# WHEN NUTRITION COUNTS

**The birds are scarce, but he continues his search working the ditches and fence rows quartering through the field. He slams on point and you say to yourself, "this is what it's all about."**

His breeding, your training/conditioning combined with high-quality nutrition have made this possible. Give him the high-quality nutrition that helps keep him in the field when other dogs are heading for the truck. Feed what many top field trialers feed — Purina® Pro Plan® Performance Formula.

### Objective and Purpose:

To promote cooperation and friendship among the breeders and owners of Brittany's and to encourage higher standards in breeding, training and showing of Brittany's in the field and in the show ring; to discourage the breed from becoming split into groups of "field dogs" and "show dogs" and to strive to keep it forever a "dual dog".

## New Rule Changes

**Chapter 3, Section 3 Effective:** January 1, 2010 – Bred-by-Exhibitor class entrants must be registered by the date of the event.

**Chapter 3, Section 5 Effective:** July 1, 2010 – The Twelve-to-Eighteen Month class can be further divided into two age groups consisting of twelve month of age and under fifteen month, and fifteen months of age but under eighteen month of age.

**Chapter 3, Section 14 Effective:** With the implementation of the May 12, 2010 Point Schedule – Grand Champion points may be awarded to the Best of Breed or Best of Variety of Breed, Best of Opposite Sex to Best of Breed or Best of Variety of Breed, Select Dog and Select Bitch.

**Chapter 3, Section 15 Effective:** With the implementation of the May 12, 2010 Point Schedule – Grand Champion points will not be awarded beyond variety competition.

**Chapter 5, Section 1 Effective:** With the implementation of the May 12, 2010 Point Schedule – Ribbon color for the Select award is light blue and white.

**Chapter 11, Section 1 Effective:** January 1, 2010 – All dogs must be individually registered by the day of the event to be eligible to exhibit at an AKC event. No dog shall be exhibited in a licensed or member dog show, except for dogs entered in the Miscellaneous Class unless it is either individually registered in the AKC Stud Book, or individually registered with a foreign registry organization whose pedigrees are acceptable for AKC registration. Only dogs that are individually registered with a foreign registry organization and whose registration with the AKC has been delayed will be eligible for an extension.

**Chapter 11, Section 4 Effective:** January 1, 2010 – An AKC litter number will no longer be accepted on an entry form. In addition, a Purebred Alternative Listing (PAL) or Indefinite Listing Privilege (ILP) number will be acceptable for participation in appropriate classes.

**Chapter 12, Section 4 Effective:** January 1, 2010 – Because an AKC litter number will no longer be accepted on entries, it will not be necessary to provide this information in the printed catalog.

**Chapter 16, Section 6 Effective:** With the implementation of the May 12, 2010 Point Schedule – Grand Champion points cannot be earned until a dog has completed the requirements for a championship. The Grand Champion points will be recorded according to the number of eligible dogs competing in the regular classes of each breed or variety, as well as dogs competing in Best of Breed competition according to the Schedule of Points established by the Board of Directors.

Best of Breed or Best of Variety of Breed will count all eligible dogs of both sexes competing in Best of Breed or Best of Variety of Breed in addition to the dogs that competed in the regular classes for both sexes in calculating Grand Champion points.

Best of Opposite Sex to Best of Breed or Best of Variety of Breed shall count all eligible dogs of their sex competing in Best of Breed or Best of Variety of Breed competition in addition to the dogs that competed in the regular classes for their sex in calculating Grand Championship points.

Select Dog or Select Bitch shall count all eligible dogs of their sex defeated in Best of Breed or Best of Variety of Breed competition in addition to the dogs that competed in the regular classes for their sex in calculating Grand Championship points.

**Chapter 16, Section 7 Effective:** With the implementation of the May 12, 2010 Point Schedule – To become a Grand Champion a dog that is a Champion of Record must have twenty-five Grand Champion points. Nine or more of those points must have been won at three shows with a rating of three or more Grand Champion points each and under three different judges. Additional, some one or more of the balance of said points must have been won under some other judge or judges than the three judge referred to above and at least on Champion of Record was defeated at three shows.

## Friendly Reminders

In the rush to complete event registrations, submit applications, judging panels, and show results, or deal with the multitude of issues that are involved with hosting an event, it is easy to forget a few things. Below are some friendly reminders regarding some common misunderstandings or misconceptions that the Event Operations department sees on a regular basis.

- There is a great deal of confusion about the handling of problems at trials related to aggressive dogs. Event committees must understand the “Disqualification by Event Committee” procedure, as well as the procedure for “Dealing with Misconduct.” The two are regularly confused. Disqualification relates to a dog and issues of misconduct relate to a person. Action must be taken, regardless of whether or not someone insists.
- If there is an incident resulting in a dog disqualified by the event committee, special attention must be paid to the completion of the proper form. To disqualify a dog, all of the following must be present: 1) an attack to a dog or person, 2) an injury to dog or person, and 3) the committee must believe the dog presents a hazard to persons or other dogs. This means that on the Dog Aggression – Action By Event Committee form, items numbered 1, 2 and 4 must be answered “Yes” in order for item number 5 to be a “Yes.”
- Each club has its own event plans representative based on the state the club operates in. All letters are signed by the managers but the individual representative issues the letters. To find who your event plans representative is you can call (919) 816-3579. You will need the name of your club, the state your club operates in, and the type of event(s) (conformation, agility, obedience, rally, and tracking) that your club hosts.
- Event applications must be signed by an officer (President, Vice President, Secretary, or Treasurer) of the club, not the Show Chair(s), Board Directors, or Regional Secretaries in order to be valid.
- Event committees are in charge on the day of their event. They are responsible for enforcing all applicable AKC rules and regulations. Even if an AKC Field Representative is at the event, the event committee is still the ultimate authority and has a responsibility to be sure that exhibitors follow all rules and regulations.
- When using the Online Plans tools remember that your application should be submitted prior to submitting your Judges Panels just as is done when submitting these via hard copy.
- When clubs enter an event application through Online Plans, they must hit the “Checkout” button for the information to be received by Event Operations’ internal system. If they simply save their event info in Online Plans, it will not be processed.
- There is no application fee for clubs that have less than a 30 dog entry at the previous years show.
- All Breed, Limited Breed and Specialty clubs must meet the compliance requirements each year and submit the necessary paperwork.
- Chapter 3, Section 7 of the *Rules Applying to Dog Shows* states that dogs shown in the Amateur-Owner-Handler class must be handled “by the registered owner of the dog. This class is restricted to exhibitors who have not, at any point in time, been a professional dog handler, AKC approved conformation judge, or employed as an assistant to a professional handler.” A professional handler, or agent, is defined as “any person who belongs or has belonged to a professional handlers’ organization, distributed rate cards, or otherwise advertised or represented themselves as handling dogs for pay.”
- Regarding Companion events, dogs must be on a leash except while in the ring competing or in an approved practice area. This is a very common misunderstanding and it is the responsibility of the event committee to enforce it.

## FAQs on Individual Registration:

**Q: Why change the requirements?**

A: The change was made to encourage exhibitors to register all puppies eligible for AKC registration.

**Q: Must the dog have individual AKC registration prior to the closing date of the event?**

A: Although it is best to register the dog well before the event, the registration must only be processed by AKC prior to the starting date of the event.

**Q: Are Puppy Classes/Stakes affected?**

A: Yes, even dogs in puppy classes/stakes must now be individually registered. Dogs may not be exhibited on litter registration at licensed or member events.

**Q: Are all AKC sports affected?**

A: Yes, all dogs competing in AKC performance events, companion events and conformation shows are required to be individually registered before competing in the event.

**Q: May dogs with foreign registration compete?**

A: Dogs individually registered with an AKC recognized registry (see: [http://www.akc.org/rules/special\\_registry\\_services.cfm](http://www.akc.org/rules/special_registry_services.cfm)) may exhibit for up to 30 days after the date of the first AKC event in which it was exhibited. After 30 days time the dog must have received AKC registration or have applied for and been granted an extension from AKC Event Operations in order to continue exhibiting at AKC events.

**Q: May dogs with Limited Registration exhibit?**

## FAQs on Performance Events:

**Q: Once entries have closed for an event, can a dog still be entered?**

**Q: How are points calculated if a dog is 'disallowed' by the AKC and not 'disqualified' during a show?**

A: When dogs are disallowed by the AKC and not disqualified at the event, the dog will still be included in the count for points.

**Q: How can a club determine the date of their show in the future?**

A: If you are planning to hold an event on the same weekend in future years, please consult the corresponding date table, located at [www.akc.org/pdfs/Corres\\_Date\\_Table](http://www.akc.org/pdfs/Corres_Date_Table).

**Q: How do I order additional rule books?**

A: As stated by the Board of Directors, "all rule books will have one uniform price of \$5.00. A \$3.00 shipping/handling fee charge will be applied on all rule books that are processed and shipped from the Raleigh office. Free, down-loadable PDF copies of the latest version of all rule books are available from the AKC website. Rule books will continue to be sent free of charge to Superintendents/Event Secretaries, Public Education Coordinators, AKC Clubs, upon receipt of a request on club letterhead, and AKC Judges. The AKC Booth will continue to provide rule books at no charge to Delegates, Judges and Exhibitors."

## Attracting Exhibitors

Clubs frequently complain about small entries at their events. Many follow tried and true principles that work while some find unique solutions to be exhibitor friendly. Some of the time proven principles include:

1. Select a popular judging panel. If an exhibitor did not win under a particular judge last month they are unlikely to bring the same dog back to the same judge next month. Certainly travel expenses are always a concern but clubs that primarily use local judges may not attract as many exhibitors. Clubs can search the AKC online judges' directory or some AKC Licensed Superintendents' websites to evaluate whether past or future assignments will impact your show and how many entries in each breed the judge attracted in each breed at past events. Although time consuming, this research can avoid reduced entries by overusing a particular judge.
2. Clubs should work together. Since travel is a major expense for exhibitors, shows held at the same sites can reduce travel expenses. All-breed clubs working with specialty clubs can increase entries. Offering specialty clubs a free venue for specialty shows held on Friday during the all-breed "set-up" day can attract large entries for the weekend. Specialty clubs that support the entry at the all-breed weekend shows can compound the entry. This is particularly true if the clubs can agree on popular judges for these breeds for the entire weekend.
3. Provide a friendly environment. New exhibitors frequently feel like "outsiders" so clubs that identify their members with identifiable clothing and go out of their way to be helpful are likely to attract these exhibitors to return. A friendly parking experience, helpful stewards,

and assistance with finding a spot in the grooming area will make a significant difference. Although all exhibitors want to win, a pleasant experience can attract them to return regardless of the color of their ribbon.

Some less traditional approaches for outreach to exhibitors include:

- Refreshments for exhibitors – This can range from coffee and doughnuts for exhibitors, to wine and cheese served at Group judging. Some clubs sponsor after-show meals or other entertainment that provides an opportunity for exhibitors to socialize at an inexpensive evening between shows.
- Educational programs are popular with exhibitors. Speakers or seminars in the evening between shows are attractive and provide useful information to exhibitors. General subjects.
- Raffles or contests can add entertainment value and spotlight a particular charity or cause. Some large charities such as the AKC Canine Health Foundation or Take the Lead attract corporate sponsors to defray some of the related expenses.
- Coordination with the local Chamber of Commerce can generate discounts at local businesses creating a benefit for both exhibitors and the local economy.
- Offering a Special Attraction with a cash prize is a great way to attract exhibitors and increase entries. Working with a sponsor to raise funds is a great way to offer these types of awards.

# Exhibitor Questions and Clarification of the Grand Champion Judging Procedure

### Who is Eligible for Grand Champion competition?

The following categories of dogs are entered in this competition:

1. Dogs that are Champions of Record competing in Best of Breed or Best of Variety class.
2. Dogs transferred to Best of Breed/Variety which according to their owners' records have completed the requirements for a championship but whose championships are unconfirmed. *(The showing of dogs whose championships are unconfirmed is limited to a period of 90 days from the date of show where a dog completed the requirements for a championship according to the owners' records.)*
3. Champions that win Non-Regular Classes and become eligible for Best of Breed competition. *(Altered or spayed CH veteran class winners at independent specialties are eligible.)*
4. Winners Dog and Winners Bitch are not eligible for Grand Champion competition.

At the judge's discretion, Grand Championship points may be awarded to:

1. Best of Breed or Variety
2. Best of Opposite
3. Select Dog
4. Select Bitch

Grand Champion competition will not continue beyond Best of Breed competition and in breeds that are divided into varieties, Grand Champion Competition will not continue beyond Best of Variety competition.

### What are the requirements to earn the Grand Champion Title?

1. 25 Grand Champion points.
2. A minimum of 9 points won at 3 shows with ratings of 3 or more points (Major wins) under three different judges, and one or more of the balance of points won under a 4th judge.
3. At least one Champion of Record was defeated at three of these shows.

### How are Grand Champion points computed?

1. Grand Champion points are only to be awarded to dogs the judge considers deserving.
2. Grand Champions points awarded to the Best of Breed/Variety shall count all dogs of both sexes competing in the regular classes and in Best of Breed/Variety competition.
3. Grand Champion points awarded to Best of Opposite Sex shall count all dogs of their sex competing in the regular classes and in Best of Breed/Variety competition.

4. Grand Champion points awarded to Select Dog/Bitch shall count all dogs of their sex defeated in the Best of Breed/Variety competition as well as the dogs of their sex in the regular classes. (i.e. one less than the total entry in that sex)

5. The entry of non-regular classes are not counted for computation of Grand Champion points to be awarded.

### Judging Procedure

1. Choose BOB, BOW and BOS
2. If quality warrants, choose a Select Dog (SD) and Select Bitch (SB) from the remaining Champions in the BOB ring *(Do not consider BOW, WD or WB)*
3. Annotate the judge's book certification as to the eligibility and quality of the Grand Champion points being awarded or withheld.
4. Award BOB, BOS, SD and SB ribbons if determined to be of eligible and deserving of the Grand Champion title. See: [http://www.akc.org/pdfs/judges\\_sheet\\_conformation.pdf](http://www.akc.org/pdfs/judges_sheet_conformation.pdf) for example of the revised judge's book form.

### Administration

1. On May 12, 2010 Grand Champion competition will be included in all shows offering BOB or BOV competition.
2. Premium lists – Other than prize listings, there is no requirement to address Grand Champion competition in the premium list since it is included in all shows that offer BOB or BOV. However, there is no restriction should superintendents and secretaries want to bring attention to the new competition.
3. Judging Schedule – No additional information is required.
4. Ribbons – BOB and BOS do not require an additional ribbon. Light blue & white ribbons for SD & SB. Flat ribbons or rosettes are equally acceptable. "Select" is acceptable wording however "Grand Champion Select" is acceptable and more descriptive.
5. Ring Markers – Just as with BOB, BOW and BOS, there is no AKC requirement to have SD and SB placement markers. These markers are provided as a service by the club or superintendent.

The Select awards have no relationship or correlation to Awards of Merit. Awards of Merit are club awards rather than AKC awards. As per page 8-10 of the current Show/Trial Manual, "The club may determine its own criteria for and the number of trophies or rosettes to be awarded." Some clubs have criteria that restrict dogs that have received BOW and BOS from receiving AOMs. Others have no restrictions. Clubs should review their current policies and determine their preference concerning GC award winners.

# 2009 ABC National Amateur All Age Championship

November 23-27, 2009 • Booneville, AR

Reported by Leslie Andreas • Photos courtesy of Mary Jo Trimble

**National Amateur All Age Championship – from left to right: Janet & Jim Chase, Judy & Tom Robin, Paul Pollack, Lisa Pollack with National Amateur All Age Champion/FC/AFC TM'S TENNESSEE TWISTER, Bill Landress, judge Greg Dixon, Margaret Horstmeyer, Tom White with Runner-up DC/AFC TJ'S SINGLE SHOT OF SCIPIO, judge Stan Williamson, Bo Ackerman with third place winner FC/AFC EARLY TIMES, judge June McConnell, Steve Ralph, Tommy Thomas with fourth place winner DC HAVAPAL'S RENEGADE BILLY BOY and Linda Thomas.**

The American Brittany Club has run a National Amateur All Age stake every year since 1951. This year's renewal ran from November 23 to 27, at the Blue Mountain Wildlife demonstration area southeast of the friendly town of Booneville, Arkansas. 54 entries were drawn, and all started. As in past years, all entrants had to qualify in regional trials to get here. Entries were actually up from last year, though nowhere near the highs of years past, despite the economy and quite a few trials being cancelled. This is a trial with a lot of history, and is the one all the amateurs wish to win. While its competitive, it is also a social occasion. Friends who have become like family over the years will enjoy visiting, dining, partying and talking dogs.

This year the running was directly affected by a very wet summer which saw over 30" of rain fall, flooding the Petit Jean River far over its banks. The soggy ground could not support the weight of the machinery needed to mow, and cover grew high and thick. The ground remains wet and boggy. Areas of the modified course we ended up using had 20 foot high water marks on the trees. Of necessity, all of course 2 was eliminated, as well large portions of course 1 and 3. The first brace to breakaway in the morning and afternoon would take the normal route of course 1#, leaving from the top of the hill behind Cartmell's place, and remaining as course one as we know it until just short of the old corrals, at which time, we swing right and come out on what is the middle portion of the third course, where we go on to pass Mario's Hill, across Lick Creek and through the field with the pavilion, where we again swing right past the big oak, and rejoin the first course. Wherever one brace picks up, the next is put down, although the judges were very kind in riding on a short distance to give everyone a decent breakaway place. It was not an ideal situation, but everyone had the same opportunities. The good news is that the bird counts were the highest seen in years, maybe the highest ever. Only 6 braces did not have any bird contact at all (as seen by judicial parties) – some tattle tales on the dog wagon told us that some of these braces did indeed have contact, though not the kind that would have helped their causes! Many of the covies that were seen were very large. In addition to the birds released in September that have acclimatized themselves

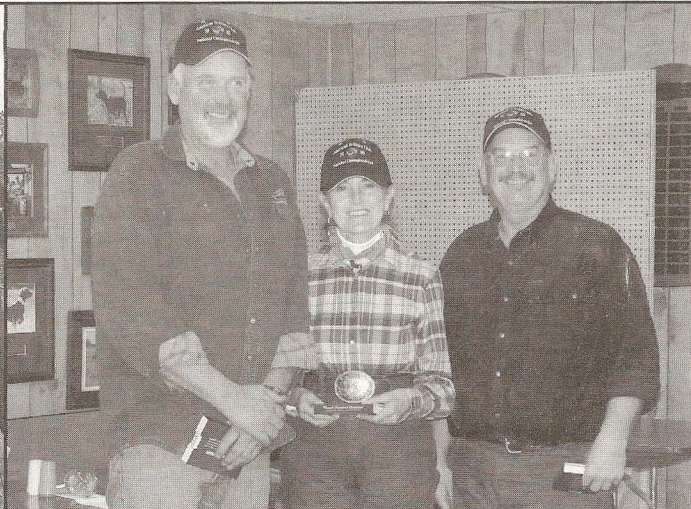

and act like wild birds, quail were released each night onto the course and account for the singles finds.

Putting together this trial is a truly monumental undertaking, with workers coming from a nation wide organization. It worked as smoothly as a well oiled machine, with everyone knowing just what their job entailed, and doing their parts. Our leader was Tom White, vice president of the American Brittany Club, serving as field trial chairman from California, ensuring that all was well at all times. His wife, Margaret Horstmeyer DVM – provided us with an on-site veterinarian in case of emergencies. Field trial marshal was Bill Landress, another Californian. Tom Robin capably served as stakes manager. Will Langley comes all the way from Michigan each year to provided us with dependable horses that were in shape and ready for action. Will is knowledgeable about horses and people, matching each to a T. I always look forward to seeing Will each year.

A last minute cancellation required a new caterer for our meals, and we were lucky indeed that Ron and Jodi Button stepped forward. They served us wonderful healthy meals three times a day at very reasonable prices, and were cheerful and pleasant to be around. I cannot imagine what we would have done without them. We hope to see them back next year. Steve Ralph did the paperwork, before and after the trial as well as any loose ends during the running of the trial. Larry McAnally and Red Bailey are the State workers that drive the dog wagon, plant and feed the birds, as well as manage the grounds year round. They have become part of the Brittany family, and we all look forward to seeing them each year. The State of Arkansas was ahead of its time when it built these facilities, completed in 1987, with some improvements made each year. The corrals, dog runs, horse barn, and a large club house that caters to all of our meals, meetings, and social get togethers, as well as RV hook ups, make this a very civilized place to have a field trial. The field trial committee was made up of Hank Hartnek, Joyce Miley, Tom Robin, Lisa Pollock, Margaret Horstmeyer, Ray Trimble, Steve Ralph, Tom Milam and Warren Montgomery. Many others took on the marshalling jobs on a daily basis, and while I did not get around to recording

all that helped we are grateful none the less. The dog wagon ladies-Linda Milam, Darlene Dow, Diana Kubitz and Donna Pride, provided us with pastries, cookies and coffee between braces.

Our three judges are June McConnell of Idaho, Greg Dixon of Wisconsin, and Stan Williamson, Illinois. All are experienced bird dog people, both as competitors and as judges. They did us a great service, through their knowledge and willingness to talk to each other, being very attentive to all competitors, and gave everyone a fair chance to show their dogs to their best advantage. They were very positive judges, all the while upholding a strong standard of performance. It was an enjoyable week for me getting to know them. June and her husband Larry, began with Brittanys, and are now involved in campaigning all age pointers in American Field, with several champions to their credit. Greg Dixon is a professional all breed trainer, along with his wife Liz, who had to stay and hold the fort while Greg was judging. Stan is an amateur Brittany enthusiast, with several owner trained and handled field champions to his credit. It made for an excellent blend of talent.

A beautiful engraved trooper saddle donated by Christie Enterprises of Alvord Texas is sure to please the new winner. Tri-tronics, the best known and oldest name in electronic dog training devices also provided a top of the line collar for the champion. Purina supplied dog food to the winners, which is always appreciated.

Social events are always part of the Booneville experience. Terry Maxwell had a party on Tuesday night to honor Chuck – formally known as 2008 National Amateur Champion Maxwell's Blew By You, complete with DJ Joe and a wide mix of great music for dancing. Thanksgiving falls during our week every year, and as we all gather to enjoy a truly scrumptious meal, we think of all those left home to do the cooking and washing dishes. At the conclusion of the Amateur, Purina hosted the award for Purina All Age dog of the year, won by DC/AFC RuJem's A Touch of Bourbon owned by Jerry and Ruth McGee, after a year of consistency, winning under many different judges, in several different states, against all comers. Purina sets a high standard with their products and their dedication to our sport. Their financial aid certainly contributes to the fact that our stakes have flourished all over the country. Roy Pelton was present to represent the company, and along with master of ceremonies, Robert Rankin, and artist Ross Young, present for the unveiling of a painting of last years winner, Lane's End WeBe Clean, owned by Tom and Judy Robin.

The winners – the New Champion, FC/AFC TM'S TENNESSEE TWISTER, is not only a star in the field, she has been a star on Animal Planet's popular TV show, "Dogs 101" as the representative of our breed in the Brittany episode. She was filmed during the running of the Deep South Championship last winter, which she also won. "Sway", as she is called, has been winning trials from an early age. She is owned by Brooks Caviness and Lisa Pollock, and was most capably handled by Lisa to this prestigious win. She is from the famous frozen semen breeding of Rimarda's Trademark and Lane's End Bowtie Annie. Five of the resulting dogs were run in this championship, each a winner in their own right. A sixth dog from this breeding has completed a dual championship running in gun dog stakes, and yet another ranks as one of the top obedience trial Brittanys in the country. This was truly a "nick" breeding. Coming out of the 24th brace, the last to run on Thursday, with ideal weather conditions, Sway demonstrated intelligence and desire to find birds for the entire hour she was down. She sought out all the likely spots, got to them with great efficiency, and showed classic manners on all of her four finds. When the opportunity presented itself, she backed from a good

distance on her own initiative. At the end of the hour, she was still driving hard in a quest to find yet more birds. It was an enjoyable hour watching a pair of very good bird dogs, as her bracemate, Special Edition also carded multiple finds.

The runner-up is a most consistent performing bitch, DC/AFC TJ'S SINGLE SHOT OF SCIPIO, call name "Emme". She is owned by Tom White and Margaret Horstmeyer of San Bernadino, California, and was handled by Tom. Emme is a daughter of two former National and Dual Champions, Tequila's Joker and Micro Chips of Nutmeg. Emme came out of the 2nd brace, run Monday morning. She showed style and intensity on her two finds, and ran a very forward, smart race, always handling like she was on a string. Emme has been in the winner's circle in Booneville several times before.

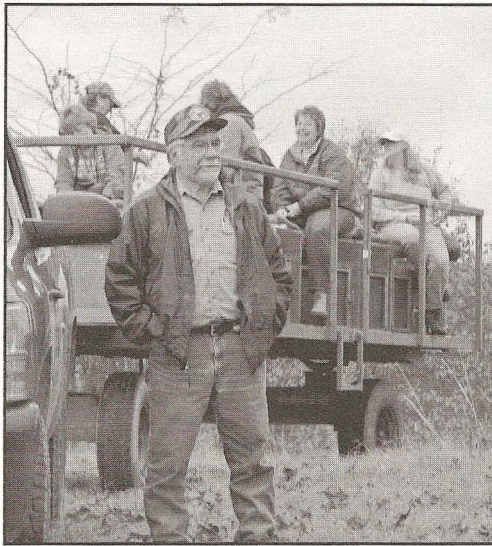

Third place, FC/AFC EARLY TIMES, a leggy white and orange dog owned and handled by Bo Ackerman, from Clermont, Georgia. Earl is the son of FC Ortho Acre's Booker T out of a daughter of FC Bay Meadow's Trucker. Earl, from brace 11, displayed great decorum on his one covey find, put down an intelligent race, maintaining a good pace with a lot of steam left at the end of the hour.

Fourth place dog, coming out of brace 17, DC HAVAPAL'S RENEGADE BILLY BOY, a handsome white and orange male and handled by young Tommy Thomas, from Illinois. He is sired by FC Double Brandy's Bird Buster out of a daughter of DC Masked Shoshoni War Chief. Billy, was out of pocket for awhile, but came back strong the final half of his hour with a powerful forward race and a stellar find right before time on a large covey of birds.

A much sought after award is the woman's handler award, called the Belloak's Ginger Memorial trophy, donated by Jim and Marcelle Bell. It was offered for the first time in 1954. The original trophy was retired, and since 1966 the trophy has been sponsored by the American Brittany Club. With Lisa Pollock handling the winner, it was not too hard to determine who would take that trophy home this year. Lisa also scouted two of the other winning dogs. When the open judge, Jim Cohen and his wife Judy arrived, we found we had five previous winners on the grounds, as Judy had won this award in 1969! Others present who had won the trophy are Diana Kubitz (1992 & 1993), Donna Janulis (1996, 1997, 2000, & 2002), Jessica Carlson (2007) and Lisa Pollock (2008 & this present year.) Lisa plans to come back in 40 years to relive this moment, although we joked Jessica may have to pick her up at the retirement home and drive her there!!

Brace 1# CLYDE'S MICRO BREEZE ("Mike") - Lisa Pollock and SHADOW ATTACK ("Tack") - Philip Dangerfield. Mike and Tack broke away at 8:03 under an overcast sky with mild temperatures atop the normal course 1# hill. Both liver dogs went to work right away tackling the heavy cover. At 11, Mike had the first bird contact of the stake on a wild flushing covey in a manner that did not please his handler. He was picked up. Tack began to get confused over the absence of his usual handler. He did point into a thick plum thicket with handler unable to flush a bird. His anxiety problem increased and he was up early.

Brace 2# TRUCKER'S WILD RIDE ("Rider") - Ray Trimble and TJ'S SINGLE SHOT OF SCIPIO ("Emme") - Tom White. At 9, Emme pointed with good style into a tangled briar patch with Rider honoring, all manners in order. Point was called for Rider at 28 minutes. A long ride ensued, which resulted in riding into the scout and moving dog. Apparently the dog had corrected and gone on. Emme continued to reach for the front. She was always forward and handling kindly. After not being seen for about 6 minutes, she was found at 34 to the front, on point, again with excellent form. Rider caught up in time to back this find also. When we reached the plum thicket where Tack had his non-productive in the previous brace, Emme was standing tightly coiled. Handler spotted the bird on

the ground, but was unable to flush it or show it to the judges. Ray had taken Rider around the action with Rider slamming on the brakes hard as a small covey rose in the next line of the course. Emme finished well ahead.

Brace 3# JOLOCKAPEX DARK ROUX GUMBO - Dave Lincoln and MAXWELL'S GUNSMOKE ("Pete") - Kent Patterson. Pete, last year's runner-up in this championship, was not as hard charging as his normal self. At the corner behind the barking dog house, Pete stood with high head and tail with Kent unable to produce. Sent to relocate, Pete stopped when he heard a bird lift, then released himself earning himself a trip to the dog wagon. Roux distinguished himself with power and drive and taking lines all the way to their conclusion for a solid hour. As we crossed the road by the single metal gate, Roux was missing, and Dave, knowing his dog, rode hard to the left to find him on point. We rode a long way to view the find. He charged on very hard following this find. He reached the same plum thicket that had been the scene of two non-productives earlier in the morning, and pointed along the edge. Dave was able to flush the bird with apparent ease. All was in order.

Brace 4# DAKOTA ALLEY CAT ("Tiger") - Bo Ackerman and TRADEMARK'S ICE MAN ("Timmy") - Donna Janulius. Tiger was pointed out to the front, many times during the hour as he applied himself well. His good effort was not rewarded with birdwork. Timmy had great application and a wonderful reprieve with his handler Donna. He was fired over on a stop to flush in tall grass in the cotton field, with no birds seen by the judges. At 58, Timmy had stopped with a large covey simultaneously rising on their own.

Brace 5# BRISCO'S MR. STUB - Trimble and KINWASHKLY DAKOTA MOLESTER - Ken Seivert. A good breakaway for both dogs. Lester was seen at 5 standing intensely, but nothing came of the flushing attempt. He made some nice moves at the start, but had a flat spot in the mid portion of his hour. As the course made a right hand turn, Lester hit the far tree line and made a flying move all the way down the line coming across the front at the road, and disappearing to the front. At 52, he was spotted on point in a mowed strip, with nice style and manners. After that he flew down the right edge, past the pavilion, down the hedgerow to finish with great strength. Stub had worked hard and long to pin a covey at 24 off the side of Mario's Hill, which he accomplished in good form. He was out of pocket for awhile after this, only to show from the rear at time.

Brace 6# WHITE MOUNTAIN SMOKE - Dale Pool and MUSTANG SALLY VIII - Hans Borggman. Hans had been thrown earlier in the day by his horse, and would have a fight on with him the whole brace. Sally set a blistering pace, spotted by Judge Stan Williamson pointing with beautiful style as we crossed the road near the single metal gate. All went just as it should. Her next move was to take a huge swing around the left edge of a big field, with scout calling point at the end of the edge, again picturesque form and manners. Smoke stood near the road at far end of the cotton fields with birds flushed by the judge, with Smoke flagging a bit on point. His range and pace were conservative for this stake. As we rounded a corner going to Mario's Hill, both dogs were standing with handlers indicating birds had already left. Sally would shorten a bit in the last minutes of the course, but she had covered so much country, that she had to be put back on the same course she had already run on for the final 11 minutes of her hour. At 59 minutes, Sally pointed, tightly coiled, with a single bird flushed directly in front of her. Hans breathed a sigh of relief when they called time.

Dogs Posted Day 1# MUSTANG SALLY VIII, KINWASHKLY DAKOTA MOLESTER, T.J'S SINGLE SHOT OF SCPIO

Tuesday morning, we awoke to find it had rained all night and would drizzle right up till we broke away. Although it was rather cool, with grey skies, the sun came out and we had blue skies in the afternoon.

Brace 7# CHEYENNE WIND DANCER - John Cross and LANE'S END WE BE CLEAN - Tom Robin. Our first find of the morning came as WeBe found a covey of birds along the edge near Hwy. 109 just before the Barking Dog House. Dan worked his way down the same edge and backed the find. At 30, WeBe pointed into a pine tree just at the road crossing by the single metal gate, looking like a white statue. A small covey rose just as Dan came up the opposite line, poor timing for him, as he did not get stopped in time. WeBe turned to mark the birds that had flown behind him. At 32, WeBe pointed in a ditch along the roadside. All went well. His race belied his age-as he was far forward and completed all of his casts, and still had us sitting up at the end of his hour. He finished up by pointing a large covey at 58. Judge June McConnell's comment when he was picked up was "What a wonderful old dog".

Brace 8# ODYSSEY'S TEQUILA AZUL - Neil Mace and TERRA'S CABO WABO ("Sammy") - Tom White. Azul is a powerful looking dog whose range was mostly conservative for this stake. Sammy sped off and was not seen much in the early portion of the course. Where WeBe had his first find an hour earlier, Azul established point with the covey flushed and proper manners observed. Sammy reappeared to the front at this time. Sammy soon pointed with intensity in a large mott. Tom, unable to flush birds, sent Sammy to relocate. He stopped 15 feet to the left of his original stand. The call of "birds have flown", came from the back of the mott, with one bird spotted coming out the judge's side. 5 minutes later, point was called with both dogs standing in a dense jungle of briars alongside a water filled ditch. By the time the two handlers and a dismounted judge Dixon had fought their way in, Azul was no longer to be seen. Moments later, a covey popped out the other end, followed by Azul. Sammy displayed proper decorum and went on with the course to himself. He began to shorten at 45, with Tom picking him up a few minutes short of the hour.

Brace 9# THE ROCK II - Paul Pollock and DEM BONES - Dave Lincoln. Bones is a young dog, who today had directional challenges. It was clear he would not be going with us, so Dave picked him up early. Rock was not reaching out in his normal fashion. After 2 episodes of trying to flush birds and coming up with 4 legged, non-approved game, Rock was retired to the dog wagon.

Brace 10# KB'S SHADOW DANCER - Herb Rea and LANE'S END HAVE MERCY - Tom Robin. As Mercy pointed for a non-productive in a grassy flat near the road approaching the Barking Dog House, Dancer cut through the gallery and was kicked by a horse. He was severely injured and in great pain. Larry and Red promptly responded by unhooking the dog wagon and coming to his assistance. We were later to learn that he broke his shoulder blade. His many fans hope he recovers and can come back from this incident. Mercy added another non-productive and had become very interested in ground scent wanting to stop and check every bush, so did not last the hour.

Brace 11# EARLY TIMES - Bo Ackerman and TSUNAMI - Francis Clausen. There was a very fast pace set. Both Bo and Francis can ride! Earl took the edges mainly to the right with Sue taking the left hand side of the course. Both dogs required and received excellent scouting. Point was called for Earl along the right edge, with the dog standing tall and proud. Bo flushed birds from the thick jungle in front of Earl. Sue at times handled roughly but charged hard to where she wanted to go. Her one find was a well located large covey near Mario's Hill, style

and manners excellent. Earl had a limb non-productive, followed by a long hard ride to catch the front. Both dogs remained strong on the ground until picked up near the Barking Dog House. I always find it comforting to see Francis at a field trial. He was at the first Brittany trial I ever went to (Minnesota Brittany Club, 1968) and 41 years later, he is still around and still competing!

Brace 12# MODAN BELIEVER ("Buddy") - John Cross and MTB CABO RITA DE SCIPIO - Tom White. Buddy, a veteran campaigner with many years of competing here, will retire after today's running. He did not apply himself today, and was short and lethargic for most of his time down. He had a non-productive and was picked up at 45. Rita seemed to be swallowed up by the course shortly after breakaway. Some people thought they heard a distant call of point, but no one was sure of where or who it was coming from. Where ever she had been, Rita reappeared after an absence of 18.5 minutes to remain in contention. Soon after her return, she scored a quality find near Mario's Hill. Rita finished up her hour going forward down the mowed strips.

Dogs posted for day 2# LANE'S END WEBE CLEAN and EARLY TIMES

Tuesday evening we all enjoyed the party hosted by Terry Maxwell, celebrating his last year's champion at this event, MAXWELL'S BLEW BY YOU. DJ Joe played a great mix of music, and a good time was had by all. Wednesday was rather chilly, frost on the ground, but warming as the day went on.

Brace 13# TUB O TEE - Dave Lincoln and DIAMOND HILL DEUCES GONE WILD ("Cooter") - Lisa Pollock. Breaking away atop of the hill into a chilly morning, frost on the grass, blue sky above us, both dogs going to the front and hunting hard. As we approach the Barking Dog house, a single quail lifted from the roadside. Seconds later, Tub pointed in the same spot, but no more birds were to be flushed. On the other side of the course, Cooter also had a find with a covey flushed for him. As we crossed the road by the single metal gate, Tub jumped a water filled ditch and flushed a small covey, but did not stop to their flight. Cooter had a strong last half of his hour, wide to the left hand side of the course, sweeping forward at a fast pace. Cooter was gone from sight at time, but was returned in the grace period.

Brace 14# TLM COMANCHE CHIEF - Tom Milam and THE FAR SIDE'S KID AIMEE - Wice. Aimee made some nice moves before she got separated from us and not returned within judgment. Chief began with a moderate race, scored a find on the same birds that took out Tub the brace before. He was stretching out well to the front following the find, and looking like a competitor! He was missing at time, and failed to be returned during the grace period allowed to him.

Brace 15# STARLIGHT'S BLAZING SIRIUS - Tommy Thomas and MEGASMOKE LIMITED EDITION ("Ted") - Tom White. Si and Ted raced to the horizon off the breakaway. That's the last we saw of Si. Ted did cross over to the front once before he, too, vanished from the course. Trackers were out at about 20 minutes into the hour for each.

Brace 16# TJ'S PRAIRIE BLIZZARD - Jessica Carlson and SHAMROCK'S SIRIUS - Wade Haines. Blizzard went the hour, but did not challenge. He did not find the front appealing today. Si was strong to the front, seen a couple of times, but somehow he managed to get away on us, with Wade asking for his tracker.

Brace 17# MARJO'S RED RUM ("Johnny") - Joe Luisi and HAVAPAL'S RENEGADE BILLY BOY - Tommy Thomas Early in the brace, Si missing from the previous brace showed up to the front, looking like he could run another hour, but we put him on the dog wagon anyway. Johnny stood with style and intensity by some cedar trees, pretty as a picture, but to no avail. For the most part, Johnny was short, and we never did catch the front party. At one point, we had both dogs, and Judge Stan Williamson got Billy going forward to catch up with his handler. He

shot forward, and regained the front. Judge Greg Dixon reported that when Billy caught up, he went straight to the front and stayed way out there, finishing with a stellar find at 59 just off Mario's Hill. Billy had beautiful style with a large covey flushed for him.

Brace 18# LOST CREEK TIMBER RIDGE ("Rowdy") - George McCann and MTB EMMIE'S CABO DE SCIPIO - Tom White. Cabo ran a gun dog type race. At 17 he scored a very pretty find on a large covey of quail, giving a show for the dog wagon parked nearby. His race continued in the same quartering pattern, and Tom relieved him from further action before the barking dog house. Rowdy did not get to all age range early on - but improved as we hit the cotton fields, and then was out of pocket for awhile. The judges informed handler he was not going to change anything just short of the hour.

Third day, dog posted - HAVAPAL'S RENEGADE BILLY BOY

Brace 19# RU-JEM'S A TOUCH OF BOURBON ("Chug") - Jerry McGee and PINEY RUN ARTIE - Kent Patterson. Breakaway from the top of course 1#, with a cool and crisp Thanksgiving morning. Tom Robin announced that turkey had been planted instead of quail today in honor of the holiday. It quickly warmed up to be a real blue bird kind of day. Two mostly white dogs headed off with Artie bee lining for the timber line along the right side of the course, and Chug occasionally spotted up front. Jerry and Kent are very talented amateur handlers, riding ahead with confidence, cool, calm and collected. Artie was sparingly seen until near the single metal gate road crossing, where point was called by the handler. Artie had nice style, and all was in order at the flush. Artie made some big swings, and we nearly caught the front, when Artie pointed again. No bird was flushed, and we did not know until the brace was over that the front party had rode up a quail here. Artie continued with a very competitive race. At 56, point was called for him along the left hand tree line opposite the pavilion, with no game flushed, and during a relocation effort, Arite departed. A tracker was required to find him, buried deep in the woods on point. The judges reported that Chug had run a beautiful race, fast, forward, completing all of his casts. He disappeared near Mario's Hill and was not seen again under judgment.

Brace 20# T'KALI'S FEEL THE WIND ("Kelly") - Laura Wilder and TRADEMARK'S ATM ("Cash") - Jim Chase. At the dry creek crossing, Cash's scout called point. Once Jim arrived, they realized it was the other dog Kelly. Once Laura had arrived, Kelly corrected and moved on. Up ahead, at 9 minutes, Cash pointed intently and Kelly was pulled over to where the action was. She ended up chasing a bird to end her bid. Laura impressed everyone by dismounting to catch her at a fast speed. Cash displayed good manners on this find, despite all the commotion. At 23, in the far corner across Lick Creek, point was called with Cash scoring another well located find. Once we made the single metal gate crossing, we did not see Cash again until we turned to head back on old course 3#. Much credit for keeping him on course goes to his scout, Wade Haines. He again took off and did not show up again until time. When he appeared he seemed to be tiring.

Brace 21# SHADY WAY'S RED TAIL HAWK ("Beau") - Brett Lindback and MAXWELL'S BLEW BY YOU II ("Chuck") - Terry Maxwell. Last year's champion, Chuck, did not have much luck this year. As he sped across the creek bed by the white post, at 3 minutes, a bird lifted and he did not get stopped for a couple strides. Another bird rose with him staying put, but the damage was already done. Beau lasted slightly longer. He was acting birdie along the edge of by Highway leading to the Barking Dog House. He stopped, moved up, and birds rose. We turned around for an early lunch break.

Brace 22# LINVEL'S ACE OF DIAMONDS - Paul Pollock and LE GRAND TANK DU FAYETTE - Ken Blackman. Tank was handy, at gun dog range. He did score a nice find on a large covey in a mowed strip pointing into the tall grass. Ace

was not running hard either, he did make a couple big moves but interspersed with shorter stints. A non-productive for Ace on the far left edge had Tank back initially then released himself. Tank was up: Ace tried for awhile longer until Paul volunteered to leash him.

Brace 23# KD'S SLIP AND SLIDE ("Splash") - Steve Ralph and JUSTAS WELL BE THE GUNNER - Stan Truska. Gunner was seen dashing across a gap well to the front at 5 minutes. 30 seconds later, he crossed the same gap in reverse, this time after a covey of birds. Splash had a stop to flush in the cover just before Lick Creek crossing. He had a few loopy casts that brought him in from behind. He continued to run a lack luster performance. Steve picked him up early.

Brace 24# TM'S TENNESSEE TWISTER ("Sway") - Lisa Pollock and SPECIAL EDITION - Dale Pool. Two spirited bitches left the starting line to show us where the birds were. At 9 Edition had stopped in tall grass approaching Mario's Hill, but nothing was produced in the flushing attempt. While we watching this piece of work, we heard a distant call of point on the far right edge. Sway had a true limb find, with an enormous covey flushed, with the dog stylish and mannerly. The next piece of action occurred at 28, with Edition pointing with pretty style. As the judges arrived, Sway coming from deep down the line, spotted the standing dog and backed the find. Across Lick Creek at 37, in the left corner, Edition pointed, with a bird seen on the ground but handler was unable to flush in the dense tangles of the thicket. At the same time, 20 feet away across the road, Sway stood high and tight as Lisa flushed a single from a bramble bush. The fast forward pace continued, with scout Paul taking a tumble at the single metal gate crossing when his horse slipped in the mud. He was laughing pretty hard when he got up so it could not have hurt too much. Edition added a find at an old feeder at 51. Point was called at 55, with both dogs standing, scout indicating that birds had already left. Shot was fired and dogs taken on. Credit was given for a divided find. (Lisa wanted to argue that it was a stop to flush, but Paul told her "Lisa, you don't argue with the judge!") Sway pointed again at 57 on the far left edge, with us crossing a boggy field to witness her final classy piece of bird work. With only 2 minutes left on the clock, she was turned loose and made a huge move all the way up the left edge and crossing to the front to show us there was still a lot of desire left on her part. A new standard was set, not to be topped this week. Both of these bitches proved to be bird dogs. Edition was overshadowed on the ground by her wider running brace mate.

Day 4: Dog posted, TM'S TENNESSEE TWISTER

Brace 25# WINDTUCK'S ROCKET'S RED GLARE - Tom Milam and WOLF RIVER'S WINNING TICKET ("Cash") - Ken Blackman. Rocket was seen to the far front a few times after release from the top of the hill of normal Course 1#. When not seen from the Barking Dog House to the single metal gate crossing, Tom requested his tracker. A few minutes later, Rocket showed up to the front on course. Cash was handier, with a tendency to tackle the thick cover and dig right in. The judges requested that he be picked up, at which time he vanished from view.

Brace 26# GRAND JUNCTION JAKE - Dick Pulliam and SPANKY'S LITTLE PILL BANDIT - Bill Hancock. Jake is a very attractive dog who on this day, hunted with an efficient pattern, but lacked all age range. He was to go birdless. For a short time, we had 3 dogs on the ground as Cash from the last brace showed up near the Barking Dog House. Bandit ran a very likeable race, appearing to be one of those dogs who just naturally finds the front and stays there. He made some good moves at a nice pace. It was much harder to keep Bill, the handler on course! Bill picked Bandit up just short of the hour, with no bird work to his credit.

Brace 27# DAKOTA LUKE - Dick Mantler. With his brace mate in heat, Luke went alone, Luke was not reaching out in all age form, but does have a quick animated

gait that makes him fun to watch. He got birdie and stopped in some tall grass for awhile, but moved off with no results. As we neared the single metal gate crossing, birds were seen in the air with Luke showing inappropriate interest in them. We retired back to camp for another early lunch break.

Brace 28# JAYHAWKER'S TEQUILA WITH A TWIST ("Taryn") - Jessica Carlson. Taryn is the bitch in heat that was originally drawn in the previous brace. The sun has come out and it is considerably warmer than it was this morning. Taryn ran a sustained smart race, finishing all her casts, but appeared to be affected by the heat. At the field approaching Mario's Hill, Taryn pointed a big covey with exemplary manners. Moments later, on the tree line on the opposite side of the field, she scored another covey find, again all in order, just as the clock ran out.

# ABC Board Motion

## 2010 Email Motion

### ABC BOARD OF DIRECTORS

*Clarification of Judges' Education Mentor Selection Procedure  
Original Motion withdrawn and replaced with this one.*

**Motion by:** Robert Wire, West Coast Director

**Seconded by:** John Henderson, West Coast Director

**Date of Motion:** Friday, February 5, 2010

**Dates for Discussion (7 days):** Sat., Feb. 6 – Wed., Feb. 12, 2010

**Dates Votes Accepted (5 days):** Sat., Feb. 13 – Wed. Feb. 17, 2010

**Motion:** I move that the Board of Directors give the Judges' Education Committee the ability to determine if a candidate for an ABC Mentor/Presenter meets the qualifications as outlined in the ABC Policy Book. The Chairman of the Committee will take a written vote by email, U.S. mail, or fax approving or disapproving of candidates with a majority vote of committee members. If a committee member casts a NO vote, they shall indicate on the ballot which of the ABC Mentor's Criteria (item # 6, number and/or letter) listed on the American Brittany Judges' Education section of the Policy Book that the candidate fails to meet.

While individual votes will remain confidential as though the committee is meeting in Executive Session to discuss personnel, ballots will be sent to the ABC President, an ex-officio member of all committees, for verification of the vote, yes and no.

If a candidate is rejected by a majority vote of the Judges' Education Committee, the candidate shall be notified by the Committee Chair and advised of the reason(s) for the negative vote.

**Rationale:**

Motion #16 voted on and passed at the 2009 meeting of the BOD in Booneville, does not clearly define the intent or purpose of the discussion that took place in Executive Session which dealt with an individual situation and not a policy in general.

The motion reads as follows: *I move that the BOD give the support to the Judges' Education Committee that they will be the best people to determine the people who are to become mentors.*

This adds a whole new slant on how ABC Mentors/Presenters are to be determined as the wording is broad based and not specific to one individual situation. If the BOD is going to allow the Judges' Education Committee to make that determination, then some additional policies need to be put into place.

1. The new motion spells out that these are American Brittany Club designated Mentors/Presenters and not those qualified under AKC guidelines..
2. Written votes shall be taken to verify the actual vote in the same manner as are votes taken by the Hall of Fame (people and dog) and Classics committees.
3. The President should receive the ballots from the Committee Chair after the voting has taken place in order to inform him of a candidate's approval or reason for rejection by the committee.
4. As the policy book reads now, no one is authorized to determine if someone meets all the qualifications and may or may not represent ABC as an ABC Mentor.

## ANIMAL CPR

Save a life:  
Learn Animal CPR

### A. Airway

The first step in animal CPR, after determining non-responsiveness, is to obtain a patent airway. You should not continue on until this step has been achieved.

1. Carefully pull the tongue out of the animal's mouth - WARNING: even an unresponsive dog may bite by instinct.
2. Make sure that the neck is reasonably straight; try to bring the head in-line with the neck. WARNING: Do not hyperextend in cases where neck trauma exists.
3. Attempt 2 rescue breaths, by closing the mouth and performing **mouth-to-nose** ventilation's. If they go in with no problems, continue to **B-Breathing**.
4. Reposition the neck and try step 3 again.
5. Visibly inspect the airway by looking into the mouth and down the throat for foreign objects occluding the airway and remove foreign objects that are visible.

Proceed to the Heimlich maneuver.

### Heimlich

After attempting to ventilate

1. Turn the animal upside down, with its back against your chest.
2. With both arms, give 5 sharp thrusts (bear hugs) to the abdomen. Perform each thrust as if it is the last one that will expel the object.
3. Stop - check to see if the object is visible in the airway. If so, remove it and give 2 mouth to nose rescue breaths. If the breaths do not go in, go back to step 1.

**Do not proceed with CPR, even if the animal goes into cardiac arrest. You must clear the airway first.**

### B. Breathing

1. After achieving a patent airway, one must determine whether the animal is breathing, and whether this breathing is effective.
2. Carefully pull the tongue out of the animals mouth - WARNING: even an unresponsive dog may bite by instinct.
3. Make sure that the neck is reasonably straight; try to bring the head in-line with the neck. WARNING: Do not hyperextend in cases where neck trauma exists.
4. Ventilate the animal by closing the mouth and performing mouth-to-nose ventilation's. If they do not go in with ease, go back to **A-Airway**.
5. Ventilate at 20 breaths per minute. If supplemental oxygen is available and the animal is breathing on its own, use a highflow blow by. WARNING: Do not attempt to intubate the animal without prior training and properly sized ET tubes.
6. Proceed to **C-Circulation** while continuing respiratory support as necessary.

### C. Circulation

This is the final step of CPR and should only be initiated after the airway and breathing steps have been completed:

1. Make sure that there are no major points of bleeding. Control as necessary.
2. Lay the animal on its right side.
3. Locate your hands where its left elbow touches the chest. Approximately the middle of the rib-cage.
4. Compress the chest 15 times followed by 2 rescue breaths (3 compressions every 2 seconds)

### Compress

- 1/2" - small dogs
- 1" - medium dogs
- 1.5"-large dogs

5. Repeat as necessary

### IMPORTANT:

**Animals do not have palpable carotid pulses. You can only obtain a femoral pulse in the inguinal crease. (Palpate carefully on a conscious dog!)**

# 2009 American Brittany Club Quail Classic/Championship

October 12-16, 2009 • Sportsman's Grounds, Grovespring, MO

Reported by Ken Blackman

We'll, the 2009 American Brittany Club's Quail Classic is in the books. 47 of the best Brittays from the east and Midwest competed under the experienced eyes of Mr. Don Kimble and Fred Smith. RU-GEM'S TOUCH OF BOURBON, a 6 year old, owned by Ruth and Jerry McGee and handled by Gerry. OAK HILL'S TIME TO BURN, Bernie, owned by the Lewandowski's and handled by Chad Holman, was named Runner Up. Pushing the winners was FAR SIDES KID AMEE, owned by Burton and Sharon Wice, and BRISCO'S MR. STUB owned by Ray and Mary Jo Trimble. Al Gorrow handled both Ameer and Stub.

Our judges share a passion for watching good dogs work. Fred comes from the perspective of knowing what great hunting dogs mean to the average hunter. Raising and training Labrador Retrievers for many years in Arkansas and managing the Arkansas Fish and Game Property at Conway brings his focus to the way dogs hunt for the handler. He now, in conjunction with Barbara Teare, manages a private plantation in south Alabama. Under his care and management they farm for wild Bobwhite Quail. Don, while being a hunter, is an avid amateur field trialer. He has been very successful with is Setters over the last few years, but admits that his profession keeps him traveling and curtails his field trial attendance, but never his training. A highly respected architect with Messner Construction Co. in Wichita, his work is designing Houses of Worship.

The weather, while not perfect didn't seem to affect the activity of the coveys of quail that have done very well since the early release this fall. The Sportsman's Association is to be commended for working hard to keep these grounds as one of the best venues in North America for Field Trialing. Out of the 24 braces we put up coveys on every part of the course and the dogs had to hunt hard to find them.

It takes lots of help to put on a trial of this magnitude and the cooperation between the Greater St. Louis and Central Arkansas Brittany Clubs ensured a successful outcome. With Purina and Tri-Tonics providing support and product for the winners, we can't thank them enough. But the people who pitched in to do the heavy lifting were nothing short of outstanding. Judy Graves, Carol Montgomery and Janet Chase were always there to make sure we were fed. When Burton and Sharon Wice got to Grovespring, we were treated to a great steak dinner. There was lots of left overs for supper the next week, too. And if it wasn't enough Judy and Janet also pulled Dog Wagon duty and made sure we all had coffee, soft drinks and snacks on the course.

But if I had to say who made everything come together it was Pam Baird and Al Gorrow. All the little things were taken care of and with most people staying on the grounds it was always a good group gathering to hash over the days events and talk about... what else, but bird dogs.

## The Winners

Chug came out of the 29th brace. It was cloudy and starting to warm. From the morning breakaway his start was a bit short. But when he went to the right rimmed the far edge and hugged the course below the Daugherty place, he slammed on point in a feed strip at 11. Jerry had a bit of difficulty getting the birds into the air, but they flew strong and far when they were pushed. At 15 Jerry called point again at the edge of the creek bank just before the second creek crossing. Chug stood head high and Jerry went right where Chug said they were. You couldn't ask for a better piece of stylish bird work all in order. For the rest of the hour the birds seemed to turn off and Chug went bird hunting with Jerry in complete control. His casts were strong, complete and Chug was just where you'd expect him to be when we got to the next field. He required little scouting and when he did need to scout him Chug seemed to know out front was the place to be. With this win it would be hard to imagine that any dog would be able to beat Chug for the Purina Points Leadership.

Bernie was braced with Farsides Kid Ameer. With a light shower, both Bernie and Ameer were off the to races. At break away bottom neither was

RUNNER UP - OAK HILLS TIME TO BURN

seen until we found Ameer pointing at the feed strip below the Daugherty place. Bernie was very stylish as he honored Ameer's find. Al put birds to flight and all was in order. Bernie and Ameer completely covered Davis bottom and then transitioned into the island field. At 45 Bernie had a find on the left side of the island field, Chad flushing and all in order. At 50 Ameer had her second find in the field just below horse killer hill. Al flushed and all in order. We were wondering if we were going to have enough course with the pace these two were keeping. At 55 Chad called point for Bernie in little vine loop. A nice piece of bird work and all in order. They finished the hour long to the front and each dog was gathered up for the judges to see within the allowed time. At 6 Bernie is going to be around and win more, for sure. But Ameer at 11 and qualified for the open and amateur all age nationals, I'm amazed that she has the stamina and physical strength to compete at such a high level.

### The Running

PRIME TIME OUTLAW JOHNNY (Cash) (Kalina) and LANES END HAVE MERCY (Mercy) (Holman). Mercy and Cash were away at the breakaway bottom to the right side of the course. Cash was seen at the far end of the road at the creek crossing. Mercy worked the course to the right and pointed at 15 in a feed strip. At 20 in Davis bottom Mercy was working and Chad wanted her to go to the front when she locked up on a large covey in the middle of the field. Chad put the birds to flight and all was in order. We hadn't seen Cash since the start and Justin called for the tracker. Mercy was standing in a feed strip on the right side of the field before the ditch at the island field. After two relocations Chad decided to end her morning

JUSTAS WELL BE THE GUNNER (Gunner) (Kalina) and TRADEMARK'S ICEMAN (Timmy) (Holman). We broke away at the island field and both dogs were away at a strong pace. When neither dog had been seen at the bottom of horse killer hill, we made it to the top in apple tree hill. At 31 both handlers decided to call for their trackers and call it a day

BRISCO'S MR. STUB (Stub) (Gorrow) and TJ'S PRAIRIE BLIZZARD (Blizzard) (Tillson). Breakaway was at the bottom hill at the far end of apple tree hill. Both dogs with a moderate ranged, hunting all the cover. At the left side of Sycamore bottom Al called found Stub standing at 15. Very stylish and all in order. Through the Valley to the left of Sycamore bottom Al found Stub buried up with Blizzard honoring. Al flushed a very large covey and both dogs were taken forward. At 50 we found Blizzard and Stub in some very thick cover to the right side of the course. I could have gone anyway but the judges recorded it as a divided find. Al and Ed fired and all was in order. At 55 Stub was standing in a feed strip near the twin barns. Blizzard was honoring the find. After an extended flushing attempt by Al he took Stub on and both finished the hour with lots to spare. This one was fun to watch.

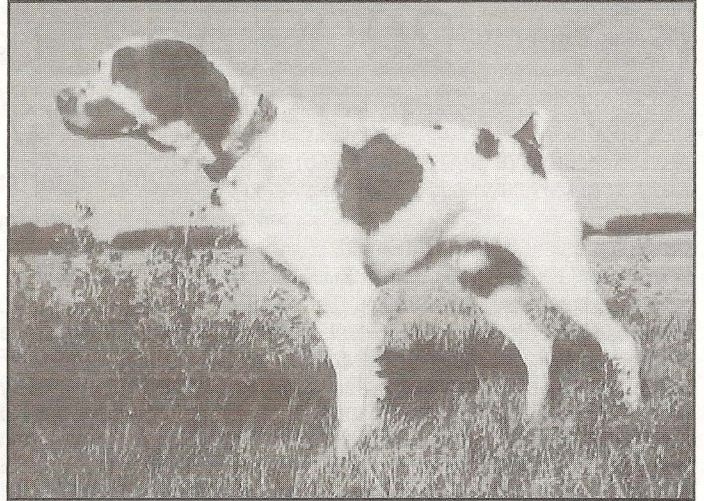

BRETON'S CASTLE ROCKET (Rocket) (John) and ACE'S DI (Di) (Gorrow). Both dogs were away in a race down the horse path. At the double gates, at 20, both handlers decided that it was not going to be the right morning for either dog.

HANGING JAZE HOWLALEWYA AMEN (Slick) (Tillson) and TJ'S THUNDER (Thunder) (John). Both dogs broke loose at fox bottom and at 25 Slick had a breach of manners which ended his day. At about the same time Thunder had a find and was relocated in a nice piece of bird work, relocating into the woods. All in order. Thunder was handling well and looking in all the right places and at 58 had a find. He unfortunately didn't let Jimmy get to him before he flushed the birds himself.

SOVEREIGN'S GIT-ER-DONE (Larry) (Tillson) and KINWASHKLY DAKOTA MOLESTER (Lester) (John). Lester and Larry were hunting well on each side of the course. They seemed to want to dig in looking for birds as we went past the blue house. At 15 Lester had a nice covey find. At 35 Jimmy called for the Tracker. Larry was a handful and at 30 Ed called for the tracker to finish his day.

FARSIDES KID AMEE (Ame) (Gorrow) and OAK HILL'S TIME TO BURN (Bernie) (Holman). See the winners brace above.

WOLF RIVER'S WINNING TICKET (Cash) (Gorrow) and SHADOW ATTACK (Tack) (Tilson). Were broke away in Sycamore bottom. A light drizzle and an oncoming breeze seemed just right to find birds. Cash was away to

**FOURTH PLACE WINNER - BRISCO'S MR STUB**

the right side and at 15 found birds. Al couldn't get the running birds to fly, shot and went on. Tack had a breach of manners at 20 and was in the harness. We turned into the valley off Sycamore bottom. Cash slammed tight at 22 in the feed strip on the left corner. All in order. Cash was digging in on the topside of the valley and at about 40 was gone and not returned to judgment. Al called for the Garmin.

LOST CREEK TIMBER RIDGE (Rowdy) (Tillson) and ODYSSEYS ACE OF HEARTS (Ace) (Holman). At the twin barns Rowdy had a find at 5 with all in order. Ed called for the Garmin at 40 after a lengthily absence. Ace was running a very strong race, and had a UP at 30 in the bull pasture. He finished strong with no further bird work.

JAYHAWKER TEQUILA WITH A TWIST (Taryn) (Tilson) and TRUCKER'S WILD RIDE (Rider) (Gorrow). Taryn and Trucker broke away at the breakaway bottom. Both hunted hard and handled superbly. Unfortunately, Taryn had no bird work. At 20 Rider had a find in Davis bottom, all in order. He didn't have too far to go and steadied up at 25 at the keyhole. Good manners and all in order. After a lengthy absence Al called for the Garmin.

KD'S SLIP AND SLIDE (Splash) (Tillson) and HI POINT'S BETTIN HE'LL ROCK (Ozzie) (Holman). We broke at the bottom field before horse killer hill. Both dogs were at the top of the hill and at 13 Ozzie had a find. He decided to flush the birds himself. Splash was gone for an extended time and Ed elected to call for the Garmin at 25.

DOWNTOWN LUCAS BROWN (Lucas) (Gorrow) and SANDY PINE'S CHASE THE WIND (Chavey) (Holman). Lucas had a stop to flush at 7 on the right side of the course near the blue house. He took a step too many and was picked up. At 15 Chad called for the tracker for Chavey.

RAMBLIN MAN (Randy) (Gorrow) and TRADEMARK'S ATM (Cash) (Holman). At the breakaway bottom on the right Randy had a find at 7. Birds left early, Al shot and took him on. At 17 Cash had a nice find in Davis bottom at the keyhole. All in order. At 30 Cash stuck one again and handled the covey with high style. Cash was putting on a fine race, considering he had missed the whole spring with lung surgery to remove a nocardia. At 33, after an extended absence Al called for the Garmin and gathered up Randy. Cash was continuing on a fine hour when he got under some birds at 43. His day was done.

JAKE ACRES IN DISGUISE (Jake) (Gorrow) and BLACK CREEK TIM (Tim) (Holman). We broke away at little vine loop in a drizzle. Tim had a mannerly stop to flush at 10 with all in order. Turkey's were also seen in the field. Jake was harnessed at 14 when he failed to stop on a flush of birds. Tim was picked up at 30 by Chad when he shortened up his race.

HI PROOF WHIZKI (Whiz) (Dye) and GRAND JUNCTION JAKE (Jake) (Holman). We broke away at the head of Sycamore bottom. Jake was strong to the right with Whiz in the opposite edge. At the valley we headed to the twin barns, where Leland called for the Garmin for Whiz after a significant absence. At 40 Jake was standing in a feed patch in the bull pasture. Extended flushing produced no birds, Chad took him on. At 45 on the left near the fence Jake was standing for what turned out to be a very large covey of birds. He was like a statue as all the birds got up around him. You had to wonder if the covey was the up he had 5 minutes earlier. What a Kodak moment! At 50 he had a find in a feed strip near the twin

barns. All in order and the judges called time.

MARJO'S RED RUM (Johnny) (Luisi) and COUNTRY ROAD'S ROUGH RIDER (Cooper) (Burchett). Misty and cool were the watch words for the afternoon. We broke away at breakaway bottom. Johnny kicked up dirt on his way down the field. Cooper was not quite ready to keep up with his bracemate. At 13 Cooper had a find on the right side in a feed strip-all in order. At 20 Joe called for the Garmin, after he was unable to gather up Johnny. At 26 Cooper stopped at the keyhole in Davis bottom. Bob flushed a covey and all in order. Cooper was just getting into his pace and covering all the ground he wanted. At 41 he stopped in the field just below horse killer hill and Bob dug out a single. Cooper looked terrific. And to top off his hour Cooper had a find at 58 in little vine loop to end a very fine performance. The gallery was very appreciative of this boys work.

KISSTHIS (Smooch) (Gorow) and STARTLIGHTS BLAZING SIRUS (Sy) (Burchett). Smooch started out strong but at 16 Al called for the Garmin when she failed to return to the course. Sy was up a 32 when Bob was unable to get him back in the allotted time.

BLACK CREEK DEACON (Deacon) (Holman) and BLAZE (Blaze) (Burchett). Deacon was not on the same program as Chad and was in the harness within 10 minutes. Blaze showed to the front at the blue house and had a find at 9. All in order. She had a mannerly Stop to flush at 12. Bob shot and took her on. At 58 Bob called for the tracker when Blaze failed to come back to the course after an extended absence.

RU-JEM'S TOUCH OF BOURBON (Chug) (Jerry McGee) and ROCKLAN'S KID ROWDY (Rip) (Burchett). Chug's race was identified in the Winners. Rip did his best but was unable to have any bird work.

ACE'S PATCH (Patch) Holman. Patch ran as an in-place bye dog. Unfortunately Patch was done quickly when he go under at covey at 2.

SHAMROCK'S SIRIUS (Sy) (Holman) and HAVAPAL RENAGADE BILLY BOY (Billy) (Burchett). Sy was unable to find any birds this day but finished with a strong forward race. Billy was under birds at 5 and was picked up.

ROCKLAN'S MISTY'S ALLIE T-BEAR (Allie) (Burchett) and WHITE MOUTIAN SMOKE (Bud) (Pool). Overcast, Cool and windy at the breakaway. Bud was out front at 13 with a find in the feed strip to the right. Dale flushed, birds up and Bud back on course. At 25 Bud had his second find in Davis Bottom at the keyhole. Great style and all in order. At 33 in the ditch at the island field Bud had a up, Dale took him on. At 38 Bud produced a large covey. He finished at a moderate pace, but his style, as usually was perfect. Allie was up at 25 as Bob called for the tracker.

ROCKLAN'S WHIZZLE STOP (Whizzle) (Burchett) and ODYSSEY'S TEQUILA AZUL (Zul) (Pool). At 20 Bob called point for Whizzle in a feed strip on the left side of the course. Zul who had been working the woods on the left side of the woods crossed a small stream and was standing on the edge of the feed strip where Whizzle was standing. Dale was standing next to Zul as if to signify an honor situation. Bob flushed and shot. After a discussion by the judges, Zul was asked to be harnessed and his time was up. Whizzel went on to have a find at the double barns. When he moved at the flush he was ordered up.

BOUNCIN BETTY (Betty) (Gorow) and MICRO SAMMY (Sammy) (Burchett). At 15 Sammy broke and was picked up. At the double barns Betty stopped at a feed strip. Al flushed and All in order. At 35 Al elected to pick up Betty.

# Oh Calcutta

By Larry Bates

"Thirty-five looking for forty, thirty-five looking for forty...I've got fifty now, fifty, looking for fifty-five..."

When liberal libations weaken the conservative conscience of the audience and the auctioneer is able to pull their strings like a master puppeteer, the club can count on their share of a large calcutta to help offset expenses. And there are expenses. Running a field trial is no easy task. Making a profit from a field trial is akin to a miracle. Judges expenses, birds, ground fees, recording fees, ribbons and trophies are some of the reasons dollars flow out. Entry fees are the main source of revenues supplemented by raffles, catalog ads and donations. A calcutta, where dogs are raffled off to the highest bidder, can be another source of revenue. After the club's share is taken out, the remaining pot is usually split 40%, 30%, 20% and 10% to the winning bidders of the four placing dogs.

\*\*\*\*\*

They came from both coasts and many states in between. Some would stay for the duration, ride every brace and expound on the virtues and faults of each participant, both dogs and handlers. Others would drop in just in time to run their dog. They'd stay if they got posted. If not they'd hit the road for home.

The auctioneer barked out, "I'm going to sell this dog for \$70...going once...going twice...sold to number 12 in the corner."

"Rob, were going halves on half of Kevin's dog, right? I'll pay the auctioneer and get 35 from Kevin tomorrow. You owe me \$17.50."

"No wait. When Kevin gets here tomorrow, don't tell him we bought his dog for \$70. Tell him \$140. We'll have some fun with him."

\*\*\*\*\*

The third brace was over. The morning gallery had a short ride to the clubhouse where another one of Kathy's fabulous lunches awaited them.

"Hey Kevin, you pull in this morning? Grab a lunch and come over here. You and I have to talk some business."

Pulled pork, Caesar salad, and cheesecake with raspberry topping...ride this afternoon or take a nap...decisions, decisions!

"Rob and I bought your dog for 140 bucks. You want half of him?"

Kevin's mouth dropped. "140 bucks! You're kidding me, right?"

"Hey, what could we do? They kept bidding him up. Everybody knows you haven't been harvesting corn down there with all the rain. You had to be doing something and they know you have that dog in top shape."

Kevin took a deep breath and reached for his wallet. He peeled off \$70 and passed it across the table. The money sat on the table as the two enjoyed their lunch. They talked about the dogs that ran, the posted dogs and those yet to run. They discussed what the judges might be looking for.

With desserts finished, some people began to file out for the afternoon running.

"You better pick that money up before I change my mind."

There was a pause in the conversation. "Kevin, I can do this to you. I'm not going to be a part of this. Rob did the same thing to me last year. We actually got your dog for \$70. Take this \$35 back. We're even."

As the money was sorted out, a new plot evolved. Kevin set the stage. "When you see Rob, tell him that you got the \$70 from me at lunch. I'll ride up to Rob this afternoon and thank him for you guys buying my dog for \$160 and tell him I gave \$80 to you at lunch. We'll have a good laugh on him."

That afternoon, the gallery sat on the top of a hill overlooking the Grand River valley looking out over the tops of the painted trees of autumn, while both handlers worked the cover below in front of their staunch charges locked up in a divided find. Two blasts indicated the birds had been moved. The dogs were collared out and turned loose, crossing the bridge over Tibbett's creek. A few moments later, the first brace of the afternoon was over, both dogs making the hour.

During the break, Kevin road over to his two business partners. "Hey Rob. Thanks for buying my dog. I don't think I would have gone up to \$160 on my own but I can handle half. Did you get your 40 bucks?"

He expected a glare or at least a puzzled look from Rob. Instead Rob had a smile on his face.

"Hey Kevin. I don't know how to tell you this but Rob and I didn't buy your dog at all. But thanks for the 35 bucks. Now I can afford to take my wife out to dinner tonight!"

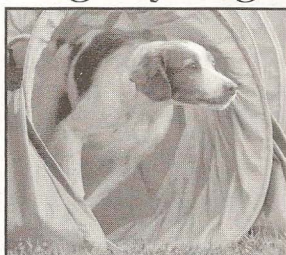

A little icing was added to the cake when Ray came up to Kevin a little later and informed him that he had won the bid on Kevin's dog for \$140. At that point, Kevin had no idea who bought his dog or for how much. In the end, all was set straight. There were no winnings to split up. Kevin's dog didn't place but he has nothing to prove. He has two Iron Dog trophies from this event, sitting at home on the fireplace mantel.

The Calcutta paid over \$800 to the winner of the stake, the club took in a good profit and the two pranksters thought that their \$17.50 was worth the fun. Kevin is a good friend, a good sportsman in the field and he is a good sport as well. The question remains - will the two pranksters prove to be the same when down the road, some time, some place, Kevin gets his \$35 worth of pay back?

*Author's note: The names have not been changed because we are all good friends. Not only do we love having fun with bird dogs, we love having fun with each other. For those of you who were not at the 2009 Nationals at Ionia, Michigan, Rob placed a dog in the open and Ray placed a dog in the amateur. Kathy needs no introduction and Kevin has won the Amateur twice in the past. Now do your homework and you'll know who these fine sportsmen and woman are. And Rob's unnamed partner... oh, you can figure that one out. Most of this story is actually fiction. After all, these people would never gamble. Gambling is illegal.*

## GREATER ST. LOUIS

Whetstone Creek Conservation Area  
Williamsburg, MO

The Greater St. Louis Brittany Club Fall 2009 Hunt Test was held on September 26-27, 2009, at Whetstone Creek Conservation Area in Williamsburg, Missouri. There was a total of 46 starters, consisting of seven different breeds. Entrants were from Missouri and Illinois. Saturday morning started off with a downpour of rain, which made it a little more difficult for our Master and Senior Hunters. However, as the day progressed, the weather began to cooperate, and we had a very nice afternoon, and it ended up being a great weekend. As usual, everyone had a great time, and we saw some good dog work.

We used a single course for the junior level, which we felt reflects more realistic hunting conditions. We felt a single seeded course provided that, rather than a short stroll to a bird field, which only then sparked the dog's hunting interest as in a training session. Also, the now mandatory planting of birds on the back course for more hunting-like conditions proved to be a better test for overall manners. We feel that these guidelines will heighten the quality of dogs receiving titles in tests.

We appreciate very much all those members who were there to help, the judges and all members and non-members that entered their dogs. A special thanks to Randy Meyer for all his extra help in making this event a success.

By Roger Stowell, Hunt Test Chairman

The Iowa Brittany Club held its Fall Hunt Test on October 17-18, 2009, at the Steelclay Shooting Sports, LLC, near Eddyville, Iowa. We had 20 starters on Saturday and 24 on

Sunday. It was encouraging to see several new participants who had not been to one of our hunt tests before. We had a nice balance of Brittanys, German Shorthairs, Weimaraners, Vizslas and Irish Setters.

Steelclay Shooting Sports, LLC, was a new location for our event and special thanks to them for allowing us to use their property and clubhouse to hold this event. Thanks also to the judges, gunners, the Iowa Brittany Club Hunt Test committee members, club members and all the participants who helped to make this a successful event.

#### Region 19 Amateur All Age Brittany Championship

The Ringneck Brittany Club held its fall trial and also hosted the Region 19 Amateur All Age Brittany Championship on September 18-20, 2009. Headquarters for the event were at the Dave Tech Ranch in Bonesteel, SD. The trial grounds are quite scenic as they border the Missouri River. Wild game is plentiful and on any given brace you could encounter Prairie chickens, sharp-tail, pheasants, quail and Hungarian partridges. This makes for a very exciting trial.

The Ringneck Brittany Club would like to thank the landowners Jim Selles, The Varlick Family, and Dave and Chris Tech for allowing us to hold our trials on their grounds. The grounds were great, thanks to their cooperation.

Weather always plays a big part in the outcome of a field trial. This year the weather was warm and dry with the winds blowing strongly on Saturday and Sunday. This, combined with high cover, affected the dog's ability to find birds.

Although the Ringneck Club is small in numbers, we have some very dedicated and hard working members. Chad Holman, our newest member, and Leslie Andreas, made sure that the puppy, derby, and gun dog got finished with no problems. Thanks to Randy and Ron Walth, and Craig Nelson for driving the dog wagon, planting birds and keeping the dogs on line for the Amateur Championship. Our club has hosted 18 Open All Age Championships, and 10 Amateur All Age Championships in the last 13 years.

Nestle Purina has been the sponsor for most of these events, and we would like to thank them for their support of the Region 19 Amateur All Age Championship again this year.

The Region 19 Brittany Amateur All Age Championship attracted an entry of 36 Brittany's. Participants from all over came to Dakota to compete on this challenging piece of prairie terrain.

Judges for the event were Rosco Staton of Cleveland, MO and George Hill from Wentzville, MO. Both men brought with them a wealth of knowledge about bird dogs. They were very attentive to all dogs even though the winds blew hard at times. We thank them for all their hard work and hope they had a good time!

The winner was SHAMROCK'S SIRIUS, owned and handled by Wade Haines of Pataskala, OH. "Si" ran in brace 4 of the first day. He had a nice sharp-tail find at 15 minutes, in Jim Selles pasture. "Si" had a good forward race through Varlicks and a strong finish.

### NORTHERN OKLAHOMA Lake Murray Trial Grounds Ardmore, OK October 2-4, 2009

*By Tom Milam*

Northern Oklahoma held its fall trial October 2-3, 2009. The grounds are in good condition with cover shin to knee high due to late summer rains. Several coveys of the pre-released birds were observed. It was hard to get them pointed due to no wind and warm temperatures the first two days.

Our judging panel was more than competent with Harold Davis and his son, Tip, doing the honors on the all age, derby and amateur all age. Jack Murphy and Joyce Miley occupied the judicial saddles for the puppy and gun dog. Our appreciation goes out to these individuals and the others in the field trial community who are willing to serve as judges.

La Denna Murphy, Rietha Mason, Carolyn Kuykendall, Vicki Rankin, Francis Tucker and my better half, Linda, did a great job of feeding us and cleaning up after us. Bob Rankin marshaled and Rick Conner took care of the dog wagon. Gary Smith planted birds. What a crew!

Vic Carrington, Scott Johnson, Ed Wild and David Downing brought their good strings of dogs and obviously have been working. David is just recovering from a double by-pass. He sandbagged us in the derby, just look at the results. Dave Lincoln and I ambushed these guys in the all age, and they were all good sports.

Thanks for coming, and we hope you had a good time. See you at the Sooner trial.

## SOONER Lake Murray Field Trial Grounds Ardmore, OK October 30 - November 1, 2009

*By Tom Milam*

After a very hot and extremely dry summer, we have had a very wet fall with cooler than usual temperatures. Thank goodness the rain came on Thursday before the trial, and did it rain! The mud was hock deep to a tall Indian on Friday.

We always miss Dub Emde at this trial. Tommy came by and left a couple of cakes. John and Judy Webb visited with us a day. All the ladies pitched in and fixed great lunches and better suppers. I don't know what we would do without them.

The dynamic Kansas duo of Herb Rea and Francis Classen didn't have to be asked to assist with the dog wagon duties. Herb was a little disappointed there wasn't a fishing hole close by.

A trial is only as good as the judges selected. This year, we had a very well qualified crew, and their decisions were well accepted. Charlie Collier and Ben Kuykendall did the all age. Charlie was joined by Dr. Bob Rankin for the derby and amateur all age. Grant Stanfill and Terry Tuley sat in the saddles for the puppy and a cracker jack gun dog.

Thanks to all the pros and the amateurs who supported the trial. We hope to see you in the spring.

## IDAHO Mile Post 9, Highway 95 Marsing, ID September 26-27, 2009

The Idaho Brittany Club held its fall field trial September 26-27, 2009. We would like to thank all who participated in our trial. With the weather being unusually warm, it made for a long hot weekend. Our club was short on volunteers this weekend; without your help it wouldn't have been a successful trial.

Our judges spent many hours in the saddle, especially for several of the stakes, and a big "thank you" goes out to all of them. Judges were John Henderson, Clem and Marilynne Little, Roger Borine, Leslie Like, Frank Bright, Steve Ball, Rick Axtell and Ron Dunagan. Thanks again to all who participated, judged and volunteered their time. We hope to see all again in the spring.

## NORTHERN CALIFORNIA Clear Creek Sports Club Corning, CA October 2-4, 2009

A record number of entries and perfect fall weather put big smiles on the faces of attendees at the Northern California Brittany Club's Fall Field Trial. The large entry kept the judges and marshals in the saddle for long hours; thank you again for being so friendly and helpful to the newcomers!

With so many braces, the bird planters did a superb job of planting through very dusty conditions. New to the retrieving gun dog stakes this season was the elimination of a bird field. Instead, the first bird encountered was shot on course by gunners who followed each brace on horseback. Big thanks to all the gunners who had this very challenging job!

A round of applause goes out to the hospitality crew who spread the tables in the barn house with a fall bounty of food. It was heard over and over again how many wonderful, enthusiastic club members showed up to help wherever needed. Once again, our host, Brad Henman, manager of the Clear Creek Sports Club, welcomed us to beautiful grounds and inviting amenities.

## MEMBERS OF THE AMERICAN BRITTANY CLUB

**Give the gift of a new membership... to give the opportunity to someone to learn about and participate in the American Brittany Club.**

This membership campaign is really quite simple, we are asking every member to donate/sponsor a membership in the American Brittany Club. This "gifted" membership might be to a puppy purchaser, or a friend/acquaintance who has a Brittany. All of us encounter people who may just need a little encouragement to become members.

This can work, but it is totally dependent upon your support. Please use the ABC application form in the back of the magazine to enroll a new member today. You may donate/sponsor multiple new memberships. The names of new members & ABC sponsors will be published in the magazine on a quarterly basis.

**THIS IS OUR CHANCE TO MAKE A DIFFERENCE!**

**THE AMERICAN BRITTANY CLUB, INC.** is a member club of the American Kennel Club and is the recognized breed sponsor by the American Field.

The Club is composed of many Regional Clubs located from coast to coast. Most hold a licensed AKC field trial for championship points in the spring and fall seasons. Many hold a specialty (conformation) show and hunting tests. The Regional Clubs hold meetings to discuss mutual problems, fun trials, training sessions and other events of interest to their members.

**BECOMING A MEMBER:** Full membership in one of the Regional Clubs carries an automatic membership in the American Brittany Club. Full Membership cost is \$30.00 per year and \$3.00 per year for each Associate Member. Regional Clubs may charge higher dues. You may apply to join the Regional Club located nearest to you, or if there is none in your area, you may become a Member-at-Large of the American Brittany Club. Joining a Regional Club will afford you with the most opportunities for interaction with other Brittany owners.
