## Pro Plan® Performance: A Track & Field Diet for Leading Athletes.

*Great work by a highly trained, well-conditioned dog makes every hour in the field a rewarding one.* On those wonderful days, your dog can zero-in on a bird and remain motionless and steady on point. You can just sense his intensity and readiness. Such challenging work calls for trusted, tried nutrition like Purina® Pro Plan® brand dog food.

Pro Plan® Performance Formula delivers important benefits to help support the hardworking dog:

- rich in omega-3 fatty acids, including EPA and DHA
- contains natural sources of glucosamine for joint health and mobility
- supports increased endurance and lean muscle mass
- optimizes oxygen metabolism ( $VO_2$  max.) so dogs burn fat more efficiently
- real chicken (#1 ingredient) provides high-quality protein to help support muscle mass for strength and provides energy

## Objective and Purpose:

*To promote cooperation and friendship among the breeders and owners of Brittanys and to encourage higher standards in breeding, training and showing of Brittanys in the field and in the show ring; to discourage the breed from becoming split into groups of "field dogs" and "show dogs" and to strive to keep it forever a "dual dog".*

# Brittanys...

This column originally appeared in the July 2007 issue of the AKC Gazette and is reprinted with permission. This Breed Column is written by Dorothy Macdonald.

## BRITTANY SOUNDNESS

The Brittany has always owed his popularity, indeed even his very existence, to his ability to do an outstanding job as a bird dog.

Certainly a major factor in the ability to be a great bird dog is soundness.

In a Brittany, soundness means far more than not being lame. He must be sound in *every* area that effects his ability to run and hunt. Therefore, soundness means proper front and rear angulation connected by a strong, short back. Equally important is lung capacity and a supportive rib cage. Clearly, all of these features are necessary to being a good bird dog, and so they become an important part of the definition of soundness.

How about feet? Well, naturally good feet are essential to a Brittany in the field, so compact, well-cushioned feet become part of "soundness."

Thinking further, how could a Brittany be sound without a good nose? Obviously a good nose is essential to a bird finder, so add "good nose" to the

"soundness" list.

Taking it one step further, eyes that are large or pop-eyed certainly would be at danger in cover, so correctly shaped and set eyes must also become part of our definition of soundness.

It certainly begins to seem that soundness is all-encompassing. Anything and everything that helps a Brittany to do his job and hunt well must be considered part of Brittany soundness. This, then, is why so much of the Brittany standard is devoted to describing the various aspects of soundness.

However, let's not kid ourselves – having a sound dog does not give us a Brittany. Soundness by itself is very nice, but it is merely a collection of good generic features. One must first start with a Brittany who is typical in all aspects of phenotype and temperament, and then in addition, he must be sound in all the features and functions needed by a bird dog. This combination is what gives us the best of all bird dogs – a sound, typical Brittany.

# - Reflections -

This month we will take a look at a 1955 article from *The American Brittany* that deals with the early registrations of Brittanys in the United States and the start-up of the *American Field* and the **Field Dog Stud Book**. I have broken the article into two parts so be sure and look for the conclusion next month. Some puppy buyers may think they do not wish to register their dogs as all they want is a pet, a hunting companion or the like. Perhaps some of the rationale behind registering a dog will be helpful in convincing them to register their dog.

Over the years, some things have changed. I still remember when the *American Field* published the names of dogs that had been registered that week. I always enjoyed seeing who had had new litters and who was possibly interested in field trials because they had registered their pups. I also remember that label of "dropper" used for dogs with parents of different breeds such as a pointer bred to a setter. Those days are gone.

With the advent of DNA, we find that the general public now demands even more accurate record keeping and documentation of pure breedings. The day of just taking a man's word for who the sire and/or dam actually is is now scientifically verifiable. Another plus with the tracking of a dog's heritage is the valuable information

it can provide to genetic research. If we are to continually monitor and improve on the Brittany genetics, we need to be able to track family lines and be able to spot weaknesses in those lines. Many folks think they may never want to trial or show their pup only to find out later on, they wished they had sent in those registration papers.

Futurity breeders are sent copies of the FDSB registration papers and asked to distribute and encourage puppy buyers to complete the applications. We would encourage all breeders to do the same. Of course, we would also encourage all breeders to take pride in their litters and nominate them for the Futurity. We use those Futurity nomination litters to refer names to people looking for well bred Brittanys whether they want a companion or hunting dog or a dog to show, field trial or use in other performance activities. We need to take pride in our breedings and nominate them. You as a breeder may not want to compete, but some of your puppy buyers will be knocking on the futurity committee's door begging to figure out a way they can run their pup in an upcoming futurity. Don't disappoint them.

## Brittanys In Field Trials

(Reprinted from *The American Brittany*,  
Vol. 6, #11, June 1955, pages 26, 28, 29)

Breeders and owners of Brittany Spaniels appreciate the complete and accurate records of field trial competition maintained by the *AMERICAN FIELD* and **Field Dog Stud Book**. The *AMERICAN FIELD* was first to establish public stud book records back in 1874, which was the same year that field trials began in America. A brief bit on the history of dog registrations in the United States is given in this issue.

When Brittany fans visit the editorial offices of the *AMERICAN FIELD* in Chicago, they are shown the remarkable system of registration records and the completeness of the files where up-to-the-minute information about field trial winning and producing records can be obtained.

The FDSB has been serving Brittany breeders well since the first importation by the lamented Louis A. Thebaud. The FDSB keeps complete records of dogs which compete in trials recognized by the AFTCA and the *AMERICAN FIELD*. Not only are winning records easily checked, but also the production records of sires and dams.

It is easy to obtain the exact wins of any dog and also names of winners sired by any particular stud or out of any brood matron, as well as the individual placements achieved by the progeny.

The FDSB recommends that owners of Brittany Spaniels

which compete in field trials register the dogs, in as much as this permits a complete and accurate check, assuring proper spelling of name and other details on file permanently. Whether or not a dog is recorded elsewhere, it is desirable to submit an application for FDSB registration.

The first effort towards keeping an authentic registry of dogs in the United States was announced March 11, 1876, when the *Chicago Field* (now the *AMERICAN FIELD*) opened a free kennel registry for all dogs used in field sports, to supplement the work initiated by Arnold Budes in his, *American Kennel and Sporting Field*. The first registration in Mr. Budes' record was an imported English Setter named Adonis. Following were 177 English, Irish and Gordon Setters, all imported dogs. From 178 to 242 a division was made called "native setters," as they were derived from strains bred in America, although certain individuals traced to then recently imported stock. The next section, consisting of Cross-Bred setters, numbered 45.

On August 26, 1876, the *Chicago Field* began to publish, free of charge, registrations for the **National American Kennel Club Register**. Volume I was published in 1879 and it was 1855 when Volume II made its appearance, published by Dr. Nicholas Rowe, founder of the *American Field*. {This is a direct quote, dates may be reversed??? MJT}

At that time, Major J. M. Taylor, celebrated figure in sporting dog circles and for many years ace field trial reporter for the *American Field*, was president of

the **American Kennel Club**, and Dr. Rowe decided to donate the records to the AKC, which gift was publicly acknowledged in 1887. Thus the present structure of the American Kennel Club is founded on records established and compiled by Dr. Rowe.

Because the **National American Kennel Club** was instrumental in establishing a sound registration record, a consideration of the purpose and aims of the Club as set forth in its objective platform should be of interest.

1. To promote, encourage, and improve the breeding of a superior class of dogs, and their exhibition and competitive trial in the field.
2. To publish a Kennel Register or Stud Book for the registration of pedigrees.
3. To adopt rules and regulations for conducting Field Trials and Bench Shows, and to promote uniformity and concert of action among local clubs and associations, thus giving a national standard of excellence, both at trials and shows.

The **Field Dog Stud Book**, authentic all-breed registry, conducted by the *American Field* of Chicago, IL, came into existence in 1900 in response to a demand for a specialized sporting dog pedigree record. Its registrations are principally of the sporting breeds, chiefly pointers, English, Irish and Gordon setters, Brittany Spaniels, German Shorthaired Pointers, Weimaraners, the recognized Retrievers breeds and sporting spaniels.

The **FDSB** published an annual volume of its registration records until the end of 1947, and since that time has

published notices in weekly issues of the American Field so that all fanciers have a chance to scrutinize every dog offered for registration in the stud book.

The record system employed by the **FDSB** is highly accurate, yet not complicated, as some may imagine. In fact, information regarding any dog listed in its record, may be obtained in an amazingly brief time, whether the dog has been recently registered or the registration entered more than a half-century before.

Recognized stud books insist upon accurate, complete data; great care is exercised in the establishment and maintenance of exact records. Special forms, furnished by the stud book, must be filled out with proper signatures, in order for a litter to be enrolled or an individual dog registered. A novice who may ask, Why should a dog be registered?

- (a) Authenticates the breeding.
- (b) Assigns a distinctive name while is not duplicated.
- (c) Assures a permanent record of pertinent facts.
- (d) Increases desirability of the dog as an individual.
- (e) Enhances value of the dog for breeding purposes.
- (f) Enables a complete compilation of the winning record.
- (g) Makes possible a Certified Pedigree.

*Look for the Conclusion to this article in the July issue of The American Brittany.*

## SUBMISSION OF AGENDA ITEMS

### ***DEADLINE FOR AGENDA ITEMS: SEPTEMBER 15, 2008***

All Agenda Items, officer and committee reports for the ABC Board Meeting to be conducted at the AA National Championships in Booneville, AR, must be submitted by September 15, 2008, to be included in the Agenda Book and put up for consideration at the meeting as per policy book stipulations. Early submission allows us to put the topics for consideration on the website and to get books to the Directors in time for meaningful input from the general membership. Action items submitted late and not in writing should not be considered as they are often not well thought out causing many problems after the fact. Reports that cannot be completed such as the Treasurer's Financial Statement and Futurity Stats, may be submitted by bringing 20 copies to the meeting but any Action items from any officer or director, committee chair, etc. should be submitted by the deadline **Please include a copy of the current policy in the Policy Book along with suggested wording changes.**

Officers, Board Members, Committee Chairman, or Regional Clubs may submit agenda items. **Items from individual members must be supported by ten member signatures.**

We have always published Officer and Committee Reports in the ABC Magazine. This can be a very difficult task to accomplish since most of the reports have to be retyped. Please help us by sending your Agenda Reports in a **.doc or .rtf format** by email to: **ABC Agenda Chairman Margaret Saucerman, [azbrittany@gmail.com](mailto:azbrittany@gmail.com), Phone: 520-721-4317.**

**It would also expedite matters if you would also CC to: Mary Jo Trimble: [trimnatchbritts@midamer.net](mailto:trimnatchbritts@midamer.net)** (for compiling list for ABC Website before meeting) and **Dee Hempfield: [ambritteditor@roadrunner.com](mailto:ambritteditor@roadrunner.com)** (for publication in the magazine), and **President Hank Hartnek. [HankHartnek@gmail.com](mailto:HankHartnek@gmail.com).** If you cannot send as a .doc or .rtf file, **Mail to: Margaret Saucerman, 963 N. Larry Place, Tucson, AZ 85710-2652.**

**Your cooperation in writing your reports, meeting deadlines, sending them in .doc or .rtf formats will greatly help us have a more informed membership both before, during, and after the ABC Board Meeting.**

# History of the ABC National Obedience Trial

In 1979 ABC's 3rd Vice President, Wayne Fessenden, recommended that an Obedience Trial be held in conjunction with the National Field Trial and Specialty Show. The first ABC National Obedience Trial became a reality in Little Rock, Arkansas, in 1981 and was won by the first Brittany Obedience Trial Champion, *Ch. OTCH Turner's Crossroad Samantha*. This was a significant event since the ABC for the first time was sponsoring all three types of competition at the Nationals required to win the elusive AKC triple championship.

Many fine Brittany's have won the National Obedience Trial. *Ch. Prince Valiant's Spring A'rival, UDT* won the National Specialty Show in 1987 and the National Obedience Trial in 1988. *Ch., OTCH, AFC Lafayette King Trooper, UDT* won the National Obedience Trial in 1983, 1984, 1985 and 1986 and is the leading winner with four wins. *Little Egypt Catapult Cathy, UD, SH* and *Ch., OTCH Chilcote's Credit Check UDX, AX, AXJ, JH* have both won the National Obedience Trial three times.

The new venue of Rally was added in 2005.

# ABC NATIONAL OBEDIENCE TRIAL

By Bobby Armstrong

The ABC National Obedience Trial to be held in conjunction with the National Field Trial and Specialty Show was first suggested during 1979 by Wayne Fessenden, the 3rd Vice President. Two years later the first obedience trial was held during the 1981 Nationals at Little Rock. Our CH/OTCH/AFC Lafayette King Trooper UDT was entered in the first trial. CH/OTCH Turner's Crossroad Samantha, the first Brittany to win the Obedience Trial Champion title (OTCH) won High in Trial (HIT) at Little Rock. The ABC was now sponsoring all three types of competition required to win the elusive AKC Triple Champion title (TC).

We were unable to go the second year when FC/AFC Dark Sky won in Illinois. Lafayette Britts then had the good fortune to win the coveted National HIT for the next five years. Trooper won it during 1983, 1984, 1985 and 1986 and was runner-up during 1987 when his son, CH Lafayette Texas Trooper UDT, won the HIT. Tex won HIT again at the 1990 Nationals. We won again with Lafayette Britannia Rose CDX out of the Novice Class during 1994. Our current obedience winner DC Lafayette Border Baron UDX2 MH won the National HIT during 2003 and again during 2005. Baron has competed in every class at the Nationals from Novice through Utility.

Obedience has always been a second interest at Lafayette Britts because we have trained and competed in field trials since we started with Brittanys during 1967. Obedience was a wonderful thing to do with our Brittanys during the hot summer months. The discipline learned in the obedience exercises is great to break young dogs to wing and shot.

We believe that the prestige of the National Obedience Trial was at its peak when the judging was held just before the Best of Breed judging on Sunday. The HIT was named and recognized just before the BOB started. I believe a number of handlers showing in class and BOB competition were able to compete in the obedience trial at that time.

Winning the National High in Trial means that the Brittany will be featured on the cover of the American Brittany Magazine and have a full page for both a picture and article in the ABC Yearbook. This is great publicity for any Brittany. I remember when Nancy Hewitt won National BOB during 1987 and National High in Trial the next year with CH Prince Valiant's Spring A'Rival, UDT. I would like to again see more of the top show and obedience dogs in the country taking a shot at winning the National Obedience Trial.

# Mid-South Gun Dog Challenge Final 2007-2008

**Coveyrise This Budz 4U** owned by Bruce and Karen Conover was the winner of the Mid-South Gun Dog Challenge for 2007-2008.

**RJA's Paws-Z-Trac** owned by Robert and Joann Anders was Runner-up for the second consecutive year.

We all got to see some really strong performances. The Challenge showcased many good dogs. During the run in the fall **Grit Nitro Bif** owned by Richard and Solenge Christopher was on top being challenged by three time winner **RJA Zac-A-Tac Allmac** owned by Robert and Joann Anders and **Coveyrise This Budz 4U**. In January **RJA's Paws-Z-Trac** jumped to the top of the board only to be bumped out of first place by **Coveyrise This Budz 4U** whose consistent wins gave him the top spot for the challenge.

Thanks to all the clubs that support the Mid-South Gun Dog Challenge.

# 2008 Hall of Fame Induction

Bird Dog Museum and Hall of Fame  
February 9, 2008 • Grand Junction, Tennessee

by Diana Kubitz

"The Bird Dog Foundation is a chartered, non-profit charitable organization. It is *"dedicated to preserving the past and protecting the future for sporting dog fanciers the world over."*

"To those ends, its museum, projects, and other initiatives are aimed at: Preserving the rich legacy of sporting dogs via historic artifacts, art, and other memorabilia... Recognizing those people and dogs that have made significant contributions to the sport of field trialing... Supporting and promoting the responsible dog ownership, training, field trialing, hunting, and the shooting sports... Promoting conservation of our natural resources by education the general public – especially encouraging and involving youth in programs relating to dog sports and wholesome outdoor recreation."

We had a lovely, sun filled day for the induction ceremonies. The ceremonies were well attended, but I believe our breed had the largest representation: Frank & Donna Pride, Vicki Pride, Renee Morris, Kari Pride, Jesse Pride, Corinne Downs, Carol Pride, Walter Pride, Leon Pride, Sean Pride, Linda & Larry McAnnally, Francis Clasen, Dave Clasen, Doug & Cindy Clasen, Diane (Clasen) & Ben Cooper, Janet & Jim Chase, Mary Jo & Ray Trimble, Donna & Ed Janulis, Kathy & Ron Gulembo, Karen Schreiber, Chad, Kim & Lee Holman, Sherry & Kent Merryman, Ken Blackman, Neil Mace, Rheta & Bill Cartmell, Marge & Lyle Johnson, Scott Johnson, Bill and Marilynn Oliver, Dave & Joyce Lincoln, Dave Capstick, Tim Self, Elaine & Paul Keipers, Ben Lorensen, Tom Ettinger, Dick Davis, Pat Carney, Rick & Delmar Smith and Gary & Diana Kubitz.

The morning inductions were for the Retrievers and Flushing Spaniels, which was followed by a wonderful lunch of chicken/beef, potatoes, tossed greens with fresh raspberries, and lovely peach and berry cobblers compliments of Nestles Purina. The dining area was completely full and tables were set up in the retriever area for the rest of the diners. As usual it was a first class luncheon, just what we've come to expect from anything with **Purina's** name on it.

After lunch, the Brittany part of the program commenced with a special plaque being given to Frank and Donna Pride by their friends in the Maine Brittany Club. I don't know who was the most surprised, Frank or Donna; by the look on her face I think Donna!

Among other plaques received was Founder Award for Rich Smith. Rick and Delmar were called to the podium and Gary Locke explained the contributions that the two of them had made. Delmar had been honored several years earlier, but today it was Rick's turn. Each year he does a training seminar in Tennessee with all the money going for the benefit of the Bird Dog Hall of Fame and the Bird Dog Museum. Rick has raised somewhere in the neighborhood of \$40,000.00 in the past several years. Rick was visibly moved by this plaque and the kind words that were spoken. Delmar simply said he was proud of Rick. Next time you see an ad for Rick Smith' seminar in Tennessee, please attend. You'll not only learn something from a great trainer, but you'll benefit the Bird Dog Hall of Fame and Museum!

Next came the moment we'd been waiting for all day – the Brittany Hall of Fame inductions! **Frank Pride**; to Donna's surprise they called her up to the podium with Frank to receive his award. "Snooky" thanked everyone involved in getting him elected to the Hall of Fame, especially Gary Anderson, Ann & John Short and the whole Central Maine Brittany Club. With his usual quiet manner, Frank spoke, a few words of thanks for this great honor. Leaders are "a sage on the stage or a guide on the side." Frank is best known as a "guide on the side," quietly sharing his wisdom. Frank has literally touched hundreds of lives in the Brittany world.

Next was **Francis Clasen's** turn. Francis has been a member of the American Brittany club for more than 40 years and has attended every All-Age National Championship since 1968. He was past VP of the ABC

for two years and sat on the board for several years. He was one of the five founding members of the Blue Mountain Field Trial Association that is now known as the Blue Mountain Conservation Association. Francis was elected as a Life Member of the ABC in 1993 and inducted into the ABC Hall of Fame in 2004. Francis thanked everyone for the honor and introduced his family.

**NFC/DC/AFC Gambler's Ace in the Hole's** plaque was presented to his proud owners Ed and Donna Janulis, flanked by Chad Holman and his son Lee. Ed thanked the people that he felt were responsible for Rocky's success, especially Chad as handler and Bill and Karen Schreiber as breeders. Rocky excelled as a competitor (32 hour placements) and a producer (to date has sired 11 dogs with 22 hour placements and 3 national placements). I had the pleasure of reporting the national championship the year Rocky won. Anyone who watched him knew he was a BIRD DOG, the highest praise for a Brittany or Brittany owner.

**CH Hi-Scor Jac de Ruffian's** plaque was presented to Dick Davis. Dick talked about the early days of the Hank's career and his belief in the dog. He realized early on the abilities the dog possessed. Hank produced 13 FC's, 4 dogs with Championship wins and several Canadian Champions. He had 8 hour placements; most notable of which are the 2 endurance wins. Hank was an outstanding dog and one of the best Brittanys of the 90's.

The German Shorthaired Pointers took part in the ceremonies for the very first time this year. They were followed by the Pointer/Setter inductions.

The day came to a conclusion with a cocktail hour hosted by the **The AMERICAN FIELD**. It was a great time to chat and finally have a chance to wander through the museum looking at the exhibits and spotting names of people and dogs that you'd only read about in the past.

If you haven't been to Grand Junction, put it on the list of things to do. The Pointer Nationals, the Bird Dog Hall of Fame, The Bird Dog Museum, & Dunn's are all well worth the trip. To all the honorees of this year's event – **CONGRATULATIONS!**

**September 5, 6 & 7 (Fri., Sat., & Sun.) – Rick Smith's "Foundation" dog training seminar to be held at the National Bird Dog Museum. For more information on the Seminar, please contact us at: (731) 764-2058.**

# 2008 American Brittany Club Chukar Classic/Championship

January 24 & 25, 2008 • Camp H – California City, CA

Submitted by Tom White

Left front row, Paul Doiron with the winner DC QUAIL ROCK TOUGH ENOUGH, Peggy Doiron presenting DC/AFC/2xAmFid CHAMPION REDLINE'S TEQUILA SMOKER, Myra-Dawn Ellis with FC MEGASMOKE GRAND FINALE and Tom White with MTB EMME'S CABO DE SCIPIO. Rear left, David Gould and John Kline judges and Margaret Horstmeyer.

The 2008 running of the American Brittany Club Chukar Classic was held at the Camp H grounds near California City in the Mojave Desert on January 24 & 25, 2008. The challenge of running in the desert mountains was expanded for the dogs, handlers and judges by the weather. It was chilly and very windy both days. The winning dogs punched through the wind and found birds. The wind made it difficult for communications between handler and dog with several dogs extending beyond the audible link and ended up going solo and lost.

The event was judged by John Kline of Orleans, VA and David Gould of Los Banos, CA. John was a highly regarded Brittany Pro for many years who summer camped in Montana, so he was familiar with dogs on a mission running in wide open spaces. Dave Gould hails from Central California and is familiar with Chukar dogs. They were a fine team that created a fun atmosphere for all participants and their decision hit the mark.

We had excellent representation from the West Coast. Jim House came down from Oregon with several competitive dogs and Dave Kirk from Idaho entered his Chukar dog. California was well represented by Paul Doiron, Bill Leffingwell, Wayne Down, Cary Crum, Ed Mayhew, Ed Dixon, Tom White and Margaret Horstmeyer.

Headquarters was the large tent borrowed from the NASTRA folks where all meals were served. Bill Landress, in addition to being the Field Trial Chairman, did his famous "Tri-Tip" barbeque, while the rest of the cooking staff served up outstanding breakfasts and lunches. Without the tent, social aspects of the trial would have been lacking, driving everyone into their rigs.

The Classic was supported by Purina, Tri-Tronics and Tracker. Purina provided the winners with bags of ProPlan. Tri-Tronics presented the winner with one of their G2 EXP Dog Training Systems and Tracker provided substantial discount certificates to all winners. We appreciate their continuing support and ask all field trialers to support them when buying decisions are made.

The Classic was won in brace 2, DC QUAIL ROCK TOUGH ENOUGH, "King", handled by Paul Doiron. King handled the 5.8 mile course staying to the front, punching into the wind and displaying his bird finding expertise by having a find about every mile. His manners on birds were impeccable.

The runner up dog came out of day 2, brace 8, DC/AFC/2xAm Fld Ch REDLINE'S TEQUILA SMOKER, "Smokey". This veteran worked the course

and wind like the expert he his. His four spectacular finds in the rocky ledges and big run made it difficult for the judges to make their selection.

Third place went to FC MEGASMOKE GRAND FINALE, "Al", in brace 5 on the first day. The afternoon was very windy, around 20 mph winds with gusts to 35 mph. Even though the weather made hunting difficult, "Al" worked the wind into the hills and was rewarded with three great finds.

Fourth place was secured in brace 6, the first brace of day 2, and went to MTB EMME'S CABO DE SCIPIO. This young dog did an outstanding job of working into the lighter winds of the morning and won his placement with four finds and a snappy, big running style.

The interesting thing about placements 2, 3 and 4 is that they are directly related. "Smokey", the Runner Up is "Al's" (3rd) father and is "Cabo's" (4th) grandfather. The great Hall of Fame dog, NFC/DC/AFC Tequila's Joker (TJ) is "Smokey's" sire. This certainly shows the Judges were consistent in what they liked in run, style and bird finding. Good genetics work.

Subject: **SPORTSMANSHIP**

One of the great traditions of Pointing Breed field events is sportsmanship. Indeed it can be argued that good sportsmanship is a factor that has contributed to the sports long term strength and popularity. Recently an increasing number of participants have expressed concern about what is happening to the culture of sportsmanship. It is worthwhile to periodically re-visit the importance of sportsmanship to the future of the sport.

Sportsmanship is expressed in the nature of one's conduct while associated with a sport. Good sportsmanship includes not only abiding by the rules but also conducting oneself with proper consideration for fairness, ethics and respect for other participants, officials, and those hosting the event, as well as respect for the traditional conventions of the sport. Good sportsmanship expresses an aspiration that the sport should be enjoyed for its own sake.

Sportsmanship is closely related to character. Character refers to one's dispositions, values and habits that determine the manner in which a person responds to desires, fears, challenges, opportunities, failures and successes. A person with a strong, positive character will usually conduct themselves in a sportsmanlike manner.

There is an additional, more subtle side to sportsmanship. Studies refer to it as "full commitment to participation." This means more than just running your dog. It means embracing the sport in a broader sense through a willingness to contribute time and effort to the sport's success. We all know individuals who participate but never contribute. They are often the first to complain when something goes wrong. This is a subtle form of poor sportsmanship.

The significance of sportsmanship is that it feeds on itself. Good sportsmanship contributes to the pleasure one experiences at an event and helps build support for the sport in general. The lack of sportsmanship works to undermine support for the sport. The experienced participant realizes the vagaries of an event may sometimes result in a less than desired performance. Never the less, if he feels he was given a fair chance and was treated respectfully, he will leave anxious to try again another day. If a participant leaves feeling he was not treated fairly or with respect, he will question if he should enter that event again.

For the enjoyment of everyone involved and the future interest of the sport, please consider the importance of sportsmanship and demonstrate it through your actions and words. We would all do well to remember the words posted in the Branched Oak, Nebraska, clubhouse – "To brag little, to lose well, to crow gently if in luck, to pay up, to own up, to shut up if beaten. These are the virtues of a sporting man." Oliver Wendell Holmes

Sincerely,

Doug Ljungren

## What Should Be Included In A Puppy Kit For The New Owners?

A great way to insure a new puppy's continued success with their new family is to provide an abundance of resources for each new owner. Compiling a bundle of resources and items, commonly known as the "puppy kit" is one of the fun administrative jobs of being a responsible breeder.

The best place to start when assembling the kit is to ask yourself, "What would I have wanted when I first got my 8-week-old puppy?" Some ideas to include:

### Paperwork:

- AKC Registration papers (*American Field*)
- Vaccination history
- Worming history
- Pedigree & photos of sire and dam
- AKC/CAR Microchip enrollment information
- Training, housebreaking, sleeping, etc. tips
- Feeding
- Several days of current food to help in the transition to new home and food
- Coupons or literature from food manufacturers
- Feeding schedule for puppy including growth increase amounts
- List of recommended treats
- Gear
- New puppy collar
- New leash
- New toy
- Old toy which brings the scent of his mother and littermates home with him

### Additional Materials:

- Parent Club information and newsletter
- Book list – or a copy of your favorite recommended book
- Magazine articles
- Websites
- Recommendations for area vets, groomers, and training classes

When each new puppy owner comes to pick up their cute new bundle of energetic joy, spend at least an hour with them and go over each item in the kit. Also, include all your contact information so that the new owner can reach you during those first weeks of puppy hood.

## Dental Tips, Product Reviews

### Learn How to Tell When Good Teeth Go Bad

"When was the last time you had a good look in your dog's mouth? If he's over 3 years old, there is a 75 percent chance that he has dental disease – plaque, tartar, and inflamed gums. Besides causing bad breath and tooth loss, infection in the oral cavity can spread to vital internal organs. Oral disease can shorten your dog's life," writes Jeff Grognet, DVM in "*When Good Teeth Go Bad*" featured in the February 2007 issue of the *AKC Gazette*.

### DENTAL HEALTH TIPS

- Don't ignore bad breath, discolored teeth, or the red gums of your canine friend. Your dog needs diligent oral care from both you and your veterinarian to live a full and healthy life.
- Symptoms of canine oral disease include bad breath, a change in eating or chewing habits, pawing at the face or mouth and depression. Vets recommend regular dental exams for all dogs.
- Small-breed dogs are prone to tartar accumulation when very young, which results in the loss of many teeth by the time they're 10 years old.
- Larger breeds, such as German Shepherd Dogs, don't collect as much tartar on their teeth so they are not as prone to gum recession. Though they can have problems with gingivitis and tartar, they are much more likely to experience tooth fracture.
- Look in your dog's mouth regularly. If his gums are cherry red, he has gingivitis. If you smell foul breath, he has a bacterial infection – it might just be from plaque, but it could also be an abscessed tooth.
- Whether a dog has an abscessed or fractured tooth or tartar and gum disease, the bacteria in his mouth can penetrate his gums and migrate via the bloodstream throughout his body – the heart, kidneys, and liver are particularly susceptible to invasion by oral bacteria.
- When you detect a problem in your dog's mouth, have him examined by your veterinarian.

According to an American Veterinary Dental Society survey, 80 percent of dogs show signs of oral disease by age 3. Regular brushing helps prevent it – and dental care treats make a nice adjunct in between. In the article "*Beyond the Paste*" *AKC Gazette* staffers tested several products that can help bridge the gap between doggie bad breath and pearly whites. Here are some of their findings:

- **3M Dental Treats:** These have a funny-looking three-prong design meant to promote chewing but the dogs don't seem to mind. Whether it's the shape, the pliable texture, or the mint taste, this treat was the one that seemed to get our dogs' tails wagging the most – even those usually blasé about treats.
- **Greenies:** Based on a study of how different breeds and sizes chew, the new Greenies were made to be 95.7 percent digestible, according to the manufacturers. They're sized Teenie to Jumbo, and make it easier to get in between your dog's teeth. The verdict? Dogs still love 'em.
- **White Bites:** These baking-soda infused oral-care treats promise cleaner teeth, fresher breath, and long-lasting results. *AKC Gazette* reviewers attest to the good dissolvability (always a concern), and also report a slight improvement to doggy breath.
- **Iams Tartar Treats:** These textured brush-shaped treats are designed to appeal to your dog's chewing habit. The ingredients work on his tartar buildup as he chews. Most of our dogs, even those with a tendency to gulp, slowed down to enjoy chomping – but, as with any of these, and other treats, supervision is a good idea.
- **Easy Brush:** This chew-it-yourself toothbrush for dogs is shaped like a bone, so dogs instinctively hold it between their paws and move it from one side of their mouth to the other. Make sure you work the toothpaste deep into the bristles or the dog will lick it off the top instead of working to get at it with her teeth.

# 2008 American Brittany Club Illinois Brittany Classic/Championships

January 19-23, 2008 • Pyramid State Park, Illinois

Submitted by Janet Chase

"Dedicated to Field Trialing the Brittany in the Best Traditions of the Sport" – this has been the motto of the Illinois Brittany Championship Association since its founding in 1975. From the very beginning, camaraderie has prevailed during the running of the event. Although the weather can often be adverse in January, and this year was no exception, the order of the day has been the human element. This year, we enjoyed a great dinner prepared by "chef", Jill Doering, at the Hunt Club on Saturday evening. This provided an opportunity for participants and judges to relax and socialize. Our thanks to this year's judges who endured cold temperatures and rough grounds to ride in the saddle and give their utmost attention to each dog. We appreciate their time spent in the saddle and their commentary on the placing dogs for this report.

We also wish to thank Purina for its continued support of our Championship. Its support is critical to the continued success of our organization.

Those helping with the trial included Ed Graves and Jim Chase planting birds daily, Ray Trimble and Jerry McGee helping with marshalling and other responsibilities, Mary Jo Trimble and Maurine Richter taking care of the food and Judy Graves helping road guard as well as wherever else she was needed. Joe Jung drove the dog wagon each day. Site personnel, under the direction of site manager, Cha Hill, provided support as needed.

Tom Robin from Michigan was on hand to handle his dog, 2007 National Champion, Lane's End We-Be Clean, to the Amateur Championship and then to ride in the gallery as Chad Holman guided We-Be to the Open Championship later in the week. We-Be had won the Mid South Amateur Championship and placed 3rd in the Mid South Open Championship held the previous week. We-Be was also winner of the 2006 Purina All Age Award. Clearly, a trial's not over until We-Be has run!!

## **AMATEUR ALL AGE CHAMPIONSHIP**

### **CHAMPION – LANE'S END WE-BE CLEAN (We-Be) (Robin)**

After the morning coffee break the dogs were away, across a cut corn field on course three. We-Be broke away strong and forward and was seen going left to right at the beginning of a grassland restoration area. He worked quickly, stretching out and extending his moves. Crossing and angling across the next cut corn field We-Be and his brace mate reached far to the right and hunted the edge hard. The party crossed a gravel road where We-Be rimmed the outside edge going from 3 o'clock and showing at 12 o'clock at the next road crossing. We-Be moved forward and was pointed out by the gallery, way to the front, entering a dense stand of Pin Oaks. The narrow rows of trees run west to the next road where the course turns north and the horses ride the gravel road for about a city block. Entering the next field, a white spot was seen far on the northwest edge of the property with the buildings of Cutler in the back ground. The course swung to the south and then to the west edge of the field. Tom continued to search for his charge to the south. Coming around a bend in the line, We-Be was found standing. That white spot, seen way off in the distance, was indeed We-Be, waiting patiently for his handler to come and flush his bird. With his brace mate honoring and Tom somewhere  $\frac{3}{4}$  to a mile to the rear, the lead judge appointed Ed Janulis to work the birds. With all in order on a limb find that will surely be talked about for years, We-Be was returned to Tom upon his arrival. Tom cast We-Be off through a cut corn field to the east. Upon exiting this field and going into prairie area, We-Be had another clean find. He was found standing for his third find, a covey, which he handled in fine fashion with birds popping all around the mannerly dog. He finished the hour going strong and forward.

### **RUNNER UP – RU-JEM'S A TOUCH OF BOURBON (Chug)(McGee)**

Chug was a snappy fast moving dog that put down a true all-age performance of championship caliber. He broke away on course one the first brace of day two with the mercury hovering in the single digits and the

wind abating a bit from the first day. Chug and his brace mate hunted the flooded tree line to the right. Chug disappeared around a large clump of Phragmites grass. As scout Wade Haines searched the grass, Jerry pointed out Chug far to the front entering a stand of Pin Oaks. Upon rounding the stand, Chug was found standing. Birds were produced with all in order. Chug continued to hunt forward with purpose, handling kindly. Crossing the first of many gravel roads, Chug elected to hunt the tall, strip mine hillside to the right. Going high, he ran the top of the ridge with the sky as his background. Fast and forward, he took the entire ridge coming down at the end to cross some barren ground to enter the next field. He suddenly locked up on point. There was no cover in front of him and nothing but a rock. Jerry sized the situation up. The rock looked like a quail, not only to the dog but from the judge's saddle as well. Whistled up, Chug gave the rock a sniff and resumed his hunt for the real thing. Across another road, he reached wide to the far SW edge and slammed on point. After a long ride to his dog, Jerry could tell that the birds had moved out on Chug and he moved the dog up. Chug handled it like a champion, pinning the wild covey. He stood with good manners as one bird flew out to his right and the rest of the 20 bird covey flew up on his left. Turned loose, he finished to the front with plenty of gas left in his tank.

### **3rd Place – TRUCKER'S WILD RIDE (Rider) (Trimble)**

Ray Trimble turned his dog loose in the second brace on day one. It was a cold, blustery morning. The dog broke forward and ran a steady race building as he continued. Rider reached well up the first edge and along the pond where he established point at 6. He handled his birds with style and intensity. Ray turned Rider loose to the NE across a cut corn field, where the dog got scent of a coyote running across the field, trying to evade the gallery. A short chase ensued with nothing but some energy being expended. Rider continued to work forward and hunt the left lake edge and was rewarded with a find at 13. At 28 he was again found standing with all manners in order. Rider had another find, which proved to be a dead bird. With all the clothes needed to be out in this weather Ray was working as hard as the dog was just getting on and off his horse. Rider worked his way through the flooded area and was going away at time. He had put down a great race and had set a high standard for the rest of this stake.

### **4th Place – TRACE OF TIME (Merryman)**

Kent put Trace down on the second course on Sunday morning. He reached off the breakaway and extended to the far edge of the field where Kent had to ride to him and get him back on course. Casting along the lake edge Trace had a find at 8 at the poplar hedgerow at the NE corner of the lake. All manners were in order. Taking him on Trace hunted the left edge. The course went to the east and Trace worked the available cover. His application and pattern improved the longer he was down. Kent sent Trace up to take a long row of Phragmites. Handler and judge sat watching the dog take the half-mile long row which turned at the end and headed forward to a large, flooded area. If the dog continued south, and then turned left, he would enter a stand of Pin Oaks. Kent had a decision to make. Either go get the dog or see if he would push through the Pin Oaks and join him on the south side of the large flooded area. Kent made the long ride north, around the flooded area and then back south. There, he met Trace, coming out of the other side of the Pin Oaks to rejoin him at the front, completing an awesome move. Trace finished his hour strong.

## **DERBY CLASSIC**

This year's entry was smaller than in past years, but certainly didn't lack for quality. First place was Dave Capstick and Tim Self's young dog, Aces Up, sired by National Champion Father Out Ace. Al Gorrow took second and third place with litter mates, Promiscuous and Kiss This, and Ralph Sievers took fourth place with October's Autumn Blaze.

**OPEN ALL AGE CHAMPIONSHIP**

**CHAMPION – LANE'S END WE-BE CLEAN**  
(We-Be) Holman

The champion rose to the occasion in the 11th brace. We-Be delivered a powerful 60-minute race. His application was forward and far reaching on a course that gave this dog ample opportunity to punctuate with bold initiative. For the first half hour, We-Be made numerous drives to logical objectives, using the terrain and the wind intelligently, but without reward. At 35, We-Be was seen making a long cast along one of the many lakes at Pyramid and lost contact with his handler as he drove into the woods ½ mile ahead. Following a brief search of the woods, Chad pushed forward betting that We-Be would show to the southeast. At 40, We-Be appeared between the judges and his handler where he pointed a small covey. His brace mate was also working game about 300 yards further up. We-Be stood staunch and proud as birds were flushed and Chad fired over his charge. Taken on, We-Be cast diagonally across a large bean field to a short tree line where he again pointed birds at 47. A single bobwhite was flushed and Chad took him on with all in order. We-Be proceeded to rim an 80 acre corn stubble field and as Chad pointed out his dog, We-Be cast ¼ mile with the wind to a long cane swale to the north west. As We-Be went to the downwind side of the swale, Chad again pushed forward, crossed the interior road and cantered to the hilltop where We-Be was pointed out to the front. At 56, with stamina to spare, We-Be crossed yet another interior road and hit the top line of the hillside which Pyramid trialers call "the mountain". We-Be was out of sight as time was called and Chad was directed to show his dog. We-Be was quickly produced ½ mile forward in an intersecting tree line.

**RUNNER-UP – KT'S ARTIC GLADIATOR (Max)**  
(Holman) and 3rd Place – RUJEM'S STOP "N" WATCH (Quill) (McGee)

Max and the third place dog, Quill, were braced together and ran Tuesday morning. This action-packed hour generated multiple single and small covey finds along with honoring situations. Max pointed birds at 17, 25, 34, 39, backed his brace mate at 42, and concluded with a nice find at 56. His run was strong, to the front and intelligent with style and manners befitting recognition as runner-up champion. Quill produced birds at 5, 16, 31 and 42, with a non productive at 53. His application was forward and well-executed although a little less independent and with less reach than the runner-up. This truly was an exciting hour with two well-conditioned dogs running under brisk Midwest January conditions and under the whistle of two equally seasoned handlers.

**4th Place – BRISCO'S MR. STUB (Stub) (Trimble)**

Stub ran in the 10th brace. Point was called by Ray at 14, but birds were not to be found. Quickly after he was taken on, Stub nailed a single quail at 16. Handler and dog continued their hour working as a team and during the last ½ hour delivered well located finds at 37 and 48. Stub finished well forward as time was called.

## SHOWCASE

### DC SOVEREIGN COPLEY KISS MY CHIPS

*(DC/AFC Roja's Gambling Chips x CH Sovereign's Classical Code, JH)*

Zelda was bred by Joe & Dawn Droel of Sovereign Brittanys. From day one Zelda had a certain sparkle that couldn't be ignored, and if you tried she would let you know. I started showing her at 6 months, and she picked up both show majors from the 6-9 class. I showed Zelda in between field trials as her schedule permitted, and she finished with 4 majors entirely owner handled. Her field trial career started when Bill Landress & Linda Langford offered to take her to some trials and run her in puppy to see how she would do. A couple placements later I was hooked, and started looking for a field trainer to send her to. Scott Johnson came highly recommended so I sent Zelda off to Kansas in June of 2005. Zelda finished her Dual Championship in March of 2007 at the Southern Kansas Brittany Club Field Trial. Zelda is a multiple Best in Specialty Show winner under the guidance of Jessica Carlson. We are so thankful for all the support and encouragement we have received from our Brittany friends along the way to our first Dual Champion.

# 2008 American Brittany Club Tarheel Shooting Dog Classic/Championship

January 22-24, 2008 • Dick Cross Wildlife Management Area – Boydton, VA

By Yvonne McKeag

Left to right: Kathy Kuhns, judge and Bob Anders with Winner RJA PAWS Z TRAC and third place winner ROVAN'S DUST DEVIL DAN with Ivan Clark and Matt Basilone, judge

The 2008 American Brittany Club Tarheel Shooting Dog Classic/Championship hosted by the Tarheel Brittany Club ran at the Dick Cross Wildlife Management Area in Boydton, VA on January 22, 23 and 24th. The weather on Tuesday was frigid at best and warming up during the day just enough to turn sleet into a very cold wet drizzle.

In saddle this year was Matt Basilone from Pittsgrove, NJ and Cathy Kuhns from Ellicott City, MD. The secretary Linda Ouellette manned the kitchen keeping everyone well fed with hearty warm soup and lasagna, leaving co chairpersons Ronnie & Ivan Clark to plant birds with the help of Phil Bogdanovitch and Jim Kuhns helped out when needed. Hats off to all that helped putting on this trial for without these hard workers there would be no trials. Everyone would also like to thank Purina who generously sponsored this trial.

## THE WINNERS

This year First place was RJA'S PAW-Z-TRAC who is a liver and white male owned and handled by Bob Anders and ran in the twelfth brace. Bob had seasoned veteran Tom Tighe on hand to help scout when needed. Second was PINEY RUN DOT, is an orange and white female owned and handled by Martha Greenlee had Linda Ouellette on hand this year to Scout as her husband Tom was not available. Dot ran in the 7th brace. Third place was ROVANS DUST DEVIL DAN, he is an orange and white male owned and handled by Ivan Clark. Dan was scouted by Ronnie Clark. In the end the judges said the inconsistent ground races helped separate the field from the winners. Fourth place was withheld this year. The winners were a pleasure to watch, all handled easily with little scouting or hacking, and covered the course wisely, which the judges said helped to separate the winners from the field.

## THE RUNNING

The first brace went to the line at 8:30 am on Tuesday with the temperatures in the mid 20's. They broke away across the road from the Club house this year then turning back across the road to the little pond, then down to the log cabin to cross over to the back fields and the bear trap to finish up on the river bottom at the old oak tree.

MARJO'S ALONG FOR THE PARTY (Gretchen (Luisi)) and BJ BETTY (Kyle) were the first to venture forth. Both dogs had a strong breakaway with deer spotted in the thickets to the left of breakaway without a problem. The first point was called across the road before the pond by Kyle for

Betty. As judges and gallery arrived Gretchen rounded the corner with a gift for Joe ending her bid for the Title. Betty handled this and her bird with all in order, and was sent on. Betty's second find came at the Log Cabin with all in order. Betty dug in at the Silo but had a nice finish on the River Bottom.

With a hint of sleet and rain during the first brace everyone stopped by trailers for additional clothing and rain gear for the second brace of ROVAN'S HAILSTORM HAROLD (R. Clark) and CONJOUROR BAYS WESTERN BOOTS (Kiracofe). Moments after breakaway point was called for Boots. After a short flushing attempt he was sent on with no bird produced. Boots was found on point again just before the pond with Harold backing. Boots was taken on during an extended flush, Harold was then asked to relocate and was sent on without a bird. Point was called going down to the Log Cabin for Harold and then moments later further down for Boots. With all in order and gunshots moments apart and both dogs were released heading for the crossing leading to the back fields. Both dogs were

making excellent casts to the left of the cedar hedge row when Point was called for Harold. Several birds lifted when Clark flushed, with all in order. Boots came in late to the scene to find some remaining birds and ended his bid for the title. Point was called for Harold entering the field going to the Bear Trap and only feathers were found, so he was sent on his way. Harold made it half way through the field when he locked up once again for another covey flush with all in order. He then began to dig in coming out of the Bear Trap and scored another find deep in the brush to the left of the field with all in order. Harold finished heading for the river bottom.

With the intermittent rain the 3rd brace of DIAMOND HILL SHE'S GONE (Tracy) and RIMARDAS REBEL JAKE (Kyle) broke away. Tracy's dog was handling rough and not pleasing the handler and was collared before the Bear Trap. Jake was handling the course but not in the right spots to locate the birds and his only find came near the Bear Trap and went on to finish on the River Bottom.

After lunch and everyone had a chance to warm up before the fourth brace of HIT'S TAILOR MADE (Kiracofe) and ALLEY OOP (Tracy) were released. Both dogs were handling the course with guidance from their handlers. First to score was Kiracofe's dog at the Log Cabin, with all in order. Point was called again for Made on the left before the Cedar Row showing good manners. After an absence Alley regained the front to score her only find behind the Silo. She had good style and manners. Made came in to back with all in order. Both dogs were sent on to finish on the river bottom.

DIAMOND REO (Borgman) and Rovans DUST DEVIL DAN (Clark) were the fifth brace to break away. First to call point was Borgman with Reo far to the left before the pond deep in the woods, sending both handler and judge into the woods, with a few steps during flush, all else was in order and he was sent on. Just after release point was called again for Reo sending his handler deep into the thickets to search for the bird. After he was unable to relocate birds his handler sent him on. Borgman then called point before the Log Cabin where the cover did not prove to be a challenge and the bird was flushed with all in order. Again moments after his release he scored another find across from the hedge row heading down the hill, which was handled with style. Ahead on the course Dan was busy scoring an intense stylish find also at the Log Cabin. Dan scored his second find behind the Silo, again showing intensity on point with excellent manners. Both dogs

and handlers caught up entering the river bottom where both dogs had a good finish.

The sixth and final brace of the day was BO DOC WIND SWEEP FARMS (Tracy) and ROVAN'S TAIL WIND TOMMY (Clark) Tommy scored first with a find before the pond when his handler attempted to flush a very wet bird which ran in front of Tommy causing him an indiscretion and was picked up. Doc ran an inconsistent race scoring a find at the log cabin with all in order and after rounding the cedar row he was picked up by his handler.

Pictured is Runner up PINEY RUN DOT and the Judge Kathy Kuhns.

Wednesday due to State Game Department allowing for Duck Hunting on the Grounds the trial could not begin until Noon. With the Sun shining and the temperatures in the forties the Seventh brace of BUCKS HIT THE ROAD JACK (Kiracofe) and PINEY RUN DOT (Greenlee) were released. Dot scored first before the pond with Jack backing, after an extended flush Jack was taken on and Dot relocated to a pile of feathers and she was sent on her way. Point was called for Jack at the corner by the Log Cabin, with all in order. While, Dot scored on the hedge row before reaching the corner with excellent style and manners. Next to score was Jack on the left before the cedar row, with all in order. Point was then called behind the Silo with Dot pointing and Jack coming in for a back. With everything in order both dogs were sent on to the river bottom. Dot covered the river bottom the way she covered the rest of the course with showy complete casts as strong as when she started.

PALE RIDER (Sala) and LINVEL'S SON OF A GUN (Fisher) were in the 8th brace. Rider was found pointing before the pond his handler found a pile of feathers then found the dead bird and Rider was sent on. Point was called for Gun at the log cabin with all in order. Both dogs were picked before the hour for not pleasing their handlers.

The ninth and final brace of the day was ROVANS ROCK RIDGE WIN JAMMER (Bogdanovitch) and DR. HUTCH (Greenlee). Point was called for Hutch with Jammer backing. Hutch then succumbed to the temptation of assisting with the flush and was picked up. Jammer was sent on and was found pointing left of the cedar row with all in order. Jammer then scored after the bear trap on the left in the thickets. Jammer finished his hour hunting close on the river bottom.

Thursday began in the mid 20's and did not rise much above freezing before the end the stake. First to brave the elements was the 10th brace of SIGRIT-HOPE'S QTRBACK SNEAK (Tighe) and ROVANS ROCK RIDGE RT ASCEND (Bogdanovitch). Point was called before the pond for Sneak, who marked the bird with all else in order was sent on. Entering the Log Cabin field point was called again for Sneak with Ascend backing, birds were flushed and dogs sent on. Ascend then pointed before leaving the Log Cabin field, she was not as tight as she should have been during flush and shot and was sent on. Sneak scored his last find on the left before the cedar rows, showing nice style but marking birds at flush. Both dogs went on to finish on the river bottom.

The eleventh brace of BEBOP NAWLIN'S JAZZ (Hunt) and BOOT CHIP OF

CONJOUROR BAY (Kiracofe) took to the field. Kiracofe called point for Chip above the pond with Hunt finding Jazz pointing on the opposite side of the island. Only feathers were found and both dogs were sent on across the pond. Jazz was found pointing to the left of the Log Cabin field Hunt had to enter very heavy cover for an extended flush for her dog. Chip scored a find left of the cedar rows. Before reaching the road Jazz was found standing on a dead bird and was sent on. Both dogs were found standing behind the Silo. Kiracofe flushed and shot and took Chip on while Jazz needed to be relocated on her bird, with all in order. Both dogs finished on the river bottom.

The twelfth and final brace was HITS FOR PETE'S SAKE (Kiracofe) and RJA'S PAW-Z-TRAC (Anders). Point was called for Pete before the pond showing nice style with all in order. Meanwhile Trac had a find at the Log Cabin showing excellent style and manners. Left of the cedar row point was called for both dogs with one on either side of the bushes. Birds were flushed in the center and shots fired. Both dogs were sent on with point being called for Trac just after the bear trap, where his handler flushed a covey. Trac stayed solid at flush and shot, and was sent on. A short time later Trac was seen pointing and Anders found feathers and took him on. Anders called point again behind the Silo to the far left on the edge of the woods again with style with excellent manners. Pete finished his hour on the river bottom. Trac's finish on the river bottom was the strongest of the stake having made strong forward casts and having handled the entire hour with little hacking or scouting.

# Specialty Shows

## NORTHERN NEW ENGLAND Saturday, March 15, 2008 Fitchburg, MA

Northern New England Brittany Club went indoors this late winter to join the New England Sporting Dog Association in showcasing our versatile breed. Focus was directed to the show quality gun dog that we strive to produce according to the dual concept. Exhibitors evidently agreed with this move and brought 47 fine dogs to the ring.

Up and coming puppies were judged by Andrew Batey who chose PARADISE' SPOT T' ON! as Best in Sweepstakes and SOUTHGATE-TONAN'S TO DIE FOR as Best of Opposite. In the regular classes, judge Lorraine Bisso found what she liked in the first dog in the gate, LOCKRIDGE'S SOMETHING TO BE PROUD OF, and gave him Winners and Best of Opposite. TRIUMPHANT'S ABSOLUT' ON ICE skated to Reserve. The girls were not to be outdone as TONAN-RAO HOPE TO GO WITHEFLO took the purple ribbon and Best of Winners. Reserve went to SOUTHGATE-TONAN'S TO DIE FOR and Best of Breed was CH TONAN-HOPE'S ROCKIN THE BOAT. It was a very good day for Nancy Morabito and Doug Tighe!

Well deserved applause greeted our veterans who continue to shine. CH SWIFT RIVER'S WISH ON A STAR CDX was named Best in Veteran Sweepstakes and Opposite was CH ROBARK BEBOP TIPCANU TYLER TOO JH. The final competition of the day was for Best Gun Dog and it went deservedly to CH SWIFT RIVER'S COAST-TO-COAST JH.

This show happened because NNEBC was forward thinking enough to keep pace with the sporting group and bring our breed into the limelight. The support it received is appreciated. Thank you to all exhibitors. Many thanks to club members, David Smith and David Hayes, who generously contributed to its success. Linda-McCartney-Roy produced a handsome trophy display. Priscilla Thibodeau pulled together a fine raffle table on very short notice and John Poland made it profitable with his usual flair. Finally, thank you to the Officers and Board of NNEBC for letting me fly with this new project with hopes that next year it will be an even more special event.

# 2007 Futurity Litter Nominations

as of April 30, 2008

Submitted by Judy Graves, ABC Futurity Secretary

TRACKER®

Listed below is the information for the 108 litters (325 male and 328 female pups were produced) eligible for the Futurities, to be run during the Spring of 2009. All litters were whelped during the calendar year 2007. If any litters have been left off the list, misspelled names, or incorrect/omitted titles, please let the Futurity Secretary know, so the records can be corrected.

Individual final forfeit forms (due September 15th) will be mailed to the breeders of these litters and to owners who requested to be on the mailing list in July or earlier, once section locations have been approved. If you have a pup from one of them, you should receive a form from

the breeder. If you do not, contact the breeder and request a form or contact the ABC Futurity Secretary, Judy Graves, 1076 County Rd. #415, Friedheim, MO 63747; phone 573-788-2208, cell 314-517-7317, e-mail [Judyg235@aol.com](mailto:Judyg235@aol.com).

Individual forfeit forms for the three sectional Futurities – Eastern, Central and Western – whether for All-Age, Gun Dog or Show – MUST be received by the Futurity Secretary no later than September 15th. All September forfeits will be acknowledged by mail or e-mail. If you do not receive an acknowledgement within a reasonable time (10-14 days) contact the Futurity Secretary immediately at the phone number or e-mail above.

## Leader or Friend

By Arlette Hennessey

Being a Leader or a friend to your dog that can make the difference between having that companion that looks to you as a leader with a "What we gonna do now boss?" behavior to a dog that mostly has their own agenda and has a "Yeah I will be right there" type behavior. It doesn't matter if you have hunting dog house pet or service animal, if you're not the leader then they will be and when the dog is the leader of the pack this will be more often than not be a frustrating relationship and this is how many dogs end up at rescues, the pound or reside in pretty unbalanced households.

With years of working with animals from obedience to fun shows as a kid to horse training to cattle dogs and bird dogs, one of the most important things I learned is that with dogs and horses they are pack animals and pack animals need a leader, and this imprinting needs to start as a young animal. Leadership is very important and there is a huge difference between Leadership and dictatorship. Dictatorship is an over board control which leads to many undesired behaviors specially when your dealing which hunting dogs stickiness lack of style to blinking birds.

Animals start to learn from imprinting at a very young age after the eyes and ears open around the 21st day they start with interaction amongst each other each day they play more and more with each other then between 4-5 weeks of age they also start to role play growling showing dominance and also subordinate roles. The 5-6 week old stage of life they start to become more self investigative and the things they learn start to become ingrained, at 6-7 weeks of age though pups go through many small changes you can start to see some long term traits which each pup will have as they mature granted any trauma may cause some drastic changes but with a nurturing

environment the basic being of a dog is there for the natural traits. Also through a nurturing environment one can actually help bring a young dog along to learning the desired traits but traits can be trained and taught but over all the demeanor of a pup or dog is going to be an individual characteristic of that certain animal for instance GENERALLY Speaking a dominant pup unless there is some super dramatic happening will always test their parameters where a soft submissive dog to do things will need more softer encouragement type training or what many refer to as a very soft training method regardless of what method any training must be done with getting a pup to learn with in their realm of their attention spans. So when you bring them home as puppies you can start with simple things as laid out in puppy foundation and even the intro in to the field it can also be very helpful in laying a leader foundation from the start.

When you are imprinting and pre-training a pup you will see as a pup matures they will go through different phases, from absorbing things you show them to testing parameters. At about the 8-12 week age you may see a fear stage set in for a week or so where a pup will become apprehensive during this time it is important not coddle any timid or scared behavior your best off just ignoring it making no issue either way this will imprint on the pup how to further react to situation If you act like nothing is wrong that is what they will learn, if you are abrupt and yell they learn to fear situations and if you coddle the scared behavior they will learn a reward for the fear behavior.

It is also important to remember training as a pup to young dog is merely introduction work and should be made light easy small simple steps to success and do not set a time limit for your sessions because as soon as you set a time limit on a session you have set up a session

for failure. If you get a desired result on the first try quit especially when you first start training this applies more so to puppy but it also can apply to older dogs which are just starting a new training or a new thing. If you have to make back track to get a desired result your best off doing that. If it takes one minute or 5 get the result in small steps don't be afraid to stop and quit on a good note you can always build up. If you over work or make your sessions last longer then the pups attention span you can sour them out and they will not look forward to working sessions and that will make for harder training sessions down the road.

On a rough average a young pup – a year though they are always learning and all training during this time needs to be short sweet simple sessions and leave them wanting more. What you are doing during this time of life is actually putting in the building blocks towards a solid foundation. To apply full adult dog training on a young dog or a dog which isn't mature enough will only result in a pressured dog which many undesired behaviors will show up in many ways, for bird dogs it can show up as a lack of intensity, blinking, burn out to name a few of many things which are directly caused by pushing a young dog to hard and to fast.

Once the dog matures and has properly learned commands then one can start to be a bit more demanding in training, such as asking for a command to be followed through for longer and longer amounts of time or more combining of commands taught such as here and whoa. But you still want to always end your session on a good note even if it means back tracking to something you know the dog does well on.

At about the 2 year old stage the dogs will go through another testing stage. So until a dog has tested and been corrected a couple of times they basically are still very much in the learning process and the training will go through waves where they seem to understand things very well then on day it is like someone turns the switch off where you have to take some steps backwards to end a training session on a good note so the dog starts to totally buys in to what you the leader really wants. And basically until a dog has gone through these phases of, turn you off I forgot everything, and you have worked them through it letting them know what is expected from them with corrections at the times of breach of manners you will not have a broke dog. Even dogs which many would consider broke will one day test you, it is just in the animal's nature to do so and when they have those momentary lapses and get the corrections at the time of infractions that is what turns a dog in to that great trained dog trailers and hunters are proud of. But if those little tests that are not corrected at the time of infraction they can turn into undesired behaviors or what many would call un-training.

So being a good leader means you will correct the dog right as the infraction happens and never hold a grudge. Watch a momma dog with her obnoxious pup bouncing in her face she will quickly snarl and snap pup yelps mother is trotting on like nothing ever happened and pup has learn getting in moms face may not be the thing to do. If you remain on top your dogs training they will remain a good companion. If you keep training sessions where you can set a dog up to do right, the learning curve will drastically go up.

## MEMBERS OF THE AMERICAN BRITTANY CLUB

**Give the gift of a new membership... to give the opportunity to someone to learn about and participate in the American Brittany Club.**

This membership campaign is really quite simple, we are asking every member to donate/sponsor a membership in the American Brittany Club. This "gifted" membership might be to a puppy purchaser, or a friend/acquaintance who has a Brittany. All of us encounter people who may just need a little encouragement to become members.

This can work, but it is totally dependent upon your support. Please use the ABC application form in the back of the magazine to enroll a new member today. You may donate/sponsor multiple new memberships. The names of new members & ABC sponsors will be published in the magazine on a quarterly basis.

**THIS IS OUR CHANCE TO MAKE A DIFFERENCE!**

# American Brittany Club Futurities

## CONDITIONS AND RULES

- American Brittany Futurities shall be open to every purebred Brittany bitch and all her progeny whelped during the calendar year of January 1 - December 31 and whose litters have been enrolled with The American Brittany Club.
- Bitch must be owned or leased by an American Brittany club member.
- All dams nominated and all sires bred to must be registered or eligible for registration.
- **Nominations of dams must be made within 30 days after the bitches have whelped.** A sum of \$30.00 must be paid at this time. This payment will entitle each puppy of this particular litter to be entered in the ABC Futurities (Field and/or Bench) after the dog has been properly registered in a recognized stud book.
- **Late nominations subject to a \$30.00 penalty**, in addition to the \$30.00 nomination fee. Applications **WILL NOT** be accepted after 90 days of whelp.
- Nominations of dams may be made on or after January 1 of any year and shall close positively on December 31st of that same year.
- Dogs will be eligible to run in the designated futurity to be held in the Spring of the second year following the year of whelping.
- A final nomination fee will be due by September 15th of the year following whelping and entry fees will be paid prior to each futurity field or bench event the dog enters (to be paid by owner of puppy.)

**THE AMERICAN BRITTANY CLUB, INC.** is a member club of the American Kennel Club and is the recognized breed sponsor by the American Field.

The Club is composed of many Regional Clubs located from coast to coast. Most hold a licensed AKC field trial for championship points in the spring and fall seasons. Many hold a specialty (conformation) show and hunting tests. The Regional Clubs hold meetings to discuss mutual problems, fun trials, training sessions and other events of interest to their members.

**BECOMING A MEMBER:** Full membership in one of the Regional Clubs carries an automatic membership in the American Brittany Club. Full Membership cost is \$30.00 per year and \$3.00 per year for each Associate Member. Regional Clubs may charge higher dues. You may apply to join the Regional Club located nearest to you, or if there is none in your area, you may become a Member-at-Large of the American Brittany Club. Joining a Regional Club will afford you with the most opportunities for interaction with other Brittany owners.

**GIVE A GIFT MEMBERSHIP:** We are asking members to give a gift membership to a puppy purchaser, a friend or acquaintance who has a Brittany. All of us encounter people who may just need a little encouragement to become members.

1-866-BRIT911

The purpose of the American Brittany Rescue, Inc is to take in abandoned, lost, or surrendered Brittanys; to evaluate them; to provide all necessary veterinary work; to provide rehabilitation when needed; and to place them into suitable permanent homes.

It is also ABR's purpose to provide education and support for these new owners; to promote responsible dog ownership; and to provide public education for the humane care and treatment of all domesticated animals.

American Brittany Rescue Inc, was formed in 1991. ABR is a cooperative effort of Brittany owners, breeders & fanciers who believe we have an obligation not only to our own dogs and the dogs we produce, but to all dogs of our breed.

We are a growing group of volunteers in the U.S. and Canada dedicated to rescuing homeless Brittanys. When we began there were about 6 volunteers helping Brittanys in the U.S. Through the years, many wonderful, dedicated volunteers have helped us grow into a forward looking, innovative non-profit organization. In 2007, over 1,000 Brittanys were helped by ABR with the assistance of over 800 volunteers. Those numbers continue to grow. ABR works cooperatively with vets, shelters and other rescue groups to save as many of the Brittanys we find out about as possible. Each Brittany who we are able to take from a shelter makes room for another dog to be saved.

Senior Brittanys are important to us. Too often, when there are too many dogs and not enough places for them to go, it's the seniors who lose. So ABR has developed creative ways to help them.

**THE JAKE FUND** was named for a 10 year old rescued Brittany and was created to help cover those extra costs that older Brittanys sometimes have. This fund is not geared toward heroic life saving treatments. It is to ensure a better quality of life for the senior dogs and has a lifetime limit of \$300 per dog. Money donated to the Jake Fund is used to help defray the cost of long term medication, diagnostic lab work, special diets, teeth cleaning, and other costs associated with owning an older dog.

**THE SENIOR COMPANION PROGRAM** allows an active adopter aged 65 or older who chooses to adopt a Brittany aged 8 or older to have the adoption fee waived. This program can benefit not only our older rescued dogs, but also older owners who want to provide companionship and a home for one of these special dogs. Older Brittanys, like their human counterparts, live a longer, healthier life if they're able to spend it with people who are able to appreciate and care for them.

**THE SENIOR RETREAT**

**THE SENIOR RETREAT** has been a long time dream of ABR members. In 2007 a Senior Retreat Committee was organized. It is their 5 year goal to turn our dream into a reality. The Brittany Senior Retreat will be a multi-use center able to house up to 20 Brittanys. It would include training areas, meeting rooms and recreational grounds. We want the center to facilitate community activities and different dog club / rescue activities. Our intention is that income from use of these portions of the facility will help defray the costs of caring for the senior dogs and upkeep of the Senior Retreat so **this facility can be self sufficient.**

Many of our senior Brittanys will do Therapy Dog Training which may help them find homes of their own more easily. Although some Brittanys may come to the Retreat to spend the rest of their days, most will be looking for homes to call their own. The Senior Companion Program may help make that possible.

We are looking at properties in Illinois. This would be centrally located for dogs coming from all parts of the U.S. and Canada; there is a large and active volunteer pool in Illinois; we have formed alliances with vets in our target area; and we have a fairly good record of placing older dogs in this area.

The Senior Retreat will not be a place to save dogs by extraordinary means. But it will be a place for older, healthy dogs to live in dignity when they would otherwise die in a shelter - simply because of their age.

For more information about any of these programs, contact us at [info@AmericanBrittanyRescue.org](mailto:info@AmericanBrittanyRescue.org)
