### Objective and Purpose:

To promote cooperation and friendship among the breeders and owners of Brittanys and to encourage higher standards in breeding, training and showing of Brittanys in the field and in the show ring; to discourage the breed from becoming split into groups of "field dogs" and "show dogs" and to strive to keep it forever a "dual dog".

# Brittanys...

Reprinted from the AKC Gazette Breed Column written by Dorothy Macdonald

## ESSENCE OF BRITTANY

Today I find myself for the first time since 1957 without a Brittany. Hopefully not for long, but the empty house has caused me to think back to why I originally fell in love with a Brittany all those many years ago, and what has kept me enthralled with the breed ever since.

Brittanys are too energetic to make the best housedogs for some people, but I have always enjoyed the energy. They are too dedicated to their mindset of "I will do what I want—if it pleases you that is a bonus, but it is not what I had in mind" to be a truly peaceful companion, but I have always liked the friendly independence. Most Brittanys are born with a dedication to birds, running, hunting, investigating—to a full life as seen through Brittany eyes. (Eating is also high on the list.) As an owner, I felt it was my job to help each individual dog, and the breed as a whole, attain this chosen destiny.

Every dog owner knows that his breed is unique, and indeed this is why we have so many different breeds. The Brittany is unique in his duality. Never must this uniqueness be forgotten field trailer par excellence, hunter supreme, all within the phenotype of the true Brittany. A great show dog is very nice; a great field trailer is very exciting; but a great *dual* is the epitome of greatness. Remember, without ceaseless vigilance the Brittany could go the way of all too many breeds that, while delightful in their own way, have been split into divisions and bred for only a part of their entity. The greatness of the Brittany is his wholeness.

A Brittany has his own look, his own way of moving, his own response to training; if this is what you fell in love with, then

this is what you should have. But breed characteristics are only maintained through eternal vigilance. Breeding for way of going, bird sense, nose, adaptability, trainability is essential. Breeding for correct structure, size, and the complete Brittany look is equally important.

A bird dog works because he wants to. Call it heart, desire, whatever—a good bird dog is born with the ability to hunt just waiting to be developed. Good structure does not make a dog run and hunt, but it does make it *easier* for him to do it. So the standard was written to assist the Brittany in his chosen way of life, and to separate him from all the other breeds of bird dog.

Most of the Brittany standard is designed to support him as a hunter, even to his parti-color coat that allows him to be seen equally well in woods or snow. Color is twofold, part cosmetic and part attesting to the purity of the breed. When the Brittany first came to America in the early '30s, the accepted colors in France (the country of origin) were liver and white, and orange and white, in clear or roan patterns. After World War II, with a depleted gene pool that resulted in crossing to other breeds, France allowed black and white. In this country, there was, and is, no need to change from the originally allowed colors.

We have the original Brittany package as inherited from the past to enjoy in the present and to hold in trust for the future. To a Brittany lover, old-timer and newcomer alike, the love and pleasure is in seeing a great bird dog work, one that epitomizes the look of a Brittany, the fun of a Brittany, the essence of a Brittany. Yes, I do indeed know why I have had and loved Brittanys all these years.

## Futurity Nomination Deadline Extended for litters born in 2006

The ABC Board of Directors at the 2006 Meeting, voted to: *"Grant a one time exception to the 90 Day futurity rule. Any litter denied entry in 2006 due to the 90 day rule may apply to enter with a late fee of \$90.00"*.

The board intended to encourage owners of litters to nominate and participate in the Futurity.

For owners of litters born in 2006, who may have been turned down for any reason or may have failed to nominate, you now have a second chance to nominate that litter for the futurity.

Litter owners wishing to take advantage of this *one time exception* should send their litter nominations on the 1st Forfeit Nomination form from near the back of the magazine (*this form has been updated for the 2007 litters, but will be acceptable to use when nominating 2006 litters*) to: Judy Robin, 1st Forfeit Secretary, along with fee of \$90.00. This late nomination period will end July 1, 2007.

This applies only to litter nominations and does not refer to individual dogs, which can only be nominated as part of a litter by the litter owner.

Any questions can be directed to: Marvin Stout, ABC Futurity Chairman at dynamite@comteck.com, or 765-384-7874.

# AKC Delegates Report

The December 2006 AKC Delegates Quarterly meeting was held in Long Beach, CA. Minutes were approved and an affirmative vote was taken on new member clubs. Delegates seated since the last meeting were introduced.

- Sara Sprouse of the legislation Department gave an informative and well received program for the Delegates. She explained the resources that are available from the AKC to help prepare local clubs to fight harmful dog legislation. The e-mail is [DOGLAW@AKC.org](mailto:DOGLAW@AKC.org)

The readings on proposed amendments to be voted on in March 2007 included:

- **Article VIII: Board of Directors Nominating Committee Timeline** from the AKC's Charter and bylaws, which would move up the publication of the Nominating Committee's selection in the AKC Gazette, and the date for submission of petitions, thus enabling Delegates to get input from the candidates at the December/January meeting before the March elections.
- **Article VIII: board of Directors Nominating Committee Petition** from the AKC's Charter and Bylaws, which would require all petitions to have 50, rather than 20 signatures.
- **Chapter 3, Section 4 of the AKC's rules Applying to Dog shows**, which would formally define the 6-9 month and 9-12 month classes and further clarify the age determination at multiple day events.
- **Chapter 4, Section 3: Approval of Judges' panels and Premium Lists** from the AKC's Rules Applying to Dog Shows, which would remove obsolete reference to a non existent official sample.
- **Chapter 6, Section 4: Premium Lists and Closing Entries**, from the AKC's Rules Applying to Dog Shows, would clarify the requirements prohibiting a BOB at designated specialties in breeds which have varieties.
- **Chapter 9, Section 5: Superintendents and Show Secretaries**, from AKC's rules Applying to Dog Shows, which would relieve a requirement for clubs that use a veterinarian off of the show premises.
- **Chapter 10 of the Field Trial Rules and Standard Procedures for Basset Hounds, Beagle Field Trial Rules and Field Trial Rules and Standard Procedures for Dachshunds**, which would modify and facilitate a trial secretary's ability to retain entry information with club records while allowing faster submission of trial reports to AKC.
- Information was given on the Vet Outreach Student Program The AKC has contacts with Vet Schools, and provides hands-on experiences for the students. The students, with a mentor, experience whelping, socialization, shows, trials, and study breed problems first hand. Vet students praise this effort.

- Information on a "Proposed Eligibility Requirements to hold Future Dog Shows" was given by Robin Stansell, VP Event Operations. There will be much discussion and revision of the 4 page document.
- Darrell Hayes, Assistant VP-Dog Show Judges discussed Parent Club Judges' Education Presenters and Breed Mentors. Many Parent Clubs are making an effort to improve their Breed Presentations for future and continuing judges. The hope is that it will improve Breed judging by more clearly reflecting the movement, conformation, temperament, and abilities of the breed.

The AKC is requiring Parent Clubs to establish criteria for choosing their Judges' Education Breed Presenters and Mentors. Parent clubs must submit these requirements for Breed Presenters and Mentors in their breed, and to assemble a list of Approved Parent Club Mentors from all regions. These mentors will be available to schedule visits to their facilities to observe whelping, grooming, and training of their dogs. They will be available to attend, observe, and discuss Conformation competition ringside at shows with the future and continuing judges. Mentors will be available to attend, observe, and discuss the Performance event specific to that breed (field trials for Brittanys) with the future and continuing judges.

- The AKC Parent Club Conference has been approved, and will be held July 20-22, 2007 in Peachtree City, Georgia. It will provide the opportunity for Parent Clubs to share their knowledge and experience. It will be facilitated through general sessions and workshops. These conferences have been very well received in the past, and this year's topics include: Canine Legislation and its Importance to Parent Clubs, Improving Parent Club Breed Education and Mentoring, Breed Standards, Breed Rescue, How to Grow and Sustain Parent Club Membership, The Health Seminar, How to get the Most out of a National Specialty – Fun and Profit, and Breed Specific Legislation.
- Connie Percy, assistant Vice President, gave a comprehensive report on the AKC Strategic plan and the AKC Parent Clubs. It is a 5 year plan, with new ideas and services.
- The "Meet the Breeds Booth" for Brittanys was organized by Linda McDonald and her Committee for the Eukanuba Championship in Long Beach, CA. The booth was a wonderful representation of our breed. It demonstrated all the abilities of the Brittany including hunting, field trialing, conformation, and movement.

Thank you, once again, for the opportunity to be the AKC Delegate for the American Brittany Club. It is an interesting experience.

# - Reflections -

*In the late sixties, I had gotten hooked on field trials and I had my first encounter with selecting a professional trainer to work with one of our dogs. I drove the dog back from Arizona where I lived at the time to my home state of "Southern" Illinois and met with professional trainer, Lee Holman of Whittington. Lee sat me down and gave me lots of advice both on dogs and understanding what it was like to be a "field trial wife." He wanted to make sure I understood the life I was embarking on so that there were no surprises. After convincing Lee I was committed, he took the dog to Canada for summer camp. When he returned the next fall, he told me Nate would make a great gun dog but go find me another if I wanted an All Age dog. I did and here I am near 40 years later still at it.*

*I always admired Lee Holman for his honesty and genuine love of the Brittany and the sport of field trialing as well as his concern for the individuals themselves who trusted their dogs to him. He was a true gentleman and ambassador for the sport.*

*I admire the trainers of yesterday and today who give so much of their personal lives and take the physical abuse they take in all kinds of weather to help create that winning dog for the amateur who can't make all the trials he'd like, or train a dog as it should be trained, or work him during the summer months when it is too hot in the southern parts of the U.S. or where laws prevent dog training during the nesting season.*

*Part of the reason for writing Reflections and reprinting old magazine articles is so that we can see how we got to where we are today, what has changed, and what has remained the same. Tom Cox was a professional Brittany trainer of the early days in our breed. I hope you enjoy making those comparisons as you read his article from 1949.*

*I wonder what he'd think about the cost of a truck today as well as the price of gas let alone the addition of the fancy rigs we use to pull our horses!*

ABC Executive Secretary*

## **Dog Training as a Business**

Reprinted from

***The Brittany Field and Bench***  
**March 1949, pages 10-11**

*By Thomas W. Cox*

During the past twenty years I have heard all kinds of comments on dog trainers, both good and bad. The one heard more often being, "I sent my dog to a trainer and I didn't believe he was ever out in the field." The owner might be right, but most trainers do try out a dog when they first get it. After that he might turn it over to one of his helpers, depending on what the dog needs in the way of development. Some dogs are late starters and no one can train a dog until he has a certain amount of experience on game.

A lot of owners shop around to see who will take his dog or dogs the cheapest, and as a rule the cheapest price gets the dog. It's true in the dog game as it is in other businesses, some trainers can operate a dog kennel cheaper than others. But there is certain facts that none of us can get around and keep a dog in good health.

We must all make a living and to do that we must take in so much money and that is what we base our training fees on. I charge a fee that I feel I can take a

dog, feed it, and give it a good clean place to sleep.

First, let's go into how many dogs one man can handle. At times, in my busy season my wife gives me a hand and does my feeding and kennel work, and I find if I have twelve green dogs, I have all I can work. That means six dogs in a day, which if you work each one separate on wild birds, you have done a days work. I know some of you will say you only work a dog thirty minutes and should be able to work ten or twelve a day easy in an eight hour day. But it doesn't work out that way. You can't work all the dogs in the same field the same day and expect to find birds, or even every other day. You have to drive to different courses to work your dogs and much time is lost in lading your trailer, getting there and unloading when you get back. You can't do this in the dark and you can't train at night and there is only so many hours of daylight.

Expenses run higher than the average owner thinks. Let's start with feed. A working dog costs me about thirty cents a day. You can't fee a dog just plain dog food when he is being worked hard and expect him to stay in good condition. Some trainers cook their own food to save money which requires more of your time, or an extra helper.

Then we use gas and all in getting to places where we go to train. I average about five gallons of gas a

day, plus oil. Shells also cost money. If you use 22's, not much, but you all know the price of shot gun shells.

At certain stages and times, we have to use pen raised birds and if one of the dogs gets in a bite you have a dead bird, which at today's price {1949} is \$4.00.

Perhaps our biggest expense is the farmer or land-owner. They want a cut and you can't blame them because after all it is their land. It costs me in round figures from \$400 to \$500 a year for training grounds, and that seldom includes shooting rights.

Another big item is we have our season just like any other business in which we only have a few dogs in our string, and just like other people we have to eat 365 days a year.

I only go to Dakota in the summer, but some of the boys go south in the winter and believe me once you leave home your expenses really start and they also go on just the same as your home kennel.

Dog trucks are not exactly free. Mine cost me \$1,975.00, and they wear out fast and must be replaced.

You might be interested in hearing that at my camp in Dakota if I want a "coke" I must drive 24 miles one way. If I go to the post office or to the bank it's 35 miles one way, so you see it takes a half a day just to go in and get your letter asking about your dog.

They don't have paved roads in my camp. Last summer I got caught in a good rain and slipped off a high bank on my way back to camp and had to walk three miles leading four puppies and trying to keep my older dogs at heel. I expect you can imagine what we all looked like when we finally got to camp.

Many of you will wonder why I stay in the dog business if there is no money in it. Well its like any other business and happens to be the one I like. Most trainers do.

Frankly, I think you owners would save in the long run if you pay a trainer enough so that he can make a living without having to take more dogs than he can work. You can't take a lot of cheap dogs and give them the work you can give a few dogs. When you pay half price,

they only get half the work they need.

So if you have a good dog, give it a chance, the average trainer will do his part.

It's true, all dogs do not turn out the way we would like to see them turn out. But there are outstanding dogs and dumb dogs, just like there are smart people and some not so smart.

Every now and then we get a "natural" and it may win with half the work another dog requires. Some never win regardless of how much training they have because no trainer can put something in a dog that nature failed to provide.

# 2006 ABC National Open All Age Championship

November 27 - December 2, 2006 • Booneville, AR

TRACER®

Pictured above, left to right: Janet and Jimmy Berneathy, Marilynne and Clem Little, Jake Tabor, Jack Murphy with NATIONAL FIELD CHAMPION/DC/AFC SHADY'S TIA MARIA, Tom White, Paul Doiron with DC/AFC TJ'S SINGLE SHOT OF SCIPIO, Margaret Horstmeyer, Peggy Doiron, Tom Ettinger, Ben Lorensen with 2x NAFC/NFC/FC/AFC JUST CALL ME ROY, Judge Jimmy White, Judge Harold Davis, Ed Tillson with NFC/FC/AFC SHAMBO'S DARK SHADOW, Judge Tom Honecker and Jim John.

The American Brittany Club's (ABC) National Open All Age Championship started 27 November 2006 for the twentieth consecutive year at the J. Perry Mikles Blue Mountain Wildlife Demonstration Area (WDA) near Booneville, Arkansas and was completed 1 December 2006.

The three judges make up the 'whose who' of the field trial judging world, and writing superlatives would take more words than would be allowable in the entire report. All three have helped put on, run in, and judged some of the most prestigious trials in the country, and have belonged to many organizations in support of the time honored field trial tradition. Harold Davis, from Texas, started field trialing in 1961 and judged the 2005 ABC National Amateur All-Age Championship. Tom Honecker from Mississippi/Ohio won his first field trial in 1957 at the age of nine. He has trained and handled 28 of his dogs to 80+ American Field Championships. This is his second year in a row to judge the Championship. Jimmy White from Kentucky started trialing in the early 1970s, has trailed dogs successfully, and judged from coast to coast. He has previously judged this trial and has judged the National Championship at the Ames Plantation.

Forty-nine starters from the four corners of America vied for the prestigious wins, and the following rose to the top as the cream of the crop:

- Marilynne and Clem Little were a study in excitement with Marilynne a bundle of happiness when their DC/AFC SHADY'S TIA MARIA (Female) was named Champion of the 2006 National Open All Age Championship. Tia appeared the last day for her proud owners

who hail from the state of Washington. Whelped 7/2/2000, her sire is NFC/DC/AFC Tequilas Joker and dam is FC/AFC Shady's Chik-N-Little with breeding by the Littles. Prior to this, Tia has recorded five one-hour American Field first place wins with a total of twelve wins. Included is the first Runner-up Champion in the 2004 National Amateur All Age Championship. She was named Field Champion at eighteen months of age. Tia whelped one litter in 2003 producing eight puppies. Seven of which are multiple puppy and derby wins, most have adult wins, one is an Amateur Field Champion, and another is an American Field Champion. Tia was a dual champion at twenty-three months of age, the youngest on record.

Jim Berneathy did an excellent job in guiding the new Champion during her hour. Jim has had Tia since she was two, and has handled her to four, one-hour wins. The Littles look on Jim as a good friend and adopted son who has all their dogs.

Marilynne started trialing twenty-seven years ago introducing Clem to the sport twenty years ago. Clem is the current President of the Washington Brittany Club while Marilynne is 2nd Vice President of the National American Brittany Club while chairing the Auction and Raffle committees during the National trials the last four years. Needless to say, with her at the helm, these events are highlights of the National trials.

- Runner-up Champion laurels went to FC/DC/AFC TJ'S SINGLE SHOT OF SCIPIO (Female) who also appeared on the last day. Whelped 6/15/2001, her sire is NFC/DC/AFC Tequilas Joker and dam is NFC/DC/AFC Microchips of Nutmeg. With the call name 'Emme'; she was a

single puppy for breeders and proud owners Dr. Margaret Horstmeyer and Tom White of California. Emme is the only progeny of two NFC/DC/AFC parents. She has 6 one-hour placements and has only been campaigned on the west coast. Paul Doiron has been the White's trainer for twelve years, he's trained all of their dogs, and he and his wife Peggy run and scout them in field. He's taught the Whites all they know about handling by his calm, polite, and confident handling manner. Paul and Peggy are considered to be client and friends. The White's feel the success with their dogs is attributed to good breeding, commitment, good training, and giving the dogs the opportunity to develop to their potential and freedom with lots of TLC.

- Third place winner NFC/NAFC/FC/AFC JUST CALL ME ROY (Male) is no stranger to winning ways, the leader on Day Three; he fell to this placement on the last day. Thomas Ettinger, from Vermont is his owner and Ben Lorensen handles him. Whelped 4/19/1999 his sire is NAFC/FC/AFC Piney Run Sam and dam is FC Mark's Pride of Savannah. Roy is showing those of us well past our prime that you do get better with age and experience. He was named Runner-up Champion in the 2003 National Open, National Amateur Champion in 2004, National Open Champion in 2005, and repeated as the 2006 National Amateur Champion the week preceding this trial. His ground performance to cement this placement was superb.

- Fourth place winner NFC/FC/AFC Shambo's Dark Shadow (Male) certainly earned the right for his placement. He was the leader on Day Two, fell to second on Day Three, and ended up fourth on the last day. Whelped 8/25/1996, this veteran is owned by Charles Crain and handled by Jim John. His sire is Cam Sham's Shambozo and dam is Starr's Apricot Lulu.

FC CHANCEY JACKPOT LOTTO (Male) certainly deserves recognition for a fine performance. Owned by Joyce Roberts and Vic Williams, and handled by Tom Tracy, he was on the board until the final results. He led Day One, was second on Day Two, dropped to third on Day Three, and was edged out on the last day. Whelped 6/29/1998, his sire is Hired Gun Lucas and dam is Rooster's Little Bambino.

The J. Perry Mikles Blue Mountain Wildlife Demonstration Area Manager Larry McAnally assisted by Red Bailey has been here since the inception twenty years ago. The trial fraternity is constantly impressed with the dedication and work these men have put into the excellent facilities and venue. Larry is very supportive of the local area and hired three teenage young men to clean stables and other chores. A very conscientious and personable team of Tipton Dilecck, Doyle Wilks, and Cory Witt did an excellent job helping any way they could.

Trial Chairman Tom Milam was in the middle of everything lending support. He has chaired the event for the last five years and has turned it over to Tom White starting next year. Tom claims credit for all the success of the last five years, but we all know it would not have been possible without bride Linda. This dynamic lady and friend is the catalyst for Tom accomplishing anything.

Stake Manager Ed Kerr and his committee consisting of Tom Milam, Tom White, Ed Tillson, and Ron Zook must receive extra credit for this being a smoothly run trial. They had everything organized and handled anomalies as they developed. Well-done men.

A major contribution adding to a well-organized trial is the kickoff meeting conducted by Ed consisting of his committee, the three judges, and the reporter. All details were identified, discussed, and agreed on. Rather than name daily top dogs, the judges decided to name the four top dogs for each day in placement order. The dogs selected were:

**DAY ONE**  
 Chancey Jackpot Lotto  
 Lane's End We Be Clean  
 White Mountain Smoke  
 Dakota Alley Cat

**DAY THREE**  
 Just Call Me Roy  
 Shambo's Dark Shadow

**DAY TWO**  
 Shambo's Dark Shadow

 Lane's End We Be Clean  
 White Mountain Smoke

**DAY FOUR & FINAL STANDINGS**

Always early birds Tom White and wife Margaret Horstmeyer, DVM came from California and shared their enjoyable personalities while supporting anything they could. Margaret gave her time to be the on-site Veterinarian, but it appeared she spent most of her time around the dog kennels or barn with a shovel in her hand

One of the reasons to look forward to coming to this trial is to enjoy Jake Tabler and his staff. Jake, owner of the Bearcat Restaurant, again opened the 'Bearcat Too' at the clubhouse starting with breakfast at 6:00 A.M. daily. He continued the day with lunch and dinner offering excellent food. Jake and his entire staff continue to be part of the festivities and have become friends with the group over the years.

Trial Secretary Steve Ralph with wife Lori and fast growing-up daughter Alissa had to leave before the Open trial started. Steve did his excellent up-front planning for judges and reporter, etc. eliminating any possible error. Everyone enjoys this lovely family.

Wrangler Will Langley again contributed from his home base of Bottom Creek Farm in Attica, Michigan with a fine string of rental horses for officials and spectators. His horses and gear remain well cared for and the horses are matched to the experience level of the rider. His support and helpful personality were certainly very appreciated. Those needing rental horses may reach Will at web site 'bottomcreekfram.com' or email: will@bottomcreekfarm.com

The American Brittany Club is fortunate to have excellent sponsors continue their long support. Purina, a most reputable sponsor has supported the ABC for many years. They continue to provide Pro Plan dog food to the winners, which are well received. Tri-Tronics, also a valuable sponsor for many years has been producing top-of-the-line Electronic Dog Training Equipment since 1968. They provided a Model 200 Electric Collar for the Amateur and Open Champion. Tracker Radio Location Systems is recognized by the ABC as its' exclusive sponsor in the tracking collar category. Tracker provided a Maxima 5000 Receiver for the Open All-Age Runner-up Champion. Christie Enterprises owned by Ann and Lary Cox of Alvord, Texas donated a trooper saddle to the Champion of both the Amateur and Open All-Age Championships. The saddles are handmade by Lary who has an excellent reputation as one of the better saddle makers in his field.

The local support of Booneville merchants and citizens went out of their way to celebrate to twentieth running of the trial. Upon entering town, you see more signs in store fronts from last year stating 'Booneville Proudly Welcomes the American Brittany Club, We're Proud You're Here'. Merchants who advertised and/or supported the trial are: Bar W Enterprises - 'The Shop', Bearcat Restaurant, Big World Pharmacy, Booneville Community Hospital, Booneville Development Corporation, Booneville Family Clinic, Broadway Jewelry and Pawn, Bulls Motel, Camelot Land of Dreams, Candy Bouquet and Gift Gallery, Catlett Brothers Feed Mill, Inc., Circle C Cottages, Coffman Foods, Connie's, Countryside Inn, Crowley City Service, CV's Family Foods, Dr. Shirey, DDS, Dr Zarlino, DDS, Eddie's Trading Post, El Puerto Restaurant, Holiday Capri Motel, Hometown Inn, KFC/Taco Bell, Kim's Merle Norman, Little Store Antiques, Main Street Exchange, Mazzio's Pizza, McDonald's, Mizell Chevrolet, Mt. Magazine Lodge, NAPA Auto Parts, Ozark Cellular, P & P Western Wear, Russell Cellular, Skinner Hardware, Smee's Pharmacy, Sonic Drive-in, South Logan County Chamber of Commerce, Tiffany's Square Flowers and Gifts, Tyler Food, Wiggins Hardware, Winchel's Electronics., and Wal-Mart. Many of these merchants stocked specialty Brittany items and clothing adding to the trial.

Tom Ettinger hosted the 2005 National Open Party at the clubhouse in honor of his last year's winner Call Me Roy. Roy had just been named Champion of the preceding Amateur National All-Age Championship and a festive atmosphere electrified the air as we entered a beautifully decorated clubhouse. Harmony flowed and folks in their finery were not recognized as the same people wrapped up on their horses in the weather elements. Tom wanted to bring as many products from Vermont as possible, as the state specializes in small companies producing unique food products and an abundance of small breweries; he just could not come up with a way to bring Ben and Jerry's ice cream down for dessert. Some of the specialties were:

- Green Mountain Gringo Salsa.

- Crowley Cheese from Healdville, VT. The Crowley Family tradition of making cheese for their neighbors, dating back to 1824, expanded from the farm kitchen to the Factory Building built in 1882. Though mechanization has taken over most other factories, Crowley Cheese still 'cuts' and 'rakes' curds by hand using the familiar tools of the last century. Delicious individual packets of cheese were prepared with the sticker 'Roy's Special Reserve' on them. Excellent products may be viewed at [www.crowleycheese.com](http://www.crowleycheese.com) and orders made.

- Long Trail Ale from Bridgewater, VT.

- Patti Hunt made the attractive centerpieces trying to represent some of the game birds we all go after: pheasant, quail, and a rather strange looking dove.

Jake Tabler and the Bearcat Too team catered the delicious prime rib dinner and served about 90 guests. The camaraderie of this team adds to any occasion.

After dinner, tables were pushed back and light-footed dancers took over to the fine country-western music from the band, Savage Pride, which is from the Booneville area. It is unknown how long the frivolity lasted as the reporter went to bed in his motor home when the band started. His wife came in sometime before daylight, and when questioned, all she said was 'I had a great time'. She must have evidenced by all the boys coming by before first light, banging on the door, and shouting 'come on out Meta, let's have one more dance'.

The J. Perry Mikles Blue Mountain Wildlife Demonstration Area (WDA) trial contains 4,100 acres and the grounds consist of three one-hour courses. Courses #1/4 and #2/5 are fairly equal in open and wooded areas with multiple objectives as is the first half of Course #3/6. The second half appears tight with wooded areas on each side of the horse trail, but this is deceptive as a large open meadow is just to the west of the trail.

- Courses 1 and 4 are on the southwest side of the grounds. It starts at the Rheta and Bill Cartmell property, heads west and passes the Big Oak and the White Post before turning northerly at the Barking Dog House. Crossing #1 Lick Creek, a large portion of the course is in the Cotton Fields, passes the Twin Ponds, turns west near Hayden Camp, and ends at Horse Bridge that crosses the Petit Jean River.

- Course 2 and 5 are on the north side of the grounds, starts at Horse Bridge, runs counterclockwise, and returns to Horse Bridge. Starting to the east, Ford Bottoms and Riblin Bottoms are negotiated, the river is reached at Third Bridge Ramp and the course heads west, then north past the Pine Tree, circles and heads west into Parish Field. After leaving this area, it meanders southerly past Horton Pond and follows 540 Loop turning north and ends at Horse Bridge.

- Course 3 and 6 is located on the southeast side of the grounds. Starting west from Horse Bridge through the Lower Woods Crossing, then east at Mario's Hill, crosses #3 Lick Crossing into the walking dog meadow, and turns north at the Gas Well. During the remainder of the course, the trees are more bountiful along the path, but attractive hedge rows and open areas beyond the trees allow a dog to run. The course heads north, then easterly passing Lovers Bend and Beaver Slough ending north of headquarters.

In addition to the venue, the State of Arkansas furnishes the truck, dog wagon, and driver. Red Bailey did most of the driving until the morning after the party and dance, and then Area Manager Larry McAnally stepped in.

## **THE RUNNING**

**DAY ONE:** It is warm (58 degrees), muggy, and overcast.

**RAMBLIN MAN** - (O) Baird (H) Gorrow and **WHITE MOUNTAIN SMOKE** - (O) Nicholson/Pool (H) Holman. A nice start is given to kick off the trial as the dogs explode from their starting blocks near the Cartmell Place; Smoke takes the right side as we progress with Man on the left. The White Post is reached at 11 with both dogs out of pocket, but they show to the front right at 13 as the turn towards the Barking Dog House is made. Moving to the front fencerow, Man slams into point but birds rise before the handler arrives and Man goes with them. Smoke is having a fine ground effort as #1 Lick Creek is crossed; he

uses every bit of the Cotton Field edges and hedge rows staying to the front with minimal scouting. He heads towards Hayden Camp at 47 taking the distant river tree line to the front with the handler staying on course heading towards Horse Bridge and sending his scout out. The waving bluestem meadow looks like a golden sea in the early morning sunlight as we pass through it. The scout calls point at 56 from the left rear side of the wooded area that we had just passed on the right side. It takes the handler and judges three minutes to get to the dog that is still standing tight, birds are moved, and the dog remains tight to flush and shot ending a fine performance.

**SMARTEYES-JOKER** - (O) Ralph (H) John and **KOLICKO'S CUERVO JOKER** - (O) Munson (H) Berneathy. Released from the Course #2 starting point, both dogs jump ahead, take the right edge of Ford Bottoms, take the cut into the west Riblin Bottoms in stride when Smarteyes-Joker is seen pointing on the left side. He is relocated and just when he takes a step, a bird comes out from beneath him. Continuing on, both are out of pocket as the Third Bridge is passed at 15, and the east Riblin Bottoms are entered. Both stay to the front on course, Cuervo Joker is last seen at the Pine Tree at 24, and Smarteyes-Joker is seen to the front at 38 as Parish Field is entered. Smarteyes-Joker pops up as Horton Pond is passed at 46 and we head into the 540 Loop finishing his hour east of north of the Horse Bridge, and the receiver is requested for Cuervo Joker at 50.

**MAXWELL'S CHARISMATIC** - (O-H) Maxwell and **LANE'S END WE-BE CLEAN** - (O) Robin (H) Holman. Course #3 starting point is the release for this brace, a forward start is made, Charismatic sets sail towards the front leaving the pack at 4, being seen briefly at 24 and 37. We-Be establishes a consistent and moderate forward effort being seen on an erect point near a mott at 26 as the second half of Course #3 is entered. Birds are produced and We-Be remains tight to the flush and shot. Moving ahead, point is called at 40 for We-Be along a diagonal hedgerow, again, everything in order to flush and shot. Charismatic pops up again at 48 as Beaver Slough is passed while We-Be remains moderate.

**GUN RUNNER'S LADY MAN** - (O) Ahl (H) Berneathy and **DAKOTA ALLEY CAT** - (O) Palmer/Ackerman (H) Tracey. A warm afternoon greeted a good start, both went to the front right and stayed there, the White Post is passed at 10 and Cat is seen crossing from right to left at 14 with Man ahead still on the right side. #1 Lick Creek is crossed at 16, handlers are well to the front and dogs are not seen still to the front at 20. Coming to the Cotton Fields at 23, Cat is seen pointing along a diagonal hedgerow, birds are flushed, shot is fired, and the dog remains motionless. Moving ahead, point is called for Man on the far right side at 32. On arrival Cat is seen in front and below the pointing dog in a water hole, neither dog seeing the other. Act is taken on and Man is ultimately charged with an unproductive. Both dogs continue a forward and charging ground effort, finishing their hour at the end of the course.

**MEGA SMOKE LIMITED EDITION** - (O) White/Horstmeyer (H) Dorion and **SMOKEY'S MAGIC** - (O) Haines (H) Holman. Leaving Horse Bridge, Edition sets a charging pattern along the front edges while Magic, running hard, does some roadwork. Moving quickly, the Third Bridge is passed at 7 while both dogs take the extreme front tree line as the east Riblin Bottoms turns left. Magic is having an off-day and is leashed at 24 while Edition, staying to the front is seen pointing near the Pine Tree at 30, Birds are moved, shot is fired, and the dog never wiggles. Moving through the wooded area, he cards another impeccable contact at 39, and moves into Parish Field at 45. Moving along the right wood line, he has a stop-to-flush at 48; the judges felt he smelt the birds, wheeled, and pushed them. The brace ended for a nice young dog.

**CHANCEY JACKPOT LOTTO** - (O) Williams/Roberts (H) Tracy and **TEQUILA'S JACK II** - (O) Rankin (H) John. Starting at the course beginning, Lotto goes strong to the front being seen again at 8. Jack has taken the left side and is rewarded with a mannerly contact at 3. Passing Mario's Hill at 17, both dogs pop up on the front left along a mott; Lotto is pointing with Jack backing. Birds are produced and everything is in order. The Walking Dog Pavilion is passed at 24 and

the second half of the course is entered. Both dogs continue with a nice performance, one on one edge and the other on the opposite edge without using the road. Coming into the slough area, Lotto has an admirable stop-to-flush along a diagonal hedgerow at 37. This big running pair continue their distant effort, Jack swings around a heavy wooded area and large slough on the right side coming back to the handler from the front at pickup. Point is called to the front for Lotto at 59 on the left side, but a relocation and extended flushing effort was nonproductive. Both dogs did an admirable job negotiating around obstacles to stay to the front.

DAY TWO: A muggy, muggy, 60-degree day with dark clouds greet us, rain during the evening. Showers predicted for today with the heavy freeze forecast.

HAVAPAL'S RENEGADE BILLY BOY - (O) Kossel (H) Burchett and FADE TO BLACK II - (O) Harling (H) Holman. Both dogs begin and end with excellent ground performances, but cannot produce birds. They were strong, stayed on forward edges without being on the road, and checked all objectives with minimal scouting. It was a nice, forward ground effort to watch that would have been under judging consideration if only for birds.

**SHAMBO'S DARK SHADOW** - (O) Crain (H) John and **JAKE ACRES IN DISGUISE** - (O) Crites (H) Gorrow. Very nice start from the course beginning, both dogs take the right, front tree line of Ford Bottoms, taking it all the way around. Coming to the cut into Riblin

Bottoms, Shadow has a staunch point at 5 about 300 yards to the right, Disguise roared by him with a breach of manners, the extended flushing attempt was finally productive, and Shadow remained motionless through all of the confusion. Released, he stays well to the front right edge taking it all the way out, passes Third Bridge at 17, enters the east Riblin Bottoms, and remains strong as he charges the front edges of the meadow. The Pine Tree is passed at 30 and he adjusts his range to stay closer as the wooded strips become narrow, yet always ringing the front edges. Coming through a wooded cut at 32 the road is the only way through, yet Shadow was seen about 40 yards to the left in a watery slough pointing, birds are produced, and he remains staunch. He was on the left wooded strip as Parish Field is entered, turns toward the right side at his handler's command, tears through the open meadow and slams into point at a small mott. Birds are produced and he is again staunch and intent. He leads us pass Horton Pond into 540 Loop at 57 ending his hour with a stimulating effort.

MAXWELL'S BLEW BY YOU - (O-H) Maxwell and ANNITIME SOON - (O) Chase (H) Holman. Released towards Lower Woods Crossing, the brace quickly falls apart. A large mott is straight ahead and at one and one-half minutes Blew By You enters it scattering birds everywhere. The initial burst of adrenalin was more than he could contain. Soon has taken the left wood line along the river and point is called for him well to the front at 4. It takes a couple of minutes to get to him in the dangerous slough, but birds were raised and the dog stood very well. Mario's Hill is passed at 20 and the dog is slowing, to be picked up at 32 as the second half of the course is entered.

JAYHAWKER TEQUILA WITH A TWIST - (O-H) Tillson and LINVEL'S ACE OF DIAMONDS - (O) Pollock (H) Pollack. The long lunch break helped this pair as their initial energy burst took them away quickly; they were seen occasionally along the front right edge, and Twist turned towards the left at 12 being rewarded with a contact along a briar strip

at 12, everything in order. Diamond shows at 18 as #1 Lick Crossing is passed, both go forward, and Twist has another contact at 25 along the hedgerow before entering the Cotton Fields. Half a dozen birds are moved some fly over the dog's head, and he turns his head slightly as the fluttering wings pass. Taking advantage of open country, Twist is on the right side of the Cotton Fields at 34 while Diamonds checks out the left side. Hayden Camp is passed at 45 with Twist running to the front and Diamonds out of pocket. Their hour ends with Twist becoming a bit more moderate and Diamonds gone.

TAR'S RISING STAR OF DESIRE - (O) Johnson (H) Gorrow and TJ'S THUNDER - (O) Tillson (H) John. Dogs are released from the Course #2 starting point for what becomes an abbreviated brace. It is a good start as both turn right and check out the edges of Horseshoe Bend. Moving into Riblin Bottoms, Desire has a breach of manners with birds along the left side at 8. Thunder is running hard, but a bit spastic; and after a discussion with the judges he is leashed at the Third Bridge at 20.

TC'S MATCH BOKS RACER - (O) Wilder (H) Downing and GRAND JUNCTION JAKE - (O) Pulliam (H) Holman. An excellent start is exhibited as both dogs reach the far end of the narrow meadow, passing the Pine Tree at 11, and head into the narrow wooded strip area. They handled the confined area and show to the front as Parish Field comes up at 22. Passing Horton Pond and entering 540 Loop at 31; both have lost their blistering speed and have become somewhat moderate. Horse Bridge is crossed at 41 with both dogs going across on their own. Heading towards the Lower Woods Crossing, Racer moves from left to right and Jake comes to the hedgerow just passed by Racer, stopping at 47 to be rewarded with contact. The brace ends just past Mario's Hill with Jake having an unproductive charge at 49.

DAY THREE: It is a warm day in the 60's with bright skies and less humidity, certainly not indicative of the coming storm.

KID'S KID LONE RIVER MOOSE - (O) Corlew (H) Burchett and **JUST CALL ME ROY** - (O) Ettinger (H) Lorenson. From start to finish, Roy displayed a stimulating and thrilling ground performance covering the course as if he laid it out. The rapport and trust

between Roy and Lorenson allowed an excellent dog to use his natural talents hunting where birds should be, yet in contact with his handler. Moose, a fine dog in his own right had the misfortune of being braced with a dog having a superior day. It is another good start with dogs quickly taking the edges to the front. Roy shows as needed with the White Post being passed at 11, and Moose comes from right to left freezing at 15 at the edge of a small pine thicket and briar patch. Birds are produced from the middle of this jungle with everything in order. The Cotton Field is entered at 20; Moose is off to the right rear while Roy is seen far ahead coming off a cast from the right wood line. He continues his hard and forward drive on edges, showing as necessary, while Moose is gathered up returning to the front at 35. Roy looks like a lightning bolt as he checks out diagonal hedge rows to their end while maintaining his forward effort and is seen going towards the Twin Ponds at 40. He is not in sight when the judges reach the area he was last seen and they head south at Hayden Camp. An observant marshal noticed a florescent lime collar about 20 yards inside a heavy wooded and briar area which was Roy standing tall. Birds are seen on the edge and the dog stands like a statue at shot. Released to the south, Roy takes the right wooded edge all the way to the front, turns with it to the west on Course #3, and returns after pickup while still

in judgment to the relief of many. Moose has been doing an admirable effort along the riverside of the course and is not seen at pickup.

**HARLING'S BRETON SMITH** - (O) Smith (H) Holman and **REDLINES TEQUILA SMOKER** - (O) Leffingwell (H) Dorion. It is a moderate start on Course #2, deer are seen at the far end of Ford Bottom, Smoker is in the area but not involved. The dogs pick up speed and distance being seen to the right front as Riblin Bottom is approached. The make the bridge bend, take the far right tree line and are not seen at 24 as the meadow is covered. Smith shows to the front at 25 as the Pine Tree is passed and the wooded strip area is entered, Smoker is still not seen but shows to the front as the second open area is entered at 36, Smith still in front. Parish Field is entered at 40, the dogs go along the wood line on the right with both carding a nonproductive along the way, Smoker at 41 and Smith at 44. The hour is ended near the end of the course with Smith having a second nonproductive at 59.

**BOUNCIN BETTY** - (O) Burton (H) Gorrow and **TJ'S PRAIRIE BLIZZARD** - (O-H) Tillson. Both take the left edge with Betty more distant. She does a nice job checking diagonal hedgerows out before moving to the next hedgerow. Mario's Hill is passed at 17; Betty continuing her front driving effort while Blizzard has opened up from his moderate start. Moving on towards the next meadow, Blizzard comes up through the gallery and is leashed by his handler at 24. Betty continues running the front edges with a hunting purpose in the second half of Course #3, and coming to a hedgerow on the far right in the slough area, she is seen on an erect point at 37, birds are flushed, and she stands mannerly. Released, she goes back to her pattern of checking hedgerows out before moving to the next hedgerow, and continues this nice effort bending with the course until her allotted time expires.

**GAMBLERS GOOD DEAL** - (O) Chase (H) Holman and **SHADY'S THE PRICE IS RIGHT** - (O) Fabre/Dennis (H) Dorion. Both dogs took the road out all the way to the bend and beyond. We arrive at #1 Lick Creek crossing at 19 without seeing either, and this brace is ended. You could say 'doggone'.

**ROYAL REVEREND** - (O) Zook and (H) Lorensen and **BLUERIDGE MAJOR ADVENTURE** - (O) Wilder (H) Downing. This pair also starts straight down the road bending with it to leave us. Coming to the hedgerow at the beginning of the Cotton Fields Adventure is seen pointing at 3 with Reverend having a breach of manners on the backing opportunity. Birds are produced and Adventure opens up when he enters the Cotton Fields. Misery is ahead as he swallows up this area with good contacts at 25 and 39, and then has his Waterloo in the Riblin Bottoms at 52. He points along the right edge which is a very heavy briar area, is relocated while the third judge works his way around the thicket, moves birds which is seen by the judge, and freezes when a bird flies into him. This has to be a frustrating end for dog and handler.

**PERFECT TIMING** - (O) Vescoso (H) Holman and **BOURDON XIII** - (O) Jung (H) Gorrow. Released before the Third Bridge, both break to the front with gusto taking out extreme edges, then out of sight. The Pine Tree is passed at 15, going into the wooded strips, Timing shows to the front at 18 and Bourdon is seen to his right. The loop is handled well with dogs bursting into Parish Field at 24, Timing on the left wooded side and Bourdon is on the right edge. Passing Horton Pond, Timing comes across from the right side establishing a point along a cut going into the 540 Loop. The succeeding flushing attempt and relocation is unsuccessful. Bourdon comes across from the right, goes through a cut and points erectly on the right side at 42 with everything in order. Coming to the front, Timing points the birds that flushed to the left at 43 and also handles this in order. Both charge to the front, cross Horse Bridge without mishap, Timing takes to left edge, Bourdon goes to the front and is rewarded with a contact at 55. The flush produces birds that fly everywhere with the dog keeping his good composure throughout. The brace ends with dogs to the front.

**DAY FOUR** was a washout; a predicted winter storm finally made it's way to the area raining most of the night before, and all day long with six inches of rain at headquarters. Flooding in the area caused several problems with cattle as rising water drove them to limited higher

ground. On top of this, a hard freeze overnight created dangerous driving conditions.

**DAY FIVE:** Friday started with brilliant skies and eighteen degrees. The soggy and flooded conditions prevented crossing of the Horse Bridge and using Course #2. In addition, the slough area of Course #3 was unusable resulting in use of Course #1 and the beginning of Course #3. Thirty-one bundled up riders with three hardy souls on the dog wagon were on hand to witness the last day.

**MO-DAN'S BELIEVER** - (O-H) Cross and **TJ'S APACHE** - (O-H) Tillson. A good start for this pair, they negotiate the first part of the course, go into the wooded area south of Barking Dog House checking out the long fence row and cross the fast flowing water of #1 Lick Crossing at 19. The Cotton Fields are entered at 23 with Magazine Mountain looking majestic in the clear sky. A low cloud covering the top looks like a large puff of smoke. Believer takes the left side and continues along the edge, Apache is out of pocket and the receiver is requested for him at 42. Passing the Twin Ponds, Believer is leashed.

**REBEL JAC'S HAMMERING DANDY** - (O) Harling (H) Holman and **TEQUILA JOKER'S JOSE CUERVO** - (O) Little (H) Berneathy. Rebel Jac's Hammering Dandy is scratched and Tequila Joker's Jose Cuervo is moved to Brace 23a.

**KT'S ARTIC GLADIATOR** - (O-H) McClary and **CLYDE'S MICRO-BREEZE** - (O-H) Pollock. Released near Hayden Camp, a fast pair disappears with Gladiator not seen again, and the receiver is requested for him at 20. Heading south, Course #3 is picked up near the Lower Woods Crossing and heads towards the Old Corrals when Breeze is seen pointing ahead at 14 along a diagonal hedgerow with flush and shot in order. Released, he does an admirable job of checking out hedgerows to be rewarded with a find at 17, relocated himself before handler arrival and stands tall along a bank. A large covey is quickly flushed with the dog remaining steady. Released again, the course heads towards Mario's Hill when Breeze is last seen along the front, left edge. The receiver is requested for him at 41 much to the disappointment of handler and owners.

**SHADY'S TIA MARIA** - (O) Little (H) Berneathy and **ROCKLAN'S WHIZZLE STOP** - (O) Sauer (H) Burchett. With the improvised course, these dogs are released near the Walking Dog Pavilion towards the Big Oak of Course #1. Passing the White Post, Maria has

been on the right side and slams into a stylish point along a hedgerow at 7 with Stop coming across and backing. An extended flushing attempt finally produces birds with both dogs remaining steady with the delay. They move quickly to the front when released to card a divided find at 11, handled well by both dogs. Released again, they make the bend at the barking Dog House and cross the still fast-flowing #1 Lick Crossing at 19 and head towards the Cotton Fields entering them at 23. Looking towards the distant hedgerow cut, Maria is seen taking the far right wood line, bending at the end, and turning towards the cut at 34. Leaving the Cotton Field and heading towards the Twin Ponds, Maria is seen pointing along a thick hedge at 40 with Stop backing. An extended flushing attempt finally produces a covey in front of Maria, and a rabbit running in front of Stop causing him to turn and jump at it. Both dogs head towards the wooded riverbank near Hayden Camp at 48, take it out to the front turning on Course #3 at 56. At pick-up, Maria has a strong, forward effort with Stop out of pocket.

**BILLY'S RANDOM TASK** - (O) Hall (H) Holman and **DAKOTA LUKE** - (O)

Mantler (H) Wild. Billy's Random Task is scratched; Tequila Joker's Jose Cuervo handled by Berneathy is moved from Brace 20b. The starting point is towards the Old Corrals and the pair takes advantage of the forward objectives. Cuervo takes a diagonal hedgerow all the way out to the left and freezes at the end at 4. He loses composure during an extended flushing attempt that is successful and he is aimed towards the front. Leaving quickly, both dogs are well to the front when Mario's Hill is passed at 15 and #3 Lick Crossing at 20. Coming into the next meadow, Luke is out of pocket while Cuervo is seen coming off the right hill on the far front. Course #1 is entered and both are on course as the While Post is passed at 25. Crossing the front from the right side. Cuervo has a solid point along a hedgerow at 30, has good composure during an extended flushing attempt with everything in order at flush and shot. Luke travels the mowed strip towards the pointing dog, the 'whoa' command is given by his handler, but he turns and leaves the area. Going through #1 Lick Crossing, Cuervo points along a wide hedge strip at 30, loses his composure during an extended flushing attempt, and cannot locate birds during an extended relocation. After a discussion with the judge, Cuervo is leashed. Luke is ultimately leashed at 49.

#### TJ'S SINGLE SHOT

**OF SCIPIO** - (O) White/Horstmeyer (H) Dorion and **KEYSTONE'S WHITE LABEL** - (O) Cherry (H) Lorenson. Starting after lunch, the crowd has become sparse. There are fifteen riders with four folks on the dog wagon. The pair seems to enjoy the warming weather as they charge to the front disappearing to the left on the distant ridge. As the White Post is passed at 11, both are seen driving along the right, front side.

Rounding a left bend, Scipio is seen pointing at 11 along a briar area on the front right. A covey is flushed and Scipio remains staunch. She charges to the front on release bending with the course towards Barking Dog House. Label is seen on a staunch point along a front hedgerow at 16 but the flushing attempt and relocation is unsuccessful. Both dogs cross the rushing water of #1 Lick Crossing at 23 and continue towards the Cotton Fields. Scipio continues to the front checking out diagonal hedgerows, goes through a cut, checks out the left hedgerow and points near the end at 35, everything in order to flush and shot. Scipio stays to the front passing Hayden Camp and is seen pointing along the left diagonal hedgerow at 49. The birds are known to run without flushing and Dorion looks like a sprint star finally getting them up with the dog remaining tight. Turning away from Horse Bridge at 53, Scipio stays ahead on the revised course and freezes in the open at 58. The handler covers the ground like a blanket trying to move birds when the judge said he had seen a bird leaving in the distant and the dog should be taken on. As the scout came to help release the dog, he walked up birds in front of her, and they continued getting up from around her for thirty seconds with the dog standing tight.

**ORTHO ACRES BOOKER T** - (O) Webb (H) Tracy and **MAKE MY DAY DUDE** - (O-H) Tillson. This pair probably knew the end was near and wanted to go home. Booker T had a good find at one and one-half minutes but ran large and the receiver was presented at 40. Dude did even better to help end the trial; he had a breach of manners at the backing opportunity and was leashed.

**TRADEMARK'S ICEMAN** - (O) Janulis (H) Holman and **TERRA'S CABO WABO** - (O) White/Horstmeyer (H) Dorion. Trademark's Iceman is scratched. Wabo started with and continued a strong and forward

ground effort. He entered the Cotton Fields from the far edge, but without bird work, his handler leashed him.

#### HIGHLIGHTS

- A big pat on the back go to the Prides, Frank for Marshalling dedication and Donna for coffee and donuts.
- The stake manager is always the first on the line each morning. Also doubling as the Starter, Ed Kerr has a booming voice that can be heard in town, no doubt about what dogs should be ready.
- Ella and Loyd Conable, long time Brittany patrons, were unable to attend the Nationals this year and were missed very much.
- There were 39 dogs with 51 known bird contacts in the amateur and 25 dogs with 48 known bird contacts in the open.
- When announcing the winners, Ed Kerr showed he was a rogue. When it came time to announce the new Champion, he said it was a dog from the east coast, not Shady's Tia Maria from the state of Washington. Ed said later he could see owner Clem Little's jaw drop with despair. This may come back to haunt you next year Ed at the gala party the Littles plan to provide.
- At the ending ceremony, Tom Milam introduced Judge Harold Davis and Reporter Conrad Plevnic as his friends from Texas. Most do not realize he drags them along when he goes out of state as they are the only two all-breed friends he has that will acknowledge him in public outside of Texas.
- National President Ron Zook was always on hand to lend any support necessary. It is a privilege to be associated with this fine gentleman, a retired Chief Engineer of the Ohio State Transportation Board.
- Overheard statement by Judge Jimmy White stating since he retired there were no weekends off, no overtime pay, no vacations, no sick days or benefits, just work, work, work.
- Another 'Jimmyism': Jim was telling about purchasing a brand new John Deere tractor and then had a heart attack. He said he was still out of breath when they got him to the hospital, and all he could think of was 'I wonder who will be driving that new tractor'. It was good to see this personable man doing so well.

## DC/AFC HYBRITTIN'S SLICK FIFTY

*(FC/AFC Linvel's Blazin Jake x NGDC/FC/AFC Hybrittin's Hot Pursuit)*

I started showing "Boozer" in June 2005 (prior to that his last show was 1998 Futurity!)

Staying in the home, watching TV and playing with the girls was not, he must have thought, such a bad deal; getting bathed 2 or 3 times a month, that he could do without!

In 2005 he accrued 4 points, by August of 2006 he finished, just one month before his 9th birthday, all from the Bred by Exhibitor class.

Needles to say we are more than thrilled. He's our 5th Dual with

a pedigree boating Trademark, Bean's Blaze and Jacque of Connie.

Thanks to "Uncle" Gene Stewart, John Kline and Ben Lorensen for all of their input.

I would be remiss not to mention "Jake" and "Daisey", they certainly did their part!

Thanks to all my Brittany friends for their good wishes and support. Boozer is OFA good and DNA profiled.

## Am. Field CH/DC/AFC JAYHAWKER TEQUILA WITH A TWIST

*(NFC/DC/AFC Tequila's Joker x Princess Haley II)*

*bred by David & Annette Barton • owned by Jessica Carlson*

"Taryn" was an unexpected but very lucky find. She is a great-great granddaughter of my first two Brittanys, and although I was the "matchmaker" of the breeding that produced her dam Haley, I didn't know the Bartons had bred Haley to TJ until after the litter was born. I bought a pup intending to find it a good competition home; I never dreamed that little pup would become my first Dual Champion, and so much more that I could not have imagined at the time.

Taryn finished easily in the show ring, including a Best of Breed win over

Group winning specials. I ran her some myself in Puppy & Derby stakes, and we got a few ribbons when I could get her around, but it was often pointed out that she was "too much dog" for me. Ed Tillson scouted her for me in January 2004, and agreed to come on board as her co-owner, trainer and handler. They made an immediate bond and for the next two

years he worked on bringing out every bit of the promise she showed at an early age, while not asking too much of her too early. She won the Texas Open Derby Classic her first month with Ed, and her first adult point that fall. With him she was able to learn to succeed on quail, chukar, pheasants, prairie chickens, sharp-tails and Huns, and master grounds from the desert to the prairie, hills and treelines, wide open or tight. She quickly showed herself to be a true hour dog, and the next year she began placing in highly competitive Midwest hour All Age stakes.

Taryn went to the nationals for the first time in 2005, having just turned 3 years old. She won 1st place in the Field Trial Bitch class and a Judge's Award of Merit at the show, then placed 4th in the National Open Championship. She was the youngest dog to place at the nationals that year and was the first dog in seven years to win the W.E. Stevenson Jr. Memorial, ABC National Dual Award. It was a long-term dream for Taryn to win that award, since her sire had won it in 1997; I never imagined she'd accomplish that goal her first time there!

Her first American Field Championship win was the Texas Amateur All Age Championship in March 2006. She finished her Amateur Field Championship a couple weeks later, won the Field Trial Bitch class again at the 2006 national specialty show, and was posted at the 2006 National Amateur Championship. On January 29, 2007 she completed her Dual Championship by winning the New Mexico Brittany Classic, her sixth hour win to date. Ed made the decision to turn pro and signed off as Taryn's co-owner at the end of 2006, but he continues as her trainer, handler and best friend. As she is just 4 years old, we look forward to many more years of excitement from this very special girl.

**Ch Marsport Mustang Marki - OFA**

"Marki" is stunning in both the field (as a hunting companion) & show ring. "Marki's" sire "Jonnie" was ranked #1 during 2003, 2004 & 2005. Currently winning BOB (brought out of retirement) at the 2006 Eukanuba with "Marki's" sister, "Eve" awarded BOS.

**Ch Cimmaron's Set 'em up Joe - OFA "Joe"**

A spirited, happy boy who will work for anyone who has his lead but prefers to go home with his owner. "Joe" is ready for the obedience ring and should be competing soon. A proven stud with a new show Champion son (who finished with 4 majors at 15 months), another show pointed daughter, and an additional daughter with juvenile field points, all in his first breeding.

Standing left to right: John and Judy Marinelli, Wade Haines, Judy and Tom Robin, Chad Holman with Lane's End We-Be Clean, Roy Pelton and Ross Young.

This year's winner of the Purina Award was Lane's End We-Be Clean, a 7 year old white and orange male by Ajax VII out of Scatt's Ramblin Jill. Owned by Tom & Judy Robin and handled by Chad Holman. We-Be won the Illinois, Michigan and Prairie State Championships as well as the Jim Holman Classic and Ozark hour stake. He also placed in the Mid-South Championship and the Greater St. Louis OAA.

The Award ceremony was again held at the Blue Mountain club house. Ross Young was on hand to present a painting of last year's winner Bourbon XII to Joe Jung. Roy Pelton was again present as the representative from Purina and offered congratulations to all in attendance. # WALKING THE WALK AND TALKING THE TALK

by Kristi Anglen

## **"Dual dog" "Dual quality" "Dual bred" "Dual breed"**

These are all words most of us have used to describe our chosen breed and they are proudly spoken. We see and use these words in email communications, magazine advertising, on websites and when describing litters for sale on the internet and in our local paper. The question is what are YOU doing to keep the breed that way and have you contributed at all to keeping the Brittany THE DUAL breed?

Most would think I'm speaking of breeding and competing now but I'm not. Those are the main ways in which we make and keep our dogs "dual dogs" but they certainly require something else extremely vital to achieving that end. All of us are members of the American Brittany Club and many of us are also members of at least one regional club.

Without the ABC and the regional club there are no field trials and no specialty shows. And although we can get our show championship at an all-breed show the specialty shows put on by the clubs is where we see our breed showcased. You absolutely cannot get your field championship without regional clubs because you need that Brittany club major win to earn that FC.

In order to keep our breed the DUAL breed that we all are so proud of; we need not only the ABC but our regional clubs to stay functional. Brittany clubs like any other club are most often "manned" by a core group of volunteers, usually anywhere from 5 to 15 people who do the brunt of the work within the club. So basically the future of our breed as a dual dog rests in the hands of a relatively small group of volunteers who make sure the rest of us have a place to earn those titles and showcase our dogs. Without the clubs and the club members who volunteer at trials and shows we simply do NOT have a dual breed. That fact is plain and simple.

"I'm busy", "I have family and obligations", "I don't know how to help", "It's too far to drive", etc. These are all reasons we've heard or uttered ourselves when faced with helping out at a trial or show. Guess what? We ALL have these things in our lives- families, obligations, issues to overcome in order to pursue the goals we have for our dogs and ourselves. If you have time to attend a show or a trial then you also have time to help out your club on occasion. Certainly if you have the time to raise that occasional litter that you proudly call "dual quality" you have time to volunteer your help now and then to your club. And whether you actually do show and trial or simply have dogs who hunt or you proclaim your dogs duality through some ancestor in their pedigree- You are still part of the equation and have an obligation to make sure our breed stays a dual breed.

There are too many ways to help or to get involved to say that you simply can't. At specialty shows many times the chairperson needs help with set-up or handing out trophies or sponsorship of a trophy. Some specialties offer a brunch or luncheon for the exhibitors and the chair can always use help with making food or a money contribution towards the meal. We all enjoy getting the goodies that are often offered at specialty shows. And we all enjoy the fact that we get to see many good Brittany in one place at one time. So what are YOU doing to make sure clubs can still offer specialty shows so this can continue?

Field trials ALWAYS need help. You can't ride a horse. So What! Offer to line marshal if you really want to get close to the dogs and see what trialing is all about. This is just making sure the next brace is aware they are up next and will be up at the line when it's time to go and this can be vital to keeping a big trial running smoothly. It also gives you a good chance to see dogs you may never have seen before and meet Brittany folk you wouldn't have otherwise. Offer to help with the dog wagon if the committee uses one. Offer to put birds in the bird bag for the bird planter.

If getting a little dirty isn't your thing that's fine! If the club offers a meal or meals for competitors and judges then make a covered dish or help serve or run the kitchen. Be the water/coffee/donut runner for the judges. Judging is a tiring thirsty job and many times breaks come few and far between and the judges could use to wet their whistle or grab a quick snack in between braces. Raffles are often done at field trials to help offset expenses so bring some raffle items or get your local tack or feed store to donate something or better yet offer to run the raffle, sell tickets, set up the raffle table. Many times a "go-fer" is needed to run to the store or go find someone that is needed by the chairman or committee. Ask the chair to give you a job. It's only for a day or a weekend- not a lifetime commitment.

There is no excuse under the stars that gets you out of doing at least ONE of these things for your club at either a show or trial or preferably both- especially if you've ever uttered those words "dual dog" with pride. It's up to us as club members to make sure our breed stays the dual breed. The only way to do that is to make sure the clubs remain functional enough to offer field trials and specialty shows. You may say "so what, I do obedience/agility with my dogs so don't need those events" or "I just hunt my dogs" or "I just have a rescue dog". Well if you are proud of the fact that your breed is a dual breed and you want it to stay that way it should give you incentive enough to help out once or twice a year in order to make sure our breed remains dual. And if you occasionally breed that litter of pups that you like to advertise as "dual-quality" it is imperative that you help make sure we are able to keep the Brittany a dual breed. Without the clubs we simply cease to be the "dual" breed we are. And without help and volunteers the clubs will cease to exist.

So the next time you are talking to that admiring stranger who is fussing over your wonderful Brittany at your side and you proudly state that they are a "dual" breed or you are writing up that advertisement that will entice those buyers to call about your "dual" quality litter please ask yourself if you've done all you can to make sure our great little dogs stay that way. And you never know, you just might meet some new friends, see some dogs you want to use in your breeding program or simply have a really good time. A day or two out of the year really isn't that much to ask of a person or family and it can truly make a difference for our clubs and in the long-run our Brittany. So will you walk the walk and talk the talk next time you say the words "dual dog"? It is up to us as club members and Brittany owners to make sure future generations can continue to proudly say those words.

BRITTANY CLUB**

August 17, 2006**

CNEBC is celebrating another successful Specialty Show. We had a good entry, the weather cooperated, and even though the price of gas was high people came. We started promptly at 6:00 P.M. with our sweepstakes judge Ms. Cheryl Lent of Hebron, CT and she wasted no time in moving thru the sweeps

classes. We had more bitches than dogs this year. Our usual numbers are 50/50. Ms. Lent selected for Best In Puppy Sweeps SOUTHGATE'S PART OF THE PLAN with Best of Opposite going to TRIUMPHANT'S TOO HOT TO TOUCH.

Veteran classes had diminished this year. We truly miss those wonderful Brits that were always there for each Specialty. Now we have some new Veterans. In The Veteran Dogs 8-10 years CH LOKI'S DANCE THE NIGHT AWAY as Best in Veteran Sweeps and CH SWIFT RIVER'S RAZAMATAZZ as Best of Opposite.

We were very happy to have several entries in the Junior Handler class and are hoping that more young people will enter this group in the future. With the help of 4-H and other clubs more interest is being generated. Our judge was Ms. Sarah Kennedy, a former Jr. Handler herself. It is so nice to see someone giving back to the sport. We had one Novice Junior and this was her first AKC event. Her name was SARA DEMARAIS handling her Brittany Triumphant's Rosie Posie. In The Open Senior class we had two entries. One was KIMBERLY ZUK with her bitch Belknap's Quaking Aspen and the other was KRISTYN E. MCCARTNEY with her dog CH Triumphant's Magic Carpet. KRISTYN E. MCCARTNEY was selected as the Best Junior Handler. We wish these young people much success in Junior showmanship.

Mrs Kathleen Steen of Alpharetta, GA was our Confirmation judge. She carefully examined and observed each dog to see if it measured up to her interpretation of the Brittany standard. In each class she had tough selections. The first points of the evening went to SOUTHGATE ENDOR MYSTIC SHAMAN with Winners Dog. SWIFT RIVER'S JUST A PONDERIN took Reserve Winners Dog. She had the same tough decision when judging the Bitch class, only more to choose from. A nice group of nine Open Bitches were presented to the judge. Her choice from this group was ROCKLAN'S MON AMI for Winners bitch. Reserve Winners Bitch went to TRIUMPHANT'S TOO HOT TO TOUCH.

Veteran Dogs were the next class and Mrs. Steen selected CH LOKI'S DANCE THE NIGHT AWAY. For Veteran Bitches she selected CH SWIFT RIVER'S RAZAMATAZZ. Even though there was a small entry, Mrs. Steen was quite impressed with how wonderful these Veterans looked and gaited.

And the finale for the evening, Best of Breed, a very tough decision indeed. You could tell the judge was finding it difficult to make that choice. Every dog in that ring had been first place in their class or they already earned the title of champion and had proven that they were worthy of being selected to become Best of the Breed that evening. Finally, that designation went to CH TRIUMPHANT'S ABSOLUTE JH, owner/breeder Linda McCartney-Roy. Best of Opposite went to CH MT VIEW'S STAR CHASER and Best of Winners was SOUTHGATE ENDOR MYSTIC SHAMAN.

I am very grateful to everyone who supported and entered our show. A special thank you to those who helped set it up and then helped take it down. We thank those that gave their time to this club event so that others could have a wonderful evening showing their dogs, the camaraderie was great. Everyone was so pleasant and friendly. To all of you that have helped me with this show over the years, I sincerely thank you for your kindness and support. For the first time in our club history that I know of we will be having another Specialty in Fitchburg, MA December 1, 2006. We hope you will come and participate once again. Best in Show will be awarded as well as Obedience and Rally. See you then.

## GREATER MILWAUKEE BRITTANY CLUB

### South Milwaukee, Wisconsin August 11, 2006

The Greater Milwaukee Brittany Club held its Specialty Show after the first of two Cudahy Kennel Club All Breed shows, on Friday night August 11, 2006.

It was the first time Cudahy Kennel Club used Grant Park in South Milwaukee, and we were pleased that they allowed us to be part of their weekend. We received many positive comments about the location. The site is a short walk from Lake Michigan, with plenty of parking and lots of shade. The weather cooperated, sunny skies and a cool breeze from the lake.

Club members and friends of the club donated quite a large variety of goodies for our raffle which is always well received.

Combined with the Sunday and Monday shows a short distance south in Racine there were classes big enough for majors every day, but Monday this year.

As always there were more club members helping than I can mention thanks everyone another show well done.

The one person we do need to thank is Becky Rao, without her generous trophy donations the show would not be possible.

We are looking forward to having our show there again next year.

# American Brittany Club Grouse/Woodcock Classic

September 22-23, 2006 • Patridge Run, Berne, New York

Reported by Darlene Dow

The northeast grouse woods—where the Brittany comes to test their true mettle. Where dog and handler alike must showcase their stamina, endurance and bird finding smarts in some unimaginably tough terrain and cover. It's what makes the heart pound, when after what seems like forever, the bell goes silent and the search is on to find that dog buried deep in the thickets holding grouse or woodcock for the handlers flush and shot. This is what makes the enthusiasts keep coming back... to hear the silent bell. And such this is as it was on the last free weekend before hunting season opens in NY.

On September 22 and 23, 2006 the Hudson Valley Brittany Club hosted the ABC Grouse/Woodcock Classic for 17 of the best grouse dogs in the country. Three former national champions were in attendance highlighting the versatility of our little gun dogs; 2002 NAGDC Little Guy Levi, 2003 NOGDC Baby Jane's BB and 2003 & 2004 NAGDC Calistar Delprado. Not to mention the defending champion Kirby Mt. Becasseau Echo. She was not to repeat her winning performance of last year and had to be content with third. I'm sure that didn't bother Becky as her son Basher stepped up to the plate to take her place. Her father, Echo Echo's Echo did the same in 1990. Three generations of ABC Grouse/Woodcock champions. Basher & Becky are owned and handled by George Habecker of PA.

The running started at 8:00 am on Friday morning with beautiful puffy cloud dotted blue skies and temperatures just perfect to run dogs. Brace 1 started with CISCO KID DELPRADO, (Cisco) Les Casselberry and TBF'S HOTRODDIN HOWSER, (Howser) Ray Gorman. These two broke away with gusto with Cisco being gone for the first 9 minutes before returning to bell range. Howser was a handful this day and at 30 handler elected to call for the tracker. Howser was located some 3 hours later visiting the locals. Cisco backtracked to see what was going on and was rewarded with a woodcock find at 38. He worked the cover diligently and had a nonproductive at 45. Les is known to have hail Mary birds on these grounds and he did it again with Cisco going on point at 57. A grouse lifted and Cisco self-released as a woodcock went up.

Brace 2 was KILLDEE'S ANTICIPATION, (Annie) Janet Garrell and TRIUMPHANT VICTOR OF DOURON, (Vic) Darlene Dow. While Annie was the closer of the two she hunted hard and was often deep in the cover. Vic reached out and covered quite a bit of ground handling kindly. Unfortunately for these two, at 17 a grouse lifted wild with no dog involved and another lifted after time was called. Annie was carded with a stop to flush mid-way through the brace on a grouse off the right side of the course just before the creek crossing.

Brace 3 BEBOP FINNEGAN'S HOLIDAY, (Holly) Fran Gorman and BABY JANE'S BILLY BOY, (Billy) Scott Blair. Had Holly had a bird this may have been her day. She handled forward at the edge of bell range with Fran barely saying a word for the first twenty minutes. The judges commented that it was a shame that such a fine performance was not rewarded with a bird. Billy was hunting to the best of his ability given his advancing age and sore pads. He made some nice moves into the cover. Grouse flushed wild at 24 and 48.

Brace 4 SYLVIA'S BIG BIRTHDAY BASH, (Basher) George Habecker and COOS RIGLEE, (Riglee) Tom Ettinger. Riglee had a nonproductive at 5, but actually as noted by the gallery a woodcock had previously flushed from the area. Tom had a hard time keeping track of Riglee's bell as he was hunting the far reaches of the course. Basher hunted hard and deep and was rewarded with two finds in a short time. At 28 and 32 Basher was found deep in the clearcut standing his grouse with supremely staunch style. He finished the brace handling well and hard hunting.

Brace 5 COO'S RYLEE, (Rylee) Ray Gorman and RED HAIRE MARY, (Mary) Bill Gorman. The Gorman boys had their hands full on this day. Rylee was hunting deep and rimmed the top of a ledge before dropping down for Ray. Mary did a disappearing act for a time and handler, scout and judge went for a nice walk into the cover trying to get her back. She was at the top of ravine and was working it hard. She dropped down in front of gallery and reporter and went for a nice swim waiting for Bill to return. At 39 before the road crossing Rylee had a nonproductive. The brace ended with neither having a bird.

Brace 6 BOUDREAUX'S HI-CALIBER BULLET, (Cali) Darlene Dow and KIRBY MT. BECCASSEU ECHO, (Becky) George Habecker. This was the last brace of the day. Handlers became separated when Becky went on point at 10. Grouse lifted and all was in order. Becky again went on point not too long after the first find. After a lengthy relocation a bird was produced. The girl has a nose for grouse that's

for sure! Cali made the front and the two never rejoined. Cali handled kindly and was listening well. She had a somewhat immature race not quite sure knowing how to jump into the cover. Due to a beaver dam the course ended abruptly and Darlene and the judge made their own finish to the course along the beaver flow in the swamp. Had Cali turned right instead of left on two separate occasions she would have been rewarded with a woodcock down in this swampy area. She did have a stop to flush on a grouse after time. Becky finished the brace hunting the cover hard.

Brace 7 started at 8:00 on Saturday morning with rains predicted. SUEMAC'S BODACIOUS PRIDE, (Bo) Roger McPherson and BABY JANE'S BB, (BB) Scott Blair. Bo hunted the wider of the two being out of bell range quite a bit. Bo is quite animated in his run and is a joy to watch. BB was the closer of the two and came from behind on a couple of occasions. However, her bird work on a grouse at 24 showed why she is the versatile champ that she is. It was impeccable.

Brace 8 started with two former National Amateur Gun Dog Champions, CALISTAR DELPRADO, (Star) Les Casselberry and LITTLE GUY LEVI, (Levi) Shan Wessels. Levi gained the front as Star ran wide and deep. Levi was up a hill into some nice cover stopped. With judge in tow Shan went up the hill looking for Levi and Star came through at the top of the same area. Unfortunately, they were both too deep and woodcock flushed closer to the pathway. Judge did remark there was some "nice cover up there". At time Levi was on point. Star came through as Shan was trying to produce a bird, but none lifted.

Brace 9, SUEMAC'S BLAZIN BIBI, (Bea) Roger McPherson ran as a bye. She hunted forward very nicely and handled well for Roger. At 12 she was rewarded with a grouse find. Her style was nice with a high headed intense point.

We would like to thank Purina our sponsor and judges Tom George and Pat Cooke for the hours they walked behind these wonderful dogs giving their rapt attention to every brace. Tom was a last minute replacement judge. Although, he had recently had a knee injury he persevered for us and I will always be grateful for him enduring the pain he did to complete the assignment. We especially need to thank Debbie Guard and Linda Holcomb. Both were there bright and early each day. Linda had breakfast and lunches ready for everyone and did whatever else was needed. Debbie was our dog wagon chauffeur. She got everyone where they needed to be and was there to pick up at the end. She knows the start and pickup points of these courses we couldn't have run such a smooth trial without her.

### WASHINGTON BRITTANY CLUB

#### Walking Trial

#### Scatter Creek

August 5-6, 2006

by Dan Green

Thanks to all participants and helpers at our August walking trial. Special thanks to Chris Wickham who donated body and vehicle for 2 full days and performed various other vital services that helped speed along a very full trial. This non-denominational event saw friends from Brittany and most every other breed persuasion pitch in to do what they could to help. Steady Ray Barrager and Lennie Gedsell were invaluable club members with their efforts. All us'n others know what we did and who we are.

The August weather was pleasant for the most part, but some were put to doing time under a very warm sun. Even at that the dogs that were in condition scoffed the heat (come to think of it even those not in as good of shape laid it all out too) and as usual did their thing with their usual courage. It was questionable as to the abilities of some of the handlers, yours truly not excepted, to reach for the extraordinary or for that matter even the very ordinary. It was a load of work but well worth the effort to see most all very happy with the efforts put forth for their pleasure and use.

## MEMBERS OF THE AMERICAN BRITTANY CLUB

### What can you do to help the Membership Campaign?

This campaign is really quite simple, we are asking every member to donate/sponsor a membership in the American Brittany Club. This "gifted" membership might be to a puppy purchaser, or a friend/acquaintance who has a Brittany. All of us encounter people who may just need a little encouragement to become members.

This can work, but it is totally dependent upon your support. Please use the ABC application form in the back of the magazine to enroll a new member today. You may donate/sponsor multiple new memberships. The names of new members & ABC sponsors will be published in the magazine on a quarterly basis.

**Give the gift of a new membership... to give the opportunity to someone to learn about and participate in the American Brittany Club.**

**THIS IS OUR CHANCE TO MAKE A DIFFERENCE!**

**THE AMERICAN BRITTANY CLUB, INC.** is a member club of the American Kennel Club and is the recognized breed sponsor by the American Field.

The Club is composed of many Regional Clubs located from coast to coast. Most hold a licensed AKC field trial for championship points in the spring and fall seasons. Many hold a specialty (conformation) show and hunting tests. The Regional Clubs hold meetings to discuss mutual problems, fun trials, training sessions and other events of interest to their members.

# A great reputation can't be bought. And it can't be earned overnight.

**What does our reputation mean to you?**

**It means you get top quality.**

Every part that we use gets carefully selected and thoroughly tested in Tucson, Arizona, before going into one of our collars. Our first priority when building collars is quality. Always.

**It means our collars perform.**

You and your dog deserve solid, consistent performance. Without reliability how good can a training collar really be?

**It means we'll give you great service.**

We value everyone that has chosen Tri-Tronics. If your collar needs service we're going to do our best to show our appreciation by giving you fast, knowledgeable and friendly service.

**Who supports our claims?**

Just ask one of the million-plus buyers of Tri-Tronics collars. Ask the family needing a well-mannered pet why they're so happy with Tri-Tronics. Ask the hunters why Tri-Tronics is their brand when hunting gets serious. Then ask the winning handlers of champions why they use Tri-Tronics. And why they always will.
