"Potato Soup"

Page 9-12

"That dog has got less courage than a mouse," ten-year old Girard had said, as he and his grandfather Gerald walked together behind the frolicking bird dog puppy.

"He runs from your old hens, and fears the other dogs, and when it thunders loud he hides beneath the house. He'll never make a hunting dog," Girard declared with scorn.

The old man paused to fill his pipe, and mused a bit before the match was struck. He gazed across the distant bottom land, where oak and hickory flamed in morning sun. He seemed to see dim figures from the past, and hear again their voices long since still.

"Let's sit and rest a while, Girard," he said. "Your words about the puppy bring to mind another dog that I once had, long before your father's time. He was a timid creature too, and ran from every shadow.

"His name was suited to his nature. It was Potato Soup. He got it in his puppy time. Your Grandma put a bowl of soup down upon a bench to cool, and puppy, sleeping near the stove, saw his chance and gulped it down, and burned his mouth. When she saw what he had done she took a switch and burned him at the other end—" and the old man chuckled at the memory.

"Potato Soup was a sort of foxhound, though he had a bit of shepherd in him, and airedale too. That was long ago, before I turned to bird dogs, and when I kept a pack of hounds around. He was big and awkward, with wiry hair, and brownish spots on a kind of buff colored hide. His eyes were round and brown and his tongue always lolled out stupid—like from the corner of his mouth. He was the scariest dog I ever saw," the old man said.

Girard sat close by upon the log the two had found, with puppy napping in the sun nearby.

"Jeff Barnes and I hunted together a great deal in those days—foxes and cats and anything the dogs would run. Sometimes a black bear come up from Arkansas or an occasional pair of wolves passing through. We ran the pack for fun and fur and the bounty that was paid."

"Jeff had no use for Potato Soup—said he was cowardly and not to be counted on in a fight. Had reason, too: Soup fled yelping from a cornered bear one day, and when the scrap was over two of Jeff's best hounds were still and dead."

"The bear killed them?" Girard's round-eyed query came, with a sideward glance to the bush where a bear might be.

"Yes, indeed." Gerald went on. "Caught and crushed them, before we came up to put an end to it. Jeff was sure that if Potato Soup had stayed and stuck it out with the pack, they could have safely held the bear at bay.

"He wanted to shoot old Soup on the spot, and end the breed, and would have too, if I had let him. We had hard words over that, and it was more than a year before we hunted together again."

A hawk wheeled over the valley, and the two watched its flight against the blue, before Gerald went on.

"We kept Potato Soup around, after that, as a sort of yard dog and comedian. He'd roll and tumble in the grass when folks were watching him, and carry a battered old pie tin around in his mouth when feeding time was near. On rabbits he was brave enough, but stronger scent would put him shivering, and near to heel"

"It was two years after Jeff's dogs were killed that we set out early one cold morning to run a panther down the next mountain. Afternoon found us miles away, with the pack only a distant murmur, like the cries of a flock of wild geese before you can see them coming. Jeff and I were well worn out from following hard down ridge and hollow, and even Soup, who'd heeled us close, was showing weariness."

The puppy stirred and whimpered in his sleep, as if he too could hear the tale that held Girard's attention, and see the wild and lonely spot where Jeff and Gerald and the cowardly Soup had paused to mark the braver dogs at work.

Gerald's words came quicker then; his eyes flamed up with memories of forty years before astir in them. "We'd just moved on, and faster than we should, on a rocky slope, when Jeff fell down and falling fired his gun, and shot himself."

"Dead?" was Girard's cry.

"No, not dead, but badly hurt, and I could tell at once he couldn't leave the place. We bound his leg and stopped the blood as best we could, and talked the matter over. It was agreed that I should go for help, straight across the ridge to Talbott's place three miles away. With Talbott's horses then we could return to take him out.

"I could hardly bring myself to leave poor Jeff, propped there against a rock, with face as white as snow and breathing fast and shallow. But in that rough country there was no choice to carry him out and with the afternoon fading fast, to go for help was all that I could do. I built a fire and dragged up wood and turned to go."

"Don't leave me by myself, Gerald," Jeff had whispered then. "Make old Soup stay, I don't want to be alone 'till you return." So Soup stayed at my command, and as I hurried off with one last glance behind they lay together by the fire, with Jeff's hands buried in the hair below Soup's collar for the warmth that it could bring to them."

"He wanted Soup to stay!" Girard exclaimed, "after--?"

"Yes," the old man said, "even after he had spoke so ill of him, and wished him dead. It was a desperate time for Jeff, and any living thing

could give him cheer and hope, and so Soup stayed as if he knew the task we set for him.

“Half-way to Talbott’s it began to rain, and rain hard, and I was sick with worry over those two alone on the mountain side with their fire gone out and Jeff maybe bled to death. Then when I did get there, Talbott was gone with his team and his wife not expecting him home ‘til late.

“When we finally set out up the ridge it was pitch-black, each of us riding a horse and Talbott leading one, and hoping against desperate hope that we would find the way straight back to Jeff. We turned at the wrong branch, however, and by midnight were so hopelessly lost that we had to build a fire and wait it out ‘til dawn. We tried shouting and firing my rifle, hoping to hear Jeff’s in answer, but no answer cam. Believe me, Girard, that was the worst night I ever want to spend.”

And did you find him in the morning, Grandpa?” Girard quavered, “did he—was he--?”

“Yes, we found them soon after first light, son,” the old man gently said. “We came around the big rock where I had left them, and for a moment stopped in horror at the scene before our eyes. Blood and hair upon the ground and leaves and sticks thrown all about, and lying there in cold embrace were Soup and a big panther, both stone-dead, with tooth and claw buried deep in one another.”

“Jeff was near dead too, where we found him rolled back under the overhanging rock with his jammed rifle in his hands. We got him across a saddle and started out of there, and halfway down the mountain side he come to his senses, and between fainting spells he told me what had happened. And before he fell asleep, waiting for the doctor in Talbott’s cabin, he made me promise to go back up there a bury Potato Soup where he had died protecting Jeff from a wounded panther.

“And Jeff went back himself in the spring, and carried a rough-cut stone to put there, marked;

POTATO SOUP
BRAVEST HOUND IN AMERICA
1895

Gerald rose from his log seat and Girard too, and puppy scrambled up and yawned and stretched, and came to Gerald for a pat upon the head.

“Grandpa,” Girard asked, “have you named this puppy yet?”

“No, what would you like to call him?”

“Let’s name him Tiger, Grandpa,” Girard said.

Groundbreaking at the National Bird Dog Museum

A ceremony was held Friday, May 6, 2011 to break ground for the much anticipated Sporting Dog Wing to be built at the National Bird Dog Museum in Grand Junction, TN. About 50 people representing various dog breeds and states from far and wide took part in the ceremony held on the lawn of the museum. Some of the sporting dog breeds to be included in the 6,000 sq. ft. building addition are: Brittany, German Shorthaired Pointer, English Springer Spaniel, Irish/Red Setter, Vizsla, Wiemaraner, Gordon Setter, German Wirehaired Pointer, and others. It is anticipated that a Cocker Spaniel presence will also be a part of the expansion.

David Smith, Executive Director of the Bird Dog Foundation, opened the morning program with brief introductions of special guests. Dale Bush, foundation president, from College Station, TX made remarks about the unselfish work of the many people who have raised the nearly \$500,000 to build the new wing. He also thanked Hayley Killam of Laredo, TX, a German Shorthair fan, who jump-started fundraising two years ago.

Also making remarks were Brittany enthusiasts, Rick Smith of Crosier, VA and Jim Chase of Redbud, IL. They highlighted the fact that the Brittany fans had launched the new building idea nearly five years ago. They lauded the financial support shown by many Brittany field trialers.

Dignitaries on hand with complimentary remarks and welcoming the crowd were Grand Junction Mayor, Curtis Lane; Hardeman Co. (TN) Mayor, Willie Spencer; and TN State Representative, Barrett Rich, 94th District.

The general contractor for the expansion is Grinder-Haizlip Construction Co. of Memphis, TN. Speaking for the company were Greg Grinder and Robert Nelson. Construction will get underway immediately, with completion in about 4.5 months under normal conditions.

ICO Polymers of Grand Junction, along with its manager, Billy Clayton, hosted the audience for a luncheon following the groundbreaking.

Front Row: Donna Janulis with CH Iceman, Jerry McGee with Chug, Ray Trimble with Stub. (Missing: Kent Patterson & Maxwell's Gunsmoke)

The ABC/Illinois Brittany AAA Classic/Championship and the Open Derby Classic were held January 8-11, 2011 at Pyramid State Park near Cutler, IL. The Open All Age Championship had to be canceled due to inclement weather.

Judges Dennis Sullivan and Kevin Stonehouse looked at 20 dogs in the Amateur CI/CH.

Top honors went to Ed & Donna Janulis' Trademark's Iceman, handled by Donna who was named Champion and Ruth McGee's Ru-Jem's A Touch of Bourbon handled by Jerry McGee.

Kent Patterson's Maxwell's Gun Smoke took the third place ribbon and Mary Jo & Ray Trimble's Brisco's Mr Stub was 4th.

Ten starters came to the line in the American Field Derby Classic. Judges Ray Trimble and Dennis Sullivan award 1st place to Janulis' Gambler's Double Down, 2nd Black Creek Blaze, and 3rd to Miss Abby Meadows.

We want to acknowledge all those who pitched in to keep this long time championship running. Hopefully by the fall trials the new Field Trial Clubs of Illinois barn will be in place on the Captain Side of the Pyramid Grounds. This will be a great addition to this venue.

We particularly owe many Thanks to Nestle/Purina whose support to the Field Trial Community and the ABC & Brittany Clubs keep us being able to continue to put on trials.

We always enjoy the company of Purina Rep Terry Trzcinski attending and supporting our trials.

Going on Offense Against Mean Seeds

David H. Hopkins, English Springer Spaniel Field Trial Club of Illinois

In early September, the AKC Canine Health Foundation approved a grant request submitted by Professor William K. Lauenroth of the University of Wyoming for a proposed study entitled "Assessment of CRP Plantings of Grasses with Barbed Seeds." This approval, in the form of a so-called "ACORN Grant," constitutes a major step forward in addressing the escalation in recent years of illnesses (and sometimes fatalities) in dogs, generally viewed as attributable to infections resulting from barbed grass awns.

Professor Lauenroth's study is to be carried out over a 3-4 months period, commencing in October, 2010. It will entail a systematic effort to compile information from veterinary teaching centers in ten states (from the wheat and corn belts) and from federal and state agencies and administrating Conservation Reserve Program ("CRP") lands. The study is more specifically described in Professor Lauenroth's "abstract" of his proposal, as follows:

"In the sporting dog world, there appears to have been a dramatic escalation in recent years in the incidence of illnesses (and, sometimes, fatalities) due to infections attributable to barbed grass awns. Once in a dog's body, a barbed seed typically migrates, all too frequently leaving a trail of infection. Various species entail these barbed seeds, including "Canadian Wild Rye" and "Virginia Rye."

"A common view is that the escalation in these illnesses is attributable, in whole or in part, to inclusion of problematic plants in the approved lists for CRP lands. This view, in turn, is at the core of the proposed study. If it can be determined from available data that, in fact, there has been a dramatic increase in the overall quantity of barbed seeds now being planted, such determination would surely factor significantly into improvements in veterinary diagnostic and treatment protocols, overall education for dog owners, and preventative or remedial measures for the U.S. Department of Agriculture's approach to CRP plantings.

"The Contemplated study would start with a determination of a definitive list of the problematic seeds and then with research designed to compile data, primarily from governmental and veterinary sources. The work would be carried out by students under the direction of the principal investigator. At a future date, one or more students might possible visit regional governmental offices to sample documents relative to particular CRP contracts, but such site visits are beyond the scope of the initial phase of the proposed study."

Further background information is available from the Springer Spaniel Parent Club's website (www.essfta.org), as well as from a predecessor article in the September, 2008, Perspective issue, downloadable from the AKC Performance Events Department's website, entitled "The Challenge of Canadian Rye and Other 'Mean Seeds.'"

Professor Lauenroth has his Ph.D. from Colorado State University, specializes in range science and management, has carried out numerous ecosystem research projects over the past 35-plus years, has written scores of articles, and is a member of numerous professional organizations in his field (including the Ecological Society of America, International Association for Vegetation Science, and the Society for Range Management). In addition, Professor Lauenroth is a retriever field trialer, so he also "brings to the table" a "dog person's" insights.

Indeed, he was originally suggested to the Delegates Field Trial and Hunting Test Events Committee "Field Events Committee" in march, 2010, by his fellow Labrador fancier and Delegate, John Russell.

Since March, 2010, there has been a real team effort playing out. It started with the initial communications with Professor Lauenroth to determine his willingness to head up the proposed study and with the AKC Humane Fund to request establishment of a sub-fund, so that there could be a recipient fund at a Section 501(c)(3) entity to receive contributions restricted to grass awns research. Within a week of the Field Events Committee's request in March, the Humane Fund's Board approved it; and Committee members solicited contributions for the newly-established "Mean Seeds Sub-Fund." Donation swiftly arrived; and, by July, Professor Lauenroth's grant proposal was submitted to the AKCCHF, buttressed with a substantial pledge from the AKC Humane Fund (payable entirely out of the new sub-fund). On a small scale, this team effort illustrates how the AKC, its affiliates, Delegates, and local and parent clubs can collaboratively "get things done."

The above excerpt from Professor Lauenroth's grant proposal notes the common view that the escalation in recent years in illness in dogs (seemingly attributable to barbed grass awns) is the result, in whole or in part, to substantial increases in the quantities of the "mean seeds" actually being planted in CRP lands. The view, in turn, is based on the facts that a number of "mean seeds" are part and parcel of approved CRP seed mixtures, whenever so-called "cover plants" are needed, and that such species a Canadian Wild Rye and Virginia Wild Rye are often the least expensive cover plant alternative for CRP landowner. This cost factor surely has encouraged selection of such cover plants by countless landowners who are simply unaware of the dangers. In all events, Professor Lauenroth's study is surely a "no lose" endeavor; it should either lead to confirmation of the foregoing view or a refutation of it (in which case the focus must shift to other theoretically possible explanations for the escalation of illnesses with dogs).

The above excerpt from the grant proposal starts with a reference to the "sporting dog world." It should be borne in mind, though, that all dogs (and probably other species, too) are at risk in terms of barbed grass awns. Indeed, sighting of Canadian Wild Rye inland adjacent to highway rest stops have been reported.

As to what individual Delegates can do to help, consider the following:

Duplicate this article and the companion one from the September, 2008 Perspectives (downloadable from The Performance Events Departmental Website) and distribute both articles to your club members, together with the warning: "ALL PETS ARE AT RISK!"

If you are, or become, aware of a fancier whose dog has been confirmed (by a veterinarian) as a victim of an illness attributable to a barbed grass awn, communicate with a Field Events Committee member so that there can be exploration for the instance becoming a "case study" for the groups working together on the current initiatives.

Make a monetary contribution to the AKC Humane Fund's "Mean Seeds Sub-Fund." (Donations, at any level, are greatly appreciated.)

As to the results of professor Lauenroth's study, the Field Events Committee will keep the Delegate Body advised.

Trainin' Dogs with Rick Smith

By Rick Smith & Sharon Potter

Keeping Your Dog Tuned During the Hunting Season

You've done your homework. Your dog is fit and in condition, and you've spent a great deal of time and effort to assure a well-trained dog that is as polished as anyone could imagine. Every training session has followed the same routine at the beginning, going from the chain gang to the Command Lead, and the checkcord before any bird work commences. The dog understands that you are in charge, because the ritual has continually reinforced your authority. The routine and the steps you go through ensure that all systems are functioning as they should, much like a pilot does a preflight check before takeoff. You dog understands the routine and knows that bird work and fun follow the drill.

Hunting season is finally here, and the anticipation is killing you – you can hardly wait to see your dog in the field, doing the job its been bred and trained to do. The night before the season opener, you can barely sleep for thinking about the coming days; while you'll be hunting alone tomorrow, you've got a few out-of-state trips planned with friends and you've finally got yourself a "brag dog." Visions of intense points and classy retrievers dance through your dreams as you finally drift off to sleep.

Opening day dawns bright, crisp, and clear. Arriving at your favorite hunting spot, you gather your gear and drop the tailgate. As your dog does exuberant backflips and runs excited laps around your vehicle, you load your vest, grab your shotgun, and head for the field. The day starts well, but the more birds you see, the more out of control your dog gets.

Each progressive hunt sees your dog becoming more and more unglued. By the second week of season, your canine partner has decided to go solo, and you find yourself spending more time looking for your dog than looking for shooting opportunities.

What happened? All that training during the off-season, and now it's as if your dog isn't trained at all. And that brag dog you were planning to show off in a few weeks is non-existent; how are you supposed to enjoy the trip you planned when your dog has decided to fall apart?

Let's backtrack a bit. First of all, any problem you are having with your dog can be traced to one of three things: The dog is not coming to you; the dog is not going with you; or the dog is not standing still. Flash-pointing, then busting birds? The dog is not standing still. Picking up a shot bird and running off in the opposite direction to play keep-away? The dog is not coming to you. Disappearing over the horizon while paying no attention to where you are? The dog is not going with you. Breaking as soon as you start walking in to flush? Or not staying steady to wing? The dog is not standing still. And the list goes on and one – but every problem will trace to one of these three simple behaviors.

Now let's go back a bit further. When you were preparing to hunt on opening day, did you start the day the same way you would a training session? Repetition and routine play a huge role in how a dog reacts, and hunting should be no different from training. Obviously, taking a chain gang out to the field and moving it every time you head to a new covert is not a viable option, but there is another method that works very well. Attach a stainless steel eyebolt

to the corner of your bumper, and to that snap a very short length of chain to make a temporary chain gang.

While the chain is attached up off the ground, it should still be restrictive and short enough so the dog can just lie down comfortably. As you arrive at each new destination, get your dog out and snap it to the chain while you get your gear together. This simulates the same routine you used while training and puts your dog in the mental comfort zone of familiar work. (Besides, letting your dog run around before you've even begun hunting is a waste of energy that should be saved for productive work in the field.) Don't let your dog off the chain unless it is settled and relaxed, just like training at home.

If your dog understands the chain thoroughly, this should not be a problem. Remember: What your dog shows you on the chain is what it will take to the field. If the dog is out of control at the truck, there's not much hope for any semblance of control away from the vehicle.

One brief word of caution, learned from experience: Be careful, especially with young dogs, to position the chain so they can't reach the wires on your trailer hitch or taillights; I learned the hard way and had to drive 100 miles home one night, hoping to avoid seeing the blue and red flashing lights of Wisconsin's finest in my rearview mirror.

Once your dog has settled on the chain and you've got your gear together, take a few minutes to go through the next step in training. Get out your Command Lead and walk the dog until it is in compliance and under control. I keep a lead coiled in my game bag just for this purpose and use it to tune up as needed throughout the day. This drill is about going with me and coming to me. It only takes a minute to settle a trained dog into the normal routine, and between the chain at the vehicle and the lead, your dog should be in total compliance before you turn him loose.

What you have at this point in time is what you will take to the field. The more you follow a steady routine, the more your dog will be tuned in to working for you, and that translates into a much more productive day of hunting. Spending five minutes to settle your dog at the beginning of the day can actually save you time, since your dog will be in control when you turn him loose.

There's no question that dogs know the difference between training at home and hunting. Hunting is a lot more exciting, and therein lies the problem. Obviously, we want to maintain the enthusiasm while also keeping control, and the best way to do it is to follow the same routine as you would while training at home. This means not getting overanxious yourself! We know you want to get out there and hunt, but relax and set both you and your dog up for a pleasant and successful day by taking the time to run through the basics of control.

Keep in mind that the more birds a dog gets into, the more excited he becomes. I think that goes for people, too. As we have said in previous articles, the level of distraction dictates the level of stimulation. What may have worked well at home may not even be noticeable to your dog in the field, so be prepared to up the ante if

required.

When we hunt, we never turn a dog loose without an e-collar. This is not competition, so there's really no reason not to keep one on the dog. Plus, if your dog is fully trained and conditioned to the collar, it is probably collar-wise, and for hunting, we think this is a good thing. If the dog never makes a mistake while wearing the collar, it is telling you it knows exactly what is expected to do. This means that any infractions can be corrected and the dog will understand why it is being corrected.

Again, a word of caution: Please don't let your excitement cause you to overuse the collar or go to too high a level. While there is occasionally a need to make a firm correction, if you find yourself cranking up the volume too often, it points to a hole or two in the basic training. Find the hole and work whatever step is needed to fix it, rather than trying to fix it with the e-collar.

Even the best-trained dogs will make mistakes and get a little wild during hunting season. What starts out as steady to wing and shot can turn into breaking when they see the gun come up; it's the anticipation that causes the problems. If you are thinking ahead, you can read your dog's reaction by watching the body language. A lowering head and-or dropping the shoulder warns you that your dog is about to break, and you can correct it quickly.

While making a correction may cost you a shooting opportunity at that moment, taking the time to remind the dog that it works for you and needs to maintain control will provide you with more shooting in the long run because you'll have a dog in compliance and control. A few minutes of tune-up work in the field can save you hours or even days of frustration as the season progresses, and can help you keep that brag dog ready and willing to hunt for and with you.

ABC INTERNATIONAL BRITTANY CLASSICS/CHAMPIONSHIPS

ABC International Open All Age Classic/Championship

Ruth McGee, Jerry with Ru-Jems A Touch of Bourbon, judge Bill Burton, judge Skip Wonnell, Jessica Carlson with TJ's Prairie Blizzard, Ed Tillson, Scott Johnson with Tsunami, Lisa Pollock with Diamond Hill Deuces Gone Wild

The ABC International Brittany Classic/Championships began on March 23, 2011 at the Union County Bird Dog Ranch in Thayer, IA. Due to the uncertainty of the weather, it has always been difficult to try and run a trial at this time of the year. This spring was no exception. Tornadoes touched down 10 miles to the north of camp as trailers started to arrive the day before. We woke Friday morning to 3 inches of fresh spring snow on the ground, and the Shooting Dog Championship took a day off due to more snow that arrived Tuesday morning. All in all, those in attendance will agree, a good time was had by all!

The ABC International Open All Age Classic and the ABC Ron Zook Memorial Gun Dog Classic are sponsored by the ABC and the Tri-State Brittany Championship Association; who wish to thank Purina for their generous support. We would also like to thank the AFTCA 20th Century fund for their support. Support from the Fund has helped to nurture the habitat at the Union County Bird Dog Ranch. Wild pheasants and woodcock were seen throughout the trial, proving the efforts to improve these grounds for wild birds are working! We would also like to thank those that volunteered to plant birds and act as dog wagon and road guard drivers. Thank you to pros Scott Johnson, and Ed Tillson who helped out during the Amateur Championship. Without your help, this trial couldn't happen.

Judges for this year's Open All Age stake were Bill Burton of Carrollton, MO and Skip Wonnell of McLouth, KS. Both these men gave their full attention to all the competitors. This year's Champion was NFC/DC/AFC Ru-Jems A Touch of Bourbon, owned by Jerry and Ruth McGee, and handled by Jerry. This was Chug's third time winning here in Iowa. Runner-Up honors went to FC/AFC TJ's Prairie Blizzard, owned by Vicki Rankin and handled by Ed Tillson. Third place was Jim and Meam Floyd's DC/AFC Tsunami, handled by Scott Johnson. Lisa Pollock handled Diamond Hill Deuce's Gone Wild to fourth place, owned by Lisa and husband Paul, who was unable to make

the trip due to his busy work schedule.

Weather conditions were about the same for both days of the running. Except for the stronger winds that blew on the first day, both days were cold and grey, temperatures in the low 40's. Chug ran on the second day, he ran a very smooth race with 4 finds, 1 stop to flush and 1 non productive. Blizzard also ran on the second day. He had 2 finds, the first one being shared with his bracemate, far to the front.

The ABC Ron Zook Memorial Gun Dog Classic/Championship started on Monday. Judges for this event were Steve Ralph of Forest Lake, MN and Cindy Findley of Ventura, IA. The weather played a good part in determining this year's outcome. All of the placing dogs came from Monday morning. A small snowstorm hit Monday night, causing us to cancel Tuesday's running. It also seemed to affect all the dogs that ran Monday afternoon. Although the weather was better Wednesday morning, performances were not. This year's winner was CSB JL Sullivan, owned by Jamie Brecount and handled by Bob Burchett. Second place honors went to Shady's Dessert Knight, owned by Rick and Janice Connor and handled by Scott Johnson. Third place was Paul and Lisa Pollock's Diamond Hill Ace's Kid, and fourth place went to Chip's Tailgate Rendezvous, handled by Bob Burchett and owned by Mike Poehler.

The International Amateur All Age Championship was held on Sunday under sunny skies, and very cool temperatures. As in the past, the Amateur All Age stake was an American Field Championship. This year it was not an ABC Classic. Judges for the Amateur event were Tom Maneely of Leigh, NE, and Ken Windom of Cambridge, IA. This year's champion was also a three timer for this Championship. Kinwashkly Dakota Molester, owned by Ken Seivert of Sheldon, IA took top honors. "Lester" had 2 very stylish finds and his usual wide ranging forward race to take the title this year. This

Hunt Tests

TIDEWATER Dick Cross WMA Boydtown, VA March 19-20, 2011

Tidewater Brittany Club held their Spring Hunt Test at the Dick Cross WMA, VA in March this year. Weather was great over the weekend, new handlers entered their dogs to make the whole weekend more fun, and the judges mentioned the quality of the dogs was very exciting to watch.

Thanks so much to Jonathan, who helped our Chairman Don Tellock plant birds. Thanks also to our gunners, Mike Sigmund, Rock, and Don; whose eyes on the birds kept the Senior and Master dogs retrieving attempts possible. And of course we cannot thank enough Tibby Rose, Jill Wilkinson, and Yvonne McKeag for keeping us all fed with delicious food all weekend long. Thanks bunches ladies! Thank you to anyone who helped with the hunt test in any way not thanked already.

TBC would also like to congratulate Joy Thompson, who finished her first time ever handled to a Junior Hunt Test Title, Gypsy! Great job Joy!

IOWA Steelclay Shooting Sports, LLC Eddyville, IA April 9-10, 2011

The Iowa Brittany Club held its 2011 Spring Hunt Test on April 9th and 10th, at the Steelclay Shooting Sports, LLC facility near Eddyville, Iowa. We had 16 starters on Saturday and 19 starters on Sunday. We hosted

old friends returning from our previous events as well as a number of participants new to our venue. Brittanys, German Shorthairs, German Wirehairs, and English Setters participated.

The Iowa Brittany Club was honored to be chosen by the AKC as one of several clubs to participate in the AKC's test program on Hunt Test judges using ATVs. The test program was implemented during our spring Hunt Test weekend, and we were pleased to host Doug Ljungren, AKC AVP of Performance Events and Tom Maneely, AKC Executive Field Rep. Doug and Tom observed our Hunt Test and the test program, and spent time interviewing the Hunt Test Committee, judges, and participants on their opinions on the Hunt Test program, the ATV test program, and ideas for the future.

Again this year, a big thank you to Larry and Lisa Dunn, owners of the Steelclay Shooting Sports facility, for their hospitality, participation, and use of their grounds and clubhouse for our Hunt Test. And a very special thank you to Larry for construction a large viewing stand in the field from which to view our event. The viewing stand was enjoyed by everyone, and is a wonder addition to our venue. Very deserving thanks also to the Iowa Brittany Club Hunt Test Committee, IBC member volunteers, our judges, gunners, bird planters and kitchen crew, and all the participants that helped to make this a fun and successful event! We're looking forward to this fall!

DID YOU GET YOUR MAY MAGAZINE?????

If you did not receive your May ABC Magazine, please contact the publisher and give them your name and address so a new copy can be mailed to you.

Marshfield bought a new press. This press had more pressure than the old one, and it crystallized the cover making it thinner. Some covers ripped off or tore when going through the post office sorting machines along the way. They have ordered a thicker paper to use in future issues. This is a problem they quickly recognized and are working to correct.

If you have had this problem and need a replacement, please call or email the magazine staff at Marshfield and ask them to send a replacement. Their contact information is on the top of page 3 of any magazine. Their email is ambritmag@centurytel.net. We apologize for the inconvenience but appreciate your patience while getting you a replacement copy.

CENTRAL

Region VI Amateur All Age Championship Camp Robinson January 2011

The Central Arkansas Brittany Club hosted the Region VI AAA Championship for 2011. The event was also run as their ALAA stake in conjunction with the regional Central Arkansas trial unlike last year when ice and snow forced the event to be run later in the year. The weather cooperated this year for a successful event.

Judges Stan Williamson and Rhett Burris of Illinois looked at 13 starters. Continuing their winning ways, Pulliam's Grand Junction Jake was named Region VI Champion and Trimble's Brisco's Mr Stub was named Runner-Up Champion. Jerry Linsey's Countyline Aces High was third and the Graves' Ace's Patchwork was 4th.

We owe a huge debt of gratitude to Nestle/Purina who provided much needed monetary support and dog food. Winners were awarded prints from well known Brittany artist Ross Young who has often been a patron of this event. Thanks to everyone who pitched in to make this a successful event.

RUNNER-UP

FC/AFC BRISCO'S MR STUB

IOWA Union County Bird Dog Ranch Thayer, IA April 1-4, 2011

The running of the 2011 Spring field trial by the Iowa Brittany Club was held under a myriad of weather conditions, ranging from near ideal conditions on Friday and Saturday to record-breaking high temperatures on Sunday, to cold, raw and windy on Monday. Several dogs rose to the occasion however, giving the judges and galleries plenty of great performances to watch. A total of 151 starters vied for trophies in the 7 stakes offered. FC/AFC TJ's Thunder, owned by Dr. Robert Rankin and handled by Jim John, won the 33-dog Open All Age stake. Owner/handler Steve Ralph garnered the blue in the Amateur All Age with Two Rivers Skyhawk. DC Masked Jack Of Diamonds, owned by Rod and Carol Maves and handled by Ed Tillson, was the big winner of the trial, taking first in both the Open Gun Dog on Sunday, then repeating this feat Monday in the Ed Powell Memorial Open Limited Gun Dog hour stake. The remarkable thing about this is that the temperature Sunday reached 90 degrees, whereas Monday's temperature never climbed out of the 40s, with

a 30-50 mph wind straight out of the north. Amateur Gun Dog was won by AFC High Hopes Little Ann, handled by owner Dan Riedl. Dan and Allison had come out for the Central Futurity, which was held the day before the start of our trial, and garnered the blue ribbon in the Gun Dog stake of that event as well, making this a very profitable trip for them. Open Derby, with 22 starters, was won by Touch Of Bourbon Little Chug. Carson is owned by Tom and Jane Wonderling and handled by Bob Burchett. Open Puppy was won by Hi Proof Jack, owned and handled by Bruce Heiter. Congratulations to all the winners. We were especially happy to have so many new faces attend and sincerely hope they will return.

Putting on a trial is always a challenge, but combining it with another event such as the Central Futurity adds an extra degree of difficulty. Many people are required to help out if things are to run smoothly, and those people deserve a great deal of appreciation. First are the judges, without whom the trial could not be run. We are extremely grateful to Mike Poehler, Bill Cockrum, Stan Truksa, Todd Williams, Lisa Pollock, Richard Brewington, Bill Burton, Bryan Long, and Kendall Brown. Kendall stepped up at the last minute to replace Rob Myers, who was scheduled to judge but had to have emergency back surgery just days before the trial began. All these judges spent hours in the saddle looking at the dogs and their efforts are truly appreciated. Many club members and others pitched in on variety of activities: planting birds, providing meals, driving dog wagons, setting up a wonderful banquet Saturday night, contacting individuals and businesses for donations to be given as door prizes at the banquet, and more. Marcy Beveridge, Angela Thompson, Amber Post, Carol Brown, Roger Stowell, Jon St. Clair, Steve Ralph, Bill Hancock, Jill Schaefer, Tommy Thomas, Linda Thomas, Mickey Condron all helped out in one way or another. Thank you all.

Ed Powell Memorial Open Limited Gun Dog April 4, 2011

The fourth annual Ed Powell Memorial Open Limited Gun Dog hour stake was run under less than ideal conditions. A cold front moved through the state the previous evening, bringing with it both temperatures and wind speeds in the mid-30s to low-40s. Despite the challenging conditions, some quality performances were put down by several dogs. Judges Bill Burton and Bryan Long, both repeat judges of this event, selected DC Masked Jack Of Diamonds, a 5-year old orange and white male, as the winner. Jack is owned by Rod and Carol Maves of Eagle, Idaho and handled by Ed Tillson. Jack had a consistently forward race, going to all the right places and carding 6 finds and a back. Second place was awarded to last year's winner, FC Rocklan's Whizzle Stop, a 7-year old white and orange male owned by John and Margilee Sauer of Lyons, Colorado and handled by Bob Burchett. Whiz pressed the winner hard with a strong forward race and an impressive limb find in an area no other dog even explored. Third place went to CSB JL Sullivan, an 8-year old orange and white male owned by Jamie Brecount of Argyle, Iowa and handled by Bob Burchett. Sully's race was consistently forward, he handled well, and had 1 stylish find along the far right edge of the course. In fourth place was FC Foster's Buddy II, a 4-year old white and orange male owned and handled by Gordon Foster of Parker, Colorado. Buddy had 3 impressive finds, including one well off the course that required a good scout to find.

Brace 1: COVEY RISE'S RAMBO JR (Schaefer) and **TIMBERLINE STRAIT TO THE POINT** (Christensen). The first brace broke away from the Pines at 7:58 AM and headed north. The dogs coursed the first field and hunted the area of the feeder on the south end of the Orchard. They continued on through the Orchard and up the hill and past the old barn site. At 21, JR had bird contact in the alfalfa field, but was not able to contain his enthusiasm at the flying birds. At 23 Sawyer had a find on the south side of alfalfa field with all in order. At 25, Sawyer pointed a different bird several yards west of the first find, again with all in order. Sawyer was not seen after we entered the Orchard and handler asked for the Tracker. It was later reported that the dog was found on point in the cedars.

Brace 2: DIAMOND HILL DANGEROUS MAN (Lisa Pollock) and **LCH'S EDWARD LONGSHANKS** (Bob Burchett). The dogs were released at the regular all age breakaway on the south course. Eddie started forward, then took a big swing back before lining out to the front. Trace pointed at 5 by a cedar tree to the left of the keyhole. A bird was flushed with all in order. Trace scored again at 10 by a cedar at

the south end of the big field, again with all in order. At 20, Trace pointed in the crossing to the draw west of the hedgerow. A single bird was produced, shot fired, and the dog sent on. Both dogs crossed over to the north course and into the teeth of the strong northwest wind. They shortened up considerably from this point on. At 50, Eddie had an unfortunate encounter with a bird in the alfalfa field. Trace finished the hour at short range.

Brace 3: CELEBRATION'S TWO OF HEARTS (Paul Katzel) and **ROCKLAN'S WHIZZLE STOP** (Bob Burchett). This brace was loosed at the normal Gun Dog breakaway in the NW corner of the property. Both dogs opened up with big casts heading toward the west crossing. Deuce went into the heavy cover and was not returned to judgment. Whiz crossed the road and was to the front through the keyhole, then disappeared in the cover along the draw that occupies the old pond site. Scout was dispatched and point was called at 26 near the old dam site. Handler and judge rode to the standing dog and a small covey was produced. Bob fired and brought the dog back through the cover and onto the course. Handler called point at 28 along the tree line next to the food plot southeast of the hedgerow. The initial flushing attempt was unsuccessful, so Bob asked the dog to relocate. He roaded for several tens of yards, as though working a running pheasant. Bob elected to move on rather than fight the nearly impenetrable cover in the woods. Whiz crossed the road back onto the north course and made a big cast around the dogleg, finishing his hour behind the Pines.

Brace 4: POWDER RIVER'S NOBODY BUT ME (Matt Eder) and **UPLAND ACRES OVERLAND XPRESS** (Bob Burchett) The dogs were released at the Pines. Zip pointed at 5 along the fence bordering the south edge of the orchard, but no bird was produced. At 14 Blake pointed, with Zip backing in the field southeast of the old barn site. A bird was produced with all in order. At 20, Zip pointed on the right as we came into the alfalfa field but no bird could be found, giving Zip his second non-productive and ending his bid. Blake pointed at 22 by the feeder on the south side of the alfalfa field, but handler could only produce a pile of feathers so the dog was taken on. Blake continued on until we approached the south course, but his race this day was not what the judges were looking for and handler was asked to pick up the dog.

Brace 5: MASKED JACK OF DIAMONDS (Ed Tillson) and **CHIP'S TAILGATE RENDEZVOUS** (Bob Burchett) The dogs were loosed on the south course at the regular all age breakaway point. The pair worked their way across the field and disappeared through the keyhole. Both dogs were found standing south of the hedgerow at 5. Both handlers flushed with two birds produced and all in order. The dogs were well matched in speed and range as they hunted the field south of the hedgerow. Upon

reaching the south end of the course, Jack went east along the bordering feed strip while Gus headed west. Jack quickly came around and caught up as both dogs disappeared behind a small grove of cedars. Ed called point at 14 as he rode up. When the judges arrived, both dogs were standing, with Gus ahead and Jack behind. Ed said both dogs had stopped and the bird had flown. After a brief flushing attempt, both handlers fired. (Judges later said Jack was given credit for a back in this situation because he was clearly several yards behind his brace mate and facing in the same direction.) At 17, both dogs were working the cover along the draw north of Jimmy's House when Jack spun to a point. Gus failed to stop and was up. Initial flushing attempt was unsuccessful so Ed had Jack relocate. He moved up several feet and locked up again. Birds were flushed, a shot fired, and the dog taken on. At 22, Jack spun hard to a point along the finger southwest of the hedgerow. Ed flushed a bird and fired with all in order. Jack scored again at 25 along the finger west of the hedgerow and at 29 north of the hedgerow. His pointed in heavy cover along a draw between the hedgerow and the pond; handler found a dead quail in the brambles, so the dog was taken on. Jack continued to hit the objectives after crossing onto the north course and locked up again at 53 near the feeder southeast of the old barn site. Two birds were produced, again with all in order. After being released, Jack moved up the hill and pointed in the feed strip southeast of the old barn site at 57. Time expired during the flushing attempt and handler elected not to ask dog to relocate when the initial try produced no bird.

Brace 6: RUFFWOOD'S OWN AGENDA (Bob Burchett) and **BARNEY'S HI PROOF RONRICO** (Chuck Schaefer) The dogs were released at the old barn site. Gen was not pleasing her handler so was picked up at 11. Rico continued around the course and across the road, but suffered an unfortunate encounter with a bird at the keyhole, ending his bid.

Brace 7: GIT-R-DUN (Bruce Heiter) and **CSB JL SULLIVAN** (Bob Burchett) The brace was loosed at the hedgerow and proceeded counterclockwise around the south course with both dogs at good range. The dogs crossed onto the north course at 20. Point was called for Wiz at 25 in bean strip south of Orchard. A bird flushed and shot fired with all in order. Both dogs handled well around the field south of the old barn site and through the alfalfa field. Wiz pointed at 42 by a cedar tree at the end of the feed strip on the ridge. A bird was produced and shot fired, but the dog lost style during the attempt. Bob called point for Sully at 45 in the grassy area of the draw NW of the crossing. Three birds were

Front Row: Jessica Carlson with DC Masked Jack Of Diamonds, Bob Burchett with FC Rocklan's Whizzle Stop, Valerie Weaver with CSB JL Sullivan, Gordon Foster with FC Foster's Buddy II.

Back Row: Bill Burton (judge), Ken Windom (reporter) with Ed Powell Memorial Traveling Trophy, Ed Tillson, Bryan Long (judge), Jill Schaefer, Chuck Schaefer

produced with all in order. Both dogs made good moves toward crossing, with Wiz on the fence to the left and Sully along the draw to the right, converging at the bottom of the hill, through the crossing and up into the Orchard. They hunted the field north of the Pines and into the dogleg when time was called.

Brace 8: TONK VALLEY RUNAWAY RED (Ed Tillson) and **RICO'S HI-PROOF BOOTLEGGERS** (Bob Burchett) This brace was turned loose from the normal all age breakaway point, headed south. At 5, Mason suffered a severe breach of etiquette on a bird in the hedgerow, ending his hour early. Red made a nice move down the left side of the south course all the way to the Church Corner. The dog made several more nice moves, but required considerable handling and Ed elected to pick up at 33 prior to crossing the road onto the north course.

Brace 9: FOSTER'S BUDDY II (Gordon Foster) The final dog ran as a bye and was released from the Pines at 4:35. He was seen standing at 4 along the east end of the fence south of the Orchard. Handler produced a bird and fired, then took Buddy on. He set out to cover a lot of territory following this find and scout was dispatched to keep track of him in the heavy cover. The dog showed to the front at the top of the hill after the double crossing, but had disappeared by the time handler came through the cut and in the area where the dog was last seen. Scout was again dispatched to the right of the course and handler continued forward. The gallery spotted a white object along the ridge to the left near where Buddy had last been seen. Upon closer inspection, it proved to be the standing dog. Handler was alerted and he rode

back to the find. A single bird was produced from beneath a fallen cedar tree with all in order. After being released, Buddy continued his wide sweep of the course and disappeared into the cover along the draw in the alfalfa field. Scout was once again dispatched and found the dog standing at 28 in heavy cover well away from the path taken by the handlers. A bird was flushed, shot fired, and the dog taken on. He continued on through the Orchard and on to the right side of the field north of the pines. Again, Buddy disappeared in heavy cover and scout was dispatched. The dog returned and took the west edge of the field, then spun to a point at 45 along the fence to Charlie's pasture. An extended flushing attempt ensued but no bird was produced. Buddy was taken on and finished his hour at the dogleg, just before the road crossing.

INDIAN NATIONS

April 2-3, 2011

The weather was hot and the wind blew so hard it could almost blow you out of the saddle. A special thanks to our judges Gary Young, Dr. Robert Rankin, Tom Milam, Jimmy Berneathy, and Jack Murphy. They spent many long hot hours in the saddle. Thank you to the Pro Handlers Vic Carrington, Scott Johnson, and David Downing for participating in the trial. In addition, thanks to all the Amateur Handlers who also participated. A special thanks to John Tiller for his delicious Potato Soup, Toni Graber (Ed Peace's Daughter) for her incredible cookies, Linda Milam and Mary Crawford for

their much welcomed help with cooking and clean-up, Rick Conner for use of his Gator and for driving the dog wagon, and Harlen Gerardy for picking up the birds.

The dogs ran great in spite of the heat. Congratulations to all the dogs that received placements.

This was Jack's and my (LaDeena) first time to help run a trial. My hat goes off to all who put on trials. There is a lot to do. I want to especially thank Ed Peace and Linda Milam for hanging in there and explaining to me how to fill out all the forms.

The trial seemed to run smoothly. I hope everyone had a great time.

2011 Nebraska Brittany Championship Branched Oak Raymond, NE April 18-21, 2011

The Nebraska Brittany Championship was held at Branched Oak Dog Trial Area in

Raymond, Nebraska April 18 to April 21, 2011. The Championship was held following the regular weekend trial of the Nebraska Brittany Club. You never know what Nebraska weather will bring. During the weekend trial and the Championship we had a little of everything; rain, snow, fog. For the most part it was nice weather for running dogs.

Judges for the event were David Taylor from Underwood, Iowa and Bill Burton from Carrollton, Missouri. We thank both of them for their attention to the job. A special thanks also goes out to our corporate sponsor, Purina, for their continued support in making both a monetary donation and providing dog food for the winners. Last, but very important, we want to thank all the handlers for making this event run smoothly. We appreciate their participation and support. The pros were Vic Carrington, Jim John, Scott Johnson, Ed Tillson, Bob Burchett, Al Gorror, Justin Kalina, and Kevin Stonehouse.

Since this reporter ran the dog wagon the whole time this report is made from the comments of the judges I was given at the end of each day; nothing lengthy, just the basics.

Brace 1: NFC PRIME TIME OUTLAW JOHNNY (Cash) H-Justin Kalina

FC BELLE BEAU MAX (Max) H-Vic Carrington

Cash Broke away and was out of pocket. He was not returned to judgment. Max had a nice find at 31 and an unproductive at 58. He had a difficult time keeping a forward pattern.

Brace 2: FC JOKER'S JACKPOT (Jack) H-Jim John

FC/AFC TJ'S PRAIRIE BLIZZARD (Blizzard) H-Ed Tillson

Joker had one good find at 49. He seemed to shorten at the end. Blizzard made some strong casts but was not rewarded with a bird. Both

dogs had a hard time maintaining the front.

Brace 3: ROCKLAN'S KID ROWDY (Rip) H-Bob Burchett

FC LAFAYETTE KINMONT WILLIE CDX (Willie) H-Vic Carrington

Rowdy had a nice break away but at 24 the handler called for the tracker. Willie had an encounter with birds at 12 and was leashed.

Brace 4: WINDTUCK'S ROCKET RED GLARE (Rocket) H-Justin Kalina

FC HAL-J'S SMARTEYES JOKER'S ACE (Ace) H-Jim John

Rocket failed to make the hour and the tracker was called. Ace had two nice pieces of bird work with some nice moves. Judges felt he needed to be a little more forward.

Brace 5: FC/AFC BRISCO'S MR. STUB (Stub) H-Al Gorror

Ricos' Hi-Proof Bootlegger (Mason) H-Bob Burchett

Stub had one nice find but didn't seem to have on his running shoes today. He was at moderate range. Mason had a nice find on quail but the handler elected to pick him up at 40.

Brace 6: JACK'S TEQUILA JAKE (Jake) H-Jim John

DC/AFC TSUNAMI (Sue) H-Scott Johnson

Jake suffered a long absence and was not returned to judgment. Sue did an all around good job. She had one limb find at 33. She ran big and had a great cast to the front for her finish.

Brace 7: SPARKY'S LITTLE PILL BANDIT (Bandit) H-Bill Hancock

FC WOLF RIVER'S WINNING TICKET (Cash) H-Al Gorror

Bandit had one nice find, an unproductive and one that he lost his manners on. He was

Brace 9: SHAMBO'S DARK SHADOW (Sara) H-Vic Carrington
CAST-A-BRITT MICRO SAMMIE (Sammie) H-Bob Burchett

2011 Mid-America Brittany Championship Branched Oak Raymond, NE April 25-27, 2011

The 2011 edition of the Mid-American Brittany Championship was held over the three-day period from April 25 through 27 on the grounds of the Branched Oak Dog Trial Area near Raymond, NE. The Championship is hosted by the Missouri Valley Brittany Club. A total of 40 dogs competed for the blue ribbon. Normally, this many dogs would have been run over a four-day period, but the Nebraska Game and Parks Department required that one day be scheduled with no field trials on the grounds between this trial and the next one, which started Friday, necessitating the running of seven braces each day.

Judges for this event were Jack Murphy of Nowata, OK and Ken Chenoweth of Fairgrove, MO. Both gentlemen are long-time pointing dog enthusiasts and have sat in the judges' saddles for many prestigious trials. They have a definite idea of what they want to see in an All Age Champion performance, including independence, bird work, and an intense desire to cover the course. Several dogs completed their allotted hour with clean bird work, but the judges selected Two Rivers Skyhawk, a 5-year old white and orange Brittany bitch, as the Champion. Sky is owned by Steve Ralph of Forest Lake, MN and expertly handled by Jim John of Yates Center, KS. Sky ran in the last brace of the trial and put on a performance that demonstrated all the criteria looked for by the judges. She covered large portions of the course and had two well-mannered finds during her hour. She was pressed hard by the Runner-Up, Primetime Outlaw Johnny, a 4-year old orange and white male owned by Herb Rea of Wichita, KS and handled by Justin

Kalina. Cash ran a wide-open race as well, with 3 well-spaced finds. Third place went to TJ's Prairie Blizzard, an 8-year old white and orange male owned by Vicki Rankin of Edmond, OK and handled by Ed Tillson. Blizzard ran under perhaps the worst conditions of the trial, with a cold, steady rain and mud adding to the challenges of making the hour. Blizzard ran a consistently forward race with two finds. Fourth went to Kinwashkly Dakota Molester, a 9-year old orange roan male, owned by Ken Seivert of Sheldon, IA and handled by Jim John. Lester had two finds and a strong race, marred only by a brief interlude where he had some problems finding the front.

The Missouri Valley Brittany Club wishes to thank its sponsor, Purina, for their generous support of this trial. Championships such as this would not be possible without the strong and continued support from corporations such as Purina.

An undertaking of this magnitude would not be possible without a cadre of helpers. Bill and Julie Cockrum handled the pre-trial organization and John Schlicht and Jack Higgins were on site to see that everything ran smoothly. John Savicky drove the dog wagon and made sure the right dogs were in the right places when needed. Brookes Carmichael arose early every morning to plant birds on both courses. Ken Windom served as reporter and course marshal. And of course, we want to thank all the participants for supporting the trial with their attendance and entries.

The Running.

Brace 1: TJ'S THUNDER (John) and **HI PROOF WHIZKI** (Gorow). The first brace broke away on Course 1 at 8:00 AM from the Club House under overcast skies and temperatures in the low forties. Whizki broke away straight to the front, Thunder headed up the hill to the right to the line of bushes, then headed to the front. Two deer were seen in front of Thunder as we rode through the cut, but he showed no inclination to chase. Past the rock crossing, Thunder disappeared to the front but showed again at 16. Whizki was seen past the rock crossing, then again as we approached the pines on the south end of the course. He was found on point by scout at 21 in a plum thicket along the draw north of the pines. AI produced a bird with all in order. Meanwhile, Thunder scored a find at 22 about 200 yards farther east. Whizki pointed again at 25 at the plum thicket on top of the hill. A bird was produced in short grass and he was taken on. Whizki caught the front at 30 as we crossed the pond dam. Thunder went to the right along the edge of the field before coming around and going up the hill toward the Club House. Whizki scored his third find at the top of hill at 35. After topping the hill, Thunder went hard to the left and Whizki ran along a line of plum thickets on the ridge. Thunder rimmed the

edge of field east of the Club House and ran past the approach to the wooden bridge. Whizki also hit the edge for a short distance, turned back, then again headed to the front. Both dogs were gathered up and taken across wooden bridge onto Course 1. Thunder was seen past first rock crossing, then seen again at second rock crossing at 55. He was next spotted at 59 in the corner near the Fish Camp. Dog and handler were reunited as time was called. Meanwhile, Whizki disappeared after first rock crossing and was not returned to judgment within the allotted time.

Brace 2: CAST-A-BRITT MICRO SAMMIE (Burchett) and **WIMBERLEY JIMDANDY** (Johnson). This brace broke away from the Fish Camp at 9:18. Dandy went right and somehow managed to get through the fence. Scott rode over to the fence and retrieved the dog. Sammie went left and up over the ridge. Both dogs were running well to the front. Dandy made a big move to the left after crossing the second pond dam. Dandy scored at 14 along the tree line west of the western-most pond. Sammie had taken the southern edge and shot to the front along that side of the field. Both dogs were taken across the concrete dam onto Course 1. Both were well to the front through the rock crossing, but Sammie disappeared in heavy cover and was not returned to judgment. Dandy pointed at 35 along the ditch leading into the island motte, but Scott was unable to locate a bird. Dandy pointed at 41 in the thick growth along the big draw on the south end of course. Handler spotted birds running in the cover and was instructed to fire. Dandy scored two more finds, one at 45 and the other at 48, along the draws in the tall brome after topping the hill. He continued on, but his race shortened considerably during the last 20 minutes of his hour.

Brace 3: WAYSIDE'S BLUERIDGE RUNNER (Johnson) and **JO-LOCKAPEX DARK ROUX GUMBO** (Lincoln). The dogs were released from the wooden bridge about 10:40 as a drizzle began to fall. Rue headed right, Blue started hard to the left and had to be corralled by handler. Blue was out of pocket for a while, then came up through the gallery to reclaim the front. Blue pointed at 14; a bird was produced with all in order. Both dogs headed on, with Blue the wider of the pair. Rue was seen to the front toward the Fish Camp, then made a big move to the road and along the edge as we headed back west along the north side of Course 1. Both dogs were seen on the left at 28 going into heavy cover, but disappeared and were not returned to judgment.

Brace 4: BELLE'S BEAU MAX (Carrington) and **ELEET'S COLORADO BLUE** (Stonehouse). The drizzle that began during the last brace turned into a steady rain as this pair of dogs was loosed at 11:40 by the Club House. Both

Front Row (L-R): Sara John, Jim John and Kannon John with FC Two Rivers Skyhawk, Justin Kalina with NFC/FC Primetime Outlaw Johnny, Ed Tillson with FC/AFC TJ's Prairie Blizzard. Back Row (L-R): Ken Chenoweth (judge), Bill Hancock (scout), Ken Windom (reporter), Jack Murphy (judge), Tommy Thomas (scout). FC/AFC Kinwashkly Dakota Molester was not available for the photo.

dogs headed over the fields and through the rock crossing, disappearing to the front. A liver and white dog, thought to be Blue, was seen on point at the plum thicket on top of the hill past the island motte. As handler, judge and gallery rode over, it was discovered to be Rue from the last brace. He was put in a harness and returned to his owner. Meanwhile, Blue was seen at the pines. He made the turn on the south end of the course and pointed at 26 at the plum thicket on top of hill, only a few feet from where Rue had been found. Kevin got down on hands and knees to move birds, but they just ran around inside the cover so judge instructed him to fire and move on. Both dogs went ahead and over the hill, then across the wooden bridge. Each was observed at intervals on Course 2 as they ran through the heavy cover along the right edge by the lake. They made the corner at the east end of the course and went up the draw. Max pointed on the right at 55, and Blue pointed moments later a short distance farther on. Both handlers produced a bird with all in order and time was called. Both dogs had shortened up the last portion of their hour due to the cold rain and wind.

Brace 5: PRIMETIME OUTLAW JOHNNY (Kalina). Cash ran as a bye dog because his bracemate was in season and dropped to the end. He was loosed about 2:30 PM from the Club House. He was found standing at 5 as we came through the cut. Birds seen running in heavy cover so handler was instructed to fire and move on. Cash went forward along the left side of the field to the iron-bar gate, then

turned west along the creek and past the rock crossing. He disappeared in high grass to the front, then showed up as we made the turn on the south end of the course. He came back up the hill and pointed at 25 at the plum thicket on top of hill. The birds again were running in the heavy cover so handler was instructed to fire and continue on. After the pond dam, Cash was seen on the woods' edge going to the east. Handler rode hard to gather him up and took him across the big field east of the Club House and over the wooden bridge. He made a big move up the tree line and pointed again at 57. A bird was produced with all in order. Cash was released and time was called shortly thereafter.

Brace 6: KINWASHKLY DAKOTA MOLESTER (John) and **WINDTUCK ROCKET'S RED GLARE** (Kalina). The dogs broke away from the Fish Camp. Jim called point for Lester along the draw south of the road fence at 3. Moments later, Justin called point for Rocket about 30 yards farther up the draw. Rocket suffered an indiscretion and was collared. Meanwhile, Jim flushed a bird in front of Lester, who stood with good manners throughout. After being released, he went to the front, then made a sweeping cast along a big draw below one of the pond dams and was seen by scout in the meadow below. He was spotted by Judge Murphy at 19 standing near the same place Cash had scored a find earlier. A bird was produced with all in order. After being cast off, Lester ran the edge of the ridge and pointed in a thicket by the normal break-away point for Course 2, again

with all in order. He had a little trouble staying to the front as we traversed the next field but soon lined out again with some encouragement from his handler. After crossing the concrete bridge onto Course 1, Lester took the front and went through the cut in the first tree line. He disappeared to the front but showed up along the big draw north of the pines, then ran the edge along the pines at the south end of the course before disappearing in heavy cover again. He reappeared after the course turned back north, near the hill by the Camp Ground and was to the front as time was called.

Brace 7: TLM COPILOT (Johnson) and **TJ'S PRAIRIE BLIZZARD** (Tillson). The last brace on Monday broke away from the Camp Ground near the rock crossing on Course 1 in a steady rain and stiff wind. Both dogs headed west and swung south along the direction normally used for the 30-minute all age stakes. They were gathered up and crossed the wooden bridge at 17. Ed called point for Blizzard at 22 past the first rock crossing on the far left side of the meadow along the adjacent ridge. A bird was produced with all in order. Meanwhile, Hank disappeared in the heavy cover bordering the lake's edge. Blizzard took the front and made a big turn by the Fish Camp and was found on point by scout at 35 at a pile of deadfall branches in the draw south of the road fence. Handler elected to continue on rather than fight the tangled limbs. Hank's extended absence caused Scott to ask for the tracker. Blizzard continued forward and scored again at 55 along the tree line by the plowed field before reaching the concrete bridge. A single bird was produced, again with all in order. He continued on and time was called shortly after crossing the concrete bridge onto Course 1.

Brace 8: STARLIGHT'S BLAZING SIRIUS (Thomas) and **SPANKY'S LITTLE PILL BANDIT** (Hancock). The first brace of Tuesday broke away on Course 1 at 8:00 from the Club House under overcast skies and temperatures in the mid-40s. The dogs were away and through the cut, then across the fields to the rock crossing. Bandit went left, Sy to the right. After the turn at the south end, a third dog was seen on the course. It was later discovered to be a dog that had gotten loose from camp and apparently followed the gallery out on the course. He was put on a rope and taken to the dog wagon. Scout called point for Sy at 23 in the woods by the big draw north of pines, but the initial flushing attempt and subsequent relocation effort were unsuccessful. Meanwhile, Bandit was seen under birds and was up at 25. At 34, Sy pointed briefly on the hill north of the island motte, then moved up and the bird flushed with Sy giving chase, ending his hour early.

Brace 9: TSUNAMI (Johnson). Sue ran as a bye due to a last-minute scratch of her bracemate. She was released from the Camp Ground and

headed west. She pointed at 2 along edge of the island motte. Birds were produced with all in order. She came across the pond dam and disappeared to the front. Handler got ahead of the dog coming down the hill. Sue came up past the handler and struck the edge of the field east of the Club House then ran to the cut and headed south. She was gathered up and taken across the bridge. She was seen on the ridge to the left before the first rock crossing then spotted by judge to the front as we approached the second rock crossing. Gallery spotted her at 30 in the corner near the Fish Camp. She pointed at 34 in a plum thicket and exhibited good manners as a bird was produced. She continued on, making a big turn at the east end of the course and pointed again at 40 along the draw south of the fence. Handler produced a bird, although it required some assistance in getting airborne. Sue had trouble finding the front during the last 20 minutes, marring an otherwise impressive run.

Brace 10: ROCKLAN'S KID ROWDY (Burchett) and **ME AND YOU ALONE MAVERICK** (Carrington). This brace broke away at the Club House. Both dogs started on the left edge of the field. Maya broke off and came across the big field while Rip continued on the far edge and through the cut. He continued down the left edge and disappeared to the front. He was spotted by the judges to the front just north of the pines at 15, then made the turn at the south end and headed back north. He was found standing at 20; a bird was produced with all in order. Maya was found standing at 22 on a hill south of the Camp Ground but no bird was produced. Handler elected to pick up Maya at 31. Rip continued on course and headed south along the normal all age course, requiring handler to gather him up and get him back to the front. He pointed at 37 on the hilltop south of the Club House. A bird was produced with all in order. After crossing the wooden bridge, he went ahead and left, across the pond dam and made a big move along the ridge. He pointed at 57 along the treeline southeast of the second rock crossing. Handler found a dead bird so took the dog on. He finished to the front at the Fish Camp.

Brace 11: JUSTAS WELL BE THEGUNNER (Kalina) and **JACK'S TEQUILA JAKE** (John). Break away was from the Fish Camp about 11:50 AM. Gunner pointed at 1 along the ditch north of the Fish Camp. He exhibited good manners as a bird was produced. Meanwhile, Jake rimmed the north fence line and showed in front of the handler at the top of the hill. Gunner was released and went to left side of ditch, handler on the right. Gunner was not seen when handler reached the top of the hill, but was spotted later in the meadow below the ridges. Jake was forward as we traversed westward along the ridges and across the pond dams. Both dogs took the finger southwest of

the first rock crossing, disappeared into heavy cover, then appeared as they headed west along the edge of the timber. Gunner pointed at 19 along the ditch by the plowed field east of concrete bridge. A bird was flushed with all in order. Both dogs were away to the front after crossing the concrete bridge, heading up the hill to the right and coming down the top of the ridge southeast of the Club House. Justin called point for Gunner at 25. Both dogs were seen standing as we arrived, but Gunner left before Justin could attempt to flush and was up. Jim produced a bird, but Jake suffered a lapse of manners at the flush, ending his bid as well.

Brace 12: JOKER'S JACKPOT (John) and **BAR LO J & M JAX'S FLASH** (Carrington). The first brace of Tuesday afternoon broke away at 1:30 from the Club House. Weather conditions were cloudy and breezy, with temperatures in the upper 40s - low 50s, but no rain. Flash was seen under a bird at 5 and was up. Jack was forward at moderate range. He pointed in the island motte with all in order. Afterwards, Jack made a couple of backward moves, then lined out and made a good cast along the finger north of the pines. He crossed the pond dam and took the edges of the field past the pond. After topping the hill, he rimmed the field east of Club House, crossed the wooden bridge, and disappeared to the front. He was seen at 54 along the edge of the lake east of the second rock crossing. He finished his hour at the Fish Camp. Jack made some good moves during his hour, but his overall performance this day was somewhat inconsistent.

Brace 13: KINWASHKLY DIRTY NED PEPPER (Johnson) and **SHADOW ATTACK** (Tillson). This brace broke away from the Fish Camp. Ned pointed at 1 by a cedar tree along the north fence. Tack pointed moments later along a terrace in the field. Ed found a dead bird and continued on with Tack. Meanwhile, Scott was unable to produce a bird for Ned and the relocation attempt was unsuccessful, so the dog was taken on. Tack pointed at 5 in the bushes along the draw south of the fence. Ed produced a bird and all was in order. Both dogs continued west on Course 2, rimming the edges of the fields, across the concrete bridge, and onto Course 1. Scout called point for Tack at 31 in a clump of bushes along the left side of the first field past the cut. Both dogs were found standing. A bird was produced, both handlers fired, and the dogs continued on. Scott called point for Ned at 41 in brome near the head of the big draw north of the pines, but was unable to produce a bird, ending Ned's bid. Tack came around the south side into the wind. The sun appeared for the first time in several days, raising the temperature noticeably. Tack's race shortened somewhat under these conditions. He made a move across the island motte and up over the hill, pointing again at 57 in heavy cover near the pond. No bird was produced

during the initial flushing or relocation attempts and time expired.

Brace 14: OZ II (Stonehouse) and **BRISCO'S MR. STUB** (Gorror). Dogs were released at the normal break away location on Course 2. Stub was seen at moderate range along the ditches and edges of the meadows as we headed east. Meanwhile, Oz disappeared over the ridge. Al called point for Stub at 12 along the ditch north of the Fish Camp. Birds were seen running in the heavy cover; judge instructed handler to fire and continue on. Stub made the turn at the east end, came back along the fence, then dropped down to the draw and back up on the ridge where he stopped at 20 along a terrace. Al attempted to flush but was unable to produce a bird. Meanwhile, Kevin, whose mount was stumbling, swapped horses with Justin Kalina. Oz rejoined the handler at 27 and made a big move along the draw below the first pond dam, then proceeded westward along the edges. Both dogs went right toward the edge past the second pond dam: Stub hit the edge and went left while Oz turned right. Kevin got Oz turned while fighting his new mount. Stub rimmed the field, past the third pond dam, then along the ridge on the north side of the course. After getting lined out, Oz took the south edge of the course. Meanwhile, Kevin swapped horses yet again, this time with Judge Chenoweth, allowing him to concentrate on handling the dog. Both dogs crossed the concrete bridge at 42. Stub shortened up, then proceeded toward the sound of barking dogs in camp as we emerged onto Course 2. Stub was gathered up and taken forward. Both dogs stopped near the cut at 46, and point was initially called, but the dogs released themselves and continue on, finishing the hour without further bird contact.

Brace 15: CAROLINA SEA BISCUIT (Johnson) and **UGH STUMBLIN' FROM THE SHADOW** (Tillson). The dogs were turned loose by the Club House at 8:00 AM Wednesday under overcast skies and temperatures in the mid-forties. Bubba made a big move across the first field and through the cut, then up the tree line at the end of the second field before he suffered an indiscretion at 5 and was up. Biscuit continued past the rock crossing, across the meadow and up the hill and beyond the big draw to the south end of the course. He came back up along a smaller draw and headed north across the hill where he stopped at 21. Point was called, but no bird was immediately produced. Biscuit was asked to relocate but could not pin the bird. Following a brief conversation with the judges, Scott elected to pick up. As he rode to the dog wagon, his horse flushed a bird a few yards farther down the draw from where Biscuit had pointed.

Brace 16: KD'S SLIP AND SLIDE (Tillson) and **TLM FREQUENT FLYER** (Johnson). This brace was released at the Camp Ground and

headed west up the hill. Both dogs turned left, following the normal all age course, and required handlers to gather them up before going across the pond dam. Splash made it up the hill and down onto the meadow east of the Club House, then took the edge to the cut and headed south. Meanwhile, Jack went east shortly after crossing the pond dam and disappeared in the heavy cover. Neither dog was returned to judgment.

Brace 17: CROSSLAND'S CHARLIE (Hancock) and **LAFAYETTE KINMONT WILLIE** (Carrington). The dogs were loosed east of the wooden bridge. A strong gusty wind was blowing from the northwest. Charlie was spotted on point by Judge Murphy at 2 along the treeline west of the first rock crossing. Handler produced a bird and all was in order. Charlie struck out up the ridge to the left as Bill caught the front to the right. Willie was ahead and scored a find at 9 past the second rock crossing. At 15, Willie took out a bird north of the Fish Camp and was up. Charlie stopped at the flight, but released himself too early and was also ordered up.

Brace 18: BRITTMONT THE HAWK (Gorror) and **SHAMBO'S MIDNIGHT SHADOW** (Carrington). The brace started at the Fish Camp and headed into the stiff northwest wind. Hogan pointed at 5, but the bird lifted and he released himself before Al arrived, ending his hour. Sara had a hard time getting lined out going into the wind and Vic elected to pick up after we crossed the concrete bridge at 25.

Brace 19: BOUDREAUX'S POKI JJ JOHNSON (Johnson) and **HAL-JS SMARTEYES-JOKER EZ ACE** (John). These dogs were turned loose at the Club House. JJ put down a forward race, but not at a range that was competitive with that of dogs that had already run, so Scott elected to pick up at 25. Ace continued on and exhibited a race that showed several good casts but that was not consistent. He scored a find at 55 along the ditch north of the Fish Camp.

Brace 20: WOLF RIVER'S WINNING TICKET (Gorror) and **ROCKLAN'S WHIZZLE STOP** (Burchett). The first brace following lunch started by the Club House at 1:00 PM. Whiz pointed at 16 at head of the draw north of the pines but the initial flushing attempt and subsequent relocation were both unsuccessful. At 22, Whiz stopped, then Cash moved in next to him, brushing him on the shoulder and causing Whiz to move up. Cash then moved on and both dogs stopped a few feet farther along the draw. The judges instructed Al to pick up Cash. Bob was unable to produce a bird, giving Whiz his second non-productive and ending his bid.

Brace 21: TWO RIVERS SKYHAWK (John) and **RUFFWOOD'S OWN AGENDA** (Burchett). The dogs were released at the Camp Ground north of the rock crossing and headed west. Sky went left when she reached the corner, following the normal all age course. She was

gathered up by handler and soon caught the front. Both dogs crested the hill and headed down toward the field east of the Club House. Gen's race was not competitive today, so Bob elected to pick up at 13. Sky took the edge of this field to the cut and proceeded south along the regular all age course. Once again, handler gathered her up and got her back on course and across the wooden bridge. She was high on the ridges as we went through the two rock crossings and was found on point at 27 on the hillside past the second crossing. Sky showed excellent manners as two quail were produced. After being released, she took the fields to the right of the course and made the turn past the Fish Camp, then up the draw south of the fence. Point was again called at 36 along this ditch. A bird was produced, again with all in order. She was again released and spent the remainder of her hour to the front, finishing strong in the field east of the Club House.

The 2011 May issue of the magazine incorrectly listed on page 41 all the stakes of the Illinois Brittany Club trial as being walking stakes. The stakes were all horseback stakes. Instead, the walking designation should have been added to all stakes of the Heart of Illinois trial held on March 5-6, 2011, at Moraine View SFWA listed on page 43.

Western Region Shooting Dog Classic/Championship

Boyce Corral on the Crooked River National Grasslands Madras, Oregon April 19-20, 2011

The Oregon Brittany Club hosted the Western Region Shooting Dog Classic/Championship in Central Oregon's high desert at Boyce Corrals. It is a beautiful place to hold a trial. Looking to the west, you have a view of six snowcapped mountains, all dormant or semi-dormant volcanoes. It is easy to be distracted by the beauty of the scene.

We had to change the course some this year as the rancher/permittee brought a large number of baby calves and cows and put them in the middle of the standard one-hour course. Rather than have an incident with a calf or cow, we moved the course taking in the all-age and gundog courses.

We would like to thank our judges for two long days in the saddle. Mr. Dennis Leis of

Oregon City, Oregon, and longtime Brittany man; and Mr. John Sullivan of Redmond, Oregon, a long time GSP competitor. Both gave their full attention to the job and did it very well.

Thanks too, to the participants in this event, especially Paul and Peggy Doiron from California and all the amateurs that I will not try to name. They are a tough and devoted bunch of competitors here in the Northwest, and always give the pros a run for their money.

Big thanks to our sponsors of the trial and championship. Les Schwab tire company of John Day, Oregon; McDonalds of Madras and Redmond, Oregon for providing dinner Saturday evening and dinner on Tuesday evening and refreshing drinks all along the way; and Joe and Carrie Proulx, owners of Bend Subway who provided lunch Tuesday and Wednesday of the Championship. And finally, to PURINA for their support in the past present and future as they are always a great support group.

Finally, there is no way in this limited space to show our appreciation for all the hard work of all the club members and others behind the scenes that made this trial a success. You know who you are, cooks, bird planters, marshals, water people and all the others. Thanks!

Day One. It was a great day for a field trial with the starting temperature at 20 degrees Fahrenheit, a light breeze and sunshine.

Brace 1 BJ/House SONNY/Doiron

Both dogs off, heading west up a slope with great speed to the left; both dogs were out of pocket for the first few minutes with Sonny showing forward left. The scout was sent for BJ at 5 minutes. He was found standing on the edge of the gun dog course. Judge Sullivan and handler rode back to the find BJ high and tight, but no bird -- had to relocate some 50 yards to pin the bird with good manners. Sonny was running hard and wide and having a good time, causing him to be hard to handle. BJ continued on with good range and drive. Sonny had a find at 53 past the water barrel with all in order. BJ had a 2nd find at 55 past the water barrel with good manners to finish the hour.

BRACE 2 EMME/White RUBY/Doiron

Both dogs up the hill to the left. Emme had a find at 3 but was creeping on the bird and was whoa'd. Manners were ok on the bird. Sent on, she ran wide and had a mind of her own. She needed lots of scouting and was coming from behind. Meanwhile Ruby was hard to handle and had an erratic race. Just not her day. Birdless.

BRACE 3 ROSE/Shearman CANDY/Doiron

Both dogs out front on break away. Rose had a find at 3 minutes with good style and intensity. Her race was a little short. Had a find at 14 with all in order. Candy was running a medium race, staying to the front with a find at 24 with good style. At 32 Rose had a non productive. Candy had a find at 37 with all ok. At 39, Rose had a find on a hawk kill. All ok, but out of gas on break away. Candy had finds at 40 and 45. All in

good order. At 47, Candy hit a bird hard and sat down and her handle gave her the hook. Rose had a find at 54 with all in order and out of gas. She came from behind a few times, no punch left.

BRACE 4 RITA/White MOKIE/Doiron

Rita was fast on the break away, had a find at 14. Style good. A second find at 26, all in order. She was wide and hard to handle. Mokie was having a short race with a find at 33, all looked good. Rita's 3rd find was at 38 looking good. She had a bird after the water barrel at 53, but took steps to end her bid.

BRACE 5 WHEELS/House MILLIE/Doiron

Both dogs started well up the slope. Wheels had a find at 5 with good manners, sent on to the front, Wheels brought in a bird at 14. The bird was warm; judge Leis did not like that so handler leashed the dog. Millie broke to the front early and stayed forward. At Chukar Hill, she skirted the side and disappeared for about 3 minutes, only to be found again hunting strongly forward at the second water trough. She systematically worked the taller sage after the turn to the north, hitting the top of the hill at 50 minutes. At 58 minutes, and in full view of both judges, she had her first find on the sidehill above the last water trough. Her style on point, which remained rock-solid at flush, and her systematic forward run made everyone take notice.

BRACE 6 CABO/White KYTE/Doiron

Cabo took off with good speed and had a point at 9. No bird produced. Off again, running wide and hard and a handful. He had a birdless race -- maybe too much dog for a gundog stake. Meanwhile Kyte was having a nice gundog-type race with a point at 18 with good style and manners. A point at 20, no birds found. Continuing on past the water tank, she had a find at 52 on the hill to finish her performance.

BRACE 7 ZIP/VanDecovering MAC/Doiron

Zip could not get it on track today. Behind and not handling, with a point at 46 with all in order. Meanwhile Mac ran a big race needing scouting several times. Maybe too much dog for this stake but seen under a bird at 50 and picked up.

DAY 2

BRACE 8 JACK/Borine PAGE/Doiron

Jack ran an excellent gundog race, always to the front and handling easily. Page ran a short race, had a retrieve on a dead bird and a good stop to flush at 42 but could not find one to point. Jack also went birdless.

BRACE 9 BIXBY/Hammett SPICE/Doiron

Both dogs took off south on a large cast and were gone for the first few minutes. Both dogs eventually located their handlers and got back on track. Bixby was running a short race and put a bird in the air at 14, resulting in a ride back to camp. Spice was also short and hard to handle, had two stop to flushes but no solid finds.

BRACE 10 CUTTER/Waitman DARCY/Dorion

- 1st Place – FC AFC Cedar Creek Surgeon, handler and owner: Joe Waitman (pictured)
- 2nd Place – HVK High Flying Kyte, handler Paul Doiron (pictured), owner: Daniel Doiron (not pictured)
- 3rd Place – FC AFC Brown's BBJ, handler and owner: Jim House (pictured)
- 4th Place -- CH Granmar's One Rough Diamond, pictured with Scout Peg Doiron, handler Paul Doiron, owners: Elaine and Doyle Price (not pictured)

At cast off, Cutter, the wider of the two dogs was to the front handling easily to the first water barrel. Darcy was running a short race. After the water barrel Cutter went up on Chukar Hill and the scout was sent to find him standing with good style and intensity. Bird work was good. Cast off to the east, Cutter was wide on the ridge to the left handling good, continuing to run wide and to the front without any more bird work finishing strong. Darcy was birdless for the hour.

BRACE 11 SAMMY/White AL/Doiron

Both dogs fast on cast off. Both hard to handle, maybe too much for this event. Al was lost at 14, and after a long look by the scout, Paul pulled out the Tracker. Sammy had a find at 32 but moved up on the bird 3 times before the flush. All in order at the flush. Sammy needed a lot of scouting.

BRACE 12 ZEB/Waitman TED/White

Ted was the wider of the two on the breakaway. Wide and hard to handle, but got on track later with a find at 18 with all in order. He shortened on the second half, too wide for gun dog. Zeb with an average gun dog race, went to some good places but remained birdless – a rare thing for this dog.

The winner of this event was the Top dog in the 10th Brace, Cutter, handled by Joe Waitman. He had an outstanding race and held up well for the hour.

Second was Bottom dog Brace 6, Kyte. Giving Cutter a run for his money this girl put on a good show to bring home 2nd place.

Third place was Top Dog first brace, BJ. His style on birds gave him a place in this stake.

Fourth place was Top Dog 5th brace, Millie, she put in a good run and was rewarded for her effort.

"The writeup of the brace by brace of the Western Shooting Dog Championship were received with call names only and not the full name of the dogs."

Specialty Shows

TEXAS COASTAL Houston, TX Friday, March 18, 2011

Our spring specialty show was again held with the Houston Combined Specialty Association shows at the Houston Farm & Ranch Club in Houston, Texas. The weather was spring-like and the arena was in great shape. We sincerely thank our judge and our Brittany friends and supporters for attending this show.

Mrs. Benny Conboy from Tomball, TX did an excellent job of judging her 18 entrants. From an entry of 7 class dogs, she selected DeCartier's Watch My Tail Lights as her Winners Dog, bred and owned by Wayne and Terry Carter of San Antonio. From an entry of 5 class bitches, she selected Hickory Hill's Carried Away as Winners Bitch and Best of Winners, bred and owned by Anne & Marla Parchman also from San Antonio. From the field of 6 champions, Best of Breed was awarded to GCH Marsport Way To Go Joe, owned by Rhonda Harris of Dallas and Best of Opposite Sex was awarded to CH My Embi Celestial Dark Beauty Stks, bred and owned by Tom & Sandra Schrank of Georgetown.

NORTHERN NEW ENGLAND

Fitchburg, MA

March 19, 2011

NNEBC Now has a tradition of offering their specialty with the New England Sporting Group Association which serves to highlight our dual breed. This year did not disappoint. The first weekend of spring brought 44 fine dogs out of hibernation to compete against the northeast's best Brittany for coveted 5 point majors

Mrs. Linda Flynn delighted in her choice of a lovely roan bitch, TONAN NAIHA S OF WINCHESTER, as Best in Puppy Sweepstakes, and followed up with TRIUMPHANT'S TAYLOR MADE AT MICH MTN as Best of Opposite. In keeping with her choices, the veterans were represented by CH HILL'S MORNING EDITION, named Best in Veteran Sweepstakes, and another handsome roan, CH OMEGA'S RED GRANITE, JH, Best of Opposite.

Mr. Howard Yost took on the task of sorting through the classes and found his Winners Dog in GOLDSTAR'S HOT ATTRACTION. Reserve went to SARADAC'S MICROBLAST.

FLASHFIRE'S ABSOLUTE ANIMATION stood out at Winners Bitch with Reserve going to GOLDSTAR'S LEADING LADY.

The Best of Breed line-up was formidable but CH TONAN-HOPE'S R U KIDDIN' ME was up to the challenge and ultimately went on to the group as the representative of the Breed. Best of Winners was GOLDSTARS HOT ATTRACTION, and Best of Opposite was CH TRIUMPHANT'S

ABSOLUTE LIBERTY OF KINSHIP OA NA. Select ribbons were awarded to CH TRIUMPHANT'S ABSOLUTE EVEL and GCH TRIUMPHANT'S SAVIOUR MACHINE.

The Gun Dog class entry was J & A'S HIGH CALIBER HARRIS SPECIAL.

Thank you to all the exhibitors who continue to support this specialty. And special thanks to Becky Rao and Isle of Dogs for sponsorship.

WESTERN MICHIGAN

Ionia, MI

April 1, 2011

Our Spring specialty show was held on April 1, 2011 and that was no April Fool's Joke. The rain and bad weather held off in order to unleash itself on the field trial the following two days.

Our judge was Mr. Rick Gschwender from Oxford, Michigan. We had 34 dogs entered with 32 actually on site. The quality of the dogs overall was very good for a small specialty on a Friday night and we managed to pull off four point majors in both dogs and bitches. Our Best of Breed class was excellent and any of the entries could have garnered that top spot.

Best of Breed was CH Tonan-Rao Kept In Suspense owned by Kathryn and Dick Lipski of Conklin, Michigan, shown by Kathryn. Best of Winners was Kala's Time After Time bred, owned and handled by Kassandra Hamaker of Marshall, Michigan. Best of Opposite Sex was CH Wincrest Copley Can Do One Grand Love owned and handled by Barbara and Tim Dayton of Marion, Indiana. The Select Dog was

CH/AFC FlashFire's Bang-A-Gong and the Select Bitch was GCH/CH Marsport Rawlings Catch It On The Fly, RN. Last but certainly not

least, our dual dog award winner was Anchors Renegade Still N Suspense owned by Dick and Kathryn Lipski and bred by Diana Kubitz. Buddie garnered the dual award by winning winners dog in the specialty and winning AWD 1st and Open Derby 2nd in our weekend trial.

The show was preceded by a lovely chicken dinner with desserts being provided by WMBC members. We had lots of helps this year, but I want to make special mention of Tony and Nancy Morabito who helped us set up and Deb Smelt of Ontario who was also on hand for set up and assisted me through out the show. Mike and Donna Wilshire from Ontario helped with the cleanup, along with club members. I believe it shows the spirit of cooperation we have in our breed when people from other areas of the country always show up willing to help and bring items for the raffle. Our raffle helps meet expenses and all donations were very much appreciated.

Thank you to the club members who supported the show and showed up to help clean-up. The biggest thanks of all goes to my husband Gary who puts up with me and helps in all ways possible to make sure that our specialty is a success. Thanks also to everyone who continues to support our specialty and WMBC. We had many trophy donations and club donations this year and they will help keep the specialty in the black. Please visit Michigan next Spring and enjoy the specialty show and 10 days of field trialing in Michigan. Don't forget our fall specialty the day before the National Gun Dog Championship. I'd like to see lots of entries in the field trial classes this fall.

MEMBERS OF THE AMERICAN BRITTANY CLUB

Give the gift of a new membership... to give the opportunity to someone to learn about and participate in the American Brittany Club.

This membership campaign is really quite simple, we are asking every member to donate/sponsor a membership in the American Brittany Club. This "gifted" membership might be to a puppy purchaser, or a friend/acquaintance who has a Brittany. All of us encounter people who may just need a little encouragement to become members.

This can work, but it is totally dependent upon your support. Please use the ABC application form in the back of the magazine to enroll a new member today. You may donate/sponsor multiple new memberships. The names of new members & ABC sponsors will be published in the magazine on a quarterly basis.

THIS IS OUR CHANCE TO MAKE A DIFFERENCE!
