## ***Objective and Purpose:***

*To promote cooperation and friendship among the breeders and owners of Brittanys and to encourage higher standards in breeding, training and showing of Brittanys in the field and in the show ring; to discourage the breed from becoming split into groups of "field dogs" and "show dogs" and to strive to keep it forever a "dual dog".*

**TIDEWATER**  
**Richmond, VA**  
**January 25–26, 2019**

**Best in Sweepstakes**  
**HALFMOON WOODLAND MON COUER**

The Tidewater Brittany Club hosted two specialties January 25 and 26 at the Richmond Raceway. As always, the Middle Peninsula KC were gracious hosts to the Brittany exhibitors.

## January 25, 2019

Friday afternoon, Denise Walker passed judgement on a lovely crop of puppies and chose Dorothy Moon's lovely Halfmoon Woodland Mon Couer as Best in Sweeps. Deb Rudert's handsome May-Jay's Flying Colors From Millette was awarded Best of Opposite Sex. There was not a dry eye as Jill Wilkinson paraded 14-year-old Luke, CH RKJ BRB Nitro Hunter Luke, JH around the ring. Luke has introduced lots of 4H kids and junior handlers to the wonderful world of purebred dogs. It was great to see him get the cheers he so justly deserves!

Nancy Tuthill, of Cambrian Pointer fame judged the independent specialty. She commented that the overall quality of dogs shown was very good, however, she felt that there were several dogs with bad bites, and some heads were trending towards far too much stop. She advised that movement was very important in deciding her picks.

Winner's dog was the BOS in Sweeps, Eli, with reserve going to Dual Lanes Let Freedom Ring.

Winner's bitch and Best of Winner's was awarded to the bred by bitch Harley Quinn, Labyrinth N Illusion Gotham City Siren. Reserve went to the six-month-old Illusion N' Labyrinth Take The Money and Run.

Best of Breed from the field trial dog class was awarded to National Specialty BOB GCHP Labyrinth N Illusion Slippery When Wet, JH. Slick enjoyed getting to team up with his handler Rachel Weider again. Best of Opposite sex was awarded to a delighted Jill Wilkerson with GCH BRB Phee'b's Magic Point.

## NORTHERN VIRGINIA

**Manassas, VA  
May 18, 2019**

Our specialty was held at the Prince William County Fairgrounds. It was a beautiful sunny day, uncommon for the third week in May, where history has proven many past rainy events! Many thanks to the NVBC members and Chewy.com who sponsored the trophies, which this year included quilts, engraved Brittany wine glasses, and Amazon gift cards at the specialty and the supported entry shows.

Thanks to Barbara Bice for recording results and kudos to Mike and Julie Lee for arranging breakfast again this year for all the exhibitors.

Sweepstakes Judge Terry Hilliard had a patient and gentle for these youngsters, making their early show experience a positive one. Our judge selected Lakeviews Take it To The Limit for Best in Sweepstakes.

Mrs. Ruth Zimmerman judges the regular classes and Best of Breed. Both Best of Breed and Best of Opposite Sex expertly two Junior Handlers. Judge Zimmerman awarded Best of Breed to the male GCHB Tail'z End Turbo Power From Dual Lane's CGC JH TKN (handled by Paige Giebel) who also went on to win Group 3. Her choose for Best of Opposite Sex was GCH BRB Pheel'Bs Magic Point (handled by Olivia Persinger). Judges choice for Winners Dog/Best of Winners for a 3–point major was Tail'z End Impulsive Faster Than a Speeding Bullet. Winners Bitch went to Lakeviews Take it To The Limit.

The Reserve Winners Dog selected was Brookewood's Go For Gold

and Reserve Winner's Bitch was Polo's Northern Exposure of Cameron Mtn. Select Dog went to GCH Arrow's Just One Look, That's All It Took and Select Bitch went to GCHS Trio's Everlasting Dreams CD Rn BN TKI.

Thank you to all exhibitors and NVBC members who helped make another successful specialty. We could not have done it without you. Matt and Laurie O'Donnell

## SAN DIEGO

Pomona, CA

May 24, 2019

The San Diego Brittany Club Specialty was hosted by the San Fernando Kennel Club during the Mission Circuit Cluster in conjunction with the Summer ABC Specialty and the California Brittany Club Specialty. All were held on the Memorial Day Weekend in Pomona, California at the beautiful LA fairgrounds facility. This year we had an entry of 64 amazing Brittanys with 5–point majors in dogs and bitches when included 2 Veterans, 1 Field Trial Dog and 22 Best of Breeds.

Our Sweepstakes judge was Ms. Sandy Garlinger, breeder of Samoyeds, who made an excellent assessment of puppy and veteran entries. She was most encouraging and helpful with the young pups and vets alike. Her Best in Sweeps Choice was Trixie, Mich's Mt Tricks of the Trade with owner/handler Arlene McCabe and Best Opposite in Sweeps was Jax, Sherwood Forest's High Speed Pursuit with owner/handler Christa Wedel. Ms. Garlinger's Best Veteran in Sweeps choice was Joe, GCHS Premier's All About Avatar owned by John and Nancy Reardon. Best of Opposite Veteran was Jingle, CH Premier's Jingle All The Way

Who thoroughly enjoyed her return to the show.

We were pleased to have Mr. David W. Haddock as judge who worked diligently in his specialty assignment. He was pleasant, thorough and efficient.

Trophies were provided by Britgade Photography and Arts, Deborah Frane owner. The theme of the trophy collection was Picnic in Southern California with delightful picnic bags, water spritzers, water coolers, wine glasses, all with a Brittany motif. The trophies were very well received by the participants and recipients alike.

A hospitality table was enthusiastically enjoyed by all.

We are so grateful to our board and few but energetic members as well as the ongoing support and comradeship with the California Brittany Club. Hope to see all again in 2020.

**CALIFORNIA  
Pomona, CA  
May 26, 2019**

Mission Circuit cluster of shows in Pomona, California hosted this year by the Los Encinos Kennel on May 26, 2019. We had an incredible turnout thanks to co-hosting with the San Diego Brittany Club, the 2019 ABC Summer Specialty. There were 68 Brittany's entered over the 4-day weekend, the largest breed entry for the cluster this year. Whomever said, "It never rains in Southern California . . ." got it wrong! Our normal beautiful sunny California weather was absent a couple of the days.

Still, a good time had by all and we had a very successful show and weekend. Our Sweepstakes judge was Mrs. Amy Booth and the Regular classes were judged by Mrs. Kathy Lorentzen. The trophies were beautiful woodworks engraved with Brittany's by Roger Kibbee and artfully displayed by Peggy Echavarria. We had a combined entry of 67 Brittany's on Sunday, including Sweepstakes entries.

Our Northern California neighbors once again brought the Best Of Breed – GCH RIVER RUN NOBODY DOES IT BETTER SH, o Gail Easter & Joel Dannewitz. Best Opposite Sex was the Veteran Dog GCH SANBAR'S RIDE THE WINDS, o Robert West, Polly West and Carolyn West and Wayne Pepin.

Greg Lampman and Kurt Conklin laid out a table of delicious sandwiches and chips and everyone was invited to lunch and comradery. Club members brought salads and dessert that CBC club members and Brittany exhibitors alike enjoyed. Our 2018 Dog of the Year Awards were presented and our General Membership meeting was held with a nice attendance. Thanks to Karey Lampman, we had a nice basket raffle entry!

Congratulations to all of the winners at our show and Dog of the Year Awards. We look forward to seeing everyone again next year, even those Northern California Brittany Club members who came down and walked away with Best of Breed second year in a row!

Thank you to all of the Brittany community from across the United States that came to play in Southern California. You all brought some beautiful Brittany's for us to enjoy up close and personal.

A huge thank you to our volunteers that worked tirelessly to pull everything together at the last minute!

# Western Region ABC Futurity 2019

The ABC Western Futurity was hosted by the Oregon Brittany Club in Madras, Oregon on April 4th and 5th. Held the day after the Field Futurity, the show ran in a rather unique location – in one of the bays of the Erickson Aircraft Museum. This site gave us plenty of room for exhibitors and friends, a large show ring, and really cool win photos!

Our judge was breeder Robin Tomasi, who did a great job sorting out some pretty tough classes.

Thanks go to Linda Langford and the rest of the ABC Futurity Committee for their excellent guidance, to Sherry Palmer for exhibitor lunch, to Shane and Rebecca Hulstein for live-streaming the event, and especially to the Field Guys who came out to help set up and take down the show ring!

**Western Futurity 2019 Spring**

Oregon Brittany Club was honored to host the 2019 Western Futurity in Madras, Oregon. It was a very cool wet week for the futurity, but the day of the field competition was mostly dry with intermittent showers. Three dogs competed for the all age stake, and eleven for the gun dog stake. Judges for the event were Larry Sandusky, Meridian, Idaho, and Steve Cosgriff, Vancouver, Washington. We wish to thank Purina for their continued generous support, and everyone who helped plant birds, and kept the event going smoothly.

While the field may have been smaller than in the past, there were some powerful all age performances and very classy gun dog runs for the judges to contemplate. The running:

**Gun Dog**

**Brace 1: Rockin E's Outlaw Bruce Dern (Bruce)/Colby Healey and Trio's I'm Finn-Tastic at Campbells (Finn)/Ben Campbell.** Both dogs looked like all age dogs at the breakaway, disappearing over the far ridge. Finn eventually showed and had a good race and several contacts with birds but failed to show a full stop on his points. Bruce was not seen again after the breakaway and was found approximately two miles south. He obviously has a powerful run and great ground speed.

**Brace 2: Cross Creek Lady Lawyer (Markie)/Ted Foster and MTB Calpatch Scipio's Sole' (Sole')/Paul Doiron.** Both dogs ran a nice gun dog race for the first half. Sole' had a broke dog find with great style at about 15. At about 20, Markie took a notion to head southeast at great speed, and it took some work on the part of the scout to bring her back to the task at hand. Sole' finished with three finds, handled easily, and stayed to the front.

**Brace 3: West Mountain Break The Bank Sparky (Sparky)/Richard Lowe, and Wind Mountain's Wildest Dream (Roxie)/ Paul Doiron.** Sparky had an initial outstanding gundog performance but was lost on point in the heavy sage in the bottom, causing the handler to engage the tracker. Roxie finished a moderate gun dog race with two classy finds.

**Brace 4: Caliah's Freedom to Roam (Rogue) and Westwinds Gun Runner's Hope (Gunner)/Steve Ball.** Rogue had three finds and displayed great style and enthusiasm. Gunner also had finds and hunted well and efficiently, particularly after his first find.

**Brace 5: Leona Valley's Kodiak Bear (Bear)/Paul Doiron.** Bear ran as a bye dog and had a great start but slowed somewhat as the brace progressed. He had four finds with very good style. He was well off the first find, showing a great nose.

**Brace 6: Meadowview's Destiny Hope (Miley)/Foust and Cove Creek's Whispering Breeze (Breeze)/Wayne Hale.** Miley ran very well and covered plenty of ground in a fast forward pattern. He had two finds and showed great style and intensity. Breeze ran well and fast and had an honor and then pointed the same bird that Miley already had corralled.

**All Age**

**Brace 1: Spanish Corral's Big Iron (Colt)/Joe Gower, and Leona Valley's Micro Moose (Moose) Paul Doiron.** Both dogs pushed strongly forward, but Colt ran at the limits of the course, while Moose was making slightly shorter casts. At 15, Colt had a great find on a chukar out for a stroll in the open. He handled

the pressure fine. At 26, Moose had a great point and Joe whoaed Colt in for a back. Both dogs finished strong and forward.

**Brace 2: Dynamitemakeit (Dyna)/ Paul Doiron.** True to her call name, Dyna ran fast and furious and stayed forward. She ended up with two finds at the end and finished strongly forward.

# 2019 ABC Chukar Classic/Championship

May 1-2, 2019

Mile Post 9, Marsing, Idaho

As Seen By Jim Hammett

**L–R: Tom White, Paul Doiron w/ CH Sonny, Margaret Horstmeyer, Dan Doiron w/ RU Ty, RJ Marquart– judge, Joe Gower w/ Colt, Jim Cochran– judge, Jessica Carlson w/ Dani & Ed Tillson**

Wild chukar, those grey ghosts that haunt the rocks, cliffs, and steep slopes of the arid mountains of the interior West, are either hunted once and never again or to some, including this describer, are addicting. It is not so much the birds, tough and noble that they are, but rather their habitat that makes them special. No bird in the vest goes unpaid for by dog or hunter. The currency is sweat, sore muscles, dented and splintered shotguns, aching joints, torn pads, and an occasional face-plant in rocks or crusty snow. The solitude, incredible vistas, cold crisp air, and simply the wildness of chukar habitat will, for some, make hunting any other game bird seem lame by comparison.

It is fitting that ABC's Chukar Classic has hopefully found a permanent home in Idaho's beautiful Owyhee Mountains. Native chukar and huns are plentiful here. The course runs parallel to, but distant from milepost 9 and milepost 7 of US Highway 95 and is located in the high terrain between Marsing, Idaho, and Jordan Valley, Oregon. It is a thin-air and often windy place where good scouts and tough horses are needed. Down low on the course, a good dog can earn a placement by staying forward and being seen only occasionally in the rolling terrain. But the dog that usually wins is the one that is naturally drawn to the rocks, cliffs and vertical slopes high above the horse track to the southeast. When a judge's horse gives out trying to reach one of these classic finds, and he or she must dismount and trudge upward afoot, or watch the flush from 200 vertical feet below, that judge will usually not forget the dog and the point!

This year's judges, RJ Marquart, from Moses Lake, Washington, and Jim Cochran, from Fall City, Washington are seasoned pros that missed little, put in long days negotiating rough terrain, gave scouts and handlers an appropriate amount of freedom to show their dogs, and knew what they were seeing.

Purina and Garmin both generously supported this championship with dog food and electronic gear. Their support is both valued and needed.

Another valued partner is the U.S. Bureau of Land Management that manages our public land in much of the West and these trial grounds. They demonstrated their commitment to public use by extending the Idaho Brittany Club's permit to enable us to also run a grand open limited gun dog/one-hour shooting dog stake after the weekend trial and before the Classic.

Tom White and Margaret Horstmeyer led the Classic's Idaho Brittany Club support team with the planning, food, transportation, bird planting, and logistical support. The team put on a flawless event, with memorable lunches, dinners, laughter, and comradery. The weather also behaved itself. Though windy on both days, the skies were blue and the May sun provided the radiant energy needed to moderate frigid morning temperatures. After a wet early Northwest spring trial season, the wind seemed a small price to pay for sunshine and dry ground.

This year's winner, 10-year-old NAFC GFC FC AFC Spanish Corral's Sundance Kid (Sonny), is now a three-time repeat champion of this Classic. One of the greatest dogs in the West for both accomplishment and progeny, he was memorably and fittingly handled by Paul Doiron, his initial trainer, and scouted by his owner and Paul's sidekick, Joe Gower. When Joe and Paul quit squabbling, this duo is very hard to beat. Few runs stick with you for long; Sonny's 2019 run will for me for the quality shown by both dog and handler. The scout did not have to do much, but I am sure he will also remember the show! The runner-up, not surprisingly, is one of Sonny's sons, FC SR's Blew By Typhoon, a four-year-old male, owned by Dan Doiron, and also handled by Paul and scouted by Joe. Their performances are described below.

## **The Running:**

**Day 1:** The temperature started out downright frigid, with blue skies, in the mid- to upper-20s with a moderate southerly breeze.

**Brace 1: K Nine Finale's Way to Go (Allie) – Paul Doiron, handler and Wild Wild Willie (Willie) – Steve Cosgriff, handler.** Allie and Willie broke away strongly to the front. Willie was not seen until he materialized laterally streaking down the hill towards his handler at about 10. At 19 he was discovered standing on course with great intensity. All was in order with the flush. Willie continued to demonstrate his remarkable ability to find first-brace birds with a total of four finds down low and one non-productive. He finished strong, forward and low on the hill in the bowl past the gravel road. Allie was at times erratic, and came from behind twice, but showed great enthusiasm and ground speed. She, too, finished strong but birdless.

**Brace 2: Rusty Ridge Where U Been (Been) – Paul Doiron, handler and Zip's Count Me In (Tally) – Dr. Patti Van De Coervering, handler.** Both Been and Tally had a quick sprint straight towards the high ground at the breakaway. Been headed high and forward quickly, with Tally spending time thoroughly searching the first draw before going forward. Been came down from the ozone at the pond at about 20, and quickly had three successive finds down low. However, the third find at about 30 was one too many and resulted in a break and he was picked up by Paul. Tally continued an up-and-down strong forward run, ending in the rocks above camp. She ran and finished big, but birdless.

**Brace 3: Scout Upland Trialblazer (Scout) – handled by Ed Tillson, and Tequila Tyler on Fire (Tyler) – handled by Vic Retherford.** Scout elected to stay relatively low throughout the brace but Ed pushed him forward and he scored one find at about 45. Tyler was on fire at the breakaway, disappeared, and was found up near the ridge top by the scout and sent down to Vic at about 18. Tyler went on to have two good finds at 30 and 50 and a non-productive at 22.

**Brace 4: SS Rig's Colorado Gun Runner (Riggs) – handled by Ed Tillson, and Cedar Creek Hawkeye (Hank) – handled by Joe Waitman.** Both dogs initially ran a shooting dog race, with Hank clocking a nice find down low at about 20. At approximately the same time, Riggs decided west looked best and headed out to explore the rolling grassland. After he disappeared over a far ridge, Ed pulled the tracker at about 25 and went after him. Hank had another nice find at 30, but never got the all age juice flowing and Joe picked him up at 52.

**Brace 5: Spanish Corral's Sundance Kid (Sonny) – handled by Paul Doiron and Fire Starter's Crossed the Line (Ty) – handled by Ed Tillson.** At breakaway, Sonny shot forward, disappeared, and was not seen until about 7, where he was watered, and sent forward again. He remained forward running strong and mostly out of sight. At 16 he was found standing intensely, a bird was produced, and all was in order. Ty, meanwhile, began to warm up into a nice up-the-hill forward run. Though not particularly fast, he was a long way up moving forward and powerfully. He had one find at about 43. Sonny continued forward, got into an argument with Paul over whether he really needed water at 42, then rolled forward again and was found standing 50 yards south of the fence at 48. Paul, looking like a younger more flexible self, rolled under the barbed wire, trotted forward and produced the bird. From there, Sonny was cast west toward the finish line, but he had other ideas and headed north disappearing over a ridge, with Joe, his scout, trailing him. Paul, meanwhile, just rode his long-striding bald-faced horse westwardly at a confident clip. With two minutes left, Sonny's scout rolled over the ridge gesturing up high and forward. Paul made sure the judge saw the white dot that was Sonny, heading west, high in the bowl. Time was called. Ty, meanwhile, ended in the far western portion of the bowl with a non-productive. This was a fun brace with two

great senior dogs doing all the right stuff.

**Brace 6: High Lonesome Sage (Sage) – Jim Hammett, handler and Tequila Scorcher (Lincoln) – Ed Tillson, handler.** Sometimes it is difficult to write positive things about a brace. It was efficient and brief. At breakaway, both dogs sprinted toward the high hills. With handlers still fumbling with stirrups and whistle, both dogs were just visible running together out about 350 yards and were crossing a small wetland more suited to snipe than chukar. A planted bird was encountered, ripped, chased, and sent to higher more suitable habitat by both dogs. This ended Day 1.

**Day 2:** Temperatures were still cold, but perhaps five degrees warmer than Day 1. The wind was light and variable to start with but became moderate from the southeast by the afternoon.

**Brace 7: Spanish Corral's Big Iron (Colt) – Joe Gower, handler and MTB Louree's Let's Have a FEE-ESTA (Esta) – Tom White, handler.** Both dogs broke away strongly forward and up the mountain. At 8 Colt came in from above. Esta apparently continued southeast exploring the vast country in that direction on her own. Colt then headed to the flat country toward the west, showing his ground speed nicely as he made an extended loop out and forward. At 15 Joe watered Colt and got him reoriented to the more chukar-like terrain to the southeast. At June's rock, at 19, Colt had his first find up the hill. He was intense and stylish through flush. At 23 Colt had a find far forward in a patch of sage with handler and judges back perhaps 300 yards. It took some time to get to Colt, but he stood staunchly through the approach. At 42, above the pond, Colt had a third find. From there, Colt went far up the hill and was difficult to spot, as we were looking into the bright morning sun. At 52, Colt had a fourth find above the beehive rock near the fence. Colt finished high in the bowl to conclude an impressive run.

**Brace 8: SR's Blew By Typhoon (Ty) – Paul Doiron, handler and Almaden's Under Lock And Key (Oudi) – Ed Tillson, handler.** At 2 Ty went on point near the fence below beehive rock. No bird was produced after a relocation. Ty then went up on the hill and had a nice chukar find at 7. Subsequently, Oudi stayed low, and Ty stayed high, above the old pointer trail, and went on point by a large rock outcrop. It was a classic wild chukar find on a planted bird. Paul produced the bird and Ty stood firm. At 19 a goofy antelope headed up the hill above Oudi and toward Ty. Miraculously, this did not create a problem for either dog. Oudi, meanwhile, was staying low working the foothill. At 21, the scout brought Oudi forward after an extended foray to the west. At 36, Oudi had a find down low and all was in order. Ty continued to gravitate toward the ridge top and stayed in the rocks most of the brace. At 51, Paul watered Ty and sent him high, toward the ridge top, dragging the scout with him. Ty stayed high and out of sight until 57 when he showed forward and coming down to Paul. Trying hard, Paul just could not get Ty to charge forward, and he finished weakly — the only hole in a great race. Oudi also finished visibly tired but trying.

**Brace 9: Spanish Corral's Sonny Patch (Patch) – Joe Gower, handler and Arrow's Tequila Rustler (Rusty) – Ed Tillson, handler.** Both dogs initially went far west in the flats of the gundog course. It took a while to get them back. Rusty came in first and went up the hill, somewhat enchanted by the abundance of ground squirrels that were enjoying the morning sun. At 14 Patch decided to join the party and showed up from the front. After Joe watered him, Patch must have remembered something good on the flats, so he took off again to the west and flat ground. Rusty stayed on the hill for a while, then joined Patch on the west side of the road. At 27 at the pond, Rusty appeared gassed but kept forward. At 48 Rusty got picked up. Patch stayed on the flats and finished birdless in the bowl.

**Brace 10: Blew Me Away (Bud) – Paul Doiron, handler and Alar's**

**Dirty Dancer (Dani) – Ed Tillson, handler.** Both dogs broke away very strongly and aggressively, heading high. At 17 Bud was standing well up the hill near the pointer trail. Paul produced the bird and all was well. Bud stayed high, while Dani was working the lower hillside. At 25, Bud put up a bird and Dani had her first find. At 37, Dani had a nice find well up the hill above the gun dog course. She stood rigid and intense through the flush. At 41, Dani had the third find, probably on the same bird, but down course. Dani continued forward strongly, and finished way out front, disappearing over the low ridge on the all age course. Time was called with the judges waiting to see Dani at the end. Both scout and handler worked hard for 8 minutes searching for Dani, who was finally found and shown with one minute to spare.

**Brace 11: JT Copper Buckaroo (Buck) – Paul Doiron, handler and Rev'n Gunrunners Tilly (Tilly) – Ed Tillson, handler.** It was a short run for Tilly. She disappeared to the west and Ed pulled his tracker at 15. Buck, meanwhile, had a forward big shooting dog race and a bird-finding extravaganza. He had six nice finds, and one non-productive on a hawk kill, finishing on the hill north of the starting line in great style. The entire gallery could watch him working scent on his final bird, finally nailing it right at time.

**Brace 12: Spanish Corral's Wild Bill (Billy) – Paul Doiron, handler and Hoochie Coochie Man (Karl) – Ed Tillson, handler.** At 5 Karl found two birds shading up at the lone juniper. All was in order

with the flush. Billy went up on the side of the hill and stayed to the front nicely. At 10, Karl was not pleasing the handler and was picked up. Billy continued forward and was not seen again. Evidently, the handler, scout, and judges rode past him on point, with Billy hidden in the shade of a large rock. He was found later with the tracker still on point.

**Brace 13: MTB Louree's V-0-2 Max (Max) – Tom White, handler (run as a bye).** Max was gone from the start, disappearing from the starting line with his extreme forward speed. He was not seen again. Tom eventually returned to the camp with Max in tow.

# INTRODUCTION TO THE BRITTANY: INTRODUCING BIRDS

By Martha H. Greenlee and David A. Webb, © 2003

The age that you introduce your Brittany pup to birds depends on the personality of your puppy. Three months old may be fine for a bold pup, but you might wait until the pup is 5 or 6 months old if he is timid. Your pup should be confident when he runs on different grounds. He may be self-assured in the yard, but he also needs to be sure afield. If he acts unsure in any way when he's out running, he's not ready to be introduced to birds.

Once the pup is running with confidence on different grounds, you can begin to introduce him to quail or pigeons. These birds need to be good flyers so your pup can't catch them. Match the size of the bird to the pup. Small birds (quail) work best for young puppies. Larger birds (pigeons) work fine for older pups. The flapping wings of a pigeon may hit a small pup in the face and frighten him. Be observant. If he acts uncertain, if he hesitates or looks back at you at any time during the introduction, he's telling you that he's not ready. Let him get a little older before you try again.

To introduce your pup to birds when he is 3 to 5 months old, do the following.

- Take 2 or 3 good flying quail to a small field.
- Dizzy each bird by holding the body and spinning its head just enough so its head droops to the side.
- Toss the bird down along a tree line where there is enough cover to hold it.
- Plant each bird separately so that you have 2 or 3 objectives to walk to.

Now go get your pup. Do not take him directly to a bird. Let him run free and hunt on his own. He is still young enough to want to go with you. Walk in the general direction of the bird but don't call him or in any way indicate where the birds are. This is the reason for putting out 2 or 3 birds. All you want to do is work him on one bird. If he misses the first bird, continue to walk to the next bird. Don't try to call him back over ground he's already hunted.

Once he finds a bird, he may point it, pounce on it, bark at it, and so forth. Whatever he does, let him do it on his own. If the bird flies, let him chase it. If he starts to chase but stops and looks back at you or comes back to you, he's telling you he's unsure. Wait a week before working him on birds again.

A puppy has a short attention span so train him in 15 minutes sessions. Be careful not to tie him out or let him lose interest. Continue to work him on birds as long as he's not catching them, and you can pick him up at the end. Be quiet while your puppy learns about birds and scent. When he gets older, you will have to correct him for chasing birds, so, by being quiet now, you aren't indicating your approval with your voice.

An older pup needs to catch a bird and taste it. If your

pup is 5 months or older, you can work him on pigeons. Pigeons don't hold like quail and will fly off unless tethered in some way. To make a cardboard tether, cut an 8"x10" section from a cardboard box. In one corner punch a hole. Then cut a piece of yarn about 18" long. Double the yarn and tie the two ends together. Push one end of the doubled yarn through the hole and separate it to make a loop. Take the other end and put it through the loop. This forms a half hitch between the hole and the edge of the cardboard. Now form another half hitch with the tag end of the yarn and slide it over one of the pigeon's feet. Placing the cardboard tether on only one foot puts the pigeon off-balance. The bird is able to fly, but the cardboard spins around forcing it to land. For strong flyers, you may also want to pull a couple of flight feathers from one wing.

- Dizzy the pigeon by holding the body and spinning the head just enough so it droops to the side.
- Toss it down in a small piece of cover in an open field.
- Keep the pigeon away from trees because the cardboard can get hung-up in them.

Now go get your pup. Attach a 12 ft. checkcord to his collar, since, at this age, he may not listen to you. If he's never had a checkcord on, walk him around until he gets used to it. Once your pup is comfortable hunting at the end of the checkcord, bring him in to the bird downwind and across the scent. If he points the pigeon, quickly walk in and flush it. If he dives for the bird, stop him with a gentle tug on the checkcord to prevent him from catching it. You don't want him to catch the bird until it flies. Once the bird flies, drop the checkcord and let him chase it, or hold onto the checkcord and run with him to catch it. When he catches the bird, let him do whatever he wants. Once your pup starts to lose interest in the pigeon, take the checkcord, turn, and walk in a different direction. Encourage him to go with you by pulling on the checkcord with quick gentle tugs. Praise him if he brings the bird to you but don't make a big deal out of it if he doesn't.

These early experiences with birds are part of the foundation that his future training is built on and are key to having a hunting dog you will be proud of. This is where the desire to hunt takes form and where he learns to enjoy his work. Remember to be quiet and let him have fun.

#### Tarheel Shooting Dog Championship

The 2019 Tarheel Shooting Dog Championship/American Brittany Club Gun Dog Classic began on Tuesday, February 12, 2019 at the Dick Cross Wildlife Management Area in Boydton, VA under cloudy skies and intermittent showers. Twenty–seven Brittans from more than seven states were brought to the line to test their worth by both professionals and amateurs, all intent upon highlighting the drive, strength, and style needed to be crowned this year's champion.

Although some excellent performances were rendered during the three–day event in the end Gus, under the strong hands of Ben Lorensen in the sixth brace and owned by Bill and Fran Gorman, rose to the top as Champion followed closely by Gauge, handled by Vince Anderson and owned by Vince and his wife Denise. Capturing third place was Jib, handled by Ben Lorensen in the first brace and owned by Tiffany and Tom Bass followed by the 4th place challenger Boomer, owned by George Habecker and handled by John Perry also in the first brace.

We would like to thank our judges, Jeff Smith from Virginia and Larry King from West Virginia for their dedication and careful evaluation of this year's running, which at times was performed under some very inclement weather conditions. Their undivided attention to each and every brace was very much appreciated by all those who came to the line.

We also wish to thank Ronnie and Ivan Clark who once again organized and executed an exceptional event and all those who contributed to making this year's championship another huge success. Thank you also to all those who traveled great distances to participate in the championship as well as the before and after regional trials hosted by the Northern Virginia and Tarheel Brittany Clubs.

This year's Championship and the before and after weekend field trials were particularly difficult to execute. The Championship Course was modified to accommodate major construction of the area's lake dam and the weekend trials required extra care at road crossings because of the unusual volume of traffic to and from the construction site. In the end however, the modified Championship Course turned out to be as good, if not better, than that used traditionally, and with the help

of many participants all road crossings were carefully monitored and the dogs protected from occasional vehicular movement.

We would be terribly remiss if we did not call for a special recognition of the folks at Purina and SportDog who sponsored this year's Championship. The professionals at Purina continue to research and develop the most nutritious animal feeds available and most deservedly enjoy the trust and confidence of field trailers across the nation. As a new sponsor of our even this year, SportDog collars represent the finest in sporting dog tracking and training technologies. We are extremely grateful to Jim Morehouse and the SportDog Team for their support!

And now for the running:

#### Day 1, Tuesday, February 12

**Brace 1: Coos Triple Six (Boomer)–Perry and Piney Run Three Sheets to the Wind (Jib)–Lorensen.** This brace breaks away at 9:08 with both dogs establishing a quartering pattern at medium range. At 7, Jib discovers game at the Dike shortcut with Boomer honoring politely. At 13, Jib one again strikes scent at a distance followed shortly by Boomer. All that followed was in order and both dogs moved on through the cut towards the dike with Jib taking the lead. Approaching the silo, both dogs reach out front with John finding Boomer on point in the wooded area past the silo. At 38, Boomer again establishes point at the lake edge. Jib has crossed the hill and is out of sight heading towards the bowl. Both dogs later rim the bowl at good speed. Jib strikes game at 51 with Boomer honoring nicely. At 55, Boomer strikes game on the left as we move through the cut heading back to the Bear Trap with Jib honoring. The brace ended with both dogs moving pleasing forward.

**Brace 2: Magnum High Velocity (Gauge)–Anderson and Rainbow's Chicken McNuggett (Nuggett)–Merrill.** The dogs break away at 10:25 with Nuggett striking game at 5 but releasing himself after the flush. Gauge running well ahead rims the backfield on the river bottom responding kindly to Vince's handling. As we approach the dike, Gauge hangs to the right and rings the edge showing well to the front on the dike. At 15, Gauge establishes point but after relocation Vince can't produce a bird and elects to move on. At 22, Gauge points birds on the lake's edge with all in order at the flush. Moving

forward quickly, he moves inside the wood line and is found standing amid some heavy cover far to the front at 30. At 40, Vince's scout announces Gauge again on point at the very edge of the bowl. All in order, Gauge and Vince end the hour well to the front.

**Brace 3: Coveyrise My Gal Sal (Sal)–Conover and Piney Run It's a Smooth Ride (Lexi)–Lorenson.** The dogs break away and move quickly to the front. At 8, Bruce observes Sal standing far to the front. As he approaches, Sal loses her patience and is up. Lexi establishes point at 10 near the river bottom gate and loses her composure at the flush and is also collared.

**Brace 4: Brigadoon's High Proof Moonshine (Hooch)–Lorenson, bye.** Hooch breaks away at 11:33 and moves quickly to the front in a quartering pattern. At 11, Ben's scout calls point in the vicinity of the back gate. Unable to produce game, Ben elects to move on. Hooch crosses the dike at good speed only to be found on point near the silo at 32. Again unable to produce a bird Ben ends Hooch's run.

**Brace 5: Marjo's Fille DeLa Bretagne (Brie)–Perry. One off Kalip Kip (Kip)–Lorenson.** The dogs break away at 2:34 and move quickly to the front quartering the field with good ground speed. They round the river bottom and move quickly across the dam past the silo with Brie out of sight as we break onto the road crossing. Reappearing as we enter the Bear Trap, Brie and Kip move quickly toward the dam where at 30 Kip establishes point but has a lapse of manners and is up. Brie continues on, rimming the entire bowl edge and finding game at 45. The brace ends with Brie to the front.

**Brace 6: Winnie the Wip (Winnie)–Maiale and I'm Your Man (Gus)–Lorenson.** Winnie and Gus break away at 3:39 and break quickly into the mouth of the river bottom. At 4 minutes, Gus establishes point at the shortcut to the Dike with Winnie honoring smartly. All in order, Gus again hits game at 9 near the back gate and when released speeds to the front across the dike. Winnie works closer but handles kindly for Mario. Passing the silo, Gus remains far to the front and is found standing at the edge beyond the lake at 20 with Winnie backing. At 24, Ben reports a third find for Gus near the cedars prior to the Bowl. The brace ends with Gus far to the front in the field at the road. A very nice performance.

#### **Day 2, Wednesday, February 13**

**Brace 7: Finn MacCahul (Mac)–Lorenson, Bye.** Mac breaks away at 8:30 and reaches out quickly to establish point on a covey

of 5 or 6 birds at 5 minutes along the right edge of the river bottom. With all in order Mac moves to the front, crosses the dike and passes the silo without further bird contact. Leaving the Bear trap heading towards the late Mac encounters difficulty and Ben elects to pick him up.

**Brace 8: Coveyrise Steady Eddie (Eddie)–Conover and Palmetto Pointe's Autumn Blazing Star (Autie)–Lorenson.** Eddie and Autie break away at 9:35 hunting hard to the front, hitting all the likely spots. At 8, Autie points near the shortcut to the dike and Eddie moves in to back kindly. Ben flushes with all in order and both dogs move on to the front. At 15, Autie strikes game again near the silo with all in order. Both dogs enter the Bear Trap handling kindly well to the front. Eddie grabs the right edge and follows it to the downed tree and elects to follow he cedars to the hilltop beyond the lake. Autie takes the left edge and heads to the lake. Both dogs proceed around the bowl to the Bear Trap without further bird contact.

**Brace 9: Briar Patch Ms. Gabreal (Gabby)–Roth and Just Call Me Eli (Eli)–Merrill.** Gabby moves quickly out of sight along the river bottom while Eli hunts hard, quartering steadily to the front. At 8, Marvin announces Gabby has found birds on the right side of the river bottom near the shortcut to the dike. At 10, Eli establishes point on the opposite side of the river bottom. Kyle flushes and all is in order. Marvin fails to produce a bird and moves Gabby on. Both dogs round the bottom and cross the dike far to the front. Passing the silo and traveling through the Bear Trap, both dogs continue to demonstrate good ground speed. Gabby strikes game at the edge of the lake at 25 with Eli honoring politely. Eli quickly takes the front, when Gabby hits again at 35 at the edge of cover at the hilltop beyond the lake. Eli follows suit at 45 near the end of the bowl. Both dogs finish strong to the front.

**Brace 10: TJ's Black Diamond (Coal)–Perry and Sigbrit's Not a Trace of Rust (Rusty)–Lorenson.** Coal and Rusty break away and remain well to the front through the river bottom and across the dike. Approaching the silo, Coal jumps into the wooded edge and moves forward showing well to the front. Rusty follows the edge to the front and is found standing at the large oak beyond the silo. Ben produces a bird and moves on with Coal and John to the front. As we enter the Bear Trap both dogs make the cut towards the dam where Coal establishes point at the lake's edge. Unable to locate a bird,

John moves Coal on only to reestablish point and a flush at the top of the hill along the left edge again within minutes. The dogs link up again at the bowl and proceed very quickly through the remainder of the course without further bird contact.

**Brace 11: FC Shailorville's Gunner (Gunner)–Lorenson, Bye.** Gunner broke away at 11:30. After a strong breakaway, Gunner reports game at 12 near the rear gate of the river bottom. Crossing the dike far to the front, Gunner enters the field heading towards the silo holding onto the end on the right. Racing far to the front Gunner enters the Bear Trap and quickly passes the dam only to come from the rear as we enter the Bowl. Rimming the Bowl with good speed, Gunner crosses into the Bear Trap and hooks the left edge to the front. Gunner finishes the hour without further bird contact.

**Brace 12: Rosie the Terror (Rosie)–Maiale and M&M's Grouse Gunning Gracie (Gracie)–Merrill.** The dogs break away at 2:35 and at 15 minutes Gracie finds game in the pines near the shortcut to the dike with Rosie to the front. Unable to produce a bird, Kyle directs Gracie to move on. Passing the silo, both dogs move to the front, Gracie demonstrating very animated and rapid movement. Both dogs race through the Bear Trap to the front when at 38, Gracie establishes point at the hilltop heading to the Bowl with Rosie honoring admirable. Unsatisfied with Gracie's appearance after the flush, Kyle picks her up. As we approach the Bowl Rosie slows her pace and completes the hour without further bird contact.

#### **Day 3, Thursday, February 14.**

**Brace 13: Marjo's Leftover (Haley)–Perry, Waypointe Chancey Big White Cooper (Big White)–Merrill.** Haley and Big White breakaway at 8:20. Both dogs cover the river bottom quickly, showing intermittently well to the front all the way to the dike. Passing the silo, Haley travels into the woods across the road and requires John's coaxing to return to the front. As we enter the Bear Trap, both dogs are to the front and quickly move to the lake and up the hill. At 34, Big White and Haley report a divided find on the left edge of the hilltop. With all in order, the dogs move to the Bowl where Haley rims the complete edge with Big White searching a nearby likely bird spot. Both dogs complete the hour without further bird contact.

**Brace 14: Shailorville's Tucker (Tucker)–Lorenson, Bye.** Tucker breaks away and moves quickly to the far front and establishes point

in the vicinity of the shortcut to the dike at 10. Moving smartly past the silo and on into the Bear Trap Tucker demonstrates a consistent forward movement hugging the edges when appropriate. At the edge of the lake Tucker reports another find with all in order. Traversing the bowl and moving through the Bear Trap quickly, Tucker finishes the hour without further bird contact.

**Brace 15: Copper on the Job (Copper)–Maiale and Ammo’s Denver Briar Patch (Denver)–Merrill.**

At breakaway Denver takes the lead while Copper establishes an early hunting pattern. At 9, Denver encounters bird difficulty and is up. Copper continues to hunt, hitting all the likely places and is rewarded in the vicinity of the river bottom gate with a nice find. Past the silo Copper reports another find with all in order again. Through the Bear Trap and up the hill Copper continues to handle kindly. Running the entire Bowl edge, Copper finishes the hour hunting hard to the front.

**Brace 16: Jessie–Lorenson.** The last brace of the Championship, Jessie breaks away and moves quickly to the front running the edges and hitting likely spots. Running hard to the front past the silo and into the Bear Trap, a difficult encounter with a bird at the lakes edge results in her finishing early.

**EASTERN AND SOUTHERN NEW ENGLAND  
ENEBC/SNEBC Walking Trial  
May 10/May 11–12, 2019  
Arcadia Management Area, Exeter, RI**

Reported by: Patricia Carney

Another “three day weekend” of back to back walking field trials is once again behind us. Based on the weather forecast, both clubs were prepared to be dealing with rain for much of the weekend, but in spite of overcast skies, the heavier rain that was forecast held off until Sunday afternoon, to the delight of all in attendance.

The grounds were in great shape and everyone competing seemed to appreciate the way the course was rerouted in order to take advantage of newly opened up and mowed areas. Our sincere appreciation goes out to Will Walker, who manages the Arcadia Area. Thank you Will. Your efforts mean so much to the field trial clubs that use this area.

Bob Fleury chaired the trial for SNEBC and was at the grounds on Thursday with Mike Tiberii, setting up and otherwise making sure that all was ready for a smooth start on Friday morning. Jane Bjork carried the field trial chair duties for ENEBC on Friday. In spite of best efforts, early

arrivals on Friday encountered a locked gate resulting in a slightly bumpy start for the ENEBC trial. But in short order, the right key to the gate and Patrick Carey’s arrival with delicious pastries from a local bakery, in addition to donuts and coffee, helped right the ship and pave the way for smooth sailing for the rest of the weekend.

The number of entries allowed keeping to a single course, which also permitted a 1 hour stoppage at noon for lunch all three days. Leslie Fleury, you have our thanks and appreciation for single–handedly taking care of delivering and setting up lunch for all.

Each club offered a Happy Hour with all the trimmings. Patty Johnston stepped up to organize the Happy Hour for ENEBC on Friday, and additionally a raffle to benefit ENEBC. Sheila Cordner engineered the SNEBC Happy Hour on Saturday which was up to her usual standards of excellence. Many thanks to both of these ladies for a delicious and relaxing end to the day, and thanks to all who contributed to the happy hours and raffles in any way whatsoever.

**Paul Fuller, Videographer**

Once again, Paul Fuller, host of Bird Dogs Afield TV and a gun dog columnist for Northwoods Sporting Journal graced the SNEBC trial with his presence on Saturday. Paul followed the Amateur Gun Dog stake with his trusty camera to video the action and interview competitors and others about our sport

Although conditions were somewhat damp, the birds were flying and the dogs were getting into it — for the good or the bad depending on your outlook. Mike Tiberii’s outlook on Friday was definitely on the good side with an Open Gun win that finished Kahlua III as an Open Field Champion.

Bob Fleury and truck served quadruple duty for bird planting, dog wagon and viewing

platform for those who wanted to witness the action without having to walk themselves into the ground, as well as transporting judges back to the start to keep the trial flowing and saving time. Thanks to Art, Mike, Loyd, both Pauls, Craig, Brady and others who helped with the bird planting.

Overall it was good times and a fun weekend with old and new faces and entries from NY, VT, NH, MA, RI, ME, PA, CT, FL.

Prayers go out to the far too many that need them these days. If you could make it to the trial, bless you, and if you couldn't, know that we're all thinking of you.

## ST. CROIX VALLEY Union County Ranch Thayer, IA April 30–May 5, 2019

The St. Croix Brittany Club had a great spring trial at the Union County Bird Ranch near Thayer, IA April 30–May 5. This year we added a Grand Open Limited Gun Dog stake to the trial that preceded the weekend trial. The weather was wet for the GOLGD but straightened out for the weekend and provided some of the best weather of the spring trial season. The Union County Bird Ranch offers a great place to run dogs and Linda and Tommy Thomas are great hosts. Thank you to Nutri–Source for sponsoring us with ad money and dog food for the winners. I must thank trial Chairman Steve Ralph who does

so much of the work on the front end and during the trial. Thanks to the SCVBC members who help out in so many ways. John Lindback came down with his nephew Brandon and ran the dog wagon, Bret Lindback and Susan Januschka who were there during the week and Lori Ralph for providing lunches. Also, I must thank Hawkeye and Iowa Brittany Club members Bruce Heiter, Roger Stowell and Ken Windom for helping us out. With everybody pitching in it makes my job easier as the Secretary. Our judges included Tom Jagielski, Bret Lindback, Dano Morf, Mike Poehler, Tommy Thomas, Dan Voss, Jeff Wallace and Ken Windom. Thank you for your time in the saddle. We finished in the early afternoon on Sunday which made travel home a little easier and a nice weekend.

David Carlson  
Field Trial Secretary

**Texas Amateur Championship**

The Texas Amateur Brittany Championship was decisively won by Piney Run Jake. Kent Patterson of Franklin, TN owns and handles this six-year-old male. Jake scored four beautiful finds. His first find was at 20. Jake displayed rigid intensity and good manners. At 30, Jake could be seen pointing far to the front; relocation proved

necessary, and he performed it successfully. When released Jake went across the pond dam and out of sight to the front. With no sign of his dog for several minutes, Kent rode out to check Evergreen Point. The other handler discovered Jake far to the front, on point at 46. Jake's style and manners were exemplary. Point was called for Jake a final time at 59; his hour ended with a high quality find. Jake ran a big, fast race with a natural tendency to run to the front. He showed great rapport with his handler.

Trace of Bourbon with Diamonds was named Runner-Up. He ran a predominantly forward race for his owner and handler, Rick Hastings. Trace scored a nice find at 18 with all in order. He pointed game again at 26, displaying fine manners and intensity. Trace scored a third good find at 32. He honored his brace mate politely when the opportunity presented itself. At 45 he was on point again but this time no game was produced. He had a mannerly stop to flush at 48. Trace finished the hour forward.

JJ's Levi the Lionheart owned and handled by Joe Williams put in a good effort worthy of mention. He scored a pretty find at two with all in good order. Levi stopped to flush on a woodcock at 50. He pointed again at 59 and the work completed successfully as the hour expired. Levi ran a strong race but hung up in the cover on occasion.

Cross Plains Copper Breeze owned and handled by Craig Rucker also had a good showing. He scored a good find at 47 and ran a pleasing forward race.

## When to Take It Easy

A recurring problem I see in dog training classes is when green handlers introduce their dog to new skills using lots of help from training aids, that they don't even realize is propping up their dog's performance. When they enter competition without fading the help, it frequently causes failure, confusion and/or frustration at the puzzling result.

The underlying cause is that the handler didn't understand when to make training easy and when to make it hard. There needs to be a lot of steps in between introducing new skills with training aids to fade those aids and work up to competition where independent behavior of skills under distractions is paramount.

Let's consider the "sit" behavior, when trained by inexperienced trainers. Here's the difficulty of the sit behavior they ask from their dog over time (see Figure 1). Note that the time period is short and there is a rapid, abrupt increase in difficulty around their first competition. In practical terms, they teach their dog to sit by using a piece of food (or leash pressure). By holding one piece of food and moving that hand above their dog's head, the dog tends to look up and his butt tends to move down to the floor, causing him to sit. (Alternatively, by pulling the leash up above the dog's head, it tends to lift up his head and his butt falls to the floor.) The problem is that green handlers don't realize how much they are helping their dog by using the food lure or leash pressure. They are manipulating the dog's body like it's on puppet strings, and he may just be giving in to the pressure, without even realizing that the handler is saying "sit", or that the reward is for sitting on the ground. The handler assumes the dog "knows sit". Next, the green handler enters the soonest competition where sit will be evaluated, without any food or leash, in a novel environment with massive distractions. Not only do the training aids disappear, but also there are many important differences between training and competing:

Figure 1. Green trainers tend to train easy for a short period of time, and then abruptly raise the difficulty in competition.

- the team travels to a new location where the dog has never been
- the handler is nervous, no longer talking to the dog
- the competition is in front of a crowd of strange people, with a judge who may follow the team uncomfortably close
- there are numerous strange dogs who may be barking, playing, or running, and
- to top it off, the whole ring may be next to a hot dog stand, or enticing gophers chirping before disappearing into holes in the ground.

When the dog never learned how to independently and reliably perform sit, these abrupt changes can be overwhelming and failure is frequently the result. Up until that time, the handler was doing all the work. Practice was too easy, and then suddenly the handler ratcheted up the pressure by committing to a deadline of competition, with its massive increase in difficulty.

More experienced teams tend to follow a progression that looks a lot different. They start easy, but get rid of the food lure or leash pressure after the first 2 or 3 times the dog sits! Then the dog has to perform the sit independently, instead of being pulled around like a puppet.

Another thing that experienced teams tend to do is to spend the time building value for the behavior, which acts like investing money in a shared bank account. Rather than leaping into testing the sit, they perfect the independent skill of sitting and repeat it

until it is easy, fun and doesn't even require conscious thought, because it has become an ingrained habit. The dog learns to sit in his daily life, on walks, when being released from his crate, and before every exit from the vehicle. The dog no longer needs food to reward even several sits in a row. The dog doesn't need a leash or even a collar to sit.

Experienced teams practice far more repetitions of sit, over a much longer time period. They intentionally plan how to take practices to new locations and practice the sit in fun matches. The handler knows the sit is reliable, because they've succeeded repeatedly, under trial-like when the team commits to their debut competition, in an environment that is conducive to success. Many dogs perform better at small, indoor shows rather than outdoors with the inevitable distractions of scat and urine, prey and extremes of temperatures. Experienced teams take that into consideration so success is far more likely.

One secret ingredient in successful dog training is to get your dog to fail more at home. Dog training isn't rocket science;

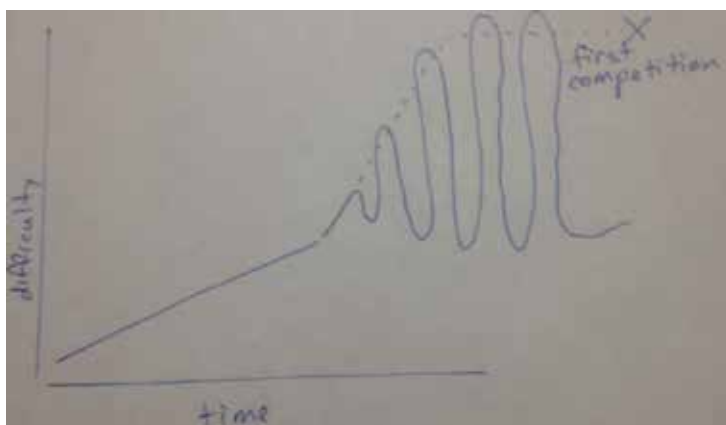

Figure 2. Experienced trainers tend to train easy and build value with many repetitions over a longer period of time. By mixing up the difficulty (sometimes easy and sometimes hard) they build motivation. The week before competition is a good time for a break.

it's more of a numbers game. Reliable behaviors, including the sit, take more time and repetition to train than most people expect. Teams that put in the work through repetition and spend the time cementing the behavior into muscle memory are justifiably more reliable than teams that only train in one location, and never work through challenging distractions.

If you want a great sit, train hard so competition feels easy in comparison. Perfect the behavior, without assistance of lures or leash. Expect to practice and reward the behavior hundreds of times! And then help your dog to fail by setting up challenges like distance, distraction and duration. Before the first competition is a good time to take a few days off, instead of ramping up the difficulty.

Figure 2 shows the progression of a more experienced team. It includes a long period of building value so the sit behavior becomes fun and easy, gradually working through challenges. Rather than constantly raising the difficulty, experienced trainers varying the difficulty: from easy to hard. This helps build motivation.

If you push your dog to succeed at the earliest age, as quickly as possible to deploy in the field, you run a huge risk of burning out later on. It's better to avoid pushing for results. Every dog learns at his own pace. Don't just constantly raise the bar until it's so high it's impossible. Even if your dog is a veteran, set up easy, fun exercises, ping ponging the difficulty.

For example, when I attended a Scandinavian Working Dog Institute Scent Detection seminar, an inspiring police officer explained how he trained his dog to work remotely, at extreme distances, by relaying verbal instructions to the dog over a head set. Even after deployment, he continued to surprise his dog by leaving pylons in the work areas with food or toy rewards. He'd direct his dog to the reward pylon, ask him to sit and release to the reward to keep his partner's motivation keen.

In conclusion, it will take more time and repetitions than you want or expect to train a reliable sit that holds up to the challenges of competition or repeated field deployments. There's no shame in putting money in the bank account by rewarding many repetitions to establish a history of reinforcement, and make sit inherently rewarding. Even when your dog routinely performs 5 minute out of sight sit-stays, don't ask for that every time you practice! Sometimes, take it easy and inject some fun by releasing after 5 seconds for a play. Keep it lighthearted and your motivation will better withstand the test of time and the challenges of competition.

# ATV FIELD TRIALS

## Starting an ATV Field Trial Club

For mature field trialers, an ATV is the easiest way to get around the course. For younger folks, an ATV is much more affordable. You don't need a horse, a trailer, a pickup truck, or a pasture and barn.

Many pro trainers already train from an ATV.

To get started, we have land 12 miles south of Danville, VA. We plan to have a meeting to get club development underway.

**We need your ideas and help!**

compiled and edited by  
Jessica Carlson

## NOW AVAILABLE

**The Book of the American Brittany, 1990-2010 Edition** is an invaluable source of reference and enjoyment for all Brittany breeders and enthusiasts. Expanding upon the previous works by Dr. Fred Z. *Chapters include:* History of the American Brittany; Field Trialing 1935-1989; Modern Field Trial Winners; ABC Classics & Championships; The Show Brittany; The Dual Brittany; ABC Futurities; Performance Events (Hunt Tests, Obedience, Agility, NSTRA); Top Producers; ABC Honor Rolls (Hall of Fame, Life Members). ## Grilled Peaches

½ cup brown sugar, plus more, for sprinkling  
¼ cup water  
¼ cup fresh lime juice  
¼ cup basil leaves, plus thinly sliced basil, for garnish  
Vegetable oil, for grilling  
4 large peaches, quartered and pitted  
Freshly ground black pepper

In a saucepan over medium heat, combine the ½ cup brown sugar with the water and stir until dissolved. Turn off the heat and add the lime juice and basil leaves. Let stand for at least 15 minutes or up to 1 hour, and then discard the basil leaves.

Light a grill or preheat a grill pan over medium heat; lightly oil the grates.

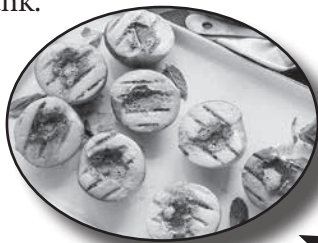

Lightly sprinkle the peaches with brown sugar and grill cut side down until dark brown grill marks form, about 2 minutes per cut side. Transfer the peaches to bowls and season with a little black pepper. Spoon some of the syrup on top, sprinkle with basil leaves and serve.

## Grilled Sweet and Spicy Cedar-Plank Salmon

1 untreated cedar plank  
1½ lb fresh salmon fillet, about 1" thick  
2 TBL maple syrup  
½ tsp Vulcan salt  
¼ tsp Calypso seasoning  
1 tsp brown sugar  
1 tsp dry mustard  
½ tsp ground black pepper  
1 tsp fresh chives  
1 tsp fresh thyme  
1 lemon, thinly sliced

Soak the plank in water for 60-90 minutes before using. Preheat grill to high.

Rinse and pat the fish dry. Place salmon skin side down on soaked plank.

Combine maple syrup, Vulcan salt, brown sugar, and dry mustard and rub on salmon. Sprinkle with chives and thyme and arrange lemon slices on top of salmon. Reduce grill heat to medium and place cedar planked salmon on grill rack. Cover and grill for 20 minutes or just until salmon begins to flake when tested with a fork. Serves 4-6

## MEMBERSHIP BUILDING CLUB by CLUB, REGION by REGION

I'm Charles Dreyfus, I'm from New Jersey, I'm currently 16 years old, and my dog is Otis. Otis is currently 3 years old and I've had him since August 2015. It all started when my Dad was asked to breed his dog Sam with one of our breeders' dogs. He brought it up to me in April 2015 that he was offered to breed Sam and told me that the puppy we'd receive from the litter could be my dog if I wanted. I took the offer and was excited all Summer.

Later on we were alerted that the litter had been born and it was time to go visit them. I liked all the dogs but one caught my eye a lot because he had a cool orange mark that perfectly resembled the Mickey Mouse logo from Disney. All 8 weeks I said I wanted him but my Dad liked another dog better which had an orange leg. So on the last visit on the way over he said I guess we will tell the breeder we want the orange legged dog. I was unhappy with his decision but accepted it because it was still a good dog. But at the end of the visit as I was saying goodbye to the Mickey Mouse dog my Dad approaches me and says Charles which dog do you want. I said Mickey Mouse dog of course. Then he said well then we are taking Mickey Mouse dog and it put a smile on my face.

A week later we go to pick him up and he is now our newest dog, Otis. He gets bigger and bigger throughout the Winter. Spring 2016 comes and my Dad offers to enter me in a puppy field trial stake and I accept. On the day of the trial my Father & I drive to the English Setter Club Of America in Medford NJ, and meet up with our friends Jake and Jason. Jake also ran in the puppy that day. The morning passes and I start to get really nervous. When it's time to run I meet my bracedmate who was a nice lady that encouraged me for success. I let the dog go and I have trouble keeping up with my brace mate so the judge kept encouraging me to keep going. Otis has a good run but I had doubts I won.

Briefly after we get called up for placements I sit there and think oh he definitely didn't place. 4th, 3rd, and 2nd place were called and Otis wasn't any of those. I knew it was over. Then they proceed to call 1st place and in shock I hear "Otis." Everyone in the room was clapping and happy for me. Later that night at the dinner all of the North Jersey Brittany members were pleased to see my first ever trial was a success.

In June 2016 I run a NAVHDA Natural Ability test, which is a hunting dog club since Otis also hunts during the Winter. The event was a test in the skills of field work, tracking, and swimming. I had doubts all day and thought that Otis flunked but in the end the judge surprised me by saying I got the max score which was 112 points and a Prize One.

In October 2016 Otis goes to Hudson Setter club trial in Weatherly PA. At this point Otis is graduating from Puppy to Derby. On that day he ran his last Puppy ever and his first Derby. For both the Puppy and Derby Otis placed 1st which

was a nice way to end Puppy and begin Derby. At the Saturday night dinner my bracedmate asks me to describe how I begun and I talked about my first Derby trial and how I ran with her then she joked about how I beat her!

Shortly after me and my Father take a trip to Maine for a week and hunt grouse, this was Otis' first hunting trip ever! In the spring of 2017 I continue to run Derby and have a good time and even decide to take a trip to Exeter Rhode Island for a Brittany trial and met some nice New Englanders there.

In the fall of 2017 I run my first ever walking gun dog stake at the English Setter Club and it was a lot to handle at first I was very tired and overwhelmed but I still pushed through and got around. I learned a lot. During the week of Thanksgiving my dad and I take another trip to Iowa and Kansas for wild quail and had a lot of fun hunting them with Otis!

In the spring 2018 I return to the English Setter Club for the first trial of the year i run another adult stake and so does my Dad with Sam. At the placement readings they call out Sam for 4th place and Otis for 3rd place so that day I beat my Dad and Otis beat his Dad!

Throughout 2018 I run a couple of more trials and learn each time. My Dad takes Otis back to Maine again for grouse and I unfortunately don't go due to school events, but I heard Otis had a lot of success with the grouse up there this year!

At my most recent trial this Fall I was presented the 2017 ABC Field Junior Handler award from my club and was told it was a national award!

That is my story of Otis and how it all started to where we are now. Throughout these 3 years I've done most of the training of Otis but couldn't have done it without my Dad and my friends from NAVHDA and North Jersey Brittany.

Some advice for other youth handlers out there, is if you decide to start with a puppy find a mentor like a parent or someone you like in your club to guide you in the tough and challenging times of training. Try not to be too nervous while running and be confident, if you noticed in my stories I had a lot of doubt in Otis and my work but you should be confident with yourself and your dog.

And most importantly don't be discouraged if you lose, everybody loses even the best pro handler in the world will lose at times. I've lost plenty of trials but I just congratulated the winner, asked the judge "how can I be a better handler?" and try to learn from it and go into the next trial stronger. Asking your judge for feedback is a great way to learn things and improve your dog.

I hope the future of Otis and I bring greatness and success and that I have a good 2019 trial season. I wish all other junior handlers a good 2019 trial season and much success in the future.

MANNERS. FOCUS. INTENSITY.

## MEMBERS OF THE AMERICAN BRITTANY CLUB

Give the gift of a new membership... to give the opportunity

to someone to learn about and participate in the American Brittany Club.

This membership campaign is really quite simple, we are asking every member to donate/sponsor a membership in the American Brittany Club. This "gifted" membership might be to a puppy purchaser, or a friend/acquaintance who has a Brittany. All of us encounter people who may just need a little encouragement to become members.

This can work, but it is totally dependent upon your support. Please use the ABC application form in the back of the magazine to enroll a new member today. You may donate/sponsor multiple new memberships. The names of new members & ABC sponsors will be published in the magazine on a quarterly basis.

**THIS IS OUR CHANCE TO MAKE A DIFFERENCE!**

Helps dogs maintain positive cardiac activity during stressful events

Helps dogs cope with external stressors like separation, unfamiliar visitors, novel sounds, or changes in routine and location

\*Data was collected by Relevation Research via an online survey from August 15-19, 2018. A total of 826 nationally-representative dog owners qualified and completed the survey. Qualified participants were men and women age 18 and older, owned one or more adult dogs, were household members most responsible for taking the dog(s) to a veterinarian, and had taken the dog(s) to a veterinarian in the past 12 months.
