course as the gallery headed north. At 30, his scout called point, finding him standing along a hedgerow of multiflora rose. The handler tried one side and then the other before birds exploded to the south, Roy maintaining perfect composure throughout the extended event. Upon release, he continued his cast along the eastern edge of the field with handler meeting him up front at the gap where the course drops down along Hwy 109. He swallowed up large chunks of real estate over the next 15 minutes always showing to the front. At 45, he was seen on a westerly cast along the old corral tree line and shortly thereafter, his scout called point as Roy was found standing on the margin of ground between the tree line and adjacent broom sedge field. A flushing attempt and well handled relocation pinned running birds along the northern border of cover. He was heeled to the front and released at the double gate where he shot to the Hayden Camp river bottom edge then crossed and disappeared into the Hayden woods. At 58, the judges saw him cross the bridge road far to the front with the dog wagon gallery seeing him briefly headed up course 3. His handler gathered him up and made the long ride back to show him to the judges.

Runner-up – SHAMBO'S DARK SHADOW – Handler: Ed Tillson

At over 10 years of age, Shadow was the elder statesman in the field of 61. With his retirement announced post championship, few dogs, if any, can boast the breadth of championship wins found in his list of accomplishments. He's won the big three... National Championship, Deep South Free-For-All and the US Open not to mention a dozen or so more. His hour started at moderate range but grew in dimension as the hour progressed. He was in and out of pocket to Lick Creek then shot to a northern tree line as the entourage turned toward Hwy 109. At 30, he was seen headed west up a tree line that crosses the gallery wagon road. The wagon entourage was treated to a first class find as the scout found Shadow standing 20 yards across the road on the limb find of the stake. Ed spent some time in the cover before the covey decided to head east. He was heeled to the front via a shortcut through the woods and cast toward the Hayden woods. At 50, he was standing in the woods with excellent style. Ed flushed extensively then relocated him but was unable to produce birds. He was released toward the horse bridge to finish his hour and competitive career, going away in style.

TERRA'S CABO WABO – Tom White

Sammy was fast off the hill and seen briefly as we neared the barking dog house. He crossed Lick Creek and went east to a pocket of space requiring some effort to get him pulled out. He streaked down a tree line and crossed to an island of cover at 30 where he was standing. Tom flushed in all directions without success but as the other handler crossed behind the island of cover, several birds flushed wildly. Shot was fired with manners in order. Sammy carried his speed throughout the remainder of the hour being recovered in the old corral area after a brief absence and at time, the handler rode toward the horse bridge in order to gather him up and show him to the judges.

MAXWELL'S WHITE SPIRIT – Kent Patterson

Butch was released into course 2 by scout James Doherty with frost still clinging to the low spots along the river. He streaked down the left side, crossed the levee, and shot toward Riblin Bottom. He was seen far to the front on the northern border of the course at 17 and

was gathered up at the old 109 crossing where he powered to the right margin of the course. At 27, his bracemate had stopped briefly, then moved on along a ring of cover to the west. Point was called with confusion between handlers as to which dog was standing. Butch was found in the center of the cover with birds' well located maintaining excellent style throughout. He was wide across the bottom of the Parish field and flashy along the sweeping lines in the fish hook. In the chute leading back to the Parish field, Kent had his hat in the air with Butch standing in cover on the left of the course. Birds lifted as horses approached with all manners in order. He took the right edge coming back out into the Parish field and was seen on the long tree line along old 109. At time, he streaked down a line back toward Riblin bottoms and had to be gathered up and shown to the judges near the horse bridge.

Day 1

Brace 1: MARJO'S RED RUM-Joe Luisi; CELEBRATION'S TWO OF HEARTS-Paul Katzel

Johnny and Deuce were straining against their collars as the first brace instructions and introductions were completed by Stake Manager Tom White. We left right on time at 8:00 a.m. with both dogs sailing down the hill in 20 degree weather. Neither were seen much until Johnny was recovered at 10 and Deuce at 14 prior to the Lick Creek crossing. Johnny's check in was the one and only time we saw him prior to Joe asking for the receiver at 37. Deuce wasn't seen but a couple of times prior to Hayden Camp and finished the hour birdless.

Brace 2: TJ'S PRAIRIE BLIZZARD-Ed Tillson; GUN RUNNER'S EARTH SHAKER-Bill Hancock

Blizzard took the field on the right and got behind early as Butch headed toward Riblin Bottom. Neither was seen much until 15 as we headed toward Old Hwy 109. Both swung wide along the bottom of the Parrish field and seen infrequently until we entered the fishhook that connects the bottom of the Parish field to the top. Butch appeared to be hypothermic and Bill elected to pickup at 40. Blizzard was seen briefly along the woods edge in the Parrish field with the brace ending just across 109 with no birdwork.

Brace 3: KB'S SHADOW DANCER-Herbert Rea; WINDY HILL SKY ROCKET-Kent Merryman

Dancer is a beautifully marked liver roan and surprisingly easy to see as he moved through the sea of broom sedge that covered the Blue Mountain grounds. Cruise started slowly but picked up the pace as we rode toward Mario's Hill. Both got behind briefly. At 20, Cruise was stopped in cover to the right of the course. He was loose and Kent moved him up prior to flushing, then took him on. He was stopped again at 40 near the Pavilion, Kent flushed and relocated with no success. Cruise had a stop to flush at 52 as Dancer continued to move well up front. The brace ended at 11:30 near the Beaver Dam.

Brace 4: CLYDE'S MICRO-BREEZE- Lisa Podraza; GUN RUNNER'S LADY'S MAN-Norm Ahl

The temps had reached near 50 and most of the heavy jackets were being tossed to the dog wagon as Mike and Lutie began their hour. Lutie got behind early returning from course 3 as Mike was rimming the eastern edge of the course 1. He was standing at 11 inside the wood's edge with Lutie backing. Lisa flushed with no success and relocated. Mike went down course approximately 30 yards and stopped again. Birds were flushed on this occasion with all manners

in order. At 24, Mike was standing on a circle of cover to the west. During the flushing attempt he suffered a breach of manners to end his day. Lutie had a find at 25 with nice style as we crossed the service road. The brace ended early near the old corral.

Brace 5: COMANCHE III-Paul Katzel; TJ'S THUNDER-Ed Tillson

We broke both dogs away from the road on course 3 headed back toward the old corral area on course 1. Thunder wasn't even up to speed before he swapped ends on the nearest tree-line. Birds left, then some more, then Thunder to end his bid in less than 2 minutes. Jet blasted off to parts unknown and was not recovered by the 20 minute mark as we arrived at the horse bridge.

Brace 6: LANE'S END WE-BE CLEAN-Tom Robin; MEGABUCK'S HELL ON WHEELS-John Cross

We-Be was running the front end as the course swings toward 109 with Harley using cover to the west that had him behind early. At the 109 crossing, birds were seen in the air and Harley in the area moving to end his day. We-Be did not appear to be involved and continued to perform nicely as we entered the Parish Field at 30. At that point he began to slow a bit with a possible pad or leg problem. At 54, We-Be was standing in the ditch along 109 with birds flushed from the hill above, all manners in order. At 58, he was pointing with moderate style in cover to the left of the course, moving slightly after shot.

Day 2

Brace 7: Q-BALL-Dave Lincoln; MAXWELL'S BLEW BY YOU-Terry Maxwell

A hard frost and 24 degrees greeted the swelling gallery as Cubes and Chuck flew away from the starting line. Both disappeared quickly with Cubes being the first to return from the west as we rounded the big oak. At 17, Cubes was standing on a line of cover to the east with Dave disturbing a large hard flying covey, Cubes mannerly and stylish throughout the event. As the youngest dog in the field of 61, Chuck had not been seen since breakaway. At 20, Judge Reynolds indicated to Terry we needed to see him. Terry road forward to the next fence line and found him standing. Birds were seen in the air prior to arriving with Chuck mannerly as more flushed at shot. Both dogs were seen sparingly over the next 20 minutes and recovered near the gate. Both navigated Hayden Camp in fine fashion and finished strongly back up the river edge at time.

Brace 8: ORION'S FLOJO-Gary Smith; MAXWELL'S WHITE SPIRIT-Kent Patterson

Butch and FloJo were released into course 2 with frost clinging to the low ground along the river. Both hit the front, crossed the levee and shot toward Riblin Bottom. Flojo was recovering from a recent leg accident but moved well over the early portions of the course as Butch wasn't seen until 15 far to the front on the northern border of the course. Both dogs were gathered up at old 109 with Butch taking the right side and Flojo on the left as we turned toward the Parish Field. Point was called by a scout at 24 near the wagon crossing with confusion between handlers as to which dog was standing. Butch was found in the center of the cover with birds' well located maintaining excellent style throughout. Through the fishhook, both dogs made a wide swing to the gas well pad with Butch extending his cast deep into a pocket of cover to the north and swinging back

up the line of cover to meet his handler at the gap. In the chute leading back to the Parish field, Kent had his hat in the air with Butch standing in cover on the left of the course. Birds lifted as horses approached with all manners in order. Flojo's injury began to take its toll but she showed great determination and grit in finishing her hour. Butch took the right edge coming back out into the Parish field and was seen on the long tree line along old 109. At time, he streaked down a line toward Riblin bottoms and had to be gathered up and shown to the judges near the horse bridge.

Brace 9: COUNT SIROCCO-Sue D'Arcy; TJ'S APACHE-Ed Tillson

Roc and Bandit were away from the horse bridge on course 3 and headed to cover 100 yards down course. Unfortunate for both, the cover contained a large covey that was a bit skittish. Birds crossed the road with Roc in a slow motion chase and eventual stop to end his hour. Bandit had the unfortunate timing of coming around the corner and not honoring Roc's roadside stop. Brace 9 was about 60 seconds in duration.

Brace 10: DOUBLE T BELLE-Dave Lincoln; TRACE OF TIME-Kent Merryman

Belle wasted no time in leaving the hill and disappeared around the curve with Trace moving along the woods edge to the west. We rode to Lick creek never having seen Belle since the breakaway and Dave asking for the tracking receiver. Trace had been sluggish over the early portion of the course and wasn't pleasing Kent so he picked up at 20.

Brace 11: JAKE ACRES IN DISGUISE-Warren Montgomery; J&M's CLARK'S TRADEMARK-Jim Crawford

Scout's James Doherty and Tom Milan turned both dogs loose just across the service road south of Mario's Hill and both disappeared in the sea of broom sedge. We had both dogs with us as we dropped off the hill and parallel the paved Hwy 109. They made probing casts along the lines that lead to the old corral with both handlers working hard to keep their charges up front as we went through the gate and reached Hayden Camp. Scout Milan called point at 25 along the river edge for Clark, then waved it off. Jake was in the area and seen going forward as the scout once again indicated point. Clark was standing as Jim took a stop to flush, more birds lifting at shot. Jake was standing with style at 25 on running birds that Warren eventually got in the air, all manners in order. Both dogs were side by side at 33 near the horse bridge with Jake seen having gone in front of the standing Clark. Jake was collared and Jim flushed with no luck. During the relocation, a group of birds lifted 25 yds to the east. Clark was taken across the horse bridge and moved well until 50 where he suffered a nonproductive as an F16 skimmed the tree tops. The hour was up at old 109.

Brace 12: BRISCO'S MR. STUB-Ray Trimble; TC'S MATCH BOX RACER

Brisco and Rob were away from 109 with Stub being slow to get started and Rob sailing out the front. Stub had a well executed stop to flush at 14 with more birds lifting as Ray shot. Rob continued to move well with a smooth, eye-pleasing gait through the fishhook and back out into the Parrish field. Stub was digging in and hunting the cover intently as we crossed back over old 109. At 35, Rob was seen under a large covey and leashed. Stub wasn't pleasing Ray as we crossed the horse bridge and he elected to pickup.

Day 3

Brace 13: TERRA'S CABO WABO-Tom White; COOPER'S OZARK TRAVELER-James Dougherty

Sammy and Coop were introduced and away at 8:00 am as the

temp hovered in the high 40's. Coop is a beautifully marked roan out of Blaze Dakota Trucker. He probed all the logical places on course 1 through the Lick Creek crossing then took the bottom edge as the course runs north to the service road crossing. Sammy was fast off the hill and seen briefly as we neared the barking dog house. He crossed Lick Creek and went east to a pocket of space requiring some effort to get him pulled out. He streaked down a tree line and crossed to an island of cover at 30 where he was standing. Tom flushed in all directions without success but as the other handler crossed behind the

island of cover, several birds flushed wildly. Shot was fired with manners in order. At 33, Coop was found by scout Warren Montgomery on an edge of cover to the east of the service road with excellent style. James stepped into the cover and began his flushing effort with Coop moving up about 5 steps to end his bid. Sammy carried his speed throughout the remainder of the hour being recovered in the old corral area after a brief absence and at time, the handler rode toward the horse bridge in order to gather him up and show him to the judges.

Brace 14: DAKOTA ALLEY CAT-Bo Ackerman; TEE BONE-Dave Lincoln

Tiger and Tee shot straightaway and crossed the levee in a hurry. Both were ahead over the first 10 minutes with Tee standing at 11 on cover to the left of the course. As Dave approached he suffered a breach of manners and was collared. Tiger regained the front at 12 and showed well across 109 and through the bottom of the Parish Field. He made an impressive showing through the fishhook as he hit the woods on the right and showed well ahead on the gas well levee. He was lateral as we exited the fishhook into the top of the Parish field and pointing near the dog wagon as Bo moving a small covey to the west. Taken on he made a nice move on the right edge then crossed out into the broom sedge as we crossed back over 109. He was seen headed up a tree line toward the horse bridge at 50 and was returned from the front to end the hour.

Brace 15: HOLLIWOOD MAGIC MAN-Robert Szymanek; ORION'S TEXOMA SUPERSPORT-Gary Smith

Magic and Sport made it past the immediate and now infamous course 3 "crash" covey Both were a bit erratic over the first 5 minutes but began to settle down as we went through the bottleneck woods. At 14, Gary had his hat in the air with Sport standing to the left of the course. Birds were seen sailing south with Sport in full pursuit to end his effort. At 20, we neared the viewing Pavilion and Bob had seen enough, electing to pickup.

Brace 16: WINDY HILL FLY BY-Kent Merryman; KINWASHKLY DAKOTA MOLESTER-Ken Seivert

The dog wagon was full and the horseback gallery larger with the temperature reaching 60. Buzz and Lester worked the logical objectives and cover over the early portions of course 1. Neither making any extreme moves but systematic in their coverage of the available space. At 28, Lester was stopped along the service road with nice style as Ken moved a covey to cover across the road. Both dogs continued at moderate range to 52 where Buzz was seen moving with birds in the air. Lester finished the hour at the horse bridge.

Brace 17: TEQUILA JOKER'S JOSE CUERVO-Clem Little; SMARTYES-JOKER-Steve Ralph

Both dogs went right at the breakaway but returned in time to cross the levee and hit the gap in front of their handlers. At 10, Jordan was standing stylishly on the left margin of the course with Steve flushing extensively to no avail. A well executed relocation pinned the birds 20 yards further down the line of cover. Jose regained the front as Jordan was released toward old 109. Both dogs took the right edge

as we crossed the road but cut the cast short in order to regain the front as the handlers rode toward the bottom of the Parish field. At 30, Jose was standing in a feed strip 20 yds to the right of the course with Clem unable to move any game. Both were still carrying their speed through the fish-hook and found standing at 48 as we cross back over old 109. Jose pointing and Jordan backing. Clem got a running covey in the air and both dogs remained stylish and mannerly. At 55, Jose stopped on the edge of an island of cover with Jordan backing. Clem moved birds off to the right with both dogs handling the situation well. Both dogs were going away at time.

Brace 18: BOURBON XIII-Dale Pool; LINVEL'S ACE OF DIAMONDS-Paul Pollock

Al and Ace were the 2nd pair of dogs to be victimized by the course 3 "crash" covey. 1 minute into the brace Dale called point for Al. Ace was seen going by without honoring, Al then moved to end his opportunities.

Day 4

Brace 19: SHAMBO'S DARK SHADOW-Ed Tillson; HOLLIEWOOD BRUISER-Robert Szymanek

Shadow's hour was recounted previously. Bruiser ran one of the more consistent, forward and flowing races on course 1. As he crossed the service road near the horse bridge, the hour was up. Bob rode around the corner to find him standing.

Brace 20: TRAVELERS REIGN OF TERRA-Tom White; WHITE MOUNTAIN SMOKE-Dale Pool

Terra and Bud were away from the course 2 mark in fine fashion and headed right along the river edge. They crossed in front of the handlers on the levee and turned toward old 109 getting behind as the handlers rode through the tree-line gap. Both moved well toward 109 taking the right line of cover that tends to pull dogs down into a pocket of space that 9 times out of 10 causes them to come from behind. To their credit, both broke the cast off and regained the front quickly. At 28, Bud was standing in woods on the right with Dale flushing wide to no avail. Taken on, he had to be gathered up and taking down into the fishhook as Terra made a big move to the west, swinging to the front easily. At 45, Bud was pointing and Terra backing stylishly as birds were put to flight towards the woods edge. Upon release Bud went 50 yards towards the woods edge and had a stop to flush. Terra was standing at 53 out in the broom sedge, Tom flushed wide, relocated, then elected to pickup. Bud finished nicely across old 109.

Brace 21: BOUNCIN BETTY-Bill Burton; TEQUILA JACK II-Ed Tillson

Betty and Jack are powerhouse dogs and both had their sneakers laced pretty tight over the early portions of the course. Both scouts were being put to good use as they attempted to get them lined out and on course. Things had settled down a bit by 10 as we headed toward Mario's Hill. At 15, point was called for Jack along a tree line to the right of the course. Betty was in the area and got the rope for not backing. Ed flushed and flushed with no results. Jack was relocated and moving when a judge saw a bird get up far down the line. Ed stopped him and shot. At 35, Jack was stopped on a strip of Egyptian wheat below the viewing pavilion. No game was moved and Jack was taken on toward Gas well hill. He had an extended absence between 38 and 55 and came from behind with Ed deciding to pickup.

Brace 22: TLM RAMBLING SAM-Tom Milam; JUST CALL ME ROY-Kent Patterson

Roy's hour was described above. Sam is a handsome roan dog that hit the logical objectives over the early portions of the course. He

crossed Lick Creek and was backing at 28 with excellent style and manners. He slowed a bit as we reached the old corral area and Tom elected to pick up near the gate.

Brace 23: MO-DAN'S BELIEVER-John Cross; TOBACCO ROSE II-Ed Kerr

Buddy and Rose were side by side as they shot across the levee and disappeared into the expanse of broom sedge. Buddy was down in the corner of the first field with the scout rimming the edge to bring him up as we turned toward old 109. Rose regained the front coming from the south with Buddy coming out of the woods on the northern edge of the course. Both had trouble maintaining the front with the abundance of cover toward the Parish field. Rose came from behind at 30 and Ed elected to pickup. Buddy was standing in the broom sedge to the left of the course at 31 with John flushing wide. A relocation effort did not produce game and we headed for the fishhook. By 55, Buddy had shortened and John elected to pickup.

Brace 24: JAYHAWKER TEQUILA WITH A TWIST-Ed Tillson; GAMBLER'S JAZZ-N IT UP-Ed Janulis

Taryn shot straight away down course 3 with Jazz liking the space back up course 1. Both handlers and scouts were working overtime to get things gathered up and headed in the right direction. Taryn was seen briefly on the backside of the old corral with Jazz regaining the front as we neared Mario's Hill. Taryn's scout called point at 20 on a feed strip south of Mario's Hill, Taryn displaying excellent manners through flush and shot. As we passed the Pavilion, Jazz was to the north along the woods edge with Taryn on the south. At 40, Jazz was stopped on an island of cover near Lover's Bend, a flush and subsequent relocation effort did not produce game. As Jazz was brought forward, he stopped on a strip of lespedeza. Ed moved a large covey, Jazz remaining staunch throughout wing and shot. At 50, Taryn had disappeared in a pocket of space bordered by water and regained the front at 55. Both hit the next field edge with Jazz to the west on a feed strip. He was credited with a stop to flush at 58. Taryn was stopped at time with Ed unable to produce any game.

Day 5

Brace 25: LANE'S END BOWTIE ANNIE-Tom Robin; COUNTESS COGNAC-Sue D'Arcy

Friday morning brought clear skies and temps in the high 40's as Annie and CC were released to cover carrying heavy dew. Both dogs were lateral and at moderate range to Lick Creek. They shot down a line to the east and were found at the service road with Annie pointing and CC backing. Annie moved up as Tom began to flush to end her bid. CC was taken on and hunted the cover over the next 20 minutes. She was standing near the double gate with Sue flushing extensively leading to a relocation effort did not produce game. She continued at moderate range over the remainder of the hour that ended at the horse bridge.

Brace 26: SPECIAL ATTRACTION-Dale Pool; MEGA SMOKE LIMITED EDITION-Tom White

We broke away at 9:15 with Sly and Ted taking the right to the levee. Both spent time in cover to the north and regained the front in Riblin Bottom taking the right edge to the gap. At 14, Ted was stopped just off the course as Tom was unable to produce game in heavy cover. Both dogs started down the north line as we crossed old 109 and had to be pulled out as the course swings east. Sly suffered a nonproductive at 30 along the bottom of the Parish Field. Ted wasn't pleasing Tom and he picked up at 33. Sly maintained good speed and worked the left margins of the fishhook switching to the right side as we

entered the Parish Field. She wasn't seen after she made the cast to the east and at 53, Dale elected to ask for the receiver.

Brace 27: HI POINTS CLEAN SWEEP-Kent Merryman; MAXWELL'S CHARISMATIC-Terry Maxwell

Hoover and Jack were away on course 3 both working off the nervous energy by streaking up course 1. Handlers waited at the Hayden Camp road intersection as scouts went to work. Jack was the first to return with Hoover taking a bit longer. Both were forward through the series of fields leading to Mario's Hill. Jack was seen by Judge Truska running an edge to the front near the pavilion with Hoover working cover on the left margin of the course. As we topped Gas Well Hill, Hoover was seen under a nice covey to end his day. At 45 near Lover's Bend, Jack was found up front standing stylishly, birds flushing as Terry approached. Taken on, he maintained the front until we reached the Beaver Dam where he was pulled from cover to the west. He was out of pocket over the last 8 minutes of the brace and recovered within time.

Brace 28: MR. MAGILACUTTY-Dale Pool; TJ'S SINGLE SHOT OF SCIPIO-Tom White

Mick was moving well and maintaining the front as we neared the barking dog house. Emme was seen infrequently but found standing at 12 by her scout on a line of cover along 109. She handled everything with style as Tom disturbed a small covey. Both dogs stayed busy as we crossed Lick Creek and hunted the long lines that lead toward the drop off on course 1. They were seen sparingly through the old corral with Mick being out of pocket to 50 where he returned with a torn pad that was bleeding. Dale elected to pickup. Emme had a find at 52 in Hayden Camp on a large group of running birds and then finished with a stylish find on the course 3 "crash" covey that seemed to be growing bigger as the days went by. 25 to 30 birds lifting as Tom fired. She finished nicely just short of the horse bridge.

Brace 29: MAKE MY DAY DUDE-Ed Tillson; MAXWELL'S GUNSMOKE-Kent Patterson

Dude and Pete shot down the left edge and were throwing gravel as the crossed the levee. Dude was the first to be seen at 7 in the 3rd field as Pete remained out sight until 13 and returned from the left margins of the course. At 20, Pete was gathered up and at "heel" waiting for the judges and gallery to cross old 109. He was released up the left margin and streaked out the front as Dude worked cover on the north side of the course. Pete was wide across the bottom of the Parish Field with Kent riding to the east to gather him up and shoot him down through the fishhook. He made two wide swings on the western edge of the property and shot out the front. Dude worked the eastern tree line and went to the right side of the course as we came back out into the Parish Field. Dude was standing with style at 44 as Ed flushed a small group of well located birds. Pete was on a deep probe to the north as the gallery rode all the way back to old 109 where Dude had made a long cast to the old 109 tree line and found standing. As Ed was flushing, Pete came sailing down the line from the north and failed to honor. Dude's stand was barren and just across old 109, Ed elected to pick up.

Brace 30: JAYBIRDS I.M. BUCKWHEAT-J.P. Cleland; J&M PETE'S TURNIN' TRIX-Jim Crawford

Both dogs were away on course 3 and immediately found the "crash" covey. Trixie made it through the event with all manners in order, Buckwheat wasn't as fortunate. Taken on, Trixie made ambitious moves that got her behind at times. As we approached Mario's Hill she shortened considerably with Jim electing to pick up.

Day 6

Brace 31: HARLAN COUNTY COWBOY- David Medford

Saturday morning brought fog to the Blue Mountain grounds so the last dog wasn't released off breakaway hill until 9:35

a.m. He settled in quickly and was flashy along the lines that led to the big oak then made a big move down the long tree line that leads toward Lick Creek that had him out of pocket until the 17 minute mark. He returned at Lick Creek and went left to a pocket of cover with the scout working to pull him out. At 22, he rounded an island of cover and birds were seen sailing to the south. The party rounded the cover to find him standing with style. As David stepped off his horse, Cowboy moved up, a bird lifted, and the championship ended.

Thanks, Kent Patterson, for the superb job in handling Roy to his third National Championship. Kudos to scout James Doherty as well. But Roy's success wouldn't have been possible without the skill and patience of Ben Lorensen. He recognized Roy's potential early on and developed him into a remarkable bird dog.

Blending the best ...offering both looks & performance.
 A bitch with presence: Ch Marsport Mustang Marki. "Marki" offers you a pedigree that supports her elegance. "Marki" is to be bred to: Ch. Cimmaron's Set 'em Up Joe, a young male who I believe is truly stunning. "Joe's" pedigree includes multiple show champions, 3 DC, and 2 Fld. Champions. All field winners with AA wins & OFA'd.

Marsport Brittanys...30 years of success
 John Marsman 269-699-7559

Ch Marsport Mustang Marki - OFA

"Marki" is stunning in both the field (as a hunting companion) & show ring. "Marki's" sire "Jonnie" was ranked #1 during 2003, 2004 & 2005. Currently winning BOB (brought out of retirement) at the 2006 Eukanuba with "Marki's" sister, "Eve" awarded BOS.

Ch Cimmaron's Set 'em up Joe - OFA "Joe"

A spirited, happy boy who will work for anyone who has his lead but prefers to go home with his owner. "Joe" is ready for the obedience ring and should be competing soon. A proven stud with a new show Champion son (who finished with 4 majors at 15 months), another show pointed daughter, and an additional daughter with juvenile field points, all in his first breeding.

Steve Ralph, Webmaster - email: blazin@pro-ns.net

The club is composed of many regional or local clubs located from coast to coast. Most hold a licensed AKC trial for championship points in the spring and fall seasons. Many hold a specialty (conformation) show also. The club holds meetings to discuss mutual problems, fun trails, training tips, contests and other events of interest to their members. The purpose of the American Brittany Club is to promote cooperation and friendship among all Brittanys and to strive to keep it forever a "gual dog".

The American Brittany Club holds their National All Age Championships in the spring and fall seasons. This championship is held in conjunction with the National All Age Championships in the fall. Following National trials, participants may qualify for the National Amateur Gun Dog Championship, the National Amateur Pointing Championship, the National Amateur Duck, Grouse, Woodcock and a Gun Dog Classic Championship. A monthly magazine is published for members and is of regional interest. The magazine contains reports of trials, shows, and club activities as well as

Rescue Brittany Receives ACE Award Honorable Mention from AKC

The ACE award is designed to commemorate loyal, hard-working dogs that have made significant contributions to their community. Awards are given annually to dogs in each of the following five categories: Law Enforcement, Search and Rescue, Therapy, Service and Exemplary Companion Dog. Collectively, they will each have received a cash award and an engraved sterling-silver collar medallion at the AKC/Eukanuba National Championship held this past December in Long Beach, California.

GENEVAS LADY HOLLY CD, RN – ILP#153281, owned by Sandy Davis, received an AKC 2006 Honorable Mention ACE Award in the

Law Enforcement Division for her work at Geneva Fire Department in Geneva, Illinois. Holly has taught close to 500 preschool children how to stay fire safe by demonstrating “*stop, drop and roll*” and “*crawling low in smoke*.” Holly’s nomination came by way of the written responses of some of her preschool students:

“*Holly is a good listener.*”

“*Holly showed me how to roll.*”

“*Holly shows me how I’m supposed to be when I crawl.*”

“*Holly says I have to keep my head low so I can see and breathe better.*”

“*Holly can teach me.*”

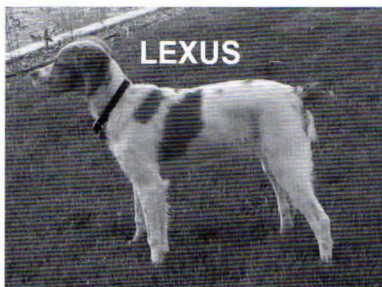

Holly is a rescue dog who has come a long way in her training. She would rather have her nose to the ground and roll over smelly stuff, but she does love the kids and the attention. Holly is also AKC Canine Good Citizen certified and is affiliated with Therapy Dogs International.

Holly also gained her Rally Novice title with her third qualifying score at the 2006 American Brittany National Specialty. Sandy is very proud of Holly’s accomplishments and says, “*There are many Brittany’s out there in homes via rescue groups who could also take part in trials like mine has. I’m hoping that others will take that opportunity.*”

Holly is an owner turn in, her parents were American and French Brittany’s thus the black nose. Sandy decided that amputation of an adult’s tail was out of the question, thus the long tail.

Standard Magazine Mailing Information

from Linda Langford, ABC Membership Database Chair

• If you have questions about your membership, my preference is to respond by email. (Since I work in an office during the day, I do not have access to the database at that time.)

• Magazines are all mailed at the same time, not on a staggered basis.

• The mailing date of each issue is posted on the ABC website at <http://clubs.akc.org/brit/ABMagazine.htm>. After the bulk mail gets into the postal system, we cannot explain why some pieces arrive on a timely basis and others arrive later. (Recently, I've been getting two issues, and they can arrive up to a week apart.)

• The rates are \$30 per year with a full membership and associate memberships are \$3 per year. First Class subscriptions are available in the US & Canada, the rate is \$50 per year.

• Regional Club Secretaries or Treasurer's should use the Regional Club Memberships forms which can be found at <http://clubs.akc.org/brit/forms/>

• If you wish to have First Class postage, (if you already have a membership and want to prorate the remaining months to be first class, you can prorate the additional postage at \$1.67 per issue.) Send your checks or requests to ABC Memberships (Linda Langford, not Dee Hempfield who is the Managing Editor):

PO Box 1945, Pelham, AL 35124

Email: ABCMemberships@yahoo.com

Fax: 501-665-6786 • **Phone:** 205-790-2133

• If you get multiple issues and would like to only receive one, let me know, and I'll put one of your subscriptions onto a "NO MAIL" status.

• The date that appears on the first line of the label reflects the last issue that will be mailed until a renewal is received.

• If you send an inquiry to ABCMemberships@yahoo.com be sure to add the address to your address book so that any replies do not go into your spam folder.

American Brittany Club Pheasant Classic/Championship

September 25-29, 2006 • Dave Tech Ranch, Bonesteel, South Dakota

Reported by Leslie Andreas

Pictured above, left to right: Judge Gene Salmons, Chad Holman with Runner-Up PERFECT TIMING, Tom Tracy Jr. with the Winner CHANCY JACKPOT LOTTO, and Judge Bill Nadeau.

The American Brittany Club's 2006 Pheasant Championship took place at the Dave Tech ranch a few miles outside of Bonesteel, South Dakota from September 25 to 29. Sixty two competitors were entered; a total of 61 went to the line.

The grounds were in amazing shape, considering that the South Dakota summer temperatures hit record highs. Watching the American Field, and seeing many championships in the state cancelled because of the fear of fire, I feared the worst. Timely rain came in August and the cover grew lush and green again. And these grounds are as good as it gets when they are at their best. Picture rolling hills dotted with fat, black Angus cattle, big draws with trees just showing a hint of yellow, outlined against the occasional splash of red sumac, and well tended hay meadows, soybean fields, and feed strips of milo, designed to attract wild birds and hold released birds. In addition to the land of Dave Tech's, we owe a debt of gratitude to ranchers Bob Viktoria and Jim Selle, who allow us to use their scenic and game covered holdings. Pictures are worth a thousand words, so I am enclosing a few shots of the breakaways of each course.

Our judges for the event were Gene Salmons, Liberty, Illinois and Bill Nadeau, Osage City, Kansas. Gene is well known and respected in the Brittany world both as a competitor and a judge, while Bill runs in longtail trials and judges regularly in all types of trials, with many a championship judged between them. Their experiences would give them much insight as they spent long hours in the saddle over the five days' running. They were rewarded with about as good a championship as it would be possible to have. The placements were well recieved. Many dogs presented them with good and even great hours. It sure makes for easier riding and writing when there is so much quality work spread out through the week. Some dogs that didn't get posted might have been in the money other years.

The host club is the Ringneck Brittany Club, a member club of the American Brittany Club. At the regular trial the weekend preceding, the rains came down in buckets. The ground was sloppy and footing poor, but by the time the championship got going, it was already drying. Our gracious landowner Dave Tech, is always good to us, providing hay for feeding horses, raising birds for

release, and going above and beyond to provide towing services to RV's and horse trailers, to get them onto the grounds. Some of us parked at the roadside and "commuted". The championship was blessed to have better weather, with only part of one day spent in a light drizzle.

Our sponser, Purina, as always, provided their quality products to the winning dogs as well as to everyone who entered. Without the support of the fine people at Purina, one would have to wonder how long the championships would thrive. Another sponser, Tri-Tronics, showed their good will in donating a training collar to the winner. (Also presented was a great painting of pheasants flushing, which I am sure Joyce and Vic will look at for years to come, and wonder why this was the year they didn't come to the championship!)

The people who put on the trial are to be applauded for a job well done. Kristen Tracy was a welcome addition to our working members as she brought in delicious lunches at noon every day. Ken Seivert, Randy Walth and Ron Walth, and Rob Rohner all split the marshalling duties, dog wagon driving, provided coffee, soft drinks and sticky rolls at break time, and released birds on the courses each evening. Unseen help was Janet, Ken's better half, who did the computer work and sent out the premiums and helping Ken behind the scene with all the details that need to be taken care of both before and after the trial.

The American Brittany Club's concept of game bird classics, to be held around the country on a bird that is commonly found in that area, was to give field trialers the opportunity to compete on their own terrain on a familiar game bird. These classics have evolved into championships that are second in prestige only to the National Championships. The first classic ever held was the Pheasant classic in 1960, hosted by the Golden Empire Club in California. One of the stipulations that the American Brittany Club has is that the champion must point the game bird named in the title of the stake in order to win. Since the grounds here in South Dakota also have abundant sharptail, and prairie chicken populations as well as a few quail and Hungarian partridge, not all the finds will be on pheasant. Wherever possible, I have named the game bird involved where it has been worked by a dog.

THE WINNERS

Claiming the title to add to his many laurels is CHANCEY JACKPOT LOTTO, owned by Vic Williams and Joyce Roberts, of Georgia, and handled as always by Tom Tracy Jr. of Kenbridge, Virginia. Chance drew the second course on Thursday morning with near ideal conditions for finding birds. He would put on a formidable performance, front running at the limits of the course but handling and showing where you would want to see him. His bird work was crisp, with two stylish pheasant finds. With the competition of many dogs getting around with credible hours, (and some that were incredible), only a dog with much virtue and no flaws was going to win. And that is just how Chance did it. It was with an exciting hour of all age intelligence and pure bird dog purpose that made Chance the 2006 champion. Runner-up, just days after winning the title at the American Brittany Club Prairie Chicken Championship, was PERFECT TIMING, owned by Tony Vescosco, Michigan, and handled by Chad Holman, Whittington, Illinois. Ty's performance was one of perfect application, power and bottom end. The only thing keeping him from the title was his sole find was on sharptail rather than pheasant.

Third place went to BILLY'S RANDOM TASK, owner John Hall, handler Chad Holman with a very wide all age race and a stylish piece of work, again on sharptail rather than on the named bird, and fourth was SMARTEYE'S JOKER, owner Steve Ralph, Forest Lake, Minnesota, handler Jim John, Yates Center, Kansas, with multiple finds on pheasant and a hard driving, smart, forward race. Billy and Jordan were braced together and although they were separated for much of the hour, the finish of both dogs driving forward as hard as they started after an action packed hour was a sight for sore eyes.

2006 American Brittany Club Pheasant Championship, hosted by the Ring-neck Brittany Club in Bonesteel, South Dakota

Beginning September 25, Monday, with warm and sunny conditions.

Brace 1: KB'S SHADOW DANCER (John) & TC'S MATCH BOKS RACER-"Rob"- (Downing) Breaking away under pleasant conditions, a mild temperature, sunny skies, the morning dew glistening and the distant flush of many pheasants congregated in the cover surrounding the dam. Both dogs were in the vicinity of the birds and showed great interest in their flight. Dancer displayed good manners on a single quail find at 9. Dancer was doing a good job on the ground. Rob showed a lot of hustle and applied himself to hunting. At 29 Dancer posed with regal style on point in the first draw of the big hay meadow. Rob was cautioned to back. A large rooster was flushed. Just over the hill, after release Dancer would again encounter this bird, this time not so correctly-and was picked up. Rob continued on, dropping into the long draw on the right, then showing to the front to finish at a moderate pace, with no birdwork.

Brace 2: TAR'S RISING STAR OF DESIRE (Garrow) & PJ'S COUNT DE ARCHIE (Tillson) Archie chased a rooster just over the first hill with the judges not in a position to see. Star broke away and began a short looping pattern. She did not line out til half-way through the hour. Through the thick crossing near the artesian wells, Star was handy, Archie not showing again until we had punched out the other side. At 31 minutes, Al called point with sharptail lifting on

Winning handler, Tom Tracy Jr., with Champion, Chancy Jackpot Lotto.

their own in front of Star. She began running better following this find, with some big moves along the edges of the hayfield. At 42, she scored a pheasant find with all in order. Archie had some good moments, but did not string them together well. Ed picked Archie up just short of the hour, while Star finished modestly. Chad Holman scored the most exciting "find" of the hour when he heard, then spotted a rattlesnake while riding in the gallery.

Brace 3: HARLING'S BRETON SMITH-(Holman) & BRISCOE'S MR. STUB (Trimble) Neither handled the rapidly warming conditions well, and ran short of the standards of an all age championship. On a high ridge, Bret pointed with Stub backing, with no birds produced. Only a minute later, Stub established a stand but moved on to the front when Ray tried to relocate him. Watered at a stock tank, Bret revived and moved out more. Stub pointed in a weedy patch. When Ray failed to move a bird, and was taking him out of the area, his scout rode up the pheasant. Near the end of the hour, Bret pointed on the uphill side of a long draw, and needed to be relocated. Ray and Stub caught up and worked the downside of the draw. Both dogs were birdy and appeared to be working scent of a running bird, but the hour ran out with nothing pinned.

Brace 4: REBEL JAC'S HAMMERING DANDY (Holman) & LINVEL'S ACE OF DIAMONDS (Tracy) Ace and Jac showed early speed and purpose. Ace was credited with a find on a running pheasant, and although the handler was unable to flush the bird, it was seen by the judge. Ace had an all age race, seen "just enough" with Tommy pointing him out to the front. At 44 Ace scored a good pheasant find in a plum thicket. Jac had a non-productive at 49. He had a flat spot midway through the hour, but rallied and had a very strong finish down a likely draw. Ace caught the front after his find, and also put on a good show to finish well out front down the same draw.

Brace 5: GRAND JUNCTION JAKE (Holman) & DAKOTA ALLEY CAT (Tracy) Jake stopped simultaneously with a bird flushing at 25, but his race was not up to Chad's expectations and he did not finish the hour. Tiger made one big move in the gully to the right, but got loopy and appeared from the rear several times. After an absence he showed up at 32, and Tommy threw in the towel at 44 minutes.

Brace 6: MAKE MY DAY DUDE (Tillson) & FAR SIDE A. J. (Garrow) A.J., a quick youngster, liked the timbered bottoms and was spotted moving effortlessly through them. After a fair absence, he was brought forward, but soon dived back into the woods again, this time he was gone for good. Dude was a bit slow to start, not liking the Angus cattle, but warmed to the task as we left the bovines behind. When he did get out, he was reaching well forward to likely areas with a smooth effortless handle on him. At 44 in a grassy finger running into the hayfield, Dude recorded a pretty find on a pheasant. He sustained his momentum to finish near the large dam.

Posted for the day : TAR'S RISING STAR OF DESIRE, LINVEL'S ACE OF DIAMONDS, and MAKE MY DAY DUDE.

September 26th Tuesday, the weather is beautiful, warm and sunny.

Brace 7: PERFECT TIMING-(Homan) & THE ROCK-(Tracy) Breaking away on course one, with idyllic conditions, Ty was soon digging in to the draw to the left. Rock also got down to business quickly with some good casts. Ty was briefly out of pocket, but when returned to the course, immediately went forward with what could be considered perfect application. He began a brilliant move in the deep draw starting at the large am, carrying forward with good momentum the length of an entire field. Rock was putting down some pretty good moves himself on the right side of the course. At the beehives, both handlers

Breakaway course #1.

gathered their charges for the ride up the hill to the big hay meadows. Ty really impressed by rimming the edges of all the objectives, pointing at 37 along the soybean field where sharp-tail have often seen rising. None were home today--the stand was unproductive. At the same time, Rock scored a nice find on a pheasant in the big island. All age races from each dog continued as we entered the pastureland across the roads. At 47, Ty pointed with a wild flush from a sharptail. At the finish, Ty was flying to the front down the draw to the right. Rock also had plenty of steam left, and was giving it all he had when time was called. It was a good brace of all age dogs.

Brace 8: LANE'S END JESS N TIME (Down) & DIXIE KID ULTIMATE ATV (Tracy) Jess was wide from the get go, and was seen sparingly in the early portions of the course. "H" settled early into a gun dog pattern, and when he did not improve, he was leashed at 17. Point was called for Jess at 19 with a rabbit produced. At 23, she scored a nice pheasant find. At 31, she stopped to flush on a sharptail. At 47, she scored a sharptail find in a grassy finger and added another at 49 in the next grassy finger. In hunting mode, Jess finished rather close compared to her earlier vigor.

Brace 9: GAMBLER'S GOOD DEAL (Holman) & SHADY'S BEANSTALK (Berneathy) Billi had his directions scrambled and needed to be gathered and put on course following the breakaway. Jack ran a medium shooting dog race, hunting the treed bottom thoroughly. At 41, he pointed in a grassy finger. A relocation attempt yielded a dead quail. At 54, point was called on Jack at the end of a ravine, while his brace mate's handler was calling point in a feed strip 50 feet away. Chad moved Billi up several times, but no bird was produced. Time ran out with each dog trying to pin a bird without luck.

Brace 10: SMOKEY'S MAGIC (Holman) & BADA BING (Garrow) A warm sun beat down on us, with temperatures rising to 80 degrees. Jag did some reaching hunting in the first thirty minutes, but lost his wheels, and went to the wagon at 32 minutes. At 4 Bing pointed along a feed strip. Relocated, he quickly re-established at the end of the row. Luck was with Al. He was able to effortlessly flush a big rooster in front of the staunch dog. At 9, Wade Haines (Chad's scout) called point for Bing, in a feed strip while looking for his own dog. Nothing was produced with Bing bullying off when a relocation was attempted. Not wanting to handle he was leashed and sent to the dog wagon.

Brace 11: RUJEM'S FIELD OF FEATHERS (McGee) & TEQUILA JACK II (John) Feather, a veteran performer of many years, battled the ravages of age and heat, gamely trying but ending her challenge at 32 minutes. Jack, on the other hand, impressed with an all age race and great staming, going places no other dog had been to in a fruitless effort to connect with birds. He had not been seen for about 10 minutes at time, and a tracker was required to locate him.

Brace 12: BLUEWATER GUNS A BLAZIN' (Down) & T.J'S THUNDER (John) Gunner and Thunder charged forward following breakaway. Taken to water at 30, just as the course turns left, Thunder would take the wooded draw while Gunner was seen flying across the valley and two hills way with speed to burn. He whirled and pointed with the bird leaving on its own a few seconds after point was established. What followed was not properly executed. Thunder could not

line out and get anything going. He was up at 50.

Posted dogs for day 2: PERFECT TIMING, THE ROCK, and LANE'S END JESS N TIME

Wednesday, Sept. 27, a cold front had moved in, with a chilling wind, temperatures in the mid 40's, overcast and by noon, scattered showers off and on. Scenting conditions were great though!

Brace 13: JAKE ACRE'S IN DISGUISH (Garrow) EARLY TIMES (Tracy) Bird work came early for Earl with a stand by the dam at 2. He needed to be moved up several times before two hens were flushed. Jake made a stand at 10 in one of the feed rows up top. Sent on to relocate, he pushed a running bird into flight and chased. Earl scored again in a feed strip just through the 2nd gate at 15, the pheasant flushing easily. At 20, Earl pointed in the draw leading to the small pond, with four hen pheasants rising one at a time. At 35, he stood at the first strip in the haymeadow, taking a non-productive on this one. At 44 he pointed uphill, with a flock of chicken flushed just off the other side of the hill. At 57, he again pointed at the edge of a soybean field with a lone chicken raised. He had the most bird work, but did not display the all age race needed to figure in the stake.

Brace 14: FAR SIDE'S KID AIMEE (Garrow) & T.J'S PRAIRIE BLIZZARD (Tillson) Blizzard's trip was short as he ignored an opportunity to stop to flush at 7.

Aimee got going quickly and was briefly out of pocket. She was returned to the course at 10 minutes. At 26, she pointed a pheasant which flew right past her face on flush. She made a quick sideways move, ending her chances early.

Brace 15: BLUERIDGE'S MAJOR ADVENTURE (Downing) & ALAMADEN'S LONE SHADOW DANCER (Tracy) Major moved out fast and disappeared from sight, to be ruled out of contention. He would not be seen again til afternoon. Dot-tie, with a speedy light gait, rimmed the trees past the artesian wells, dipped into the canyon to the right when we got up top the steep hill, and got hung up there. She was not responding as desired to the handler's directions when she returned and he picked her up in the hayfield will before the hour ended. It began to rain as we made our way to camp, and would continue off and on all afternoon.

Brace 16: BILLY'S RANDOM TASK (Holman) & SMARTEYE'S JOKER (John) Jordan was on point at 4. When sent to relocate, the bird got up by the scout's horse with the dog uninolved and not in position to see it. Jordan stylishly pointed again at 8, this time with a well located pheasant in front of him. Billy was covering a lot of country with wide all age type casts over the far hills. At 15, point was called by Jordan's scout in the corner of a field down in a deep draw. There was a lengthy delay in getting to the dog because of some miscommunication, but a good find resulted. With Billy continuing to rim the hills in fast forward, the pair was seperated for most of the brace. At 49, Billy stood with intensity and style as Chad flushed several chicken. Sent on, Billy dropped into the treed bottom to put on a powerful finish. At this time the other handler and dog caught up, with Jordan also going to the distant timber with good bottom end.

Brace 17: FADE TO BLACK (Holman) & BOUNCING BETTY (Garrow) Major, the dog missing from the morning's braces, showed up at the artesian wells. Betty

is a smooth moving fast bitchwho was moving out well. Mac was hunting at moderate range. Both got involved in a jointchase on a pheasant at 19.

Brace 18: SHAMBO'S DARK SHADOW (John) & AJAX DRIVING MISS DAISY (Down) Shadow began to roll out and find edges to run right from breakaway, establishing his all age intentions. Daisy was a bit immature but enthusiastic in her race. She would hunt cover better as the hour went on, but did not connect with birds. At 18, Shadow showed good style on a find on top of a windswept hill on a small covery of chicken. From there, he hit the line of the ditch in the bottom and took it forward. Daisy made a similiar move. As we turned up hill, Shadow toiled for awhile to keep going. He got a second wind and took a cast to the left throught the tall weeds. As we entered the Seale field, he dropped into a treed cut with point called at 58. Shadow showed beautiful style on this pheasant find.

Thursday September 28, The weather is partly cloudy, cool, with ideal scenting conditions.

Brace 19: GUNRUNNER'S LADY'S MAN (Berneathy) & BLUEWATER PINK (Down) At 3, Pink was on point going up the hill from thedam, with Lootie backing – a pretty sight, but no birds were flushed. At 7, Pink stood high and tight along a feed strip with a pheasant flushed. At 8 judge Salmons saw a bird go out of a strip of cover along the fenceline. Lootie was stopped at the end, very intense, and Jimmy decided to call point and try for another bird. He was able to flush a hen pheasant right where the dog said it was. In the next field, both dogs took casts in the treed ravine. Pink was nest spotted way out front coming out of the bottom to cross to the front. All age races were the order of the day for both dogs. Lootie, who had given us such an exciting race, was missing at time. Pink was still flying, and pointed out going across the valley as the hour was up. Several minutes after time, Lootie was seen coming back from the far front. He slammed onot a point about as far away as the eye could see with Jimmy riding out and working the bird, too late to count. It was an enjoyable brace.

Brace 20: RAMBLING MAN (Garrow) BRETON'S CASTLE ROCKET (John) Randy and Rocket were running shooting dog type races. At 40 minutes, as they were edgin a big grassy finger, four cackling pheasants flushed wild and the two dogs went with them.

Brace 21: RUJEM'S STOP N WATCH (McGee) & TJ'S APACHE (Tillson) Quill made a big move into the field at the left side of the course, coming foreard quickly and going to likely spots. Bandit started more forward but was not meeting handler's expectations and was picked up at 21. Quill continued to check the objectives smartly. At 47, he had a non-productive by the dry pond. At 55, as he worked his way out of a ravine, a pheasant flushed wild and he took a few steps in its direction.

Brace 22: JAYBIRD'S I. M. BUCKWHEAT (John) & MARJO'S RED RUM (Luisi) Buckwheat eliminated himself in less than 2 minutes by chasing a bird west of the dam with passion. Johnny was missing just after the dam crossing and Joe rode looking for him. Johnny returned and Tommy Tracy handled him forward til Joe returned. As soon as Joe took over handling his dog, Tommy rode and foune the dog on point at 10, standing along a strip edge. The bird flushed easily, and the dog had good manners. This was followed by near identical finds at 13 and 21. Johnny put in a solid hour's effort on the ground.

Brace 23: LE GRAND TANK DU FAYETTE (Garrow) & CHANCEY JACKPOT LOTTO (Tracy) Chance broke way hard to the front, soon diving into the deep draw on the right and travelling the length of it. Tank was not as wide, but hunted well to the front.

Chance was spotted ahead as we entered the wooded crossing. He continued to reach forward at the limits of the course, needing little scouting, with powerful strides and great purpose. At 44 point was called for Tank with no luck raising birds. Well ahead, Chance was spied standing at 45, intensely posed in a grassy finger. With a bird produced, Chance was turned loose, moving up about 100 feet and again nailing a rooster with great accuracy. Chance rolled forward in the hay meadow. Through the gate at Seale's, at 55, Chance was briefly behind, but regained the front, still strong to finish with power to spare.

Brace 24: SCAR'S LITTLE BEAR (Garrow) & CLYDE'S MICRO BREEZE (Pol-lack) Bear was wide and fast needing a lot of scouting almost right off the breakaway, as he moved down the ditches and treelines on the right. Mike began with a left swing, then coming up over the ridge to hunt the rught hand timber. At 13, he was seen under a bird. Bear showed popping out of cover for

a moment. When he went back in, he remained out of sight long enough to be ruled out of contention.

Dogs posted Thursday: CHANCEY JACKPOT LOTTO

Friday, September 29, pleasant mild temperatures, blue skies. With the high standards set in the days before, handlers seemed to have an unspoken agreement to pick up any dog that was not meeting the criteria to win.

Brace 25: OAK HILL'S TIME TO BURN (Garrow) & TEQUILA JOKER'S JOSE CUERVO (Berneathy) Burny had an early stop to flush. He vanished to the front when released. At 16, a distant call of point was called for Burny. After a long ride backwards, and with a non-productive to his credit, Al elected to put him on a leash. Jose had a stop to flush at 20. He punched out his hour, but not with his usual gusto.

Brace 26: ORTHO ACRE'S BOOKER T (Tracy) & KOLICKO'S CUERVO JOKER (Berneathy) Booker hunted the tough, broken country of the left side of course Two. C.J. was not feeling well, and Jimmy leashed him early. Booker was losing steam as we entered the mid portion of the 2nd course hay meadow and was also picked up early.

Brace 27: LANE'S END WEBE CLEAN (Holman) & KINWASHKLY DAKOTA MO-LESTER (Seivert) WeBe started with some nice casts, but soon began checking in with the handler. Lester was slow to start and when he did line out a cast, he ran into an aggressive cow and got confused. Neither were capable of over taking the dogs we already had and handlers elected to pick up early.

Brace 28: DAKOTA SHAKEDOWN (Tracy) & TEQUILA WITH A TWIST (Tillson) Rufus had a skunk encounter soon after breakaway. Taryn was erratic on the ground. Neither dog would extend themselves beyond gun dog range, and another double early pick up occurred.

Brace 29: TRADEMARK'S ICE MAN (Holman) & MATERIAL GIRL (Garrow) Girl took out a bird at 3 right by the dam. Timmy had a very nice stop to flush at 3. He was standing at 4, with no bird produced in a feed strip. Sent on, he went to the next feed strip and styled up. This required a relocatton, which he did quickly and his intensity left no doubt that he had it. Chad had to chase the running bird to put it in the air, and young Timmy suffered a breach of manners at flush to end this brace at 8 minutes.

Brace 30: SUNRISE DOT COM (Tracy) & SHADY'S TIA MARIA (Berneathy) The latter was scratched so "Bill" went it alone. With a non-productive early and a second stand that produced only a rabbit, Bill was leashed at 16.

Brace 31# White Mountain Smoke-"Budd" (Holman) & Charlotte's Rocker Man-"Chuckie" (Garrow) Chuckie immediately shot to the front fast and hard running. Budd was no slouch on the ground either, making some smart moves past the dam and catching everyone's attention. Chuckie required gathering at the first turn. Budd scored a nice piece of work on two pheasants at 18. Chuckie, back on course had the bit in his teeth, and needed to be gathered again to turn him through the gate into the pasture land. Budd was tiring and Chad picked him up at the half hour, and Al also lifted Chuckie minutes later to end the championship early in the afternoon.

THE AMERICAN BRITTANY CLUB, INC. is a member club of the American Kennel Club and is the recognized breed sponsor by the American Field.

The Club is composed of many Regional Clubs located from coast to coast. Most hold a licensed AKC field trial for championship points in the spring and fall seasons. Many hold a specialty (conformation) show and hunting tests. The Regional Clubs hold meetings to discuss mutual problems, fun trials, training sessions and other events of interest to their members.

BECOMING A MEMBER: Full membership in one of the Regional Clubs carries an automatic membership in the American Brittany Club. Full Membership cost is \$30.00 per year and \$3.00 per year for each Associate Member. Regional Clubs may charge higher dues. You may apply to join the Regional Club located nearest to you, or if there is none in your area, you may become a Member-at-Large of the American Brittany Club. Joining a Regional Club will afford you with the most opportunities for interaction with other Brittany owners.

GIVE A GIFT MEMBERSHIP: We are asking members to give a gift membership to a puppy purchaser, a friend or acquaintance who has a Brittany. All of us encounter people who may just need a little encouragement to become members.

APPLICATION FOR MEMBERSHIP IN THE AMERICAN BRITTANY CLUB, INC. – Please send this application with payment to: The American Brittany Club, P.O. Box 1945, Pelham, AL 35124-5945. A Full Membership will entitle you to the monthly magazine, *The American Brittany*.
