VOLUME LIX • NUMBER 9 • SEPTEMBER 2007

Objective and Purpose:

To promote cooperation and friendship among the breeders and owners of Brittanys and to encourage higher standards in breeding, training and showing of Brittanys in the field and in the show ring; to discourage the breed from becoming split into groups of "field dogs" and "show dogs" and to strive to keep it forever a "dual dog".

Kennel Blindness

Kennel blindness is extremely destructive to the future of any breed. Whether you're involved in field work or showing (I hope both!), the failure to recognize the quality of your dogs and those of your competitors is a terrible obstacle to your advancement as a handler and especially to your advancement as a breeder.

If your dog didn't win, think about how it performed overall, as well as in every area in which it was judged. If your dog had more birds at the field trial, why didn't it win? If you competed in an all-age stake, did the winner outrun your dog and hit objectives at a farther range? If your dog was the wider-ranging competitor, did the other dog handle objectives more intelligently than yours in regard to the wind and terrain? Field trial judges must consider many factors in making their placements, so watch and learn. If nothing else, you will leave the field trial with a better idea of what that particular judge considers important and you can enter future trials accordingly.

The same need to have an open minded attitude and be willing to watch and learn also applies in the show ring. If you are out of the ribbons in the Open Dog class, don't go home. Stay and watch the rest of the breed judging - and it wouldn't hurt to stay for the group and BIS judging as well, if you can. Try to understand what a particular judge is looking for. Did the dog that beat yours move better? Did it free-stand beautifully? Did your dog have a better head but a 12-o'clock tail? Was the judge obviously choosing short-bodied, square Brittanys and forgiving a lack of angulation (or vice versa)?

Because there is not - and cannot be - a perfect dog or a perfect performance, judging is a series of compromises. Each judge has areas that in their opinion epitomize excellence in a breed, and it is that judge's opinion you pay for when you enter a show or trial. Of

course, many times a judge does not find a dog that's even close to their ideal - the best on that day is acceptable, but only that - so again there is compromise.

Even more important than winning in the field or the show ring is bringing a positive, open mind to your breeding program. Being blind to your Brittany's positive and negative features will prevent you from improving future generations in your program and the breed. In breeding, remember that the first rule is to never let your feelings about a dog's owner influence your evaluation of their dog. You don't have to be friends with them or even like them. Arrange a breeding with the dog's genes in mind, not the owner's.

Here again, you must be honest about your Brittany. Determine what is good and what needs improvement, then find where to get that improvement. Just an outstanding performance record (show or field) is not enough reason to breed to a dog. It is a big factor but only one of several. The dog's bloodlines - its pedigree, parents, grandparents and siblings, and its offspring, if any - are all factors to be considered, but whether you like the owner is never a legitimate consideration.

Kennel blindness can strike the owner of only one dog as easily as it can the breeder with a sizable kennel. No matter how many Brittanys you own, you must always keep our standard in your mind's eye, for without the standard as your ideal, how can you know which direction you should take?

So let's all be a little more interested in and appreciative of all the Brittanys in competition. Let's look at why a particular dog won, and fairly evaluate how close it came to the ideal. From this let's figure out the best way to improve our own Brittanys. The more friendly interest we have in each others' Brittanys, the better our breeding programs will be. In this manner we will see faster improvement in future generations.

- Reflections -

During the 1950's and 60's, The American Brittany Magazine ran columns written by M. Lejab. When one's identity is hidden by a pseudonym, one can often speak with a more opinionated voice than they can if their true identity is revealed. I think we've all experienced that with the advent of the internet where sometimes we are not really sure who is doing the talking. The Frenchman, Lejab, often spoke his/her mind and attempted to get people to look at things from different perspectives. This particular column caught my eye as the debate on all age vs. gun dog and range vs. quartering is still around. Those of you who frequent the Dual Brittany chat list could probably attribute this article to the list's moderator who has preached for years that the range of a Brittany should depend not on a definition of distance, but on the terrain and course the dog is hunting. One could also throw in the discussion of the similarities/

differences of an All Age Brittany as compared to that of an All Age Pointer. We both have All Age Stakes, but I think regardless of the nomenclature, few would expect the Brittany to display the same range as the pointer and yet his application and range is certainly different than that of the Brittany running in stakes titled Gun Dog Stakes. As we've said before, some of these discussions and debates will probably still be around when we are long gone.

As you read this you may note differences in spelling and terminology from current use today but which is copied verbatim from the original text. As a teacher, my students once asked me if I always had to tell a story to illustrate a point. It seemed I did, thus, I can appreciate the analogy used in this column by M. Lejab. ENJOY!

(Reprinted from *The American Brittany*,
Vol. 11 #2, March 1960, page 15)

Mon Pere, a man of genius and deep understanding, was ever alert for the situation that could be used as a means of increasing my understanding and learning. During a promenade through the park, **Mon Pere**, tripped, and almost fell to the ground. This was not unexpected by me, since he was at that moment walking to the side bowing, tipping his hat, and smiling at the young widow, **Allete**. He also had one eye closed. Why should he not trip? When **Mon Pere** had recovered his balance and dignity, he made to explain the lesson of this incident. "**Fils, it is not what something is that is of importance, but what it seems to be.** In illustration, the widow **Allete** is in reality, a female 62 inches in height with the proper proportionment of 115 pounds. This she is but to the infant she cares for, she is one who feeds and cares for him. The young men of the village see her as an awesome challenge; the young women as a threat. To men of maturity, she is a stimulation; to the wives of these men, well, – not a word to Mama! **So remember, fils, it is not always what a thing is, but what it seems to the observer.**

All this was brought to my memory recently when listening to a discussion on the naming of stakes. The contention of one was that the Brittany trial should not have an Open All Age Stake because the Brittany does not run wide enough for an open stake, "by pointer setter standards". For this reason, the open stake should be designated as an Open Shooting Dog Stake, and Amateur Stakes should be Gun Dog Stakes. Another discussant maintained that the dog should "hunt to the gun", or follow the gunner. Someone else wanted his dog

"To get out and hunt independently".

Now with the lesson of the widow **Allete** in mind, I am caused to wonder if perhaps all were looking at the same thing but seeing it in different ways, and calling it by different names.

The range expected of a Brittany should be different than that expected of a pointed, as it should be different than the range of a short hair; (stated as per original text??) and the Brittany should be judged in relation to the range expected of a Brittany.

The Brittany should hunt to the gun, in that he should be biddable and hunt where the hunter wants him – in truth he won't help much if he insists on hunting the opposite bank of the river. He should at the same time hunt, and not follow. He should do this with intelligence, going to the most likely places and covering the ground most likely to maintain game. With intelligence again, he should adapt to the terrain. With open country and sparse cover, he should range out and search the cover. When the cover is heavy; the ground broken and hilly, he should hunt close.

A dog, that in heavy cover or hilly ground, runs an "Open All Age Curse", would not show intelligence any more than one that quartered a plowed field and ignored the edges.

This intelligence and adaptability is truly the test of an all age dog, much more than the ability to run a great distance.

So before we argue at length about nomenclature, we should remember that with Brittannies, as with widows, we should appreciate them from the same viewpoint and see to it that they are judged as Brittannies. Then the name by which we call the stake is not so important.

2007 ABC Summer Specialty Show

April 14, 2007 • Perry, GA

Hosted by the Georgia Brittany Club

Submitted by Roger Hunter

The Georgia Brittany Club submitted our request to host a Summer Specialty in the South. Within a couple of weeks after submitting our request we were offered the opportunity, but told we would only have 7 months to prepare and we jumped at the chance. We were very honored for the opportunity to host the Summer Specialty and to bring back Brittany Specialties to the South.

A catered dinner was held the night before the Summer Specialty and those who attended had a great time, exchanging hello's, placing names with faces and making introductions to breeders and fanciers for the first time. Ned Castillo provided some very interesting discussions on pedigrees and photo's of older dogs. Everyone who gathered around enjoyed in the information and education of some of the older pedigrees.

The morning started off a little cloudy and there were threats of tornadoes for Central and South Georgia. The morning got started with Sweepstakes judging by Karen Mays who commented, after the judging, she received a great entry of dogs and felt, overall, we had proudly represented our breed. She was very impressed with the puppies presented to her. Ms. Mays gave **BEST IN SWEEPS** to **DOGWOOD HOLLOW JUST IMAGINE** owned by Geri & Gary Clements & Cheryl Mika. **BEST OF OPPOSITE SEX IN SWEEPS** went to **LIBERTIE'S AMERICAN SWEETHEART** owned by Emily & Michael Fuzette. The spirited veterans then took the ring with **CH LOKI'S TOP SHELF JUBAL EARLY, CDX, RE, SH, MX, MXJ, N**, winning **BEST IN VETERAN SWEEPS**. Early is owned by Wendy Archinal. **BOS IN VETERAN SWEEPS** was **CH JORDEAN-MAXWELL STILL KIDDIN**, owned by Tip and Kelly Maxwell. The **DUAL SWEEPS** was won by a Georgia dog, **DC AMMO'S GONE WITH THE WIND**, owned by Sandra and Gary Leavens.

The Summer Specialty was judged by Mr. James R. White who also commented, after the judging, he judged a great group of dogs and was very honored to have judged our Summer Specialty. Mr. White was also very impressed with the quality of dogs presented to him and stated the Brittany breeders should be proud of what they have produced. He chose for his **BEST OF BREED CH SANBAR CALL WHEN READI**, owned by Bob and Polly West. Readi went onto a Group 2. **BEST OF OPPOSITE SEX** was **CH RAO'S AT LIBERTY**, owned by Becky Rao and Andrea Lane. **WINNERS BITCH, BEST OF WINNERS** and **BEST PUPPY** was **HOPE'S TWIST OF FATE IZABEL WBT**, owned by Linda Elbert and Doug Walls. **WINNERS DOG, BEST BRED-BY** and **New Champion** was **DOGWOOD HOLLOW BENGAL ZERO ZERO**, owned by Geri & Gary Clements, Cheryl Mika and Rhonda Cornum.

I would like to thank Purina for their support and the following people who helped us put on a fantastic show:

Abbie Hanson – Trophy Chairman, who did a great job with all the trophies, presenting them beautifully. The glass etching was done by Abbie and she did a great job. We received a lot of compliments on the trophies and again Abbie, thanks for a great job. I would like to personally thank Abbie's friend Beth for all she did in setting up the trophies and helping out with the distribution. Great job ladies!

Tip & Kelly Maxwell, with the Judges Education Seminar, set-ups, break downs, picking up lunch, ice etc. I appreciate all your hard work.

Blake & Lou Ann Roulette for hospitality and for all their hard work behind the scenes and the months leading up to the specialty.

Beth Rosener, Laurie Altshuler & Lori Keesling for getting things together for the juniors and making them feel special as well.

Jan Savelkoul and her grandson, **Andrew**, for their hard work and help in handing out the trophies at the Summer Specialty. As always Jan, I thank you for your help and support, it means a lot.

I would also like to thank **Ned & Betty Castillo** for all their help and support. Betty single handedly raised over \$230.00 for the Brittany Rescue.

I would like to thank **Geri Clements** and everyone else (too many to mention) for their hard work and support.

The Georgia Brittany Club and I would like to thank everyone who supported the show with entries, trophy donations, etc.

This years Summer Specialty was a great success because of you!

Meet the 2007 American Brittany Club National Specialty Judges

Conformation

Mrs Ann F. Yuhasz

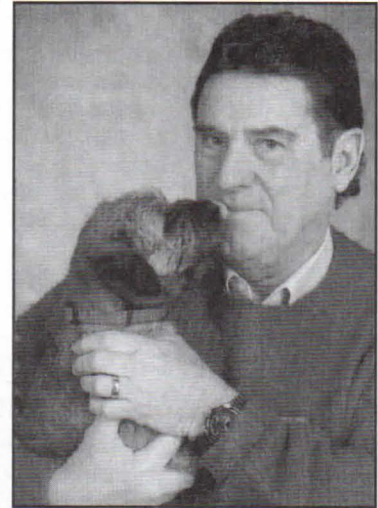

I am a second-generation dog show judge as my mother judged the sporting group and most of the herding group. I was raised with horses and dogs and showed horses from a young age for many years. Mother and Dad always had dogs around but didn't seriously raise English Setters until I left for college. As a young bride, our wedding present was an English Setter, of course. This started a long and happy hobby with this beautiful breed. For more than forty-five years we have been breeding English Setters, on a limited basis, under the Hemlock Lane prefix and have had too many bench champions to count. We have been well represented at Specialty and All-Breed shows. In the early 80's I imported a

Flat-Coated Retriever from the Shargleam Kennel in England and she became my foundation bitch producing field and bench winners. It seemed only natural to judge as an extension of my love for the sport and began that process in 1988. Due to judging and so much time away, I now have left the breeding and raising of our setters to my daughter who carries on as our third generation! I judge the Sporting Group, four terriers, beardedies, both corgis, poodles, juniors and BIS. I have been fortunate to judge in many wonderful places, Australia, England, Canada, Sweden and of course the USA. Among some of the more prestigious assignments include the English Setter Association of America National Specialty, the English Setter National of Canada, the English Setter Specialty of NSW, The Gordon Setter Specialty of NSW, The Chesapeake Bay Retriever National, Sweepstakes at the Flat-Coated Retriever National, the Sporting Dog Spectacular in British Columbia, the Chesapeake Bay Retriever National of Sweden, the Golden Retriever National, The German Shorthair National, and many wonderful all-breed shows throughout the states. Several years ago I judged setters, brittany's and spinoni italiani at Westminster KC and that indeed was a thrill. My husband and I now split our time between Ohio and the Florida Keys and share our lives with an English Setter and a Norfolk terrier.

I thank you and am honored to have been selected as your judge for the Brittany National. I have long been a brittany fan as I believe the dual dog is so important for our sport and you have spent a great deal of effort to preserve that belief. I look forward to meeting you all and seeing your lovely dogs!

Obedience & Rally

Mr. James Ham

Jim Ham purchased a \$100 pet Dalmation in 1972. That very special bitch became the first Am/Can CH, Am/Can UDT in the breed. Jim has also bred, trained and exhibited other Dalmatians, Smooth Fox Terriers and, his present breed, Border Terriers.

Jim now judges about fifty obedience trials each year. He also judges all Non-Sporting and Terrier breeds.

Jim is an elementary physical education teacher and former swimming and tennis coach. He enjoys sailing and tennis.

Australian Sponsors and News from Down Under

Submitted by Sandy & Tom Schrank, Trophy Co-Chair, 2007 ABC National Specialty.

This year, we have three Australians who have sponsored a Trophy or Award, for the American Brittany Club National Specialty. Two of our Australian Trophy Sponsors have submitted brief articles for inclusion in our Show Catalog, and the American Brittany Magazine. Each has offered a personal history in Field handling, and Showing of the Brittany and one, also included her 'History of the Brittany in Australia.' We are pleased to welcome the support they offer our National Specialty, as well as the support they give the Brittany throughout the year, here and Down Under.

A Brief History of the Brittany in Australia

By Fiona Brown-Elkner, Tobenlee Brittany's, Victoria, Australia.

The First Brittany's were imported into Australia 1974 by Mr Jack Thomson (Dunfrii Kennels) and Mr Ian Waldron (PineBritt Kennels). Three Brittany's came in from France, one male and two females, Ien Du Moulin De Callac (bitch), Itron De Cornouaille (bitch) and Itou Des Margottins (male) and one male from the Netherlands, De Windes Iwan. All of these imports came into the State of Victoria and resulting puppies from these litters were then sold interstate.

The first litter of puppies was born in September 1975, sire was De Windes Iwan IMP Netherlands, dam was Itron De Cornouaille, there were 2 males and 3 females registered bred by Jack Thomson of Dunfrii Kennels. Another litter was born at the same time, sire was Itou Des Margottins (IMP France), dam was Ien Du Moulin De Callac, bred by Ian Waldron (PineBritt Kennels), 5

males and 3 females were registered.

More imports followed in 1977, the first American imports. Jack Thomson imported two bitches, Pistols Ginger Girl, & Sequanis Rondo Dot O Dee and one male Rusty of BeelFlower Too. Then in 1978 two imports came in from Hawaii to Mr Laurie Bourke (Jarrowood Kennels). One bitch Tanta LuLu and one male Tanta Manu.

In 1985 and 1986 three imports were brought in from England all from Joymonds Kennels. Joymonds Veronica (bitch) owned by Brain Haveckin, Joymonds Adele (bitch) owned by Laurie Elkner and Joymonds Vagabond (male) owned by Ian Ramsdell.

In 1990 Laurie Elkner and Fiona Brown-Elkner Imported a o/w male Chico of Aztlan from Mr Brad Woodruff in 1991. Laurie and Fiona imported Jac's Hi Brass a o/w (bitch) from Mr Bob Weizs and in 1995 imported PJ'S All Kiddin Aside an o/w (male) from Jodi and Hal Engle.

In 1998 Mrs Christine Farrugia imported a o/w bitch Am Ch Jordean Goodnight Louise in whelp to Am Ch Jordean Your Wildest Dreams – eight happy healthy puppies resulted from this. The puppies were whelped at Christine's home, not in quarantine. Louise was purchased from Mrs Leslie Sorensen.

Then in 1999 Laurie and Fiona imported Rocklan Jordean Night Hawk a o/w (male) from Margi and John Sauer and in the same year they also imported Blackbutes Heart of Gold a orange roan (bitch) from Norm and Bonnie Clow. In 2001 Annette and David Rogers imported Breezewaters Com Fly with Me

a w/o (bitch) from Linda Holcomb, Breezewater Brittany Kennels.

In 2004 Mr. Peter Marsh imported a o/w male Am Ch Magic Getting' Jiggy With It from Mrs. Linda McCartney-Roy. In 2005 Laurie Elkner and Fiona Brown-Elkner imported a liver and white bitch from Geri and Gary Clements, Dogwood Hollow American Beauty.

In 2006 Revlon was followed to Laurie and Fiona's by Am Ch Dogwood Hollow Out of the Park, a o/w (male), again from Geri and Gary Clements. In 2006 Peter Marsh imported a o/w (male) Am Ch Tonan's Encore Time Out and a o/w bitch Kenyetto Daydream at Alceon, both from Nancy and Tony Morabito.

In 2007 Marilyn Di Natale and Jennifer Sharrock imported a liver and white male Alars Steel Shadow from Jessica Carlson. 2007 saw another import from Geri and Gary Clements, this time a liver and White male, Dogwood Hollow Pot Black, owned by Andrew and Vanessa Bourne.

Brittany's in Australia are highly respected and highly sought after gundogs (sporting dogs) by your average everyday rough shooter who wants a small easily trained family dog who is a great hunter as well as a fabulous family companion. The breed is increasing in popularity in the show and obedience/agility rings. But the fast majority of Brittany puppies within Australia are sold to hunters.

Annette Rogers, A Brittany Owner in Australia

Annette Rogers of Queensland, Australia, has been a breeder of Brittans within the last 10 years. Her kennel name is Tendayi, which means - "True Gift from God". Her introduction to the Britany was through Laurie and Fiona Brown-Elkner of Victoria. Through trial and error and persistence, Annette has become the breeder of the #1 Brittans in Australia.

Annette's first bred #1 Brittany is Aus. CH. Tendayi Dare Ya To Whispa (Spinner). He is sired by Aus. CH. Rocklan Jordean Night Hawk (imported USA). Spinner is the first Brittany in Australian history to win a All Breeds Champion Show Best in Show and he's done that four times. In 2005 and 2006, Spinner was the #1 Dogzonline Brittany show dog and #1 Gun dog in the Northern Territories for 2006. Spinner is owned by Andrew and Vanessa Bourne.

In December 2001, Annette imported Breezewater's Com Fly With Me from Linda Holcomb, Breezewater Brittans (Troy, NY). "Fly" is sired by CH. Triumphant's Encore', JH out of CH. Breezewater's Loki Motion, JH, a linebred Ffynant and Gilkey breeding. Fly attained her Australian show championship and then was bred back to Aus. CH. Rocklan Jordean Night Hawk. This breeding resulted in three show champions. Two of these champions were retained by Annette, Aus. CH. Tendayi Mark My Words (Logan) and Aus. CH. Tendayi Too Die For (Hunter).

Logan is currently the #1 Brittany Dogzonline point score in all of Australia. He is also a Best in Show Brittany and multiple Australian Bred in Show. At the 2006 Club L'Epegnauel Breton Championship and Open Show in Melbourne, Logan took back-to-back Specialty Best in Shows. His mother, Fly, coming out of retirement at these events to be handled by her breeder, took Runner Up Best in Show to her son with a entry of 25 Brittans, which is a tremendous entry for Australia.

Hunter, shown less often than his brother, has been awarded numerous Best of Breeds, including a 2005 Victorian Gun dog Club Best of Breed and 2006 Victorian Gun dog Club Best of Breed and being run for Best in Show. He is a Best of Breed winner at the Toowoomba Royal and Brisbane Royal shows. Hunter ended the 2006 season and is currently in the 2007 season as #3 Brittany in Australia.

The status for Brittans in Australia was given a setback when a tail docking ruling was instituted. At this time, Annette will not compete in the ring with undocked dogs and there may be a ruling in the near future that imports with docked tails will not be allowed in the breed rings, as well.

(Annette is very pleased to be sponsoring the Best of Opposite Sex trophy at the 2007 ABC National Specialty Show in Fort Smith.)

Fiona Brown-Elkner, and Some Brittany News from Down Under

Firstly, I would like to introduce myself, my name is Fiona Brown-Elkner, I am now 43 years old married with one son, Andrew the absolute apple of

my eye! We live with our Britts in Victoria, Australia.

I have handled 50 plus dogs (Shetland Sheepdogs and Brittany's) to their Show titles. I handled My Shetland Sheepdog Aust Grand Champion Hillacre Wee Macgregor ROMA to 32 All Breeds Best in Shows and 5 specialty Best of Breeds. I have also handled Brittany's to Best in Show and Group 1 wins. I also assisted my husband Laurie in handling our two Brittany bitches to their Dual Champion Titles. I enjoy hunting over our Brittany's with my husband and son. We hunt Australian Native Stubble Quail, Rabbits and Ducks with our Britt's. I own a SKB 12 gauge and Laurie owns a Lanber double barrel under and over shot guns.

I also love competing in the show ring with our dogs. We are as breeders, very proud of the fact that we do breed for the Dual Brittany. Our Brittany's have been and still are a force to be reckon with in the field and the show ring.

My first Brittany's were purchased when I was 19 years old. "Rosie" (Aust Ch Jarrawood Gipsy Rose) and "Jeanie" (Aust Ch Jarrawood Alkina) were my introduction into this FABULOUS breed who I adore without question. These girls became my foundation brood bitches.

Rosie and Jeanie's pedigrees went back to some very famous Brittany's indeed, these included but not limited to, Gringo De Britt, Char-lee O'Dee, Holliday Britt's Ed, and Faulkner's Reddy. Rosie became and still is the record holder for the number of Bitch Challenges (Winners Bitch) won at the Royal Melbourne Show. She won it five times converting this to Best of breed three times. This record still stands. Rosie's wins were under international judges from Europe, South America, North America and Asia.

My husband, Laurie Elkner, is a very keen hunter, field trailer and field trial judge so the natural progress was to start entering field trials. Our success in the field trials rewarded us with the first two Dual Champion Brittany's in Australia. These two young girls were Dual Ch Tobenlee Super Tramp ("Sandy"), and Dual Ch Tobenlee Mist O'Dee NRD (Novice Retrieving Trail Titled Dog) ("Dee Dee"). Sandy's dam was Jeanie and Dee Dee's dam was Rosie.

Laurie and I have been breeding, training, hunting, trailing and showing Brittany's since 1983.

We have under the Tobenlee prefix bred 44 show, two Dual Champions and one Australian Grand Champion, Retrieving Trial, Obedience, Agility and Jumping Titled Brittany's plus Best in Show, Group 1 & 2 winning and numerous Class in Group Class in Show Brittany's. We have several youngsters competing in their respective disciplines so many more titles to come.

In 1990 Laurie and I visited the United States to attend the National Field Trials and Show. We had the best time, a bit sore from riding horses for two weeks, but we had a fantastic time!!!! We saw what we were hoping to see! Plenty of the most beautiful and extremely talented Brittany's and met loads of fabulous super friendly people and made wonderful ever lasting friendships.

Since 1990 Laurie and I have been extremely lucky to have purchased and imported into Australia seven awesome Brittany's from some of the top field trial and show bloodlines/kennels in the U.S.A. We thank all of those fabulous Brittany breeders for allowing us to do so. These imports together with the existing Australian bloodlines and the imports other breeders have brought in. All have contributed to the forward development and improvement of the Brittany breed and broadening the gene pool within Australia.

I again was lucky enough to travel to America in 1999 for six weeks this time on my own. A huge fun filled adventure. The kindness and friendship that was shown towards me was unbelievable and something I will treasure all of my life and hope to be able to repay someday. One of the most very treasured high lights of my trip was to be able to stay with and spend loads of time with my mentor Andrea Jordan. Not only did I get to know Andrea, but I got the chance to pat and cuddle my most favorite Brittany the one and only 'Ollie'. Thank you so much for that chance.

(Fiona, is sponsoring several "Special Rosettes" for BOB, and BOS this year at the 2007 ABC National Specialty, and presenting them, "From Our Friends Down Under".)

Genetic Defects and Health Aspects Committee Reports

ENIGMA OF THE ANERIOR CRUCIATE LIGAMENT (ACL)

Contributed by Michael I. Siegel, Ph. D. and Gordon Theilen D.V.M.

The Health Aspects and Genetic Defects Committee requests your help in gaining a better understanding of the etiology of ACL tears in the Brittany. The current wisdom of veterinary practitioners is that trauma is the precipitating factor in such injuries. However questions of why the same trauma causes no injury in some dogs and anecdotally, why some breeds seem to have higher incidences than others, leads us to suspect that there may be co-variables, either genetic or environmental. To that end we are asking those of you who have a Brittany with an ACL tear to send a DNA sample along with a description of the injury (uni- or bi-lateral tear, subsequent injury to the other ACL, other orthopedic conditions such as elbow or patella anomalies, surgical repair etc.) to the Veterinary Genetics Laboratory at UCD.

The Center for Brittany DNA Studies at UCD: <http://www.vgl.ucdavis.edu/research/canine/projects/Brittany>

Is the only lab where the entire genome of a breed or species is being looked at from the DNA standpoint and the studies headed by Dr. Mark Neff and staff promises to help improve understanding of traits and the health of our dogs.

Request DNA kits from Kathy Robertson (who will also collect demographics such as age and sex) at the following link: <http://www.vgl.ucdavis.edu/contacts.html?sendTo=Katy%20Robertson>

The Health Aspects and Genetic Defects Committee of the American Brittany Club thank you for participation in providing DNA in these orthopedic studies.

2007 ABC Pheasant Classic/Championship

March 27-28, 2007 • Corning, CA

By Rick Green

Left to right: Paul Doiron with Champion SHADY'S THE PRICE IS RIGHT, Neveta Salmons, Gene Salmons, Bill Leffingwell with Runner-up DC/AFC/2XCH REDLINE'S TEQUILA SMOKER, Tom White, Margaret Horstmeyer with third place winner DC/AFC TERRA'S CABO WABO, and Randy Berry. (Fourth place winner not shown.)

The Pheasant Classic/Championship returned to the West Coast on March 27th in grand style as the Northern California Brittany Club hosted the event and 18 premier dogs gathered to test their skills on the hour course at the Clear Creek Sport Club in Corning, California. The grounds were in great shape and the course was laid out to challenge the best pheasant dogs to their limits. As luck would have it, the weather was predicted to be rainy and stormy. The weather gods smiled on the group, however, by providing pleasant running conditions with temperatures in the mid 60's at breakaway for Day One, with only the wind to complain about during the afternoon of Day Two.

The birds were wily and provided a challenge to the dogs; running, hiding well and flying hard when flushed. As for the course itself, credit must be given to the design crew of Bill Landress and Pierre Urrutia, as the hour covered variable terrain and used the limits of the club itself.

Great use was made of the open space for the handlers to show the range and ground speed of their charges and the tight sections through the gates and the fence lines forced the dogs to show manners under pressure. As well the river bottom provided the challenges of the heavy cover encountered when pheasant hunting. The final section of the course rose out of the river bottom and across the open field to the termination of the course at the top of the bank. This area afforded a perfect opportunity for the handlers to show the dogs' stamina at the finish. The dogs rose to the occasion by providing many memorable moments where the entire gallery was high in the saddle observing superb bird work provided by the best dogs.

THE RUNNING: DAY ONE

The first brace broke away at 9:30 AM, with the weather just about perfect for the dogs and handlers alike as the temperatures were in the mid 50's and low 60's. In the judges saddles were fortunate to have the pheasant hunting and judging experience of Randy Berry of Rio Vista, California and last years' ABC Pheasant Classic/Championship judge Gene Salmons of Liberty, Illinois.

Brace 1: FC BLUEWATER PINK (Pink) h: Wayne Down & OXBOW'S BOUNTY HUNTER (Hunter) h: Don Waite – Both dogs broke well to the front and used the open rise to their gain disappearing over the ridge at about 5-7 minutes. Pink was ranging well on the limb and working the course at about 3 o'clock. Both dogs were out of pocket for about 5 minutes and then separated and began

working independently. Pink doing a nice job and ranging well at about 1/4 + mile. He had some tough luck with a running bird and was up at 25. Hunter continued and was through the gap at the first eucalyptus trees at about 30, casting well to the front up the hill. Hunter was seen standing at the top of the hill for several minutes as the gallery and judges approached. However, when the handler attempted to flush the bird, it had departed as evidenced by fresh feathers. Hunter moved on and slammed on point at the back of the duck pond. The bird was sly and snuck over the deadfall to the pond, in view of the judge. The bird was blanked off at the judges' order and the dog was restarted. Hunter then cast out to the limits of the course, taking the fence line and showing to the front at about 1/2 mile ahead. Hunter finished strong as time was called.

Brace 2: DC/AFC/2X CH REDLINE'S TEQUILA SMOKER (Smokey) h: Paul Doiron & DC/AFC CHICKAMIN'S TUB O' GOLD (Tubby) h: Gordon Theilen – Smokey and Tubby broke well to the front charging the rise and disappearing from sight within the first minute. Upon riding up the rise, Smokey and Tubby were seen at 12 o'clock at a range of about 1/2 mile and moving well, demonstrating excellent ground speed and using the course to their advantage. Smokey was through the eucalyptus chute first, with Tubby gathered up nicely by the scout and safely through as well at about 20. Both dogs showing well in the bowl with excellent casts and up the rise, out of sight, to the front at 25 split off and each heading toward the duck pond. Both dogs back together working the hill-side independently toward the pond. Smokey was seen standing on the back side of the pond at the deadfall pointing with good style and intensity. The bird was seen moving and Smokey showed excellent manners while the handler worked to get it in the air. Clean and stylish bird work and Smokey is restarted up the hill. Smokey is through the gate at the pen first and Tubby right behind. Both dogs gathered up and handled through the narrow gate to the river bottom with the handlers both doing a nice job to move them forward. Smokey and Tubby broke out and independently worked the river bottom well, ranging from objective to objective with style and snappy ground speed. At 57, the river bottom proves too alluring, and both dogs hunt it hard. Smokey and Tubby are sighted and produced as time is called.

Brace 3: TUCALOTA'S RUNNING REVA (Reva) h: Ed Mayhew & ROCKING RM JOSE'S RED BALL (Red) h: Paul Doiron – Both Reva and Red broke well, mov-

ing to the front and used the rise nicely. They then separated and were out of sight until their respective scouts gathered them and they moved to the front. The eucalyptus chute proved a challenge but both dogs were through at about 10. Then Reva and Red showed true range and ground speed with Red making a spectacular cast through the valley toward the duck pond hanging on the limb at 9 o'clock and moving well. Reva and Red then made for the duck pond and were seen on the back side ranging well. At about 25 Reva is out of pocket and the scout is sent to locate her. At about the same time, Red has a crash on a bird and is picked up. Not two minutes later Reva is also picked up and the brace is over.

Brace 4: REDLINE'S TEQUILA TWIST (Twister) h: Bill Leffingwell & FC LANE'S END JESS N TIME (Jess) h: Wayne Down – At the breakaway, both Twister and Jess show good range and move well to the front. Both dogs were out of sight by the first flag at about 5 minutes and not seen for several minutes. Twister is pointed out by his handler and shows to the front at 17 moving well. At 25 a find by Twister is called by the judge but Twister has trouble and is picked up. Jess begins to show some range but then appears with a bird and is also picked up.

Brace 5: FC QUAIL ROCK TOUGH ENOUGH (King) h: Paul Doiron & DC/AFC TJ'S SINGLE SHOT OF SCIPIO (Emme) h: Tom White – Both King and Emme broke well and to the front with Emme going wide and showing great speed up the rise. At 6 Emme is found standing tall on point and the bird is seen running. Handler is able to produce the bird and Emme shows good style throughout. King has a find on the snag near the eucalyptus grove at 10 and the bird is handled cleanly with good style. King and Emme are both handled through the eucalyptus and up the rise ranging well and to the front. Emme is seen pointing at the top of the hill on a running bird that proves too much for her and she is picked up. King continues with a forward race and is handled through the gate at the pen around 35 and down to the river bed. King ranges well and at 40 stops hard on point. The bird is produced and all is in order. He ranges well to the front and up the hill out of the river bed where he slams to a stop and is seen pointing on the tree stand. Handler does a great job flushing the wild rooster and it is put in the air after a 100 yard chase. All the while king stands tall and intense. He is released and moves out to the front as time is called.

DAY TWO

Brace 6: SHADY'S THE PRICE IS RIGHT (Steel) h: Paul Doiron & DC/AFC TERRA'S CABO WABO (Sammy) h: Tom White – The first brace of the second day was off at 9:30 and the dogs were immediately showing their eagerness. Steel broke to the left and went over the first ridge at 11 o'clock with Sammy going wide to the right and over the ridge at about 2 o'clock. Steel then ranges wide to the right and out of sight going forward with impressive ground speed. Sammy slams on point at 7 and the bird work is stylish with the bird produced and all in order. After about 5 minutes the scout is sent to look for Steel and he is found standing at the top of the ridge just short of the ponds before the eucalyptus grove. Sammy goes in hard, sees his bracemate pointing, and stops in good fashion for an honor. Both dogs stand with superb manners as the handler attempts to flush the bird. One relocation is needed and the bird is then pinned with an intense point by Steel. Handler flushes the bird cleanly and both dogs are sent on. Both dogs showing great range up the rise through the eucalyptus grove with Steel on the limb at 10 o'clock and Sammy wide at

9 hitting objectives well. Soon both dogs cast well to the front and out of sight towards the duck pond. They are gathered nicely though and taken through the gate at the pen. Steel, showing good range and ground speed at 25, using the course well and taking the left fence line over to the ridge. Sammy going to the right and showing good range as well. Both dogs using the river bottom from edge to edge independently and to the front. Dogs, handlers, and judges all together in the river bottom at 30. Steel casts on the limb to the left hillside where he runs the ridge from objective to objective with impressive speed, finally showing to the front at the levee check.

Both dogs in the tree line and hunting the levee, resulting in a double find at 35 that was handled superbly by both dogs and handlers. Steel and Sammy both restart to the front continuing to show range and stamina at 37. Both dogs continue to move forward and hunt hard and with about two minutes remaining both dogs are seen standing. The birds are flushed and again handled with intensity and style by both Steel and Sammy. Once the birds were on the wing the dogs were released and showed a final strong forward finishing cast as time was called.

Kevin Green, FC Breton's Soleil De Midi, Gordon Thielen DVM, mounted on Blaze.

Brace 7: DC/AFC AmFC REDLINE'S TEQUILA SMOKER (Taq) h: Paul Doiron & FC BRETON'S SOLEIL DE MIDI (Sun) h: Gordon Thielen – Brace 7 was away at about 10:45 and both Taq and Sun broke to the left of the course toward the levee with good ground speed, then went straight away with Sun going wide to the right. Sun was soon out of sight over a rise and within five minutes was gathered up by the scout and then cast well to the front. Taq was found on point at 8 near the first woods being staunch on point while handler worked the birds but the bird must of run out. Handler works hard to produce the bird but to no avail. Meanwhile Sun slammed on point about 100 yards away remaining intense and stylish on point while handler required 3 minutes to produce the bird buried in the brush pile above the pond. Both dogs were released about the same time and moved on through the eucalyptus grove showing great range. Sun casts left at about 11 o'clock and shows to the front about 1/3 mile away moving well. Sun is then found standing on the backside of the duck pond at 20 showing intense style on the stop to wild flush bird. Handler releases Sun and after becoming separated both dogs use the backside to show good range as they head through the pen gate and up the hill to the left along the fence line reaching out to the distant ditch objectives with impressive ground speed. Both dogs appear after working the ditches and go through the gate toward the river bottom and cast forward together for about 1/3 a mile. Taq moves forward with good speed as Sun broke to the left and was found standing 100 yards away in the tree line. After several minutes two birds are produced by the handler. Sun again exhibits great intensity and head-high style. Taq moves on and was strong to the finish but with no bird contact. After running the river bottom and hunting hard, Sun suddenly turns left at 10 o'clock and stops to wild flush with great intensity. The judge orders the dog restarted and after Sun makes a cast to the front, time is called.

Brace 8: FC BLUEWATERTWISTER (Twister) h: Wayne Down & FC/AFC MEGASMOKE LIMITED EDITION (Ted) h: Tom White – Both Twister and Ted break well to the front with Ted going over the first ridge within 3 minutes. He remains out of pocket for several minutes and then shows to the front using the course well with good speed. Ted hangs on the limb moving well and out about 1/3 mile. Twister is in front but takes awhile to get going. Ted is then

seen standing at about 12 up on the ridge before the first eucalyptus and shows great manners as the bird is produced cleanly. Both dogs are handled through the eucalyptus and range well up the rise. At about 20 both dogs are to the front and through the pen gate. At this point they become separated and show independent range and ground speed. Handlers get the dogs through the last gate to the river bottom where at 50 both dogs are on course. At 51 Ted has a find and shows intense style as the handler attempts to flush the crafty bird. The bird escapes from the field slithering past the gallery and into the adjoining stand of eucalyptus. The handler then relocates the dog but the bird is too sly and is gone again. It is agreed the bird ran out and the find stands.

Brace 9: FC/AFC BLUEWATER GUNS A BLAZIN' (Gunner) h: Wayne Down & SAN-DEE'S CUERVO GOLD (Josie) h: Paul Doiron – Gunner and Josie break away well taking the first ridge within 45 seconds and looking good. Both dogs stay out of sight until 6 when handlers are able to gather them to the front. At 12 Gunner makes the turn to the eucalyptus and is through the chute up the rise. He runs the course from 10 to 2 up the ridge and out at about 1/2 mile range looking great. At 17, however, he is ordered up by the judge as a bird was taken. At 19 Josie continues alone above the duck pond. Around 32 Josie shuts down and handler elects to run her into camp and pick her up.

Many thanks are in order first and foremost to our generous sponsors Tri-tronics and Purina, whose support underscored the success. Big thanks to all those that gave tirelessly making this event a great success. A huge thank you goes out to Mr. Gene Salmons and Mr. Randy Berry for their judging prowess and commitment to the event. The committee chairman, Bill Landress did a great job keeping things organized and moving along as well as assisting in

the course layout. Event secretary Gordon Theilen DVM took care of the paperwork as well as providing veterinary expertise and on-site supervision of the UC Davis Veterinary Genetics research team. The UC Davis genetics research team in attendance conducted a field clinic and collected DNA samples from all dogs that placed in the competition along with most of the dogs participating in the event. These blood samples will be recorded in the Brittany DNA research database and surely contribute to the performance of our breed.

Thanks goes out to Debbie Coyle and her daughter Sara who provided the hospitality in true style with an assist from Bud Zink and Bill Landress for the evening spaghetti feast. Thanks to Joe Bevier from Oregon for superb field marshalling. Dan Gifford for outstanding field help and President Bob Wire for his overall supervision (not to mention tenacious raffle ticket sales!!!). Let's not forget the wranglers and all the other helpers. Of course a final thanks to all our supporters that entered their well qualified, All Age Brittanys and made this event the success that it was for all in attendance.

2007 Michigan Championships

April 2-4, 2007 • Ionia, MI

Walking Open Shooting Dog Championship

The first day of the Championship started with clear skies and sunshine and a light breeze. On Tuesday as we prepared to plant birds word reached us that the weather service had said severe thunder storms were approaching with lightning, as we were discussing about waiting we could see lightning off to the west. Rain thunder and lightning continued from before daylight until late morning at which time the decision was made to cancel for the day. On Wednesday morning as we were planting birds the winds started to pick up and continued for the day with gusts reported to be around fifty miles per hour. We would like to thank Purina for their support, which is appreciated by everyone. Judges for this year were Jim Chase and Steve Rollyson, their decision was well received. Our CHAMPION this year is HIGH HOPES TAR'S DOT COM

MICHIGAN BRITTANY CHAMPIONSHIP

Spring trials are like a box of chocolates, you never know what you are going to get. For the first time in over 20 years we had to cancel a whole day of run-

ning. We woke up to rain and lightning as the morning passed, and no end in sight, we made the decision to cancel. The rest of the week was cold and very high winds.

The Championship had twenty-eight starters, bird work was very good, and despite the weather conditions we watched some outstanding ground races. The winner and runner-up ran on the same morning and same course.

Judging the championship were James Baker and Will Langley. We thank them for their time and decision.

LANE'S END WE-BE CLEAN was named the CHAMPION. We-Be ran in the 7th brace on Wednesday morning. He is an eight year old male owned by Tom and Judy Robin and handled by Chad Holman. We-Be had two finds and a very good race, running hard into the wind.

RUNNER-UP was RU-JEMS A TOUCH OF BOURBON, he is owned by Ruth and Jerry McGee and was handled by Jerry. Chug also ran on Wednesday morning in the 9th brace. Chug had two finds and handled the wind to put down a forward and fast ground race.

Third place was CELEBRATION TWO OF HEARTS, owned by Paul and Phyllis Katzel from Plainfield, IL. Duece ran in the 11th brace, handled by Paul, with good bird work and a strong race.

Fourth place was HARLING'S BRETON SMITH. Bret is owned by David and Paula Smith of Nashua, NH. Bret ran in the fourth brace and was handled by Chad Holman.

OPEN DERBY CLASSIC

Open Derby Classic drew 11 starters. Judging were Ron Gulembo and Kent Merryman. The WINNER was SANDY PINES CHASE THE WIND owned by Bob and Linda Moes from Becker, Minn. and handled by Chad Holman. Bob was there to watch his young dog win. Chavey ran in the last brace. His performance knocked KODACHROME from winner to RUNNER-UP. Kodachrome is owned by Bill and Kip Tate from Rome, Ohio. Jim Winnen handled Kodachrome.

The Brittany Championship Association would like to thank Purina for being our sponsor and their support year after year, thanks. Also, for all our friends who come to our trial each year and compete and work hard so we can put this event on. A big thanks to the clubs in Illinois, who each year donate part of the Paw Paw Walking Trial money to us.

2007 Region 4 Amateur All Age Championships

May 17-18, 2007 • Ionia, MI

Larry Bates, Reporter

Left to right: Ed Graves with fourth place winner FC RU-JEM'S DIAMOND JIM, Rob Richter with third place winner FC RC'S RUFF RANGER, Judge Buck Barley, Jerry McGee with Runner-up RU-JEM'S A TOUCH OF BOURBON, Tom Robin with Champion LANE'S END WE-BE CLEAN, and Judge Warren Montgomery.

For the sixth year in a row, the Region 4 Amateur All Age Championship has been held at the Ionia grounds in Michigan. The championship continues to grow. Thirty dogs ran over the two days preceding the Michigan Saginaw Valley spring trial. There is talk about adding a third day next year to spread the running out and accommodate the possibility of running more dogs. The Ionia grounds are wonderful. Even when the conditions are not perfect, these grounds are among the best. The grasses were high making it hard on our little Brittanys. The thick foliage in the lines made it difficult to see the dogs and to flush the birds. The weather was great for riding. A little rain would have been nice to knock down some of the dust and the temperatures in the afternoon may have been a bit warm for the dogs. Through it all, both dogs and people had a great time.

A successful trial requires the work of many people. With the leadership of Sherri and Kent Merryman, we wish to thank all those who donated their time and efforts to this endeavor. Each morning, Tony Vescoso, Ron Gulembo and Kent Merryman were the first ones up to bag and plant birds. John and Judy Marinelli handled the dog wagon duties while Judy Robin, Donna Janulis, Kathy Gulembo, Mary Jo Trimble, Jack Montgomery, Judy Graves and Ed Graves guarded the roads. Thursday night, Bill Thompson satisfied everyone with an outstanding steak fry. And then there were the kitchen fairies, who sneak in when everyone is out riding and leave wonderful lunches behind for all to enjoy. Sherri, Sue, Kathy, Judy, Donna and Judy, thank you so much. We have a very special thank you to our corporate sponsor, Nestle Purina. Their financial support makes it possible for us to have these events and the high quality of their food keeps our dogs healthy and strong and able to perform at these high levels.

One of the best things about bird dogs is being with the people who follow them around. Six years ago, the championship left Indiana. This year, two good old boys, former Hoosier Warren Montgomery and current Hoosier Buck Barley brought their years of bird dog wisdom to serve as the judiciary. They also supplied entertainment with colorful comments and field trial stories of the

past. Riding behind Warren and Buck, reminded me of the two retired Texas Rangers, Woodrow and Augustus, in the movie Lonesome Dove. At one of our breaks, Warren mentioned that he and Buck used to travel together. He related the following story. "Buck would drive an hour and a half north from Washington, Indiana to Indianapolis to pick me up. He would get out, go around to the passenger side and say, 'OK, I drove half way. You can drive the other half to Ionia.' Then he would go to sleep for the next five hours!"

The winner of this years championship was FC/AFC LANE'S END WE-BE CLEAN (We-Be), owned by Judy and Tom Robin of Ann Arbor, Michigan. Tom handled We-Be. The Runner-up was FC RU-JEM'S A TOUCH OF BOURBON (Chug), owned by Ruth and Jerry McGee of Steward, Illinois and handled by Jerry. Third place went to FC RC'S RUFF RANGER (Ruff), owned by Carol and Rob Richter of Harvard, Illinois. Rob handled Ruff. Jerry McGee also handled FC RU-JEM'S DIAMOND JIM (Jim) to a fourth place.

THE RUNNING

Brace 1: Timmy/Janulis; Dyna/Marinelli Breaking away from the club house, down the hill and across the creek, Timmy broke right, Dyna took the left. Past the ponds and into the field before Hires, both dogs hunted the edges. At 12 Dyna took Hires edge to the end and hit point. The roading harness was out as in the words of Buck Barley, "She was relieved of her duties for having a late breakfast." Meanwhile, Timmy continued his forward race, hitting the lines and handling well. On to the championship course, down the hill towards the Boy Scout Bridge at 29, he dipped into the tree line and came out under a bird.

Brace 2: Cruise/Merryman; Sting/Graves The party proceeded to the snowmobile parking lot for the start of this brace. Along Riverside Drive, both dogs hunted the cover to the left. Deer were everywhere but didn't seem to be luring the dogs. Crossing Sessions Creek, passing the Gundog parking lot, we headed for the orchard. At 12, Sting took a non-productive at the beginning of the orchard. Cruise had the same thing happen at the end of the orchard at 16. Across the gun range, we looped the field by the oak tree and headed

through the chute and along the swamp. Again, we past the gun dog parking lot, crossed Sessions Creek and started back on the derby course. The deer had moved out. Cruise took the far line of the derby course and struck point. Kent flushed a bird 20 feet out front of the dog in good order. The hour ended at Ainsworth and Tuttle.

Brace 3: Ghost/Gulembo; We-Be/Robin At Ainsworth and Tuttle, it was girls to the left and boys to the right, coffee and rolls, a brief, unproductive search for Morel mushrooms and we were ready for the next brace. Here, a dog can parallel Tuttle and end up on another course not used much anymore. The marshal elected to move closer to the Boy Scout Bridge to break the dogs in the correct direction. Both dogs crossed the bridge and headed forward. Ghost hit the lines while We-Be was gone and presumed forward by Tom. He continued riding singing his familiar, "We-Be Ho." His dog showed far to the front at the two ponds before Hires at 9. Ghost took Hires edge on the east and went on point at the end at 28. Ron's attempt at producing birds failed. Moving on, across Hires field, Ghost swapped ends and Ron found a dead bird in front of the stylish point. At 37, We-Be had his first find in the tree line along the big hay field. Taken on, both dogs entered the championship course to re-hunt the ground before the Boy Scout Bridge. Ghost rimmed the field on the left as the gallery sat on the hill watching. This is one of the most beautiful vistas in the park with a view overlooking the treetops of the Grand River valley in the distance and a small, tree lined field that just says "birds" in the foreground. Coming up the line, Ghost went on point. Ron could not produce a bird and the dog was relocated. He moved down the line and knocked a bird. Meanwhile, We-Be was far to the front, putting down a true all-age performance. With Tom singing and Wade Haines out looking, we were approaching the end of the hour. It was "nervous time" when at 56, point could be heard off in the distance. We rode from Sessions Creek back to the far line of the derby course, where an intense We-Be was found, in the cover on point. Tom produced a bird for the mannerly dog and then accomplished the next task – keeping We-Be in sight at the hour.

Brace 4: Ruff/Richter; Trace/Thomson Leaving the snowmobile parking lot, both dogs hunted the cover to the left, crossing Sessions Creek and taking the edge to the left behind the gun dog parking lot. Trace got lateral through the gun range field. Bill had some trouble making the hairpin turn at the oak tree and going through the chute. Ruff handled nicely, always at ten and two. Ahead, along the swamp, Trace showed up without his handler. Kent Merryman was assigned handling duties until Bill could catch up. At 41, Ruff was found standing in the first line at the top of the derby course. Trace came in for a back with Bill returning. A bird was produced for Ruff with all in order. At 45, Trace took out a bird in the next line and was leashed. Ruff finished the hour strong, hunting the fields above the Boy Scout Bridge.

Brace 5: Jagg/Haines; Chug/McGee With jackets off on this Blue Bird day, we broke away from the clubhouse for the afternoon braces. Both dogs hunted forward. Chug took the east line of Hires field. At 10, far to the front at the cut, he swapped ends, scoring a stylish, mannerly find. Going through the cut by the big hay field, Chug had a bird pop on him and he tallied a stop to flush. Both dogs tightened up through the tight areas. In the orchard, Jagg went with a bird and was corrected for his indiscretion. Chug opened up across the gun range and had a strong finish through the fields by the big oak tree.

Brace 6: Jazz/Janulis; Ty/Vescoso Breaking away from the oak tree, Ty took the field toward the levee, came around and headed forward through the shoot. Jazz took the north line, crossed the front and headed through the chute. She thoroughly hunted the cover between there and cardiac hill. Not seeing Ty for sometime, Tony elected to pull the tracker on the derby course. After the Boy Scout Bridge, Jazz opened up. She took the left edge of the big hay field and was found far ahead by the two ponds. Casting the west edge of Hires, she went through the cut and with seconds remaining, she set up on point in the line across from the old barn. Ed produced a bird from the thick cover and Jazz added a stylish, mannerly find to her strong finish.

Brace 7: Duece/Katzel; Dealer/Orange This brace broke away from the old barn. Both dogs took to the front through the sea of tall grass. Dealer hunted the cover hard but didn't come up with any birds. Duece put down a true all-age race. At 52, he had a stop to flush on the west line near the gun dog parking lot.

Brace 8: Luke/Marinelli; Rider/Trimble Birds continued to be scarce this afternoon. Breaking away from Sessions Creek, Luke took a nonproductive on the first horizontal line of the derby course. Rider was far forward and Ray had him at Ainsworth and Tuttle. He fell off the radar screen and was not returned to judgment. Luke had another nonproductive at 24

Day 2 started with frost on the wind shields and fog in the fields.

Brace 9: Rusty/Kroll; Blackie/Robin After a short fog delay, the dogs broke from the club house, down the hill across the creek and through the first two fields. Blackie was fast, far and forward with Tom singing "Blackie Ho." Rusty hit the cover hard. He took the east edge of Hires Field. Both dogs met each other at the south end. Blackie came through the line and Tom took the oppor-

tunity to give him some water. Rusty picked up a dead bird at this time. The judges saw no reason to pick up either dog. It is hoped by many, that all judges will someday have the same positive attitude. Between picking up birds and backing situations, it would be nice if all judges could get on the same page. At the big hay field, through the cut, Blackie stopped. Tom suspected a stop to flush but he was not in a position to see a bird and he elected to take the dog on. Blackie had a find on the derby line at 43 with head and tail high. He finished the hour strong.

Brace 10: Mr. Stubbs/Trimble; Jet/Katzel We didn't see much of these two dogs after breaking away. At 10, it was reported to the marshal that Mr. Stubbs was on the dog wagon at the oak tree. Riding next to the marshal and over-hearing his radio, one could follow Jet's progress, forward along Riverside Drive, charted by the road guards, unbeknownst to the handler, scout and judges. At 27, Paul pulled his tracker and commented, "too much run for a Britany – too short a tail for a pointer." Judge Montgomery responded, "He was doing his thing. He just didn't want you to see it."

Brace 11: Buzz/Merryman; Mike/Haynes Again, our morning coffee break took place at Ainsworth and Tuttle. This time, we did not get closer to the Boy Scout Bridge to break away and Buzz took off down the left path, which parallels Tuttle. Kent got on him hard and got him turned. Both dogs crossed the bridge and hunted forward. At this time, Jet showed up, coming back from the front. Judged Barley turned to the gallery and asked, "What are you putting in that coffee? I'm seeing three dogs!" At 17, on Hires east edge, Buzz set up on point, took a step and popped a bird. Mike had the course to himself. He hunted the edges well but finished the hour with no birds.

Brace 12: Jim/McGee; Max/McClary From the gun dog parking lot, both dogs headed out across the gun dog course. At 5, Jim tallied his first find in the orchard. Max was putting together one of the best races of the stake. He established point at 58 but after a long attempt at flushing, no birds could be produced. In the words of Judge Montgomery, "Please mention that this dog had a great run." Jim continued to hunt the edges forward. His second find came on the derby course with a nice relocation in thick cover. This dog proved his ability at finding birds with his third find near the end of the hour by the two ponds.

Brace 13: Sy/Haines; Hoover/Merryman Away after lunch, Sy pointed at 9 on Hires east edge. He moved up a step and decided to help produce the bird. Hoover ran the edges looking for birds. Kent suspected that he had found a couple and his suspicions were confirmed through the cut at the big hay field. As we rode through, Kent was off his horse putting Hoover in tow.

Brace 14: Joey/Ori; Quill/McGee Joey had a good run with no bird work. Quill had a find on the first line of the derby course with good style and intensity. He crossed to the next line and had a nonproductive as Jerry elected to take him on. Jerry informed Judge Barley that he was going to catch the front. He didn't do so until we got to the big oak tree, a long, hard ride from the derby course. When Jerry slowed down to resume hunting, Quill kept going, disappeared through the chute and was not seen for several hours.

Brace 15: Sy/Thomas; Bye At Ainsworth and Tuttle, Sy was gone for awhile. Apparently, he took the Tuttle route. Scout Janulis returned him to the front. In the big hay field, Sy came across the end to join Tommy. He froze on point out in the grass and Tommy rode over to check it out. It appeared that Sy had a bird right under his nose but the bird could not be produced. Taken on, Sy ran Hires east edge and at 37 he set up again. After a flushing attempt, he was tapped on the head. He decided to help with the flush.

Brace 16: Jazz/Hopper; Bye Jazz also ran as a bye, being in season. We broke away from the old barn. Her condition was obviously having an effect on her performance and Gill elected to pick her up at 30 at the gun dog parking lot. Will Langley's horse trailer was a welcome site for the ride back to club house and the presentation of awards.

2007 Delaware Valley Champagne Memorial Shooting Dog Classic

April 9-10, 2007 • Medford, NJ

Left to right: Ralph Kiracofe, Bob Walter (judge), Winner, Buck's Hit the Road Jack with Judy Kiracofe; third place winner, Linvel's Son of a Gun with Ken Fisher, Carole Fisher, and Larry Craig (judge).

The inaugural running of the Delaware Valley Memorial Champagne Shooting Dog Classic was held April 9-10, 2007 at the English Setter Club of America, Medford, New Jersey. The Classic, held in conjunction with the North Jersey Brittany Club's spring trail, proved to be a major success. The entries included some of the Northeast's finest shooting dogs, many in contention for the Tri-Tronics Shooting Dog of the Year award for Brittanys.

The drawing was held in the clubhouse Friday night, during a pizza dinner sponsored by trainer Pete DeAngelis. Throughout the weekend, competitors were treated to many free dinners, including the Pot Luck Happy Hour on Saturday, Ham Dinner on Easter Sunday, and Venison game dinner on Monday night.

High winds and cool temperatures prevailed through the weekend. The weather calmed down on Monday morning, giving dogs two days of almost perfect conditions to show their stuff.

Twenty three dogs went to the line for judges Larry Craig and Bob Walter. When it was all over, The 2005 American Brittany Club National Gun Dog Champion, BUCK'S HIT THE ROAD JACK, handled by Ralph Kiracofe, was named the Classic winner. Owners Ralph and Judy Kiracofe uncorked the winners bottle of Champagne to toast their dog's win. Second place went to the 2006 ABC National Gun Dog Champion, HIGH HOPES TAR'S DOT COM, owned by Cindy and Al Cropek, handled by Cindy. Rounding out the field, was LINVEL'S SON OF A GUN, owned by Ken and Carole Fisher, handled by Ken.

There were many sponsors who helped to make this event such a success. We would like to thank Nutreena Feed, River Run Dog Food, Monmouth Feed and Supply, and Tucker Saddlery for their generous support. We'd also like to thank our members who put in long hard days to insure the event's success.

THE RUNNING:

Brace 7 – BUCK'S HIT THE ROAD JACK (Ralph Kiracofe) and DEUCE IS ON THE LOOSE (Lisa Podraza). Brace 7 broke away at 9 am Tuesday morning under bright skies and cool breezy conditions. It was an exciting breakaway, as Deuce and Jack broke quickly to the front, with Deuce leading the duo. They rimmed the outer edges of the back fields and crossed into the cow pasture together. Deuce continued on, over the hill to the barking dog house. Jack

established point on the center hedgerow of the cow pasture. Unable to produce a bird, Ralph opted to send Jack on over the hill. Jack swung left into the woods edge, where he quickly made game and stood solid on point. The elusive bird was flushed, and all was in order. Meanwhile, Deuce had hit point on the cedar edge by the airplane field. Deuce took a few steps after the shot, and Lisa opted to pick up. Jack continued forward on the left edge, then crossed the airplane field to rim the right edge. He was rewarded with a nice find at the far end of that field. Jack continued to stick his edges, crossing the new bridge, and rimming the wet field. He took off up the state land edge and was found standing at the old stump in Jake's cut. Birds were produced, as Jack continued to show off his staunch bird work. Jack once again shot to the front, rimming the pond at the end of the cut, crossing the road to the picket fence edge in the bird field. Jack was again found standing in briars at the end of the bird field, where a small covey was flushed. With Jack working well, Ralph sent him on to the old foundation. From the old foundation, Jack quickly shot up toward the cedar finger and hung a left at the well hedgerow. Jack was again found standing at the edge of the woods near the new cemetery pond. All went well, with Jack remaining motionless on the flush. After turning him loose on the inside edge, Jack motored to the end and disappeared after crossing the old bridge. Ralph continued toward the cross hedgerow into the final field, where Jack was seen on the far left edge as time was called.

Brace 4 – HIGH HOPES TAR'S DOT COM (Cindy Cropek) and AUTEN'S BETTING THE FIELD (Steve Tubach). Brace 4 broke away after lunch on Monday under very breezy cool conditions. Dot and Katie broke away in fine fashion. Both dogs took to the front with speed and purpose, Dot on the right and Katie on the left. Dot crossed to the left and was out of sight for several minutes. As the course turned right, Dot was seen out front. Steve was trying to get a handle on Katie, who had her sneakers laced up tight. Steve decided Katie was not working for him and decided to pick up early. Point was called for Dot at 14, no birds were produced. Dot was sent on, through the airport field, hunting wide to the right with speed to spare. She was rewarded with a covey find in the thick cover on the far right edge, all was in order. Dot was sent on to finish her cast around the same field and pointed again with good style. Birds were

seen running under heavy cover. From that point, Dot broke to the inside of the course, and was out of site for several minutes. Cindy showed confidence in Dot and remained on course. After her absence, Dot caught up with her handler and showed wide to the front. Dot maintained good speed, as she established point in her search for the front. Dot had good style, as the bird tempted her as it busted from the cover. She was taken on rapidly, and took to the front once again. After crossing the road into the bird field, Dot dug into the cover and point was called once again. Upon relocation, Dot pinned a running bird with good style, all was in order. Dot was released down a line, showing she still had good momentum at the end of the hour.

Brace 5 – LINVEL'S SON OF A GUN (Ken Fisher) and HOPE'S QUARTERBACK SNEAK (Tom Tighe). Brace 5 broke away Monday afternoon under very windy conditions and cloudy skies. After a solid beginning ground performance, Gunner was found on point on his first of five finds deep into the woods in the far

corner of the cow pasture. A covey was flushed and Gunner remained staunch. After being released, he had another solid find along the outer hedgerow near the airplane field, followed by a stop-to-flush a hundred yards further down course. Upon release, he then shifted into high gear and was found standing in the woods, just across the road near the breakaway. The bird lifted with all in order. Boomer had been hard to handle and unusually erratic until this point, and was picked up. It was later discovered that he had a large burr lodged in his foot. Gunner was released and disappeared for several minutes. Ken discovered him standing in the brush just prior to passing the road near the airport field. The bird was flushed and all was well. He was rewarded with his fifth contact near Jacob's Pond, which resulted in good composure and intense manners. Once released, time was called, and Gunner was gathered up, finishing his hour strong and forward.

2007 Texas Amateur All Age Brittany Championships

March 3-4, 2007 • Brownwood, TX

By David Downing • Hosted by the West Texas Brittany Club

Left to right: Judge Bob Rankin, Champion DAKOTA LUKE with handler Dick Mantler, Ed Peace, Gary Smith, Runner-Up TLM COMANCHE CHIEF with handler Tom Milam, Judge Gary Young, Reporter David Downing.

The Nancy Lee Ranch, just south of Brownwood, Texas was once again the setting for this Purina sponsored Championship. Many thanks go to Purina for their continued support of the Texas Amateur All Age Brittany Championship. The Pro Plan Performance dog food and orange Purina hats were well received and very much appreciated by all the participants. The ranch has plenty of room for three one hour courses and since Nancy Lee has been selling off trees by the truck load many previously tight areas have opened up allowing an All Age dog to really show itself. Claude Kilpatrick and Tom Milam laid out the courses and did the marshaling. Linda Milam and Teresa Downing handled the dog wagon duties and kept things moving in a timely manner.

The judges for this championship were Dr. Robert Rankin and Gary Young. Both judges have a wealth of knowledge and experience with all age dogs. Gary runs Pointers in American field and Doc has both Brittany's and Pointers.

The Winners

1st place: DAKOTA LUKE, owned by Dick and Cindy Mantler and handled by Dick. Luke broke away with a lot of enthusiasm and carried it throughout the hour. At 23 Luke was found standing tall. Birds were produced and all was in order. He continued hunting hard and was rewarded with two more finds at 48 and 57. Luke finished the hour with a strong forward move that impressed the judges, considering the heat. With good ground speed and three good finds, Luke was declared the 2007 Texas Amateur All Age Champion.

2nd place: TLM COMANCHE CHIEF, owned by Tom and Linda Milam and handled by Tom. Chief ran in the last brace of the championship and almost stole the whole show. He ran a nice forward race, with good ground speed. At 16 Chief had a stop to flush with all in order. At 25 point was called and a nice covey was produced. Chief was sent on and was found on point again at 36. A hawk was seen leaving right in front of the dog and a half eaten quail was produced. More birds were spotted by the judge but Tom elected not to put them in the air. Chief finished with a really nice forward move and was awarded Runner Up Champion.

3rd place: MAKE MY DAY DUDE, owned by Ed Tillson and handled by Jessica Carlson. Dude broke away from camp on course one and was found standing at 14. The birds were in a thicket that made it impossible to put them to flight. After a valiant effort by Jessica, the judges finally told her to fire her gun and go on. Dude continued a nice forward race, handling kindly

4th place: TJ'S PRAIRIE BLIZZARD, owned by Ed Tillson and handled by Jessica Carlson. Blizzard broke away on course three and immediately went into hunt mode. At 27 scout John Cross found him standing tall in a thicket with a nice covey in front of him. Jessica flushed and Blizzard was sent on with no further bird contact.

The Running

Brace 1: CHIEF'S GUNNER (Arnold) and WINTUCK ROCKET'S RED GLARE (Milam). Gunner was hunting hard and doing a nice job for owner Doug Arnold. He had good finds at 29 and 37 but at 46 he was spotted under birds and ordered up. Rock broke away hard and was running a nice race. At 32 he had a true "limb find" and Tom flushed the bird from the tree. Rock was missing at time and then showed from the rear.

Brace 2: TEJAS IRON MAX (Graves) and COUNT SIROCCO (D'Arcy). Both dogs ran hard early. Max was quite a handful but Tom managed to hang onto him for the entire hour. Roc ran a more forward race and made some nice all age moves but neither dog was rewarded with bird work.

Brace 3: BLUERIDGE BLAZEN GEM (Schneider) and MEGABUCK'S HELL ON WHEELS (Cross). Ruby broke away hard only to run through a covey of birds at 1 minute. She failed to stop and was leashed. Harley ran hard and handled nicely for John, but was unable to come up with any birds.

Brace 4: MO-DAN'S "BELIEVER (Cross) and JIMMIE'S KING TUACA (Peace). Buddy ran hard early and made some nice moves but seemed to fade later in the brace. Rex ran hard and strong until he was lost at 57. He was not returned to judgment. No bird work occurred for either dog.

Brace 5: BELLA'S BEAU MAX (Nelson) and WOODSONG'S TEXAS TORNADO (Milam).

Max was a bit lateral but hunting hard. He suffered two non-productives and was ordered up by the judges. Freddie ran hard and had a find at 27. All was in order and he was sent on only to be lost on deer at 50.

Brace 6: TJ'S PRAIRIE BLIZZARD (Carlson) and HILL COUNTRY RUNAWAY SARGE (Mantler). Blizzard's race was noted above. Sarge broke away hard and never looked back. At 27 he was declared out of judgment and the Tracker was pulled out.

Brace 7: MAKE MY DAY DUDE (Carlson) and DANI KAHLUA (Nakamura).

Dude's run was noted above. Dani ran fast and snappy the entire hour but finished without birds.

Brace 8: T&W'S DIAMOND JIM (Peace) and RUSTY RIDGE RAM TOUGH (Kilpatrick). Jim broke away in a true all age manner. At 24 he disappeared and was not returned to judgment. He was found later that evening 3 miles from the grounds in a Coyote snare. Reports are he has a sore leg but will be OK. RT ran a nice forward race at medium range. He had a fast, snappy gait and hunted hard but had no birds.

Brace 9: COUNTESS MIRIAH GALE (D'Arcy) and DAKOTA LUKE (Mantler). Gale hunted hard and had a find at 40 and a back at 57 but her range was not to the judges liking. Luke's race was noted above.

Brace 10: ORION'S FLO JO (Smith) and PANCHAS PRINCE EDWARD (Peace). Flo began the brace at a workman like pace. She had a find at 17, in the same briar patch that Dude had found, with the same results. At 28, she had another find and birds were flushed. After two bouts with sand burrs, Gary elected to pick her up at 40. Eddie broke away with a lot of enthusiasm and took some birds out at 8 minutes into the brace

Brace 11: CHEYENNE WIND DANCER (Cross) and ORION'S TEXOMA SUPERSPORT (Smith). Dan ran a really nice race, with good range and speed. He seemed to run to all the right places, but just couldn't come up with any birds. Sport couldn't get it together and Gary elected to pick him up early.

Brace 12: TLM COMANCHE CHIEF (Milam) and TJ'S APACHE (Carlson). Chief's race was noted above. Bandit seemed to have a mind of his own this day. He showed good ground speed and range but was lost halfway through his brace

YESTERDAY AND TODAY

By Jeff Steele

It had been approximately twenty-fives year absence before returning to the field trial game.

It only took a few trials for me to say to myself, "my how some things have changed." I guess the most noticeable change were the gundog stakes. There are many GD horseback handled stakes now. On the other hand there are even trials that feature only walking stakes. Puppies, derbies, open gundog, amateur gundog, and even amateur puppy and derby stakes. Furthermore to top it off there are limited stakes just for gundogs, both amateur and open.

I thought it was great that there are now exclusive walking trials because I had not owned a horse for years and did not ever to intend to own any again. (*I said "intend."*) I had forgotten how field trials pull you in to the great money pit. Anyway, I enjoyed the opportunity to run my new hunting pup in field trials and stakes that did not require a horse. I realize we can run a dog in any stake on foot, but I am not naive enough to think that does not put me or anyone at a disadvantage when braced with a horseback handler.

Now, I am not going to belabor this tale, but honestly folks I bought a pup as a replacement for my great old female hunting dog. Hunting was all I had cared about the last fifteen years. I actually did not hunt birds for several years because I got burned out guiding bird hunters in Kansas and Illinois. However after buying, training, and hunting my first few Brittany's I did learn that the good ones or should I say the very best ones comes from proven field trial champions. So, I bought this young whopper-snapper from a field and amateur field trial champion breeding on both sides in Colorado. (*I should send Dave a bill for the thousands of dollars that I have spent since then.*) Since I had some training experience and after a few early training sessions in the field I knew I had more than I had bargained for because this pup was extremely "ambitious." So I thought I had better get a handle on him right away (*at 5 months.*) Well one thing lead to another and I got back into trialing, which lead to another pup with the intention of having a second field trial caliber dog.

When I graduated with the pup to adult stakes it was an eye-opener. These 2000 era gundogs were fast and ranged and that was OK with what I had. The gundogs I had run against in the 70's were much slower and did not range like today's dogs. The number of gundogs entered in stakes is a big surprise. I think a big gundog stake of yesterday had half as many entries. Some of the trials I attend in the central and east central region might have as many as 40 gundogs in a regional trial. The most surprising thing is the number of really good dogs that compete and how many go through clean. Yesterday there may have been a handful of clean dogs. Today you might get as many as half the field clean. The biggest surprise was witnessing the scouting that is utilized routinely in amateur and open gundog stakes irregardless of whether it is a foot-handled stake or a horseback handled stake. I will have more to say on that subject in a later writing. Finally, in regards to today's gundog stakes there are few bird fields I can think of only two trials I have attended that have bird fields and they are in walking amateur stakes. Bird fields were utilized widely in both open and amateur gundog stakes 25 years ago. I believe that change is good because finding birds on the course simulates hunting and is less of an artificial situation. The gundog race of yesterday was a race between the handlers to get their dogs to the bird field first.

I asked myself why there are so many good competitors today.

Here are my thoughts. See if you agree. Breeding has improved the inherent ability of the dogs as it should be. There are more capable owners/trainers/handlers than yesterday. I think there are several reasons for this. Today's trainers have access to training videos, they are able to select from a variety of pro trainers that put on training seminars, people are working harder at training because they know it is tough to win, there are many more well written training articles and books than ever before, and last but not least the e-training – correction collars, release traps, and tracking devices. Finally, there are several amateurs that send their dogs to pros. Yesterday it was very common for amateurs to send their all-age dogs to pros but I do not think there were many who sent their gundogs.

There were very few dogs handled by pros in gundog stakes and the number was quite low in the 70's. Today there are several pros that handle a sizeable number of gundogs. All-age dogs were largely run by pros in the open stakes. There were very few amateurs that ran and/or were successful in the OAA stakes. In the central region I can remember only three amateurs that handled their dogs in OAA. Of course the region of the country dictated the ratio between professionals and amateurs and it appears it still does. Also the number of dogs ran in all-age stakes easily outnumbered the entries in gundog stakes. This still seems to be true for the regions west of the Mississippi. I have attended a number of trials east of the Mississippi in which all the all-age dogs including open stakes in which there are only amateurs handling. I am delighted to see so many amateurs handle in open all-age stakes in regional and national stakes and how well they do. It would be interesting to see some statistics on the percentage of amateur handled OAA placements versus professional handled dogs. I am going to go out on the clichéd limb and say the percentage is very close when you consider the amateurs run 1-3 dogs whereas the pros run a dozen or more. To me this is a very significant change.

It seems to me that the all-age dogs were considered the premiere dogs of the yesterday era and the gundogs were second class. I am sure this was the case because the only way a Brittany could be a National Champion was to compete in THE National Championships that were all-age stakes. With today's availability of National Gundog/Shooting Dog Championships there is the motivation and prestige to run gundogs.

I remember very few, if any women handling dogs, maybe two or three. Well today there are many women handling dogs and very successfully winning National Championships too, right Cindy and Donna? I apologize to other ladies I may have omitted, I am still catching up. I see many more women at the trials today even though they might not be handling. I do not remember any women scouting dogs although I am sure there were a few. Today there are many "girl scouts" (*thanks for the phrase Paul*) and doing great jobs. I am fairly certain about the following recollection. I do not remember one female judge yesterday and today there are several. What a healthy and striking evolution with all of this is. Of course the female contingent have long been big supporters and responsible for behind the scene activities that make the trials so enjoyable.

Speaking of judges, in yesteryear I remember that many or the majority of judges being from other breeds and most were long tail fanciers. Today most of the judges I encounter are Brittany people. A major improvement in my opinion not that there are not some good arbiters from the other pointing breed ranks, but

I think Brittany judges bring a better perspective. On the other hand I see names in the Field that are Brittany people judging the other breeds. The other striking thing about judges I have noticed is that the majority are not grizzled old "veterans." It seems to me that yesterday that a person was not considered judging material unless he had been around the "game" for twenty years. I am not sure about this one, but I think there are more people in the judicial saddle that actually hunt than there used to be. I may be way off about this one, but it seemed in the good old days the majority of field trailers were seasoned field trialers, but not necessarily seasoned hunters. It could be exactly the opposite. Unfortunately and maybe because of the times we live in a time we might have more hunter/field trailers judging, but I am wondering how many are wild bird hunters as opposed to released bird hunters. In other words it is more likely based on the present bird population due to habitat and several other factors that there are few that have enjoyed wild bird hunting with their dogs and their dogs know the difference.

As far as the youngsters are concerned, I have not seen much of a change. I think there are a few more handlers than in the past, but certainly not enough. I think there are more kids attending trials with their parents than in the past and that is good. As in all sports the future lies with the youngsters. I do see more activities encouraging the young ones to get more involved and that is very positive. I do remember two adept open all-age scouts that were teen-agers scouting for their professional fathers. There may have been a third I did not see in action. At least one of those young men is quite a successful pro in his own right now – possibly two. I do know one young lady that is a great scout, judges, and handles dogs successfully. Oh, by the way she can out ride her father easily and he's not bad.

Of course in the yester years there were no hunt tests. With the advent of NSTRA and other similar organizations I imagine that AKC saw a monetary opportunity wasted and jumped on board. I think hunt tests are great, but personally I do not put much credibility in JH titles. I am more impressed with SH titles. I really think someone has proved something with their dogs breeding, ability, and training when they have a MH title. Although I have not seen one in person, but on paper a Master Hunter title seems to be comparable to a FC or AFC Champion title. (*I bet I will catch flak over that one*). I have never participated in any AKC hunt tests. I have participated, placed, and judged in NSTRA trails. After reading the standards for Master Hunter title I would not hesitate to buy a Britt out of those dogs. Correct me if I am wrong, and I am sure many will, but it seems to me that a JH title is comparable to getting puppy points and getting a SH title is comparable to getting derby points, but perhaps the required staunchness is greater in the AKC hunt tests. Oh, I know according to the AKC regular field trial standards a puppy does not have to find or point birds which I have always thought was ridiculous. I have taken many puppies hunting and if they did not find birds and point I was disappointed. That does not mean I gave up on them, but friends I think a good birddog should be capable of pointing and holding birds at a young age and I have had several. Again, I understand that some dogs come along slower and could eventually be world beaters but aren't you thrilled to see a pup hunt hard and point birds. I am not saying they have to be real staunch. I have never understood run, run, run as a criteria for judging and placing puppies. If they show purpose and pointing ability, isn't that what we want in a birddog? I DO want them to be aggressive. I know my 5 year old dog did not place once or twice as a puppy because he was seen to ambitious. But, hey, that is judging and field trailing.

Things have changed a lot and in my opinion for the better. There are more successful amateurs finishing their dogs. There

are more amateur dogs collecting open championships. There are more successful females handling, training, scouting, and judging. I see more community and friendship among field trailers. Although when I began AKC trailing there were many pre-trial get together's in a motel room on Friday night before a regional trial. I was welcomed to the field trial community by Mary Jo, Ray, Dave Kenney, and many others, my fading mind cannot remember. I believe it was Gil Hopper that pointed out in the 2006 National Amateur Gundog Championship write-up that it is amazing, regardless of the competitiveness and the desire to win, how fellow amateur competitors are willing to help one another out no matter the situation. I have certainly found it to be true and very rewarding. I am thankful for the help from my old and new friends for looking for my deerhound at several stakes. These wonderful people did not have to do it, but they did and they were MISSING HAPPY HOUR!

Here is my only regret. Field trials, as I understand it from the pages of history were basically breeder stakes from the beginning over a hundred years ago. People wanted a venue from which to pick the best birddog stock. That is, people believed that competition would show the best dogs and those would be the ones to breed to and buy puppies from to acquire great hunting dogs. Unfortunately there are too many people in our sport that do not understand we are not running competition dogs, but hunting dogs. (*If there is one thing that raises my blood pressure is the number of people who participate in various Brittany competitions [you name them] that do not understand the intent or purpose and history of the Brittany as a great hunting dog.*) Eventually long-tail trialers developed special stakes to encourage even more thoughtful good breeding – the Futurities. The Brittany people finally embraced this concept and we had National Futurity events. It was like a National Championship. There used to be one futurity event. It rotated around the country. I do not want to debate all the problems people had with it then at this point. Now there are three events with split classes – gundog and all-age. Not a bad idea at all, but what it seems to have done is to dilute and reduce the competition. It is a shame this apparent good idea has failed in some sense. The long tail futurity evolved into specialized gamebird events – the Quail futurity, the Pheasant futurity, etc. As far as I can tell these events are still going strong.

Before you cry FOUL I would be a hypocrite if I did not admit that I have returned to field trials because it is great recreation I enjoy the time and competition of my dogs. I did not return to field trailing for the purpose of improving the breed, although I plan to breed the female I co-own now with my hunting, training, and field trailing buddy and nominate the litter. She has been a good one so far and I have been laboring over which stud I want to use for about a year. I do realize most people are in this sport for the recreation and competition.

I am very tempted to list the people that I knew yesterday that are still competing and/or judging. I am sure I would leave some out because of failed memory. It is amazing how many old timers are still around and can walk steady or climb on and off a horse with ease unlike myself. It is wondrous to think of meeting people thirty years ago just getting in the field trial game and are now in the Hall of Fame. It is gratifying to see the list of dogs mine competed against yesterday and are in the Halls of Fame today. I am saddened that there are a number of dogs in the Halls of Fame today that I missed observing during my absence.

The thing that I appreciated yesterday and I still do today is all the great people in the Brittany field trial community. The thing I look forward to the most these days is seeing my old and new friends at the field trials. Quite a community and family we have my friends.

St. Croix Valley Brittany Club's Youth Field Trial Event

June 3, 2007 the St Croix Valley Brittany Club (SCVBC) held its First Annual Youth Field Trial Event. This event was staged to get youth interested and involved in Field Trialing and/or Hunt Tests. We had a small but enthusiastic group of young people ranging from 8 to 17 years old.

In late fall of 2006, SCVBC President Bret Lindback read an article in the American Field Magazine on a Youth Field Trial Event. The

article explained that the event was designed to bring young people in to Field Trialing. It further went on to state that young people are our sports future. SCVBC decided to hold a Youth Field Trial Event at our Spring Walking Trial. The Field Trial Committee was charged with planning this event.

SCVBC also discussed this event with the Minnesota Federation of Field Trial Clubs and they approve the concept and would help advertise the event. Mary Trimble of American Brittany Club was contacted about the Youth Event that is held in Illinois. She advised us that the event should be an educational process and fun for all. All youth should be mentored by an experienced Field Trialer while running their dog. Most importantly all participants are winners.

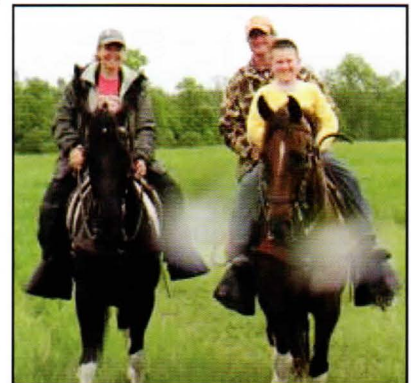

SCVBC set the Youth Field Trial Event on the second day of our Spring Walking Field Trial. The location was Four Brooks Wildlife Management & Dog Training Area north of Milaca Minnesota. On Sunday the 3rd the Youth Event started at 9 AM under overcast skies with on and off drizzles. There were 10 children registered for this event.

There was a short meeting of all participants and their parents to discuss the process and safety. We made sure that all dogs had been introduced to both birds & gunfire. Then there was a short instructional period on Gun Dogs and handling of dogs in the field. The instructors & mentors for the event were Matt Eder & Heather Gast of Fox Run Kennels of Brook Park Minnesota. Participants were braced into groups of two. Each brace was called to the break away and the Dogs turned loose. The gallery of Parents followed them. The course was seeded with quail and all Dogs had bird contract. Matt & Heather did an excellent job explaining how to use the wind and terrain to keep their dog to the front and give their dogs the opportunity to run lines and find birds. When the child's dog was on point they were walked through the correct way to approach their dog and flush the bird.

At the end of the field portion all the youth and their parents were brought together and received a Ribbon and a Survival Whistle donated by Peasant Forever.

The St Croix Valley Brittany Club members enjoyed working with these kids and their dogs. SCVBC believes we need young people to get enthused about our Field Sports. We are planning on doing this again and look for this event to grow each year.

ATTENTION FIELD TRIAL CHAIRMAN & SECRETARIES

1. Please use the ABC report form when filling out your field trial report. The form is available for download at <http://clubs.akc.org/brit/forms/FieldTrialReportForm.doc> (If you cannot download, ask Mary Jo to mail you one to copy.)

If this form is NOT used, we have no idea if the stake was an HOUR stake or if the handler was an AMATEUR. If we don't have the correct data, then we might miss a dogs points for the Purina Award and worse yet may miss a dog getting its qualifications for the Nationals. We don't want that to happen, so we're asking for your help. Please contact your club field trial chairman and secretaries and tell them to use this form when filling out placements and getting judges signatures. The added plus is that this form can then be copied and sent to AKC, ABC, the American Field, and the Amateur Field Trial Clubs of America.

**PLEASE
PRINT
LEGIBLY**

2. You also need to include a copy of the Secretary's Reporting page to AKC so that we know which stakes you actually ran and which were canceled. We can't tell if you forgot to include the sheet for a stake or if the stake was canceled and this necessitates writing and asking. Please save us some time and let us know if stakes are canceled.

3. ABC does not need copies of Judges' Affirmation Forms or entry blanks. You do not need to type results separately, just use the correct form.

We really appreciate those many clubs who already use the ABC form.

Hunt Tests

GREATER MILWAUKEE

Ottawa Field Trial Grounds

Eagle, WI

March 24, 2007

The Greater Milwaukee Brittany Club held its 2007 Hunt Test on March 24, 2007 at the Ottawa Field Trial Grounds in Eagle, Wisconsin. The morning began with heavy early fog and light mist, which luckily ended as the day progressed. The food and record-keeping were an excellent club effort coordinated by Beverly Thomas and Marian Hartner.

We ran 26 pointing dogs. There were nine braces of Juniors, judged by Wayne Elz and Gary Robinson. We were very fortunate that Rano Wells and Larry Newmann judged unfortunate circumstances that left us scrambling to find new judges.

The gunners for the Master and Senior levels, Greg and Mike Asmus, did a great job as always!

Many thanks to the numerous people who volunteered their time and camaraderie to make our event run smoothly and totally enjoyable.

Field Trials

East Coast

SUSQUEHANNA March 10 - 11, 2007

By Bob Youngs

The following are the results of the Spring 2007 Field Trial for the Susquehanna Brittany Club. 97 dogs went to the line to compete in conditions that varied from ice and snow to mud and muck with water at times thought to be running up hill. The York Pointer and Setter Club has seen many great dogs run over its smaller set of fields both with long and short tails. Brittanys like Sue City Sue, Home Acres Risk, Dirty Shuffle Arnie, Flatwood's Tiger, Highbrow's Red, JDZ's Rock's Ardent Boomer and many more, as well as long tails like Guard Rail, Tomoka and Bases Loaded. The grounds challenge dogs to run big in places and be forward but also require a handle to make it around some of the wooded areas. Don't bring an unbroken dog to the adult stakes as 5 to 9 finds are not uncommon.

We look forward to seeing many faces, both young and old, new and not so new at our Fall 2007 Trial the first full weekend in October.

Thank you to all that came and to Dan Rein and the entire field trial Committee that helped put the trial on, as well as special thanks to new member Dennis Green and his wife Janet, who made 18 pounds of homemade corned beef and cabbage for our Saturday night Pot Luck Supper and a great homemade cheese cake for one of the desserts. We had lots of help from Wil Smeltz, John Chokran and many others in planting birds, and the ladies in the kitchen, Barb Youngs, Diane Rein, Marilyn Fenicle, Joan Warshefski all worked hard to make sure we had plenty of good hot food when it was cold and raining, and plenty of hot coffee to wash it down with.

Congratulations to all that came and placed dogs. It was a great weekend with lots of good dogs showing off the winter's work with their handlers and owners. Another winner not shown in the placements was Beth Archer who won the drawing for our new Trooper Saddle that was raffled off. It was a big success for the club with a big contribution to the club treasury. We will start selling tickets for the fall trial drawing of another saddle just like the one we raffled off this spring. Thank you to all that came and to those that could not make it but sent dogs. A special thank you to all our judges for their time in the saddle and to John McMurray who filled in at the last minute when one of our Open Gun Dog judges cancelled due to illness.

WESTERN MICHIGAN
Ionia Recreation Area
March 30-31 & April 1, 2007

by Jeanne Telfare

The weather covered almost every season except winter, from pleasant and sunny on Friday to cold and rain by the end of running on Sunday with some pretty stiff wind thrown in-between. In spite of the changeable Michigan weather the trial ran smoothly.

We would like to thank our judges who sat long hours in the saddle and our club members who worked so hard to make the trial a success. Special thanks go to Chuck Langstaff's son Rich, who manned the kitchen, not only feeding everyone wonderful meals, but also keeping things organized and running smoothly. He helped make the clubhouse a very pleasant place to be.

Last but not least, thanks to our participants. Without fail everyone was patient, pleasant and cooperative. We had very competitive stakes with the Gun Dog stakes at capacity and close to a full entry in Amateur All Age and Open Derby.

Congratulations to everyone who placed. Special congratulations go to Ed and Donna Janulis who finished Jazz's Field Championship with a win in Open All Age and to our club members, Terra and John Bulloch. In The Open Gun Dog Stakes, John not only got their dog, Alvin, around clean for the first time, but also earned a blue ribbon in the process!

HEART OF ILLINIOS

Walking Trial Moraine View

March 10-11, 2007

After a rocky start, caused by dense fog and faulty alarm clocks, the HIBC walking trial was marked by great dogs, good bird work, good judging and great weather. Except for lots of gummy mud the conditions were ideal for a trial. Temperature in the fifties with a light breeze and lots of sunshine seemed to make everyone a little happier especially after the miserable weather and canceled trials experienced in February. Larry Bates and his dog, SWEETWATER BILLY TUCKER seemed to enjoy the weekend even more than others as Tucker took three first places and a second place in the four gun dog stakes. Good food was provided by Sandra Remmers and her able helper Diane Heath. Kristi Anglen brought along some cookies all the way from Ohio. We appreciate the efforts of all the bird planters and dog wagon driver (Jeff Steele) that helped make the trial a success.

Lake Murray State Park Field Trial Grounds March 9-11, 2007

by Gary Smith

Great weather and a new building on the grounds greeted everyone at the Sooner Brittany Club spring trial at the Lake Murray State Park Field Trial Grounds. This year, the Oklahoma Field Trial Clubs Association (OFTCA) and its benefactors cleared three large areas of cedars and brush on the courses and built a nice metal building at the headquarters. The initiative to construct a building began decades ago as the dream of Dub Emde, Beau Gueste, C.T. Young and John and Judy Webb. Thanks to funding by the Weimaraner Clubs of American and the Brittany member clubs of the OFTCA and the cooperation of Bryce Todd and Carol Jackson of Lake Murray State Park, many clubs got to use the building during the cold wet winter season. More improvements to building and grounds are planned for this summer.

It was a really nice, fun trial due to the hospitality and hard work of club members and good hearted people. Rick Conner is writing a book and making a video on how to become a master dog wagon driver. The man knows the course and timing so well that he is always in the right place at the right time. "He is a hardworking and generous person" said his wife Janice. Rick is a retired postal worker and can "deliver". Thanks Rick. My wife, Jimmie, kept everyone fed and smiling and we are still married. Thanks Jimmie. David Downing and Laura Wilder hauled judges horses around the course and kept dogs supplied to the Puppy/Derby course. Thanks Teresa... Tom and Linda Milam always help as did Joyce Miley. All these people are still speaking to me. Thanks, folks.

Our judges were Mike English, Dave Vogelsang, Mike Griffin and Jack Murphy. In addition to all being accomplished bird dog men, they are all gentlemen and a credit to their friends and families. Thanks fellows.

The trial this fall will mark the beginning of 55 years of conducting trials by the Sooner Brittany Club. Come celebrate with us. Thanks to all who were there.

SOUTHERN KANSAS

Oliver Ranch

Eureka, KS

March 23-25, 2007

by Terry Gowin

The year 2007 ushered in the 50th Anniversary of the Southern Kansas Brittany Club.

Seven club members with over 40 years of service each were recognized at our Spring Trial on March 23. Tom Fife, a charter member, Johnny Pappan, Cecil Duncan, Francis Clasen, Lyle Johnson, Marge Johnson and Herb Rea combined represent over 300 years of experience and service in the field trial world. They were all present to discuss their favorite memories and stories of Brittans and trials with friends, participants and Outdoor Reporter, Michael Pearce, of the Wichita Eagle. The SKBC enjoyed visiting with them and extends special appreciation and good wishes to our "300 club".

The field trial was held on the beautiful ranch of William and Mary Lynn Oliver in Eureka, Kansas. Thank you Bill and Mary Lynn for the use of the finest field trial grounds around. We also wish to thank our judges, Charlie Starkebaum, Bill Nedeau, Jim Pratt and Jim Givens for a fine job of watching a great line up of dogs and rendering well received decisions. In spite of the weatherman's threatened storms and wet days, the weather cooperated the entire weekend and the trial ran smoothly, thanks to the help of the trial committee members and judges.

MEMBERS OF THE AMERICAN BRITTANY CLUB

Give the gift of a new membership... to give the opportunity to someone to learn about and participate in the American Brittany Club.

This membership campaign is really quite simple, we are asking every member to donate/sponsor a membership in the American Brittany Club. This "gifted" membership might be to a puppy purchaser, or a friend/acquaintance who has a Brittany. All of us encounter people who may just need a little encouragement to become members.

This can work, but it is totally dependent upon your support. Please use the ABC application form in the back of the magazine to enroll a new member today. You may donate/sponsor multiple new memberships. The names of new members & ABC sponsors will be published in the magazine on a quarterly basis.

THIS IS OUR CHANCE TO MAKE A DIFFERENCE!
