Objective and Purpose:

To promote cooperation and friendship among the breeders and owners of Brittanys and to encourage higher standards in breeding, training and showing of Brittanys in the field and in the show ring; to discourage the breed from becoming split into groups of "field dogs" and "show dogs" and to strive to keep it forever a "dual dog".

- Reflections -

The following is the second in a series of articles published in the *American Brittany* magazine in 1962. The first article which I reprinted last month in the 2008 December issue must have kicked off a series of articles to try and educate the non-competitive membership of what field trials were all about. Unless I get sidetracked, I will follow through on the remaining articles in the next few months. Hopefully it will show some of the thinking patterns of the club in the 1960's and how we arrived at the sport we participate in today.

As someone who sometimes gets breeder referral requests, people often tell me that they are not interested in a field trial or a show dog. I quickly tell them those are the only kind I know about and why those are the very dogs they should be interested in if they want a good hunting Brittany as these are the ones from proven stock that the breeders have tested and proven their off-spring do hunt and do so very well.

Part II

IN DEFENSE OF THE FIELD TRIAL DOG

(Reprinted from *The American Brittany*,
Vol. XIV, No. 3, March 1962, pages 14-16)

Much has been said – good and bad, of field trial dogs.

What is said usually depends on who is saying it, and whether he is a field trial enthusiast, or one whose primary interest in his dog is an accessory to his gun.

When the days hunt is over, the subject of the field trial dog may come up, and in effect there and then, the field trial dog is put on trial, with the prosecution bringing forth their opinions.

From the hunter, or the man who has seen one or two field trials, we hear, "I wouldn't own one of those wild-running pot-likkers!" – ". . . so far out, you'd need a 75mm rather than a 12 gauge – "I'd shoot that so and so if he didn't mind better than that, were he mine."

The hunter and his dog, are usually specialists of a sort, hunting principally in one area, under one set of conditions, and usually for one game bird, and so this remark is often added to those all-ready quoted, "I'll kill more pheasants over old Joe than you'll ever kill over that field trial dog. Of course, I don't know what he'd do on quail – never hunt 'em."

There is no doubt that the hunter, or better, the non-field trialer, has a right to these opinions, and a good reason for this opinion. When he is hunting, he wants to find game and bring it home. He doesn't want to miss anything, nor does he want any game sighted to escape his game pouch. His dog, then, should be a sure dog, dependable and well bent to the will of his master. Too much enthusiasm – too much fire and drive – would make the hunter's dog less dependable. To his mind, the hunter would think of owning a field trial dog, in the same way that a cow-poke would think of owning a thoroughbred. Probably would be great, but of no earthly use.

To this hunter the ideal dog then will be sure, dependable, and perhaps even a little mechanical, the proper dog for the situation. If he is just a little better, showing some class and style, his owner will be justly proud and supremely happy – all through the hunting season, anywhere from 11 days to 4 or 5 months of the year.

On the other hand, the opposite of this, or the field trial dog, is in the mind's eye of the hunter, a non-dependable, wild running, non-controlable dog that one could not kill game over.

Now, before attempting to show the other side of the story, we admit that this may be true in some respects when thinking about pointers and setters; and that is where – and why – we think that the Brittany has a lot to offer. One Brittany can be almost all things for his owner; trial dog, hunting dog, family companion, and even a show dog. So keep in mind that these remarks refer to the Brittany, as we attempt to defend the trial dog.

In the defense of the field trial dog, let us first state that his purpose is

to prove himself and his breeding. Field trials are meant to do just that – TRY the dog against conditions and his peers, so that the best dogs will come to the top.

This best dog must possess desire, drive, nose, bird sense, stamina, all in enough quantity so that he is always on the distant edge, – on the verge of not handling – 90 % broke – almost at any time, ready to go his way rather than that of his handler.

This is the dog that proves himself and improves the breed. If breeding from stock such as this is a notch less good than the sire and the dam, then a litter of better than average hunting dogs will result. If the get is as good or better, then a strain of very high class dogs may be developed. This is the teaser in front of serious breeders – the hope that keeps them trying.

So **point one** for the defense is that the field trial dog is the root of the breed for the hunting dog, and by constant trial, this basic stock is kept good.

To paraphrase this thought, don't knock the trial dog; he's the one that guarantees the hunting dog!

Point two is in rebuttal to the inference that "my gun dog is as good as that wild trial dog" ...points as well, handles birds as well, etc." The fact is, that the dog in a trial is in the spot light every second. He must look continually good. Every little error is counted against him. He must show continued drive, style, desire, courage, and bird sense. His manners must always be flawless. He must never let down – never show a soft spot.

The hunting dog on the other hand may let down, or may make a mistake and then later redeem himself with an acceptable bit of work. The trial dog seldom, or never, has this opportunity. Once he has cut his throat he is all through in that stake.

And he can't pick his opportunities. He must be as ready to go under all conditions, on whatever terrain is presented, and will be expected to function as well as his competition on whatever game birds are presented. He must show that he can meet and be the master of all competition, and under any circumstances; in pouring rain, or under a bright sun.

To the statement that it is not possible to hunt over field champion Brittanies, their owners will tell you that this is an unadorned untruth! Most field champion Brittanies are hunted over, and at one time or another have had almost every type of game bird shot over them. This often during the week, when they are trialed on the weekends!

The same owners will tell you that this dog knows the difference. With a shotgun behind him, he will pace himself to hunt all day, and hunt to and for the gun.

Take the same dog to a trial two days later, and he will show much the same reaction that the old fire dog will when he hears a siren. The result is an all-out effort for the length of the brace.

The only difference, the owners will tell you, is in conditioning. To run him for short periods previous to a trial so that he will not pace himself, but will pour it on for the full 30 or 60 minutes.

The explanation for this "Bi-dextrous" dog is simple!

In order to achieve this field championship, these dogs must also have better than average intelligence and ability to learn, and so can adapt and handle different situations.

It would not be easy to list the advantages, desirable characteristics, the good points of a field trial dog in a short space. The following will perhaps, come close to an honest summation of this trial dog.

Because he is the basic breeding stock of the better hunting dog, the field trial Brittany must reach to the extremes in all characteristics of the breed. He must be consistent, and as perfect as possible from start to finish, while under judgement. His intelligence, abilities and instincts that allow him to do this, will also cause him to be a gun dog of the highest quality, and using him as a gun dog will not harm his ability to perform in trials.

The final and most important point is this. Field trialing is a sport. As a sport, it is meant to be enjoyed, and the field trial dog allows his owner the opportunity of enjoying with him, The Sport of Field Trialing through 8 months of the year, as well as the short legal hunting season.

Hall of Fame Nomination Form

Closing Date for Nominations: March 1st

To be eligible, the dog must be dead. Date of death must be within the past 15 years. Nominees should be animals that knowledgeable breeders would look for in pedigrees when establishing or improving breeding programs. They should epitomize the dual ideal and during their lifetimes have achieved National recognition from Brittany fanciers for their show and trial (field and obedience) ability through successful competition on a multi-regional or National level, and/or that produced a high average of progeny from different dams or sires who were generally acknowledged as being of extra merit.

AKC Statement on AVMA Crop and Dock Policy

New York, NY (November 21, 2008) – The American Kennel Club® was advised this week of the AVMA's newly amended policy on ear cropping and tail docking following its adoption by the AVMA Executive Board at the recommendation of their Committee on Animal Welfare on November 15, 2008.

Historically, the AKC has worked closely with the AVMA to ensure that the rights of individual dog owners, and breed standards, remain protected. However, the AKC was very disappointed to not have been consulted regarding this latest iteration of the policy, despite having been in frequent contact with the AVMA in recent months.

At a joint meeting this Wednesday AKC explained to the AVMA that we recognize ear cropping and tail docking, as prescribed in certain breed standards, are acceptable practices integral to defining and preserving breed character, enhancing good health, and preventing injuries. These breed characteristics are procedures performed to insure the safety of dogs that on a daily basis perform heroic roles with Homeland Security, serve in the U.S. Military and at Police Departments protecting tens of thousands of communities throughout our nation as well as competing in the field.

Mislabeling these procedures as "cosmetic" is a severe mischaracterization that connotes a lack of respect and knowledge of history and the function of purebred dogs. Breed standards are established and maintained by AKC Parent Clubs (each of the 158 AKC registered breeds is stewarded by a breed-specific Parent Club) keeping foremost in mind the welfare of the breed and the function it was bred to perform.

As a not for profit organization that has been devoted to the advancement and welfare of dogs for 125 years, the AKC believes that all dog owners bear a special responsibility to their canine companions to provide proper care and humane treatment at all times and that responsible dog owners, in consultation with their veterinarian, have the right to make decisions regarding appropriate care and treatment of their pets.

AKC's policy on the issue, which remains unchanged, states:

The American Kennel Club recognizes that ear cropping, tail docking, and dewclaw removal, as described in certain breed standards, are acceptable practices integral to defining and preserving breed character and/or enhancing good health. Appropriate veterinary care should be provided.

Dog owners who would like to contact AVMA directly regarding their policy should direct comments to Gail Golab, head of the AVMA Animal Welfare Division: ggolab@avma.org or 847-925-8070.

The American Kennel Club Offers Tips to Help Winterize Your Dog

[Monday, December 08, 2008]

Cold weather brings its own safety and health concerns for both people and dogs. As a responsible dog owner, it is important to pay attention to your dog's well-being during the winter. The American Kennel Club® offers the following advice to help prepare your pet for the long, cold winter.

- * **Provide Plenty of Fresh Water** - Your dog is just as likely to get dehydrated in the winter as in the summer, and snow is not a satisfactory substitute for water.
- * **Provide Plenty of Food** - Feed your dog additional calories if it spends a lot of time outdoors or is a working animal. It takes more energy in the winter to keep body temperature regulated, so additional calories are necessary. Dogs that are kept indoors with the family and get less exercise during winter months may actually gain weight so keep an eye on his diet.
- * **Keep Your Dog's Paws Dry** - Rinse your dog's feet and dry them completely after a walk. This helps avoid tiny cuts and cracked pads. A little petroleum jelly may soften the pads and prevent further cracking.
- * **Groom Your Dog Regularly** - Your dog needs a well-groomed coat to keep properly insulated. Towel or blow-dry your dog if he gets wet from rain or snow.
- * **Keep Your Dog Warm, Dry, and Away From Drafts** - Adequate shelter is a necessity. Tiles and uncarpeted areas may become extremely cold. Place blankets and pads on floors in these areas.

Watch Out for the following winter hazards:

- * **Cold** - Don't leave your dog outside for long periods of time. Wind chill makes days colder than actual temperature readings, and dogs are susceptible to frostbite on their ears, tails, and feet.
- * **Ice and Snow** - Be extra careful when walking or playing with your dog outside. Your pup could slip or jump in a frozen lake, river, or pond and get seriously injured. Snow can muffle scents, and your dog can easily get lost.
- * **Carbon Monoxide** - Don't leave your dog alone in a car. It gets too cold, and carbon monoxide from an engine left running is dangerous.
- * **Antifreeze** - Although it smells and tastes good to your dog, antifreeze is highly poisonous and can be lethal.

[Tuesday, November 18, 2008]

The American Kennel Club® is pleased to announce that Nestle Purina PetCare Company is to become the official dog food sponsor of the AKC Registered Handlers Program (AKC RHP).

The AKC RHP establishes criteria and standards for responsible, knowledgeable professional handlers and their apprentices. All handlers and apprentices enrolled in the AKC RHP have made a commitment to follow the program guidelines and a Code of Ethics set forth by AKC.

The AKC RHP actively sponsors AKC Handling Clinics for adults and junior handlers at major dog shows across the country each year and offers the annual George Ward Scholarship Fund Award, a scholarship which AKC RHP apprentices can apply towards college course studies.

"We are very pleased to have Purina support this program," said Darrell Hayes, AKC Vice President of Dog Show Judges, who oversees the program. "It will enable us to enhance the program, ultimately benefitting not only enrolled handlers and their clients, but also young handlers attending our clinics."

"Nestle Purina PetCare is pleased to partner with the AKC in sponsoring the Registered Handlers Program," said Ann Viklund, Director of Marketing Operations for Nestle Purina Pet Care Co. "This project is a continuation of Purina's long-standing commitment to the dog show community and all of its constituents, including professional handlers. The clinics offered by the RHP will also enable us to help foster new participants into our much-loved sport of purebred dogs. This is a very exciting project for us, and we look forward to a long and productive collaboration with the AKC."

TRACKER®

Standing, left to right: Brian Hendrickson with Champion FC BJ'S BLAZ'N DAISY, judge Al Lucas, Gil Hopper with Runner-up FC/AFC WRIGLEY'S FIRST DANCE, Jane Hopper, Judge John Hott, John Henderson with 3rd place winner FC/AFC SUNNYVALE CINDY, Judge John Kline, Rob Ritcher, Larry Bates with 4th place winner DC/AFC SWEETWATER BILLY TUCKER and Sue Bates.

Thank you's to the many people required to complete a quality event like ours

- Brian Hendrickson, 4th Vice President and Chairman, who made sure everything ran smoothly.
- Chuck Schaefer, the Co-Chair, who lined up all the workers, and put out all the fires. Ably aided by his lovely wife Jill who worked the Calcutta.
- John Sala, as Stakes Manager, kept things moving and on time.
- The Ionia Grounds Committee, and particularly Wayne Warner, How could the grounds be better? The compliments from the participants were numerous. We all recognize the many hours of work required by many individuals to get them in this wonderful condition.
- The congenial Ron Gulembo, Course Marshall, rode every brace for 7 days
- Chuck Langstaff for driving the dog wagon everyday and Theda Langstaff, caring for all the participants, especially those on the wagon. The wagon was full virtually every day.
- Les Casselberry for handling the auction and calcutta with the help of Jill Schaefer and Leslie Hunt.
- Jane Hopper for transporting dogs, thus being able to see very little, but recognizing the importance of the job.
- The judges John Hott of Hoopston, IL, John Kline of Orlean, VA, Al Lucas of Midland, VA. They were keenly interested, affable, a pleasure to work with. They mingled in the evening, more than happy to discuss dogs.
- Cheryl Orange, Secretary for the Open and Amateur, her job starts well before the Championship and ends well after the trials. We are lucky that she is willing to handle this task every year.
- A huge THANKS to Jeff Currier and his crew for the great effort to plant birds every morning before the running. We only had one planter get lost this year.
- And last and probably most important, a huge thank you to Kathy Byrne. Who for 6 years has been the Hospitality Chairman. A job she starts doing in the summer: developing menus, buying food, preparing dishes, coordinating activities. We are so lucky to have her! The food was exceptional.

Thank you's to the following companies (thank these companies by purchasing these products when you have a choice.)

- Purina, for fine products and continuing support over many years. As a personal note, I have fed ProPlan for 11 years, and am thoroughly satisfied.
- Tri-Tronics, again, fine products and tremendous support for our sport it was very nice to have Jim Morehouse of Tri-Tronics join us again this year. We all know how they support field trialing and help us with our dogs. They also provided a Pro 200 for the owner of the winner. Jim assured us that Tri-Tronics will be coming out with a GPS tracking unit in the 1st quarter '09, I can hardly wait.

We had wonderful galleries for the event, with approximately 30 to 50 people on horses and 20 people on the dog wagon per day. The handlers, generally, put on a great show with their excellent dogs. I'm sure the wonderful weather (except for one day), and the fall colors made watching the dogs a more enjoyable experience. The only negative, scenting conditions were extremely difficult the first 3 days. An East wind and low humidity were the cause, but this said, virtually every dog had bird contact.

THE RUNNING

Brace 1 CH COUNTRY ROAD'S BOILERMAKER (Pete) (O-Stout's, H-Bob Burchett)/ FC BOOTS CHIP OF CONJUROR BAY (O-R&J Kiracofe, H-R Kiracofe) (I will give a more lengthy description of the course for this brace, so that you might have a better idea of what course one looks like. The course consists primarily of lines and edges.)

Breakaway at 8:17. Both were fast and forward with Pete being a little more responsive to the handler. A very interesting beginning brace. Chip had the first find in the Hire's line, about 2/3 of the way down. The bird rose as we approached, but Ralph didn't see it, so upon his arrival he attempted to flush, but when informed, he fired and moved the dog on. Chip regained the front after a field. At the NW corner of the Dogleg field, on the blind side of the little hill, both dogs were found with a divided find, with Pete buried and Chip on the edge. Chip exhibited very nice style. Both handled the situation well and moved on to flow through the course, with Chip being slightly more lateral. We went East through the Dogleg, then turned North, then through the three fields down hill to the Boy Scout Bridge. We then turn

West, down Cardiac Hill, across the creek and onto the Derby Course. On the South side of the East/West line by the Snowmobile parking lot, Pete went on point, Chip backed. Both dogs exhibited very nice style. After a flushing attempt, Bob elected to relocate and Ralph moved his dog on. While relocating, Pete bumped a bird and was up. He was doing a very nice job. Chip continued hitting objectives and over the creek crossing to the Gun Dog parking lot. As Chip reached the end of the hour he had slowed considerably.

Brace 2 BLUE ROCK'S DIAMOND GIRL (H-John Perry)/BEAN'S COOTER (H-Kevin Stonehouse)

Breaking away at 9:26. Both dogs were to the front to and through the Orchard, and along the woods edge that follows. As we came over the hill to the Shotgun Range, we saw Cooter swing on point on the North/South line, the bird pop and Cooter go with it. Then Diamond came in went on point at the same spot, then move off, then come back to that spot and reestablish point. John elected to move her on, as the bird had left. After crossing the Dike, and moving to course three Diamond seemed to hunt at a moderate range, trying to hunt all the cover, handling well. She was thorough with a pleasing gate. Diamond finished the hour birdless.

Brace 3 DC RICOCHET MAGGIE'S JAC (O-J&M Condron, H-J Condron)/UPLAND ACRES OVERLAND EXPRESS (O-T Burroughs, H-B Burchett)

Broke away at 10:42, in the island field on course 3, before descending to Shangri-La. At 11:03, point was called for Jac, by Scout Chuck Schaefer, in the field after the big bridge crossing. On the flush the bird flew over Jac, who showed excellent manners. Two minutes later, it appeared both dogs stopped, backing each other. The handlers had the dogs go forward, as this was being done the gallery rode up to dogs. Maybe the dogs did have birds. At 11:11, Jac roared in on a bird, which rose, and Jac was up just before the Gun Dog Dike. At the end of the next field, at 11:14, Bob called point near the end of the line. With all in order, the dog was moved on toward the big bridge. At 11:18 Bob called point in the second field after the bridge. A very stylish find, on the edge of the field. Bob kicked one bush and the bird was airborne, with all in order. We continued on with the dog running a nice race through subsequent field. Point was called at the end of the oblong field before the gravel pit, but this resulted in a NP. He finished the hour to the front.

Brace 4 AFC CASCO BAY JASPER (O&H-P Mazzaglia)/DC/AFC TRIUMPHANT'S HOT TO HANDLE (Nitro) (H- J Currier)

1:03 break away. The dogs were off and fast to the front, with Nitro WAY wider. At 1:10 point was called for Nitro, We had been going West, had just turned South toward the two ponds when the point was called two fields to the West, on the edge of the Barn field. Jasper continued South at moderate range (Jasper was like a different dog this year. Last year he was wild and the Tracker was required equipment to run him. This year he handled like a dream. Pete has certainly put a lot of work into this nice dog.) Jasper went on point in the middle of the horse path, at the turn in Hire's field, these were birds left over from the weekend trial (I planted the course). Jasper handled the situation perfectly with a small covey. Meanwhile, Nitro's initial point resulted in no bird, but as he was regaining the front he had a successful find at the NE corner of Hire's field. Jeff collared the dog and released him to the front. As we left the barn field, Jasper was on a line to the front and Nitro had bird contact in the line leaving the field on a dead bird. While this was going on, Jasper had a very stylish find on a bird in the field, just over the little hill at the entry to the Dogleg field. But Pete was suspicious that Jasper had bumped the bird, then pointed it. He elected to pick Jasper up, but was not ordered up. At this point Nitro's pattern changed from big running to hunting for the next several fields. Then when we hit the Derby course, after Cardiac Hill, Nitro opened up again, making nice casts. At 1:58, point was called in the clumps before the creek crossing. A stylish find on a pair of birds under an apple tree. Time was called as Jeff crossed the creek.

Brace 5 FC/AFC CONJUROR BAYS WESTERN BOOTS (O & H Judy Kiracofe)/DC RICOCHET HEMI BARACUDA (Buck) (O-M Condron, H-Bob Burchett)

Breakaway from the Gun Dog parking lot at 2:57. Both dogs broke away fast to the front. Through the Orchard, both dogs were taking lines and hitting clumps, with Boots slightly larger of the two, but handling a little more roughly. At the N/S line by the Shotgun Range, Buck went into a stylish point. Bob made a length flushing attempt, relocated, and after looking up and down the line Buck moved on. Then as the Marshall and Reporter were exiting the location, two birds were ridden up, about 20 feet behind Buck's point. Across the Dike, Boots had a well

handled find, and continued running hard to the front, but shortly after the half-hour mark, Boots shortened. Buck continued to run well, with minimum handling required. He finished the hour birdless, sort of.

Brace 6 BRITT HAVEN'S BLAZE OF GLORY (O&H-John Perry)/Bye

Breaking away on the upper course to end the first day, Blaze had a very nice gun dog run, but unfortunately had two NP's. There was one well executed find coupled with a STF. Blaze stayed busy and generally to the front with one absence. Another year and he may do very well.

Posted Dogs Day 1: None.

Brace 7 NAGDC/FC/AFC HIGH HOPES FLY BY NITE (Zoey) (O-C&A Cropek, H-AI Cropek)/BJ'S BLAZ'N DAISY (O&H Brian Hendrickson)

This proved to be a very nice brace, breaking away behind the Clubhouse at 8:19, under clear skies and 28 degrees. To Hire's House both dogs are taking the lines and staying forward. Zoey is requiring minimal handling, with Daisy being a little more lateral and requiring more handling, coming from behind only twice. At 8:28, Daisy had a STF at the crossing from Hire's into the Barn field, handled nicely. Then Zoey came to the line and intensely pointed where the bird flew to, but AI was unable to find the bird. He then relocated Zoey, who went right, AI walked left toward the horses and flushed the bird. Zoey didn't see the bird and AI took her forward to the front (what a way to get a NP, screwy). At 9:02, Zoey had a nice find on the N/S line entering the Derby Course, with Daisy stylishly backing from 60 yards. As we moved toward the Derby Creek, Brian called point for Daisy at 9:06. She looked very nice on point, unfortunately, it resulted in a dead bird. As we passed the Gun Dog Parking Lot, both dogs were left with Daisy slightly wider. At 9:14, Zoey entered the line before the Orchard, then Daisy arrived, both dogs out of sight. At 9:15, AI called point. When we rode in to view the scene, both dogs were standing and the judges ruled it a divided find. Birds were produced and both handlers fired. The dogs broke away and ran strongly to the end of the Orchard, where time was called. The divided find was a great find for Daisy as it was her only live bird find, and she certainly looked good on that find. Zoey also did very nice job in this brace.

Brace 8 FC TOLKA-BELLE O KID RUSTYS PRO (O Andy Kroll, H-B Burchett)/FC/AFC COLD MOUNTAIN (Tyke) (O&H-Chris Rider)

Breaking away at 9:32 into a large grass field, Rusty was off like a shot over the hill a 1/4 mile to the front, while Tyke took the left edge to the front. Both dogs ran strong to the front, across the Dike and beyond. Rusty being a little erratic, but running hard. At 9:58, Chris called point for Tyke, in a clump to the right after entering the Upper Course. Tyke handled this perfectly. Then, at 10:03, point was called for Tyke where we had earlier seen birds rise. But apparently, Ron G. misheard the point call, and Tyke was moving. At 10:09, Bob called point for Rusty, at the turn toward Eddy Road. After a lengthy flushing attempt, Rusty wouldn't relocate. Bob flushed some more, then got the dog to relocate, and an even lengthier relocation ensued, no bird was produced. At the end of the line approaching Eddy Road, point was called for Tyke and Rusty was backing. Both dogs exhibited wonderful style. 10:22, Bob called point for Rusty on the second cross line after Eddy Road. Bob produced a VERY large covey, with all in order. Bob's shot was extra loud, as two blanks fired at once. Tyke had now lost his zip. It's too bad, Tyke is a very nice dog. Rusty did a very nice job throughout his hour.

Brace 9 FC/AFC BEBOB FINNEGAN'S HOLIDAY (O&H-R Gorman)/FC/AFC RC'S RUFF RANGER (O-R & C Richter, H-Rob Richter)

Breaking away in Shangri-La, at 10:51, both dogs ran moderately toward the lake, and on. As we entered the Derby course we had a rather confusing situation, with birds in the air, Holly is up and Ranger is moved on. Ray elected to pick up his dog due to style on point. Ranger continued on with one more bird contact, but unfortunately, Rob flushed and fired before the judges arrived to see the bird. Ranger continued on handling kindly forward to time.

Brace 10 DC MAGIC YOU CAN BE MY WINGMAN (Jake) (H-B Burchett)/FC/AFC WRIGLEY'S FIRST DANCE (Jazz) (O-J & G Hopper, H-G Hopper)

The breakaway after lunch was at 1:18. This was an exciting brace with both dogs fast and to the front. The dogs ran together through the first several fields, gaining separation when we left the Barn field. Bob put his dog on the left line and Gil elected to put his dog on the right line, so Jazz might use the wind. Jake took his edge all the way around, as did Jazz on the right. In the dogleg field both dogs handled the cover nicely. At the exit to the field Gil stopped to allow Jazz to run the ¼ mile edge on the East side. She then regained the front, half way down the hill to the Boy Scout Bridge. Both dogs continued their fast forward races through Cardiac and onto the Derby course. Pete took the left line while Jazz took the center line to the front to the end, then ran the N/S line to the South, then ran the diagonal center line then hitting the clumps before the creek. Jake stayed on the South part of the fields. Bob then let Gil know that his dog was standing. Jazz was on point about 20 feet off one clump. Gil made a lengthy flushing attempt to no avail, then tried to relocate the dog, but Jazz wouldn't budge. So Gil made another lengthy flushing attempt, to no avail. So he attempted to relocate. The dog wouldn't move, and remained intense throughout the whole process. The handler then inspected the area in front of the dog, foot by foot finding the bird about 12 feet in front of Jazz. The bird flushed back over the dog, who didn't move a muscle. Jazz then crossed the creek, running the bottom edge and ending the line fast to the front. Meanwhile Bob took Jake across the creek and was two fields to the front. As Jazz approached the Orchard, Jake was standing for a NP. He went onto the front, as Jazz left the Orchard she had a STF and was then moved on regaining the front, running fast and forward, passing Jake in that field where he carded another NP. Jazz finished on the other side of the Dike. She was flying at the end just like at the beginning, and always between 10 and 2.

Brace 11 BULLET'S RENEGADE MISS MEGAN (O&H-J Carter)/BOUDREAUX'S HICALIBER BULLET (O&H-D Dow)

A 2:35 breakaway from the field after the Dike. At 2:40, we had positive judging of an awkward situation. There was a STF, for Cali and then Megan stopped with Jim moving his dog on. As we entered the upper course, both dogs were moving nicely to the front hitting likely objectives and lines. As we entered the third line on the Upper Course, we heard Darlene's dog barking in the line. It was a small Michigan bear with a stripped tail, her dog needs to work on the tone of its bay. 2:57, point is called for Megan with Cali backing from a considerable distance. With all in order, both dogs moved on. Both dogs hunted their way through the Eddy Road turn. At 3:05, Darlene's dog stopped, she was relocated, but when the bird flushed Cali wanted a bite, and was up. At 3:07, Jim called point in the same place that Rusty had the huge covey in Brace 8. All was well and moving on. Jim elected to pick his dog up as we entered Shangri-La, as he wasn't satisfied with her loss of range.

Brace 12 DC BARNEY'S HI PROOF RONRICO (Rico) (O-C&J Schaefer, H-B Burchett)/2xNAGDC/DC/AFC CALISTAR DEL PRADO (Star) (O-L&D Casselberry, H-L Casselberry)

Both dogs were fast and to the front from the breakaway through the next three fields. As Star approaches 11 she still knows where to run, rimming the edges along the lake. Unfortunately, Star decided to see parts of grounds not on the course, and she is out of contention. Rico is fast and forward, often running into the woods, but normally showing to the front. Rico is doing a great job. At 4:10, Bob called point for Rico. Rico decided to save Bob the trouble of getting off the horse, and flushed the bird for him. Too Bad! We are now done with Day 2.

Posted Dogs Day Two: HIGH HOPES FLY BY NITE, BJ'S BLAZ'N DAISY, and WRIGLEY'S FIRST DANCE

Brace 13 NGDC/FC/AFC BUCKS HIT THE ROAD JACK (Jack) (O-R&J Kiracofe, H-R Kiracofe)/FC PETER GUNN (O&H-J Carter)

Breakaway at 8:20. Both dogs off fast and got out of pocket as we approached the first pond. Pete appeared to the front in the field before Hire's, while Jack appeared from the East, and then disappeared again. Peter was on most of the lines to the front throughout. Upon exiting the Dogleg field, Ralph pulled out the tracker. After crossing the BS bridge, Pete made a nice cast on the top edge to the East, where he was rewarded with a nice find on a woodcock, with all in order. Jim then broke Pete away to the West, through Cardiac, on to the derby course. Point was called for Pete at a

pine tree, but nothing was produced after a relocation and time was called.

Brace 14 FC/AFC COVEY RISE'S RAMBO JR (O-C&J Schaefer, H-B Burchett)/FC/AFC RED HAIRE MARY (O-B&F Gorman, H-B Gorman)

Breakaway at 9:33 from the Gun Dog parking lot. Off the breakaway the 10 year old Mary went about 150 yards before carding her first stylish find. While JR was fast to the front. At the end of the Orchard JR had mishandled covey and was up after 7 minutes. Mary then came in to the same spot and went in to a very stylish point in the same spot. When Bill was informed, he elected to move Mary on, taking the left tree line toward the Shooting Range. She continued with a forward race, hitting likely spots, across the Dike and onto Course 3. Point was called for Mary in the field after the pines, a pretty picture, with a lot of style standing on the edge. Flush and fire on a bird that went a foot. Mary then continued on through Shangri-La on to the upper part of the course. At the loop for Eddy Rd, point was called for Mary, inside very thick cover. After a lengthy flushing attempt, and relocation, Mary moved on around the corner at Eddy Rd. Mary finished the hour going forward to the next line.

Brace 15 ROVAN'S HAIL STORMIN HAROLD (H-Ronnie Clark)/DC/AFC BEBOP N'AWLINS JAZZ (O&H Leslie Hunt)

Breakaway at 10:50 from the second field after Eddy Rd. At 10:51 we have a point and a back. Harold on point at a clump, just off the main treed island, with Jazz backing, both dogs looking very good. With all in order we continue East, with Harold left and Jazz on the extreme right to the end of the field, then straight on into the woods. Harold proceeds into the next field, but no Jazz. Leslie continued on, then from the corner of the previous field corner, at 10:57 we hear the Scout Mike Wilshire call point. Jazz was buried way back in the woods, it was good fortune that she was spotted. When Leslie returned and attempted to flush, Jazz decided to move with the running bird, ending the day for a terrific liver bitch. Harold continued forward, hitting the clumps toward the downhill to Shangri-La. As we entered Shangri-La, Harold went to the walnut tree, surrounded by wild rose, on the left (where many dogs had birds, some twice). Harold pointed, then moved to the opposite side of the tree, then moved back to the original position, reestablishing point. The handler flushed birds that flew up landing in the same place and moved the dog on. Harold then hunted to the front to the lake and beyond toward the Gun Dog dike. In the N/S line before the creek crossing leading to the road to the Gun Dog dike, Harold went on point. A nice find, with a strong flying bird. At 11:20, right before the small creek crossing, Harold went on point with great style on a dead bird, at a clump. While this was taking place, Ron Golumbo and I were 50 feet away in the center of the field, in a patch of weeds. We had a large covey run around our horses feet. We were afraid to move. Harold continued on through several fields. At the end of the second line going East on the Derby course, Harold had a STF. Harold continued on to the top of Cardiac at time.

Brace 16 NGDC/FC HIT'S FOR PETE'S SAKE (O R&J Kiracofe, H-J Kiracofe) FC GAMBLERS EYE OF THE STORM (O&H-M Mikoff)

A 1:20 breakaway after wonderful lunch, with Stormy barking to the front at usual, with both dogs flying over the hill. Both dogs proceeded to the front in the next field but taking opposite sides with Stormy on the left. At the corner of that field, Stormy went on point, with Pete then popping out of the woods and going to the front establishing point. Both handlers were able to flush birds and move their dogs on. Stormy is normally a strong running forward dog, but he was a little off today, taking a line then pulling off to the center of the field. Pete was taking lines and had an STF in Hire's field. At 2:48 entering the Dog Leg, Stormy swapped ends for a pretty find, but Pete didn't stop to back but rather went in front to establish point. Pete is up and Stormy was moved on after the flush and fire. Stormy moved through the Dog Leg, Mike waters him, and then at 2:04 near the BS Bridge after

more water, Mike elected to pick Stormy up. He just ran out of gas.

Brace 17 DC COUNTRY ROAD'S ROUGH RIDER (Cooper) (O-Stouts, H-B Burchett) FC PRAIRIE CREEK DAN (O&H-J Henderson)

Beginning at 2:17, two very nice dogs were loosed. Cooper is far to the front, but handling nicely. Dan slightly closer but doing a fine job. Just before the Derby creek crossing, Dan is up for moving and pursuing a bird. Cooper continued far to the front moving on to the Gun Dog course. At the N/S line by the Shot Gun Range, Cooper walked slowly down the west side of the line, finally at 2:32 establishing point. Perhaps walking birds? After a flushing attempt Bob relocated, to no avail. Cooper checked the whole area out but nothing. It was not called a NP, as Judge Hott saw a dead bird on the ground as he road across the line. Cooper crossed the Dike and ran fast to the front checking likely cover. Without any luck. He finished a strong hour to the front at the woods where Leslie's Jazz had problems this morning. Cooper was gone forward at time, we waited while Bob and his scout went forward looking for him, hoping to find him on point. He returned after about 10 minutes.

Brace 18 FC/AFC PALE RIDER (O&H-J Sala)/FC/AFC HITS TAILOR MADE (O R&J Kiracofe, H-J Kiracofe)

Breaking away at the top of Shangri-La, 3:40. We moved on toward the lake, with both dogs taking the trail on the left, but returned shortly. We moved through the subsequent fields with the dogs hunting to the front. Judy's dog experienced several brief absences. At 4:20 John called point at the base of Cardiac, in thick white dogwood cover. After several relocations, Pale Rider was moved on. He then started to run a little erratically At 4:34 John called point for Pale Rider to the right in the large field by the Gravel Pit. A nice find with all in order. After crossing the big bridge to enter the breakaway field, both handlers signaled point on the right tree line at 4:40. Both dogs were buried in the line, unfortunately the find at time resulted in a dead bird.

Posted Dogs Day Three: None

Brace 19 SNIKSOH SALLY (O-P Corlew, H-B Burchett)/FC DOUBLE O'S WIZARD (H-K Stonehouse)

Breakaway, 8:31. Both dogs hustled up the breakaway hill, then went right. They were forward taking edges in the subsequent edges. At 8:40 Sally brought a bird back to Bob in Hire's field. Early on Wiz was wide and a little hard to handle, but he seems to have settled down into a nice pattern. Sally took the left edge. At 8:50 Sally is up, for aiding the flushing effort in the N/E corner of the Barn Field. Wiz then made a nice cast on the left edge of the transition field from the Barn to Dog Leg. ¾ of the way around he swapped ends on point. He stood for a few seconds, then moved in to pin the bird but bumped a woodcock.

Brace 20 ROVAN'S DUST DEVIL DAN (O&H-Ivan Clark)/FC/AFC WRIGLEY'S CHIP MAKIN' HIS MARC (O&H-M Poehler)

Breaking away at the beginning of the Dog Leg field at 8:58. Both dogs were forward, with Chip displaying good range and handling easily. At 9:04, Mike called point for Chip, who was buried 2 lines before the Boy Scout Bridge. A nice find with head and tail up. Flush, flop, and fire, Mike moved Chip on. Dan has not been seen since the top of the hill, Ivan finally decided to take out the Tracker. In the field after the Bridge, Chip ran the top edge then ran the bottom edge while continuously staying to the front. He then took the bottom edge of Cardiac. After crossing the creek to the Derby course, Chip took the center line forward, then to the diagonal line, then to the clumps. Moving on to the Gun Dog Course, Chip pointed at the base of a cedar tree to the left of the trail. A bird was produced and Chip was moved on. Entering the Orchard the left line was taken, then clumps on the left, then hitting the clumps on the right. 9:36, at the end of the Orchard, Chip took the line toward the road, and was rewarded with a stylish find of a small covey. He then rolled through the next field to the Shotgun Range, taking the woods toward the corner, Chip stopped on point, birds rose, Mike fired and moved Chip on. He then went down the hill to the line, and took it South. Halfway down the line, Chip went on point at 8:42. Birds were produced with all in order. Mike now reloaded before releasing his dog. Chip then flew down the line to the West, going up the hill toward the Big Oak. Chris Burchett, scouting for Mike called point at 8:47. Mike rode back to find his dog standing. After a lengthy flushing attempt, Mike elected to relocate the dog, who worked down the hill and retrieved a bird. A real heart breaker. From the "Penthouse to the Outhouse ..."

Brace 21 DC/AFC SWEETWATER BILLY TUCKER (O-L&S Bates, H-L Bates)/FC BROOK'S LITTLE PETE (O&H Jim Carter)

A 10:22 breakaway from the South field after the Dike (or West Levy Road). At 10:24, after Tucker stopping, then moving several times to pin the birds, Larry called point. Flush, fire and move on after a small covey. Then at 10:27, Tucker established point beneath the Walnut tree, surrounded by wild rose bushes, that is at the bottom of the hill to the upper course. Another small covey was found, with all in order. Another find at 10:35, after entering the upper course in the clumps on the right. While this was going on, point was called for Pete on the E/W to the left of Tucker's find. After a lengthy flushing attempt, and a lengthy relocation, Jim moved Pete to the front. While catching up, Pete stopped on a line for a very stylish find. Then at 10:39, Tucker had another clean find, at the top of the hill before the loop. At 10:41, Pete had an easily located bird on the N/S line of the loop. At 10:50, while trying to regain the front, Pete stopped on the same hill top where

Tucker had his find, when entering the loop. Pete was moved on after no bird was located. At 10:57, point was called for Tucker, with Pete stylishly backing. Birds were flushed and both dogs were moved on. Next, point was called for both dogs, but in two different locations, in the field before going down to Shangri-La. Both dogs handled the situation. Then as we went down the hill, Tucker had a find at 11:10, in the same spot as when we prepared to ascend the hill (would this be a delayed chase, 45 minutes later?). Both dogs were to the front at time, it just took Jim a little while to round Pete up. Now, a long ride in for lunch.

Brace 22 RUFFWOOD'S ALGONQUIN INDIGO (O-George Harrison, H-B Burchett)/DC HI POINT'S TAKING THE PLUNGE (Splash) (O-K Gulembo, H-Pat Koczenasz)

A 1:10 breakaway from the Club House. Both dogs were off making big initial casts. Indy was the first to strike, with a nice find in the second field, at 1:12. Both dogs were running great, to and past Hire's field. However, in the barn field Splash went on point in the NE corner, then moved the birds, picked one up, and carried it until Pat could get her stopped. Indy continued with a nice run through the Dogleg Field, and in the NE corner of the next field, had a stylish find at 1:32. Indy then shortened up going down the hill to the Boy Scout Bridge. Then as we moved on, she returned to her zippy run staying to the front. Indy had a strong finish.

Brace 23 FC/AFC SUNNYVALE CINDY (O&H-John Henderson)

Breaking away at 2:24. At 2:29, John called point for Cindy at the Tucker Tree (see Brace 21). The birds went up and down within 3 feet and Cindy handled it well. At 2:35, point was called for Cindy in the clumps after entering the upper course. A dead bird was produced right under the dog. At 10:43, Cindy stopped and later relocated her self and went into the woods, returning about one minute later. All the while Cindy is running very nicely: good speed; taking lines, staying forward, displaying nice style. On the Eddy Road loop, Cindy had a nice find with all correct. At 10:53, point was called right at the turn. Cindy again displayed nice style. After a relocation, the bird was pinned, flushed, fire and moved on. Again at 10:58, a find with all in order. At 3:04, point was called on the second line after Eddy Road. After a flushing attempt, John elected to move Cindy on. Cindy then stopped in the corner of the field before going down from the upper course. The handler attempted to flush to no avail, move the dog on and Cindy continued running to the front. After going down the hill, Cindy returned to the Tucker Tree and had another find. She certainly remembered the location, as she "cat walked" the last forty yards, before establishing point. After a brief flushing attempt, a judge ordered the handler to fire and move the dog on. Cindy finished a strong hour right where she started it, in the field after the Dike.

Posted Dogs Day Four: Sweetwater Billy Tucker, Brook's Little Pete, Ruffwood's Algonquin Indigo, and Sunnyvale Cindy

Erata:

- Every time I ride across the Dike, I marvel at the beauty. The fall trees, reflective water, swans, reeds and grasses.
- Lunch was such a treat, every day.
- It certainly was fun to ride everyday with Ron Gulembo.
- Ron also noted the only grouse citing of week, to the South as we went to the upper course.
- The participants are such wonderful people. Is it the dogs that make them that way? Or is it the reverse?

2008 ABC Prairie Chicken Classic/Championship

September 13-19, 2008 • Ted Morton Ranch, near Bassett, Nebraska

Reported by Mary Karbiner

TRACKER®

Standing, left to right: Mary Karbiner, reporter; Wade Haines, scout; Judges John Kline and David Taylor; Ron Curtis; Ed Tillson; Chris Burchett. Front row: Winer Grand Junction Jake with Chad Holman; Runner-up Jayhawker's Tequila With A Twist with Jessica Carlson; and 4th place winner Rocklan's Whizzle Stop with Bob Burchett.

The American Brittany Club's prestigious Prairie Chicken Championship commenced Saturday, September 13, 2008 over the grounds of the Ted Morton Ranch, Southeast of Bassett, Nebraska. Seventy Five dogs were drawn and went to the line.

The winner, GRAND JUNCTION JAKE had a wide race with two finds and a stop to flush. Jake is an orange and white five year old male who is out of Gambler's Ace In The Hole x Auten's Meg-Netic Field. He was handled by Chad Holman of Illinois. Jake's proud owners are Dick and Carol Pulliam of Grand Junction, Tennessee.

Runner-up is no stranger to the hour competitions, having many to her credit. JAYHAWKER'S TEQUILA WITH A TWIST earned the red. Taryn is an orange and white six year old female who was sired by Tequila's Joker x Princess Haley II. She was handled by Ed Tillson of New Mexico and is owned by Jessica Carlson of Idaho.

Third place was awarded to EARLY TIMES who also has hour placements to his credit. He was sired by Ortho Acres Booker-T x Windy Hill Sho-N-Tel. Earl is owned by Bo and Rene Ackerman of Georgia. Earl had a stylish find and a strong finish ably handled by Tom Tracy of Virginia.

ROCKLAN'S WHIZZLE STOP handled by Bob Burchett earned the white ribbon. Whiz is a male and just five years old and was sired by The Whiz Kid x Sniksoh Corky. He is owned by John and Margilee Sauer of Colorado.

The unique area in the Midwest known as the "sandhills of Nebraska" is home to the Greater Prairie Chicken and other varied wildlife. Glaciers help create an area that prairie chickens thrive in. Gently rolling tall grass meadows, some irrigated crops with knobs or hills are viewed by the gallery as they ride across the thousands of acres that make this prestigious event one of the only Brittany all-age stakes with native birds. The prairie chicken cannot be caged and released to supplement the population for an event. The largest remaining populations of the Greater Prairie Chicken are found in Kansas, Nebraska and South Dakota. Only four states still allow hunting. Similar species can be found from Texas north into Canada. The first American

Brittany Club Prairie Chicken Classic was held at Buena Vista Grasslands area near Plover, Wisconsin in 1964. In 1975, it began rotating between there and Nebraska. The last event was held in Wisconsin in 2000. The sandhills have been its home since that time.

Bassett, Nebraska is a small community with a big welcome for visitors. The merchants are most helpful to the questions and needs of "dog people". Ted Morton hosted a "mountain oyster" feed one evening for those adventurous diners. Purina has long been involved in the performance dog. They are one of the world's largest producers of animal nutrition, their research and development of products is ongoing. They hosted a steak dinner at The Corral Bar with Jeanna, the owner at the helm. Purina donated coupons for dog food to the winners. Tri-tronics donated an electric collar to the winning dog. The technology that has been developed by them as aided in training and retrieving lost dogs. These two companies have been long supporters of the sport of bird dogs. We thank them for their generosity.

The undertaking of this event this year was shared. Mo-Valley Brittany Club was represented by Ron Curtis. He has been a long-time supporter and Chairman of this event. Co-Host, Nebraska Brittany Club and its members, Stan and Claudia Truksa were the senior marshal and secretary helping Ron to tie the loose ends together. We thank them for their time and efforts. Without dog wagon drivers, gate openers and marshals we would not get very far. A big thank you goes to Jim and Janet Chase, Jerry McGee, Ed Tillson, John Cross, Joe Luisi and all the gate closers.

AUDIOS SHAQ ATTACK, Tracy and RU-JEM'S STOP-N-WATCH, McGee. Bright sunshine and temperatures in the 50's with a slight breeze. The rain through the night left the tall grass very wet and sunny conditions caused a glare that made the dogs hard to see in the first pasture off the breakaway. The dogs worked to the right toward the big slough and beyond. Through a gate, Quill stopped for the flight of a pair of chickens from the fence line at 14'. At 24' point was called for Shaq as he stood on a low mound. Extensive flushing could not put anything to flight. We made the turn north at the far east end of the first course. Looking forward, there was a fog bank in front of us. Shaq

made a wide swing to the right and north into the fog. Quill continued to work across the pasture. Shaq had been out of pocket and the tracker was called for. Quill pointed at 50', was relocated but nothing could be produced.

CEDAR VALLEY ASYA, Tracy and **REBEL JAC'S A HAMMERIN DANDY**, Holman. We were a pasture and a hay meadow from the new gate/jog road crossing. The dogs ran the hay meadow. Crossing the road, both dogs began to open up. A change in last year's course (to avoid new calves) took us south. Dandy went to the right and Asya forward across the pasture, turning southeast to the corner and gate where we crossed the road at the "four corner" gates. When we entered this large pasture Dandy was out of pocket. Asya pointed at 47' but the stand was barren. Dandy was not returned to judgment.

ELEETS COLORADO BLUE, Tracy and **PANCHA'S PRINCE EDWARD**, Wild. Each dog was strong on the ground, making wide moves across the pasture and into the next, and beyond. Handlers called the dogs around and forward. Eddy was handling the terrain nicely. Just past the windmill point was called for Blue at 19'. He stood in a swale as the handler moved in and flushed a nice sized covey of chickens in front of Blue. As Eddy traveled along the fence, turned and pointed but nothing could be produced. Blue was wide on some of the turns at this end of the course. Eddy was inconsistent in his application as the hour ended.

THE ROCK II, Tracy and **TJ'S APACHE**, Tillson. The sun is shining, temperatures in the low 70's with puffy clouds in the sky. What a great day to be in the western sandhills of Nebraska. Another brace of dogs that showed their heels off the breakaway. They each made wide moves across the pasture on our left. At 20' Rock pointed staunchly with Bandit backing from quite a distance. A single was flushed for Rock with all in order. Rock began to loop in his application and was leashed just before time. Bandit made good casts through the hour but was not rewarded with game.

KINWASHKLY DAKOTA MOLESTER, Seivert and **JAYHAWK'S GEORGIE GIRL**, Tracy. From the breakaway this pair flew across the pasture into the big hay meadow and beyond. Through the ditch line and into the red clover patch, Georgie went through Bo's fence into the tall grass. She stopped, point called, a single bird lifted and she moved with it. Lester was on the outside edges. The gallery rode up more than fifteen birds from the red clover. We made the turn near the woods when Lester showed to the front. Across the hay meadow he continued to make reaching casts, just being a dot on the ridges. His race had everyone paying attention but for naught... no birds were pointed in this exciting hour.

CEDAR VALLEY BANDIT, Tracy and **CHIP'S LAST EDITION**, Holman. We traveled around the hay meadow east then turning north. The dogs not wanting to get untracked. At 14' Bandit stopped at the edge of a ditch. Chip moved past him, then both dogs went through the duck weeds. A covey of chickens lifted and flew back over the ditch... with Chip popping out in front of us to end his time on the ground. Bandit was fired over and credited with a stop to flush. At 18' he pointed at the edge of a mowed patch. It was a barren stand and the handler elected to leash his charge.

Posted Dogs-Day 1: **ELEET'S COLORADO BLUE**.

DAKOTA ALLEY CAT, Tracy and **JUSTAS WILL BE THE GUNNER**, Kalina. Lots of wind all night long and still blowing at breakaway. Tiger and Gunner moved across the hills. Tiger gaining distance. At our turn north he was out of pocket. Gunner had an encounter with a jackrabbit and settled into a moderate race. At 39' he handled a stop to flush and was leashed shortly after. Tiger was not returned to judgment.

MAXWELL'S BLEW BY YOU, Maxwell and **KT'S ARTIC BLAST**, Tracy. We were two hay meadows from the new gate/jog road crossing. Both dogs started strong. Chuck went left and was ridden for. KT was a handful from the start. He had a hard time maintaining the front the first half of the hour. Chuck was forward and covering a lot on country. We watched him make a swing across the clover meadow, turn and slam on point. The covey lifted and he went with them. KT had an unproductive at 41'. He didn't have any game contact in his hour.

CLYDE'S MICRO BREEZE, Tracy and **RU-JEM'S DIAMOND JIM**, McGee. After lunch, this pair headed for big country. At 10' Jim pointed, a single lifted and he released himself. Mike covered some ground. At 32' he pointed at the edge of a slough, lengthy flushing and relocation could not produce any game. He made reaching casts to the end of the hour.

MUSTANG SALLY VIII, Tracy and **T&W'S DIAMOND JIM**, Wild. After lunch the wind still blew, temperatures in the 60's with a partly cloudy sky. We were off through a large pasture, both dogs wide. At 8' point was called for Sally, a good distance away. We started to her when handler called birds that were not officially seen. This pair then put on a show, wide, ranging casts with minimum

scouting. They became dots on the horizon at times. At 49' Sally stood at the edge of a slough, extensive flushing could not produce game. Both dogs went to water at the cut to Bo's fence meadow. Making a swing to the right, Jim headed for the tall grass. Sally ran the left side of the meadow turning across in front of us. Jim at the edge of the Bo's electric fence turned and pointed in the tall grass, birds lifted and he released himself. At the same time, Sally had established point in the clover on our left. Handler started to her and a large scattered covey began lifting. At this point, it has been the largest number of birds in one area... gallery count - more than twenty-five.

EARLY TIMES, Tracy and **TRACE OF TIME**, Holman. Away in the clover meadow at Bo's Fence this pair began strong. Across the large hay meadow at 20' Trace pointed near a ditch. Nothing could be produced. At 27' just out of the big hay meadow Earl pointed staunchly at the edge of a swale. Handler walked in and flushed a nice sized covey with all in order. There were more nice casts by both dogs using the country. Trace was in the far meadow when point was called at 47'. We rode to him. Extensive flushing and relocation could not produce game and he was leashed. Earl continued strong, making good casts using the country. He finished the hour running hard going forward.

TJ'S THUNDER, John and **DIAMOND HILL'S DEUCE GONE WILD**, Tracy. After a coffee break this brace went across the meadow headed north, turning west through the hay meadow. Thunder pointed at 22' but nothing could be produced. Deuce made a strong cast over the big hills and was not returned to judgment. Thunder was inconsistent in the latter part of the hour that ended without game contact.

Posted Dogs-Day 2: **MUSTANG SALLY II** and **EARLY TIMES**.

ROCKLAN RED RIVER RUNNER, Tracy and **ACE'S PATCHWORK**, Holman. This morning was sunny with a light wind. The low overnight was in the 50's at breakaway. Red was slow to get untracked and was up early. Ace started slow, made some moves later in the hour but was not rewarded with birds.

LINVEL'S ACE OF DIAMONDS, Tracy and **SHADOW ATTACK**, Tillson. From the road gate this pair headed west coming around to the next pasture. Tack pointed in a small slough but nothing could be produced. Ace took the right side of the pasture and north along the fence where he had to be ridden for. At 23' Tack pointed nicely and a pair of chickens were put to flight with all in order. At 29' he pointed and a single flew as Tack released himself. Ace was brought to the front again and leashed.

MAXWELL'S CHARISMATIC, Maxwell and **MARJO'S RED RUM**, Luisi. Temperatures are warming and the sky is clear. Across the pasture on the right John had an unproductive at 2'. Jack swung wide to the left and forward through the big hay meadow covering a lot of country. At 30' point was called for John in a grassy swale. With extensive flushing and relocation nothing could be produced and he was leashed. Jack settled into a moderate race with occasional casts using the terrain. He had no game contact in the hour.

ROCKLAN'S WHIZZLE STOP, Burchett and **DAKOTA LUKE**, Wild. Clear skies and temperatures in the low 70's with a light breeze. Both dogs started across the pasture and around the slough with gusto. We entered the next pasture and on toward the windmill #2 on this course, Whiz handling well as he continued reaching into the country. Toward the clover patch at Bo's fence, Luke crossed the meadow from the left and Whiz had gone down the fence line and along the edge of the mowed area. Luke went into the tall grass across the fence and pushed a pair of chickens at 55'. Also, some distance away Whiz had spun and pointed. A large scattered covey began lifting from the cover as the handler approached. He was fired over with all in order.

HARLING'S BRETON SMITH, Holman and **CHEYENNE WIND DANCER**, Cross. From Bo's Fence and forward through the hay meadow. At 10' handler called point for Bret. A nice sized covey was flushed with all in order. At 19' Bret again pointed with Dan backing nicely. After flushing, Bret was relocated and Dan was taken on. Nothing could be produced for Bret. He had trouble getting on track and was leashed at 35'. Dan continued at moderate range through the hay meadow. At a cottonwood ditch the handler called point. As we rode to the dog birds lifted, handler fired and collared the dog. Dan was sent on and finished the hour in the far eastern hay meadow.

STARLIGHT'S BLAZING SIRIUS, Burchett and **RU-JEM'S A TOUCH OF BOURBON**, McGee. The dogs were making some nice moves reaching more using the terrain. At 14' Sy was seen under a covey and leashed. Chug wasn't pleasing the handler and was up midway in the hour.

Posted Dogs-Day 3: **ROCKLAN'S WHIZZLE STOP** and **CHEYENNE WIND DANCER**.

BRITTMONT THE HAWK, Gorrow and **MAGIC YOU CAN BE MY WINGMAN**, Burchett. Hawk made a wide cast to the right after the first gate. Magic covered lots of ground from left to right. Hawk had a problem with sand burrs

and was leashed midway in the hour. Magic had shortened and was leashed shortly after.

TRUCKER'S WILD RIDE, Trimble and GAMBLERS GOOD DEAL, Holman. We were a pasture and two hay meadows from the road crossing at this breakaway. Both dogs made a few casts to the country. Billi was inconsistent and leashed at the road. Rider had slowed and was also up.

SOVEREIGNS GIT-R-DONE, Tillson and RICOCHET'S CHANTILLY, Burchett. We went to the next gate to breakaway. These dogs made some good casts at the start. Larry was up shortly not pleasing the handler. Tilly continued across a red clover meadow. Almost to the let-down* she was sited under a covey of chickens at 35'. The temperature had warmed by 10:00 am. *(Staples are pulled from 4-6 posts, the fence wire without being cut is pulled down then anchored to the ground so horses or vehicles can pass through.)

GAMBLER'S ACE OF HEARTS, Holman and BRETON'S GOLD RUN RUFFIAN, Tillson. Temperatures were low 80's per the lunchtime report. These dogs started with speed and then slowed. They were leashed half way in the hour.

BUFORD'S BADA BING, Gorrow and SMARTEYES JOKER, John. Both dogs were away with a lot of gusto. Bada made a long cast across the big hay meadow. Point called by the scout at 9'. We rode quite a distance to the dog, no game was produced. Jordan cruised around the first half of the course. Bada slowed and was leashed midway in the hr. Jordan had an unproductive at 48' and was leashed shortly after.

MO-DAN'S BELIEVER, Cross and SHAMROCKS SIRIUS, Holman. Both dogs ran the terrain making strong moves early in the hour. At 29' Scout was sent to the outside edge of the hay meadow. A single lifted from the fence line then point was called. Sy stood at the fence line and was credited with a stop to flush. Taken on Sy had two unproductive and was leashed. Buddy made some nice moves not giving up his search for game to end the hour.

Posted Dogs-Day 4: none

MEGABUCK'S HELL ON WHEELS, Cross and TRADEMARK'S ATM, Holman. Another beautiful morning in the sandhills. Overnight lows were in the mid 50's and sunrise was 7:14 am. Cash made a strong cast to the left over the hills. Harley worked on the right and forward. We went through two gates and Harley shut down from the sand burrs. Cash made some nice moves using the country. Midway in the hour he settled into moderate range and no game contact for his time on the ground.

BRISCO'S MR. STUB, Trimble and TEQUILA DYNAMITE, Burchett. Away from the road gate this pair went to work. Stub had an unproductive at 10'. Dyna was not pleasing the handler and was leashed at 20'. Point was called for Stub at 30'. He stood nicely in a clover patch. A good size covey flushed and he turned a bit aggressively to mark them.

COUNTRY ROADS ROUGH RIDER, Burchett and HI PROOF WHIZKI, Gorrow. Whiz made a long gone cast to the west and had to be ridden for. Cooper went forward and at 4' pushed a covey of chickens. Whiz covered some country. At 39' he crowded a single and went with it.

BRETON'S CASTLE ROCKET, John and BARNEY'S HI PROOF RONRICO, Burchett. Radio said yesterday's high was 86 degrees. This afternoon doesn't look much better. Both dogs started slow and never gained momentum. They were leashed near the second windmill.

TRADEMARK'S ICEMAN, Holman and T.J.'S PRAIRIE BLIZZARD, Tillson. Blizzard had a problem early in the brace and was leashed. Timmy was slow to start and ran his hour at moderate range without any bird contact.

ROCKLAN'S MISTY'S ALLI-T-BEAR, Burchett and JAKE ACRES IN DISQUISH, Gorrow. Some long casts off the breakaway. Bold on the ground, each needing to be ridden for. Into the southeast hay meadow, Jake went toward the hills and Alli headed along the flats. Both were gathered and brought forward into the east meadow. Jake hit the woods and Alli took the fence line (without a gate) into the huge hay meadow to the far east. After a long absence, Jake returned first. Alli finally came around the back of the woods just as the hour ended. Neither dog had any bird contact.

HANGING JAZE HOWLALEWYA AMEN, Tillson and KB'S SHADOW DANCER, John. The day began with sunshine and a light breeze. Yesterday's weather was a high of 86 degrees on the O'Neill station. We are in the mid 50's this morning. From the breakaway these dogs were kicking up dirt. Dancer went right and Slick ran to the left. Each had to be ridden for from time to time. At 40' Slick pointed in a swale. Flushing and relocation couldn't produce game. Dancer made a cast north and along the fence going west. Slick had cast to the right side into the next pasture. There wasn't any game contact in the hour.

LANE'S END WE-BE CLEAN, Holman and ROCKLAN'S KID ROWDY, Burchett. We were in the second hay meadow from the new gate/jog at the road. Rowdy went south into the next pasture while Webe ran the hay meadow. Rowdy was a handful in the increasing wind and was leashed half way into the hour. Webe maintained moderate range and was up at 45'.

PJ OZZIE, Tillson and LE GRAND TANK DU FAYETTE, Gorrow. The wind has increased since an hour ago. Tank didn't want to get untracked and was up early. Ozzie made some nice moves. At 31' a single chicken came up from behind a hay bale and out came Ozzie.

HAVAPAL'S RENEGADE BILLY BOY, Burchett and CROSSLAND'S CHARLIE, John. We had sunshine and very brisk wind conditions this afternoon. Billy handled the wind well, making some nice cast maintaining a good forward pattern. Charlie had an association problem from time to time. There was not any bird contact during the hour.

KT'S ARTIC GLADIATOR, Holman and KD'S SLIP & SLIDE, Tillson. The wind is strong and gusty. Both dogs started well in the clover meadow at Bo's fence. At 6' Splash ran through a big covey of chickens and was leashed. Max came from the windmill at the turn, at 7' he pointed a scattered covey nicely. He started making nice moves and as the hour progressed he settled into a moderate race. He was leashed at 43'.

GRAND JUNCTION JAKE, Holman and WINNING TICKET, Gorrow. Both dogs started strong in the first part of the hour. Jake made a wide cast into the next meadow where he was credited with a stop to flush. He stood staunchly as the handler climbed the fence, walked to him for the shot. We traveled across the eastern part of the course, we turned west to the next meadow just south of Ted's barn. Jake headed across the meadow on our right. He turned to the wind and stacked up at 40'. Handler dismounted and birds started to lift. Shot fired, more birds, collared dog, more birds lifted from the area. Jake was sent on to water at the gate. From the gate he cast across the pasture, through the fence and was sighted on the knobs as he rolled along headed west. He continued to reach into the country going forward as the hour ended.

Posted Dogs-Day 6: GRAND JUNCTION JAKE.

PERFECT TIMING, Holman and TOLKA BELLE O KID RUSTY, Burchett. The morning was sunny with a moderate wind blowing. Both dogs started strong. Ty cast to the left and over the hills. Rusty went toward the slough. Turning north and back thru the gate into the next pasture, both dogs worked the terrain. At 35' Rusty pointed high and tight, extensive flushing and relocation could not produce any birds. At 39' Ty pointed, was relocated without game contact. At 39' Rusty pointed, was relocated without finding any game. He was leashed. Ty cast to the north side of the pasture and forward toward the fence. He pointed at 57'. No birds were produced and he was leashed as the hour ended.

Tequila With A Twist, Tillson. Taryn ran as a bye. We were two hay meadows away from the new gate/jog at the road. She covered the outside edges of both meadows. Across the road and south, Taryn ranged over the country. At 39' she had an unproductive. As we rode forward, birds lifted some distance away near a fence line. Taryn was making game at 49'. She continued to work, and then pointed. Handler flushed and relocated her. She worked the area then turned east toward the next set of hills. She was just a dot as she moved forward and across the flat to the front. At 57' point was called. As we rode to her, she stood just at the top edge of a swale. A single lifted as the handler approached. More birds were flushed which she acknowledged with intensity. She was fired over and sent on. Time was called as she headed over the next distant hill.

2008 ABC New England Brittany Shooting Dog Classic/Championship

September 22-25, 2008 • Flaherty Field Area, East Windsor, CT

Reported by Linda Zartarian

TRACKER®

The New England Brittany Shooting Dog Championship was held at the Dr. John E. Flaherty Field Trial Area in East Windsor, CT on Sept 22 - 25, 2008. Weather conditions were incredible this year with dry sunny days and a temperature range of 40 to mid 60's during the day. The grounds, beautifully maintained by the State of CT, were in excellent condition with plenty of water on the course for dogs and horses. Many improvements have been made to the clubhouse and the grounds through the cooperative efforts of the Connecticut DEP and the Flaherty FTA. The course was in great shape and all the dogs had plenty of bird work. Many covies have been established and we were flushing 15 - 20 birds at a time.

Many thanks go out to Purina Pro Plan who has been a strong dedicated sponsor of our sport for many years. The sponsorship that they provide, particularly to this Championship is very much recognized and appreciated by the Championship Association and all the participants.

We were privileged to have some outstanding judges for both championships. Mike Roderka of Dexter, ME and Allen Welch of Hancock, NH judged the Amateur Championship and Loyd Carney of Danvers, MA along with Larry Craig of Schwenksville, PA judged the open. Ralph Kiracofe and Bruce Conover judged our derby dogs.

There were 20 starters for the amateur and 19 for the open. We also had 10 derby dogs. We would like to thank the many participants for supporting this effort and making a great event. We had many entries from NE and some from quite a distance away. Sebastian Ventura traveled from South Carolina and we had Roger McPherson, Les Cassleberry, Bob Youngs, Dan Rein and Lou Palozzola from Pennsylvania and Maryland, John & Joanne Perry from Delaware and Bruce from Virginia. Our New England participants were Bill & Fran Gorman, Leslie Hunt, Tom Ettinger, Ray Gorman, Tania Lewandowski, Ken Mercer, Gary Anderson, Bob Fleury, Dennis Harkcom and Lynda Zartarian. Last but not least the New Jersey entries from Ralph & Judy Kiracofe who have always gone out of their way to support our championship. The Kiracofe's also put on a winners dinner, cosponsored by Rudy Bottiglione, on Tuesday that included great food, spirits, music & dancing and many good laughs. Thanks, guys. We were fed the rest of the time by an expert field cook - Johnny Poland. Everyone was more than satisfied by John's famous lunches.

The Amateur Championship was won by **Covey Rise this Buds 4u**, owned and handled by Bruce Conover of Marshall, Va., and scouted by Anthony Lolio. A runner up was not named this year. Bud had several stylish finds and a great run. Bruce was flushing up to 30 birds at a time for Bud. Once we saw Bud's performance we knew it would be hard to beat.

The Derby was run on Tuesday and it was fun watching the derby dogs handle the huge covies. Tania Lewandowski's **Capewinds Finest Navigator, (Loran)**, won the derby with a great performance. Loran was handled by Tania who took some convincing to attend the championship but was glad she stayed. **Birch Hill's Little Man**, owned by Bob Fleury & Brooke Macierowski and handled by Dennis Harkcom took second.

On Wednesday we ran the Open Shooting Dog which was won by **Blue Rock Diamond Girl** owned and handled by John and scout, Joanne Perry. Diamond tore up the course with a strong ground race and big finish. Runner up **Bebop N'Awlin's Jazz** owned and handled by Leslie Hunt and scout was Ralph Pratt. Jazz had a steady performance and made some incredible moves on the course. She is one of the prettiest pointing dogs I have had the privilege to watch. Other dogs that pushed the winners were Kiracofe's **Buck's Hit the Road Jack** and **Hit's Tailor Made**. Some of the other dogs fell victim to those great covies.

Thanks go out to many people. The judges put some long hours in the saddle and we appreciate their efforts. We'd like to thank all the entrants, owners & handlers. Again thanks to **Purina and the Connecticut DEP** and Flaherty FTA. I'd like to thank Anne Marie Tschirch, Anthony Lolio, Ginny Pratt and John Poland for planting birds. Once again, we couldn't do it without the dedication and efforts of Bob Fleury not only for running the championship but also for the time he put into the improvements at Flaherty. The greatest work contribution comes from my side kick, Dennis Harkcom who quietly does everything behind the scene to make the event successful. *Thank you Dennis.*

A Message from the 3rd Vice President

I NEED YOUR HELP!

I want to try something new...an online polling place for ideas and information. Data collected will be updated to let everyone know what is going on so log on to:

<http://www.abcnationalshowinfo.com>

- Send suggestions for ways to improve the show - not just the site
- Volunteer opportunities
- Comments
- Trophy ideas
- Fund raising & raffle donation ideas

Here is your chance to make our National Specialty an "event" -- not just a place to participate, a place to come and enjoy the Brittany. If you have an idea for a judge, take the poll. You can suggest breed judges, obedience judges, and/or sweepstakes judges and much more.

Let's work together on making this an event that vendors will want to attend and demonstrate to exhibitors that we are glad to have them. Together, we can make this more than just another dog show. I look forward to your help and your thoughts and ideas! Thank You. Christine Ward-Weber "Chris".

Purina Parent Club Partnership Program Earnings Update

The American Brittany Club, Inc. through its participation in the Purina Parent Club Partnership (PPCP) Program is enhancing the health and well-being of the Brittany. Like the 166 other clubs now participating in the program, the American Brittany Club, Inc. earns funding for important canine health studies, education efforts and rescue programs when Purina Pro Club® members declare the American Brittany Club, Inc. to receive matching funds and submit their weight circles.

As of October 31, 2008, the American Brittany Club, Inc. has 979 members declared for the Purina Parent Club Partnership Program. From January 1, 2008 through October 31, 2008, 302 members have submitted weight circles resulting in a total of \$5,865.40 accumulated thus far for the 2008 Program.

If all 979 Pro Club members declared for the American Brittany Club, Inc. submitted weight circles at the same rate as the 302 members currently submitting, the earnings through October 31st may have potentially been \$19,013.99.

The best way to increase the earnings and close the gap on the potential earnings is by spreading the word:

To Club members who are already Pro Club® members: Encourage them to declare for the Purina Parent Club Partnership Program by calling 1-877-776-2582 and encourage them to submit weight circles to the Purina Pro Club®.

To Club Members who feed Purina but are NOT members of Pro Club®: Make them aware of the Purina Parent Club Partnership program and encourage them to join Pro Club®, declare for their breed and submit weight circles to the Purina Pro Club®.

Each new person who declares participation in the PPCP Program and submits weight circles or who joins Pro Club® and declares and submits weight circles will only help to increase the earnings for 2008. To assist you in spreading the word, we have developed ad slicks and a program overview sheet that are perfect for use in your club's publications, website, show catalog, etc. Additionally, we have found that many participants have been made aware of the program through information made available to them on their club's web site.

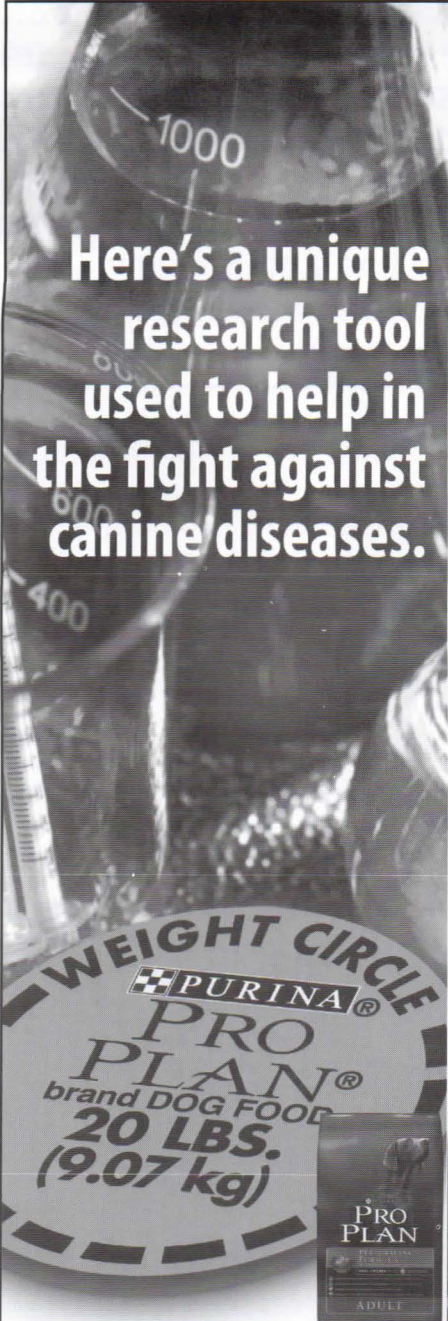

If your club has not already done so, please consider adding a link from your website to the PPCP website to make it easy for fanciers of the Brittany to access additional information about the PPCP program. If you would like a copy of the ad slick, overview or a web link image, please email me at MICHAEL.ALLWAY@PURINA.NESTLE.COM and I will be happy to fulfill your request.

Also, please do not forget that we have PPCP promotional display boards that your club may have for their use while supplies last. We hope you will be able to use the display at events, meetings, banquets, etc. to help build awareness of the program and earn funds to benefit your breed. If you are interested in receiving a display board for your club's use, please let me know.

The end of the year will be upon us before we know it. Please encourage participation in this unique program, and submission of weight circles before the end of the year, to benefit the Brittany. Weight circles submitted after the end of the year will be credited to next year's program. There are too many important initiatives needing funding to delay participation.

Purina thanks you for this opportunity to partner with you and the Canine Health Foundation in advancing the health and well being of the Brittany.

**Here's a unique
research tool
used to help in
the fight against
canine diseases.**

Purina® offers a great way for you to generate funds for the health and well-being of your breed. Simply save your weight circles from bags of participating Purina® dog foods, and take part in the Purina Parent Club Partnership (PPCP) program through Purina's loyalty program, Purina® Pro Club®. It's easy:

1. Join Purina® Pro Club®. You qualify if you care for five or more dogs, and/or breed one litter of puppies per year, and live in the U.S.
2. As a Pro Club® member, agree to participate in the PPCP, and identify your breed.
3. Save Purina weight circles from participating Purina® brand dog foods.
4. Submit your weight circles to Pro Club.

Once a year Purina will make a donation to your breed club and to the Canine Health Foundation. To date, breed clubs have already earned more than \$1.5 million for their breed's health studies, education programs and/or rescue efforts.

For details about Pro Club® and the PPCP program, call toll-free, 1-877-776-2582, 7:00 a.m. to 5:00 p.m. CT, Mon.-Fri. Or apply on-line at www.purinaproclub.com.

Purina Announces Plans to Build New Canine Event Center

St. Louis, Missouri, November 24, 2008... Rolling out the red carpet for canines, Purina plans to build a new multimillion-dollar, state-of-the-art, 84,000-square-foot, indoor Event Center that will accommodate thousands of dogs and their owners and handlers at conformation dog shows, obedience and agility trials.

Loaded with lots of extras that turn an ordinary dog show into an extraordinary event, the Purina Event Center is expected to open in the fall of 2010 at Purina Farms in Gray Summit, MO. It will feature custom padded flooring, spacious benching and dog bathing areas, meeting rooms, RV parking, vendor and exhibit space, food service and banquet catering. The center will complement existing venues at Purina Farms for outdoor dog shows, lure coursing, agility, obedience, herding, and earthdog trials. Located about one hour from downtown St. Louis and the Lambert-St. Louis International Airport, Purina Farms has hosted outdoor dog shows and sporting events for 15 years.

"Purina is thrilled to build the top-caliber indoor facility that the dog fancy has been asking for and deserves," said Terence Block, President of Purina Pet Food North America. "We're confident the central location and amenities will provide the elements that make a dog show special and participants glad they came. Our goal is to help clubs have the best dog show ever."

David Frei, Director of Communications for the Westminster Kennel Club and co-host of the NBC-televized "The National Dog Show Presented by Purina," applauded the announcement. "Purina has always been supportive of the dog show world, and the new Purina Event Center is yet another example of that dedication," Frei said. "All of us who are active in the sport of dogs thank Purina for continued commitment to the sport, and we look forward to being a part of the future at the Purina Event Center."

Reservations are now being accepted for dog shows and events starting in the fall of 2010, according to Brock Fitzgerald, Director of Purina Farms and the new Purina Event Center. "We look forward to working with clubs and offering them the Purina Event Center for their events," Fitzgerald said. "We promise to deliver 'Best in Show' amenities and to do everything possible to ensure their events go smoothly."

CONVENIENT LOCATION

Located about one hour southwest from downtown St. Louis and the Lambert-St. Louis International Airport, the Purina Event Center in Gray Summit, Missouri, provides a central location for people traveling from all parts of the country. Within 10 minutes from the Purina Event Center are several hotels that accept dogs with little or no additional fees; some even offer dog bathing rooms. Besides the RV parking available at the Purina Event Center, five campgrounds are located near the show site. A variety of restaurants can be found in the area, and there are major entertainment attractions throughout the metropolitan St. Louis area.

We invite you to schedule your next dog show or event with us. Our Purina Event Center promises to deliver "Best in Show" amenities and we will do everything possible to help ensure your event goes smoothly. Through our partnerships with parent breed and kennel clubs, we help promote the sport of purebred dogs. Doing so, we believe enhances the lives of dogs and the people who love them. At the Purina Event Center, our goal is for you to have the best dog show ever.

PURINA EVENT CENTER

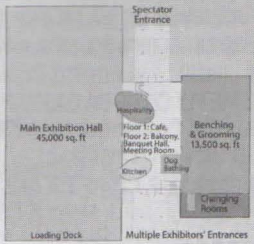

For more than 80 years, Purina has been a leader in pet care and nutrition. And with 15 years of hosting outdoor dog shows and sporting events, Purina has become an important partner with kennel and parent breed clubs.

Purina Farms, located in the center of the country on 300 acres of gentle rolling hills, is a well-established, prime destination for outdoor conformation show and dog performance events. Now Purina is pleased to announce a new world-class indoor event center with all the amenities to make every dog show an exceptional one. Combined with Purina's outdoor venue, the new Purina Event Center will be able to accommodate a full range of canine activities from all breed shows and national specialties to lure coursing, herding, agility and earth-dog trials.

The new 45,000-square-foot Main Exhibition Hall is well-suited for conformation dog shows as well as obedience and agility trials. Across from the Main Exhibition Hall is the 13,500-square-foot Benching and Grooming Area, which can also be used for smaller shows and events. Exhibitors will enjoy the use of the handler changing areas, a dog bathing room and a dog water station, while kennel club officials will appreciate the fully-equipped show office, complete with a built-in sound system. A café will offer catering services with a variety of cuisine options for exhibitors and attendees.

On the second floor, you'll find a Banquet Room, with seating for over 350, which is ideal for award presentations or large meetings. A conference room adjoining this area offers an additional meeting room option. A balcony off the Banquet Room offers scenic views of the Main Exhibition Hall below, and is also ideal for videotaping dog shows.

A spacious parking area south of the Purina Event Center, reserved for the exclusive use of exhibitors, accommodates over 80 RVs and can handle even the largest RVs. Forty-six additional RV sites are also located at the northwest corner. All have easy access to the Purina Event Center. Ample parking is provided for vehicles with several drop-off entrances to ease the unloading of grooming supplies and equipment. A separate loading dock is provided on the west side of the building for vendors and deliveries.

SAN DIEGO
Vista, California
August 2, 2008

The San Diego Brittany Club's thirty-fourth (34th) annual Specialty Show was held in conjunction with the Mt. Palomar Kennel Club all breed show on August 2. Also, SDBC supported the Brittany entry on Sunday August 3. In addition this year the San Diego Brittany Club had a supported entry on Monday after the ABC Summer Specialty in Pomona during the Mission Circuit over the Memorial Day weekend. This gave Southern California six shows with major entries. We had a variety of trophies with lovely wind chimes with a likeness of a Brittany for the top three awards, for all first place winners there were dog first aid kits. After both the Saturday and Sunday shows we had a delicious potluck.

Mr. Neal Goodwin a Flat-Coated Retriever owner and breeder was the sweepstake judge. For Best in Sweepstakes Mr. Goodwin chose from the 12 to 18 month class, **SUNQUEST CIMMARON CATCH THE WIND**. Best of Opposite Sex to Best in Sweepstakes also came from the 12 to 18 month class, **GOURLEY'S DREAM GIRL**. Both came away with a fun stuffed toy. Best Veteran in Sweepstakes was **CH BURFORD'S BRNZ DESERT ROMANCE**; Best of Opposite Sex was **CH SANDBAR'S BUSTER BOY MH, NAP, NJP**, these two are now the proud owners of new comfortable beds.

Ms. Marissa O'Connor was our judge for the regular classes. Best of Breed was given to **CH GAITWAY-SANDBAR SILVER SPOON**, who went on to earn a Group 2. Best of Opposite Sex to Best of Breed was given to **CH MILLETTE'S FRENCH VANILLA**. Winners Dog and Best of Winners went to **LONEOAK'S REDLINE PRIDE**. Winners Bitch was awarded to **SHILOH'S TRU BELIEVER**, which also completed her championship. Reserve Winners Dog was given to **BRIGADE'S HI HOPES ROCKET JH** and Reserve Winners Bitch was **GOURLEY'S DREAM GIRL**.

The best Junior Handler showing a Brittany was **KIMBERLY BARWICK**, in the Open Intermediate Class, showing **CH Millette's French Vanilla**.

Our gratitude to our two judges and all those who supported our show and congratulations to all the winners.

HUDSON VALLEY

Oxford, NY

August 30-31, 2008

We were very pleased that hurricane Faye stayed put and didn't put much of a damper on our trial on Labor Day weekend. Light mist on Saturday morning was all we had to contend with. The dates were earlier this year and running the end of August could have brought about very hot days. We were fortunate that this didn't happen. For anyone who has never been to these private field

trial groomed grounds in Oxford, NY, you have missed a great opportunity to run your dog on grounds where there are only 3 trials held in the spring and 2 in the fall. We were the last to run in the fall – yes in August. That's what makes this place so unique and special. Owned by field trialers for the past 50 years, they are well versed in how to groom grounds. The grounds do not get chewed up due to overuse. The open course has rolling hills interspersed with fields, two creek crossings and two ponds giving ample opportunities to the dogs. Ditto for the amateur course only the dogs either start or finish in the woods. Uniquely, the dogs that won the gun dogs stakes last fall, won again this year. DC TRIUMPHANT'S TO HOT TO HANDLE finished his AFC title taking the blue again this year in the Amateur Walking Gun Dog for Jeff Currier. The Open Gun Dog was won by Jeanne Rozowski handling a dog she newly co-owns with Will Smeltz, THE NEXT JENERATION. Will handled last year, but his was the win that gave Jen her FC title.

We'd like to especially thank John Swider who brought a huge tent to the trial. It looked like the big top and everyone thoroughly enjoyed happy hour under it. Many thanks to all who contributed to make the two course festivities the best happy hour yet. It's going to be hard to top next year. Ralph, as always, thanks for the venison. Club members, Linda Holcomb and her husband Drew orchestrated the food throughout the day. Tony Morabito line marshalled and Nancy planted the amateur courses for us on both days. The Garrell's pitched in when they could and road guarded. Last, but not least, we'd like to thank the judges and handlers without whom we wouldn't have a trial. We were very pleased to see several new people who had never been to our trial. See you in the spring!

**ST. CROIX VALLEY
Four Brooks WMA
Milaca, MN
May 31- June 1, 2008**

Saturday dawned cool and heavy with dew on the grass but the sun was shining for the Open Puppy stake. Dan and Becky Voss had the honors in judging the open puppy and open gun dog for the day. The breeze picked up throughout the day and with the sunny skies the grass dried out nicely. However, storms rolled in around 5:00 p.m. and the open derby was stopped with the judges, Susan Janusaka and Cindy Finley ducking for cover as high winds, heavy rain and hail hit. Open Puppy was won by JOKER'S JACKPOT owned and handled by Steve Ralph. In third place was CAN CH KINWASHKY JUST A LOVE MACHINE, o/h Leslie Andreas

Sunday came in with soggy grass and grounds. The sunny skies and a slight breeze helped dry out everything by the time amateur gun dog was started but the derby dogs had a tough time with the wet grass and puddles of standing water. Open derby was won by BANTAM'S BRAVO DUFFY, owner and handler Diane Hedstrom. Third placed open derby dog was won by OVER UNDER KILLIN TIME, owned and handled by Eileen and Carlos Gust. In 4th place, another club member, John Chejne handled his dog MCCHESENEY'S TEQUILA RIVER.

Our field trial could not have been completed without the hard work of many of the St. Croix Valley Brittany Club members pitching in and helping with planting birds to helping the chef set up his cooking area to filling up the water supply buckets. The help of club members Brian Lange, Mark Dinsmore, Nosh Munar, Eileen and Carlos Gust are greatly appreciated by field trial secretary Denise Koslowski and chairman Steve Ralph. Our hats go off to our chef Michael Pinkowsky for delicious meals. Special thanks to Matt Eder, Bret Lindbeck and Fran Marie for overseeing the youth event on Sunday. The kids had a great time. Huge thanks to the judges for watching our dogs.

**NORTHERN COLORADO
Rudy Budin Ranch
Stoneham, CO
May 24-25, 2008**

The last trial of the Colorado spring field trial season is traditionally run over the Memorial Day holiday weekend on the Budin Ranch outside Stoneham, Colorado. The entry this year was a large one, nearly 100 entries spread over 8 stakes. The club always hosts a steak cookout on Saturday night after the day's running. The beautiful Colorado evening lent itself to a lot of re-running, and brought out many good stories that get better each telling. It made for a late night and a great time. The weather went from cool in the mornings to the upper 70's in the afternoons with a good breeze. Birds were found and pointed on just about every brace. Tracy Haines, running her young pointer (not yet 3) JUST WAIT BESS won one of the

Open Shooting Dog Stakes and both the Open & the Amateur All Age Stakes. There was only one stake in which she was entered that she did not place (judges stated that her run that brace was a bit too big for a Shooting Dog Stake). Cris Heyden's GSP, HUACHUCA COLORADO OTIS, placed in all 4 of the broke dog stakes in which he was entered. There were many strong contenders in all the stakes run. We are looking forward to starting back up in the fall!!!

Thanks again to all the judges & participants for coming out. See you next fall!!!

**WASHINGTON
August 2-3, 2008**

The August Global Warming Classic was run on the 2nd and 3rd this year on one of the most temperate and pleasant trialing weekends in this observer's lengthy experience. Guess someone missed their guess. These all breed walking trials seem to have a universal appeal to one and all as the attendance was great and the diversity made for a very competitive affair. Our fuzzle Britts, as some in the great PNW call them, represented us quite well as the placements show. With every passing season I vow to never take on the responsibility of chairing another event but with the wonderful help I receive every time I do so, it is hard not to step up again and conduct the band. The cover at Scatter Creek was challenging and for the most part dogs were having success finding their handlers but the opposite was quite a different story. I, for one, was able to convince old Beau to come around on Saturday often enough to make an impression but on Sunday he felt like working the "perimeters" and was too much of a handful for the conditions. The dogs that handled the best came to the top. Thanks to all my friends for coming out and making this one of the "funniest" trials ever.

Directions NEED to be Included on Premiums

I received a call from Connie Thomas at AKC. Some of the AKC field reps are having a difficult time finding trial ground locations. Google doesn't help much if the grounds are in remote areas or areas with no specific name or address. They have asked that we PLEASE start putting directions to the trial grounds either on or in the premium list. If you use the sample premium on our website, <<http://clubs.akc.org/brit/ClubPremiums/>> the third page has a set up for Directions, Motels, etc.

Thanks much and please pass onto your Field Trial Secretaries.

Maps are always helpful as well.

Mary Jo Trimble, Executive Secretary

AMERICAN BRITTANY CLUB CODE OF ETHICS

Adopted November 30, 1996

The following principles are to be used as an educational guide and a tool for Brittany breeders for the purpose to develop more genetic and disease free dogs, while being ethical in all matters with the public and with our peers.

Objective and Purpose

To promote cooperation and friendship among the breeders and owners of Brittanys and to encourage higher standards in breeding, training and showing of Brittanys in the field and in the show ring; to discourage the breed from becoming split into groups of "field dogs" and "show dogs" and to strive to keep it forever a "dual dog".

Ethical breeders should:

1. Comply with all ABC and AKC rules and regulations.
2. Maintain a high standard of health, care, and cleanliness for dogs under one's care.
3. Truthfully and realistically represent the Brittany being bred and/or sold in terms of quality, health, and genetic history. Refrain from breeding a bitch or using a stud until they are two (2) years old.
4. Consult with your breeder and with knowledgeable, experienced members of the ABC, regional clubs, or local kennel clubs to broaden your understanding and knowledge of the history of the breed BEFORE breeding your Brittany.
5. Breed only stock which are physically and temperamentally sound and in good health. No dog or bitch should be bred that is known to have serious inheritable defects or genetic diseases, such as:
 - canine hip/elbow dysplasia, primary epilepsy, a seizure disorder,
 - eye disorders - retinal atrophy, undescended testicles,
 - heart defects, extreme shyness, viciousness, other inheritable diseases or defects
6. Not attempt breeding without the ability to distinguish between correct and incorrect physical attributes. This ability requires a careful study of the breed standard, principles of genetics, and a study of both the sire and the dam's pedigrees. Breeders should study and learn the good points within our dogs, looking to both field ability and conformation.
7. Have their breeding stock OFA (Orthopedic Foundation for Animals), GDC (Genetic Disease Control) or PennHip certification numbers for hips on, at least, both the sire and the dam; preferably for three (3) generations on both sides of the pedigree. In addition, other tests (brucellosis, eyes, elbows, and other unspecified tests) should be declared in agreement between owners of the sire and the dam prior to breeding.
8. Refuse to sell to commercial wholesalers, retail brokers, or research laboratories.
9. Have tails docked and dew claws removed soon after birth. Prior to the sale of the puppies, initial shots for known infectious diseases should be given and worming administered. A buyer should be supplied with a four- (4) generation pedigree, registration certificate, information on all veterinary care, and instructions for the care, feeding, and training of the Brittany.
10. Remember your responsibility, as a breeder does not end with the sale of the puppy. A breeder should have contact with the buyer of a pup throughout the life of the dog. This information will enhance breeding knowledge and improve the foundation for a good long-term breeding program. This will also help your regional club to grow with new members and possible participants and workers.
11. Use spay/neuter agreements and/or consider limited registration if it is known or believed to manifest hereditary defects detrimental to the breed. THE LONG TERM INTEREST OF THE BRITTANY SHOULD BE THE GOAL OF EVERY BREEDER.
12. Consider DNA finger printing for all dogs in your breeding programs.

MEMBERS OF THE AMERICAN BRITTANY CLUB

Give the gift of a new membership... to give the opportunity to someone to learn about and participate in the American Brittany Club.

This membership campaign is really quite simple, we are asking every member to donate/sponsor a membership in the American Brittany Club. This "gifted" membership might be to a puppy purchaser, or a friend/acquaintance who has a Brittany. All of us encounter people who may just need a little encouragement to become members.

This can work, but it is totally dependent upon your support. Please use the ABC application form in the back of the magazine to enroll a new member today. You may donate/sponsor multiple new memberships. The names of new members & ABC sponsors will be published in the magazine on a quarterly basis.

THIS IS OUR CHANCE TO MAKE A DIFFERENCE!

Our no grain dog food is particularly useful for high activity dogs, agility, herding, search and rescue, arson fire dogs or dogs with a high metabolism. Also, quality protein and oils create speed.

The only carbohydrates we use are white potatoes, never sweet potatoes which might contribute to diabetes, pancreas problems, or attracting fleas and flies due to its sweet smell.

The Atkins diet recommends a low carbohydrate diet for the overweight. The Johns Hopkins diet recommends a low carbohydrate diet for epilepsy, cancer, and diabetes. These diseases flourish on carbohydrates. Our Indigo Moon Holistic Cat food is 46% protein from chicken, fish and salmon oils. Our Barking at the Moon dry dog food is 41% protein and is from fish, beef and salmon oil.

We are holistic healers. Holistic does not mean natural, it doesn't mean organic. It means the whole body works together - mind, body and spirit.

Example: All the Oriental dogs, Arctic dogs, dogs from England, Scotland, Ireland as well as water dogs such as labs and poodles, were fed fish and sea vegetation (such as our Solid Gold Sea Meal) for hundreds of years. If you don't feed them a fish-based diet and sea vegetation, they will scratch at the root of the tail and lick their feet. All Solid Gold dog and cat foods are fish-based.

Some competing dog food company recently copied from us and is now calling itself "The Holistic Leader," I asked the salesman what holistic meant. He said they now put apples in their food!

Our food bags are hermetically, vacuumed sealed for freshness. No other pet food company does this. Thus, we don't need to use any chemical preservatives. These would interfere with the sense of smell. Many dogs depend upon their sense of smell to do their jobs.

Gold is the Standard of the World.

Solid Gold is the standard that other pet food companies try to achieve by copying us. They can't.

A bit of humor:

Pat and Mike had been handlers and then dog show judges for over 50 years. Pat was dying. Mike told Pat that he wondered if there were dog shows in heaven. He asked Pat to let him know. A few days later, Pat died. That night, Pat appeared to Mike in a dream.

"I've got good news and bad news," said Pat.

"The good news is that there are dog shows in heaven. The bad news is that you are judging next Sunday."

Solid Gold is the only dog food company that is a member of the Organic Trade Association, the American Nutraceutical Association, the Medicinal Food Association, Nutraceutical Foods Association and the Life Extension Association.
