# The American Brittany

VOLUME LXIII • NUMBER 3 • MARCH 2011

### *Objective and Purpose:*

*To promote cooperation and friendship among the breeders and owners of Brittanyys and to encourage higher standards in breeding, training and showing of Brittanyys in the field and in the show ring; to discourage the breed from becoming split into groups of "field dogs" and "show dogs" and to strive to keep it forever a "dual dog".*

*Crab Orchard Duke*

*"Do It Yourself" Dog to National  
Champion pgs. 78 - 81*

With this summary of the field career of Crab Orchard Duke fresh in mind, some reflection on its significance for Brittany owners is in order. Duke had little formal training until he was well past two years old and had spent two hunting seasons before the gun. He was allowed to run to the limit and to learn to find birds in the most direct way--by finding birds over and over again and profiting by his own mistakes. Nothing was taken out of the dog before an ardent desire to find game and the knowledge of how to do it was built in.

Then when he had that solid foundation of experience, he broke easily and without loss of character. There was then little danger of Duke's becoming mechanical in his actions. On the average the Brittany is a sensitive dog, and too much discipline too soon can have its negative effects.

The complaint has been voiced, following recent national championships and futurities, that the Brittany is not running and hunting as it should, that it lacks desire, does not complete casts, and seem to tire too quickly.

All these criticisms add up to one thing--the dog is not greatly interested in hunting and finding birds. Lack of desire to hunt is too often interpreted, wrongly, as lack of stamina. Poor pattern is usually due to inadequate field experience under conditions that allow the dog to develop its own initiative and resourcefulness.

One corrective these faults is more time before the gun, especially before the dog is fully broken. Only the individual owner and trainer can make the decisions that will provide that remedy. Time of breaking is also individually established.

There is action that the American Brittany Club could take that would be beneficial. First, the age limit for derby competition could and should be raised to 30 months. Second, the futurities could be run in the late winter or early spring.

Such scheduling would give the young dog the advantage of an additional hunting season before futurity competition. Cover conditions are considerably better in late winter (at least at Crab Orchard), and the buck deer are not so bold. A later futurity would result in less damage to dogs from efforts at breaking them before they are psychologically ready for such discipline.

My own conclusion, after following last

year's (the 1963) futurity, was that fully half the dogs entered were not ready for such competition. For the good of the breed they should have been somewhere else on the day they were run. Perhaps some of those that showed poorly would have been acceptable three months later.

The Brittany simply is not a pointer, so why should we put it on a time schedule that obviously is not suited to its physical and psychological development, no matter how appropriate it may be for other breeds.

In short, more actual hunting, an individual owner/trainer responsibility, and less pressure to get the dog derby broken before it is two years old, an individual and an American Brittany Club responsibility, might well correct some of the Brittany faults we are all uncomfortable about.

But let's get back to Crab Orchard Duke. In addition to valuable field experience, he has also had the benefit of daily contact with his owner-handler. The Brittany thrives on attention and affection. Ray Trimble's pride and fondness for Duke a quickly apparent to any observer, even through Ray's quiet and modest manner.

He summed it all up in a recent letter to this writer in this magnificent understatement: "To put it bluntly, I'm pretty proud of this old boy." Ray and Duke have bunked together in the Trimble's station wagon on several occasions, and according to Ray, he has enjoyed them. All. Probably Duke has too.

The training routine that brought Duke to his present greatness may be of interest to both amateur and professional handlers. There was little emphasis on yard training in his earlier days except for force breaking to retrieve.

Duke is thoroughly conditioned before hunting and competition, and this attention has paid off in physical soundness and freedom from disease. Late summer finds him roading behind Ray's car, or on a leash in the cooler evenings. Backyard play and exercise help make him fit. When cooler days come he is worked in the field from foot three or four times a week, for from 45 minutes to an hour each session.

Duke is generally worked in typical quail country or Missouri and Southern Illinois, but is taken occasionally to the central Illinois cornfields for work on pheasant. Ray attempts always to keep Duke steady to wing and shot while hunting. "Duke knows," Ray said, "when we are hunting and when we are field trialing." It should be added that he knows both very well.

This then is Crab Orchard Duke--a lot of natural talent with all the pieces put together

by the kind of amateur that is the mainstay of Brittany trialing. Hunted early and often, broken only when the time was ripe, and achieving greatness at the age of six, Duke has a lot to teach some of us about the Brittany breed. Are we wise enough to learn?

Be that as it may, it will be wise to keep an eye on Crab Orchard Duke on the circuit and in the national open championship stake next fall. Perhaps Ray Trimble will again not find it hard to keep that smile on his face when the results are announced in the Crab Orchard clubhouse in December.

(Reprinted from the American Brittany, Nov., 1964)

End note: (by Dr. David) The reader should keep in mind that this piece was written 30 years ago. As he edits it in 1995, however, the writer finds that one of his basic views have changed. Either he is altogether right or quite pig headed and wrong in both instances.

End note: (by Mary Jo Trimble) My last conversation this year which is another 15 years later, shows that Dr. David still maintains his opinions. Ray's training methods have been more limited by lack of places to hunt the dogs in Illinois. Yet, his exercise regimen has remained the same as he still does very little yard training but roads his dogs every other day and sends them to summer camp in July & August. He is blessed with native quail in the section of land where he roads the dogs so they do learn some of those basic hunting techniques from horseback and the roading harness. The run is bred into them and is brought out during the summer training sessions. Sometimes, it comes slowly as the dogs mature at different times, but neither run nor steady to wing and shot is rushed. Duke's line continued on with Crab Orchard Jet who won the NAFC at Rend Lake in 1986. Ray has also placed three other dogs in National Championship Stakes using the same training procedure which has continued to be successful for him some 50 + years later.

*(To be continued next month.)*

| ONE FREE PICTURE PER AD, each additional.         | \$10  | \$10          |
| Color Reports: Rate \$150 per colored page.       |       |               |

**Payment must accompany all advertising orders.**

*MasterCard and Visa accepted.*

**10% Discount for 6 months paid in advance on all display ads  
25% Discount for 12 months paid in advance on all display ads**

**Pictures:** New pictures \$10 each. Photos should be sharp black & white or color, high resolution digital preferred (no smaller than 4" x 6"). Photos will be returned if return postage is enclosed; all other photographs will remain on file. No retouched photos will be published. Pictures will be reused at the discretion of the Editor, free of charge. Policy is to try to use picture of each dog once during a trial season.

**Field Trial/Specialty Show/Hunt Test Reports:** Reports and \$2.00 per starter should be sent within 10 days to **Secretary Mary Jo Trimble**. Reports published in the order they are received. Electronic reports are suggested in .doc, .rtf or .txt format. **Show:** BOB picture free, additional photos \$10 each, all photos paid for are kept on file for future use at the discretion of the Editor. **No report held more than 2 months for pictures. Reports that are not legible may be returned. Publisher is not responsible for errors in illegible reports.**

**Articles:** Specially written articles as contributions are desired.

**Electronic/Digital File Submissions:** A complete listing is available to download online at <http://ckubs.akc.org/brit>. Call and/or e-mail the Publisher for more information.

\*OFA Certificate number **MUST** accompany all copy (or be on file with the AMERICAN BRITTANY magazine). All ads for Stud Dogs or Dogs For Sale must show OFA status if over 2 years of age. Ads for puppies or dogs under 2 years of age must show the OFA status of both parents if known. The American Brittany Club assumes no responsibility for the truthfulness of claims by its advertisers. We reserve the right to edit for space considerations on all submissions.

# The Chicken or the Egg - which did more damage with salmonella poisoning?

When you get to the Pearly Gate of Heaven, don't forget to look down to the base for the Doggie Door because all dogs go to Heaven.

If you read the last Solid Gold ad explaining the damage that GMO (not God Move Over) but genetically modified organism did to chickens/ eggs and crops, then you know that there are far-reaching consequences. 90% of all corn has been Genetically Modified to be unable to reproduce (called Terminator Corn). This forced farmers to buy new corn every year rather than saving this year's seeds to plant next year.

This Terminator Corn was fed to some chickens in the mid-west, it weakened their immune systems. Their eggs became infected with salmonella poisoning and the eggs were recalled. Soon after, the chickens died of salmonella poison. The farmers ground up the chickens and sold them to some dog food companies.

Solid Gold has never had a chicken-based dry dog food. A few years ago, we were going to put one out. But then came the bird/avian flu and chicken-based foods were pulled off the shelves. Solid Gold waited for years for safety reasons. In the spring of 2010, Solid Gold Sundancer chicken-based dog food was being developed. Suddenly, the news warned that chicken-based dry dog foods were pulled off the shelves due to chicken salmonella poisoning. Two well-known American dog foods were banned worldwide.

Then, things got worse. Some mills didn't clean out their machines after they made the chicken-based dog foods. So when the venison, duck or rabbit food became cross-contaminated with salmonella, dogs got sick. They were told to clean out their warehouses and ran big sales to get rid of the food quickly. They couldn't tell which were contaminated and which were not.

If you had a dirty pot in your kitchen, you wouldn't put food into it until you cleaned it out. But some dog food companies did just that.

History – In 1975, Solid Gold produced the first natural dog food in the U.S., Solid Gold Hund-N-Flocken (lamb & fish). It had been a top seller in Germany for 20 years. Then, other dog foods copied us.

In 1985, Solid Gold produced the first holistic dog food in the U.S. Fish is the only source of protein at 18%. It is called Holistique Blendz and it is suitable for older dogs and dogs with a white coat, who do well on reduced protein due to photo-aging. Other dog food companies copied us.

In 2000, we produced the first bison and salmon dog food – Wolf King, Wolf Cub and Just a Wee Bit for the smaller dog. We used only hook and line caught wild salmon. If small salmon were caught, they were thrown back.

Other companies copied us. But they used big nets. Soon, Alaskan wild caught salmon were fished out. We were told that only farmed salmon was now available. We said "NEVER." Farmed salmon are fed GMO Terminator Corn. The corn can't reproduce. The salmon which were fed this, are sterile and cannot reproduce. The dogs fed this salmon also may not be able to reproduce. That was the end of wild caught Alaskan Salmon.

A lady who raises Pomeranians said that for the last two years, she had not been able to get any litters. She had fed a salmon based dog food, which was fed GMO corn.

Solid Gold now gets its fish from the cold-waters of the East Coast- nothing farmed. (Atlantic salmon oil)

Some poultry farms sold the chicken manure to farmers. Within a few months, cilantro and celery from these farms were recalled for salmonella poisoning. Some dairy farms bought the chicken manure for their pastures. The cows developed pus in their udders, developed cancer tumors and died young.

Whenever Solid Gold feels that chicken is safe to use, you will see our sparkling purple Sundancer bags. We are also introducing Chia/Salba ingredients into the food. Chia is called the Ancient Grain of the Future. Chia is frequently seen as a clay head with green grasses growing out of it. But it is much more than a decoration. Chia has the ability for endurance, and when mixed with water, it heals wounds. It helps with diabetes, epilepsy, heart conditions and bone and joint problems.

Solid Gold uses hermetically sealed/vacuumed packaged bags, so we don't use any chemical preservatives. After you open the bag, close it with a clothes pins or bag clips. Do not pour the contents out into another container. Pouring exposes it to air.

Solid Gold is the best pet food you can feed your dog. Look for Sundancer this spring. To receive a free catalogue and a list of stores near you, call (619)258-7356, M, W, F 10am to 5pm, California time.

### **NOW FOR A CUTE STORY**

Farmer Jones was the most negative man in the world. Farmer Smith was his next door neighbor and a very happy fellow. "Ain't a beautiful day?" Farmer Smith would smile

"Huh!" replied Farmer Jones "If it don't rain soon, the corns going to burn"

Next day: Ain't it nice it's raining? asks Farmer Smith,

"Huh! If it don't stop soon the corn's going to drown" replied Farmer Jones.

One thing the two had in common was their love of duck hunting. They would compete vigorously every day and took pride in their hunting dogs. Yes, every year Farmer Jones proved to be the best man with the best dogs.

Then, one year, Farmer Smith got the best hunting dog he had ever come across. "Just wait until Farmer Jones sees this-he's gotta say something positive." And so they went duck hunting. As luck would have it, a flock of ducks flew overhead, Farmer Smith took a shot and a duck dropped right in the middle of the pond. "Watch this." he grinned at Farmer Jones. "Dawg-go get that duck" he ordered his new dog. The dog ran nimbly to the edge of the pond, and without breaking stride, walked on top of the water, picked the duck up, walked back to shore and deposited the duck at Farmer Smith's feet, with not a feather out of place. "Well" smiled Farmer Smith "What do you think of my new dog?"

"Huh!" answered Farmer Jones "dumb dog can't even swim."

Solid Gold is the only dog food company that is a member of the Organic Trade Association, the American Nutraceutical Association, the Medicinal Food Association, Nutraceutical Foods Association and the Life Extension Association.

# 2010 American Brittany Club Membership Meeting

**Mary Jo Trimble, Executive Secretary**

The 2010 Membership Meeting of the American Brittany Club was called to order by President Hank Hartnek following Thanksgiving Dinner at the Club House of the Blue Mountain Recreation Area, Booneville, Arkansas.

The President introduced 1st Vice President and National Field Trial Chairman Tom White who gave the welcome to the large crowd in attendance.

Executive Secretary Mary Jo Trimble gave the invocation followed by the Necrology Report of members and friends who had passed away since the last meeting in 2009.

The ABC was hard hit this year with the passing of many of the club's stalwarts. Names reported to the Secretary were: Bettye Wells, SAH, AZ, one time ABC Secretary in May; Don Stillwell of TX; Fritz Moorehouse, NJ; Helen Bottiglione of NJ; Don Lloyd, nationally known GSP field trialer

and Brittany judge from Olathe, KS in June; Barbara Both, LAS, IL in Oct.; Beverly Millette, GEM, CA in July; Bill Gowin, IN, age 93, in Oct.; MO BC President Harold Green's 28 year old daughter, in FL, in Dec.; John Jenkins, SCV, in Feb.; Judy Sheridan, MI, in July; Ben Nishimoto, CA, had the Magnum dogs, in Nov. 09; Julie Gleash, daughter of Jim and Peg Gleash, Pine Island area, in August; Margaret Whitehead, KY, in Feb.; Loyd Budd, professional Brittany trainer, LS, MV, ABC and BFTHOF Member in Sept.; Frank Chesky, LAS, in May; Velma Tiedeman, former ABC Secretary/Executive Secretary, ABC & BFTHOF Member, NE, in June; Jerry Eastland, MW area, in Mar. ; John Ray, CO, setters; Ron Curtis, MVL, ABC HOF member in Oct.; Doug Birchfield, OZ, formerly LAS, ABC Life Member in May; Evert Davis, MO, ABC Life Member, won Nat Amateur Championship in 1990 with Sir Duke Mustachio, in Oct.

Mary Jo would appreciate notification and some personal comments when your club members pass away so that we may remember them and their association with the ABC at the Nationals during the Membership Meeting and in the list for publication in the magazine. These people have touched many lives, and we honor their friendship and service.

President Hartnek introduced Officers and Directors present at the meeting. He then introduced Life Members in attendance. Those Life Members present were: Ray Trimble, Francis Clasen, Janet Chase, and Mary Jo Trimble.

ABC Hall of Fame members in attendance were: Ray Trimble, Mary Jo Trimble, Janet Chase, Francis Clasen, Wade Haines, and Dave Lincoln.

There were no first time attendees at the meeting this year.

Special Thank You was given to the Buttons for their excellent Thanksgiving Dinner and food service throughout the Nationals.

Jim Chase reported on the progress of the new wing at the National Bird Dog Museum in Grand Junction, TN. He invited people to attend the ceremonies on February 12, 2011, to honor new inductees Warren Montgomery & Bobby & Barb Youngs' Home Acres All Spice.

Andrea Jordon-Lane accepts the HOF award for Ch Jordean All Kiddin' Aside JH from ABC Secretary Mary Jo Trimble.

"Bo" Ackerman accepts the HOF Award for James and Betty Doherty's dog NFC/FC/AFC Hi Proof Rum Runner, 2009 inductee.

Leslie Andreas receives Life Member Award from Pres. Hartnek.

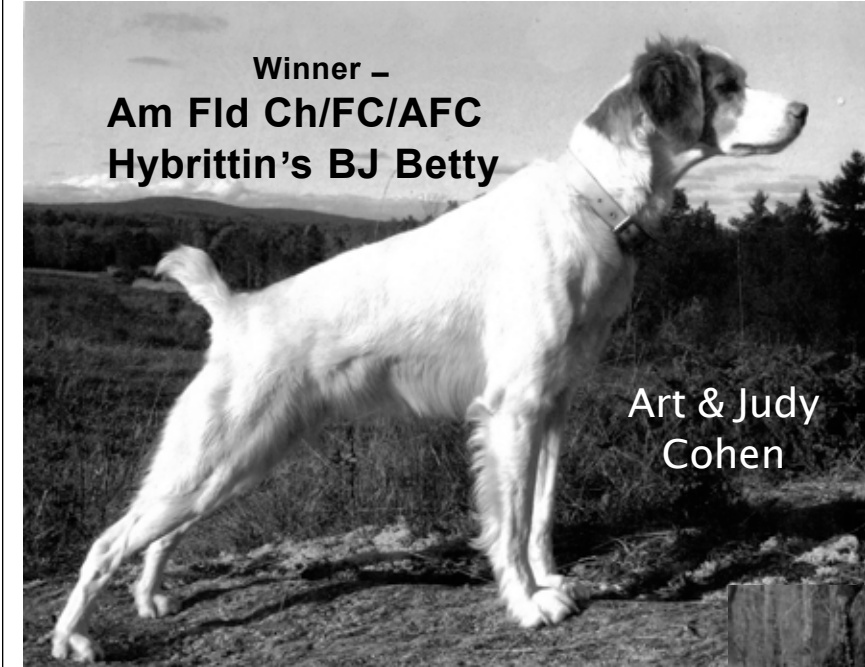

President Hartnek awarded the 2009 Hall of Fame Plaques to both Dogs and Distinguished Members. He announced that due to the illness of Ron Curtis at the time of his election, his plaque was sent to him at that time and presented by friends in his home club so that he could enjoy the honor. Ron passed away in June. Bo Ackerman accepted the plaque for NFC/FC/AFC Hi Proof Rum Runner, owned by James & Betty Doherty. Andrea Jordon Lane could not be present at the Membership Meeting but was in attendance earlier in the week and received the plaque for CH Jordean All Kiddin' Aside, JH from Executive Secretary Trimble in front of the crowd at the party held in honor of last years National Amateur Championship.

There was one Life Member elected in 2009: Leslie Andreas. She was introduced and presented with the Life Member Award.

Write-ups of the 2008, 2009 Dog & People Hall of Fame and Life Members were published in the November 2010 issue of The American Brittany magazine.

Secretary Trimble announced the results of the Directors' Election. Those elected for 3 year terms beginning January 2011 were: East Coast Ray Gorman, East Central Bo Ackerman, Central Steve Ralph, Midwest Mary Karbiner, and West Coast Susan Kerns.

Following the announcement of the Directors' Election, the meeting was open for comments from the floor. No comments were forthcoming and the meeting was adjourned.

# 2010 Purina All Age Dog of the Year Award

by Dr. Robert A. Rankin, MD

## DC/AFC Ru-Jem's A Touch of Bourbon

Purina Award on Saturday night. Ruth McGee, Roy Pelton (Purina Rep), Jerry McGee & two time Purina Award Winner "Chug", Ross Young (artist), Bob Rankin (Purina Award Coordinator).

The 2010 Purina Award Winner was DC/AFC Ru-Jem's A Touch Of Bourbon owned by Ruth & Jerry McGee and handled by Jerry McGee. Chug is out of Mo-Kan Bimbo by Bourbon XIII. He is now the first dog to win this award two years in a row and he did it in an impressive fashion by placing in 15 of the 43 qualifying stakes that were run. Important wins included the International Championship, Michigan Championship, Jim Holman Classic & Dixieland Championship.

The 2010 Award was presented at the Blue Mountain Club House Saturday after Thanksgiving. Roy Pelton was on hand representing Purina and Ross Young came down from Missouri to present the painting of Chug for last year's win. We're privileged to have had him paint the winners since the inception of this Award in 1986. Well over 120 people were on hand for the presentation and a good time was had by all. The following is the list of all the point earners

| Points | Dogs Name                   | Owner             | Handler         |
|--------|-----------------------------|-------------------|-----------------|

## 2010 American Brittany Nationals

The crowd at the National Auction on Saturday night.

# 2010 NATIONAL OPEN BRITTANY CHAMPIONSHIP

DC/AFC Ru-Jem's A Touch Of Bourbon Captures Crown

By Mary Karbiner

The 2010 National Brittany Open Championship commenced Monday, November 30th at Blue Mountain WMA, Booneville, Arkansas. There were forty eight dogs drawn with all going to the line. From this field a familiar name was announced as the new Champion and the look on Jerry's face was priceless.

DC/AFC Ru-Jem's A Touch Of Bourbon has amassed many hour placements being owner- handled. He was this years Purina All Age Dog of the Year - for the second time! We congratulated Jerry, Ruth and Chug Saturday evening at a cocktail party hosted by Purina in honor of this award. Field Rep. Roy Pelton was on hand to share the news. Ross Young again, will be doing a portrait of Chug.

Chug is a seven year old white and orange male sired by DC Bourbon XIII by FC Mo Kan Bimbo. He ran on course two in the twenty third brace with one limb find and a race that covered the country, having an easy ground gait.

Runner-up was FC Cedar Valley Bandit who is owned by David Webb of Pennsylvania and handled by Tom Tracy of Virginia. Bandit is a five year old white and orange male out of FC Ortho Acres Booker-T by Flying Feathers Cocoabean. He had two finds and an unproductive with speed on the ground.

FC Grand Junction Jake was the third placed dog. Jake is owned by Richard and Carol Pulliam of Tennessee. His sire is NFC/DC/AFC Gambler's Ace In The Hole by FC Auten's Meg-netic Field. He is a seven year old orange and white male. Jake had one solid find and a purposeful ground eating race for his handler Chad Holman of Illinois.

Fourth place went to DC/AFC Megasmoke Limited Edition. Ted ran in the seventeenth brace carding one stylish find using the country. He is a six year old male with orange and white markings. He is owner- handled by Tom White and Margaret Horstmeyer of California. Ted is sired by DC/AFC Redline's Tequila Smoker and NFC/DC/AFC Microchips of Nutmeg.

All the placing dogs ran on course two where there was ample bird work. In the pedigrees of these dogs of the sire's there is one NFC/DC/AFC, two DC/AFC's and one FC. On the dam's side: one NFC/DC/AFC, two FC's with multiple grandparents being dual champions. - Winning Begets Winning -

For the two weeks that people attend the National Open and Amateur All Age Championships there are meetings, programs, gatherings and dinners where one can renew friendships from across the country.

The Open Championship was kicked off Sunday evening with dinner and a Calcutta. Tuesday was the party for last years' Open Champion Primetime Outlaw Johnny aka "Cash" who was purchased days before the championship last year by Herb Rea of Kansas. The meal was delicious and the band was enjoyed through out the theme of "the man in black". Herb and his crew did an outstanding job to entertain us.

The food service comes under the watchful eye of Ron and Judi Button. They have served dog groups here in the past. Hearty fare with a healthful twist was available for participants. We thank them for their delicious meals.

All of this activity is conducted by various committees and their chairpersons. Those people are to be congratulated on a slate of activities to interest most everyone. National Field Trial Chairman Tom White of

California lead his crew and delegated duties that covered everything in the field but the weather - then that goes to plan B. On the first day of the Open Championship we had rain almost all day but then sunny skies prevailed the rest of the stake.

National Open All Age Judges on Horseback:  
Bill Stubblefield, Harold Davis, Ken Chenoweth

The judges this year were Harold Davis of Pooleville, Texas. The returning judge was Bill Stubblefield of Paragould, Arkansas. The third advertised judge had to cancel for medical reasons and Ken Chenoweth of Fairgrove, Missouri stepped in at the last minute. These gentlemen have years of experience handling, training and judging most all breeds of pointing dogs. They knew what they were looking for in each performance. We thank them for their attention.

Our longtime sponsor Nestle-Purina has our gratitude for continued support of bird dog events. Purina is one of the world's largest manufacturers of pet foods. Their product research is ongoing. They have supplied product and monetary support for performance events for many years.

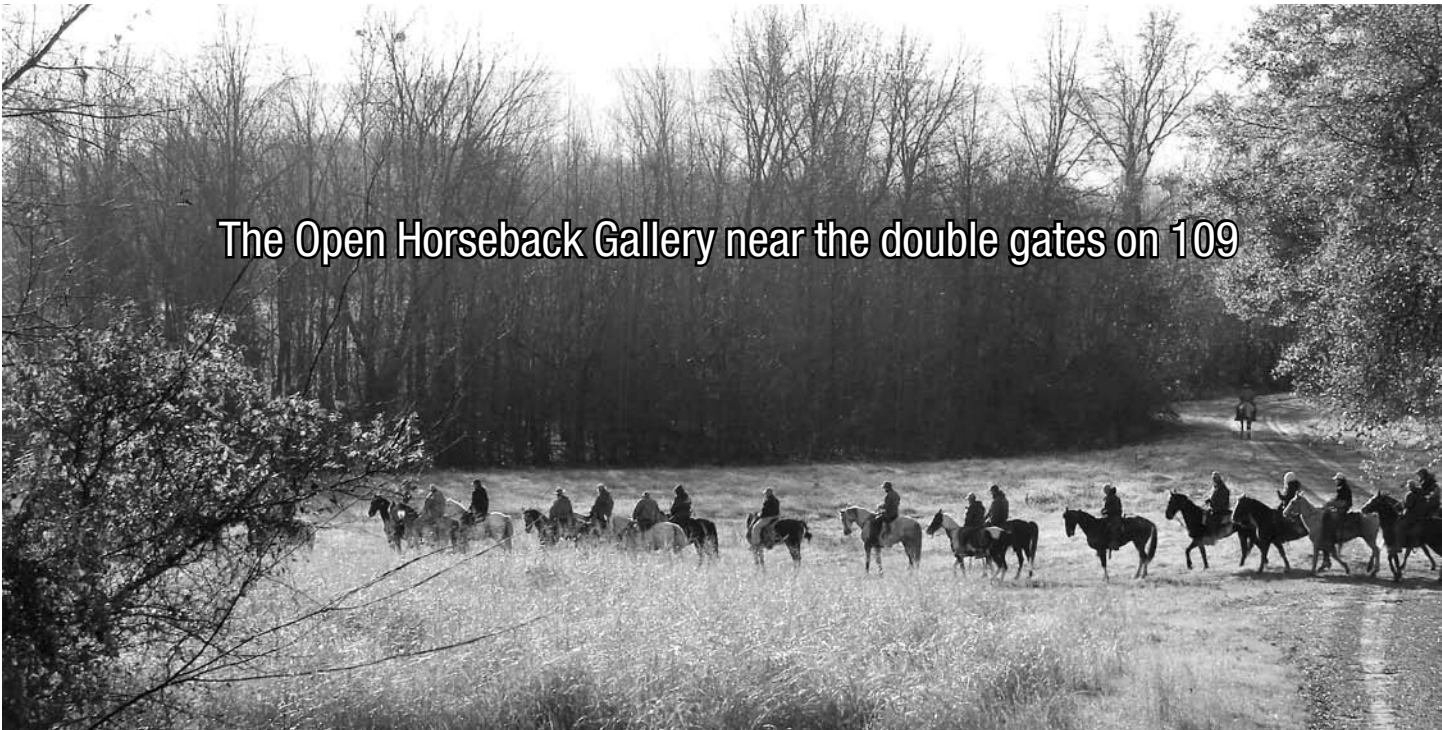

Tri-Tronics is another generous sponsor of this event. They manufacture electric training equipment for a variety of uses. They continue to develop newer and innovative ideas for training. We thank these sponsors for their continued support.

The Blue Mountain WRA has undergone many changes and updates since the 80's when we first held an event here. Larry McAnally and Red Bailey have been the stalwart planners for these grounds. We appreciate their attention to the grooming, feed strips, brush clearing and mowing. As dog wagon drivers they stopped where the gallery would have the best views.

The town of Booneville always welcomes "dog people". They show their appreciation with hugs and big smiles when you enter their businesses.

## The Running:

Overcast skies with scattered showers with some thunder and lightning headed our way. BLACK CREEK DEACON, Holman and DAKOTA ALLEY CAT, Tracy. Temperature was in the upper 50's. At 6' point was called for Deacon. He stood high and tight at the edge of a sumac finger. Birds were flushed with all in order. Showers continued with more lightning being spotted in the area. At 37' the decision was made to suspend

## The Open Horseback Gallery near the double gates on 109

running until the storm passed. We waited about 20 minutes for clearer skies. Tiger and Deacon made some nice moves during their time on the ground. Tiger did not have any game contact. Deacon finished the hour forward along the river.

TLM COMANCHE CHIEF, Murphy and TSUNAMI, Johnson. Showers stayed with us all through the morning. Chief started slow as Sue moved smartly forward. We crossed old 109 and on our right Chief had a find in a motte. We went into the horseshoe and Sue was out of pocket. Chief finished at moderate range just past the bridge. The tracker had been called for Sue.

HI PROOF WHIZKI, Dye and TERRA'S CABO WABO, White. Both dogs were jet propelled from the start making reaching casts. The string broke at 25' for Whiz when the tracker was called for. Sam was out of pocket before gas well hill and the tracker was called at 35' for him.

HI POINT'S BET'N HE'LL ROCK, Holman and EARLY TIMES, Tracy. Both dogs pointed in nearby areas at 6'. Each was relocated but no game was found. Rocky was out of pocket at Lick Creek and not returned to judgment. Earl had another barren stand and was leashed.

KINWASHKLY DAKOTA MOLESTER, John and KINWASHKLY ROSCIUS ZOOMER, Norman. Both dogs started strong using the edges. At 7' along the road, each dog pointed into the brush. Zoomer moved up just before the flush and Lester took steps at the flush and was leashed. Zoomer had an unproductive at 50' just before the old 109 crossing. He finished the hour in the Parrish field.

OAK HILL'S TIME TO BURN, Holman and MTB EMME'S CABO DE SCIPIO, White. The rain had stopped and the sun peeked through. Both dogs started strong on the ground using the country, being out of pocket from time to time. Cabo didn't make the turn at the small horseshoe before the bridge and was not returned to judgment. At 43' Burnie pointed in the first tree line after we crossed the bridge. Birds were flushed with all in order. At 48' he again pointed along the brush line. Handler asked if the judges saw the first bird then another one flushed and Burnie wanted a closer look

**Posted Dogs Day One:** BLACK CREEK DEACON and TLM COMANCHE CHIEF.

WIMBERLEY JIMDANDY, Johnson and JOKERS JACKPOT, John. The day began with welcomed sunshine and moderate winds. Both dogs were forward off the breakaway, making swings using the edges. Dandy was out of pocket at the big meadow and not returned to judgment. Jack made some nice moves handling kindly. He was birdless in the hour.

FC GRAND JUNCTION JAKE, Holman and CEDAR VALLEY BANDIT, Tracy. Into the cold wind on course two. Both dogs took the right edge and along the woods line, across the dam and through the cut. Point was called for Bandit. He stood on our right along the woods edge. Handler made quick work of the flush and fired over the dog. At 16' Jake stood in the brushy cover along old 109. Handler flushed a nice sized covey as the dog stood staunchly. At 23' on the left of the track in the long brushy motte Bandit again pointed. He was relocated many times before a covey was put to flight deeper in to the brush. Jake made some wide swings using the edges of the course. Bandit had an unproductive at 43' He was with the handler heading to the front as his hour ended. Jake's cast before time was across the field along the woods line.

TLM FREQUENT FLYER, Milam and ELEETS COLORADO BLUE, Stonehouse. This pair decided to go to the right at the bridge breakaway. All the way down the river's edge where the scouts were dispatched. The dogs showed at the next road crossing. At 9' Jack had gone left to right across the front of us. He pointed at the edge of the mowed field. Nothing was produced. Catching the front, he pointed again, nothing was found and he was leashed. We caught the front at the pavilion and Blue had not returned to judgment to end the brace.

BRISCO'S MR STUB, Trimble and MAXWELL'S GUN SMOKE, Patterson. The sky was overcast and wind a bit stronger before lunch. This pair went looking for birds, using the country. Pete had a find at 5' off to our right as we made the turn. A nice covey was flushed with stylish manners. At 11' Stub was going forward and spun and pointed off the edge of the path. A short flushing attempt got the birds in the air while he watched intently. At 16' Stub pointed at the edge of a motte with pines and vines. Birds were flushed with good manners. He had another find at 29'. Pete had a find at 31' on our right, along a brushy edge. He stood rock solid through flush and shot. Stub made some good moves as he flew to the front. Both dogs showed to the front before the corner gate. Stub went left along the

National FT Chairman Tom White recognizes Mary Karbinger as reporter for the National Championship.

old fence line where he pointed at 41'. Again, birds were flushed with all in order. Pete continued to show forward using the edges. At 57' Stub pointed at the edge of the old feed plot just before the bridge. Handler did a thorough search but could not produce any game. He elected to collar the dog and headed for the bridge to end the hour.

ODYSSEY'S ACE OF HEARTS, Holman and SHADOW ATTACK, Tillson. We left the bridge headed into the wind. Both dogs began searching the country. Through the old fence line and to the woods edge where the handler called point for Tack. A viney tangle had the handler working hard to flush. He relocated Tack and the judge followed. A lengthy relocation followed. Tack suffered an accident and was brought out of the cover. It appeared to be a serious injury taking him out of competition. We went forward and caught the gallery. Ace was on a relocation, searching the area carefully but without success. We were almost out of the horseshoe when Ace ducked behind a viney tangle. He stood as a nice sized covey flushed in front of him. He was fired over and taken on. His race was lateral at times but using the edges of the course. Out of the horseshoe and forward Ace moved along the edge of the big woods. He pointed at the edge of the mowed area. A very large covey was flushed with all in order. He finished the hour being sent across the last meadow before the bridge.

UNCLE KRACKER, Tracy and PRIMETIME OUTLAW JOHNNY, Kalina. The sun has been shining since early this afternoon helping to dry the soaked ground from yesterday. Both dogs were wide and wild, each needing to be scouted. At 46' point was called by the handler as Kracker stood at the end of a long tree line. Handler said that he had birds but none were sighted by the officials. Both dogs finished passed the beaver dam and forward along the bottom near the river. Cash did not have birds in his hour.

**Posted Dogs Day Two:** Previous two dogs off. Added were GRAND JUNCTION JAKE, CEDAR VALLEY BANDIT, BRISCO'S MR. STUB and MAXWELL'S GUN SMOKE.

MTB CABO RITA DE SCIPIO, White and TJ'S PRAIRIE BLIZZARD, Tillson. Temperatures in the upper 20's with frost on the ground. No wind like there was yesterday. Both dogs went forward off the breakaway. Blizzard was the wider of the pair being out of pocket from time to time but showing when necessary. Rita made some good moves using the edges, handling more kindly. At 58' point was called by the handler as Rita stood at the edge of a briar tangle. Handler was creative in his flushing attempt and Rita stood nicely through flush and shot. Blizzard did not have bird contact during the hour.

RICOCHET'S CHANTILLY, Burchett and TRADEMARK'S ICEMAN, Holman. The sun has melted some of the frost off the grass in the open areas. Both dogs made some strong moves early. Timmy was wider of the pair. Tilly settled in to a hunting mode. AT 46' she pointed along old 109. Handler flushed birds and she wanted a closer look. Timmy was out of pocket back in the horseshoe and brought to the front at 47'. He had slowed to moderate range to end the hour.

BLUERIDGE WAYSIDE RUNNER, Downing and TM'S TENNESSEE TWISTER, L. Pollock. Blue was wide off the breakaway. He was out of pocket at the old coral. Sway handled the cover nicely. We crossed the creek on number three course where the handler rode up a covey in the tall grass. About 100 yards forward Sway pointed in the next meadow. Handler flushed a single from the tall grass, fired and the rest of the covey boiled out heading for cover. Blue had not returned to judgment at the creek crossing. We came off gas well hill and Sway was seen behind a deer at 38' being returned at 45'. We headed toward the beaver dam where she went to the right. She was not returned to judgment into the grace period.

TJ'S THUNDER, John and JUSTAS WELL BE THE GUNNER, Kalina. Both dogs were hitting the cover. At 14' where we make a right turn along the blacktop, Gunner knocked a covey of birds and was leashed. At 30' Thunder moved to the left of the path as the handler called point. Birds lifted and flew around the corner of the brush with Thunder in pursuit at 30'.

TRADEMARK'S ATM, Holman and MEGASMOKE LIMITED EDITION, White. This pair was wide at the start, each having to be scouted. At 21' point was called for Cash in the briar tangle just before the bridge. Handler relocated Cash but nothing could be produced. We crossed the bridge at 23'. Cash made the dam crossing and was out of pocket. Ted came off the Ribblin Knoll ridge and through the woods on our right. He headed toward the river. He turned left along old 109. At 43' he pointed in an old feed patch. Handler flushed a nice size covey from the brush near the road. Ted's manners were rock solid through all. At 45' the tracker was called for Cash. Ted made a long cast up 109 where the handler rode to retrieve him. Ted came forward in the Parrish field. Time was called just before the entrance to the big horseshoe on course two.

ADIOS SHAQ ATTACK, Tracy and BOUDREAUX'S POKI JJ JOHNSON, Johnson. On course two we rode to the open area just before the gas well in the big horseshoe. Both dogs hit the woods edge and around. They traveled across the Parrish Field toward the woods. Into the little horseshoe Shaq had a nice find on our left at the edge of the thicket. He

The Party Hosts for the 2009 National Champion FC Primetime Outlaw Johnny's party were handler Justin Kalina & owner Herb Rea who welcomed guest Robin Tomasi to the festivities.

was stylish through flush and shot. Jay pointed at the edge of the big woods. He was relocated several times in the briar tangles but nothing was produced. Shaq headed left on course two instead of toward the bridge, a lengthy retrieve ensued. We crossed the bridge to course three. Jay dug into the cover causing him to be lateral in application. At 52' he pointed in tall weeds but nothing could be produced and he was leashed. Shaq was leashed before the end of the hour.

**Posted Dogs Day Three:** Off-BRISCO'S MR. STUB. Added MEGASMOKE LIMITED EDITION.

SHAMROCK SIRIUS, Holman and JAKE ACRES IN DISQUISH, Gorrow. The sun was shining on the treetops at 7:30 AM. No breeze with frosty patches on the ground. At 10' Jake pointed at the edge of a small motte on our right just before the first little creek crossing. Birds were flushed with all in order. At 16' Si pointed at the edge of a mowed area. A covey was flushed from the tall grass. He was stylish throughout. Si was last seen across the big field. Jake dug into the cover causing him to be lateral at times. The tracker was called for Si at 40'. Jake continued to hunt the cover until the end of the hour.

DAKOTA LUKE, Kalina and RU-JEM'S FIST FULL OF DOLLARS, McGee. Sun has melted the frost and temperatures are warmer. Both dogs were forward across the dike where we last saw Dollar. Luke came around the woods and headed for 109. He would dig deep into the cover causing him to be lateral. The tracker was called for Dollar at 25'. Luke was up at 45' having a hard time maintaining the front.

CAROLINA SEA BISCUIT, Johnson and WINDY HILL BEN, Burchett. We were just out of the big horseshoe in the Parrish field where we broke away on course two. Both dogs cast to the corner at 109 and beyond. Each had to be ridden for with Ben returning first. Biscuit dug into the cover causing him to be lateral. We crossed the bridge to course three. He had an unproductive at 55' at the left turn on gas well hill. Ben caught the front just before the hour ended.

LOST CREEK TIMBER RIDGE, Tillson and MAXWELL'S BLEW BY YOU II, Maxwell. This pair lined out right off the breakaway. Headed to the front and looking for birds. We crossed Lick Creek, then turned right. Handler rode well forward, then appeared on the far ridge calling point for Chuck at 21'. Judges rode forward quite a distance, where the handler showed his dog on point. A covey was flushed and he was fired over. Rowdy had been making some nice moves forward using the edges searching for game. We went through the zig-zag at the property corner then turned right. Birds were in the air and Chuck was pointed out by the handler at 40'. Handler flushed more birds from the old feed strip. Chuck was credited with a stop to flush. At 51' Rowdy pointed at the corner of the tall weed patch just before the bridge. A small covey was flushed as he remained mannerly throughout. He was sent forward along the river. Both dogs were forward along the tall weed strip. Rowdy stopped and pointed. Chuck did not acknowledge the point and was ordered up. Rowdy's handler searched the cover but no birds were found. He was collared out and sent on along the river to end the hour.

SANDY PINES CHASE THE WIND, Holman and RU-JEM'S A TOUCH OF BOURBON, McGee. We left from the bridge on course two under sunny skies and a light breeze. Both dogs were showing their heels. Chavy was making some wide swings being out of pocket from time to time. Chug moved along the woods edge to the front and was sighted atop the ridge crossing the path. We made the first old 109 crossing with both dogs working the field and the woods edge on our right. Chug crossed in front of us and went forward along old 109. Chavy headed toward the horseshoe. At 18' Chug spun and pointed along old 109. Judges rode

Jerry goes in to flush over "Chug" just north of the first road crossing at old 109 on course .

Jerry McGee fires over "Chug's" winning find as Judge Ken Chenoweth looks on.

quite a ways to the find. Chug stood rock solid as birds were flushed from the brush along the old road. His manners were in order through flush and shot. Chug was taken forward and entered the horseshoe. Chavy was out of pocket at this point. We started to make the turn midway in the big horseshoe and the tracker was called for Chavy at 30'. Chug headed for the cover and was out of pocket. He showed just before the exit to the Parrish field. Through the small horseshoe and around, he came forward through the field before the bridge. Chug finished the hour across the field at the bridge, traveling along the tree line.

T & W'S DIAMOND JIM, Kalina and TJ'S SINGLE SHOT OF SCIPIO, White. Away from the bridge on course three, Emme pointed at 2' on our right. She was relocated with no game produced. Forward, Jim pointed at the edge of a brushy tree line at 5'. Birds were flushed with all in order. Both dogs forward and at 11' Emme had a nice find along the tree line with all in order. At 18' just before Mario's Hill Emme pointed at the end of a tall weed strip. Extensive flushing could not produce any birds and she was leashed. Jim was out of pocket at gas well hill. He returned shortly and was sent ahead. He was out of pocket from time to time requiring some scouting. He finished the hour coming out of the beaver pond area. We rode to camp to await announcements.

# COLD WEATHER GROUSE HUNT

Some day when retired I hope to spend some of winter chasing quail in New Mexico or Arizona. Maybe Gil Hopper or Ron Auten will supply the topos to put me into the birds, for now I can only dream of big coveys and warmer weather.

Yesterday the temp started at -5 degrees and crawled up to 10 above. I had planned on starting by 9 am but scuttled that idea and picked up Pop and drove to the local coffee shop for conversation and a place to cool my heels until the temperature rose. We talked about the effect of all the gas drilling in the mountains due to the Marcellus shale exploitation. I have mixed feeling knowing that a mini production facility will be established over every square mile of forest. The dirt roads which were not much more than single lanes have been expanded into three lanes to provide access to the gas fields. The state has even encouraged the use of milling and cementing to stabilize the base of these roads. You can expect in years to come that these roads will be paved and become the new "Pinchot Roads" as the cry will be to get the rigs out of the mud instead of the farmers.

The good part of this activity means that thousands of miles of edge cover will be established over the course of the next thirty years. Each well needs to be connected to a main transmission line. These gathering lines tend to be 25 to 50 yards wide and the main transmission lines are even wider. Each production pad will provide about a five acre footprint. With the interspersal of hawthorns, china berry, alder and other food sources we may have opened the mountains of Pa for the beginnings of a major habitat restoration for grouse populations.

After dropping Pop off and loading the dogs (Rico and Chica), I headed for Grays Runs. This spot is no secret to the locals or even the down country (flatlanders). The steep mountain slope and vertical drainage sluices tend to shed the hills of most hunters. I tried this spot in early season but came up empty except for a couple of mountain bunnies and a short deer chase. But in the case of grouse, the birds filter in as the winter's icy grip pulls them off the mountain laurel ridges down to the mountain valley. The birds tend to roost along the stream among the hemlock groves or on the east slope in the shelter belt of pines the state planted in my youth. Since the hillside is on a 60 to 70 degree slope there tends to be bare spots under the occasional spruce or even steeper slope. China berry permeates the abandoned fields with clumps of aspen, gray dogwood berry and sumac completing the upland supermarket.

We have been lucky in north central Pa, in that we have escaped the major snow falls of the East Coast. While places like Hartford, Conn. have 40 plus inches of snow on the ground, we have a powder accumulation of no more than twelve inches with 6 inches coming this week. Rico doesn't seem to mind the cold or snow. He has been running stronger and harder than at any time in his career. He is down to 37 lbs and is running as hard at the end of two hours as he did when broke loose. Rico is not your typical grouse dog. He can cover an area of hillside that most hunters with dogs will cover in two passes. Wild and woolly describes his approach to grouse hunting. Today was no different, after putting on the Garmin and Tri-tonics collar

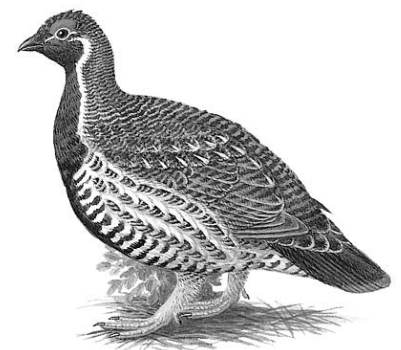

with the big Lion Country bell, I cut him loose. Breaking up the snow covered road, he cast off to the left across the stream, up the 30ft embankment and was gone up the mountain with the clang of his bell plotting his course. I pulled the Garmin to record the truck position and check the dog position mode. It was working and told the story of Rico moving forward at a range of 200 yards. Whistling him down he crossed the road and worked the right side at a closer range working the old rotting orchard behind the small hunting cabins lining this section of road. His bell went silent once as a bunny bolted down the bank and across the road. With an encouraging word he continued without me needing to climb up the ridge to release him. Ten minutes later his bell went silent above the old foundation guarding the entrance to the abandoned fields.

De Ja Vu, We had been in this position twice before, once this year and the last day of the season in 2009. Both times the bird had left beyond the crest of the hill as I approached coming up the hill behind the old foundation. This time I moved down the road and quartered up the hill with the crest of the hill in full view. Checking the Garmin showed Rico to be thirty yards up the hill below the crest. After this pause with my next step the partridge exploded from the snow, quartering right to left, with me mounting the double, swinging thru the bird, and crumpling him. Verbally releasing Rico with the command fetch, he tore up over the ridge and down into area that the bird fell and slammed on point. I moved down and gathered up the winged bird as it crept away.

For the next hour and a half we worked the hillside moving into the open woods and finally into the bowl of the upper overgrown meadow. Nothing was moved, no grouse tracks crossed until we moved across the road. Moving down the mountain on the west side of the hollow, it had to be 10 degrees colder and getting tired walking in snow that felt more like sand I came off the ridge and started hoofing it down the road. Rico continued working the power line above me, until his bell suddenly went silent. Pulling the Garmin confirmed him to be standing 150 yards above me. Normally I would climb that bank for that bird, but I was cold and damp and did the unforgivable sin of sending him on with both verbal and whistle commands. With the first clang of the bell he stopped, and then above me I saw the bird clear the hemlocks up on the ridge. Calling him down, we hunted down the road. When I reached the truck I could hear him up on the ridge still pushing forward; pulling the Garmin showed him to be 225 yds away and moving forward.

So ends this years  
grouse season.

# HUNTERS of the HEART

On a crisp December morning my hunting partner Joe and I were trailing two Brittansys as they worked the banks of an irrigation canal. The early sun was not doing much to offset a breeze flowing across the field from the north. Before Joey, the older of the two dogs could point, a rooster launched himself into the sky. I winged him and he dropped into high cover across the canal. Now what? Both dogs were whining and running back and forth until the younger one forged a way across. Joe gestured: both dogs were shoulder to shoulder, locked into steady points. I thought to myself, "We've got about thirty seconds, then they'll jump the bird."

Joe volunteered to walk several hundred

yards back to the road, cross over and back down to the dogs

while I did what I could

to steady them. The

minutes ticked by.

The wind blew.

I could see the

younger dog

shaking. Joe

finally reached

the road, crossed

over, and worked

his way along the

canal towards the

dogs. They hadn't

moved. More minutes

ticked by. "Come on,

Joe," I thought. "They

won't last much longer." Joe

approached them, the bird went up,

and it was over—fifteen minutes by my

watch from the time both dogs went on point.

Joey is ten years old. He spent the first three years of his life in a box behind a house in Pinole. Then his owners dumped him at the shelter in Martinez. He was two days away from euthanasia when we adopted him. His cringing and hiding under furniture the day we brought him home made it apparent his previous owners had abused him verbally and perhaps physically. Our first hunt was a disaster; he had an anxiety attack and had to be gently coaxed out of the Jeep into the field. He shied away from his first bird. Mike, the trainer at Blackpoint, surmised his owner must have overused the collar to the point Joey associated birds with being unmercifully shocked when he failed to perform perfectly.

Brady O'Brady is a different story. Abandoned on a rain-slick highway in Oroville at the age of five months, he ended

up at the Northwest SPCA after a car flattened his brother. No one claimed him for a week. We adopted him from a foster home as a companion to Joey, who had descended into a debilitating depression after our fifteen-year-old Brit passed on to another hunting field.

Unlike Joey, Brady was a blank slate. Full of mischievous energy and unbridled affection, he wormed his way into our hearts to the extent my wife Claire refused to let me take him hunting. "What if he gets shot, runs away, or gets run over? I couldn't take it." Two years later she relented after

he demonstrated near-perfect responses to my whistle commands, and an unquenchable fascination with birds.

After several seasons, Joey

and Brady now hunt

almost as one, each

honoring the other's

point, responding

to commands,

finding most

of the birds,

and having the

time of their

lives. Like

brothers, they are

inseparable. Our

formula of exercise,

discipline, and

affection has molded

them into responsive,

funny, inquisitive, playful, and

lovable companions who also are

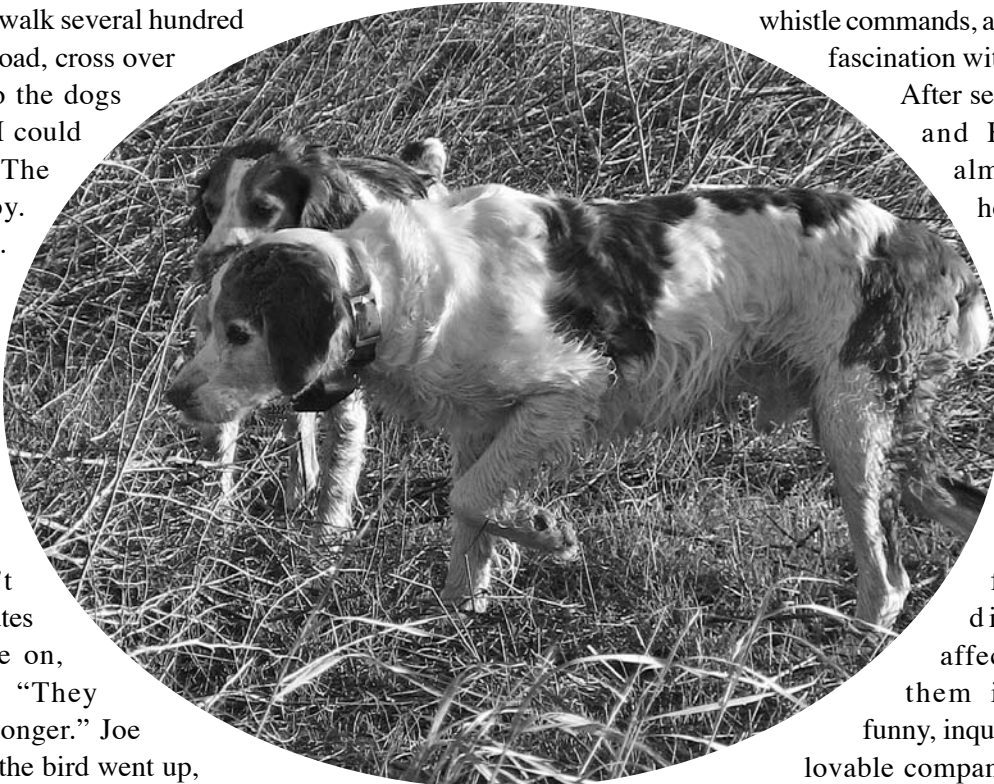

accomplished bread-and-butter hunters.

Knowing about their rocky beginnings has deepened our love for them and has heightened our appreciation for the obstacles they have overcome in life. They truly have become hunters of the heart.

# 2010 AMERICAN BRITTANY CLUB NATIONAL AMATEUR ALL AGE CHAMPIONSHIP

*By Leslie Andreas*

## The Amateur All Age Gallery

The American Brittany Club National Amateur All Age Championship was held over five days, November 22nd to November 26th. One of those days, Thanksgiving, was a day off from the trial due to cold and constant rain that would have made for miserable conditions for contestants, officials and gallery riders. We had all manner of weather during those days, with hot and humid weather at the beginning of the week, affecting several dogs badly, to pouring rain, but for the most part, it was pleasant, just right to get the best out of the dogs. The courses were in wonderful shape, with obvious work by Red Bailey and Larry McAnally. A drought had made the thick ground cover of other years dry up and yield a better view of dogs running edges in the distance, and also showed which dogs were going to the edges rather than just randomly running. There was still ample cover to hold birds, with feed strips and the ample natural multiflora of the area. I do not recall ever seeing so many birds found in this championship. Coveys were large, and flew easily. The number of birds seen meant that few dogs went the hour without bird contact. From 48 starters with one scratch, 31 dogs had bird contact, and 16 of them had multiple finds, including the winning and placing dogs. Most of the dogs that went birdless either hit the wall in the humid first morning, or were ruled out of contention. Lick Creek was dry early in the week, but had a bit of water in it by Friday after steady rains. It was a stark contrast to last year riding around in wonder at the 20 foot high watermarks in the trees.

Putting on an event of this magnitude with workers spread all over the United States is quite an undertaking. Steve Ralph was the field trial secretary while field trial chairman, Tom White organized

from California. Field trial committee consisted of Tom White, Margaret Horstmeyer, Steve Ralph, Hank Hartnek, Joyce Miley, Tom Robin, Lisa Pollock, Ray Trimble, Tom Milam and Warren Montgomery. Tom Robin was the stake manager, and his wife Judy, was the hospitality and calcutta person. Jack Murphy was the course marshal, while Tommy Thomas was the marshal coordinator. Nancy Clendenen was in charge of the auction. Mary Jo Trimble drove the roads and watched for traffic while the running was in progress. Donna Pride, Ed Kostka and Darlene Dow served coffee and pastries at break time. Linda Milam and Donna pride helped out with the calcutta. Bill Hancock pitched in on the auction with the local brothers that always do the show. Red and Larry, as always, drove the dog wagon and were there when we needed them. Ron and Judy Button served meals all day long from the clubhouse, and fixed us all a Thanksgiving feast on Thursday night. If there is anyone I missed, I am sorry, but know that you were needed and helped pull off a successful trial.

Judges were Alan Powell from Georgia, Mike Aldrich, New Mexico, and returning from last year Stan Williamson, Illinois. Alan was accompanied by his wife Eugenia, who rode most of the braces. They were offered up many fine performances and had much to discuss at the end of each day. There was a lot of second guessing the judges after the placements were made, but there was no doubting that we saw a lot of quality performances which made the decisions difficult.

Purina and Tri-Tronics again sponsored this prestigious trial with fine products given as prizes and financial support. Our sport owes so much to the generosity of these fine companies who have made it

possible to hold not only the National Championships but many other hour championships in recent years.

Tuesday night there was a party, as is custom, to celebrate the previous years champion, TM's Tennessee Twister, hosted by her owners Paul and Lisa Pollock and Brook and Kyle Caviness. With a National Amateur Champion bitch and two ladies that have believed in her and one that handled her to this great win, it was only natural that the color scheme was pink! "Sway", the star of the show, had her likeness on glasses and placemats, as well as her very own crossword puzzle! An open bar for a happy hour, followed by a delicious steak dinner and when that was over, tables were pushed to the side to open a dance floor. It was a memorable event, with a live band, the Ozark Mountain Drifters, playing a wide variety of danceable music. There was a large turn out and it would be an understatement to say a good time was had by all. Some may have regretted it the next morning, but everyone was at the line or on the dog wagon on time. The social aspect of the Nationals are what set it apart from just another trial, with people coming from all over the United States and Canada to visit old friends and view the year's top dogs.

The winner, Maxwell's Blew By You II, call name "Chuck", owned and handled by Terry Maxwell, is a true amateur dog having been bred and trained by Terry as well. Chuck repeated his win of 2008 ABC National Amateur Championship, with another powerhouse performance. He not only had skill and style, he had a lot of luck and a handler that believed in him. Chuck and his bracemate, Starlight's Blazing Sirius, ran in "lucky" brace 13, released on the hill behind the former Cartmell place onto course one, under an overcast sky on Wednesday morning. He was spotted to the right through the timber by one of the judges a few minutes after breakaway, going hard and forward. We did not see him after that and did a major portion of the course with no dogs in front of us, with his bracemate also misplaced. We had crossed Lick Creek and still no dogs in view. The clock was running out, and the judges informed Terry that he better produce the dog or else..... Terry rode fast and forward with faith that the dog would be out front, and shortly we heard the distant cry of point. It took us a full two minutes to reach the stylish dog on point, standing tall pointing into a bramble bush, just down the road from the metal gate. A covey was flushed at 24 with all in order. Turned loose, Chuck took a sweeping cast along the right hand tree line, and was going with purpose to the front. He handled kindly and applied himself well and was rewarded with another find at 50, equally high and lofty in style, with his generous length of tail straight up and his muzzle lifted to drink in the scent from the birds. He was turned loose from this to show us a hard going finish suitable of a champion.

Celebrating 2009 FC/AFC TM's Tennessee Twister's NACH are Party hosts Kyle & Co-Owner Brooke Caviness.

The runner up, Ru Jem's A Touch of Bourbon, owned by Jerry and Ruth McGee and as always, handled by Jerry, is another totally amateur trained and handled dog, with a record of two consecutive years of being the Purina All Age Brittany of the year. "Chug" as he is called, was turned

Greeting guests at the Nat. Amateur Party for "Sway" were Co-owner Lisa Pollock and husband Paul Pollock.

loose on Friday also on course one, and was soon out of sight. Chug was next seen at the White Post, and from there on, he hung on to the right edge of the cover mostly out of sight, but handling sweetly for Jerry. At 36 Jerry called point near the Old Corrals. Chug was intense on the left while his bracemate, Megasmoke Limited Edition, stood proudly on the right. A big covey was flushed between the two for a divided find. Chug was wide to the left through the Hayden Camp area, and when the usual end of course one was reached, they had to bend and run down the chute to the left to use up the remaining time on the clock. Right at time, Chug put the brakes on for a flawless find with a back from his bracemate, making a pretty picture.

Third place dog, TJ's Single Shot of Scipio, owned by Tom White and Margaret Horstmeyer, and handled by Tom, performed a smooth hour punctuated with two finds, and a very wide and flowing race on course number 2, Tuesday afternoon. "Emme" as she is called, has now placed 5 times in Booneville, and with this placement and her performance in the National specialty once again was the ABC dual dog winner as well as the Christy's Feather Duster winner for top bitch in competition at the 2010 Brittany Nationals.

The fourth place dog, Brisco's Mr. Stub, is owned by Ray and Mary Jo Trimble, and handled by Ray. Stub ran the 6th brace on the first day, and tackled the Number 3 course with a purpose. This is the toughest course to show a dog on, but birds were out to feed and Stub was out to find them. He and his bracemate Chief's Nubbin's My Lil Lady had ten finds between them (one a divided find) and Stub had a stop to flush. It was very close between these two dogs, but Stub was slightly more forward in his applications according to the judges and just edged out Lady. Their races were not as big as the dogs placed above them, with all that birdwork.

Day one is overcast but muggy with humidity. Even at 8 o'clock in the morning, the heat is oppressive. The courses are in the best shape I have ever seen them, drought is a good thing! The creeks are dry and the river is low. The original brace 1 contained a bitch in heat who will be run as a bye dog as brace 25, and with a known scratch in brace 3, there will be a complete brace, with dog b from brace 1 moving down from that brace, to incomplete brace 3.

**Brace 1#** BLUERIDGE GROUNDS KEEPER-"Dub" handled by Terry Maxwell and TERRA'S CABO WABO "Sammy"-handled by Tom White. It was hot and humid already at 8 a.m. Dub went straight off the breakaway and did not make the bend, while Sammy was handy in front. At 7 the call

National Amateur Dog Wagon participants enjoyed a day of warm temperatures.

of point came for Dub. He was a long way off and not really intense when we got there. This was scored as a non-productive. At 21 as we cut to meet the normal course, Dub again pointed near the Lick Creek crossing. With a second barren stand, Dub was picked up. Sammy had not met his handler's expectations and was up minutes later.

**Brace 2#** WIMBERLEY JIMDANDY handled by Francis Clausen and MAXWELL'S GUN SMOKE-"Pete" handled by Kent Patterson. Dandy was the dog from original brace 1 that dropped down to take place of scratched dog Crossland's Charlie. Breakaway just beyond Lick Creek. Dandy was here to run, and was seen sparingly but in the right places in the early going. He eventually was gone long enough the judges handed Francis his tracker. Pete started well, taking the lines at a good pace yet handling like he was on a shoestring. He tired badly in the cotton fields and had a big flat spot. Once Kent got him to a pond, and let him take a dip he rejuvenated somewhat and began moving out and hunting again. At 59, Pete pointed near a culvert just across the old 109 crossing. Kent could not flush birds and sent Pete to relocate. He stopped again, and while Kent was trying to flush, birds flushed out the other side of the culvert where they had run, flushing behind the dog with all in order.

**Brace 3#** PRIMETIME OUTLAW JOHNNY-"Cash"-handled by Herb Rea and MTB EMME'S CABO DE SCIPIO-handled by Tom White. Cash ran an exciting all age race most of the way around the course. He needed scouting, and was a bit rough in handling response, but showed the ability to go the front and grab an edge and take it to conclusion at top speed for the first 50 minutes. He had less drive in the last 10 minutes but still was trying hard. No bird work on his part. Cabo was also fast and going to the cover. He was a bit of a handful today and a few times went his own direction, which was not always the preferred way, but there was no doubt at any time he was hunting for birds. In the bend approaching the parish fields----he disappeared while taking the outer edge all the way around, and at 18 point was called. He was high at both ends for a very pretty find on a large covey of quail. At 26 he spun into a tight coil near the small pond to the left of the road. His intensity and manners were perfect as Tom flushed a single quail. Cabo continued to dig into the cover and challenge the tough parts of the course for the remainder of the hour.

**Brace 4#** MARJO'S RED RUM-"Johnnie"-handled by Joe Luisi and KD's SLIP AND SLIDE-"Splash"-handler George McCann. Johnnie vanished early and was ruled out of contention. Splash applied himself to hunting at moderate range, affected no doubt by the humidity. He made the hour

with no bird contact.

**Brace 5#** DIAMOND HIL DEUCES GONE WILD- "Cooter" handled by Lisa Pollock and TJ'S PRAIRIE BLIZZARD- handled by Jessica Carlson. Two former winners of the women's handler award were braced together, but with only the two ladies competing this year there will be no award given out--a minimum of three female handlers are required before the honours are doled out. Both dogs had trouble lining out after the breakaway, with first one, then the other returning to the handlers for water. The humidity was hurting them. At 17, at the same culvert that Pete had his birdwork at this morning, Cooter pointed and this time birds were more co-operative, flushing on the same side that Cooter was pointing on. The next action was near the small pond, where Blizzard had a good find on a single at 41. At 43 Blizzard pointed near an old feeder but no birds were raised. He then took the right hand side of the course to the old 109 crossing all the way around in one big smooth move. Blizzard finished off much stronger than he started. Cooter was getting hung up behind and finally caught the front across the old 109. At 59, he pointed with high tail and a large covey was flushed for him.

**Brace 6#** CHIEF'S NUBBIN'S MY LIL LADY-handler Frank Campbell and BRISCO'S MR. STUB handler Ray Trimble. Anyone that doesn't think there are birds on these grounds should have followed this brace! Lady is a very quick moving little bitch and Mr. Stub has matured into a hunting machine. Couple that with the warm sun late in the afternoon, and birds moving to feed, and we were in for a lot of action. The first point was called as someone in the gallery spotted Stub standing in the corner of a hedgerow as we turned a corner. Ray was quite ways ahead and it took him some time to get back there and by the time he did, Stub had corrected and moved on. As we rode to catch up Stub swung right and as we approached Mario's Hill, he had pinned the covey that stays in that area. Lady was next to score with a covey find at 25, followed by another covey at 30. At 37 Stub was buried in a big thicket, birds flushing in waves, as Ray approached, again as he shot and then still more as he took Stub out. At the far side of the same thicket, Lady had stopped. Handler thought she had stopped to honour the shot, but as he approached her to release her, three birds rose in front of her. At 42 the dogs were found side by side standing-Ray flushed the birds, and Frank elected to take it as a back. Stub scored again at 50. Lady added finds at 54 and 58. In between that Stub had a stop to flush in some tall weeds. My ears were ringing from all the shooting going on.

The stories they can tell: Francis Clasen, Wade Haines, and Ray Trimble represent many years of handling dogs in field trials as they continue to compete in the nationals.

National Amateur Judges Stan Williamson, Alan Powell, Mike Aldrich, with 1st Vice Pres. & FT Chairman Tom White & Amateur Stake Manager Tom Robin

Terry Maxwell, owner of the 2010 NAFC Maxwell's Blew By You II receives trophy from Amateur Stakes Manager Tom Robin, Nat. Field Trial Sec. Steve Ralph, and Nat. Field Trial Chairman Tom White

**Day 2# :**

**Brace 7#** TLM FREQUENT FLYER-"Jack" handled by Tom Milam and DAKOTA LUKE handled by Dick Mantler At 5 minutes scout called point in a small tangle of briars in the first corner. His handler Tom showed up and discovered it was the other dog, so Dick had to return from far out front. There were claims of a woodcock seen leaving, but Luke took a couple steps during flush and showed us that he did indeed have quail in front of him. That was the end of his national amateur championship bid. Jack had a stylish find at 13 on a nice sized covey. He again stood high at 17 with all in order. At 43, he was buried in a thick jungle on point, with the handler having the pleasure of trying to flush something in front of him. Considerable time was consumed in the attempt to produce birds. Luckily judge Powell spotted a covey walking out the far side and handler was instructed to fire and go on. Jack took the left edge of the Parrish field. His race was a little erratic, but he slugged his way to a lot of objectives. At time, he again pointed, with handler unable to flush him a bird.

**Brace 8#** TSUNAMI-"Sue" handled by Francis Clausen and TRADEMARK'S ATM "Cash" handled by Wade Haines. It appeared we had some contenders when this brace left the line. Sue and Cash went straight to work, hitting the lines at top speed. Cash crossed over to the front after a big swing in Hayden camp, while Sue hit the front edges and stayed on them. At 8 Sue was on point, with Cash failing to back and ending up in front of her. Sue remained intense and stylish through flush of the covey. She cast off from here going strong to the front. We crossed the bridge and she continued to run in championship form. At 24, she had another find on a single with pretty posture. She took off with speed and purpose and swung to the left as we approached the old 109 crossing. We did not have her once we crossed the road and as we turned to swing right, we held up in hopes that she would appear. After some time, a gallery member yelled "there she is" indicating they had seen her run down the edge of 109, and Francis rode hard to connect up with her. At 46 minutes we had the call of point, and rode over to have a non-productive stand. Sue was put across the road after this and rolled on strong along the left hand edge for the remaining time. It was a strong performance marred by her long absence.

**Brace 9#** JUST AS WELL BE THEGUNNER handled by Stanley Truksa and

WAYSIDE'S BLUERIDGE RUNNER handled by Tom Longfellow. Gunner and Runner took off with speed. At 11 Gunner was seen chasing a large covey of birds, and 30 seconds later Runner came out of the same spot chasing a straggler from the same covey. Short brace.

**Brace 10#** HAVAPAL'S RENEGADE BILLY BOY handled by Tommy Thomas and WINDY HILL BEN handled by Brian Hendrickson. Cast away from the hill on course one, the dogs both headed up the right edge of the woods. There came a call of point from Billy's scout from that far edge, echoed by a call of point further back from Ben's scout. The official parties tried to find a way through the woods and/or a dog on point and/or a scout. Didn't happen..... No one was calling point anymore, and we all eventually found our way back on course. Billy was back out front, and Ben was misplaced. Ben eventually was ruled out of contention. Billy had birdwork at 38, and went about 20 feet after release and locked up. No birds were produced and relocation was unsuccessful. Billy took the left edge coming up to Hayden camp to finish the hour.

**Brace 11#** TJ'S SINGLE SHOT OF SCIPIO-"Emme" handled by Tom White and TJ'S THUNDER handled by Bob Rankin. Emme and Thunder both got to work right away. Emme was way out front and going places, while Thunder got on the right hand edges and took them well. Through the riblin knoll area, both dogs were flying around the edges to the front. Tom White spotted Thunder on point at 12, while riding to look for Emme. A covey of birds flew as we rode to him. Thunder was intense with butt high, head low with birds right in front of him. All in order. At 26, Emme pinned a covey in the parish fields. A large covey rose to the left of her as we approached but there were more flushed by Tom when he got there. She displayed good style and manners. Emme continued to run strong while handling for Tom at all times. At 45, she jammed to a stop along a ditch with a single flushed for her. At 50 Thunder pointed a very large covey. At 54 Emme stood in the same place that Sue had her non-productive that morning, with Tom spotting corn on the ground in front of her. Once we crossed the old 109, Thunder had his 3rd find on a covey off to the left. Thunder appeared to be tiring, while Emme was still kicking out strong as the hour concluded.

**Brace 12#** KINWASHKLY ROSCIUS ZOOMER handled by Allen Norman and TUB O TEE handled by Dave Lincoln. Breaking away on course 3# Zoomer took a big lick on the left side, crossed to the front and headed to the open field called the upper woods crossing to the right that would take him off course. His scout rode for him and pulled Tub with him, so

we had to wait and have both dogs gathered and put back on course. At 13, point was called for Tub on one side a line, but when judges were in place, Tub was seen moving, and ended up standing on the other side of the line. Meanwhile birds were seen in the air, with Dave flushing one in front of Tub. Zoomer scored on a covey at 26 with proper manners. Both dogs had their moments but neither was challenging dogs that had already run as far as race went.

Dogs posted for day 2# TLM FREQUENT FLYER, TJ'S SINGLE SHOT OF SCIPIO and TJ'S THUNDER.

**Day 3#** Weather included overcast, hot and sunny, and overcast again with light sprinkles of rain, a bit of everything.

**Brace 13#** STARLIGHT'S BLAZING SIRIUS-"Si" handled by Tommy Thomas and MAXWELL'S BLEW BY YOU II-"Chuck" handled by Terry Maxwell. Si and Chuck blazed down the hill off course 1 breakaway. Both dogs were out of sight and Lick Creek had been crossed with no clue as to where they were. With the clock ticking, Terry rode hard to the front and a distant call of point was heard at 22 minutes. We rode all the way to the metal gate and down the gravel road to where Chuck was standing on point. Incredible piece of work! Si was still absent at this time, and Tommy was given his tracker. Chuck was a powerhouse front running dog, now being seen every few minutes and definitely under control. At 50 as we approached the twin ponds, Chuck scored another find with his usual high at both ends style and intensity. He showed his championship form by staying forward with lots of gas left.

**Brace 14#** JO-LOCKAPEX DARK ROUX GUMBO handled by Dave Lincoln and KINWASHKLY DAKOTA MOLESTER handled by Ken Seivert Roux is a tall white and liver male with Lester a small orange roan male, immediately swung along the right hand side of the course taking the lines. At 5 Lester crossed the road and hit scent for the first find on a single that barely cleared the weeds. Once catching the front, Lester wheeled into a point at 10 with a nice covey flushed for him. Roux showed briefly at this time, and both dogs were with us when we crossed the old 109. Lester took the edge all the way up then decided to go backwards, and Roux had disappeared in the backend of this field. Scouts were working hard, but we got a long way forward and a lot of time had passed before Lester showed up for some water. Judges were just about to end the brace, and did hand Dave his tracker. Lester was slower than he was before his disappearance, but valiantly tried to do his job. He took the right hand swing all the way around and showed up at old 109 road crossing at 12 O'clock to us. Just across the road at 50 he pointed the reliable covey that is usually there. After that he went up the left edge and disappeared

Reporter for the Nat. AAA Championship

into the woods. Judge Stan waited till scout produced him after time.

**Brace 15#** WINDTUCK'S ROCKET'S RED GLARE handled by Tom Milam and TM'S TENNESSEE TWISTER-"Sway" A.K.A. "Squishy" handled by Lisa Pollock

Sway took off with gusto, going along the left hand edge with speed and determination. She was making a valiant attempt to repeat her victory here last year. At 12, in a known covey location, she pointed without results. Rocket was also running well, with a sweet handle. At 18 point was called for Rocket. Riding to the find, Tom's horse hit a hole and handler hit the ground hard. To add insult to injury, Rocket went with his birds. When it's not your day, Tom, it is really not your day. We are glad that nothing worse than bruising occurred. Sway had gone hard across this field to the front and disappeared into the woods. With her scout out looking for her, and the clock ticking the judges informed Lisa she had better go look for her dog. She did come back from the dog out front and almost as soon as she had her on course, she had a covey find at 39. At 42 she had a second find with good manners. Released from this, and three minutes later, she was standing again. Lisa saw an armadillo scurry away as she approached, but was committed to producing birds. She was unable to flush anything and with a second barren stand, Sway was up.

**Brace 16#** CAROLINA SEA BISCUIT-Francis Clausen and SHAMROCK'S SIRIUS-Wade Haines Biscuit was to join the ranks of dogs who ran out of contention. Si was doing a workman like job, but appeared to have sore feet. At 25, he pointed into a thick tangled bush, and Wade was unable to produce anything. Sent to relocate, Si took a few steps up and tightened up again. This time, birds were flushed. A few minutes later Wade voluntarily picked up Si, who had slipped a pad.

**Brace 17#** ADIOS SHAQ ATTACK handled by Bo Ackerman and HAL-JA'S SMARTEYES-JOKERS EZ ACE handled by Steve Ralph. Shaq took off for the right edge which he took all the way to the front, and Ace tackled the more open field as we approached Hayden Camp. At 4 minutes, Shaq came out of the trees with an armadillo to give to his handler. Ace came over to see if he could get in on the fun, and spotted a second armadillo, which he caught. We now have two dogs running around shaking armadillos and Lisa Pollock is cheering them on in revenge for what one did to her dog! It was quite entertaining, but the handlers thought otherwise and got them off the trash distraction. At 8 Steve called point, but Ace showed his youthful enthusiasm by taking the covey out in front of everyone. Shaq continued to speed to the front, with a smooth gliding gait. He was frequently out of sight, but never for long enough to be a problem, and showed up where he should. He was gathered and put across the bridge with ease. At 22 he pointed a covey with good manners. Sent on, he continued his ground covering effort. As we crossed to the loop, he ducked into the woods and with his scout was not available, and high potential to lose him, the judges sent Joe Luisi in as a substitute scout. We weaved through the loop, and as we entered the woods in the closing minutes of the brace, Shaq came down the treeline from the right. He pretty much had to have gotten there on his own, which was a superb feat. He was watered, and ran out the clock moments later.

**Brace 18#** LOST CREEK TIMBER RIDGE-"Rowdy" handled by George McCann and HI PROOF WHIZKI handled by Leland Dye. Rowdy had a short brace, pointing and taking out a large covey at 6 minutes. Whizki was not punching as hard as he usually does, due to a recently diagnosed illness. At 19 he had a non-productive, and a few minutes later, his handler voluntarily put a rope on him.

Dogs posted for day 3# MAXWELL'S BLEW BY YOU II and ADIOS SHAQ

## ATTACK

Thursday's running would be cancelled due to rain, very cold rain at that.

Friday was beautiful, blue skies and moderate temperatures.

**Brace 19#** RU-JEM'S A TOUCH OF BOURBON-"Chug" handled by Jerry McGee and MEGASMOKE LIMITED EDITION-"Ted" handled by Tom White. Breaking away down the hill, both dogs went strongly to the front. Ted was seen to the front going hard, and Chug was out of sight until the White post area. Once he was in touch with the handler again, he swung along the right hand side, while Ted was taking big moves on the left. At 36 point was called by Jerry near the old corrals with both dogs standing 15 feet apart with a big covey between them. Both dogs ran well through Hayden Camp, and needed to be turned to do the chute along the river to remain on their side of the river and get the full 60 minutes in. Ted scored a find at 58 in a feed strip with proper form. Chug was flying forward, giving a strong finish, and had a find right at time with good manners. Ted arrived in time to back properly.

**Brace 20#** TLM COMMANCHE CHIEF-original handler Tom Milam replaced by Jack Murphy and DAKOTA ALLEY CAT-"Tiger" handled by Bo Ackerman. Chief's handler was still ailing from his fall, and Jack Murphy stepped in to run his dog. Tiger is an 11 year old veteran who still has power to spare, but is a little deaf. Tiger is retiring from competition with the Nationals after a very good career. He was last seen far to the front before he joined the ranks of out of contention dogs.

Chief did a pretty nice job for his strange handler, with a find at 42 on some wild flushing birds.

**Brace 21#** MICRO T Dave Lincoln and BROADWAY JOE VI-Bill Haynes. T did not have his program together today, challenging his handler by going his own way and not wanting to listen. Dave voluntarily picked him up after about 25 minutes. Joe got on deer early and was gone a long time. He was a bit tired when he returned but not so tired he couldn't find birds. He had nice style on a find at 22. He added another good find at 28. He made the rest of the hour at a moderate pace.

**Brace 22#** MTB CABO RITA DE SCIPIO-Tom White and RU JEM'S

FISTFULL OF DOLLARS-Jerry McGee. Rita was fast and happy but tended to make lateral moves. She had a pretty find at 20. Rita had a non productive stand at 23. At 37 she pointed in a big mott, with the initial flushing attempt being unsuccessful, she was relocated. She was stopped when a quail flew into a tree unseen by handler, who did not fire, and voluntarily picked up his dog. Dollar is a young hard going dog who vanished early, showed up nicely a few times before extending his absence to an unacceptable length of time.

**Brace 23#** EARLY TIMES- handled by Bo Ackerman and JOKER'S JACKPOT handled by Steve Ralph. Earl ran a big all age race, seen just often enough, always on the edges. Jack also ran a championship type race, for the first 55 minutes. He did tire the last 5 minutes as we approached the old 109 crossing, but I have a feeling that we will hear from this young dog again in the future. Earl was ordered up with only a few minutes left. No birds were found by either dog.

**Brace 24#** SIGBRITT'S THE DIAMONDS IN ME-handled by Ed Kerr. DIAMOND IS THE BITCH originally drawn in brace 1, dropped to run by herself due to being in season. As is often the case, she was not quite herself. She stopped as birds flushed to the side and rear of her at 2 minutes out with handler firing. Going on, she exhibited a beautiful smooth gait, but was erratic in application and was picked up early in the hour to end the 2010 National Amateur All Age Championship.

# 2010 AMERICAN BRITTANY CLUB PHEASANT CHAMPIONSHIP

by Leslie Andreas

The American Brittany Club held its annual Pheasant Championship on the Dave Tech ranch just northeast of Bonesteel, South Dakota beginning on September 27th, a Monday, and ending Thursday September 30th. The host club, the Ringneck Brittany Club, small in numbers depended on help from many to manage a quality trial. The American Brittany Club conceived a concept of a trial of national importance to give regions equal opportunity to run a trial on the game birds most plentiful in the various parts of the country. The pheasant classic (later gaining championship status) was the first such trial, beginning in the early 1960's and continuing on to this day. Many clubs have hosted the Pheasant championship over the years, with the Ringneck holding it alternate years ever since 1997. The Dave Tech ranch is beautiful this time of the year, with beautiful scenery in autumn colours trimming the rolling hills and prairie lands. Portions of the Varlick and Jim Selles ranches were once again utilized, much to the joy of participants. The problems with the State of South Dakota's game wardens that caused us to have a very restricted course last year were settled in favour of the club.

As anyone who regularly attends this trial can attest, the weather can and often has been a problem to be overcome. With three days of the region 19 Amateur All Age run before and four full days of running for the Pheasant Championship, the weather was beautiful, warm, sunny and just plain pleasant. There was a windy morning on Wednesday, but not the knock you off your horse grit in your eye kind of winds that past trials endured. It did get into the high 70's several afternoons, but still nothing to compare with the high 90's of years gone past. And most blessedly, in a very wet year, there was no rain. The abundant cover and ideal conditions showed rain had been plentiful this year. A course modification was in order after Region 19 AAA championships had us turn left up a steep hill to avoid the boggy mud ditch just past the artesian wells.

Our advertised judges were Mary Karbiner from Texas and G.F. Henry, Nebraska. Word came Friday noon of the passing of Loyd Budd in Texas, Mary's long time companion and a legend among the Brittany world. Everyone's thoughts were with her as she returned to Texas to arrange Loyd's funeral. The club owes great thanks for John Rabidou, also from Texas but at summer camp in nearby Valentine, Nebraska. for stepping into take Mary's place as a judge. Judges Henry & Rabidou were very thoughtful and gave every competitor a chance to show their dogs in their best light.

Winner was Early Times, owned by Bo and Renee Ackerman of Gainesville, Georgia and handled by Tom Tracy, Jr. A beautiful print was donated by Ducks Unlimited to award the winner. Earl won the same event the last time (2008) that this championship was held on these grounds. Earl ran on the first course scoring a classic find on a pheasant at 9 minutes out, in a long patch of cover running along the fenceline on the left hand of the course. He stood tall and proud, but needed to be relocated on a running bird. He handled the relocate with intelligence and boldness in pinning the bird. His race was wide

and never let down finishing his hour as strong as he started.

Runner Up was also a Tracy handled dog, Rousabout's Sniksoh Sadie, owner Paul Rosevear. She had a very similar performance to Earl's on the same course. She showed good style on 2 finds, and was strong and going to the right places all the way through her hour.

Third place and fourth place went to bracedmates, Shadow Attack (Phil Dangerfield, owner, and Ed Tillson, handler) and Uncle Kracker (Bo and Renee Ackerman, Tom Tracy, Jr.) Tack had 2 pieces of bird work, while Kracker had 5 finds. Tack was a bit wider on the ground, while Kracker was a bird hunter's dream, with work on quail, pheasant and chicken.

**Brace 1#** DAKOTA ALLEY CAT-"Tiger"(Tracy) BRISCO'S MR. STUB (Trimble) Breaking away on an overcast mild temperatured day, off of course one, Tiger immediately swung to the right and worked up the edge of the pond while Stub went on across the top and hit the feed strips. Tiger was cautiously working along the tall grass as if he had scent when several pheasant rose a distance from him, without any defined work. Stub had a similar fate at 5 minutes out, with a solid stand. Handler tried to flush, without luck and took him on. A bird got up right where he was pointing when they had him by the collar. Tiger was back to the front and putting down an all age race. He had a strong finish that belied his 11 years of age. Stub suffered several non-productives in the always difficult feed strips. No more birds were seen this brace.

**Brace 2#** LOST CREEK TIMBER RIDGE-"Rowdy" (Tillson) and CORRADOR DORADO -"Dexter" (Tracy) Rowdy had a good stop to flush to his credit early in the hour. He stopped and pointed in a tall grassy patch with no bird being raised. Dexter was running with enthusiasm. He pointed prairie chickens with good manners at 14. Unfortunately Rowdy was catching up from his unproductive stand and didn't get stopped as fast as he needed to as the birds flushed over him. Dexter continued on, getting more bullish, and when he began backcasting, his handler picked him up.

**Brace 3#** STARLIGHT'S BLAZING SIRIUS-"Sy" (Thomas) and ACE'S DI (Holman) Sy put down a blazing race with some spectacular casts only to be lost near the end of the hour. Di also ran well, always forward with nice gait and pattern, but was involved with a bird in a less than desirable way.

**Brace 4#** MOKAN DURAMAX-"Max" (Garrow) and TRADEMARK'S ATM-"Cash" (Holman) Casting away from the hill above the dam on course one, Cash had soon disappeared from view into the maze of feedstrips. Max started well, looking in the right places and hunting. He had a unproductive stand and began to shorten after that. Chad called for the tracker to find Cash. Max did not go the whole hour either.

**Brace 5#** SHADOW ATTACK-"Tack" (Tillson) and UNCLE KRACKER (Tracy) This pair got going with purpose with Tack being slightly wider

in scope of range, and we were treated to a bird finding bonanza. Kracker pointed into briarpatch in the pasture land, with handler pointing out a running pheasant that he could not flush. Shortly afterwards, Tack and Kracker were found standing at the top of a rise with a bird flushing downhill. Each was credited with a find. Near the red gate, Kracker pointed into the grassy finger. A relocation was necessary with all going well. Just before the gate leaving the hayfield, Kracker stopped to flush in a small patch of grass. When Tommy fired over the dog, he indicated to Ed that Tack was standing on the bottom of the same grassy patch. A pheasant got up in front of the stylish standing dog. Kracker was released and almost immediately wheeled onto point on the right hand side of the gate. A covey of quail were flushed. An eventful hour.

**Brace 6#** HI POINT'S BETTIN' HE'LL ROCK-"Ozzie" (Holman) & DAKOTA LUKE-(Kalina) Ozzie and Luke were offering up moderate races. Ozzie failed to satisfy Chad's expectations and was picked up early. Luke continued his workman like pace and was rewarded with a pheasant at 59 minutes.

**Posted**-SHADOW ATTACK, UNCLE KRACKER, DAKOTA LUKE

**Brace 7#** ROUSTABOUT'S SNIKSOH SADIE (Tracy) & RU-JEM'S FISTFULL OF DOLLARS (McGee) Dollar was first to score with a nice find at 5 minutes. Sadie scored a beautiful find on a rooster in the little ditch that crosses the hayfield. Dollar was seen retrieving a large live bird towards the party watching Sadie and was put on a checkcord. Sadie was attacking the course with vigor and going to the right places. She had another find on a wild flushing bird at 49. She had fire left, and finished strong with a big forward cast on the right hand side of the course, going hard down the canyon.

**Brace 8#** SHAMROCK SIRIUS-"Si" (Holman) and T & W DIAMOND JIM-(Kalina) Both dogs put down very good races. Si was wide and applying himself with maturity throughout the hour. He scored a quality find just above the dam. Jim is a fast moving dog. His only birdwork was a quick whirl to stop as chicken departed with manners correct. Si had a stop to flush in a feed strip late in the hour.

**Brace 9#** KINWASHKLY DAKOTA MOLESTER-"Lester" (John) and TJ'S PRAIRIE BLIZZARD-(Tillson) Blizzard had a find at 5 along a feedstrip, literally skidding to a stop. It took quite awhile to produce the bird and his awkward stance sunk to a sit in the meantime, so he was picked up. Lester took in a lot of country off the breakaway. He got sticky past the big pond and ended up with a nonproductive going up the hill past there. He got moving out again, and entering the pasture land, made a huge move to the front. When he got back from this cast, he was tired and got picked up early.

**Brace 10#** GRAND JUNCTION JAKE-(Holman) & RU-JEM'S A TOUCH OF BOURBON-"Chug" (McGee) Jake looked good in the early portions of the course. Chug started a little slow, but was hunting well. Jake had a non-productive stand on a grassy finger. He was not moving out as he had earlier, so was soon on the dog wagon. Chug picked up steam as he went along, and midway around the course was burning up the front. He flew from one objective to the next, hitting the feedstrips the right side of the wind and getting stronger. He needed a bird badly, but a stop to flush on a hen pheasant at 55 was his only action. He continued to impress on the ground right to the closing minute.

**Brace 11#** JOKER'S JACKPOT-(John) and HAVAPAL'S RENEGADE BILLY BOY-(Thomas) Jack and Billy got away well on course one. Billy was definately trying to pin a bird in the cover on the left side of the road past the hayfield, but a wild flush and a big jump were what resulted. Jack, a young dog, was making some good moves mixed with more immature moments. He became involved with a skunk and after getting a faceful of spray at close range, gagging and puking, was unwilling to run. Brace ended early.

**Brace 12#** DIAMOND HILL DEUCES GONE WILD ('Cooter") Pollock and LANE'S END FROZEN ASSETS ("Turk") Holman

Cooter was slow to start, but improved as he warmed to the task. Turk was doing a good job of hunting the right places and handling kindly. He had a good find following a relocation effort in a big draw on the left side of the course. He had a non-productive soon after. Just as the hour was winding down, Cooter was seen following a bird. Right at time, Turk was spotted standing with a pheasant flushed in front of his staunch point to end the day's running.

**Posted** -ROUTABOUT'S SNIKSOH SADIE and SHAMROCK SIRIUS

**Brace 13#** EARLY TIMES-Tracy and OAK HILL'S TIME TO BURN-Holman. Earl was wide and forward right from the start. At 12 minutes he stood tall in the heavily vegetated ditch along the left fenceline. Handler attempted to flush and could not put a bird up. On the relocate, Earl was bold and smart and pinned the bird decisively. All in order, Earl was back on course and flying hard to all the edges and beyond. He finished as strong as he started. A performance that was not to be topped. Bernie was not so lucky, as he had two non-productives and ended his bid early.

**Brace 14#** KINWASHKLY FRENCH VELOUR-"Val" (Andreas) and MARJO'S RED RUM-"Johnnie" (Luisi) Val was fast and happy, while Johnnie tried hard to overcome blown front pads. At 50 Val had a beautiful piece of work on a hard to flush rooster. At 55 Johnnie had a non-productive which Val failed to back.

**Brace 15#** TRADEMARK'S ICE MAN "Timmy" (Holman) and S'NO FUN SKYHAWK (John) This pair broke away into very high winds that had come up midway through the last brace. Timmy, who won the Dakota Championship on these grounds last year, made a power cast to the left front, while Sky blasted forward to the right. Both continued on strong past the feedstrips portion and through to the big pond, going hard in the draws leading up to the hay meadows. Once up top, Timmy was slowing and Chad picked him up. Sky who had already shown great range, kept rolling out bigger even with the challenge the wind provided, always forward with a good pattern. The judges wanted to see her on a bird badly, but the only work was bird seen in the air at time, and the dog found standing.

**Brace 16#** THE CRASH SCENE-(Tracy) and KD'S SLIP AND SLIDE-"Splash" (Tillson) Crash, a young roan dog, began well, but developed some stubbornness about which direction the course should go, and got to be picked up early. Splash applied himself well to the job at hand, but was not changing anything and Ed picked him up early.

**Brace 17#** BLACK CREEK DEACON-Holman and MUSTANG SALLY-Tracy. Away on course one, Deacon and Sally looked good in the early part of the hour. Sally was seen going down the left hand side of the course hard to the front as we rode the high ridge, only to be lost. She was found on point when handler called for tracker. Deacon carried

on but the heat was getting to him, and he did not last the hour.

**Brace 18#** BLACK CREEK TIM (Holman) and TM'S TENNESSEE TWISTER-"Sway" (Pollock) Tim was not pleasing Chad and did not last long. Sway ran a big, consistent and classy race, and was another one the judges badly wanted to see birdwork on. She did have a point, with no bird flushed, but one flushing far down the coulee while a relocate attempt with the dog unaware. She had a strong finish to her hour.

**Posted-** Early Times

**Brace 19#** SOVEREIGN'S GIT-R-DONE -"Larry" (Tillson) and SIGBRITT'S THE DIAMONDS IN Me (Pollock) Larry got a little close to a bird but stopped shortly after breakaway. This was the most eventful thing in this brace, and judges informed handlers that they were not changing the placements to end the brace early.

**Brace 20#** SHAQ ATTACK-(Tracy) and ACE'S PATCHWORK-Holman Shaq ran a strong all age race, needing a lot of scouting with Patch a good forward moving dog. Both scouts had to gather dogs as the course turned at the blue house, with Shaq sent on going across the top of the ridge, back to the front and Patch a bit confused at where we were. Chad picked him up. Shaq continued to move out strongly, with a deer chase taking him off the course and out of contention.

**Brace 21#** ALMADEN'S RIVER OF SHADOWS (Tillson) and SANDY PINES CHASE THE WIND-"Chavy" (Holman) Chavy was under a bird at 4 minutes, with River getting stopped properly. River did not have his heart in the game today and was picked up at 30 minutes.

**Brace 22#** JAYHAWK'S GEORGIA GIRL -"Gigi" (Tracy) and JACK'S TEQUILA JAKE-(John) Gigi went fast forward and disappeared from view shortly after breakaway. It took the tracking collar to find her on point. Jake, just out of derby, also was fast and moved a few birds without the proper manners, for a very short brace.

**Brace 23#** ODESSEY'S ACE OF HEARTS with Holman was a scratch, so CEDAR CREEK BANDIT (Tracy) went solo. Bandit had a workman like ethic, and scored a find on a pheasant at 14, but was not challenging the dogs already posted, so was picked up at 20 minutes.

**Open Limited All Age 1hr (45S)**

**J: G. F. Henry & John Ravidou**

# LA SALLE BRITTANY CLUB JUNIOR HANDLER STAKE

## Des Plaines Wildlife Area • Joliet, IL

### October 2010

A new addition to La Salle's trial was the running of the Junior Handler's stake. This stake offers juniors the chance to improve their dog handling skills and feel what it is really like when under judgment, as well as just have some competitive fun. They will also garner points towards the Field Trial Clubs of Illinois, Junior Handler of the Year award. In this non regular stake, the judges are only evaluating the ability of the handler, not the dog.

The inaugural running may have been low on entries but it was high on enthusiasm of the four entrants, their parents and grandparents. At the evening happy hour and dinner, placements were announced and each participant received a gift bag from Purina full of goodies, courtesy of their representative, Terry Trzcinski. Before the presentations, the judges, Ed Janulis and Larry Bates presented positive comments on their observations of each junior's handling skills. From start to finish, this Junior Handler stake was a huge success. It is hoped that this stake will grow in popularity as more juniors become aware of the program.

#### Placements:

- 1st – Destiny Darmon
- 2nd – Conner Mikoff
- 3rd – Trenton Katzel
- 4th – Rachel Mikoff

# When the hunt is on, why let diarrhea slow them down?

Moments like this, your dog's intestinal health encounters untold challenges that you may never see—unfamiliar elements in the environment, the stress of travel. For a robust digestive system, a proper balance of bacteria in the GI tract is essential. FortiFlora® is a proven probiotic nutritional supplement that helps achieve balance with guaranteed levels of live active cultures to help manage the risk of diarrhea. It's easy to sprinkle on top of your dog's regular food and starts working hard, right away—just like your dog.

Available exclusively through your veterinarian. Learn more at [www.fortiflora.com](http://www.fortiflora.com) or by calling 800-222-VETS.

# Field Trials

## East Coast

### **CENTRAL MAINE Brownfield Grounds Fryeburg, ME September 11-12, 2010**

The Central Maine Brittany Club fall trial was held at the Brownfield grounds September 11-12, 2010. The weather was very good with sunny skies and moderate temperatures on Saturday and overcast skies on Sunday. We had a very good turnout for regulation stakes as well as our nonregulation walking hunting dog stakes. A total of 34 different handlers put dogs on the line over the two days.

The trial grounds were worked on several times during the summer with a new extension on the gundog course cut through the woods and cleared. Special thanks go out to Frank Pride, Jr, John Short and Sam Jackson for their work on the grounds. John Short worked diligently with his tractor and bush hog to make sure courses were clear. On the day of the trial we had excellent bird planters with Sam Jackson, Karl Johnson, Steve Stepanian and Art Hembrough making sure birds were placed throughout the courses. Birds were plentiful, well feathered and flew strongly. As usual, Donna Pride kept the central operations running smoothly, making sure that paperwork

Standing L to R Dwight "Pete" Jordan and Frank Pride, Jr. (2 of the 3 founding members of the Central Maine Brittany Club) Kneeling with Casco Bay Jasper, winner of the Amateur Gundog stake and Founders trophy is Peter Mazzaglia.

was in order and dogs were on the line on time. Food was available for breakfast and lunch throughout the day with John Short, Sam Jackson and Debbie Johnson taking turns at the grill. Errands were run by Ann Short and Stephanie Stepanian. Special thanks go to those who sat in judicial saddles, Martin and Janet Garrell, Frank Pride, Jr. and Bob Paucek as well as those judges Jane Bjork, Rick Thompson, Art Hembrough and Sam Jackson who walked braced to render placements.

After the running on Saturday, the Donna Pride Amateur Puppy award was presented, the Dwight "Pete" Jordan amateur derby award, and the Founder's trophy to the winner of the amateur gundog stake. A wonderful chicken barbeque coordinated by John Short was enjoyed by handlers and guests. Results published on page 20 of the December 2010 issue.

## East Central

### PENNSYLVANIA Pennsylvania Brittany Club Grounds Polk, PA October 16-17, 2010

The fall color in Western Pennsylvania was just past its peak this third weekend in October but the conditions for running a trial could not have been more ideal! Mornings were cool and crisp but the sun quickly had the temperatures climbing into the 60's to provide comfortable conditions for dogs, people and horses. To run 90 dogs on our single course in the fall was a challenge, but with the cooperation of judges, handlers and club members, we were awarding the last ribbons as the sun set on Sunday evening.

The "labor of love" at the PA Brittany Club over the last three years has been the new course. Due to the efforts of many, but particularly those of our grounds chairman, Steve Tubach, the course has gone from looking like the "surface of the moon" to a beautiful stretch of green striped with feed plots. Now, instead of just using about half our property to run dogs, we are using almost all!

Congratulations to the owners of the winning and placing dogs that are listed below. And best wishes to Stanley and Doris Thorpe,

owners of Coke's Barton Hollow Bear handled by Chris Rider who won the open gun dog and was second in the amateur gun dog. Doris and Stanley were not able to be with us as Doris is battling cancer. We missed you and hope to see you soon.

It wouldn't be a Pennsylvania Brittany Club trial without a party and we sure had something to celebrate this time! Another winner of the East Central Gun Dog Trophy from the club! DC/AFC Sgt's Smoky Mtn Moonshine owned by Sandy Sargent & Steve Tubach and handled by Sandy was this year's winner. We celebrated with a "hunky" dinner of stuffed cabbage, peirogies, pork, sauerkraut, kielbasa, and dishes prepared by club members and guests. As the temperature dropped after dark many gathered around a campfire and talked and told stories long after some of us "old folks" crawled into bed.

The crew from the Pennsylvania Brittany Club is now hard at work making plans for our spring trial and the Eastern Futurity which we are sponsoring for the first time in 2011. We are making every effort to provide a first class event.....and a GREAT time! Hope to see you then!

#### Open Puppy (8S)

**J: Delmar McCallister & Jim Skorik**

**LA SALLE  
Des Plaines Wildlife Area  
Joliet, IL**

**October 15-17, 2010**

We have put into the book our field trial for the fall of 2010. To paraphrase it: It was both successful and unusual.

We ran a one (1) course field trail. A long standing club member stated this has not happened with La Salle since the 60's. Times are a changing I guess. Due to other field trails within our region our numbers were considerably down. We had to cancel three stakes, AWD, OD and OP. Our adult gun dog stakes were down about 30-40% each, and our all-age stakes down considerably more. We feel our field trial was about 50 – 60 % of its normal size only.

69 dogs were run over the wooly challenging course on the east grounds at the Des Plaines C.A. We started the weekend with an Open Limited Gun Dog stake on Fri. 10 dogs competed for top honors with Beeline's Oh Suzannah owned by Steve McClure coming out on top. Starlight's Tau Ceti was second (Katzel), Conner's Rookie in the Birdfield (Mikoff) third and fourth went to Iceman's Smooth Ride (Janulis).

Sat. we started the day off with the AWP, won by Dogwood's Buckmark (Parmenter). Second was Starlight's Where There's a Will (Walters), 3rd went to Sand Ridge Double Bullet (McClure) and 4th to Gambler's Hi Proof Billy Buster (Darmon). We followed with the AAA (all withheld) then ran the OGD stake won by Matrix Grand Illusion (Fiorito). Second was taken by multiple National placing dog Sweetwater Billy Tucker (Bates). Third went to Clyde's Eleets Sassy Kate (McClure). Fourth was withheld.

We conducted our first FTCl (Field Trial Clubs of IL) points Junior Handler stakes. All the handlers attacked the course with enthusiasm and vigor in handling their dogs. The judges at the awards portion reviewed each handler on their job in the field. Destiny Darmon won the event with Connor Mikoff 2nd, Trenton Katzel 3rd and Rachel Mikoff 4th.

On Sun. we finalized the weekend with the running of the OAA. CH Conner's Rookie in the Birdfield (Mikoff) was 2nd with all other placements withheld.

The AGD finished out the day with ANJ's Amazing Grace (Peohler) winning, Starlight's Tau Ceti (Katzel) 2nd, Chip's Tailgate Rendezvous (Peohler) 3rd and Iceman's Smooth Ride (Janulis) 4th.

Excitement always abounds and this trial had some of its own. A Happy Hour created by Mickey Condron and Tim Cummings of a Pork Loin Roast and numerous other dishes supplied by club members helped to make it a feast.

I would like to thank all of the judges who put their time in the saddle to look at dogs. Thanks to all the club members who support the event and worked where they could to

help make this event go off without a hitch. Special thanks to my wife Pat who undertook the organization and planning that went into feeding a field trial group lunches during the weekend. Thanks to Sue Bates, Donna Janulis for organizing Fri.'s event, Phyllis Katzel and others who worked behind the scenes. Thank You to Sec. Rebecca Walters for the work she did. Her help is greatly appreciated.

**HEART OF ILLINOIS**  
**Jim Edgar Panther Creek**  
**Wildlife Area**  
**Chandlerville, IL**  
**October 23, 2010**

Our fall trial started with gray skies, rain, thunder, and lightning. You know the usual problems for a trial chairman. Then everyone got good and wet. It was a test for the raingear and some were better than others! We broke for an early lunch hoping the rain would cease. We enjoyed a delicious steak dinner with salads and cake for dessert. It always helps to have a birthday close to the trial date. The clouds lifted as did our spirits. Soon, the rain gear came off and the sun shone. It turned out to be great weather the rest of the day. The dogs and horses enjoyed it much better as well. We thank everyone who participated, our judges, and workers, and those who just came to enjoy Brittanys working in the field. We hope to see everyone again in the spring.

### NORTHERN OKLAHOMA Lake Murray Trial Grounds October 1-3, 2010

Late August and September rains gave growth to an abundance of grass at the Lake Murray grounds. The courses were modified to avoid the heaviest cover. We were blessed with cooler than usual temperatures which made it easier for the dogs and riders. The number of entries was down somewhat but this made for a more relaxed enjoyable trial.

We appreciated the support of Pros Scott Johnson, Kevin Stonehouse, David Downing, Vick Carrington and Mike Pirtle. Scott really cleaned up winning the All Age, Derby, and Gundog. For the amateurs, Harlan Gerady carried the day by winning the Puppy and the Amateur All Age.

Everyone pitched in and helped. Thank you for coming. We hope to see you back for Sooner's Trial.  
Tom Milam

**FORT WORTH**  
**Wortham, TX**

**October 15-17, 2010**

The Fort Worth Brittany Club held their Fall Trial October 15-17, 2010. A big thank

you goes out to our six very fine Texas judges that joined us to watch over the trial. Grant Stanfill, Tom Milam, Dale Barker, Charlie Collier, Ben Kuykendall, and Wesley Felt spent their weekend judging at our trial.

This trial not only did we open the Open Gun Dog and Amateur Gun Dog to all breeds, but we added the Amateur All Age. We had no puppy or derbies to run this trial. We were fortunate to have three-point majors in all the four adult events.

Ben Kuykendall from Ferris, Texas won the Open All Age with his fine young female, SOUTHERN BREEZE. This dual was also clicking in the Open Gun Dog for his second blue ribbon.

First place in the Amateur Gun Dog was a fine English Setter, TEXAS SUMMER RAIN, handled by Mary Ann Gustafson from Del Valle, Texas. This Win finished her dog. Congratulations to Mary Ann. Scott Bodenstab handled HI-TAILYN TRINITY a GSP female to a first place finish in the Amateur All Age. Thanks to the all breed folks that showed up. What a fun group and a great addition to our trial.

You could not carry out a field trial without our fine club members and volunteers. The trial was worth coming for, if only to eat the smoked chicken at the Saturday banquet. One of the finest feasts I think we have had since I have been participating with this trial. Thanks again to all and we will see ya'll in January. Wesley Felt

**INDIAN NATIONS  
Lake Murray State Park  
Ardmore, OK  
October 23-24, 2010**

Rain, rain, go away, come again another day! Rained all day Saturday and finally quit just as we were finishing for the day. Good weather on Sunday. Our judges spent long hours in the saddle and we finished running 100 dogs in two days in spite of hold-ups on Saturday due to thunder and lightning. Thanks: Ron Clark, Butch Roberts, Conrad Plevnic, and Jim Pratt. I also want to thank John Tiller, Tom & Linda Milam, Rick Conner, Harlan Gerardy, and everyone else who helped to make the trial a success.

Congratulations to that dog that shouldn't have to run twice in one day. Francis Clasen won both the Open All-Age and Amateur All-Age with him. I sure wish I could have found a way to brace him on separate days. He beat my dog in both stakes.

One of our judges found out that his horse likes Girl Scouts better than him. The horse left him after he unsaddled and was getting ready to head home at the end of his assignment. Of course he was in a hurry to get on the road. When he finally found him, about two miles away, the girls were giving him a bath. Maybe you should treat him better, Jim

Well, this was my last Hooraw! Next Spring Jack Murphy will be running the Indian Nations Field Trial. I had lost track of how long I had been putting on the trial until I ran into Rob Martin in Kansas a couple of weeks ago. I was asking about his son and how old he is now. He told me that Robbie is 33. He was only 13 when he won the Amateur All-Age at our trial with an outlaw dog named Bart Simpson. Rob was judging our trial and had entered Bart in the Amateur stake. He was still on assignment so I asked him if there was someone he could get to

run his dog. He told me to go get his son. I will never forget Robbie's comment when I told him his dad wanted him to run Bart. First he said "Naw he didn't". The he said "I can't handle that dog, my dad can't handle that dog". He not only handled him, he won the stake.

Twenty some years after I started I was becoming concerned over who would take over when I quit. Then up walks Jack Murphy who says, Ed, when you get ready to retire, I'll take it. Can you believe someone actually offering to take this job? I told him, I am ready, NOW!

I want to thank everyone who has helped me over the years. I am sure that Jack will get the same help and cooperation that you gave to me. Hopefully I will be able to help a while longer, but it takes more than two people to put on a trial, so everyone please pitch-in. Don't wait to be asked.

Ed Peace

**SOONER**  
**Lake Murray Trial Grounds**  
**Ardmore, OK**  
**October 29-31, 2010**

The cover is high which indicates it is hard for dogs to see objectives.

Many thanks to the pros Ed Tillson, Scott Johnson, Justin Kalina, Vic Carrington and David Downing for participation. Congratulations to Vic Carrington for his win with Lafayette Kinmont Willie in the Open All Age. This finished his championship and Scott Johnson's win with Terra Dot in the Open Gun Dog also finished her championship.

Old timer TLM Comanche took the honors in the Amateur All Age. I was asked how many wins Chief has on these grounds. I am not sure they wouldn't let me take my boots off to keep counting.

We had a special visit from a scary individual to remind us it was Halloween weekend.

We also had lots of good food and sweets furnished by Bonnie Pirtle, Sue Wild, Vickie Rankin and Margarita Lager.

Linda and I appreciate all of the help we received in making this a successful trial. We hope everyone had a good time and hope everyone will be back in the spring.  
 Tom Milam

Our Trial was held the last weekend of October under beautiful blue skies with temperatures in the 60s. Thanks to all the judges, participants and club members that helped make this a wonderful end to a wonderful field trial season.

We had a good turn out even though many of our local trialers were out of state competing and/or traveling to their breed's National Championships. We did have trialers join us from Utah, Jeb Christensen & Landon Beard; and Greg Sand from Kansas. We enjoyed having them and their dogs join us and are looking forward to their return at a future trial.

# THE BIG THREE

By Craig Doherty

We're not talking about Kevin Garnett, Ray Allen, and Paul Pierce with the Boston Celtics or even LeBron, DWade, and Chris Bosh with the Heat. We're talking about the three primary tick-borne diseases – anaplasmosis, ehrlichiosis, and Lyme disease – that effect dogs and humans. All three share the same form of transmission. A tick bites an infected animal, with deer and a number of rodents the main reservoirs of the diseases, in the early stage of its life and then attaches itself to a dog, human, or other infected mammal who then acquires the disease. There is a vaccination for dogs against Lyme disease whose efficacy has been questioned by many, but it does nothing to prevent a dog from becoming infected with either ehrlichiosis or anaplasmosis.

Anaplasmosis and Lyme disease have the same basic clinical signs which often include a high fever, lethargy, and painful joints. These problems can vary greatly in degree of severity and the amount of time it takes for them to manifest in an infected dog. It can take from within a few weeks to years depending on the dog's immune system's ability to fight and suppress the infection. The clinical signs of ehrlichiosis can be similar to the other two and can also include more serious effects like pale gums caused by anemia. It used to be that diagnosing the big three was a difficult, time consuming, and expensive process that involved sending blood samples out and waiting for results. Often veterinarians were reluctant to begin any type of treatment until the test results were back and conclusive. Some of these tests could not differentiate between the actual disease and the antibodies created by the Lyme vaccine. So if a dog had been vaccinated and then contracted Lyme disease it became even more difficult to diagnose.

All three of these tick-borne diseases have spread throughout the United States and even around the world — although ehrlichiosis is most common in the Southeast. It is no longer safe to say that you live in an area that is free from all of these diseases. In the case of Lyme disease and anaplasmosis, it is not uncommon for a tick to transmit both at the same time. In the cases of these double infections the clinical signs often are more severe and come on more rapidly. The overpopulation of deer in many places has been a major contributor to the spread of these diseases and some localities have gone to the extreme of putting out deer feeders that cause an insecticide to be applied to every deer that grabs some grain. Controlling the incidence of these diseases among the dogs in your kennel requires a multifaceted approach that includes prevention, diagnosis, and treatment.

The most obvious form of prevention is the diligent use of one of the topical insecticides. The currently available products which are based on fipronil or selamectin are relatively safe and easy to use for most dogs. Many of these products provide flea protection as well and directions should be read carefully as more frequent application is required for protection from ticks. In addition to topical insecticides on your dog, you need to be concerned about the immediate area around your kennel. Keeping the area well mowed and clear of debris where mice and other small rodents might live should be a part of the program. You should also do what you can to keep deer away from your kennel, which in many parts of the country is a lot easier said than done. If your tick problem is extreme you may have to consider some sort of program of spraying in the area around your kennel. Even the most diligent tick control program is unlikely to be 100 percent effective. Therefore, you have to be alert to the possible signs of these diseases.

In field trial dogs we most often detect illness in our dogs by a drop off in their performance ability. When a dog suddenly begins to lose a step in workouts or seems stiff and/or in pain, we need to be alert to the possibility of a tick-borne disease. In a recent case, a dog that had shown no preliminary symptoms ran just fine in a workout and then lost its appetite. Within two days it could barely drag itself out of the sleeping box in its kennel. Rapid diagnosis and treatment becomes even more critical in these types of extreme cases.

Fortunately two factors have changed in the diagnosis of tick-borne diseases. First, most vets have become far too familiar with the outward clinical signs of the diseases due to their increased incidence among the clients of most veterinary practices. The second factor is the availability of an easy to use in-clinic test that detects all three tick-borne diseases as well as heartworm. The Snap 4Dx test created by Idexx Laboratories requires a small blood sample and takes less than 10 minutes to present a result. In the case above, the test showed the dog had a double infection of both Lyme disease and anaplasmosis. The Snap 4Dx test does not give a false positive for dogs that have been vaccinated against Lyme disease. Prior to the Snap 4Dx test a blood sample had to be sent out for either an ELISA or Western Blot test which could take a week to 10 days depending on where you lived and how the sample was sent. Once you know if a dog has a tick-borne disease, treatment is rather straight forward.

In most cases, three to four weeks of doxycycline at the rate of 100mg twice a day (with food) is recommended for field trial size dogs. If a dog is especially lame from inflamed joints a veterinarian may also prescribe an anti-inflammatory drug. With the case mentioned earlier the dog appeared pain free within a week and seemed 100 percent before the end of the treatment with antibiotics.

A couple of notes of caution should be added here. First, some large kennel operations have begun using a regular course of antibiotics as a preventative rather than testing and treating individual dogs. There are some major drawbacks to this practice as there can be negative side effects to the drugs as they kill helpful bacteria in the gut that aid digestion and in the nasal passages that aid in scenting. In addition, long term and/or frequent use of antibiotics can create antibiotic-resistant bacteria.

The other caution regards pregnant bitches. Certain antibiotics can cause a reaction in the bitch which brings about absorption of the fetuses. To further complicate the situation with an infected pregnant bitch, the tick-borne infection, if it progresses, can cause the same reaction. Where treatment is necessary during pregnancy, owners need to proceed with caution and seek out professional advice as to alternatives to the usual course of antibiotics.

Chances are even the most diligent kennel managers are going to experience cases of tick-borne disease among the dogs in their care. You need to be alert to the possible symptoms and then seek a firm diagnosis followed by aggressive treatment to avoid long term damage to your dogs from the big three.

# The Brittany Cover Dog

By Dave Marshall

Publishers Note: This is the first of several articles about the training of Cover Dogs.

At age sixty-two, and forty years after starting a career as a professional dog trainer and handler, I have decided to sit down and address the object of my passion, The Brittany cover dog.

My name is Dave Marshall, and to understand why anyone should listen to an old flat footed dog handler, I should tell you where I come from. My dad was a hunter-rabbits, birds, ducks, really anything that would run or fly. As Dad would take me every weekend of the hunting season, I followed his friends and him through the covers of Rhode Island and Southern Massachusetts. I was not allowed to shoot until I was ten years old. Dad's hounds were good, all purpose dogs. They would run a rabbit until you shot it, but even better for me they liked to track and put birds in flight. The most fun I had was trying to shoot these birds on the wing. Dad would always complain a little about the amount of shells I would shoot to kill a few birds (some things never change), but he knew it was fun for me and let it go. A wing shooter was born. When I became more interested in birds than rabbits, I had to find a dog that would do for me.

My friend Paul O'Neil always hunted with his dad, and Paul senior had a brace of Springer Spaniels. Paul invited me to go hunting with them one weekend. Cindy and Impy were good dogs, and impressed me with the way they worked. Mr. O'Neil had them under control all the time and we shot a few birds. These dogs had a tremendous desire to find game, occasionally jumping a rabbit. We were not allowed to shoot what Mr. O'Neil called "off game," but he did not discourage this activity as much as I would have thought. He explained that it was good for the dogs over all to have a little change of pace. This was a very important piece of information that I would always remember. In any case, I had found a better way to shoot birds.

High school came along and my attention went to athletics. While football, basketball, and track were the focus of my attention, I hunted whenever I could, and studied to keep Dad and Mom happy. College was the same.

Throughout my athletic career, I fortunately had great coaches, and learned how to develop as an athlete. From great examples, I learned how to develop athletes, coaching three sports the first year I taught high school. I enjoyed working

with students to become better athletes and sportsmen, but my heart was always with animals, dogs and horses.

Coaching gave the ability to develop a young person into a good athlete. I then decided to try the same concept with dogs. In 1973 I got little Brittany out of Way Kan Fritz, acquired from Ron Stevenson. Ron hooked me on Brittanys, and the people around them. Thus, in 1974, I began training professionally, handling dogs in AKC Brittany field trials from Maine to Florida. I believed, as I do now, that a good bird dog was the same regardless of breed, and ran my dogs in American Field all-breed stakes to prove it. In winter, we worked dogs from horseback in South Carolina, and walked the covers of New England in the spring and fall. The same dogs worked as well in each type cover. In the thirteen years of full time trialing, I placed over four hundred dogs, made over twenty AKC field champions, a hand full of American Field champions, and handled five dual champions that I know of.

My mentors in the early days were a wide range of great professional trainers. William (Bill) Conlin took me to the Canadian prairies, where we worked all age setters and pointers from horseback. I will never forget the beauty of those grounds, thirty-nine thousand acres of bird cover. Bill taught me to appreciate the value of the all age dog, and where that animal belongs in our breeding programs. I watched and learned the methods of Eddy Frisella who worked his setters in the tight covers of Rhode Island. Ed was a competitor to last second of every brace he ever ran. Bob Paucek is still teaching dogs to handle in the covers of Maine and in the open fields of South Carolina. Bob explained to me early on that a dog should handle where ever he is. The key here is to understand the diversity of style and method of all these trainers. I felt I could take information from each and develop my type of dog from there.

Because evaluation is what a trainer should do best, I have tried to look at as many dogs as I could, and have had the privilege to judge all the major eastern championships at least once including The Brittany Gun Dog Championship twice, The National Amateur All Age Championship once, and many others.

My wife Sarah Conyngham and I run Centerville Farm and Kennel. We train gun dogs and field trial dogs for the amateur handler. We also put on training seminars. More importantly, in the last five years we have spent most of our time teaching people

to handle their dogs, whether it be a gun dog, trial dog, or show dog whose owner would like to try handling. This service has allowed me to observe many different blood lines in the Brittany breed. This process of training both dog and handler has given me the opportunity for a better look at the breed and its overall use.

I can conclude from these observations that one can get a good dog from almost any present day blood lines. To the credit of our Brittany breeders, the overall genetics have been well kept. The key to how good the individual will be is in its development from puppy hood to adult. With a little luck and some common sense, you can develop what you need.

Personally I have a passion for a fast moving, agile dog with the ability and intelligence to dissect the cover and find birds. This animal's nose must be good enough to complement its speed. This dog must enjoy people enough to work within the skills of its handler. This is what I call Trainability! The modern day Brittany has all the above stated traits, making it the perfect cover dog.

When coaching humans, I had to push their abilities to their limits. It was also important to keep that athlete interested and up beat, as they worked hard. I had to develop a system of cross training. I would have my football linebackers play tennis, my line men would work gymnastics, balance etc. When we create a diversity of training methods all pointing in the direction of the same general skill, the athlete can develop with much more stability and confidence.

I find that dogs need the same cross training. My friend Mr. O'Neil with his Springers chasing rabbits was the first example of this I had witnessed, but at the time I really didn't understand the concept. My methods of cross training work around the changing of cover, the means of conveyance ( handling from horseback, foot, or A.T.V.), and a variety of bird types in various terrain.

In a series of short articles I would like to expose my thoughts on how to acquire a good cover dog and discuss its development from puppy hood to finished field dog. I also hope to encourage Brittany owners to continuously support hunt tests, cover dog trials, and their local club events, shows and field trials.

Remember you can never teach a dog too much of something he loves to do, as long as you keep it fun.

## MEMBERS OF THE AMERICAN BRITTANY CLUB

GREAT

IDEA

**Give the gift of a new membership... to give the opportunity to someone to learn about and participate in the American Brittany Club.**

This membership campaign is really quite simple, we are asking every member to donate/sponsor a membership in the American Brittany Club. This "gifted" membership might be to a puppy purchaser, or a friend/acquaintance who has a Brittany. All of us encounter people who may just need a little encouragement to become members.

This can work, but it is totally dependent upon your support. Please use the ABC application form in the back of the magazine to enroll a new member today. You may donate/sponsor multiple new memberships. The names of new members & ABC sponsors will be published in the magazine on a quarterly basis.

**THIS IS OUR CHANCE TO MAKE A DIFFERENCE!**

# Listings: Kennels • At Stud • Trainers & Handlers

The below listings of Kennels, At Stud and Trainers & Handlers does not constitute an endorsement by the American Brittany Club. Persons contacting advertisers should determine for themselves which ones are most suitable.

## Kennels

# American Brittany Club Futurities

## CONDITIONS AND RULES

Rugged. Reliable. Proven.  
The Leader in Electronic Dog Training Equipment for over 40 years.

- American Brittany Futurities shall be open to every purebred Brittany bitch and her progeny whelped during the calendar year of January 1 - December 31 and whose litters have been enrolled with The American Brittany Club.
- Bitch must be owned or leased by an American Brittany club member.
- All dams nominated and all sires bred to must be registered or eligible for registration.
- Nominations of dams must be made within 30 days after the bitches have whelped.** A sum of \$30.00 must be paid at this time. This payment will entitle each puppy of this particular litter to be entered in the ABC Futurities (Field and/or Bench) after the dog has been properly registered in a recognized stud book.

- Late litter nominations will be accepted with the following current fee schedule:** Late fees are: \$30.00 for 31-60 days, \$60.00 for 61-90 days, and \$100.00 for any nomination received more than 90 days after whelping. No nominations will be accepted past 180 days of whelping. Additional late fees may be imposed from time to time by the ABC Board of Directors. The postmark will determine the fee for late nominations.
- Dogs will be eligible to run in the designated futurity to be held in the Spring of the second year following the year of whelping.
- A final nomination fee will be due by September 15th of the year following whelping. Entry fees will be paid by the owner of the puppy for each Sectional Futurity field or bench event the dog enters.

### THE AMERICAN BRITTANY CLUB 65th ANNUAL FIELD & 50th ANNUAL SHOW FUTURITY

#### Trial and Show to be run Spring of 2013

For all purebred Brittany bitches whelping a litter on January 1 thru December 31st, 2011, who are owned or leased by a member of The American Brittany Club.  
Nomination must be made within 30 days of whelping or subject to a late penalty fees • **NOMINATING FEE: \$30.00**  
**PURSE: 2/3 to Owner of Winner, 1/3 to Breeder of Winner**

**THE AMERICAN BRITTANY CLUB, INC.** is a member club of the American Kennel Club and is the recognized breed sponsor by the American Field.

The Club is composed of many Regional Clubs located from coast to coast. Most hold a licensed AKC field trial for championship points in the spring and fall seasons. Many hold a specialty (conformation) show and hunting tests. The Regional Clubs hold meetings to discuss mutual problems, fun trials, training sessions and other events of interest to their members.

**BECOMING A MEMBER:** Full membership in one of the Regional Clubs carries an automatic membership in the American Brittany Club. Full Membership cost is \$30.00 per year and \$3.00 per year for each Associate Member. Regional Clubs may charge higher dues. You may apply to join the Regional Club located nearest to you, or if there is none in your area, you may become a Member-at-Large of the American Brittany Club. Joining a Regional Club will afford you with the most opportunities for interaction with other Brittany owners.

**GIVE A GIFT MEMBERSHIP:** We are asking members to give a gift membership to a puppy purchaser, a friend or acquaintance who has a Brittany. All of us encounter people who may just need a little encouragement to become members.

**APPLICATION FOR MEMBERSHIP IN THE AMERICAN BRITTANY CLUB, INC. – Please send this application with payment to: *The American Brittany Club, P.O. Box 1945, Pelham, AL 35124-5945.*** A Full Membership will entitle you to the monthly magazine, *The American Brittany*.
