VOLUME LIX • NUMBER 5 • MAY 2007

Objective and Purpose:

To promote cooperation and friendship among the breeders and owners of Brittanys and to encourage higher standards in breeding, training and showing of Brittanys in the field and in the show ring; to discourage the breed from becoming split into groups of "field dogs" and "show dogs" and to strive to keep it forever a "dual dog".

Brittanys...

Reprinted from the AKC Gazette Breed Column written by Dorothy Macdonald

Breeding the Next Generation

A Brittany is above all a bird dog with an outstanding ability to find birds. This is its quintessential reason to exist. Anyone owning a Brittany should recognize this fact. Brittanys can be adapted to other purposes, such as performance in the show ring, the obedience ring or the agility arena, and they will do well. They also enjoy the life of couch potatoes. They make good companions and will happily join in with whatever you happen to be doing, particularly if it involves food. But – and this is a big but – as a breeder, one must always remember the original purpose of a Brittany. The only reason to breed the next generation is to get better bird dogs. Of course, it is important to improve the structure and soundness of our breed; breeding for better and truer type should be fundamental to any breeding program. However, the first and all-important reason is to breed a functional, sagacious bird dog.

Using the tried-and-true formula of “form follows function,” it is easy to see that the Brittany standard is designed to produce a dog that can hunt birds. The structure it describes is exactly what is necessary to handle a long day out hunting. Therefore, any would-be breeder’s first step should be to evaluate his or her stock against the standard. The statement “She’s not good enough to show, so I’ll take her home and breed her” should make any true Brittany lover go crazy.

But even more important than evaluating the individual Brittany against the standard has to be its evaluation as a bird dog. Any Brittany that is not an avid bird dog should not be bred. As a breeder, this does not mean that you have to compete in field trials or hunting tests, although both are great fun and you and your Brittany would enjoy the sport. It does mean, however, that any Brittany that is to be bred

must be tested as a hunting partner. It means that any Brittany whose genes are going into the gene pool must be an above-average hunting dog. And there is no way to find this out except by hunting them – that a dog will run around the yard chasing songbirds proves nothing. That a dog chases seagulls on the beach proves merely that it likes to run. Most dogs like to run. A bird dog’s natural ability can only be tested on game birds; it is that simple.

Individual owners need to do no more than love and care for their Brittanys. It is for breeders that the responsibility for the future welfare of the breed comes into play. (Of course, the owners of stud dogs carry just as much responsibility as the owners of brood bitches.) It is far too easy to breed for the wrong reasons: You think puppies are cute, you want to make money, or – equally wrong, in the case of Brittanys – you just want to get a good show, obedience or agility dog. Since the ultimate achievement in the Brittany world is the Dual Champion title, a Brittany’s success in the show ring is, of course, important; it is simply not a good enough reason in itself to breed if the dog does not also demonstrate outstanding performance in the field.

Remember: Breed for hunting dogs. Hopefully, they will have the conformation and type to attain show championships. Hopefully, they will have the “extra edge” in their field work that will earn them hunting titles or field championships. Have fun in obedience or agility, but never breed away from the independence needed for a good bird-finder. Every breeding program should follow the dictum “A Brittany is first, foremost and always a great bird dog and hunting companion.” With this being the case, future generations of Brittanys will continue to exemplify the duality of purpose that the American Brittany Club and all true Brittany devotees want and are dedicated to promote.

Futurity Nomination Deadline Extended for litters born in 2006

The ABC Board of Directors at the 2006 Meeting, voted to: *“Grant a one time exception to the 90 Day futurity rule. Any litter denied entry in 2006 due to the 90 day rule may apply to enter with a late fee of \$90.00”.*

The board intended to encourage owners of litters to nominate and participate in the Futurity.

For owners of litters born in 2006, who may have been turned down for any reason or may have failed to nominate, you now have a second chance to nominate that litter for the futurity.

Litter owners wishing to take advantage of this *one time exception* should send their litter nominations on the 1st Forfeit Nomination form from near the back of the magazine (*this form has been updated for the 2007 litters, but will be acceptable to use when nominating 2006 litters*) to: Judy Robin, 1st Forfeit Secretary, along with fee of \$90.00. This late nomination period will end July 1, 2007.

This applies only to litter nominations and does not refer to individual dogs, which can only be nominated as part of a litter by the litter owner.

Any questions can be directed to: Marvin Stout, ABC Futurity Chairman at dynamite@comteck.com, or 765-384-7874.

AKC Companion Animal Recovery Introduces New Microchip

© 2007 The American Kennel Club, Inc.

The American Kennel Club's Companion Animal Recovery (AKC CAR) has introduced a revolutionary new microchip identification system to the market - The AKC Companion Animal Recovery ID System™ microchip.

AKC CAR has become the exclusive distributor of TROVAN microchips in the United States. The new microchip conforms to the American infrastructure and can be read by multi-system scanners, which are used in most animal shelters throughout the country. The new microchip can be read by multi-system scanners, which are used in most animal shelters throughout the country. Through a newly-designed delivery system, the AKC CAR microchip is implanted between the shoulder blades just below the skin of the pet. The two-piece, patented delivery system places the microchip in the pet while the lancet is simply retracted, leaving the chip in the precise location intended. Additionally, the AKC CAR microchip is smaller than other microchips and less likely to migrate.

The AKC Companion Animal Recovery:

- Is the nation's largest not-for-profit recovery service
- Provides a live operator, 24 hours a day, 365 days a year
- Has enrolled over 3.5 million animals and recovered over 320,000
- Has a long-term commitment to the pets in the database
- Funds veterinary student scholarships, search and rescue teams, and disaster relief
- Continues to offer free updates to the pet's record

Upon enrollment, every pet owner receives a FREE metal collar tag containing the pet's microchip number and the AKC CAR recovery hotline (1-800-252-7894). For more information on the AKC Companion Animal Recovery ID System™, visit www.akccar.org/microchip or call 1-800-252-7894.

- Reflections -

In reviewing the old magazines, I came across what I found to be an interesting article about the Ohio Brittany Club. This article gives a bit of the history of the early beginnings of Regional Clubs in the United States. It behooves us all to preserve our history and to emulate some of the efforts of those who went before us. Something mentioned to me by our Managing Editor, Dee Hemfield, regarding field trial reports that we all might take to heart is to include the dates and location of trials in your writeups when you submit them with the results for publication. Perhaps some day over 50 years from now as people review the magazine articles we have produced, it will further the factual basis of the history we are trying to preserve. It doesn't take long to write a few words about the trial and submit for publication, but it certainly makes for more interesting reading than just a list of winners. This article is a preface to the report of the Ohio Brittany Trial held Nov. 2-4, 1951 on the Findlay Gun Club, one mile west and one mile south of Williamstown, Ohio, with headquarters at the Phoenix Hotel in Findlay, OH.

OHIO CLUB HISTORY

Reprinted from
the January, 1952,
The American Brittany magazine
Vol. 3, No. 4, page 14.

The Ohio Brittany Club in name only is rather new, having been organized as late as April 3, 1948. but actually, Ohio ranks second to none, and in most cases tops the other sections in making Brittany history in America.

As most of you know, the Brittany was first introduced into Mexico in 1924. Second into New Jersey and Canada in 1933; Massachusetts, New York, and South Carolina in 1935, and into Ohio, Michigan and Illinois in about 1936 or 1937. It was Ohio and Michigan, working together, that organized the first actual group sponsorship of the breed in America. As early as 1939, Michigan was holding all-Brittany fun trials with Ohio and Illinois owners playing an important part. May 16, 1943, a few Ohio, Michigan and one Illinois owner met at Detroit and organized the American Brittany Club. They were: Senator Homer Ferguson, Dr. C.H. Keogh, A.H. Ady, Jack Whitworth, H.P. Cline, Dr. D. B. Ruskin, E.W. Averill, Mrs. Kathryn Adams, Thomas Fitzpatrick, W.K. Martin, Dr. Charles Lynch, Don Waller, Ralph Hughes and Robert McCurdy.

The first A.K.C. licensed field trial in America was held in Ohio on November 27, 1943, along with the first Brittany Spaniel Specialty Show. These events later became known as the "National." The following year the second "National" was also held in Ohio, and two years later, the fourth "National" was held in Ohio. Ohio began running A.K.C. licensed trials two years before any other section and has run 1 or 2 trials each year since.

As early as 1945, Ohio drew 38 Brittany entries in an all-breed show. Ohio holds the record of having had the largest Brittany entry in a field trial: 98 dogs being entered in its 1950 Spring trial.

The first Brittany magazine originated and was published in Ohio. One or more Ohioans have always been members of the Board of Directors of the Parent Club, with the exception of the first year. All but two of the annual directors meetings were held in Ohio.

The qualifying stake system, Field Trial under American Field rules that is coming back at the National this year, was first run in Ohio in 1946.

The first Amateur Handlers Stake was run at the Ohio 1948 fall trials and the first Regional Club specialty show was held in Ohio last fall.

.....
Postscript: The state of Ohio continues to this day with ABC members contributing to the Brittany in America and The American Brittany Club. The President of ABC for the last 8 years, former Director, 4th Vice President and a Life Member, Ron Zook, is from Ohio as is the Managing Editor of the magazine, Dee Hemfield, Ron Lisius just retired after many years of service as an ABC Director representing Ohio and the East Central Region and as Chairman of the Futurity Committee. 2006 ABC Hall of Fame member Wade Haines from Ohio is currently serving as East Central Dates Coordinator and Delmar McCallister, former Director & ABC President, is the current 4th Vice President. Some of these folks have campaigned some of the top Brittanys in the country and can boast of National Championship titles and placements on their dogs as well. Still hosting national events, the 2003/2005 Eastern Futurity was held in Ohio. Ohio has two regional clubs today: Buckeye and Ohio. Congratulations Ohio on such a stellar history. May Ohio continue to be a vital part of the Brittany world for many years to come. MJT

In Memoriam

Amos Greer, has passed away March 30th. Amos was from Gladwin Michigan and he was 98. His wife Edna who was 100, preceded him in death just earlier in March. They were married over 70 years, and both were born in Michigan.

Amos won the National Amateur with FC Gladwins Smokey in 1960. He was a true hunter, field trialer, and outdoorsman. Coming to Kansas to hunt with Jack Hires was some of his best times. He loved the britts and that is all he owned, but he loved watching any breed bird dog hunt. Amos had a friend that he hunted with named Art and everytime a bird was shot Amos would say my bird just to harrass him, and one day Amos tried to claim one that was over 100 yds from Amos and got caught. He was so good natured and easy going that he was just good to be around. The Greers were in the Motel business "which he built out of used lumber of houses he dismantled" in Gladwin most of ther lives. He also was in the tractor business with his brother. Their home was on a small lake where he loved to fish. We have been friends with the Greers for over 40 years and they will be missed very much as they still kept in touch with letters and cards.

NOMINATIONS BEGIN ... NOW!!

Brittany Field Trial Hall of Fame

Nominations close September 30, 2007

Induction February 9, 2008

Bird Dog Foundation, Grand Junction, TN

On behalf of the Brittany Field Trial Hall of Fame (BFTHF), we are asking you to participate in the 2008 BFTHF **nomination process**. The BFTHF is part of the Bird Dog Foundation, Grand Junction, TN.

Purpose

The purpose of the BFTHF is to recognize and to honor Brittanys and Brittany owners that have made significant contributions to the Sport of Field Trialing. To date 65 Brittanys and 33 Brittany enthusiasts have been inducted and pictures of these dogs and people hang in the Hall of Fame.

"To be enshrined in a Hall of Fame is the greatest achievement in field trial sports".

Nominations

You are a member of the nominating committee and your support is needed. We want you to **nominate** those that you believe are **Outstanding** Brittanys and **Distinguished** Brittany people.

Outstanding dogs are recognized by their entire competitive career, field trial performance record (championship wins) and production record. They must be deceased at least one year prior to opening of nominations May 1. These are the same dogs you would like to find in the pedigree of that good pup you just bought!

Distinguished people have rendered exemplary service to the sport of field trialing both locally and nationally for a long period of time. These contributions may be as a judge, a breeder, a field trial official, a reporter, a patron or any contributions of the above. The sport is better because of these people who are givers, not takers or self promoters.

Nominations Process

Nominations should be mailed, emailed or phoned to the BFTHF Secretary. Petitions with signatures of supporters should be mailed. The petition should state that this dog/person has made outstanding contributions to the sport of field trialing followed by signatures.

Election and Induction

A second committee, the BFTHF election committee, will select dogs and people from a list of those nominated dogs and people who have received the most nominations. Normally, no more than two worthy persons and dogs will be elected in any calendar year.

Biologists & Brittanys – A Love Story

by Nancy Derey Riley

This is a story of love – human, canine, and the relationship between the two. I have always loved animals, especially dogs. I was raised in a family that liked to explore the outdoors and we always had dogs. It was almost inevitable that I would end up becoming a wildlife biologist. But let me return to dogs.

Until I met my husband in 1993, I mainly had been a Scottish terrier person, and had never seen a Brittany until we met in January 1993. At that time, my future husband, Terry Riley, was the upland wildlife research biologist, a.k.a. Pheasant King, for the Iowa Department of Natural Resources. Terry is an avid hunter and his companion for upland bird hunts was Abby, his Brittany.

When I first met Abby, she was a lovely three-year-old orange and white Brittany. For my part, I knew what English springer spaniels looked like and at the time felt that she was a skimpy, short-eared version of a springer. Abby did not hold this against me, being quite a forgiving breed and soon had me thinking Brittanys were quite elegant.

Abby was friendly and gladly accepted my daughter, Anna, and me into her family pack when after a year, Terry and I married. Anna and I moved into his large house in Chariton, Iowa. My four-year-old daughter loved having a pretty doggy to pet. Abby was gentle and tolerant, however there was no question to whom she was loyal. She was completely devoted to her hunter, Terry.

First, I fell in love with the hunter and then I fell in love with the hunting dog. Terry took me hunting with him and there I was mesmerized watching Abby work a field. Pheasant hunting in Iowa is great fun and some work. Corn stubble is lumpy and the stalks are sharp. Grass pastures are a mass of tangled grasses, especially switchgrass – great cover for pheasants, but the stems grab your boot laces and try to trip you up. Did I mention I whine a lot!

The great fun is watching a bird dog work. Being in the field with a cerulean blue sky above, wheat-colored pasture underfoot, and a brisk breeze in your face gets your blood pumping. It gets a bird dog's blood pumping too. Abby would bound over the fields and I have memories of seeing only her nose and ears rise and fall above the tall grasses. Her eyes would be bright and shiny, tongue hanging out if she'd been running a while, and you could tell she loved to hunt. She would run along the edges of harvested fields and around patches of likely cover. Suddenly, she would stop in mid leap, turn her head, and lock into a staunch point. Her keen nose would be pointed in the direction of a hidden bird, totally focused on it. I never tire of seeing a dog do this.

She was a hard-hunting, brush-busting Brittany. Abby hunted so hard that one day when she had torn a flap of skin loose on her belly on a barbed wire fence, she would not let Terry put her in her kennel until she had one rooster in the bag for him. She did have one fault however, she refused to retrieve. Terry admitted that he had never tried very hard to train her to do this and when he tried, Abby would blatantly defy him. She wasn't without compassion for her hunter in this regard. Terry occasionally shot roosters that fell out into deep water. Abby would always wade or swim out to the bird, pick it up, and carry it back to dry land. There she would drop it and sit with it until her hunter found her. Terry believed this behavior was a result of Abby being spurred by a crippled rooster while she was still an adolescent pup. She developed the habit of quickly dispatching any crippled bird without any punctures and then dropping it and waiting for him to find her. Their hunting success was enough for Terry to forgive her this fault.

After a year of marriage and with Abby nearing five, Terry and I discussed breeding or spaying her. I was fully engaged in how great Brittanys were by this time and I pushed to breed her. I researched Brittany standards and it seemed to me that she was put together pretty well. We decided to ask Al Berner, then the pheasant biologist for the Minnesota Department of Natural Resources, about finding a stud for Abby. Al is the owner of Prairie View

Brittanys in Good Thunder, Minnesota, and raises wonderful Brittanys for upland bird hunters. We wanted to produce puppies that would retrieve and, as I've always put it, "low on the Brittany hyper-scale." Al matched Abby up with Maverick's Bud Dee from the Maverick Kennels in Jordan, Minnesota. Abby was out of Gunrunner's Far Out.

There was much anticipation for two months in the late spring of 1995. I speculated on the number of puppies Abby would have and then worried that she was even bred. She didn't appear pregnant until about two weeks before her due date. We debated over using wood chips or newspaper to line her whelping box that Terry meticulously constructed from a set of plans provided by Al Berner. Then, on July 16, 1995, three days before her due date, I woke up at 6:00 a.m. on a Sunday morning. I was wide awake and I jumped out of bed telling my husband that I had to go check on Abby. I went to the garage and instead of using her state-of-the-art whelping box that we had constructed and just filled with wood chips, she had torn up her old cushion and was laying in the middle of it. I could hear little squeals and there in her nest were four puppies.

The immediate joy was tempered by a puppy lying unmoving on the concrete floor. After I examined everything, I found another puppy crushed under the nest. I moved her and the remaining puppies into the whelping box and ran into the house nearly giving Terry a heart attack by screaming that Abby was having her puppies. The litter wasn't complete; she went on to deliver a total of ten puppies.

Now there were more Brittanys to love in our household, eight more to be exact. There were five boys and three girls. Originally I was going to keep a female, however, finding good homes took precedent and the third female was sold to a young couple finishing their veterinarian degrees at Iowa State University. Before they came to see the puppies, my husband asked if I sold the last female, which male would I keep. Without hesitating I pointed to "Spot" and said, "that one."

Spot was registered as Riley's Beginner's Luck, but his call name was Brett. Brett because his sire was from the Maverick Kennels and Brett Maverick was name of the gambler on the television Western from the 1960s. Brett quickly became the canine love of my life. Some people complained that I had more pictures of my dog than my daughter in my wallet. I had high hopes that he would be the epitome of the dual Brittany – a day in the show ring after a full day in the field. Well, shows were not Brett's cup of tea.

We entered several shows while he was still a puppy, but he was pushing the standard, was rather long, and his ears were a bit big. It didn't help that Brett's left side, the side the judge sees as you trot the dog around the ring, was totally white except for his freckles. He did pass one wicket test, but generally he hated dog shows. Show dogs should like showing off and Brett did not; he was wondering where the birds were.

Meanwhile, ever the hunter, my husband had taken him on a late October hunt in South Dakota with Wildlife Management Institute staff, his new employers. As the story goes, the rest is history. Over the course of four days, Brett went from chasing bugs to retrieving dead birds tossed out in the parking lot. He even tried to retrieve a turkey one of the hunters had harvested. Two months later he had his first official point on a rooster that couldn't possibly have been in that mown hay field. My husband and his brother walked up to the pup locked on point wondering what the heck he could be pointing when the rooster flushed up in front of them. They have always underestimated my dog.

I was a member of the Iowa Brittany Club at that time and the club members introduced me to the world of hunt tests. Hunt tests are field events where the dogs are judged individually on a list of hunting skills: hunting, pointing, bird finding ability, and trainability, for the first level of tests. Since I wasn't a hunter, it was like play hunting and a good way for me to get involved in the field. Brett immediately loved hunt tests and quickly finished his Junior

Hunter title. Then we moved to South Dakota and there was more time to hunt and less time to hunt test. Plus, Brett would always give me a disgusted look when I fired the blank pistol and the bird did not fall. He seemed to say, "What, I do all that work and you can't even hit the bird?"

So, I became a hunter so my dog would respect me. I'd also once been asked how I could call myself a wildlife biologist if I didn't hunt. I always thought that two college degrees were enough, but they weren't enough for Brett. To Brett's credit, just like his mother, he was patient with me and he loved to get out in the field. I loved to watch Abby and Brett cover the ground, working the field and leaving no possible spot unchecked for birds.

You probably can't ask for a better place to live than South Dakota to have a Brittany grow up into a great bird dog. Brett had the opportunity to hunt pheasant, quail, sharp-tailed grouse, greater prairie-chicken, mourning dove, and ducks and geese. Terry was continually amazed at Brett's willingness to retrieve anything, anywhere. Brett took his job seriously and the day Terry shot a Canada goose, Brett swam out to the bird, retrieved to hand, and then wasn't satisfied until he was allowed to carry the big bird a third of a mile back to the truck.

Brett and I attempted Senior Hunter tests, but he had trouble staying steady to wing and shot. If the gunner missed once, he didn't give him a second chance and broke to get the bird. He earned the nickname "Hoover" because he found just about every bird in the field. We also went to one National Shoot-To-Retrieve trial in Minot, North Dakota. He fared well the first day, but not so well the second.

I think Brett would have easily achieved Senior Hunter if we'd stayed in South Dakota longer. However, two short years later we moved to northern Virginia for jobs in Washington D.C. Abby was nine by then and easily adapted to being a suburban Brittany. She loved to chase gray squirrels from the yard and loved any family attention. Her greatest accomplishment was winning the pet costume contest at my daughter's elementary school where we dressed her up as a "bird dog," complete with felt beak, cardboard wings, and a pheasant tail.

Brett was able to go on annual hunting trips to Kansas to chase birds for three or four days a year. He gave it his all and would return tired and sore, but content from what we could tell. I didn't get to go with a daughter in school, so I lived all the hunts vicariously through Terry's tales of Brett's prowess. Terry claimed that on one of these hunting trips Brett not only retrieved every bird shot, though other bird dogs were present, he retrieved them to the hunter who shot the bird. This story was corroborated by others on the trip and not just the idle boasting of a hunter proud of his dog.

In 2003, we moved to New Mexico. On August 16, 2004, at 14 and a half, Abby died. Terry was out of town the week she started having health troubles, but just like in human stories, she waited until her hunter returned to say goodbye. A day after Terry's return home, she quietly fell asleep in the side yard in a sunny spot with a view of the mountains. She lies now near that same spot.

In the past two years, Brett added blue grouse, scaled quail, and white-winged and Eurasian collared dove to his list of birds pointed or retrieved. My husband began working for the Theodore Roosevelt Conservation Partnership and for two years flew Brett to Montana to be one of the bird dogs for hunting trips there with TRCP staff. My dog garnered much praise from the hunters who shot over him.

Brett was everything we bred for, short of a show champion. He even achieved that in a way for he won Best In Show at the Brown County Fair fun show in Aberdeen, South Dakota, in 1999. He was a big-running, bird-finding fiend. He retrieved every bird he found. At home he was a mellow, low on the Brittany hyper-scale family dog. He would eat anything, which sometimes got him into trouble. His favorite snacks were popcorn and apples. Brett craved attention and was ruthless about getting petted. He loved to give me hugs (Terry called it jumping up) and liked to sing (I still don't consider it whining). His nicknames included: Spot, Fuzz Butt, Buster, Moose Ears, Hoover, Woof, Big Dog, and Handsome. His favorite game was, "Go Fetch Me Something." When you said this he would run around

the house and look for something to fetch, generally a sock or shoe. Because he would get treats for retrieving, he often would come to you with a sock from the dirty laundry pile. Unfortunately I was never able to get him to put them in the washer!

Terry has many tales of Brett's and his adventures in the field, too many to relate here. There were incidents with minks, raccoons, skunks, and even a bobcat encountered during bird hunts. At home there are tales of pointing the parakeet, stalking the chickens, and a need for cashmere goat sensitivity training.

I said this was a love story and I loved my dog with all my heart and soul. I had to say goodbye to him on January 18, 2007. At eleven and a half, he was too young, but sometimes you have to make hard choices. In the fall Brett seemed to drop weight, but I attributed it to more hunting, since Terry had a new Benelli 12-gauge shotgun to use. I didn't worry much. After New Year's I continued to increase his food to get a little weight on him. Instead of putting on weight, he suddenly bloated. I took him to my vet and she drew blood and tried to feel for tumors, which she suspected. The results of the blood and fluid tests were inconclusive and I was advised to have an ultrasound done.

On the eighteenth, I took him in to have an ultrasound done, praying there would not be a liver or intestinal tumor and hoping for something treatable. When the vet called with the results of the ultrasound my hopes rose for an instant when he said they found nothing in his abdomen. It sank when he said that the pericardial sac around Brett's heart was filled with fluid, probably blood, and that he probably would not last the day. In fact, the vet was surprised that my dog was even able to walk into his office. I was crushed and left with the decision to either try an emergency procedure that might or might not work or to end his suffering. It seemed from the information the vet provided that he was indeed suffering.

I spent an agonizing afternoon on the telephone with Terry who was on business out-of-state trying to decide what to do. Terry told me that Brett had noticeably lost stamina during the fall hunting, something I did not know before. In the end, based on all the information I had and a gut feeling that there was more going on, I decided to end his suffering. This is the hardest decision I have had to make. My daughter and I held Brett stroking and petting him until the end. There were tears and there still are, but I know he is in a better place. Happy hunting in those heavenly fields my handsome boy, I will always love you.

Nancy and Brett in South Dakota.

2006 ABC Quail Classic/Championship

by Clem Kaddiddehopper

Hot-n-Dry Dry-n-Hot was the setting for the 2006 ABC Quail Classic. This year's venue was Camp Robinson Wildlife Management Area in Mayflower Arkansas. This trial was a challenge for man, dogs and horses from the get so. Sixty entries were drawn for this event, but 7:33 a.m. the first morning a phone call came in from Iowa 5 dogs scratched, then another 8 were a no-show. The field trial committee had to put thinking caps on and go to work. The motto thru-out was Get-R-Done. Central Arkansas Brittany Club hosted this year's annual event and was well represented. Field Trial Channan Warren Montgomery and committee members Ed Graves, Ray Trimble, Neil Mace and Dale Pool handled the challenges with abundance of knowledge/confidence. Below average rainfall and hot temperatures has taken a toll on the Mid-South. Creeks and ponds were as dry as I can remember. I have trained and ran trials here for over 20 years. The nursery pond was A Big Mud Hole. The grounds were well groomed considering the weather conditions. Dry as a powder house. Mowed strips around the wood line, plenty of feed strips and cover for wildlife. Roger Martin, area manager and his assistant Josh were a big help. They have done an excellent job. The area has greatly improved in the last 5 years. Camping ground has been upgraded, new water and electric hook-ups and large gravel pads, also new barn, second to none. I believe 64 stalls with new kennels being build on both sides. The judges were a return from 2002, Morris (Buck) Barley from Washington, Indiana and Floyd Cagle from Alma, Arkansas. Both of these gentlemen have an abundance of knowledge and experience. Their company on a long Hot-n-Dry dusty trail was a pleasure. These two men gave their undivided attention to each and everyone, it was greatly appreciated.

The American Brittany Club, Central Arkansas Brittany Club and everyone in attendance at the trial would like to thank Purina, Tri Tronics and Ross Young for their continued support and sponsorship. It is greatly needed and appreciated. Ms. Ruth Harold cooked wonderful lunch's everyday. Thank you Ms. Harold for this good cooking.

Attendance for this year's event was great! Mike Boydston, Bill Burton, Neil Mace, Warren Montgomery, Ray Trimble, Ed and Judy Graves, Wade Haines, Dick and Carol Pulliam, Dale and Renee Pool, Kent Patterson, Leroy Craig, Kent and Sherry Merryman, Noel, Lynda and daughter Mace, Les Rowels, Harold Woodward, Chris and Melissa Andrews, Charlie Baglan and Roger Ford.

Professionals included Chad Holman, Al Gorrow, Pam Baird, and Jim Berneathy and from California Wayne Downs. The Club hosted a happy hour Thursday night followed by a down home Southern Bar-B-Q dinner with all the fixings. Carol Montgomery's pecan pies were a hit. Great venue with good honest people making tough conditions and difficult situations easy.

SOLID GOLD NOT INVOLVED IN THE PET FOOD RECALL

Recently, 98 canned dog/cat food brands were recalled due the lethal contamination thought possibly from rat poison in gluten. Solid Gold does not use this can food manufacturer. Then, several dry dog foods were recalled for the same reason. Again, gluten seemed to be the problem. Wheat gluten, corn gluten and rice gluten are frequent ingredients in low quality pet foods.

Solid Gold uses no gluten in any of its products, including its treats. We received many telephone calls asking if we use gluten. We don't.

The most frequent allergy causing ingredients in pet foods are soybean, also called lecithin, wheat, and corn. Solid Gold doesn't use these. We use the non-allergic grains of amaranth, millet, and quinoa. Some of our products contain oatmeal which digest slowly and helps with blood sugar glucose levels.

Our Holistique Blendz is for sensitive stomachs, overweight dogs and white dogs. Holistique Blendz has only 18% protein to spare the kidneys. The only source of protein is from fish. 18% protein is the minimum amount that will support life.

Solid Gold never uses animal/poultry fat, which are frequently rancid in pet foods. Thus, it gives the pet a body odor and bad breath. We use the healthful oils of canola, flaxseed, sesame and almond oils. We never use sunflower, safflower or corn oil, which the Swedish National Cancer Society Study found an increase in the risk of cancer by 69%.

Solid Gold dry dog foods are Hund-N-Flocken (adult), and Hundchen Flocken (puppy) uses lamb and fish as the protein source. Our MMillenia (adult) bulk-up diet uses beef and fish. Our Wolf King (adult) and Wolf Cub (puppy) uses bison and salmon. Our Just a Wee Bit is similar to Wolf King for the smaller mouth. It is 28% bison and salmon protein for puppies, as well as small adults. Small dogs have a high metabolism and need a high protein level their whole lives.

We never use sugar beet pulp, may cause tear stains and struvite crystals. Some companies use sugar to firm up runny/soft stools due to the rancid animal fat.

The word sugar may be purposely left out of a company's ingredient listing to give you the impression that red beets are used. Red beets have no pulp-only sugar beets have it. Some companies say "sugar removed". How much removed? Who knows? The constant feeding of sugar may contribute to diabetes, pancreatitis, cataracts, dry coat, red tinge to black coat (anemia), or ear infections. Solid Gold doesn't use sugar.

The whole body works together. That is what holistic means. It doesn't mean natural and it doesn't mean organic. Solid Gold is dedicated to the continual leaning process.

If you want to give your pet a healthy foundation for life, feed Solid Gold. It's the very best.

Quality Doesn't Cost – It Pays.

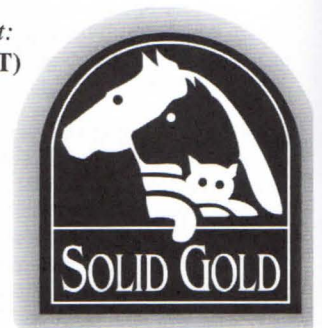

Monday, March 26, 2007 U.S.A Today. See PetConnection.com of pet food 1626 pet deaths due to contamination – 685 dogs and 941 cats.
FLASH April 8, 2007 CNN 3000 pets have now died from contaminated food.

Solid Gold is the only dog food company that is a member of the Organic Trade Association, the American Nutraceutical Association, the Medicinal Food Association, and the Nutraceutical Foods Association and the Life Extension Association.

SHOWCASE

DC/AFC COUNTRY ROAD'S NAVIGATOR

(CH Rolyarts White Russian x CH Country Road's Celebration, JH)

"Andy" was the pup who stood out in our first liver litter. He had an adventurous personality and the willingness to please with just the right amount of independence. He became an official resident of Tennessee with Julianne, and she started his field work. He was competitive in puppy and derby stakes earning his juvenile points.

Andy then became a Hoosier while he and Karen completed his

Show Championship. He sired his first litter, and then returned to Tennessee. Julianne broke him, and began competing in adult stakes, earning 6 open points and 7 amateur points. However her school and work interfered with his progress toward his field championship.

Andy became a resident of Iowa when we took him to Bob and Chris Burchett in the fall 2006. He quickly developed a connection to them, and thrilled us by winning the OLGD at the Heart of Illinois BC trial in March '07 to finish his FC and DC titles. The next weekend at the LaSalle BC Trial he won the AGD and finished his AFC under the able handling of Chuck Schaefer.

Andy is a BOB and Best in Specialty Show winner. He is a proven producer, OFA good, and DNA profiled.

Thanks to Bob and Chris Burchett for their care of our dogs, their expert training and handling, and for one of the most exciting years of our lives - finishing 3 Duals!

Ch Marsport Mustang Marki - OFA

"Marki" is stunning in both the field (as a hunting companion) & show ring. "Marki's" sire "Jonnie" was ranked #1 during 2003, 2004 & 2005. Currently winning BOB (brought out of retirement) at the 2006 Eukanuba with "Marki's" sister, "Eve" awarded BOS.

Ch Cimmaron's Set 'em up Joe - OFA"Joe"

A spirited, happy boy who will work for anyone who has his lead but prefers to go home with his owner. "Joe" is ready for the obedience ring and should be competing soon. A proven stud with a new show Champion son (who finished with 4 majors at 15 months), another show pointed daughter, and an additional daughter with juvenile field points, all in his first breeding.

2006 Eukanuba Meet The Breed

Meet the Breed at the 2006 Eukanuba tournament of Champions held on December 3 and 4, 2006 was a rousing success by all accounts. Chairperson, Linda McDonald, with her supportive and creative team of Rozanne Woelm, Sharon

Kalionzes, Helen Harbour, Nancy Hewitt and Tony Avedissian all raided their closets and collections of Brittany memorabilia to represent the dual nature of our breed. With Nancy's beautiful and colorful Brittany tapestry as a background, we decorated the booth with Bob Woelm's hunting and field trial gear, including his prized classic replica of a 4/10 double barrel shotgun (which is a cap gun)! We added his stuffed trophy quail and chuckar surrounded by fall foliage to create the Brittany's favorite locale: a fall hunting scenario. Squeaky toy game birds in an autumn basket on Linda's tapestry tablecloth, Sharon's embroidered quilt, and numerous pillows showing Brittanys enjoying many versatile activities completed the picture. Lynda Evan's Brittanys on the Eukanuba dog food bags were included as extra, eye-catching wall décor. Photos sent by Karen Stout were presented on poster board to emphasize the versatility of our breed.

A stack of ABC magazine and many of our California Brittany Club and San Diego Brittany Club newsletters were offered to an interested crowd. The display was tasteful, subtle but eye-catching. However, the true stars of the booth were all of our Brittanys who enjoyed taking center stage to greet the public. Those ambassadors of our breed were: CH Loki's Blizzard of Mischief (Luke), CH Windsong's Time of My Life (Risa), CH Swift Rivers Destiny's Child JH, NA, NAJ (Ellie) and a 6 month old puppy, Hope's Every Heart Beats True (Ticker). The volunteers in the booth enjoyed describing our breed to the visitors and answering the many questions asked. Breaks were taken several times as our dogs participated in the pointing dog demonstrations

provided on-site by the AKC. Eukanuba's Meet the Breed was truly a wonderful experience for all of the volunteers and the public!

Specialty Shows

Southern New England East Windsor, CT October 13, 2006

Friday the 13th of October was a classic cool crisp New England fall day and a beautiful evening sunset opened the stage for a great solo specialty for Southern New England Brittany Club. The event was held at Scout Hall Youth Center, East Windsor, CT and drew 37 entries from both show and field venues for sweepstakes and conformation judgments.

Our specialty opened at 6:00 pm with the Puppy/Veteran Sweepstakes. Ms. Lorna Godsill graciously accepted this assignment at last minute as substitute for our scheduled judge, Ms. Patricia Carney who was unable to conduct the class due to recent injury. From a field of 11 entries, Ms. Godsill selected TONAN-HOPE'S RU KIDDIN' ME as Best Puppy in Sweepstakes and SWIFT RIVER'S BELIEVE I CAN as Best of Opposite to Best Puppy in Sweepstakes. Ms. Godsill concluded her assignment with the selection of CH TRIUMPHANT HEAT O'MOMENT JH as Best in Veterans Sweepstakes.

Mr. Stanley Stalzman continued the specialty with judgment of the regular and non-regular classes. TONAN-HOPE'S RU KIDDIN' ME was selected as Winners Dog from the Puppy Dog 9-12 class and PARADISE'S SUMIN' IT ALL UP! as Winners Bitch from the Open Bitches class. For Best of Breed Mr Stalzman selected CH SANBAR'S CALL WHEN READI with CH RJ'S TALK OF THE TOWN receiving Best of Opposite to Best of Breed. TONAN-HOPE'S RU KIDDIN' ME was selected as Best of Winners.

Congratulations to Winners Bitch owner Darlene Hughes, who noted PARADISE'S SUMIN' IT ALL UP! had now earned the title Champion of Record.

The Show Committee would like to thank the exhibitors club members and guests for their contributions to the hospitality table.

We would also like to offer a special thank you to our Ring Steward - Lucille Sawicki. This year while keeping the show running smoothly Lucille undertook the role of training 2 new Junior Stewards - Samantha Parlapiano and Kaitlyn Bristol.

Another successful Hunt Test was conducted at beautiful Farmland Conservation Club. With cool, but windy conditions on Saturday, Brittany owners were a perfect 3 for 3 in the Master test! Sunday's weather was perfect for running dogs and the gallery was once again entertained by former G.I.B.C. Hunt Test secretary Mark Holzinger. Mark and "Cochise" always seem to create situations for some comic relief.

Thanks go out to G.I.B.C. member Jim Nunley for stepping in at the last minute and doing a good job replacing Marvin Stout as judge in the Jr. Stake. Marvin was unfortunately called away on a family emergency. Congratulations to all the Brittany qualifiers.

VOLUNTEER Grenada Lake, MS

October 21-22, 2006

Our Fall Hunt Test was hosted again by Danny and Louise Brown on the grounds of their Big Oaks Outfitters in the beautiful bottomlands surrounding Grenada Lake, Mississippi. Mother Nature cooperated to give us the best conditions for hunting that I've seen anywhere this fall. The grounds are a series of CRP fields, food plots of corn, milo and native warm season grasses. The Oaks and Sweet Gum are just starting to show their Fall colors and the frosty mornings gave way to warm sun and a slight breeze that gave the dogs ideal scenting conditions.

Our judging panel brought us a broad background of Wiem, Vizsula, GSP and Brittany owners and most importantly, hunting savvy. John Jackson, Remlap, Al; Phil Stout, Clinton, LA; Bob Henderson and Jim Englemann from Nashville presided over a group that totaled 45 entries. We had Weims, Vizsulas, Pointers, Irish Setters, Wirehaired Pointing Griffons and of course, Brittanys. Our Judges were attentive and the results were well received. After each day of running, when the evaluation sheets were posted, the judges took time with anyone that wanted to discuss the scores. I was impressed that our judges took more time with first time handlers to encourage and tutor them in the event and the judging standards. Thanks to all our Judges.

You could tell that the judges were well versed in the rules and spent time on the grounds to ensure that each dog was given a proper evaluation by being in the right spot on the course at the right time to view the running. Callbacks were done in a manner that I thought didn't just look like a set up and artificial. These guys have done this before and, you could tell.

The results were that 14 of the entries on Saturday and 17 on Sunday earned passes in the Senior and Junior Stakes.

I think the best moment of the weekend (for me) came when I had the singular honor to present Louise Brown with 4 rosettes on Saturday and 3 on Sunday for her "pack of show dogs". Especially, her "Delta" bitch from the Chilcote line, did a great job on pinning a covey late in the day on Saturday and stood while Louise flushed the bevy. Who said show dogs can't hunt?

The food, friendship, the grounds and of course the dog work is as much of the experience to make for a relaxing and truly enjoyable weekend as I've had in some time. Thanks to all our friends and members who made this a success. We invite you all to come join us next Fall to have fun and work some dogs.

**SOUTHERN NEW ENGLAND
Flaherty Field Trial Area
E. Windsor, CT
October 13-15, 2006**

The Southern New England Brittany Club held its fall trial Friday, October 13, 2006 through Sunday, October 15, 2006. We ran the trial under the very best weather conditions. The temperatures began in the low 30's in the mornings and never reached 60 during the day. The carefully groomed grounds at Flaherty Field had a back drop of gorgeous autumn colors. Many hardworking club members, judges, bird planters and marshals made the trial run very smoothly. Saturday evening everyone enjoyed a fried turkey dinner.

We hope to see you all again in the spring.

HOOSIER

Middlefork St. Fish & Wildlife Area
Danville, IL

October 28-29, 2006

by Ed Janulis

The Hoosier Brittany Club is one of the oldest clubs with Association to The American Brittany Club. It has a small but determined membership dedicated to continuing the tradition of this club for many years to come. Prevailing after the loss of grounds

in Indiana acquiring dates at Middlefork Wildlife Area near Danville, Illinois this club continues to overcome obstacles to hold a successful trial. The dates for this trial this year conflicted head on with the National Gun Dog Championships being held in Ionia, Michigan just a few hundred miles to the north of us. It was decided early on to go forward with this endeavor and see how it turned out.

The trial turned out to be successful running 110 dogs on two courses. Again like in previous years the success of this trial was due to its participants and the help of a multitude of people who chipped in and delivered to the trial running smoothly. This included dog wagon drivers on both courses bird planters food preparers and people who would just pitch in without being asked. Also a tragedy was averted with the help of many people's assistance. I lost my dog on the last brace at the far end of the course (damn those deer). He was missing well past sundown and many people including Chad Holman, John Hott, Kent and Sherry Merryman, Al Van Weiren, Ray and Mary Jo Trimble, Jim and Janet Chase, Dennis Sullivan, Jerry McGee and a host of others gave up a prepared dinner to assist me in locating my dog. Finally around 8 p.m., using the tracker, Al's expert driving skills and assistance of a couple of local deer hunters he was located and recovered.

The trial itself ran smoothly and we saw many good performances. Both the All Age course and the Gun Dog course were groomed better than I ever saw before allowing dogs to run to their potential. John Hott is the manager at this site. With his expert knowledge of field trial dogs he is able to groom the courses successfully while still maintaining the multi-use terrain for all the activities done at this site. The efforts of him and his staff were well appreciated. The Open All Age was won by HI POINT'S CLEAN SWEEP handled by Kent Merryman, The Amateur Gun Dog was won by RU-JEM'S DIAMOND JIM handled by Jerry McGee. The puppy was won by KD'S COWBOY BLUES GET RHYTHM, handled by Amy Sullivan and the Derby was won by SHADOW'S TEQUILA TWISTER, handled by Sean Morgan. In The Amateur All Age stake the winner was WILLIE BOY'S BUDDIE, handled by Stan Williamson and the Open Gun Dog was won by the consistent "withheld".

I want to thank all the judges; John Hott, John Wilbanks, Jerry McGee, Amy Sullivan, Dennis Sullivan, Al Van Wieren, Kent & Sherry Merryman for their attentiveness in the saddle.

Finally, a special thanks goes out to Donna Janulis, who year after year, works tirelessly to make this trial a success - her attention to detail leaves nothing to chance and even serves as a foundation for unexpected events.

IDAHO

Hwy 55 Mile Post 9

Marsing, Idaho

September 30 - October 1, 2006

The Idaho Brittany Club held its fall field trial on Sept. 30 & October 1, 2006. Once again we had a great trial and we would like to thank all of the judges, club members and volunteers that helped. I would like to list everybody that helped at our trial but I'm afraid I would miss listing somebody and I certainly wouldn't want to offend any of the people that helped. We had so much help on the grounds that at times I had more volunteers than jobs. What a welcome relief so THANK YOU everybody!!!! Hope to see everybody again in the spring, till then happy trials.

CALIFORNIA

October 28-29, 2006

The howling Santa Ana winds subsided so we were graced with calm air, clear skies and fairly warm temperatures for our fall field trial. The trial was open to all AKC pointing breeds and several of the local German Shorthair pros brought their strings to compete. These entries helped make majors in all the adult stakes. Field trial entries are dwindling in this region so the Shorthair entries were most appreciated. We were fortunate not to have any sightings of the dreaded Mojave Green rattlesnakes. The coyotes must have been out of town for the weekend and the motorcyclists kept to other parts of the desert for the most part! The trial participants were treated to sumptuous appetizers at the happy hour honoring CBC's Western Futurity winners. Many people contributed their time and energy to help make the trial the success that it was. Many thanks to Myra-Dawn Ellis and Linda Langford for their computer skills and advice to Shannon and Brad Renfree for all the food prep and presentation to Cindy Leffingwell for getting the ribbons, wonderful trophies and judges gifts (you'd love to be on her gift list!!!) to Ed and Linda Dixon, Rocky Dennis, Sheri Harder, Sabina Arney and Cindy Leffingwell for keeping the courses plentifully planted. Linda McDonald, our raffle queen, ran a 50-50 raffle which she won! She also organized a Brittany costume parade with special appearances of Elvis dog, Brittany Spears, Hula Dog Tootsie Roll, Walking Horse, Tinker Belle, Cowboy dog and Tommy The Train to mention a few of our contestants. Barbara Robben kept the stakes running smoothly with her timely reminders to get to the line. Paul and Peggy Doiron stepped in at the last minute to haul the club trailer. And lastly, thanks to all our competitors and judges!

FIELD FUN — NOT JUST A RICH MANS SPORT

by Kristi Anglen

My husband and I were like many folk for years and whenever the subject of trying field trialing with our dogs came up said "oh no we can't afford the horses, the equipment, the training, etc." Well two years ago boredom and a little extra "play" money allowed us to take the plunge and here we are in the middle of our second season of running our own dogs going full bore almost every weekend!

We had been to trials to help out and observe and that is something I suggest before jumping head first into it. Go to your clubs trial. Ride some braces if you are comfortable around horses. Ask questions. Someone is always willing to explain things to you and help you understand what is going on. Same with hunt tests if that's where you'd like to start out. Most of what you'll read here can be applied to tests as well as trials.

If you've gone and decided that it looks like fun or you have that new pup that you really want to get out in the field you may ask "how does someone field trial without having a big or unlimited budget?" I'll never lie and say it's easy or without sacrifice. However the rewards so far have made it more than worthwhile for us and for our dogs.

The training portion I will skip over for the most part because each situation will be different. Some can and already do utilize a pro trainer for training their hunting or hunt test dogs. Some have hunted enough themselves and have experience to get their own dogs started and broke. Even though we've hunted with our dogs we used a pro trainer to put time into our first dog we trialed and to help us learn at the same time. He put the first season on the dog but then we took over and have been running him since. Each situation will be different. You may live near a fellow field trialer who can help you or your club may be one that offers regular training fun-days. Some trainers will work with you and your dog one on one without putting the dog with them for months at a time. That is cheaper than a monthly training bill and you also get training at the same time the dog does. Many trainers will give you yard work to practice while at home with the dog. That helps the training go faster and gives you something to do besides conditioning in between training sessions.

Equipment- You can spend just about as little or as much as you want here. On flash collars, checkcords, leads, something to carry water in while on course, on your blank gun. Check out the various gun dog supply sites and catalogs- they usually have a range of available products for almost any budget. We started out with some of the more reasonably priced stuff and when we found out we were really enjoying this- started upgrading to better equipment. No one pays much attention to that out there as long as your equipment works and is within the stated rules. And do make sure you read the AKC rules for field trials (and hunt tests if that's your plan) before buying your equipment. No sense in wasting money on something you won't be allowed to use out there. Raffles held at field trials, folks getting out of the sport and people upgrading their equipment are also other good places to get used/new equipment at a reasonable price.

Roading/Conditioning your Dog- So you don't have a horse an ATV or the place for either. Well neither do we. What we do have though is a beautiful recreation/park area down the road from us as well as some farm fields with tractor paths in our area. Both do well for "roading" our dogs from foot. You'll need a harness for this-again you can spend just about as little or as much as you want. The traditional bird dog harnesses are too big for our smallest Brit so we bought hers at Wal-Mart for \$12. The bigger dogs have padded harnesses to provide more comfort and protection when pulling in the harness. We bought one and we won the other at a raffle at a field trial.

We also fabricated a chain-weight pull for use on the older dogs when we road them. It provides more for them to lean into and gives them a work-out closer to one they would get on a 4-wheeler. Diagram and article were in the September 2005 issue of the American Brittany Magazine courtesy of Jere Hart.

Some have suggested roading off of a bike. That I'm not willing to try because of traffic issues around us but it may be an option for you. Treadmill exercise is also an option that may be within reach for many people.

Horses- BIG expense for most folks. Not only the initial cost but the equipment to haul them with and the upkeep. We would have to board horses if we bought them right now and for now we've decided that isn't the way to go. We have had several wonderful people offer their horses for our braces and we have also rented from wranglers. When ever possible we attend walking trials or trials with walking stakes. I have heard of people who walk with their dogs from various parts of the country so it seems there are more of us horseless folk out there than I initially realized.

Now if you want to field trial every weekend of the trial season you won't be able to find walking stakes each and every weekend most likely so you'll have to walk some horseback stakes. But we have found if you are willing to travel a ways that many clubs offer walking trials. You just might not know it if you are only looking in your state or states that directly border it. Ask around on the email discussion lists. Keep an eye out on the ABC and AKC websites. I've found more walking trials/walking stakes than I realized were out there and you probably will also.

Accommodations- Much like going to dog shows and staying over for the weekend we've seen all sorts of camping/sleeping arrangements! Of course if you already have a motor home or camper you are all set and ready to go. If you have a full-size or a mini van or even SUV depending on how many dogs you are carrying you can always "camp" in the vehicle. And there is also the option of tent camping at many trial grounds. Some state areas however do not allow tent camping so you will want to check the rules/regulations before planning your sleeping arrangements.

We invested in a nice air mattress, stack the crates at night and have a comfy sleeping area in our full-size van. Some field trial grounds have electric hookups for a small fee so we carry a small forced air heater for cold nights and a fan for warm ones. Screen rooms give some extra space if needed and if rules allow them being set up on grounds. Racks on the front, rear or roof can be used to haul excess equipment, coolers, etc.

Now I did see someone sleep in their car at a field trial recently and that I'm not sure I'd want to do! But he only had one dog with him and he seemed to be pretty comfy so I guess it's all in how many creature comforts you want to have for a night or two. A motel or hotel stay is also an option especially if you only take a few dogs along. We've found it easier on our budget to "van-camp" but everyone has a different idea of how much roughing-it they want to do! We take along a cooler for drinks and snacks since many field trials offer warm meals at nominal cost.

The bottom-line for us is that this is something we enjoy and our dogs love. We don't have unlimited resources so we have found ways to prepare the dogs and to compete without breaking the bank. Five years ago I'd have told you no way could we do this- This was a rich mans sport. Thankfully we found out different and we've found a weekend hobby that the entire family enjoys. Do we envy those who seem to have unlimited budgets and all the bells and whistles? Sure we do. But I'm betting we are having just as much fun as they are watching the dogs do what they love out there in the field!

MEMBERS OF THE AMERICAN BRITTANY CLUB

Give the gift of a new membership... to give the opportunity to someone to learn about and participate in the American Brittany Club.

This membership campaign is really quite simple, we are asking every member to donate/sponsor a membership in the American Brittany Club. This "gifted" membership might be to a puppy purchaser, or a friend/acquaintance who has a Brittany. All of us encounter people who may just need a little encouragement to become members.

This can work, but it is totally dependent upon your support. Please use the ABC application form in the back of the magazine to enroll a new member today. You may donate/sponsor multiple new memberships. The names of new members & ABC sponsors will be published in the magazine on a quarterly basis.

THIS IS OUR CHANCE TO MAKE A DIFFERENCE!
