Objective and Purpose:

To promote cooperation and friendship among the breeders and owners of Brittanys and to encourage higher standards in breeding, training and showing of Brittanys in the field and in the show ring; to discourage the breed from becoming split into groups of "field dogs" and "show dogs" and to strive to keep it forever a "dual dog".

Brittanys...

This column originally appeared in the January 2007 issue of the AKC Gazette and is reprinted with permission. This Breed Column is written by Dorothy Macdonald.

GOOD BRITTANY BREEDERS

With the start of a new year, perhaps it is time to take another look at what constitutes a good breeder. After all, breeders are essential to the welfare of any breed.

An owner who has one dog is only responsible for the well-being of that dog. But once that owner decides to breed or use that dog at stud, the picture changes. He now has a responsibility to the whole breed—past, present, and future.

Judges—show and field—are there to evaluate, compare, and select. This is a great responsibility given the breeding importance of winning animals. Still, a judge can only evaluate, compare, and select from the entry that is present.

Breeders then, are the bottom line in responsibility for the quality and welfare of the breed. But too many do not recognize this and are merely puppy producers.

What makes a good breeder? She must have knowledge, dedication, and a commitment to the continued improvement of the breed. A good breeder must not be kennel blind, an egomaniac, or raising a litter just for financial gain.

Knowledge of the breed includes the history and original purpose of the breed. This gives an insight to correct Brittany temperament and the true essence of the breed. It explains his style, movement, and bird-finding ability.

Next—and equally critical—is phenotype. What is the correct and ideal “type”? Is it based on proportions? Ratios? Balance? The answer is yes—to all three. Length-to-height, weight-to-height, amount of bone, ratio of head-to-neck-to-back, ratio of

muzzle-to-skull, proportion of rib cage—to loin, above-elbow-to-below. These are just some of the proportions and ratios that make up the correct balance in a Brittany.

Last, but equally essential to our knowledge of the breed, is the more visible “outer layer”: Coat length and texture, color and markings, shape and position of eyes, ears, and nose, feet, and tail carriage.

After the knowledge comes dedication. A true commitment to our breed means using all the knowledge you have acquired to help improve the Brittany, generation after generation.

Before breeding a bitch, or using a dog at stud, take off those rosecolored glasses. All dogs have faults—see them, and breed to offset. All dogs have good features—see them, and breed to enhance.

Loving a dog is not reason enough to breed it. Can your Brittany bring improved quality to the breed’s field performance birdfinding ability, range, and style? Can your Brittany bring improved structure, better movement, and a more correct look to future Brittanys? If the answer is yes then breed, raise, and care for a litter. If the answer is no then continue to hunt and love your Brittany, but don’t breed him.

Would-be breeders, have I given you cause to think a little deeper into the responsibility of being a breeder? I hope so. You see, I want you to be good breeders, not just puppy producers. Brittanys deserve the best, so please let us be sure that that is what we give them now and into the future.

Happy New Year.

- Reflections -

One of the best ways to develop good feelings among club members and guests at field trials and shows is to have good food. At the 2007 Quail Classic we shared our favorite foods with each other and since then we have been exchanging recipes. In the past, HOF Member Judy Webb hosted a Tailgate Recipes column. I offer one of those columns for you as well as one of my recipes. If some of you have recipes that have worked well for you at your events, perhaps you could send those in, and we could use them as fillers in the magazine when space permits.

Mary Jo's Field Trial Refrigerator Pickles

- 7 c. sliced cucumbers
- 2 c. sugar
- 1 c. sliced onions
- 1 c. vinegar
- 1 c. sliced sweet banana peppers
- 1 tsp. celery seed
- 1 tbsp. salt

Slice cucumbers, onions, and sweet peppers and put in colander. Sprinkle salt over them. Cover with ice cubes. I often repeat those steps in layers of veggies, salt, ice, etc. Let stand 2 hours or until ice has melted through. Heat sugar, vinegar and celery seed and pour over cucumbers. Put in large jar in refrigerator. Keeps well.

(For variety you can add some garlic to the boiling mixture or put a piece of hot pepper in the jar) Measurements are not exact, I use whatever I have. ENJOY!

Tailgate Recipes

by Judy Webb

(Reprinted from *The American Brittany*,
Vol. XXXLIV, No. 4, 1984, page 33)

Take those pheasants out of the freezer and try these recipes! The first one is from Bill Chartesworth, Ozark Brittany Club. Marge makes a note: Can also be used for quail and recipe doubles and triples well.

Pheasant

Brown 1 cut-up pheasant in 1/4 cup oil in a Dutch oven. Remove pheasant then add:

- 1/4 cup lemon juice
- 1/2 tsp onion flakes
- 1 tsp garlic salt
- 1/4 cup cider vinegar
- 2 tbsp parsley flakes 1/2 tsp tobasco

Cook above ingredients 3 minutes, return bird, cover and cook medium heat for 1 hour. Baste frequently.

Jean Bovich, Northern New Jersey Club sends:

Pheasant Creole

- 1/2 cup flour
- 2 tsp paprika
- 2 1/2 tsp salt
- 1/4 tsp pepper
- 1, 2, 3 pheasants
- 1/4 cup butter
- 1/2 tsp ground basil
- 1 cup white wine
- 1 can (8 oz) tomato sauce
- 1 can (4 oz) sliced mushrooms
- 3 green peppers, sliced
- 1 medium onion, chopped
- 1/4 cup cornstarch (opt)

Combine flour, paprika, 2 tsp salt and 1/4 tsp pepper. Cut pheasants into serving pieces, roll in flour mixture. Brown well in butter. Add 1/2 tsp salt, basil, wine, tomato sauce and mushroom liquid. Cover and cook over low heat 10 minutes or until sauce is bubbly. Stir in mushrooms, green peppers and onion. Cook 10 minutes or until onion is tender. Cover and cook over low heat 30 minutes or until tender.

She adds: "Make sure meat is cooked enough to come off the bone. I take the meat off the bones and put back in the pan. If the sauce has become thick I add more wine. If I am making this for our Happy Hour at the trial I make it in advance and freeze it. When we get to the trial Friday night I take it out to defrost and Saturday night put it in the oven to heat-up. I add more wine at this time. If we are having it at home I make rice with it. We skin the pheasants - it is easier and taste the same as plucking it."

Hall of Fame Nomination Form

Closing Date for Nominations: March 1st

To be eligible, the dog must be dead. Date of death must be within the past 15 years. Nominees should be animals that knowledgeable breeders would look for in pedigrees when establishing or improving breeding programs. They should epitomize the dual ideal and during their lifetimes have achieved National recognition from Brittany fanciers for their show and trial (field and obedience) ability through successful competition on a multi-regional or National level, and/or that produced a high average of progeny from different dams or sires who were generally acknowledged as being of extra merit.

Thank you's to the many people required to complete a quality event like ours

- The American Brittany Club for the wisdom to create this event and its continued support of a walking Championship.
- Delmar McCallister, as 4th VP for organizing and coordinating the event
- Brian Hendrickson as Chairman who made sure everything ran smoothly
- John Sala as Stakes Manager kept things moving and on time
- The Ionia Grounds Committee, and particularly Wayne Warner, for the courses being in even better shape this year than last. And I would have thought that to be impossible.
- Ron Gulembo, Course Marshall, rode every brace for 8 days and was congenial throughout
- Chuck Langstaff for driving the dog wagon everyday and Theda Langstaff caring for all the participants, especially those on the wagon
- Jane Hopper for transporting dogs, thus being able to see very little, but recognizing the importance of the job
- Bob Burchett, a Brittany Pro, who believes in the importance of this event. He managed the bird planting effort. The importance of this job can not be overstated. And who wants to get up at 5am every morning to ride in the dark. There were plenty of birds, in the right places, and they flew well.
- The judges John Kline of Orlean, VA, Trudy Richmond of Moses Lake, WA, and Don Whittington of Bellefontaine, OH. They were affable and cooperative. Their object to select the best dog was attained

- Les Casselberry for handling the auction and calcutta with Jill Schafer's help.
- Cheryl Orange as Trial Secretary for all her hard work all year long.
- And last and probably most important, a huge thank you to Kathy Byrne. Who for 5 years has been the Hospitality Chairman. A job she starts doing in the summer: developing menus, buying food, preparing dishes, coordinating activities. We are so lucky to have her!

Thank you's to the following companies (thank these companies by purchasing their products)

- Purina, for fine products and continuing support over many years.
- TriTronics, again, fine products and tremendous support for our sport. It was very nice to have Jim Morehouse of Tri-Tronics join us daily for the running of the Amateur. We all know how they support field trialing and help us with our dogs. They also provided gifts for the owners of the winning dogs. Jim assured me that Tri-Tronics will be coming out with a GPS tracking unit. I can hardly wait.
- Tracker, a great product that you don't want to be without, but never want to have to use

We had wonderful galleries for the event: attentive, helpful, respectful, and fun. With approximately 30 to 50 people on horses and 20 people on the dog wagon per day, the handlers were able to show their excellent dogs to a number of interested people. I'm sure the wonderful weather, and the brilliant fall colors made watching the dogs a more enjoyable experience.

THE RUNNING

Brace 1 **FC/AFC WRIGLEY'S CHIP MAKIN' HIS MARC (O&H-M. Poehler)** DC/AFC PJ'S FRANCIS DRAKE (O-D.&L. Porter & A Bevier, H-D. Porter)

8:30am, a beautiful morning to run dogs, cool and misty. What a great way to start a trail a truly wonderful beginning brace. Up the first hill, Drake went on the line to the south and Chip went north. As Dave walked into the second field, his scout called point on the line Drake initially took. After Dave walked back, he found Drake high and tight on an excellently located wild pheasant. All in order. Drake then proceeded to run lines and hit cover the rest of the way. Please note that Drake is an Oregon dog; who never sees a tree line, yet he is running them as if he has been doing it his entire 9 years. He ran wider than Chip, but required more handling. Chip had very few holes in his run, exhibiting excellent ground speed, requiring minimum handling, while reaching for objectives. At 15 Chip had a stylish find. At 18, on the line going to Hires', Drake went on point and Chip backed from 40 yards. Both dogs performed well, as both handlers walked slowly to their dogs. At the end of the Barn field, Drake had another nice find. Chip then had a find on the N/S line entering the Dogleg field, as Drake rimmed the field while regaining the front. Drake continued forward, rimming the Dogleg, upon Dave reaching the field end, no Drake, scout went out. Chip continued on. Drake was found 10 minutes later standing at the south east corner of the Dogleg. After the flush, Drake continued forward for the remainder of the hour. After separation from Drake, Chips run got even better. He rimmed fields going to the Boy Scout Bridge and after it. Doing the same on Cardiac Hill and into the Derby Course at time.

Brace 2 **POISON IVY III (Itch) (O-J. Wilkinson & P. Snyder, H-J. Wilkinson)** PETER GUNN (O&H-J. Carter)

Both dogs ran hard forward and slightly left at the breakaway. At 2, point was called for Pete, and Itch was up for failing to back. After flush and fire, Jim moved Pete on, but he only went about 150 yards before going on point again. This wasn't as simple a flush. After 3 relocations, the find ended in a STF. Pete consistently looked good on his birds, very intense. In the orchard, after 3 relocations, Jim elected to move the dog on. At the end of the orchard Pete had a find, where the bird flushed easily. Pete proceeded forward through the dike and point was called at 50 and a covey was produced. At 54 and 58 finds were handled on the Southside of the lake. Pete then finished the hour strong and to the front.

Brace 3 **FC BROWN'S B.B.J.(O&H-J. House)** LOCAR'S BILLY RAY (O&H-B. Gorman)

11:09 breakaway just across the east side of the creek by the in park parking lot. At 1 Jim's dog BJ was standing on the line to the left, a covey handled nicely, as Billy went forward. Both dogs were fast and forward, operating independently of each other, with BJ being the slightly wider of the pair. At the last field of the derby course, BJ had a STF, he then had a NP at the base of Cardiac Hill. The brace ended with both dogs to the front. The wind had picked up to the point where the flag at the clubhouse was pointed up, but it subsided following lunch.

Brace 4 **FC/AFC SHADY'S BE SUMBUDDY (O-D. McCallister & H-B. Hendrickson)** STARLIGHT'S EPSILON LYRAE (O-T. Richmond & H-K. Remmers)

Break away at 1:35, then at 5, on the right edge by the cattails Lyrae proudly returned with a bird in her mouth and was up. Buddy moved about 20 yards past that position and went on point, with a well handled

bird produced for him. Buddy then proceeded nicely through the next three fields, and then went on point on the right edge of the Barn field. Handling a 6 bird covey, moved on. He proceeded through the next two fields taking the edges. Going down the hill toward the Boy Scout Bridge, Buddy took the left edge rewarding him with a nice buried find along the creek. Point was called by the owner/scout, a nice bit of scouting. Buddy then swung right of the bridge and down a hill toward the creek. Point was called but it resulted in a NP at time.

Brace 5 **FC DELANE SPEAK OF THE DEVIL (Charlie) (O&H -D. Riedl)** DC TRIUMPHANT'S TO HOT TO HANDLE (Nitro) (H-J. Carrier)

After breaking away both dogs handled to the front toward and down Cardiac Hill. Upon entering the derby course, Charlie was up for a bird infraction. On the derby courses N/S line, Nitro made a big move down the line, scout found the dog standing. On the find, Jeff literally was required to kick the bird into the air. To the left of the creek crossing, Nitro had another find, handled well. He then made several large casts to the left and was rewarded with a nice covey find at the entrance to the orchard. Thru the orchard Nitro handled roughly, but did come forward and immediately went into the big woods at the end of the orchard. When next we saw Nitro, it was at the end of the woods under a bird. While down, Nitro put on quite a show on the ground and on his birds. His owner should be very happy with his performance.

Brace 6 **FC GAMBLERS EYE OF THE STORM (O&H-M. Mikoff)** WILD TIME KATIE (O&H-J. Hall)

This brace broke away by the Shotgun Range at 3:49. This was a great brace, as both dogs were fast and forward. They hit lines, into cover, and showed independence. Entering the dike, Katie was forward, but Stormy was headed west chasing a deer and barking. He returned shortly, running through the pond and onto the dike. I don't believe the four swans appreciated his interrupting their serenity. Both dogs continued running hard and handling. Crossing the road by the in park parking lot, Stormy went on point. After four relocations and Mike crawling through the brush, Stormy moved on. While this was going on, Katie had a covey find at the end of the E/W line, but moved when the birds flew past. Stormy had a rabbit find before crossing the bridge to the Derby course. In the second field of the derby course, Stormy went on point in the weeds in the middle of the field. His nose was stretched upward as if reaching for the sky. You could tell the birds were a long way off. Mike flushed, and flushed, to no avail. He walked over a little hill, out of sight. Stormy then relocated himself, and went on point. Mike then produced a huge covey in front of him with all in order. Stormy then went on to finish the hour.

When we returned to the clubhouse, we all saw a rainbow, stretched out over the grounds.

Brace 7 **AFC CASCO BAY JASPER (O&H-P Mazzaglia)** NAGDC/DC/AFC CALISTAR DEL PRADO (Star)(O-L.&D. Casselberry, H-L. Casselberry)

An 8:15 breakaway on a frosty morning. Everyone was so enthused to run dogs, they didn't even wait for the Marshall and Reporter to finish their coffee. But we did catch up before the top of the first hill. But who wouldn't be anxious, Star is a two time National Amateur GD Champion. This would prove to be an entertaining brace, though frustrating for the handlers. These dogs were "flat out flyin". At 5 Star had a well handled find on the right edge, when released she took off hard to the West. At 7 point was called for Jasper to the right of the first pond. He was relocated into a NP, and Star was hung up behind. Star returned to take the line toward Hires', but Jasper is already through

that line into the next field, running fast and somewhat forward. By the end of the dogleg field, both handlers elected to pick up. The only problem, we had no idea where Jasper was. Pete took out his tracker and proceeded to look. He looked and looked. Jasper hadn't been seen since Hires' field. We went on to the next brace. Les said with a big smile, that he is concerned that he won't be able to run Star next year, as she is slowing down.

Brace 8 FC RIMARDA'S REBEL JAKE (O&H-S. Ventura) DC/AFC COUNTRY ROAD'S NAVIGATOR (Andy) (O-K. Stout & J. Stout Womack, H-J. Stout Womack)

Break away was at the top of the hill, after the Dogleg field. At 4 Andy returned with a bird and was up. Jake proved to be a nice gun dog who responded well to his owner. At the entry to the Derby Course, Jake had a nice find followed by another before the creek crossing. Jake then went down the creek line, and scored another well located small covey. Jane Hopper made her second good save at the gun dog parking lot, keeping a dog from going to the road. At 50 Jake was picked up in the Orchard for misbehaving on a covey.

Brace 9 FC/AFC RUBY RIDGE'S MEG WILL DO (O&H-J. Hamner) FC/AFC BEBOP FINNEGAN'S HOLIDAY (O&H-F. Gorman)

We left from the west end of the orchard at 10:22, on a brace that may have been the most entertaining of the trial. These two dogs, and handlers, put on a gun dog show. For a while they were rotating points and backs. Holli had a find at 1, then Meg had one at 6. At 20 we had our first find with back, Jan's dog with the find. The next occurred at 25, with Fran's dog getting the find. Then another at 28, we had a "oh oh". Fran flushed a bird that only flew 3 feet, right over the dog, who grabbed it. Holli is up. Jan continues on with Meg. Both dogs were thorough, with good speed and moderate range. Meg then had a find on the Derby Course, with the birds rising when the handler was still 100 yards from the dog. Jan fired immediately, and she slowly walked to her dog, which didn't move anything while waiting. Holli then had a STF in the middle of a field on the Derby Course. Then at 58, Holli stopped on the next to last line of the Derby Course. After relocation, time was called with a NP resulting.

Brace 10 DC RICOCHET MAGGIE'S JAC (O-J.&M. Condron, H-J. Condron) DC/AFC CISCO KID DEL PRADO (O&H-L. Casselberry)

This brace should be subtitled, *The Return of Jasper*. The dog that was lost in brace 7 joined this brace 3 hours later. Still running hard, going to the front! He was two fields from where last seen.

Breakaway, at 11:32, was in the last field of the Derby Course, before Cardiac Hill. Both dogs ran hard, with Jac handling more kindly to the front. Cisco was wider and faster, but rougher. At 19, Cisco had a nice buried find on the right edge of the long field before the Quarry. Another find at 35 and at 59 Cisco had another find at the end of the line at Hires'. At 38, Jac had a find, with good style, on the line to Hires'. Then at 55, the scout Al Cropek, called point on the left edge of the Hires' Field. A covey was produced with all in order. Jac then took the left edge to the front, at the next cross line, went East and at the next cross went North. The two dogs crossed at this point, Jac headed North and Cisco headed South. Julie did a great job of handling her dog, Jac, to a great performance. Realizing this she sat at the end of the hour, hugging the dog and crying.

Brace 11 FC/AFC FAR SIDE'S LUCKY GUN RUNNER (O-A.&M. Regelbrugge, H-A. Regelbrugge) FC/AFC WRIGLEY'S FIRST DANCE (Jazz) (O J.&G. Hopper, H-G. Hopper)

Breaking away after lunch on the second day at 2pm, both dogs were off fast and forward, hunting the lines and swales. At 12 as we were entering the field before Hires, Lucky went on point at the crossing to the next field at the end of the line. Jazz came through about 30 seconds later, as Lucky was standing on the other side of the line Jazz didn't see him until she crossed the opening, and was up for failing to back. Lucky handled the situation well; the handler walked to him, fired and moved on. Lucky continued the hour with a strong ground race, handling a little roughly at times, but always returning.

Brace 12 DC/AFC ZIPPITY-DO-DOT (O&H-Patti Van De Coevering) FC/AFC STEVIX BULLETPROOF JILL (O&H-Steve Cosgrave)

Breaking away at 3:13 from the Snowmobile parking lot, both dogs were off to the front with Jill left and Dot to the right. At 2, Steve called point on the left line. A small covey was flushed with Jill handling the early activity. As we entered the field before the creek, both dogs were in the bush clumps on the left, point was called by Steve. When we got there, Jill was pointing and Dot was backing. After attempted flushing, the dogs were moved with Jill having a stop to flush, made more difficult as Steve had lost his cylinder and used John Kline's gun the remainder of the brace. As Dot approached the creek crossing she too had a stop to flush. Both dogs moved on. This was a confusing few minutes with lots happening. For the next mile the dogs hunted fast and forward, requiring minimal handling. As we passed the woods before the shotgun range we heard a dog barking in the woods, since we saw both dogs in the brace, the gallery wondered if Jasper had gotten loose. At the lines intersection south of the shotgun range, Dot had a stop to flush. At this point we found out that Dave Porter, in his early field trial life, was a beer bitch. As we approached the west dike, Dot got hung up, Patti then got Dot back, only to have her hang up on the south side. Steve got Jill through with no problem. At 3:58 Jill had a nice find in the field after the dike and two minutes later Dot had a find after a brief relocation. Both dogs continued nicely to the front, thou separately to the end of the hour.

Brace 13 DC/AFC DUNCAN'S PLACE YOUR BET (Dealer) (O&H-C. Orange) NAGDC/FC/AFC CLYDE'S DOUBLE TROUBLE (Dubb) (O&H-K. Remmer)

Breakaway at 8:15am, Monday morning, on what promises to be a very nice brace with two excellent dogs. Both dogs were off, fast to the front, with Dealer being farther out. Both dogs were on the right line, scouts were sent out. Point was called, but when we arrived both dogs were moving. The farther we went the better Dubb got. In the field before we turn north at Hires', Dubb was left and Dealer was streaking down the line to the right. Upon reaching the end of the line, Dealer circled and jumped into cover, ripping a covey with "Gusto". He was up at 18. At 22 point was called for Dubb on the line by Hires' house, a small covey was produced with all in order. At 25 another nice find on the left point in the same field, then at 30 the reporter called point in the barn field on the right line. After a lengthy flushing attempt, Kevin was instructed to fire and move the dog on. At the end of the barn field, Dubb went on point following a nice move along the right edge. Birds were produced with all being well. This was a stylish find. During the last 20 minutes Dubbs really got moving, hitting the objectives, running lines, never behind while handling very kindly. The win was sealed by Dubb in the last two fields before the Boy Scout bridge. He went into the woods on the east side, and next appeared running the east-west

line at the end of the next field. A winning move! Dubb finished the hour strong to the front.

Brace 14 **BULLET'S RENEGADE MISS MEGAN** (O&H-J. Carter) DC/AFC **SWEETWATER BILLY TUCKER** (O-L.&S. Bates, H-L. Bates)

Breaking away from the snowmobile parking lot, within the first 100 yards we had a point by Megan and a back by Tucker. A covey was produced, with all in order. Megan is a small snappy bitch who stays consistently to the front. She is fun to watch. Tucker is wider and much more workman like. A seasoned veteran at six years. Both dogs required minimal handling, and the handlers exhibited significant trust in their dogs. At 13 Tucker had a find on the left in the orchard, almost simultaneously, Jim called point for Meg on the right side. Larry produced his bird easily and moved on. Jim need to relocate and still couldn't produce a bird. At this point stakes manager, John Sala noted that "it's a pleasure to watch two methodical gundogs". At 20, point was called for Tucker and Larry found a dead bird. At 23 Meg had a find with Tucker backing, all in order. At 51, in the last field before the creek crossing, both dogs were found standing on the north-south line. Both handlers flushed, fired, and move on. After crossing the creek, at time both dogs were standing on the east-west line. A find for Tucker and a back for Meg.

Brace 15 **SIGBRIT-HOPE'S QTRBACK SNEAK** (Boomer) (O-W.&B. Pepin, H-W. Pepin) FC **SUEMACK'S BODACIOUS PRIDE** (Bo) (O-R.&S. McPherson, H-R. McPherson)

Breaking away at 10:50 from the old gundog parking lot, both dogs were off to the front carrying considerable speed. Roger was having trouble, today, with Bo's handling. He was fast, wide, but not necessarily to the front. Roger elected to pull out the tracker before going up cardiac hill. At 15 on the Derby course, point was called for Boomer. A very stylish find; head up and tail at a 45, with significant intensity. After Boomer reached the top of Cardiac hill, he decided to go back to help Roger look for Bo. Boomer regained the front after a couple of minutes. Boomer generally was to the front and handled kindly. He made a very nice cast in the long field before the gravel pit, taking the right edge all the way. At 50, across from the gravel pit, point was called for Boomer. He looked very nice on point, with head and tail up. It was particularly impressive because his front feet are on a hillock, about 12 inches above his back feet. It was impressive but also bad luck. As the bird flushed and flew over his head, Boomer turned his upper body to mark the flight, not moving his back feet. This action caused him to sit, thus ending his nice performance. This was an example of the vagaries of the field trial gods. The dog didn't want to sit, he just physically couldn't help it.

Brace 16 FC **JALO'S BIG WHEELS** (O&H-J. House) NGDC **HIGH HOPES TAR'S DOT COM** (O-C.&A. Cropek, H-C. Cropek)

1:03pm breakaway, after lunch. When loosed, Dot went very fast forward then to the right. Jim's dog Wheels, hunted to the front hitting edges and cover. To the right of the two ponds on the north-south line Wheels was spied in a very stylish find. Dot appeared at the 8 minute mark coming hard down that same line and went into a stylish back, with the scout handling the dog in the handler's absence. Wheels was relocated, Dotty was moved on, by the handler. Wheels relocation ended in a STF, Dot moved down the line about 100 yards, went on point and a bird was produced. At 18, Dotty had another find, this time at the end of Hires' field, at 19 Jim called point on the same line about 75 yards short of Dotty. Jim relocated Wheels went to the front. Jim was now trapped about 150 yards behind Cindy. Dotty disappeared to the front in the Old Barn field. At the end of the field Wheels had a STF. At 43, Cindy pulled out the tracker, and Jim elected to pick up.

Brace 17 **BULLOCHS FIRST IN LINE ALVIN** (O-J.&T. Bulloch, H-J. Bulloch) AFC **TRADEMARK'S MIA SCIPIN CINIBAR** (O&H-J. Bevier)

Breakaway at the top of the hill going down to the Boy Scout Bridge. At 1 minute, Mia is up when she returned with a bird in her mouth. It was a long trip from Oregon for Joe, running Mia for only a minute. At 3, Alvin had a stylish, high on both ends, find in a clump to the left of

the bridge. The find was well handled. At 15 another find on the down slope of Cardiac Hill. Alvin worked his way carefully through the fields, checking the centers as well as the edges. Alvin is a very pretty dog with a pleasing gate. With more experience he could be a contender. In the Orchard Alvin had a covey find. Then continued 'till time running to the front.

Brace 18 FC/AFC **THIS GAMBLER'S FLY'N** (Ryder) (O-J. Rozowski & D. Zaktansky, H-J. Currier)

Breaking away from the South side of the dike, Ryder immediately swung to the right edge and went forward. He exhibited good ground speed, a flat top side and sense of where to run. At 9 on the North-South line before the creek, Ryder had a stylish find. But Ryders day ended at 20 with a find before the road crossing.

Brace 19 FC **SPRING HILL PANCHO DEL PRADO** (O&H-S. Lauterbach) **BROOK'S LITTLE PETE** (O&H-J. Carter)

Pancho and Pete broke away from the road from the parking lot, inside the park. Both dogs taking the line on the left exhibited that they would be fast, snappy, and to the front. At 9 point was called for Pete to the left on the entrance to the "Derby Course". After flush and fire, Pete immediately regained the front. At the end of the "Derby Course", Steve called Pancho in for water, as the dog turned toward Steve, the dog ran over a covey and was up. Too bad, Pancho had made several strong moves. At 17 Pete had a find at the end of the last line of the "Derby Course". At 21, Jim called point for a buried Pete, in the heavy cover to the right at the entrance to Cardiac Hill. A very nice find. Pete proceeded to the front through Cardiac Hill, the fields above the Boy Scout Bridge, and on toward the quarry. Pete made a very nice move in the quarry field, taking the right edge all the way around. After crossing the big bridge, we entered Crouse 1 with Pete running nicely, taking the lines to the front. With 3 minutes to go, point was called for Pete, in the first pothole of Course 1. After self relocating and Jim relocating Pete no bird was produced. It was too bad, Pete ran hard, and smart; running on the edge or in the cover using the wind well.

Posted Dogs Day Three **CLYDE'S DOUBLE TROUBLE**

Brace 20 **CH RICOCHET HEMI BARACUDA** (Cuda) (O-J.&M. Condron H-J. Condron) **PALE RIDER** (O&H-J. Sala)

Breakaway at 8:20am as the bright red sun was peaking over the horizon. Pale Rider made huge cast after huge cast, generally staying to the front, exhibiting excellent ground speed. He never came back, he just kept going to the front (the judges commented that he was too big for the stake). Pale Rider took the first line out of sight to the right, the next time we saw him was coming at a diagonal across the Dogleg field. When he approached the east-west line on the south side of the dogleg field, Rider went on point about 20 feet off the line. When we got there, he had repositioned to about 5 feet from the line. Flush, fire, and

move on. He then had a find at the end of Hires' field (prior to getting to his dog, John exhibited sportsmanship by helping his bracemate redirect her dog through the line so he didn't need to back). Cuda then went on point in the pothole in Hires' field. Julie not only flushed a bird, but also a HUGE whitetail buck. Rider had a very nice find in the Barn Field, when the bird flew over his back, he moved nothing. Rider also had a buried find in the field after the dogleg and a divided find on Cardiac Hill. A very good performance for Rider. Cuda too had a nice performance, but he required more direction. Parts of his performance were outstanding and other parts were of lesser quality, but his bird work was of consistently high quality.

Brace 21 FC MAPLE LANE'S ROBBING THE BANK (Jessie) (O-K.&K. Byrne ,H-K Byrne) FC/AFC HY STEPPIN MAGGIE (O&H-C. Sennott)

The breakaway occurred where Kevin Byrne always breaks away, usually with bad results, at the snowmobile parking lot. While Maggie milled off the breakaway, as field trial dogs all want to do, Jessie took off like a rocket. He went down the line ahead, at the end he swung to the left line and took it to the end, where he went on point. All of that took about 1 minute and Kevin had to walk the ¼ mile to his standing dog. When we got there Kevin flushed a good sized covey, collared his dog and took Jessie about 20 feet before turning him loose. Jessie went about 10 feet at full speed, and jammed on the brakes for another find. Kevin broke Jessie away to the west and walked to the creek crossing. Upon arriving, there was no Jessie. He called and after a short wait, Jessie returned, crossed the creek and took the heavy cover on the left. About 300 yards up that line Jessie dove into the cover, not to be seen again. Kevin kept walking and calling, and when he got to the line before the orchard, he asked for the Tracker. As soon as he turned it on, it was in point mode. Jessie was found standing about 150 yards from the edge he went in on. The dog did everything right, except find a bird where he would be visible. Maggie had a snappy, forward race at moderate range. She had a STF at the end of the orchard, a find at 34 on the Southside of the lake, and another at 45 before the creek crossing. Chris then elected to retire Maggie for the day.

Brace 22 MR. P'S TWINKIE (O&H-J. Poland) FC/AFC RED HAIRD MARY (O-B.&F. Gorman, H-B. Gorman)

Two very nice dogs broke away for the last brace of the morning, from the road north of the parking lot in the park. Both dogs were forward, hitting objectives and finding birds, with each backing as required. Twinkie had finds at 2, 19, 21, and 27. Mary with finds at 12, 16, 21, and 24 looking very nice on her birds. The dogs proceeded to carry forward through the course at moderate range until the handlers picked up the dogs.

Brace 23 CLYDE'S MISTER BOJANGLES (Biscuit) (O&H-K. Heath) AFC WAYGONE WILLIE (O&H-S. Morgan)

Both dogs broke away to the front. As we progressed Biscuits pattern deteriorated a little. He would run really good at times, then would seem unsure for awhile. Ken elected to pick up after the dogleg field. Willie began with good application and was rewarded with a nice find at 12. Then at the end of the Barn field, Willie had another find and was bad on a bird for the first time in four years. Too bad Shawn!

Brace 24 NAGDC/FC/AFC HIGH HOPES FLY BY NITE (Zoey)(O-A.&C. Cropek, H-A. Cropek) FC/AFC SCOTTY'S SIERRA MIST (O&H-Scott Oehl)

This was the bitch in season brace. Most of us know how unpredictable this might be. But, these excellent dogs did a credible job. Breaking away on the hill above the Boy Scout Bridge, both dogs went down the hill fast and forward. Zoey was rewarded with a find to the left after crossing the bridge. After a covey flush, fire and moving the dog forward, Zoey went on point about 40 yards from the first find. After several relocations, Zoey gave up and moved on. While this was going on, Sierra went forward and had a NP at the top of Cardiac Hill. Then Zoey had another NP at the bottom of the Hill. On the derby course Zoey had a nice find. Scotty elected to pick up after crossing the creek and Al did the same after a find south of the shotgun range. Neither dog was at her best today.

Erata:

- As I was last year, I am continuously amazed at how the Amateurs help each other; scouting a dog as if it were their own, for someone they barely know.
- The wild pheasant find in the first brace, 1 minute off the break-away, by a great Oregon dog.
- The wild swans never get old. I marvel at their beauty every time we go by a pond. The reflections of the swans, the trees, and grasses on the water. Amazing!
- This Championship began with 3 of the first 4 dogs being posted. After brace two, I'm thinking "These performances are remarkable, what is it going to take to win?"

2007 Dakota Prairie Championship

September 24-28, 2007

Hosted by the Ringneck Brittany Club

Submitted by Leslie Andreas

The 2007 Dakota Championship took place September 24-28, on the Dave Tech Ranch, four miles outside of Bonesteel, South Dakota. The grounds are among the finest in the country. They were in pristine condition this year, with numerous wild birds augmented with released pheasant. We were to see dog work on not only pheasant, but quail, prairie chicken and sharp-tails.

The knowledgeable judges were Chuck Thielan, (Omaha, Nebraska), and Rosco Staton, (Cleveland, Missouri). Chuck was a last minute replacement for advertised judge, George Langenbeer who sadly passed away days before our trial was to begin. Chuck has been active in pointers for many years, but also has owned Brittans and has a high opinion of the breed. Rosco has been an active Brittany person for more than 40 years, first as a very winning amateur, then as a professional trainer, and since retiring he is back with some promising young dogs. The judges were in agreement with each other in what they were seeking and rode attentively looking for a championship performance, the dog with something above the ordinary. They were happy with the quality of the stake and saw many dogs that were competitive. The host club, small in numbers but strong in will to run a good championship, is the Ringneck Brittany Club with the mainstay members of Ken Seivert, Randy and Ronnie Walth, and myself.

The winner, JENNY TWO SHOES MARJO'S ran the first day, in brace 5 and gave a polished smooth performance with three stylish finds and a strong finish. She is owned by Tom Quinn and Joe Luisi, and was handled by Tom Tracy, Jr. Runner up was CLYDE'S MICRO BREEZE, who also had three finds and a wide race. Mike is owned by Paul and Lisa Pollack and was also handled by Tom Tracy, Jr. In third place, TEQUILA WITH A TWIST, owned by Ed Tillson and Jessica Carlson and handled by Ed, with three finds and an outstanding strong finish. BRETON'S GOLD RUN RUFFIAN took fourth place, owned by Dr. Gordon Theilan and Jessica Carlson, handled by Ed Tillson, with two finds and a stop to flush. The judges were very impressed also by the Pollack owned, Tracy handled dog, Linvel's Ace of Diamonds, with an outstanding effort on the ground, but only a stop to flush to show for it.

As always we owe a debt of gratitude to the Purina Pro Plan organization. They provide sponsorship and bags of their fine product to the winners. Without their support, to not only our clubs but to the growing number of clubs holding hour stakes, our sport would not enjoy the strength and growth that currently exists.

Weather was not the factor that it has been some other years, except that it was a little windy on Thursday and a lot windy on Friday particularly in the afternoon.

Breakaway at 8 a.m., Monday morning under a partly cloudy sky, with a trace of a rainbow prism shining in the morning light, pleasant temperatures with a relief of the 35 mph winds that had plagued the weekend trial. Gazing across the fields, we could see at least 20 pheasants out feeding in the mowed areas between feed strips.

Brace 1# HI PROOF WHIZKI (Garrow) and SHAMROCK SIRIUS (Holman) "Sy" broke going south with a purpose. He took out a bird at 5 to end his bid. Whizki broke away going west, and required gathering early. He was put back on course-out front by 9 only to encounter a large number of feeding

Left to right: Judge Rosco Staton, Tom Tracy Jr. with winner, JENNY TWO SHOES MARJO'S, Judge Chuck Theilen, Ken Seivert with Runner-up CLYDE'S MICRO BREEZE.

pheasants at 11, which he chased.

Brace 2# SPECIAL EDITION (Tillson) and BADA BING (Garrow) Breakaway in the milo strips, still on the front portion of course 1#, Spec hunted to the right, digging into the cover while Bing was wide to the left, making a big move. Up front in the big hay meadows, Spec pushed up a rooster at 18, and Bing had disappeared. Another brace over early.

Brace 3# MAXWELL'S CHARISMATIC-" Jack" (Maxwell) and KD'S SLIP AND SLIDE (Tillson) Breaking away in the big hay meadows, Jack was on point at 7 in the first big island of trees. Splash decided to get in on the action, and stole point. Ed held him while Terry flushed a bird in front of the mannerly Jack.

Another rooster got up at close range as handlers collared dogs out. We dropped down into the pasture across the road where the sun was warming the ground considerably. Jack ran a consistent race of moderate range and pace with no further birdwork.

Brace 4# TRADEMARK'S ATM (Holman) and CHEYENNE WIND DANCER (Cross) With a couple braces up early, we managed to get a fourth one in before lunch. Clouds were moving in, temperatures falling, and a light rain began to fall before this pair was through. Jim and Janet Chase of Illinois were mounted to see their young dog "Cash" run. We broke away at the top of the shale canyon, Dan went immediately to the timber on the right. As John rode to gather him, he flushed a pair of pheasants and Dan didn't get stopped as fast as he should have. A bad break with only a few minutes on the clock. Cash was in a draw to the left at 20 when a bird exited. It was an undefined contact as the dog seemed unaware of the bird leaving. At 32 at the top of the dam, he suffered a non-productive. At 44, point was called for Cash along a milo strip. While a flushing attempt was occurring, Cash self released and Chad picked him up.

Brace 5# JENNY TWO SHOES OF MARJO'S (Tracy) and GRAND JUNCTION JAKE (Holman) Jake was the victim of a pheasant that appeared irresistible to him when it flushed low out the milo at 6 minutes. Jenny swung right above the first dam, with point called at 5. A running bird was produced after much effort from the handler. Bringing her forward, she again pointed with style and another bird was produced. She ran with a light footed gait, checking likely areas and handling with ease. Across the big hay meadow, just below the cornfield she pointed at 50 with high head and tail, silhouetted on the rise, with chicken flushed all around her. Across the road, she swung out to the fenceline taking in a big chunk of real estate before she crossed to the front. This was the strong finish she needed to top off an excellent hour.

Brace 6# RUJEM'S TOUCH OF BOURBON (McGee) & BRETON'S CASTLE ROCKET (John) Both broke away well. Chug was especially pleasing and out front. Rocket checked out the valley to the right. As we came out the artesian well area, we were met by a small band of ranch horses, one of which was a young foal, which went after the dogs in a very aggressive fashion. This shut Chug down somewhat. Although he did make a few good casts after this incident, the smooth flowing momentum of his early race was gone. Rocket continued to hunt well. He had a non-productive stand at 37. Following this, each dog independently of each other would act birby but could not get anything pointed. This stickiness continued for several minutes. Jerry picked up at 52.

Brace 7# ANNITIME SOON (Holman) and MODAN'S BELIEVER-"Buddy" (Cross) Soo seemed content to run at gun dog range, while Buddy was out of pocket soon after breakaway. He was rounded up and brought to the front. Neither dog was pleasing the handlers and the brace ended at 20 minutes.

Posted dog for Monday: JENNY TWO SHOES OF MARJO'S

Brace 8# TRADEMARK'S ICE MAN (Holman) and BRETON'S GOLD RUN RUFFIAN (Tillson) Action came quickly as Runner had a stop to flush at the dam crossing at 3. Timmy was streaking along the edges out front and also had a stop to flush at 5. Timmy was putting on a show of front running all age pattern. Runner also covered a lot of country, but with a little less maturity in his pattern. At 50 Runner pointed a pheasant with all in order. Timmy was found standing to the front at 55, with a small covey of chicken flushed. At 58, he stopped at the flight of a lone chicken. At 59 Runner pointed with style, this time on chicken, to end a very nice hour.

Brace 9# ORTHO ACRE'S BOOKERT (Tracy) and HANGING JAZE HOWLALEWYA AMEN (Tilson) Breaking away on course two, both dogs offered up good races through the artesian wells and into the shale canyon. Each dog found their own deer to chase, with Slick chasing one deer and another deer chasing him. Terry Maxwell tried to ride Slick forward to the handler, with chicken flushing just as they joined the gallery. Slick had a stop to flush on these birds, with Terry firing. Both handlers had elected to pick up at 30 minutes out.

Brace 10# SHADY'S TIA MARIA (Berneathy) and SCAR'S LITTLE BEAR (Garrow) Bear bulled his way to the left immediately off of breakaway, needing gathering to return to course. Al got him back, but the dog had his own course in mind. Al threw in the towel early. Tia meanwhile was forward and easy to handle. She did not extend to all age range, but hunted her way around the course conservatively. At 37, she pointed in a feed strip, only to record a non-productive. At 44 she had a stop to flush; when turned loose, she scored a pretty and stylish find. As we turned into the gate to enter the weekend trial's gun dog course, Tia was spotted slammed onto point on the right. She required a short relocation to score her second find. At 55, she was again on point on a feed strip edge, with two rooster flushed in front of her. At 57, in the next feed strip she pointed with a cock bird running down the outside edge in front of her, finally rising a great distance away.

Brace 11# SHADY'S BEANSTALK (Berneathy) and MAXWELL'S BLEW BY YOU (Maxwell) "Jack" and "Chuck" were off to the races early- two powerful white dogs heading off to the horizon. Jack was last seen at the big pond, going down the chute. His tracker was requested when he did not return. Chuck was fast and forward-very far forward- for the entire hour. He came in for water a few times. Other than that, he required hard riding to keep him in sight. He was to go birdless.

Brace 12# CHANCEY JACKPOT LOTTO (Tracy) and RU JEM'S DIAMOND JIM (McGee) Chance was seen a few times off the breakaway before he was swallowed up by the big country. Tommy rode to the front hoping to connect, but at 45 the judges informed him that he was not in contention. Jim hunted well, checking the fingers through the hay meadows and taking a tree line well at time, but was birdless.

Brace 13# PERFECT TIMING (Holman) and STEVIX BULLETPROOF JILL (Berneathy) Ty got hung up early and used up considerable energy catching us going up the big hill. He tried hard and went to the right places, but ran a lateral type race. Chad picked him up at 48. Jill is a long striding, leggy bitch. She lacked the range to an all age, but at 37 she styled up in a high headed and tailed point with Jim firing after the flight of chicken. These birds were not observed by the judges. Jim also picked up at 48.

Dogs posted for day two# TRADEMARK'S ICEMAN, BRETON'S GOLD RUN RUFFIAN, SHADY'S TIA MARIA

Brace 14# JAKE ACRE'S IN DISGUISE (Garrow) & GAMBLER'S GOOD DEAL (Holman) Billi was gone soon after breakaway, with Jake a white flash up front on the green hills towards the dam. At the dam, Chad requested his tracker. Moments later, Billi showed up front on course. Jake had a short deer chase at 39, was gathered and brought back on course. Jake pointed at 40 but no bird could be produced. Soon after, Jake dived into cover at the right, with a fence in the way, Al had to go get him on foot. He brought him out at time. As time was called, judge Thielen's saddle slipped and he slid to the ground. Pam Baird's horse spooked and unseated her. Chuck wasn't hurt, but Pam had a sore tailbone and needed to ride in the dog wagon.

Brace 15# CLYDE'S MICRO BREEZE (Tracy) and FARTHER OUT'S KID AIMEE (Garrow) Mike scored a pheasant find on running bird down a draw at 3. Bird was not flushed, but seen on the ground running. Mike covered a lot of ground. He made a handsome cast across the front by the artesian wells and covered the gorge to the left as we climbed to the shale canyon. Aimee was putting on a good show on the ground, with well executed casts rimming the treelines, showing up front and going at a fast pace. Both dogs entered the shale canyon to the right, with Mike returning in a timely fashion, and Aimee joining the ranks of the lost. Once out front again, Mike took the fingers and hunted them well. At 46 he pointed another downhill running pheasant which

was seen and not flown. At 57, Mike pointed in a thick jungle of cover along a fence. This pheasant co-operated and flew. Tommy took Mike over the hill and released him, with time called right away.

Brace 16# SUNRISE DOT COM-call name "Bill" (Tracy) and KT'S ARCTIC GLADIATOR-call name "Max" (Holman) Birds were in the air as soon as Bill and Max went over the hill at breakaway. Bill was in pursuit, Max stopped to flush. So at 30 seconds we were down to one dog. Max did not seize the opportunity to run. He did have a very pretty find at 26, with great style and intensity. As his range did not improve, Chad picked him up 5 minutes later.

Brace 17# KB's Shadow Dancer (John) and Sawtooth Sam's IV Runner (Tillson) At 2, point was called at the dam crossing for Dancer, who stood high and tight. The bird flushed wild, with Dancer remaining composed and still as a statue until release by the handler. Sent on, Dancer was forward, fast and on the edges. Runner had disappeared shortly after the dam crossing. At 9 point was called by the scout, but Runner corrected and moved on. He made some good moves in the treeline leading up to the beehives, but as we turned up hill, he got caught up in the horse gallery and was very confused. Ed picked him up at this time. Dancer made a very big move in the hayfield. As we turned into the pasture across the road, Dancer continued to hang out front, but at a slower pace than his first 40 minutes.

Brace 18# GUNRUNNER'S LADY'S MAN-"Lootie" (Berneathy) and RAMBLING MAN-"Randy" (Garrow) Lootie immediately began a challenging run, while Randy hunted well at shorter range. As we crossed the wooded ditch area to the artesian wells. Lootie got hung up for about 5 minutes. Brought to the front, he shot to the right front at a good pace. He grew stronger the longer he was down. Leaving the hay meadows of course 2, he dropped left to a draw, worked up into the wind and established point at 46 way to the front. A covey of quail was flushed. Lootie continued to eat up the ground and the hour ended well into course 3 with still having power to spare. Randy went the hour without birds.

Brace 19# TM'S TENNESSE TWISTER -"Sway" (Tillson) and TEQUILA JACK II (John) This pair headed for the hills, were watered at the artesian wells, and then began the hill climb of the loop. Ed called point at 16 for "Sway" facing downhill in a plum thicker. When he began flushing he realized that Jack was buried in on point, so Jimmy joined in trying to flush. Sway released herself to help. so Ed picked her up. No birds were found. Jack had a short deer chase before making a huge cast toward the front, then swung to the right as the course turned left. Jimmy gathered him and brought him back. He made some great forward all age casts, tracing the fingersthe right way to the wind, and showed all kinds of bottom end. The hour ended with him trying to get a bird pointed along a feed strip, but could not quite pin it.

Brace 20# HARLING'S BRETON SMITH (Holman) and EARLY TIMES (Tracy) Bret hunted, but didn't reach out as hoped, retired at 40 minutes. Earl scored a good find at 5 minutes out, looked good on the ground through the middle of the course, but began to tire and was up at 45 minutes.

Dogs posted for Wednesday- CLYDE'S MICRO BREEZE and GUNRUNNER'S LADY'S MAN

Brace 21# LINVEL'S ACE OF DIAMONDS (Tracy) and TEQUILA JOKER'S JOSE CUERVO (Berneathy) Ace broke to the left with Jose swinging right. Ace had a stop to flush at 10. Ace continued to build, with each cast looking like it was planned to impress. He took the course to the limits for the entire hour, with no slackening in his race and yet handled like he was on a string. Both judges said he would have been the winner, with an acceptable find. Jose put in a workman like hour, with stop to flushes at 41 and 53. He finished well to the front.

Brace 22# ADIOS SHAQ ATTACK (Tracy) and TJ'S THUNDER (John) This pair reached out over the hills of course 2#, very similar in appearance and application; both working hard. Thunder had a stop to flush at 28, then put non-productives on his record at 45 and 52. Shaq pointed in a tangled thicker above the small pond at 57 with multiple birds exiting at flush. Manners in order, Shaq finished his hour well.

Brace 23# TJ'S APACHE-"Bandit" (Tillson) and MARJO'S RED RUM-"Johnnie" (Luisi) At 5, Johnnie, fresh from his win of the 2007 ABC Chicken Classic, styled up between feed strips. Unfortunately it was a hawk- killed pheasant, and dead bird finds don't count. Bandit had a non-productive at 6. Johnnie and Bandit both did very good forward races, wnad were smoking at the end of the hour. This was a pair of dogs that could have challenged with birdwork.

Brace 24# CEDAR VALLEY AYSA (Tracy) and SMARTEYES JOKER (John) Aysa's youth was apparent as she made several back casts, with Tommy choosing to relieve her at 24 minutes. Jordan took awhile to get moving, but when he did it was a smart race. He did not find birds.

Brace 25# THE ROCK (Tracy) and WHITE MOUNTAIN SMOKE (Tillson) Rock and Bud tackled course 3#, neither was extreme in range, but hunted forward and handled well. At 45, each dog had a find independantly on seperate birds. At 56 Bud scored another properly executed find. At 58, he stopped and

pointed, but lacked conviction- and no bird was found. Rock suffered a non-productive just before time was called.

No dogs were posted on Thursday.

Brace 26# TEQUILA WITH A TWIST (Tillson) and KINWASHKLY DAKOTA MOLESTER (Seivert) Breaking away from camp, Taryn went to the draw to the left side, while Lester swung to the right around the dam. At 2, point was called for Taryn in the draw. At least a dozen pheasants rose in front of this stand. At 5, Taryn stopped to the wild flush of a pheasant out of a feed strip. At 8, Lester had a non-productive stand, and at 14, a stop to flush. The dogs went up the hill toward the hay meadows, with Lester swinging left at the top and Taryn taking the right. At 28 Taryn pointed in the dependable first strip of cover to record a very pretty find. At 38 point was called for Lester on the far side of the road. On this limb find, Lester needed to be relocated. Once he had pinned the bird which had run downhill, Kenny flushed. Lester took a hop at the flush, and was leashed to this indiscretion. Taryn found another bird in the ditch of the hay meadows for her third find. Taryn was watered at the gate, then shot out of sight to the front. Ed was able to show her at least a quarter mile to the front at the end of the hour. The very strong finish she showed was all the more remarkable when you consider that she has been deathly ill recently.

Brace 27# BILLY'S RANDOM TASK (Holman) and I. M. BUCKWHEAT (John) Billy disappeared to the front at breakaway, reappearing at 8 along the heavily treed creek crossing, where he promptly went on point. All manners in order. Buckwheat hunted the cover on the right, putting on a workman like hour. Billy's race faltering, and he was up early.

Brace 28# KOLICKO'S CUERVO JOKER-"C.J." (Berneathy) and RUJEM'S STOP N WATCH "Quill" (McGee) CJ and Quill broke away on course 3 with a foot race to the front, more togetherness than we'd like to see. Quill would give a good account of himself on the ground with a properly executed find at 48. CJ had a non-productive stand at 56.

Brace 29# With his bracemate, TAR'S RISING STAR OF DESIRE (Garrow) scratched, CELEBRATION'S TWO OF HEARTS was rebraced with LANE'S END WEBE CLEAN (Holman). WeBe had a proper find at 8, with Deuce failing to back. WeBe had a stop to flush at 31. The wind was really wicked, and negatively affected WeBe's ground performance.

Brace 30# ALMDEN'S RIVER OF SHADOWS (Tillson) and RUMOR TOO (Berneathy) The wind continued to take its toll. River was picked up by the handler and the judges asked that Rumor join him on the dog wagon soon after.

Brace 32# DAKOTA ALLEY CAT (Tracy) and REBEL JAC'S HAMMERIN' DAN D (Holman) Tiger stretche out immediately and was soon lost to the front. Dandy put on some very nice moves, interspersed with some inconsistent moments. Chad lifted him at 26.

Brace 33# TJ'S PRAIRIE BLIZZARD (Tillson) and DESERT ROSE (Berneathy) Both were scratched.

The Brittany is a compact, closely knit dog of medium size, between 30 to 40 pounds, and short legs. He is a happy dog that can cover ground with ease. He has a short tail, which can be either natural or docked. He is alert and intelligent, but not enough to catch birds to any great extent. He can be either orange and white, or blue and white, with or without a white blaze on his face.

The American Brittany Club is a member of the American Kennel Club and is the recognized breed sponsor by the American Field. The club is composed of many regional or local clubs located from coast to coast. Most hold a licensed AKC trial for championship points in the spring and fall seasons. Many hold a specialty (conformation) show also. The regional clubs hold meetings to discuss mutual problems, fun trials, training sessions, hunting tests and other events of interest to their members.

Cooperation and friendship among breeders is a high standard in breeding, training and showing of Brittanys. Points are earned in the show ring, to discourage the breed from becoming split into groups of "show" and "bench dogs" and to solve to keep it forever a united breed.

Trials are held in all areas. All Area Championships and the National Gun Dog Championships are held in the Fall of each year. The ABC holds a National Specialty Show, and three regional Futurities (for both field and show). It also holds a National Championship, Quail Pheasant, Pheasant, Chicken, and Duck trials.

Brittanys are popular and are bred to enter trials, show, and hunt. The magazine contains reports of trials, shows, and club activities as well as articles on care and training of the Brittany. There are also articles of general interest. It carries a listing of kennels, dogs at stud and trainers.

Yearly membership is \$30.00. Membership in one of the regional clubs carries an automatic membership in the American Brittany Club. You may join a regional club or as a member-at-large. For more information, contact NARA for American Brittany Club.

Libertie Brittanys proudly introduces

CH Yorktown's Libertie Lilly Lady JH

(CH Jordean Your Wildest Dreams x Am/Can/UKC CH LBY's Mustang California Special CGC)

Lilly was the last born and the first to finish from the first Libertie litter! She finished her championship with five point specialty majors at 16 months old. We are very proud of Lilly and her owner/handler Denise Walker! As soon as she finished, it was off to field training and now Lilly and Denise can be proud of multiple placements and their first juvenile open win for two field points. We'd like to thank Denise and Steve Walker for their enthusiasm and faith in Lilly's abilities and all their hard work to allow her to be all she can be! **GOOD LUCK in the New Year!**

Am/Can/UKC CH LBY's Mustang California Special CGC

Shelby is our very special girl. Shelby finished quickly as a puppy and is always owner-handled. Shelby is being occasionally shown and has multiple BOB's over top-ranked males. Her superb movement and personality make her a very special show dog, producer and much loved family member.

She is the dam of: one champion with more on their way, junior hunters, sweepstakes winners, field placing and field pointed offspring.

More Shelby Kids:

Libertie's American Sweetheart: 5 point supported entry major

Hunt Tests

GREATER INDIANAPOLIS Farmland Conservation Club Farmland, IN

April 28-29, 2007

by Brent Becker

Our hunt test was held Saturday, April 28 and Sunday April 29, 2007 at beautiful Farmland Conservation Club. The grounds were extremely wet from a deluge a couple days prior, but the weather was near perfect for the test. With great judges and lots of help from GIBC members, we held another very successful hunt test. There were several new faces with dogs entered, as well as some very familiar to our test. We even had some who did not enter a dog, come just to enjoy the day, watch the event and talk about bird dogs with friends.

Special thanks go out to Ken Mewbourn and Eddie Manifold for once again supplying excellent horses for the judges. Also thanks to our "expert" gunners, Larry Harris, Jeff Parks and Chuck Schaefer, as well as our bird planters, Herb Manifold, Jim Nunley, Ryan Kreider and others.

CENTRAL NEW ENGLAND

August 16, 2007

Fitchburg, MA

Central New England Brittany Club's Annual Independent Specialty enjoyed fair weather, many wonderful Brittans and a great competitive spirit. Our Sweepstakes judge, Ms. Sandra J. B. Dunn, did an excellent job judging and was quite impressed with the quality of the dogs entered. Our Junior Showmanship~Conformation judge, Ms. Bonnie Threlfall was also impressed with the quality of the Brittans presented to her, especially in the bitch classes.

Many thanks must go to the members who worked so hard for this event, to Wachusett Kennel Club for allowing us the use of the venue on the night before their all breed shows and to all of our generous sponsors.

Our August 2008 Specialty, which is CNEBC's 60th Anniversary, will bring all who attend a great evening with great judges and a special attraction to celebrate our 60th year.

Genetic Defects and Health Aspects Committee Reports

ENIGMA OF THE ANTERIOR CRUCIATE LIGAMENT (ACL)

Contributed by Michael I. Siegel, Ph. D. and Gordon Theilen D.V.M.

The Health Aspects and Genetic Defects Committee requests your help in gaining a better understanding of the etiology of ACL tears in the Brittany. The current wisdom of veterinary practitioners is that trauma is the precipitating factor in such injuries. However questions of why the same trauma causes no injury in some dogs and anecdotally, why some breeds seem to have higher incidences than others, leads us to suspect that there may be co-variables, either genetic or environmental. *To that end we are asking those of you who have a Brittany with an ACL tear to send a DNA sample along with a description of the injury (uni- or bi-lateral tear, subsequent injury to the other ACL, other orthopedic conditions such as elbow or patella anomalies, surgical repair etc.) to the Veterinary Genetics Laboratory at UCD.*

The Center for Brittany DNA Studies at UCD: <http://www.vgl.ucdavis.edu/research/canine/projects/Brittany>. Is the only lab where the entire genome of a breed or species is being looked at from the DNA standpoint and the studies headed by Dr. Mark Neff and staff promises to help improve understanding of traits and the health of our dogs.

Request DNA kits from Kathy Robertson (who will also collect demographics such as age and sex) at the following link: <http://www.vgl.ucdavis.edu/contacts.html?sendTo=Katy%20Robertson>

The Health Aspects and Genetic Defects Committee of the American Brittany Club thank you for participation in providing DNA in these orthopedic studies.

HUDSON VALLEY Lost Pond – Oxford, NY September 1-2, 2007

The Hudson Valley Brittany Club held its fall trial at Lost Pond, Oxford, NY on Labor Day weekend under wonderful weather conditions. Beautiful blue skies and 70 degree temps welcomed us both days. What a relief after last year's Hurricane Ernesto decided to take a turn for the Northeast and wreak havoc on the trial.

Our juvenile stakes were small and it seemed we were running gun dog championships. Big congratulations are extended to Jeff Currier who won the Amateur Gun Dog Stake with his multiple

best of breed, multiple group placing "show dog" Nitro. He proved that Brits truly can do it all! Will Smeltz also should be extremely proud of his girl Jen who won the Open Gun. Entries were above normal in that stake. Judges are hard to come by for Open Gun because everyone who comes to our trial wants to run their gun dogs on these grounds. What great grounds they are – groomed for field trials with feed strips and ponds galore.

Many thanks to Linda and Drew Holcomb for manning the cook tent, Tony and Nancy Morabito for line marshalling, bird planting and dog wagon duties, John Vincent and Larry Hilliard for bird planting and especially to Jeff Currier for salting courses and planting when he wasn't judging. Also, to chairman Ed Kostka who loads everything that is at the trial into his trailer and brings it over 3 hours to the grounds and then does it in reverse after the trial is over. It goes without saying that we extend tremendous gratitude to our judges for the time and attention paid to our tremendously talented little bobtailed dogs.

WASHINGTON Scattercreek – Rochester, WA August 4-5, 2007

I am writing to you with the results of the walking field trial hosted by the Washington Brittany Club on August 4-5, 2007. The walking field trial was held at Scattercreek in Rochester, Washington. Over 40 dogs entered 4 divisions which included Open Puppy, Open Gun Dog, Open Derby, and Amateur Gun Dog.

The Open Puppy stake was judged by Brian Lybeck and Bob Johnston. There were three braces of Open Puppy. First place was achieved by FOXGLOVES DREAM CHASER, this wonderful dog is owned and handled by Kim and Wayne Yamashita. Second place was taken by SURE SHOT'S RECKLESS, owned and handled by Penny Ljungren. Third place was awarded to MOONLIGHTS RISE N SHINE owned by Kathy Williams and Carrie Bashaw and handled by Kathy Williams. The puppy stake was wrapped up by SURE SHOT JAMESTOWN'S NC GIFT, owned by John Renner and Caren Schmidt, handled by John Renner.

Open Gun Dog followed Open Puppy. There were 18 braces of Open Gun Dog. The top honor was handed out to BROWN B.B.J. who is owned and handled by Jim House. Jim also took the second place with JALO'S SCAMPER. Third place was awarded to TUXEDO BLUE MOON, owned by Laura and Richard Matzke and handled by Richard Matzke. Rounding out the stake with fourth place was RADBACH'S CREE, owned and handled by Bob Johnston. Open Gun Dog was judged by Heinz Ahlman and Bob Battin.

Sunday morning the walking field trial continued with Open Derby. Open Derby had four braces. First place was awarded to R.R.R. MAGNUMS DESTINY. This large running dog is owned by Heinz and Sue Ahlman and was handled by Heinz Ahlman. Second

place was handed out to MUSTANG'S STERLING EDITION, owned by Laurinda and Steven Phipps, handled by Richard Matzke. Third place went to TETON'S MIDNIGHT BLUE SKY, owned and handled by Steve Gagne. Fourth place was awarded to CEDAR CREEK SURGEON, owned and handled by Joe Waitman. Open Derby was judged by Bob Johnson and Dennis Leis.

The last event on Sunday was Amateur Gun Dog, judged by Bob Battin and Richard Matzke. There were 15 braces of Open Gun Dog. First place was awarded to LEHMSCHLOGS MEGA DITTO, owned by Heinz and Sue Ahlman and handled by Heinz Ahlman. Second place went to BROWN'S B.B.J., owned and handled by Jim House. AWESOME SKY HI, owned and handled by Dave Fowler, took the honor of third place. Fourth place was handed out to JALO'S INTERN, owned and handled by Jim House. The Washington Brittany Club would like to thank all the attendees at the trial. Special thank you to our judges, who rode long hours to make sure all the braces were ran. Last minute judge changes were made due to injuries, so a big thank you to the judges who stepped in at the last moment so we could have the trial.

GREATER PHOENIX Greens Peak Area – Sunrise, AZ August 18-20, 2007

We were treated with good weather and sunny skies. The rain held off until the trial was over. The trial went off without any problems. We had good participation in all stakes and great camaraderie. We had handlers and judges from New Mexico, Oklahoma, Washington, California, Colorado and Arizona. Everyone appreciated the cool mountain

air with night time lows in the high 40's and daytime highs in the lower 70's. There were several new members who participated in our walking stakes and had placements. Our thanks to the judges, handlers and all who helped make this trial a success.

**WHID ISLE
Goose Butte BLM Area
Ritzville, WA
September 8-9, 2007**

The Whid Isle Brittany Club held its Fall Field Trial on September 8th and 9th at the Goose Butte BLM Area near Ritzville, Washington. We had a nice entry of over 90 starters with participants from Washington, Idaho, Oregon, California, and British Columbia, Canada. As is typical for this time of year in eastern Washington, the temperatures during the day were hot and the grounds were dusty so it was a challenge at times for the dogs to find birds. Nonetheless, we had a number of excellent performances in each of the adult stakes and the judges had some worthy dogs to choose from for placements. Special recognition goes to Jim House's dogs who garnered five placements over the weekend including firsts in the Open All-Age, Amateur Gun Dog and Open Derby.

We want to thank all of our judges for their attentiveness and perseverance under the conditions. They did a great job and their placements were well received. Additionally, we want to thank pros Wayne Down and Paul & Peggy Doiron for bringing their strings up to Washington and supporting our field trial. Without the support of our professional trainers, the entry at our trials would be significantly smaller and it would be difficult for our clubs to remain financially solvent. Finally, we would like to recognize all of the hard work of our WIBC members as well as from everyone else who pitched in with bird planting, water transport, food preparation, etc. As usual, it was a very busy weekend but we were able to get everything accomplished in a timely manner and hopefully everyone had a good time competing and socializing.

MEMBERS OF THE AMERICAN BRITTANY CLUB

Give the gift of a new membership... to give the opportunity to someone to learn about and participate in the American Brittany Club.

This membership campaign is really quite simple, we are asking every member to donate/sponsor a membership in the American Brittany Club. This "gifted" membership might be to a puppy purchaser, or a friend/acquaintance who has a Brittany. All of us encounter people who may just need a little encouragement to become members.

This can work, but it is totally dependent upon your support. Please use the ABC application form in the back of the magazine to enroll a new member today. You may donate/sponsor multiple new memberships. The names of new members & ABC sponsors will be published in the magazine on a quarterly basis.

THIS IS OUR CHANCE TO MAKE A DIFFERENCE!

Hit's For Pete's Sake

There were only three pups in the litter born to "Brigadoon's Sizzlin Saddle" owned by Paul and Ginny Snyder. Marsha and Joe Luisi "Ruff em up Bill" standing at stud had given them 1st pick. Not needing a pup at the time and knowing that we were looking for a liver male, Marsha offered her pick of the litter to my husband Ralph. The liver pup he dubbed (Hits a Boy named Sioux) blossomed into a robust male, with a wonderful disposition and a 12 o'clock tail that never let down. As a two year old Marsha requested a breeding between her Judy dog (Marjos Spirit of Hybrittin) and Sioux--- and The Good Lord smiled. The union resulted in the liver male we now call Pete (Hit's for Pete's Sake) named after trainer Extraordinaire Pete DeAngelis.

Ten months later Sioux was taken from us in the same disastrous trailer fire that miraculously spared our Jack dog and Sioux's son Pete. Barely six weeks had past when the Black clouds began to part with Jack winning the 2005 Brittany National Shooting Dog Championship. The Pete pup, seven months old at the time of the fire was temporarily adopted by his name sake (Pete DeAngelis) and was returned some two years later. His words ring in my ear to this day! (I'm Taking him and asking you not to trial him until I say so! I want to make something really special out of this dog). AND he surely did!

As a puppy Pete never saw a Puppy stake. He was never in a Derby stake, and has never, let me emphasize NEVER caught a bird! He broke easily at nine months.

Even as a two year old we agreed to run him only in a limited number of gun dog stakes to qualify him for the Shooting Dog Nationals.

This past October in Ionia Michigan he put down the performance we have waited three years to see! He was quick, snappy, level headed, handled easily and stayed consistently forward. His five perfect finds showed spectacular style, intensity, and a tail set that I am sure had his father smiling down on him. AND the Silver Lining Showed!

Needless to say we are both elated, excited and extremely proud of the job he did and are looking forward to many more performances of the same caliber.

We would like to thank Marsha and Joe Luisi for requesting that Breeding. Without it there would be no Pete.

Judy knows breeding, training and nutrition all attribute to the making of a Champion. She gives Pete DeAngelis of Longview Kennels credit for his expertise in training and Royal Canin for the performance product that fuels her canine athletes even after the trial is over. We are proud to have Judy, Hit's For Pete's Sake and all of her winning team partnered with the Royal Canin Winning Team, and we thank Judy for her heartwarming story!
