### Objective and Purpose:

To promote cooperation and friendship among the breeders and owners of Brittanys and to encourage higher standards in breeding, training and showing of Brittanys in the field and in the show ring; to discourage the breed from becoming split into groups of "field dogs" and "show dogs" and to strive to keep it forever a "dual dog".

# Brittanys...

This column originally appeared in the January 2004 issue of the AKC Gazette and is reprinted with permission. This Breed Column is written by Dorothy Macdonald.

## TEMPERAMENT

A Brittany is first and foremost a bird dog, a hunting companion, and a family friend. A Brittany is not a guard dog. He is usually a pretty good watchdog as he likes to pay attention to everything going on around him; however, he probably won't take any overt action because he just likes people.

A Brittany should also get along with other dogs. It would not be much fun to go hunting with a friend and have to spend the time breaking up two aggressive dogs. Equally unacceptable would be a Brittany on the breakaway line more intent on fighting his bracedmate than getting ready to take off.

Brittanys tend to be that difficult combination of stubbornness and softness that requires very careful training. Convincing a Brittany that your way is the only acceptable way without pushing him to the point of saying "This is no fun, I quit" can be like walking a tightrope.

Almost all Brittanys work on the premise "I am going to do what I want – if it pleases you that is a bonus, but it is not what I had in mind." He can indeed be infuriating, but always should he be friendly. He truly is very fond of his owner, just somewhat opinionated.

There is no place in the competitive world (show, field, obedience, etc.) for any aggression in a Brittany. Even more importantly, there is no place for aggression in the Brittany breeding world. An aggressive temperament is against the entire essence of the breed both historically and today.

Obviously there is room for differences of opinion as to what constitutes the ideal Brittany both in conformation and in performance. If this were not so there would be no more shows or field trials; the computer would just accept the entries and mail out the ribbons – not much fun! But there must not, and cannot, be any difference of opinion as to what constitutes good Brittany temperament. Growling at a person or making an unprovoked attack on another dog is *not acceptable*.

Even if a Brittany demonstrates good potential in conformation or performance, if he or she lacks the very essence of correct temperament they have no place in any breeding program. Above all we must protect our breed from losing the very essence of Brittany – a superb bird dog wrapped in a small package who is truly a friend to all the world.

# - Reflections -

*There are names of dogs and people we hear mentioned from time to time, but do we really know anything about them other than they are names that we know belong to someone or a dog that was important to our breed. In scanning the old magazines this month, I came across this obit for FC Torchy of Lionheart. I was struck by the statement that Torchy's sixteen placements in All Age Stakes was unequalled by any other Brittany Spaniel in the United States. That made me wonder how many clubs were in existence during the days he was running. I went back to the 1950 issues and happened on a chart of club growth during the years of 1942 through 1952. In 1942 there were 48 Members at Large in the ABC and no regional clubs. That number grew to 113 members by 1946 with no clubs. In 1948, Michigan had 70 members, North Jersey had 19, and there were 98 Members at Large. During 1951-52 (the beginning of the decade when Torchy ran), ABC had 429 members with the following eleven (11) clubs: Michigan 93, Midwest 75, North Jersey 47, California 40, Ohio 37, S. New England 22, Illinois 21, Hoosier 21, Cent. New England 15, Pac. Northwest 15, Pennsylvania 7, Members at Large 36. Today's membership is somewhere Between 4300 - 4500 with 87 regional clubs across the U.S.*

*Everyday I hear complaints about how far people have to drive to get to field trials (esp. with the increases in gas costs), or we have too many trials that cause too many conflicts. Weighing what it took to get to trials during Torchy's days, I'd say we have the better opportunity to enjoy the sport, our Brittanyys, and the Brittany family in the first decade of the 2000's. Those 3 things are what drive us to do what we do as it did those who went before us.*

## Torchy of Lionheart is Put to Eternal Rest

By Seymour Lewis

(Reprinted from *The American Brittany*,  
Vol. XI No. 12, December 1960, page 29)

*"So they passed, a pageant  
Such as only gods could witness much,  
Life and death upon one tether  
And running beautiful together."  
(Robert P. Tristram Coffin)*

**Torchy of Lionheart**, one of the greatest of our modern Brittany Spaniels went to his eternal sleep

with the immortals of bird-dogdom at nine o'clock in the morning Thursday, October 13, 1960 at the age of 15 years, 27 days.

The record of Torchy is magnificent. Sixteen placements in competition with all comers in All Age stakes is, an unequalled record for Brittany Spaniels in this country. Six first places and one second in the Annual California Brittany open out of seven times put down in these stakes was an amazing feat.

**Torchy Of Lionheart** by **Commando de Klememor** out of **Annette de L'Rae** was whelped September 16th, 1945. He became the life long property of Marion F. Baker of Woodland, California just after he was two years of age. "The Saga of a Brilliant Brittany" by W. V. Anderson in the January 15th, 1955 edition of *The American Field*, depicting the team work of this unique yet wonderous pair Torchy and Baker, is an enthralling story of fact.

In the May 1955 Edition of *Sports Afield*, Henry P. Davis announced the selection of **Champion Torchy Of Lionheart** as a member of the **Sports Afield'** All American Team of Brittany Spaniels. Through his exploits in the field trials sponsored by the American Kennel Club he won his points to be acknowledged as a "Field Champion in 1955."

Bred approximately fifteen times, many of his get have won placements in Field Trials all over the country. Two truly prominent winners are: **Torchy of Lionheart II** owned by Baker, and **Ripple**, owned by Mike Burgwin of Vancouver, Washington. Torchy was a prolific sire as evidence that in being bred to one bitch three times, each time the litter had fourteen puppies.

However, in the last several months of his full rich life **Torchy** suffered with agonizing arthritis. To rise from a prone position was fraught with the severest of pain. Then in order to recline once again the once stout heart and body would suffer almost unbearable tortures. Marion Baker knew that the dreaded moment was at hand. He knew what he must do. He called the veterernarian in for the final act of true compassion. Now **Torchy** is tucked in well beneath the sod in the Yolo County he coursed so brilliantly and well during his effer- vescent years.

# Judge's Education

by: Diana Kubitz

We've come a long way baby! I remember taking my first judge's education seminar from Joel Evans – too many years ago to remember. Kitty Murphy was taking the seminar a well. We had lively discussions, but few props designed to demonstrate what we were trying to explain.

When Jodi Engel took over the job of judge's education, she did so determined to make it better. She did so in spades. Jodi put a better presentation together than we had had in the past; she introduced the use of the "bean bags" to demonstrate the weight of birds that our dogs might have to retrieve and brought the seminar up to par with other breed presentations.

I've told you before that Jodi was so dedicated to this committee that she left me with several tasks that she wanted me to get done. The first and maybe the most important task was to get some "field" video from the trials. We now have DVD's of the National Gun Dog Championship and of the National Open All Age Championship that are available to use in the presentation. As I explained to the participants of this year's breeder's seminars, it's easier to bring the field to the show judges rather than take them to the field.

Jodi's other burning passion was to get the presentation on-line so that judges and "newbies" could view whenever they wanted to. Steve Ralph made that wish come true this past year when he put the judge's education presentation on the ABC website. It can be found in the first column of downloadable forms.

With the help of Linda Elbert and Jessica Carlson we were able to get some new slides that showed more clearly what we were trying to demonstrate. Jessica just sent me a new CD of photos that we'll be using in the next update. Linda is in the process of putting the presentation in the order in which it appears in the standard. We hope that this will make the presentation easier to follow for the judges.

Linda came up with a huge winner when she made 17 ½ and 20 ½ cutouts to demonstrate the difference 3 inches can make in the size of the dogs. It also is another chance to tell the judges that our standard height does not differ from males to females as it does in most other sporting breeds.

I made a "bird" board with representations of the various birds our Brittanys could be asked to find. As I explained in the breeder's seminars, with the show judges we have to get down to basics because most of them will have never seen a dog in a hunting experience, let alone a field trial.

We hope that all of these "props" help us better explain why and how our dogs do what they do. Explaining form and function can be difficult, but we are coming a lot closer to the mark these days. In some sporting breeds form and function is no longer important. That's why you see such diversity between show setters and field setters, to name one example.

In our breed we are and always have been committed to keeping our breed "forever a dual dog." Judge's education will be an ever changing, on going pursuit of the proper tools to demonstrate the form and function of our breed. If you haven't seen a breeder's seminar in the last couple of years, you might want to spend the time when it's offered. I don't want to bore everyone year after year, but I do want everyone to see the updates we've made. You need to know what we are telling the judges about coat and grooming – things that could impact you're winning or losing. It's also a great place to brush up on what you already know or bring a newbie to guide them through the learning process. Lastly, there are things that breeders need to know – things they are ignoring, but are about to catch up with them.

The shoulders in our breed are getting awfully straight. We aren't looking for or seeing "balance" in the dogs in a lot of cases. Our FEET are getting so bad; it's hard to look at them. Flat feet are not proper

in a sporting dog. As breeder's we shouldn't have to be told about form and function within our breed, but it's something that is being ignored.

We need to mix more of the cream cheese with the strawberry jam. Show dogs need to be bred to field dogs to help keep the look and "type" of the breed. The show dogs need to be bred to the field dogs to keep the "bird dog" in the breed. If we continue to breed show to show and field to field, the dual dog will be a thing of the past. I don't think that's what the majority of the Brittany world wants.

There are also a lot of folks out there that have dogs that could be show champions or could be field or amateur field champions if given the chance. But this one likes shows only and those folks only do field work. I have yet to really, truly meet someone that wouldn't be interested in having a dual were they offered one. So the next time someone says; "you know I think that dog could show and probably be a dual," don't say I'm not interested. Say, "well, let's give it a try." Same is true of the show dogs. If someone asks, "how your dog does in the field," go find out.

I can see some of you squirming in your seats right about now, grumbling on how Diana is losing it. I might be losing it, but not where this is concerned. Remember back when Marvin and Karen Stout, and Jessica Carlson had those lovely show dogs? The Stout's now have THREE Dual Champions and one was runner-up in the National Gun Dog Championship this year. Jessica's dual is lovely and she placed for the second time in the National Open All Age Championship this year and won the Dual Dog Award. These folks gave the field thing a serious try and boy were they successful.

I know that I do things a little differently than has been done in the past. I don't just pick the top 10 Brittanys to show the judges as demonstration dogs during a seminar. I show them as many colors as I can find, as many field hard dogs or dual quality dogs that I can find and throw in those top 10 dogs as well. What we are teaching the judges is to not mistake a muscle for a mutation or something requiring surgical removal. We are showing them properly marked Tri's so they know the difference. I also include in the judge's packets a square of black paper and instruct them to use it if they can't tell liver from black in the ring. It seems it's not enough to say if the nose is liver, the dog is liver and if the nose is black, the dog is black. I'm hoping this small square of black will remove the confusion.

Judge's education will always be changing. As you send me your questions and your concerns, my committee goes to work to try to find solutions. I have to thank everyone on my committee for all their dedication and hard work. I also have to thank the board for complying with my request to make the judge's education even better. We'll be getting a projector for my computer to be used in presentations. We'll be able to do the presentation anywhere there is electricity in the future.

The Board also approved my recommendation that we tell AKC that we'd like judges who judge Brittanys to take our judge's education every five years. Some of the judges aren't going to like that much. But as our breed changes, so must our presentations. The American Brittany club can help that measure by not hiring judge's who don't fit that criteria. The same goes for regional clubs. If you would like to have the list of people that have taken judge's education, that list is available. I recommend that any club holding a specialty should hire from this list. I keep it updated and it's easily attached to an email. Some of the folks have taken the seminar multiple times, that demonstrates to me that they care enough about our breed to want to do it right.

Judge's Education is a work in progress and always will be. I think it's the best way to keep our breed "forever dual." I hope you think so too.

# American Brittany Club

## ~ Code of Ethics ~

Adopted November 30, 1996

*The following principles are to be used as an Educational Guide and a Tool for Brittany Breeders for the purpose to develop more Genetic and Disease Free dogs, while being ethical in all matters with the Public and with our Peers.*

### **Objective and Purpose:**

To promote cooperation and friendship among the breeders and owners of Brittanys and to encourage higher standards in breeding, training and showing of Brittanys in the field and in the show ring; to discourage the breed from becoming split into groups of "field dogs" and "show dogs" and to strive to keep it forever a "dual dog".

### **Ethical Breeders Should:**

- 1 - Comply with all ABC and AKC rules and regulations.
- 2 - Maintain a high standard of health, care, and cleanliness for dogs under one's care.
- 3 - Truthfully and realistically represent the Brittany being bred and/or sold in terms of Quality, Health, and Genetic History. Refrain from breeding a bitch or using a stud until they are two years old.
- 4 - Consult with your breeder and with knowledgeable, experienced members of the ABC, Regional Clubs, or local Kennel Clubs to broaden your understanding and knowledge of the history of the breed BEFORE breeding your Brittany.
- 5 - Breed only stock which are physically and temperamentally sound and in good health. No dog or bitch should be bred that is known to have serious inheritable defects or genetic diseases, such as:
  - Canine Hip/Elbow Dysplasia
  - Primary Epilepsy, a seizure disorder
  - Eye disorders - Retinal Atrophy
  - Undescended testicles
  - Heart defects
  - Extreme shyness/viciousness
  - Other inheritable diseases or defects
- 6 - Not attempt breeding without the ability to distinguish between correct and incorrect physical attributes. This ability requires a careful study of the Breed Standard, principles of genetics, and a study of both the sire and the dam's pedigrees. Breeders should study and learn the good points within our dogs, looking to both field ability and conformation.
- 7 - Have their breeding stock OFA (Orthopedic Foundation for Animals), GDC (Genetic Disease Control) or PennHip certification numbers for hips on, at least, both the sire and the dam; preferably for three generations on both sides of the Pedigree. In addition, other tests (brucellosis, eyes, elbows, and other unspecified test) should be declared in agreement between owners of the sire and dam prior to breeding.
- 8 - Refuse to sell to commercial wholesalers, retail brokers, or research laboratories.
- 9 - Have tails docked and dewclaws removed soon after birth. Prior to the sale of the puppies, initial shots for known infectious diseases should be given and worming administered. A buyer should be supplied with a four generation pedigree, registration certificate, information on all veterinary care, and instructions for the care, feeding, and training of the Brittany.
- 10 - Remember your responsibility as a breeder does not end with the sale of the puppy. A breeder should have contact with the buyer of a pup throughout the life of the dog. This information will enhance breeding knowledge and improve the foundation for a good long-term breeding program. This will also help your Regional Club to grow with new members and possible participants and workers.
- 11 - Use spay/neuter agreements and/or consider limited registration if it is known or believed to manifest hereditary defects detrimental to the breed. THE LONG TERM INTEREST OF THE BRITTANY SHOULD BE THE GOAL OF EVERY BREEDER.
- 12 - Consider DNA finger printing for all dogs in your breeding programs.

### **Ringside Observations Criterion**

Ringside mentoring has been going on since the implementation of the present policy in January 2000. It has been highly successful and controversy free until its replacement of In Ring Observation opportunity was announced. Then detractors found a myriad of problems with it and reasons why it would not work. Ironically ringside mentoring is the most frequently used aspect of mentoring already listed under the mentoring component.

A mentor is an individual with whom a prospective judge has established a long term, ongoing relationship with. He or she may or may not mentor ringside.

A ringside observation may be experienced with an applicant's long term mentor or a designated ringside mentor. The ringside mentor may become a long term mentor or not. Three Ringside Observations will be needed to satisfy this component.

The majority of Additional Breed applications currently considered list ringside mentoring experiences as part of the mentoring process. They are not disruptive and have been going on hardly noticed.

Host clubs are not obliged to provide space or resources.

Judges may receive one component toward the Additional Breed requirements for Ringside Observations which meet the following criteria:

- ❖ **Observer must be approved to judge at least one breed.**  
*(This component only applies on Additional Breed applications. New Breed Provisional Judges may observe ringside, however)*
- ❖ **Observer may observe with parent club approved mentors or breeders with a minimum of 12 years experience breeding, exhibiting, or judging the breed in conformation. Observations with mentors not meeting the criteria will not be accepted.**  
*(Mentors will be permitted to participate on days they are exhibiting up to the class in which they have an entry. They will not be allowed to participate thereafter except at National or Regional Specialties where formal ringside mentoring is organized by the host club (This is as it has always been). Mentors will be asked to document their own experience on the Observation Form when they sign it).*
- ❖ **There must be adequate entries for the breeds observed. Smaller entries may require more observations.**  
*(Two entries of 50 plus dogs observed may satisfy this requirement; whereas three observations of seven or eight dogs meet the requirement but do not accomplish the greater objective. Sincere effort in the other three components will be expected).*
- ❖ **Observer and mentor must properly complete an Observation Form which must be submitted with the application for that breed.**
- ❖ **A minimum of three ringside observations for each breed requested including at least 2 majors.**  
*(As stated above, the observation of fewer large entries may satisfy this requirement. "Large" means 50 or more. Three "Majors" may satisfy the requirement but are not "Large" entries).*
- ❖ **Judges may observe at shows where they are judging.**
- ❖ **Judges may mentor at shows where they are judging.**

# News from AKC...

## AKC Rule Change Allows Owners to Rename Their Dogs

[March 25, 2008] – The American Kennel Club® (AKC) is pleased to announce a registration rule change that now allows owners of AKC registered dogs to change the official name of their pet. Dogs are eligible if they were born in the U.S., have never been bred, or have not won any awards at an AKC event.

"We have a lot of interest from AKC registered dog owners looking to rename their dogs," said David Roberts, AKC's Assistant Vice President of Registration. "In most cases, the dog is a beloved pet and the owner would like to pick a name that has special value to them. The new rule allows owners to change the name when transferring their AKC registered dog, or to request a name change at any time."

Previously, a policy was in place that only allowed the owner to change a dog's name if the dog had been individually registered by its breeder and the request was accompanied by written permission from the breeder. The new regulation reads:

*"The name of a dog registered with The American Kennel Club will be allowed to be changed provided the dog was whelped in the United States and in cases where the breeder(s) first individually registered the dog, their written consent would be required. A dog name containing a Registered Kennel Name cannot be changed without the written consent of the owner(s) of that Registered Kennel Name.*

*However, no change in the name will be recorded by The American Kennel Club after the dog has produced or sired an AKC registered litter or received an award at an AKC licensed or member event.*

*Any name change must comply with all AKC requirements."*

The service fee for a name change is \$25. The Dog Name Change Authorization form is located online at <http://www.akc.org/pdfs/ADCG01.pdf>. The completed form can be faxed to the AKC at: 919-816-4261 or mailed to the address on the application.

# American Kennel Club Cautions Owners: Pet Theft on the Rise

Date of Article: April 08, 2008

## **- Dog Owners and Breeders Advised to Keep Dogs Safe at Home and on the Road -**

The American Kennel Club® is warning pet owners and breeders about an alarming rise in dog thefts in recent months. From parking lots to pet stores and even backyards, more dogs are disappearing. In the first three months of 2008, the AKC has tracked more than 30 thefts from news and customer reports, versus only ten for all twelve months of 2007.

Media reports have chronicled the escalation of these "dog-nappings" from all around the country. Incidents have included armed robbers entering a breeder's home, tiny puppies being stuffed into purses at pet stores and most recently, purebred pets being snatched from cars in parking lots and even shelters.

"The value of pets in people's lives has been on the rise for a long time and now we are seeing thieves trying to capitalize on this. Whether they seek to resell the dog, collect a ransom or breed the dogs and sell their offspring, thieves seem to be attuned to the increased financial and emotional value pets have in our lives," said AKC spokesperson Lisa Peterson. "Losing a treasured family pet is devastating to the owner."

"Criminals look for weaknesses and exploit them. They know pets can't protect themselves, so that means owners need to be alert," said Lt. John Kerwick, a law enforcement K-9 handler and the President of the U.S. Police Canine Association, Region 7. "Be wary of anyone who approaches you and asks too many questions about your dog or where you live. This is a red flag that they may be out to snatch your pet."

Peterson added that "These 'dog-nappers' are misguided and naïve. They're stealing living beings, not jewelry that can be pawned. Plus, it's unlikely that they can sell the dogs for high prices without proper registration papers, and these inept criminals are not realistically going to collect a ransom. Caring for a dog – and especially breeding – is a time consuming endeavor that requires a lot of knowledge. Thieves will find themselves with a frightened and confused animal that needs a lot of care."

The AKC offers the following advice to prevent your "best friend" from being a target of a crime:

### **At Home**

- **Don't let your dog off-leash** — Keeping your dog close to you reduces the likelihood it will wander off and catch the attention of thieves. A Saint Bernard that had wandered away from his owner in Nebraska was snatched up right off the road.

- **Don't leave your dog unattended in your yard** — Dogs left outdoors when no one is home for long periods of time can be potential targets, especially if you live in a rural area and the fenced-in yard or dog runs are visible from the street.
- **Keep purchase price to yourself** — If strangers approach you to admire your dog during walks, don't answer questions about how much the dog cost or give details about where you live.
- **Breeders need to be aware of home visits by potential puppy buyers** — Criminals posing as would be "puppy buyers" have visited breeder homes to snatch dogs, while other homes have been burglarized when the owner was away. From Yorkies in Los Angeles to Bulldogs in Connecticut, thieves have targeted young puppies of these highly coveted breeds.

### **On the Road**

- **Never leave your dog in an unattended car, even if it's locked** — Even if you are gone for only a moment, an unlocked car is an invitation for trouble. Also leaving expensive items in the car such as a GPS unit or laptop will only invite thieves to break and possibly allow the dog to escape.
- **Don't tie your dog outside a store** — This popular practice among city dwelling dog owners can be a recipe for disaster. Reports have surfaced of such thefts in Manhattan. If you need to go shopping, patronize only dog-friendly retailers or leave the dog at home.
- **Be vigilant when entering or leaving establishments or venues catering to dogs such as grooming salons, veterinarians, doggie day care or hotels** — Be aware of your surroundings, such as slow moving vehicles, or people watching you and your dog. Carry pepper spray as a precaution and, if possible, don't walk alone late at night or stay in a well lit area.

### **Recovery**

- **Protect your dog with microchip identification** — Collars and tags can be removed so make sure you have permanent ID with a microchip. Keep contact information current with your recovery service provider. Several pets have been recovered because of alert people scanning and discovering microchips. For more information and to enroll your pet in a 24 hour recovery service visit [www.akccar.org](http://www.akccar.org).
- **If you suspect your dog has been stolen** — Immediately call the police/animal control in the area your pet was last seen.
- **Have fliers with a recent photo ready to go if your dog goes missing** — Keep a photo of your dog in your wallet or on an easily accessible web account so that you can distribute immediately if your pet goes missing.

# 2007 American Brittany Club National Specialty Show

November 23 - 25, 2007 • Fort Smith, Arkansas

Reported by Nancy Anderson, Show Chairman

TRACKER®

The 2007 National Specialty Show was held November 23-25, 2007 at the Holiday Inn-Civic Center in Ft. Smith, Arkansas. The show superintendent was Roy Jones Dog Shows. There were 234 dog entered in this show for a total of 387 entries along with 10 dogs in rally for a total of 12 rally entries.

On Friday, the rally and obedience competitions were held and judged by Mr. James J. Ham. High in Trial and High Combined in Trial was Lane's End Fortune owned and handled by Kathleen Sweet.

On Friday afternoon, Diana Kubitz conducted a judges' seminar, and, later that evening, conducted a breeders' seminar

On Friday evening, Doug Tighe and Nancy Morabito held seminars for our juniors about grooming and handling their Brittany's. Later that evening, Lt. Col Wayne B. Fessenden served as a judge for a handling competition between juniors and adults. He handed out quite a number of "dum dums" to those adults who chose to "put themselves on the line" against our talented juniors. A few "seniors" received "smarties" for handling their dogs well. An entertaining, fun and friendly competition was enjoyed by all who participated. We also want to thank those who donated the bags and "goodies" in them for all of our juniors. These young people are the future of our sport and we need to encourage them in every way we can. We can't wait to see what is in store next year for our juniors!

Junior Showmanship was the first competition held on Saturday, November 24 with 20 juniors entered. Katelyn Ford was selected by Dr. Eric Liebes as Best Junior Handler.

After Junior Showmanship, Dr. Liebes began judging the sweepstakes and veteran sweepstakes completion. The results are published with this report.

Lt. Col. Wayne B. Fessenden judged the stud dog, brood bitch, and brace classes with a nice number of entries. From what I have heard, a number of people have enjoyed having these classes held on Saturday prior to the regular class competitions.

While these competitions were being held in the hotel ballroom, Ben Goff, a volunteer, worked in a nearby hallway and administered the AKC Canine Good Citizen tests and Therapy Dog International tests to those interested in obtaining these certifications for their dogs.

After lunch, Mrs. Ann F. Yuhasz judged the dog conformation classes.

On Saturday evening, a number of people went to the annual auction held in Booneville at the trail grounds.

On Sunday morning, Mrs. Yuhasz judged the bitch classes.

During the judge's lunch break, we held the Parade of Titleholders, Parade of Veteran Titleholders and Parade of National Field Championship Qualifiers; two of our Directors handed out the rosettes to participants. In addition, a Parade of Juniors was held and the Matthew Paul and Jeremy Mark Savage Memorial Trophy was presented to Katelyn Ford, Best Junior Handler.

The Best of Breed competition began at 1:30. Best of Breed for 2007 was CH Sanbar's Call When Readied owned by Polly & Robert West and handled by Amy Booth.

Again this year, I want to thank Purina, Tri-Tronics and Tracker, and all of those who served as committee chairmen and for all those who volunteered to work, ranging from hanging the plastic, handing out trophies, serving in hospitality, "policing" the surrounding grassy areas, to taking down and hauling out all that plastic. Thanks to all of you who sponsored trophies. Without those of you who are willing to give of yourselves and your time, we would not be able to hold this show.

Thanks to all the participants and attendees. Things are well underway for the 2008 and 2009 shows.

# American Brittany Rescue Starts Fundraising Program to Save More Senior-Aged Brittanys

*"The Senior Retreat" may have found a home in Illinois*

CENTERVILLE, MD – In an effort to make sure more senior aged Brittanys are saved, American Brittany Rescue, Inc. (ABR) has begun fundraising efforts to purchase a physical location for the Senior Brittany Retreat. This program will have a location where senior Brittanys can come when there is no available foster space for them. Some will still be available for forever homes, while others will spend their remaining days at the retreat.

ABR currently is able to save many senior aged Brittanys every year, but more are lost because homes are not available. In 2007, more than 1,000 Brittanys were helped by more than 800 ABR volunteers across the United States. Of those dogs, 67 Brittanys between the ages of 8 and 14 years of age found new homes. Not all of them were placed by the Senior Companion Program, but that program has helped. To date, more than 17,000 Brittanys have been helped ABR since it's creation in 1991.

These senior Brittanys can offer years of companionship and happy memories. They're calmer, and often just as active as their younger counterparts. The average lifespan of a Brittany is 12-13 years. But sometimes, their ages can make them harder to place in forever homes.

The Retreat will be a multi-use center able to house up to 20 Brittanys and will include training areas, meeting rooms and recreational grounds. ABR wants the center to facilitate community activities and different dog club/rescue activities. The intention is that income from use of these portions of the facility will help defray the costs of caring for the senior dogs and upkeep of the Senior Retreat, to make facility to be self sufficient.

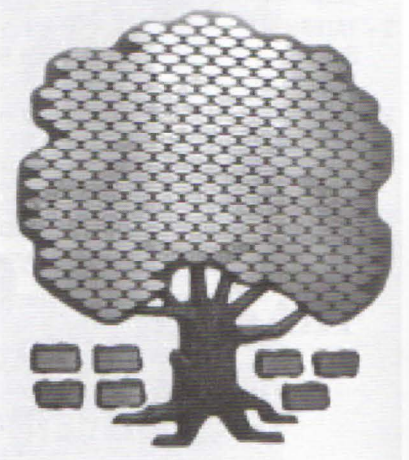

ABR has looked at several properties that already have a house and outbuildings that could be retrofitted to provide space for the number of dogs we want to serve. The organization is looking at properties with 10-20 acres of land to have space to put a building, if none exists, to be used as a training facility.

The Retreat will be a multi-use center able to house up to 20 Brittanys and will include training areas, meeting rooms and recreational grounds. ABR wants the center to facilitate community activities and different dog club/rescue activities. Another intention of ABR for the Retreat, is that income from use of these portions of the facility will help defray the costs of caring for the senior dogs and upkeep of the Senior Retreat.

At this time, Illinois is a prime location for ABR to call the retreat home. There are a large number of active volunteers, and the state is a good location for placing dogs that have come to ABR in search of homes. This would be safe environment for the older Brittanys, ABR would be able to care for 10-20 Brittanys there at one time. There would also be room to train some of the dogs to become "Therapy Dogs," bringing cheer and love to residents of local nursing homes and hospitals.

There are several levels of giving:

\$1 - \$99	You will receive a special thank you card from us.
\$100 - \$249	As a Retreat Champion you will receive a Champion pin and will be acknowledged in the ABR Newsletter.
\$250 - \$499	A brass leaf will be placed on the giving tree. Two lines of engraving will allow you to tell us how you would like your donation to be remembered.
\$500 - \$999	A silver leaf will be placed on the giving tree. Three lines of engraving will allow you to personalize your donation.
\$1,000 - \$2,499	A bronze leaf will be placed on the giving tree with 4 lines of engraving available for you to designate your message.
\$2,500 - \$4,999	A medium "stone" plaque will be engraved for you and placed at the base of the giving tree.
\$5,000 - 9,999	A large "stone" plaque will be engraved for you and placed at the base of the giving tree.
\$10,000 - \$99,999	A special plaque will be placed on the giving tree wall and can include a picture of your dog(s).
\$100,000 +	A special "stone" plaque will be engraved and placed at the base of the giving tree. In addition, you will have the option to have your name on one of the dog suites which you can furnish. A plaque will be placed on the door to this suite indicating that you donated it.

The "Giving Tree" will be seven feet tall.

#### About American Brittany Rescue

Founded in 1991, American Brittany Rescue (ABR), headquartered in Earlville, IL, is a nationwide a cooperative effort of Brittany owners, breeders and fanciers who believe we have an obligation not only to our own dogs and the dogs we produce, but to all dogs of our breed. Since its founding, ABR has rescued and placed in either permanent homes or foster homes, nearly 1,000 Brittanys per year; dogs who have been mistreated, abused, abandoned or given up by their families. ABR works cooperatively with vets, shelters and other rescue groups to save as many Brittanys we can, as soon as we find out about them. In addition to providing veterinary treatment to the rescued Brittanys, ABR has volunteers across the country, working with prospective adoptive families, doing fund-raisers and working to spread awareness about the Brittany breed.

## RONALD L. ZOOK

June 06, 1934 – March 10, 2008

By Mary Jo Trimble

On March 10, 2008, I lost a good friend and the American Brittany Club lost one of its staunchest supporters and hardest workers. Due to declining health, Ron chose to not run for re-election to the Presidency of the American Brittany Club after serving in that capacity since

2002. Ron took on his responsibilities as President with a passion to make the American Brittany Club one of the most efficient breed clubs in the United States. His drive to create excellence in every facet of the club and yet his ability to direct volunteers in a professional manner sets an example for clubs everywhere.

Ron brought to the ABC a background of knowing how to deal with people and state officials. He worked for 40 years with the Ohio Department of Transportation as assistant director and chief engineer. Ron was a member of the American Society of Highway Engineers and held numerous offices and committee appointments among the Engineering Community. He was a member and former Chairman of State Government Engineers Committee, National Academy of Science, as well as other professional organizations which he served until his untimely passing.

With the American Brittany Club, he served as an East Central Director from 1965-1991, Fourth Vice President from 1997-1999, and President from 2002-2007. During his time as President, he took on the added responsibility as head of the Magazine Committee. He worked to end the proposed USFWS mandates to end all field trialing on Pittman-Robertson funded grounds. Losing the fight to save Ohio's Killdeer Plains Grounds weighed heavily on him during his last months. In 2002 his dog FC Pistol Pack 'N Walker won the National Amateur Championship. Ron was elected to Life Membership in the ABC in 2005 and the ABC Hall of Fame for Distinguished Members in 2007.

He is survived by his wife Rachel. In one of our last conversations he told me how wonderful Rachel had been to care for him and put up with all the plans and preparations he was trying to accomplish during those last months. He was preceded in death by son Dwight in 1979.

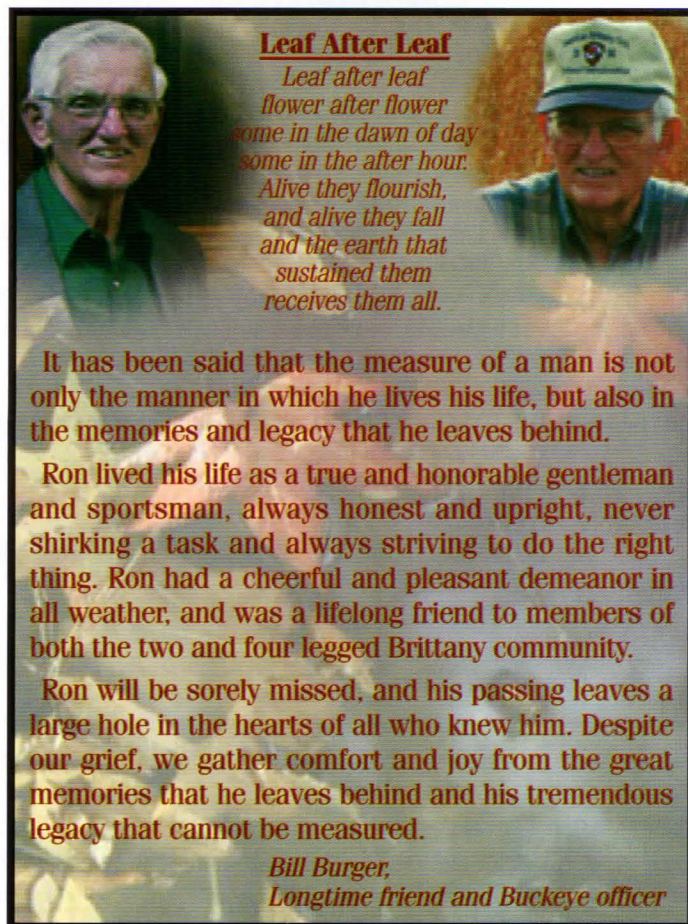

We will miss you my friend. Thank you for serving our breed and our organization and setting an example of true unselfish dedication and hard work that will hopefully live on for years to come. You were a gentleman and a true leader. You were never afraid to make the tough decisions or to say thank you to volunteers for a job well done.

We Thank You.

We were deeply saddened to hear of the loss of Ron Zook. As President of the American Brittany Club we found Ron to be a fair-minded and reasonable gentleman, always willing to do whatever it took to get things done. We will miss his friendly voice and words of advice, but especially his friendship which was genuine and true. It truly is an honor to have worked with and known such a man. We offer our sincere condolences to Mrs. Zook and the American Brittany Club. Yours is truly a great loss.

Sincerely,  
Ron & Veleta Smith

## A Brittany with Something to Give

A Brittany named Bandit (Thunderpoint Prince Bandit, JH), owned and bred by Bill Houghtaling from Michigan had love to share with patient Merle Trenary, head of Pheasants Forever Branch County. Merle first got acquainted with Bandit when Bill was asked to bring Bandit to hunt for the handicapped. Bandit would go on point and hold without distraction as they would bring Merle in on a ATV so he could try to get a shot at the pheasant. Merle may not have shot the pheasants but did enjoy being out in the field pheasant hunting.

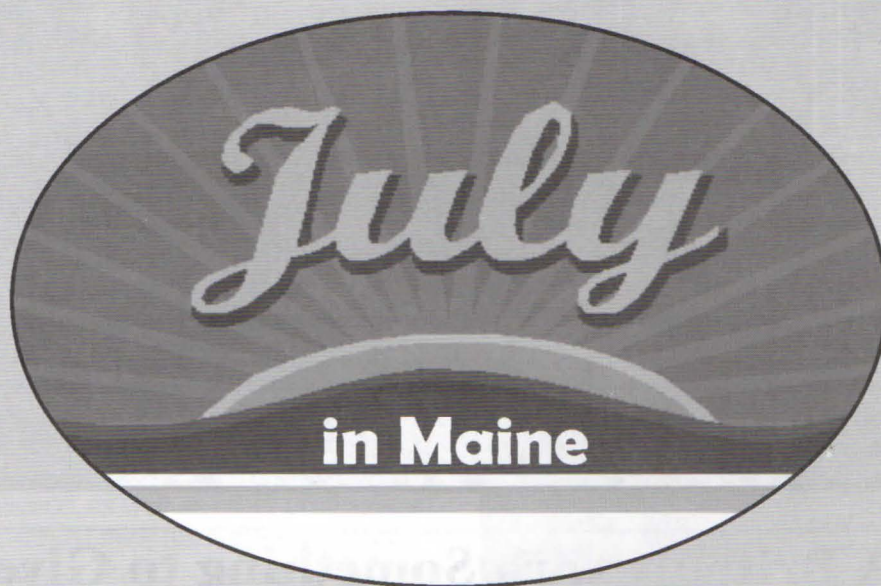

Merle and his wife have four Brittanys and were very active with the dogs, at least until his diabetes got too much for him, and at the end became a double amputee. Bill and Merle became friends through their mutual interest in Brittanys, and did some training and hunting together with their Brittanys.

Merle's wife had permission to bring a Brittany to his hospital room and asked Bill if he would bring one of his Brittanys to visit Merle in the hospital as it would mean a lot to Merle. Bandit and Bill were able to make two visits before they lost Merle. The picture was taken in January at Foot Hospital acute care in Jackson, Michigan. Bill spend most of the first visit with the Hospital HR people having Bandit screened. Merle was wearing his Pheasants Forever cap on their second visit on January 16, just three days before his passing. Bill is so glad he and Bandit had the opportunity for the visits. Bandit also works part time on a hunting preserve guiding hunters.

# Starting Your Pup in The Field

By Arlette Hennessey

Starting your pup in the field, be sure to make sessions fun and within their attention spans. I like to start my puppies when they very young letting them explore open areas and investigate. I also like to put out a good flying quail for them to find and play bump and chase with learning how to point for themselves. Letting pups learn things for themselves helps build confidence and desire. And if a young puppy happens to catch the quail and they carry it around this to me is a start, of letting a pup learn how to retrieve, getting them to retrieve can be worked on down the road. BUT, Once a pup has caught a bird it is a good idea from then on, to go to check cords so that they are not allowed to continue catching anymore birds as this will lead to undesired behaviors real quick, but a pup from 5-12 weeks of age I do not worry about a catch and will not make an issue of it either.

I also start pups on a chain gang and let them watch and learn with older dogs being taken out and then they can also hear gunshots in the distance. you can continue helping a pup learn to stand still you're your near by when you go to approach a pup to take them off the chain gang, move towards them when they are standing still for the pointing breeds or sitting still for the retrieving breeds. If they begin to bounce around stop advancing towards them if they try and lay down and rolling on their backs I will back away from them till they're upright. With time patience and consistency they will learn to stand still when approached.

We will do little point and back exercises with the pups, quietly, helping them to learn to stand there while a bird is flushed out for them only advancing to the bird as they are standing still. Again it is important that these sessions are fun for the young dogs and pups.

Then when the pup is about 4 -6 month of age we will introduce the launchers and let them run and find the pigeon if they bust in on the bird we will pop the launcher in helping them to learn to point. Then we will go back to the check cord to help them learn to stand for the flush as they mature. All training is with in the realm of the pups/young dog's attention as applying to much pressure before they are mentally ready or pushing to fast will lead into undesired habits and behaviors as the mature. It is important to keep things fun for them.

There is a lot that can be accomplished in the first year and season for a young dog helping to direct them and making it fun will help for future polishing for the trailing and hunting dog. But one has to remember a 6 month old pup that is doing quite a few things right is still a young dog maybe well introduced but is not a seasoned/broke dog and treating them as such will also be setting the dog up for failure as it matures.

Here is a list of Dog Training Gems which can help you and your dog to be a better team and are words to live by

## Dog Training Strata-Gems

- Whatever you **allow** a dog to do; you **teach** a dog to do.
- Never give a command you are not willing to, or in position to, enforce.
- There are no time tables or short cuts, dogs (and trainers) proceed at different paces... "it takes as long as it takes" and "you can pay me now or you can pay me later".
- Proceeding too fast will more often cause more problems than proceeding too slow.
- Dogs learn through **C**onsistent **A**ssociation and **R**epetition (CAR).
- You can't make a Bird Dog without birds.
- Dogs respond better to physical cues then they do to verbal cues. Keep voice and whistle commands to a minimum.
- A high Prey Drive will solve a multitude of sins. There is no such thing as a dog with too much prey drive.
- Dogs don't grow **out** of behaviors they grow **into** them.
- Allow a dog every chance to succeed. You should never set your dog up for failure (unless you are aversion training).
- Don't confuse range with obedience.
- Try to always end a training scenario on a good note; this is as much for the trainer's confidence as it is for the dogs. Nothing builds confidence like success.
- You can hunt or win with any dog except one that is lost; you need to always have control of your dog.
- Never miss an opportunity to train.
- No dog was ever trained through frustration or anger. If you are frustrated then you are doing something wrong. Quit, think it over and start fresh another day.
- Always have a plan before going to the field and always be willing to modify the plan.
- Find a good training system (one that has proven results) and stick with it. Changing systems mid stream or "mixing and matching" will lead to confusion.
- Learn to read your dog; he's got a lot to tell you.
- Timing is everything; anything that interferes with your timing interferes with your training.
- The dog is a pack animal; you must be the pack leader. That is the **ONLY** way your dog will respect you.
- Distance, Duration, Distractions. Keep them to a minimum when you introduce a command to a dog and then slowly increase each individually as the dog becomes more familiar and comfortable with the command or the learned behavior.
- Control your training environment. This includes dogs, birds and people. Anything that you can do to better control the environment will result in a superior training session.
- The best trainer in the world can only get 100% of what is "in" the dog back out. The better the genes, the higher the potential of the dog. The better the trainer the better the chance of getting 100% out of any given dog. No matter how great you think your pup is, "you can't teach a pig to sing. It wastes your time and irritates the hell out of the pig".
- Anticipate your dog's next move and be ready. The second you take your eyes off of your dog or put yourself in a position to not be able to correct him, he will digress and you have missed an opportunity. If you should miss an opportunity, let it go and learn from your mistake. **No correction is better than an ill timed correction.**
- Keep it light and fun for both you and the dog. We all have good and bad days, if you or the dogs are having a poor outing, quit for the day. If you have a string of bad days, find a good pro and get some advice!
- Like any other discipline, it's easier to train a dog with the proper tools. This includes collars, leads, electronics and most importantly information. Skimp on the quality of any of the tools and you are skimping on the quality of the training. If you want a good dog, be prepared to invest in good tools.
- Always use the lowest amount of stimulation possible while still maintaining compliance. If you are getting to the point where the dog twitches or vocalizes on electronic stimulation, immediately go back to mechanical stimulation in the yard before returning to the field. Electric stimulation simulates mechanical stimulation. **Stimulation is not about pain.**

Simple as these rules sound it is so easy to forget simple basics which can help make a session go smoother by getting a smaller steps right. And also remember the quality of time spent is more important then the quantity of time Up until a pup has matured there is many things that can be done to lay a solid foundation for future training, with out the need of trying to make them a fully broke dog. There is no such thing as fully broke dog but there are many super well trained dogs. These dogs become very well trained through seasons of repetition and handlers which never miss an opportunity to train. By being a constant leader your dog will be a better constant companion.

# Field Trials

## East Coast

### SUSQUEHANNA Wellsville, PA October 5-7, 2007

By Bob Youngs

The Susquehanna Brittany Club ran its annual fall field trial over the privately owned farm grounds of the York Pointer and Setter Club, just outside of Wellsville, PA. Mowed fields, tree lines just beginning to show the splendor of the fall foliage, along with dark brown leaves on some trees that serve witness to the drought this region is suffering from, were the setting of this three day trial with 122 dogs going to the line. Temperatures were higher than normal setting records on Saturday and Sunday in the low 90's.

Friday morning we feared fog, but were lucky as it stayed overcast and misty until mid-morning when the mist and light fog were burned away along with the good scenting conditions that we had experienced earlier. Twenty-six dogs went to the line in the Open Limited Gun Dog. Chris & Kim Rider's COLD MOUNTAIN came to do business this day and scored both on the ground and on birds to garner the 1st place win today. Fast and to the front always, yet under control at all times was his way of going. Second place brought Jim Carter's PETER GUNN to the winner's circle also with a red ribbon, 2nd place as his reward to start the weekend following his trip all the way from southern Georgia to be with us. Third place was BOURBON'S STRAIGHT UP with a snappy, forward race that remained to the front for his half hour down. He ran in the heat of the day when bird work was at a premium with the temps reaching 91 degrees, setting a new record high temp for our area along with lots of humidity. He had one nice find. Fourth place was awarded to Jason Umberger's ALLMAC'S REMINGTON STEELE, another dog that ran in the heat of the day when scenting conditions were tough as well as breathing. A good race and bird work that pleased the judges made him the fourth place-winning dog this day.

We had lots of daylight and all the puppies on the grounds, so we ran them following the Open Limited Gun Dog on Friday afternoon. The Susquehanna Memorial Open Puppy stake drew a small, but talented group of puppies and what a way to end the day watching puppies find birds on the just completed gun dog course. Brian and Helen Riggles sponsored this stake in memory of puppies and young dogs they have loved and enjoyed in the past. In the future we hope more folks will bring young dogs to join in on the fun. Jim Carter again made the winners circle with his young pup, HOTRODDIN GRACE UNDER FIRE. She was fast and forward with a number of bird contacts that were fun to watch as each was like throwing another log on the fire with more and more heat with each bird. Helen Riggles ran a puppy, Cocoa, WILD MTN.'S HOT CHOCOLATE EXPRESS, owned by Mike Boydston. Cocoa ran forward as well, but just not as big as the first place dog. She also had many bird contacts that were handled with some of that wild puppy exuberance. The third place dog, ICE COLD BUD, was run by Bob Youngs for new club member, Dennis Green. Bud had a number of contacts, but his pattern was not always to the front. At times he was like an unguided missile that was looking for birds. He had three contacts with two birds pointed; he will be a boy to watch in the future. WILD MTN.'S THUNDER STRUCK, owned by Cary Crumb and handled by Helen Riggles, was fourth place puppy today with some nice bird contact and a consistent race that was to the front.

The Open All Age was to start Saturday at 7:15 a.m. to try to beat the heat expected later in the day. However, we suffered a 90-minute delay due to the fog. The fog burned off fast and we started about 8:30 a.m. and it got hot soon after. Once we got started Chris Rider hit

pay dirt with COLD MOUNTAIN again and scored another blue ribbon with him. Les Casselberry brought a young dog to the line and saw SCIRROCCO DEL PRADO bring the red home for Les and co-owner Sandy Sargent. Third place was awarded to BECASSE BANDIT with a couple classy finds and a nice back with a forward race. He ran in the morning heat that arrived as temps had climbed to almost 90 degrees by late morning. Fourth place was Bandit's bracedmate, CALISTAR DEL PRADO, a frequent visitor to the winner's circle. Star made it again today with multiple finds and a race to the front.

The Amateur Gun Dog saw Jim Carter, having made a trip back this year from Georgia, take the blue ribbon with his PETER GUNN dog running in the third brace. Bruce Conover's COVEYRISE THIS BUDZ 4 U was close behind in the second slot and running in the heat of the middle of the day. The third and fourth place dogs ran in the first and second brace. BOOTS CHIP OF CONJUROR BAY was ran by Ralph Kiracofe to third and Steve Lauterbach ran his young dog SPRING HILL PONCHO DEL PRADO to fourth place to start his winning weekend. Bird work was plentiful for all dogs in the stake with not many cutting their throats on the many finds they were having. Five to nine finds were common by the time this stake took place.

It was too late to run all of the derby dogs so we did chores and headed into the clubhouse where Dan Rein took charge of the evening and his crew. The ladies of the kitchen, Diane Rein, Marilyn Fenicle, Joan Warshefski, and Barb Youngs along with Dennis Green had a wonderful Happy Hour/Potluck supper prepared. We fed about 45 people and spent a few hours in the clubhouse after dinner with the awarding placements, enjoying the company of old and new friends, and the stories of dogs, kids, and days gone by. We also want to thank those who donated to the potluck supper. It all came together for a great evening of good eating and good conversation.

Sunday morning we did not have the fog and got going at 7:15 a.m. with the Open Derby. Young dogs and lots of birds are a real combination for fun and excitement! UPTOWN GIRL, run by Bob Youngs for owner and friend Dan Rein, had a fast, far forward race that was on the edge of control. She had two bird contacts with one being pointed with style. Second place was her bracedmate, HOTRODDIN GRACE UNDER FIRE. She was also forward and fast, but her bird work was not as mature on course. Third place was awarded to CHICK MAGNET, run and owned by Steve Lauterbach. He had a nice race that was forward, and, in the second series to see dogs on birds, he pointed with style in the woods. LIMITED EDITION was run by his owner Dan Rein. A forward race and nice stylish find in the second series earned him the white ribbon today.

The Open Gun Dog was our biggest stake and it took until almost 5:30 p.m. on Sunday evening to finish. By the end of this stake we had released over 125 birds on the single course we use for this trial. Owner Steve Lauterbach was called after the stake was over to let him know on his way home that he had been rewarded with the blue ribbon for an extremely classy performance with 6 or 7 finds and a great race that did not let down at all in the heat. Way to go Steve. Jimmy Wilkerson came with a dog he and Paul Snyder co-own. She made "everybody itch" with excitement. POISON IVY was awarded second place for Jim's efforts today with a number of good finds and forward race. Third place went to Chris Rider for owner Stanley Thorpe. COKE'S BARTON HILL BEAR was always in place, just hard to see from time to time with some really nice bird work. Bear is a young dog that we will see a lot of in the future. Jeanne Rozowski was in the ribbons from the tenth brace with DELANE R GEM DAN DEE another young dog that Jeanne has been placing for her and husband, Stan. A tough stake today that could have been blue for almost any of the placing dogs on another day.

A big thank you to all that came and to our crew headed by Dan Rein, the Field Trial Chairman. We had many workers from the club all pitching in again to help with

bird planting, happy hour, and getting folks to the line, and support for the club with entries. Special thanks goes to the ladies in the kitchen along with Dennis Green for great food and meals always ready to fill us between running all the dogs. Marilyn Fenicle as always had the Happy Hour/Potluck Supper ready on Saturday evening with ham, pasta, mac and cheese, lots of salad, and a bunch of deserts that made us all eat too much. Janet Green donated a couple of her homemade cheesecakes that were terrific as well. Folks have come to enjoy bringing a covered dish to contribute which the club appreciates as it all adds to the evening. Joan Warshefski helped in the kitchen as well as taking care of her Field Trial Secretary's job, along with Barb Youngs, Diane Rein, and Marilyn Fenicle, who enjoyed a good time outside of the dogs with lots and lots of that great food and plenty of smiling faces, and for this writer watching his 3, 7, and 10-year old grandchildren planting birds and riding horses in the gallery put a real proud grin on his face. Last but not least the club owes Dan Rein a big thank you for his work and devotion to making the trial a success. All went smooth and another great trial is under our belts. The members of the Susquehanna Brittany Club look forward to seeing you again in March at our spring trial.

**TARHEEL**

**The Leggett Farm, Danville, VA  
November 9-11, 2007**

*By Linda Ouellette*

The Tarheel Brittany Club returned to The Leggett Farm in Danville, VA to run our fall field trial on the championship quality grounds for another year. The excellent facilities offered by The Barn Gathering Place once again provided a perfect venue for meals, catching up with friends and even stitching a couple of quilt squares around the ample dinner table. The weather was perfect with fall temperatures and sun for the running of all stakes; only a bit of rain fell on Friday night which kept the birds in great shape on the course. Folks joined us from Ohio, Pennsylvania, Massachusetts and New Jersey as well as North Carolina this year. We appreciate everyone making the trip.

We sincerely thank our judges for completing their task in choosing the best dogs of the day, plus, encouraging trialers along the way with a word and a smile. We appreciate you all. Again many club members and participants lent a much needed helping hand during our trial. Hans Borgmann, Bruce Conover and Bob Anders planted birds for us – Thank you, again, guys! Richard Christopher gathered birds at dawn and helped Tom Tighe salt the courses each morning. Don Tellock helped Fred Strawson run the dog wagon and label each dog prior to the stake to be sure the correct bracemates were on the line. Judy Tighe kept the kitchen in order for the lunches with the help of Solange Christopher, Jodi Miller and Tania Lewandowski. With some judges lacking horses, Tom & Judy Tighe pitched in to provide mounts for them, plus for some of our handlers! The help of everyone – is so very much appreciated! Our members and friends are such a blessing! Thank you!

Although we had not planned a dinner on Saturday night, Ralph and Judy Kiracofe provided a stupendously delicious grilled venison entree for everyone! Judy Tighe added some of her yummy side dishes. Ralph and Judy had just returned from the Gun Dog Nationals where they ran the winning dog – Hits For Pete's Sake, plus took fourth with Conjouror Bay's Western Boots! How could you top that? Well, by bagging yourself a deer! You both are very special to share your bounty with us! Nothing can describe Ralph's marinated venison which he also grilled to perfection!

On the course, we also had some performances to knock at the door of perfection. In the Open Gun Dog, Richard Christopher handled GRIT NITRO BIF to first place. The judges commented that "Bif" ran a race that was forward, attractive and required no scouting or loud direction. Fred Potts and Lee Holbrook felt it was just the performance outlined in the standards and a very special win! Richard also won the Amateur Gun Dog with GRIT NITRO SMOKE the next day. Way to go!

The Kiracofe's earned top honors in the Open All Age with CONJOUR BAYS WESTERN BOOTS. BLAZE COUNTY PIKE was a close second, handled by Jim Winnen

Although we did not have enough derbies to run that stake, we had some nice puppies! Bob and Joann Anders brought out their newest youngster, RJA T-STORMS FIRE N SMOKE to win the blue ribbon. Tania Lewandowski's CAPEWINDS FINEST NAVIGATOR grabbed second place, making her drive back to Mass. a bit more fun.

Thank you all for joining us at the Leggett Farm. We will look forward to next year. Please make your plans for another visit.

## SOONER

### Lake Murray Field Trial Grounds Ardmore, Oklahoma November 2-4, 2007

By Gary Smith

It was a wet summer and the grass grew tall on the Lake Murray Field trial grounds, very tall. The hay baling was delayed, very delayed. The dogs that ran in the Sooner Brittany Club Trial on November 2, 3, & 4 enjoyed better conditions than the trials conducted on previous weekends, but had to cope with conditions unusual for the historic grounds at Ardmore, Oklahoma. Next year will be better.

This fall was the fifty-fifth consecutive year for the club conducting trials. Everyone who participates or just comes for lunch at the new building is appreciated. The building is the twenty-five year old dream come true of Sooner Brittany Club founders such as Beau Geste, Dub Emde, "Doc" Young, and Dr. John and Judy Webb. Many organizations made substantial cash contributions to construct the buildings and others contributed their labor. The result is a nice place to be in any kind of weather to congregate with friends and fellow sportspeople. Thanks again to the Weimaraner Foundation, Sooner Brittany Club, Lone Star Brittany Club, U.S. Brittany Open,

Indian Nations Brittany Club, Northern Oklahoma Brittany Club, Denton Sharp, Charlie Barbaree, E.J. Hall and the people at Lake Murray State Park for getting it done. The improvements to the grounds being conducted by the Arbuckle Quail Unlimited Chapter and members of the Oklahoma Field Trial Clubs Association will result in the grounds continuing to be one of the finest field trial venues in the country.

Thanks are due to Jimmie Smith for feeding everyone for a couple of days. Tom Milam, David Downing, Ken Moore and others kept both courses running smoothly. Jimmie Tucker took over the dog wagon duties for the ailing Rick Conner and did a great job. The folks that really work hard are the judges. Conrad Plevnic and Wesley Felt rode the Open All-Age and Open Derby stakes. Pat Kammerlocker and Dr. Bob Rankin watched the Puppy, Open Gun-Dog and Amateur All-Age. We are truly blessed to have people like this associated with our sport. Thanks.

## GREATER ST. LOUIS

Missouri Sportsmen's Grounds  
Grovespring, MO  
November 1-5, 2007

February's plans shattered by icy Nemesis gentle Tyche smiled this fall, bringing five halcyon days of Ozarks' brightest plumage to greet the Greater St. Louis gathering, with crisp mornings and warm afternoons; sunlight flashing on green valleys and flaming hills in that most beautiful of Elysian fields, the Missouri Sportsmen's Grounds near Grovespring, Missouri.

The delicious breakfasts and lunches by local Joan Covey, donuts and coffee on the course, and the evening meals and mingling arranged and cooked by trial secretary Pam Baird and gourmet chef, club president Burton Wice on Saturday, made this one of the most memorable trials of the year.

They came from all over to enjoy it, socialize, and compete, from Minnesota to Mississippi, and from New Jersey to Kansas, pros and amateurs, with some of the finest competitors in the country along.

Few dogs went without bird contact, as usual; some dogs which did not handle were temporarily lost; this is probably as it should be, the only problem being that two days of paradise were lost due to schedule slippage in earlier trials from another breed. Otherwise, more could have shared the experience.

It all began with the one hour Open Limited Hour Stake and ended with the half hour Open All Age stake. The results of this and the other stakes are as shown below.

Without the efforts of members Pam Baird, Al Gorrow, Ray Trimble, Tim Self, Dave Capstick, Burton Wice and Phil Corlew this trial could not have happened; others also helped. For fear of forgetting someone, their names are not mentioned. Thanks are due to the Missouri

Sportsmen's Association, and president Don Arnold, for allowing the use of these grounds, finest in mid-America.

The Greater St. Louis club, beginning in 1976 established an award for the winner of the Amateur All Age stake in honor of co-founder Roy Quick; a plaque on the wall is up to date with the winners from every year the stake was held through the last year. This year's winner of the Roy Quick Award was KT'S ARCTIC GLADIATOR, owned by Dennis & Lori McClary and handled by Tim Self, who has now handled and/or owned the Roy Quick winner six times, the first being in 1988 according to the records. As usual, Purina sponsored and assisted with this trial. Thanks to them and to Purina Coordinator Ray Trimble for their help with this enjoyable event.

## TEXAS COASTAL

**Boyd Ranch, Wortham, Texas  
November 9-11, 2007**

Our fall trial was held on new grounds close to Mexia, TX, leased by the Four Corners Assn. for trials and training. We thank this group of people for providing trial grounds to local clubs. The weather was warm and humid, not ideal for running dogs, but the course had several tanks and water barrels for the dogs. We had a good entry with 73 starters and appreciate other pointing breeds' entries and support.

All placements were well received from our slate of excellent judges: Charlie Collier, E.J. Hall, Terry Tuley, Kim Ochoa, Gary Smith, and Vic Carrington. We always thank our pointer and Brittany judges for volunteering their time to judge for us.

We especially thank members who helped put on the trial - Michelle Ligan marshalled the stakes, Larry & Patricia Mankin and Dave & Debbie Jones helped with cooking and providing food and drinks as well as cleaning up, getting birds and whatever else needed to be done. The Mankin's crackers and chili were a big hit and the chili was great on the hamburgers cooked by Dave Jones Saturday evening. Cindy Mantler's dessert and Sue Wild's muffins were excellent and didn't last long.

It was great to see our Texas friends with other pointing breeds as well as Brittany pros Ed Wild, Vic Carrington,

David Downing and new pro Brandon Jones as well as amateurs from Texas and Oklahoma. Casey Pack, who had never handled dogs before, placed and won; congratulations Casey.

To all who came and supported our trial: Good luck, good health, good trialing and we will see you down the road!!

## MEMBERS OF THE AMERICAN BRITTANY CLUB

**Give the gift of a new membership... to give the opportunity to someone to learn about and participate in the American Brittany Club.**

This membership campaign is really quite simple, we are asking every member to donate/sponsor a membership in the American Brittany Club. This "gifted" membership might be to a puppy purchaser, or a friend/acquaintance who has a Brittany. All of us encounter people who may just need a little encouragement to become members.

This can work, but it is totally dependent upon your support. Please use the ABC application form in the back of the magazine to enroll a new member today. You may donate/sponsor multiple new memberships. The names of new members & ABC sponsors will be published in the magazine on a quarterly basis.

**THIS IS OUR CHANCE TO MAKE A DIFFERENCE!**
