# The American Brittany

VOLUME LXXV • NUMBER 5 • MAY 2023

## ***Objective and Purpose:***

*To promote cooperation and friendship among the breeders and owners of Brittanys and to encourage higher standards in breeding, training and showing of Brittanys in the field and in the show ring; to discourage the breed from becoming split into groups of "field dogs" and "show dogs" and to strive to keep it forever a "dual dog".*

# 2022 ABC National Championship

Booneville, Arkansas

J. Perry Mikles-Blue Mountain Site

December 3rd - 6th, 2022

Reporter - Mike Poehler

**L to R: Scott Johnson, Richard Beaver with B&T's Sonndance Kid Rock, Bob Burchett, Mike Poehler & Hyatt Burchett with Sniksoh Hank's Hatch, Judge William Smith, Maggie Chang with Scout Upland Trail-Blazer, Steve Chang, Kent Patterson, Judge Bonnie Hidalgo, Crystal Alexander with JWB Arctic Cat, Dr. Robert Rankin, Dennis Hidalgo**

The American Brittany Club's 2022 National Championship was adjudicated by Mrs. Bonnie Hidalgo from Brighton, CO and Mr. William Smith from Moscow, TN. We greatly appreciate their time in the saddle; attentive eyes, positive attitude, and their depth of knowledge regarding bird dogs, gave each contestant a prime opportunity to showcase their dog's abilities. Our judges were impressed with the sportsmanship shown amongst the handlers as well as the quality of the placing dogs; such that they could have selected several as Champion.

This year's event saw a variety of weather conditions; cold, rain and even heat played a role in our 4 days of running. The grounds were in great shape due to the efforts of Brad Wells and the crew from the Arkansas Game & Fish Commission, who work tirelessly throughout the year to groom the courses in the face of the challenges that mother nature often hurls their way at the J. Perry Mikles-Blue Mountain site. Jerry Oswald spends countless hours planting and feeding the birds and without his knowledge and efforts, a quality event would be difficult to hold on these expansive grounds. At the start of our event, he released 350 birds over the 3 courses at 30 different covey sites and feeds the birds 2-3 times each week at those spots. He's a gracious man who goes out of his way if necessary to make things happen; we cannot thank him enough!

This event would not be possible if not for the continued support of our corporate sponsors, Purina and Garmin who provide both product and monetary support to make our events viable. Purina Pro Plan Performance food is provided to each entrant as well as generous supply to the Champion and each placing dog. Garmin graciously provides their newest tracking/training units. These companies make it easier and more efficient than ever to do the work necessary in preparation of a national caliber dog and we are grateful for their support.

We greatly value our relationship with The Saddle Guy – Kevin Parrish who builds our beautifully adorned trophy saddle to be presented

to the winning handler. Kevin builds one of the most comfortable trooper style saddles available today; he's a pleasure to work with and truly stands behind his work. If you need it, he'll do his utmost to design, modify, alter, and tool it to your specifications!

This year saw Ed Kosta step up to fill the role of driver for the dog wagon. He arose early each day to tend to the tasks required to safely transport our dogs and those wishing to see the event from its comfort and adventurously festive atmosphere. We greatly appreciate his commitment to this essential task which he performed wonderfully! Special thanks go to our Stake Manager, Richard Beaver for assuring that all aspects of the trial went smoothly, checking each day on a myriad of things that the average participant is unaware of, like catching and feeding birds, coordination of removal and replacement of the washer and dryer as well as repair of busted water lines in the shower house. Thank you as well to Dr. Robert Rankin, MD for serving as our Course Marshall each day and assuring that handlers know where the courses go, where the next breakaway is in the event of an early pickup and tending to any needs of our Judges during each day's running.

We were blessed to be able to have Judi Tipton and her crew on hand to provide our meals each day. It's always a pleasure seeing Judi and her crew behind the counter; sharing their smiles, hugs, laughs and friendly dispositions with everyone. Many thanks to Linda Thomas for undertaking the hospitality functions of the dog wagon and assuring that there were plentiful and varied snacks and beverages each morning and afternoon.

Our 2022 National Champion is B&T's Sonndance Kid Rock, handled by Scott Johnson in the 8<sup>th</sup> brace. Rocky broke away at the Red Gates of Course 1, running fast and staying on the edges to card a beautiful find at 10 min. on a nice covey left of the bridge to Course 2. He made some nice moves to stand with style at 25 min. on a small covey to the left, along

the Dog Wagon path. Rocky's final find came at 35 min. on the right mott prior to the first entrance to the Parish Field.

Our Runner-Up Champion is Sniksoh Hank's Hatch, handled by Bob Burchett in the 16<sup>th</sup> brace. Hatch ran with speed and purpose making nice moves and handling kindly. His bracemate's rough handle effected his pattern at times after the Lick Creek crossing. Passing the Red Gates, Hatch stretched along the current 109 to the river's edge to stand at 49 min. on a covey with style and intensity. He continued forward working the left edge along the trees to cross to the right edge and dug into the woods there. He showed forward on the right where the dog wagon sits crossing the front to pick up the trees on the right at the turn heading towards the river's edge disappearing, to be found standing tall on another covey at 57 min.; time expired with Hatch heading towards the bridge.

3<sup>rd</sup> place went to Scout Upland Trailblazer handled by Steve Chang in the 2<sup>nd</sup> brace. Scout ran a mostly forward race with three well-spaced finds. He displayed a consistent pattern, with some very nice moves standing at 8 min. along the Dog Wagon path, 22 min. along the island in the Parish Field and then was found standing at time by his backing bracemate. This final find came after Scout was out of pocket for a while on a nice covey with style and intensity behind a tree mott, two field before the bridge crossing to Course 3.

4<sup>th</sup> place went to JWB Arctic Cat, handled by co-owner Jack Alexander in the 6<sup>th</sup> brace. Kimber broke away at the 2<sup>nd</sup> entrance of the Parish Field, driving wide left early, sweeping across the front, and picking up the right edge of the woods forward and along the Old 109 roadbed. She carded a nice find at 10 min. to the left, along the Old 109 roadbed shortly after crossing it. From there she worked nicely for Jack and carded another stylish find at 35 min. along the edge of Course 3 shared with Course 1 before the turn toward Mario's Hill. Kimber then swung wide right heading to the Lick Creek crossing standing deep on the right at 50 min. It took two relocations for Jack to produce the bird with Kimber standing nicely through it all. Time expired with Kimber running the right edge towards the Pavilion.

#### **The Running:**

**1a Almaden's Under Lock And Key (Oudi) – Tillson - Posted**

**1b She's Outta Control (Jessie) - Johnson**

This pair broke away to a hazy cool morning with temperatures rising to the mid 40's. Oudi ran mostly forward at a consistent speed and pleasing pattern that flowed well over the hour, carding two finds. His first find came at 13 min. just past the culvert crossing and his last find came at 44 min. just before the narrows leading towards the Red Gates. Oudi was posted for his performance. Jessie was fast and snappy making several nice moves over the hour, hanging up in some corners. Her most memorable move was along the river past the red gates showing to the front near the last field nearing the bridge at the end of the hour; unfortunately, Jessie was birdless for her efforts.

**2a Scout Upland Trailblazer (Scout) – Chang – 3rd Place**

**2b WW's Miss Carona (Rona) - Wice**

Break away was on Course 2 with Scout's performance being detailed previously. Rona ran a fast and snappy hour and just coming 2, showed her young age at times. She had numerous nice moves and was truly fun to watch. She carded a find at 52 min. along the old 109 roadbed with a breach of manners keeping her out of the placements. Rona carded two beautiful backs with her final one at time, helping to locate her bracemate who'd been out of pocket for a while.

**3a TNT's Handsome Harry (Harry) - Burchett**

**3b Sigbrit's Not In Kansas Anymore (Dotti) - Johnson**

Both dogs broke away fast and forward on Course 3 with Harry standing at 3 min. on the first large covey deep on the right with beautiful

style, with Dotti being far forward making big moves when Harry was released. He flew forward to stand with style again at 8 min. along the ditch prior to the culvert crossing, with Dotti appearing to back from the front side of the ditch. Upon the flush, suicidal birds flew at each dog's head proving to be too much temptation for the pair and we headed in for an early lunch.

**4a Gangsters Jazzabelle (Jazz) - Holman**

**4b JJ's Levi the Lionheart (Levi) - Williams**

This pair took a while to get rolling with Jazz taking off forward and warming to the task. At 19 min. as we approached the Chicken House mayhem ensued when Jazz encountered a covey along the road edge. Levi grew into a pattern with a nice flow and moderate range with very nice bird work, carding 4 well-spaced finds coming at 20 min., 28 min., 39 min. and the last one at 55 min. with time expiring just after the Red Gates.

**5a J & M Rodeo Romeo (Tuff) - Tillson**

**5b Piney Run Patch (Patch) - Patterson**

Both dogs broke away hard to the right on Course 2 with Patch not showing again until being spotted deep in the far corner prior the second culvert crossing. Tuff settled in early working nicely for Ed and worked the Old 109 roadbed. Ed elected to pick him up at 18 min. as he wasn't performing to Ed's liking. Patch was out of pocket again until he was spotted coming out of the timber and into the Parish field at 25 min. where he disappeared again until the scout brought him back in the back of the fishhook with Kent calling it a day at 40 min.

**6a Pursuit's Broadway Glitz (Betsy) - Burchett**

**6b JWB Arctic Cat (Kimber) – Alexander – 4th Place**

This pair broke away at the second entrance to the Parish field, taking a wide swing out to the left. The rest of Kimber's performance was detailed previously. Betsy emerged and picked up the right edge caring it up to Old 109 crossing the front. She ran wild approaching the bridge to Course 3 swinging the river and field edge to the left where Course 2 starts. Upon returning and crossing the bridge, Betsy ran deep towards the front flying along the edge of Course 3 and Course 1 becoming out of pocket with Bob calling for the tracker at 45 near Mario's Hill.

**7a Black Creek Whizki Skip (Skip) - Holman**

**7b Wingra's Indy-Go (Indy) - Tillson**

This first brace of the 2<sup>nd</sup> day broke away into a cold rain which lasted until 2pm. Skip started at a moderate pace and range which grew and prior to the first turn, where he dove deep into the corner on the left not to return to judgement, with Chad calling for the tracker at 25 min. Indy put down a moderate race with some nice moves and a non-productive at 15 min. near Lick Creek. Indy worked well for Ed and stood again at 37 min. with nice style on a small covey. With Indy's speed and application not pleasing his handler, Ed picked him up at 48 min.

**8a B&T's Sonndance Kid Rock (Rocky) - Johnson**

**8b Jagoub's Spell Caster (Taboo) - Alexander**

Rocky's winning performance was detailed previously. Break away was at the Red Gates of Course 1 with Taboo pressing her own agenda upon Jack. She carded a beautiful find along the sunken roadbed of Old 109 after the Old Bridge, on a covey buried deep in the trip briars. She stretched from there some working nicely through the Parish field, and as things started looking up for this unfamiliar team, Taboo ran through a covey in front of Jack and the judges approaching the Fishhook to end her bid at 45 min.

**9a Wiyanna (Annie) - Johnson**

**9b ANJ's Ohio Hellion (Hank) - Burchett**

This pair broke away at the second entrance to the Parish Field on Course 2. Hank got right to hunting the right edge carrying it all the way to Old 109, across the front to meet Bob at the road crossing where he

dug in again to stand high and tight at 10 min. on a covey. Upon release Hank flew to the front digging in deep on the left, flying forward and out of sight. Hank apparently missed the bridge and tracker was called for at 35 min. on Course 3. Annie, belonging to the late Terry Gowin, ran a nice pattern for Scott, at moderate range with a beautiful back at 10 min. At 35 min. she was found standing tall on a covey between Course 3 & Course 1 with all in order. Annie stood with nice style again at 48 min. on the edge across from the Pavilion with an eagle lighting in a nearby tree – perhaps Terry sent an emissary to supervise things! Annie's hour expired with her running hard past Gas Well Hill.

**10a Arrow's Tequila Rustler (Rusty) - Beaver**

**10b Urban American Legend (Urbie) - Chang**

On Course 1, both dogs took a while to get lined out, with Urbie springing to life just prior to the first turn. Rusty warmed to the task working the left edge to stand at 11 min. before the culvert crossing. During a lengthy relocation necessary for Rusty to pin the elusive birds, Urbie showed up looking for Steve and was sent to the front. With all in order, Rusty continued working well for Richard. Urbie made a nice move as he ran wide after the road crossing carrying the edge all the way around to stand at 30 min. deep in the right corner before the Cotton Field. A lengthy flushing attempt and relocation resulted in a non-productive for Urbie. At the 45 min. mark as they passed the Red Gates, Rusty's bid ended as his performance wasn't pleasing Richard. Three fields before the Red Gates, Steve and Urbie were working towards the front when they carded a second non-productive ending their bid at the 50 min. mark.

**11a Jack's Ray Of Sunshine II – (Ray) - Holman**

**11b Godfather's F.N. Rockstar (Rocky) – Chang**

Breaking away on Course 2, both dogs flew forward with Ray heading to the right and Rocky flying straight away. Both dogs ran well with intelligent, forward, and flowing patterns. Ray was out of pocket as we entered the Parish Field, as Rocky worked the center mott forward and into the Fishhook to stand beautifully at 22 min. on the left tree motts, where a large covey was produced. Ray rejoined the front in the Fishhook while Chad was looking for him elsewhere; Scott Johnson handled him, sending him around the far, right edge as Chad slowly worked his way back. At 38 min. Rocky stood again with style on a large covey along the trees on the left side prior to re-entering the Parish Field. Ray stood at 42 min. for Chad, in the Pines at the second entrance to the Parish Field with all in order. Time expired for this brace two fields before the bridge; Rocky showed incredible style and Ray laid down a very nice performance too.

**12a Alder Grand Hopes Penny Ante (Penny) - Burchett**

**12b MK's My Lil Ammo – (BB) - Johnson**

Breaking away on Course 3, both dogs broke away fast and heading towards the Red Gates with scouts working hard early and both dogs returned to the front. BB stood at 8 with Penny backing nicely; a non-productive was carded for BB. Each dog ran fast and forward with Penny skirting the edges of Course 1 while BB worked well for Scott. Approaching Mario's Hill, both dogs were out of pocket to return prior to crossing Lick Creek. They were again out of pocket from before the Pavilion until prior to Gas Well Hill. Both dogs continued making nice moves and hunted well without a bird for their efforts; their pace slowing some towards the end of the hour.

**13a Gun Creek Gangster (Doc) - Holman**

**13b WW's Miss Wendy Peppercorn (Wendy) - Wice**

Day 3 started with a fog delay and cool temperatures and overcast skies. Both dogs were away with some hesitation; Wendy started to stretch as we made the first turn disappearing on the right edge. Both dogs reappeared near where the Dog Wagon stops after the culvert crossing. Wendy worked forward well for Burton, with Doc being out of pocket and Chad calling for the tracker at 18 min. approaching the

Chicken House. Wendy went out of pocket after the Lick Creek crossing until we crossed the road near Mario's Hill. Wendy took the right edge heading towards the Cotton Field to not be returned to judgement with Burton calling for the tracker at 38 min.

**14a MK's My Lil Classic (Nova) - Johnson**

**14b Dogwood's Fireball Whiski (Whiski) - Burchett**

This pair broke away in the back corner of the large field after the Cotton Field on Course 1. Nova started making nice moves and handling well with speed and intelligence for Scott. She shortened some after the Old 109 bridge of Course 2, then stretched again to be found standing on the backside of the near end of the tree island in the Parish Field at 43 min. After an extended flushing effort, it was carded as a non-productive. Nearing the Fishhook at 45 min. Scott called it a day for Nova. Whizki was fast and flying forward from the start, working well for Bob with consistent moves at a fast pace and reaching range. Whizki was out of pocket after crossing the bridge to Course 2, rejoining his handler as we made the turn at the Old 109 bridge heading towards the Parish Field. At 45 min. the scout found him standing beautifully, off the backside at the far end of the Parish Field tree island. A large covey was produced as Whizki stood high and tight throughout the flush and shot. Continuing forward into the Fishhook, Whizki maintained his reaching pattern at a slower pace, carrying the right edge all the way around until time expired as he drove deep into the far corner before the large culvert crossing.

**15a Black Creek Summit (Chip) - Holman**

**15b Hoochie Coochie Man (Karl) - Tillson**

Break away was at the second entrance into the Parish Field with Chip being slow to start, then stretched some approaching the Old 109 roadbed. After crossing to the other side of the roadbed, Chip was bullish for awhile disappearing forward. He returned from the front prior to the bridge to cross it with Chad, the dug in on the left of the river edge at the start of Course 3 to not be seen again with Chad calling for the tracker at 38 min. Karl broke away making some nice forward moves all the way to the bridge crossing to Course 3. Once on the other side, Karl started to assert his own will over that of Ed's. Once Ed's fun meter pegged, he escorted Karl to the Dog Wagon ending his day at 35 min.

**16a Sniksoh Hank's Hatch (Hatch) – Burchett – Runner-Up Champion**

**16b Phillip's Lady Eloise (Ellie) - Johnson**

Hatch's Runner-up performance was detailed previously. Ellie broke away on Course 1 with speed and purpose, working the edges nicely early. She became bull headed at times and was out of pocket from before the road crossing approaching Mario's Hill until after the Cotton Field sections. She stood at 49 min. before the Red Gates. Scott elected to call it a day at 55 min. as she wasn't pleasing him.

**17a Piney Run White Lightning (Buzz) - Johnson**

**17b CVK's Spartan King (Leo) - Alexander**

This pair was released on Course 2 with both dogs away at a rapid pace. Buzz was reaching nicely and mostly on an edge with purpose, when at 9 min. he suffered a breach of etiquette ending his day. Leo made many large moves, mostly on the edges to card a beautiful find along the right edge at 9 min. with great pressure. With all in order, Leo continued making nice moves at a consistent pace, on the edges, going forward except when he reworked some spots at times. Leo worked the Parish Field and Fishhook areas well and stood for his 2<sup>nd</sup> find at 50 min. in the Pines by the second entrance to the Parish Field. Time expired a few fields before the bridge; a lapse in intensity on his 2<sup>nd</sup> find took him out of the money, but it was still an impressive performance.

**18a Tequila Chica Bonita (Chica) - Beaver**

**18b Bamajama Willy's Sassy Sadie (Sadie) - Burchett**

Breaking away on Course 3, Sadie stood early at the tree mott dead

ahead of the bridge carding a non-productive at 2 min. after a relocation. Upon release, Sadie flew forward to work the tree edges on the left where she ran over a bird at 7 min. ending her day early. Chica was forward with a flowing pattern, though sticky at times. Her first find came at 17 min. with nice style along the right edge that's parallel with Course 1. Upon release, Chica worked well for Richard, driving forward past Lick Creek where she was found standing at 30 min. on the left edge, opposite the Pavilion. She continued working well, hanging up briefly near the Gas Well, then continued hunting well at a slower pace until time was called a field before the Beaver Pond.

**19a Wild Wild Willie (Willie) - Tillson**

**19b TMR's Lucky Betts (Betsy) - Chang** [In Season - moved to 24a] Our 4<sup>th</sup> day of running started on Course 1 with frost and sunshine. Willie ran alone with consistency and a forward pattern at an even pace throughout the hour. He carded his first find at 9 min. in the tall grass after the first turn, halfway to the culvert crossing; a large covey exploded for a staunchly pointed dog. He worked well for Ed to stand again at 23 min. along the woods on the left near the exit of the Cotton Field; this stand resulted in a non-productive. Willie drove forward upon release and out of sight, to be found standing again at 29 min., deep in the Island Mott of the next field. After a prolonged flushing event on a scurrying covey, Judge Hidalgo spotted one of the offenders allowing Ed to fire for a patient dog. Upon release, Willie stretched to the left and hung up in the far corner for a bit. Reunited, Ed and Willie worked forward; Willie worked nicely for the rest his hour with time expiring nearing the bridge.

**20a My Lil Classic Mercedes (Cedes) - Beaver**

**20b Mr. Staley (Doc) - Campbell**

Both dogs attacked Course 2 with speed and purpose upon break away. Cedes made nice moves with a beautiful back with great temptation at 10 min. Passing the Old 109 Bridge, she swung wide to the right initiating a nice move then became erratic for a bit and worked it out to stretch to the Parish Field tree island where Richard called it a day at 23 min. Doc made some nice forward moves to stand at 10 min. along the trees of the Dog Wagon path; a breach of manners ended his day early.

**21a Ace's One Eyed Jack (Jack) - Janulis**

**21b Sniksoh Hank's Gypsy Cruise (Cruise) - Burchett**

Breakaway was at the first entrance to the Parish Field, with Jack being slow to start. Despite Donna's best efforts, Jack wasn't up to the task and was escorted to the wagon at the 20 min. mark. Cruise made some nice moves, followed by some not so nice moves, resulting in Bob pulling the plug at the 15 min. mark.

**22a Piney Run Hilltop Blew (Blew) - Patterson**

**22b Phillip's Sir Louie Louie We Got To Go Now (Louie) - Johnson**

This brace broke away on Course 1 into what was a hot afternoon. Both dogs flew forward to actively check-out the gate to Course 3, then flew forward and out of sight. Louie returned to Scott from the left of the first turn to work well and stay forward throughout his time. Blew rejoined Kent after the large culvert crossing, working well through the Lick Creek crossing, and standing at 22 min. Kent attempted to relocate Blew who decided to catch the front instead, carding a non-productive. Crossing the road near Mario's Hill, both dog's pattern and run started to show the effects of the heat and humidity. Scott called it a day for Louie at 55 min. Blew was out of pocket from after the Red Gates until we turned towards the bridge at 55 min. where he showed up to be set by Kent towards Course 3 where he stood at 59 min. Kent was unable to produce a bird and time expired.

**23a Sniksoh Diamond Jack (Jack) - Johnson**

**23b Prairie Wind Pistol Pete (Pete) - Alexander**

This pair broke away on Course 2, feeding off each other from the

start! Both handlers made contact at the first culver at the Buzzard's Roost, sent their charges forward with Pete diving deep into the timber and Jack working the edge to meet Scott at the crossing and take the left edge of the narrow field forward. At 9 min. Jack committed a breach of manners and was escorted to the dog wagon. Jack Alexander, having not seen Pete for some time, called for the tracker at 18 min. as we neared the Parish Field entrance.

**24a TMR's Lucky Betts (Betts) [In Season] - Chang**

**24b Bye**

Betts broke away at the entrance to the Parish Field, initially erratic in her application at times, she improved as entering the Fishhook. She worked the left edges at moderate range, then took off making a nice move across the large culvert and towards the pond on the right to stand at 20 min. in the thick scrub. Steve elected to pick Betts up as her efforts weren't to his liking.

# Adventures in Agility - ACT Program

By Kristina Wittchen

My journey into the agility world began around my dog, Phoebe's, first birthday, in a foundations' agility class at a local dog training facility. I needed an outlet for the percolating energy of my high drive Brittany; something that would give her a job and challenge her...and me. After a few months we moved into a competition beginner class and the real work began. Beginning with flat work, we eventually moved on to the fun stuff: obstacles! Jumps...lots of jumps, and then the Dogwalk, AFrame, Teeter, Table, and down the road we learned the Weave Poles.

About ten months after we began our agility adventure, we entered our first competition; the Agility Course Test (ACT). ACT was designed by the AKC to introduce beginning dogs and handlers to the sport of agility. The two types of ACT courses are ACT Standard – ACT 1 and ACT 2 – which are beginning level standard courses. In addition, there are two ACT Jumpers courses – ACT 1J and ACT 2J – which are entry level Jumpers courses (no AFrame, Dogwalk, Teeter, or Table).

A wonderful component of the ACT Program is the information and help given to exhibitors that are new to the sport, such as navigating AKC entry forms, checking in at the ring, taking their dog in and out of the ring, handling their dog while being judged, volunteer opportunities at trials, etc. Dogs must be 15 months old to enter these events, they do not need to be AKC registered at the time of the entry, and you can enter any jump height. At the ACT trial I competed in with Phoebe, the judge explained rules and procedures, and mentors helped exhibitors and volunteers find their places and learn their roles.

At an ACT trial, the judging is more lenient than at the Novice through Master Agility levels. Two qualifying scores are required for a title whereas three are required for the regular agility titles. As you move up, the courses become more challenging,

testing the handler's and dog's skill, performance, and speed. The number of allowable faults drops as you rise through the levels and by the time you and your dog are competing at the Master level, a clean run, with no faults and a perfect score of 100 is required to qualify.

In our very first trial I did a crazy thing and entered 2 runs each of the 4 ACT tests...not something I would necessarily recommend. Standing outside the ring gate, waiting our turn, I truly thought I had made a huge mistake. Phoebe was bouncing up and down and barking and crying and I just wanted to leave. She bounced and flung herself with exuberance, barking all the way to the start line. It continued for what seemed an eternity until she eventually sat long enough for me to remove her leash, lead out, and release her. Off she went!! Crazy fast, with a wild look in her eyes, Phoebe made it around the course. She had a bunch of faults, yet she qualified and earned her first qualifying score toward her ACT1J title (the rules are more lenient in ACT). We finished the day with 7 Qs out of 8 (she dropped a bar in her 8<sup>th</sup> run), a few placements, three new titles, and I felt inspired to continue with this newfound sport. Phoebe finished her final ACT title a few months later.

I have also continued my education of all things agility. I now know how to get around a trial, am more competent at the various volunteer jobs, and am cultivating the ever-evolving skill of handling my dog inside and outside the ring. One of the most rewarding benefits of agility is the camaraderie among all the people involved. The cheering and support continue to make our journey along this road easier and more enjoyable!

# Chagas Disease in Dogs

(2018)

Whether your dog stays outside for hours at a time or is primarily an inside dog, all dogs are at risk for Chagas disease, a potentially fatal disease that affects the heart and other organ systems.

Chagas disease is caused by the protozoan parasite *Trypanosoma cruzi*, which is spread to dogs through insects in the Reduviidae family, also commonly known as cone-nose or kissing bugs.

“Kissing bugs are blood-sucking insects that often hang out in or around places where sources of blood are readily available, such as dog kennels, woodrat nests, and, unfortunately, sometimes in human dwellings,” said Dr. Sarah Hamer, an associate professor at the Texas A&M College of Veterinary Medicine & Biomedical Sciences. “The parasite is transmitted to dogs when they are exposed to the feces of the bug or when they eat the bugs. About 60 percent of kissing bugs across Texas are infected with the parasite.

“Many dogs can be infected with the Chagas parasite and show no signs of disease, while others may develop life-threatening heart complications,” Hamer added.

Chagas symptoms can appear within weeks of infection (acute) or months to years later (chronic). Typically, dogs that are younger than 2 years old are more likely to develop acute disease, with possible symptoms of diarrhea, lethargy, seizures, swollen lymph nodes, fluid retention, and heart failure. Symptoms that occur during chronic disease are those of congestive heart failure, including lethargy, fainting, increased heart rate or abnormal heart rhythm, and fluid buildup in the abdomen or lungs.

Although there is no vaccine or veterinary treatment for Chagas disease, pets can be protected through insect control.

By reducing the amount of outdoor lighting at night,

kissing bugs may be less attracted to an area. If you keep your dog in a kennel outside at night, consider installing a protective screen on the kennel. In addition, try to keep your backyard free of wood piles and other brushy areas, because these areas can serve as a breeding ground for infected insects. Hamer added that licensed pest control operators can help recommend a pest control plan to combat the bugs.

To better protect humans and animals from Chagas, Hamer and a team of researchers have been coordinating a special project since 2013.

“We run a ‘Kissing Bug Citizen Science’ program to engage the public in Chagas research and provide resources for people to better protect themselves and their pets,” Hamer said. “Our program accepts kissing bugs encountered by the public across the southern United States. Submitters provide important data, including the location, time, and behavior of the bug when it was encountered. Each bug provides a wealth of information for our research—we’ve received over 4,000 kissing bugs since the start of our program.”

Hamer added that her research helps to characterize the natural cycle of Chagas transmission and determine risk factors for human and animal exposure.

For more information on Hamer’s project, please visit <https://kissingbug.tamu.edu/Team/>.

A kissing bug app is also available on iTunes and Google Play. Through the website and apps, Hamer said the public can submit photos of bugs if they are unsure if they are kissing bugs.

With no vaccine or treatment available, prevention is key in protecting your pet from Chagas. Fortunately, Hamer and her team are working to learn more about Chagas and how to better protect you and your pets.

Pet Talk is a service of the Texas A&M College of Veterinary Medicine & Biomedical Sciences. Stories can be viewed on the web at [vetmed.tamu.edu/pet-talk](http://vetmed.tamu.edu/pet-talk). Suggestions for future topics may be directed to [editor@cvm.tamu.edu](mailto:editor@cvm.tamu.edu).

# How We Got Involved

By Wendy Pflugler

This article is a little different from the ones you usually read in this magazine. Mostly because I am a newcomer to the Brittany world. We may not know each other personally but we already have one thing in common, we are part of the Brittany community. Why a Brittany? Is it their natural hunting skills, their intelligence, their ability to be immersed in a challenging task one minute, and playful the next? Is it their versatility? They are loyal pets, tenacious in the field, graceful in the conformation ring, and can skillfully master a plethora of dog sports. Why did we choose them?

Some of you might have been born into the Brittany community. Your knowledge and love for this breed was passed from generation to generation. The thought of having another breed may be unconscionable. Others rediscover the breed. I am often stopped by people, while exercising my dogs, who remember them from their childhood because they had a hunter in the family. Then there are those of us who stumble upon them. But why a Brittany?

I had a variety of dogs as pets in childhood. My husband and I had a lab mix who we swear helped raise our children for twelve years. Then we rescued two greyhounds who were pets for my husband and I and confidants for our teenage children. We loved them all. When our last greyhound passed, we were becoming empty nesters. We did not want any responsibilities to tie us down. We decided we ABSOLUTELY did not want any more dogs. I missed the furry little bodies so a friend asked if I would like to hang around during her dog training classes. After a while I started working “extra” dogs who showed up to class. My husband and I took on training a Rhodesian Ridgeback and puppy sitting several dogs. One evening I was working “an extra” dog and whistled to get my dog’s attention. An orange and white dog in front of me flipped its head backwards and looked at me with his head upside down. It was love at first sight. After a few more whistles and head

flips I asked the very patient owner about his dog. We will call the owner Pete.

Pete told me about their intelligence, their hunting ability, their versatility, and much more. Upon returning home I shared this information with my husband, and we looked up more information about this “flippy-head” breed online. This piqued our interest even more. The next step was to visit Pete to see in person how he trained his Brittany. He was training his dog for hunting. A few other Brittanys were there as guests. Their temperament, playfulness, and trainability won us over. My husband was as smitten I. I made an offhand comment to Pete that if we ever got another dog, it would have to be a Brittany. While two Brittanys frolicked at his feet my husband agreed. Little did we know how that passing comment would make us part of the Brittany community.

A few weeks later I received a text from Pete that, through no fault of its own, a Brittany pup was being returned to its breeder who happened to be a friend of his. He asked if my husband and I were interested. After a brief discussion, my husband and I decided that being responsibility-free was boring. Bring on the puppy! On November 30, 2019, we welcomed a six-month-old female into our home and have never regretted it. With the support of the breeder and other mentors we have participated in conformation, agility, rally, scent work, and she successfully passed the test to become a therapy dog. We have recently added a male puppy to our pack, a Brittany of course.

Why a Brittany? I do not know. I briefly researched the psychological reasons as to why people are drawn to specific breeds. Each article had a different theory. I asked many dog owners why they like a particular breed. Their reasons are just as varied. When you find your breed, you feel it in your gut. When you meet other owners of your breed you have met your community.

## Field Trials and Clubs

by Dave Webb

It's cool rainy spring morning; not a day to work outside. I'm setting in the office looking at the book self, eyes fix on a couple of bird dogs book, which focus on field trials – Field Trial Record of Dogs in America 1874-1907 by J. M. Taylor and National Field Trial Champions by William F. Brown and Nash Buckingham Those pointing bird dogs; subject of both books are setters and pointers. “Thumbing” thru the pages started my thinking about how this author began involved in field trials with Brittanys and soon after becoming a member of a Brittany Club.

Just thought it would be an interesting story to be told to the readers of this AKC Gazette Brittany Column. Well over 50 years ago the Brittany became a part of our family. The Brittany was chosen to be a family pet and be used to hunt birds. Years passed with another one or two Brittanys added to our family. When 12 years of age, each of our sons after completing a hunter safety course started bird hunting with a Brittany or two. Several years later for various reasons as a Christmas present for one of our boys a Brittany pup was obtained from Dick and Ester Keenan, as mentioned in previous columns Flying Feather Brittanys. Several months later one of our older Brittanys passed; as a replacement from the same litter, my wife bought a liver/white pup. With that purchase also came from Dick the invitation to train the pup anytime on their grounds. The Keenan's would love to see how the pup progressed.

Coco traveled to their grounds during the spring, summer, and fall months that first year. She was bird crazy; most of the time a quail or pheasant was pointed, flushed, and chased. On one of those training session late summer as the time was completed, Dick commented, “Have you

ever consider taking her to a field trial?” Response was “Really, not sure what that is all about!”

Next training sessions were not necessarily for the dog, they were for me to learn how to handle the pup in the field trial event. At conclusion of the last session, Dick handed me an application – premium – for a field trail to be held in two weeks, a distance not far from our home. “Enter Coco in the puppy stake” was Dick's comment. Application was made and when time came we travel to the Club for the running. Short remark about the outcome, she won the blue ribbon. The “hook was set”; field trials have been a major passion ever sense.

My actual participation has varied. Initially only attended walking events; then onto renting a horse when wranglers were there at the Club grounds. Because my employment necessitated a lot of travel, advice from a local bird dog trainer was to have a Professional train and handle the Brittanys in those competitive events.

At the same time, several years earlier, membership in a local Brittany Club occurred. Admittedly involvement with the Club varied due to my often extensive travel. As the years past it became evident some of the Club members had goals, which varied from my own; discussion that follows will attempt to illustrate.

As readers of this Brittany breed column know, this author often uses the Webster dictionary to define a specific word. A Club is defined as “a group of persons associated for a common purpose”. One should consider that the term “common purpose” needs to be further clarified. It was thought by this author “common purpose” would be to focus on the Brittany and its performance, competition, and resulting toward breed improvement. This would naturally be the main objective – “common purpose” -- of a Brittany Club. The Brittany is so versatile that it can be a field trial All-Age champion, a conformation blue ribbon winner in show events, and compete in agility and other competitive events such as NAVDA.

As mentioned earlier, membership took place with the local Brittany Club. In preparation for writing this piece, research focused on the Club's By-Laws, which state the Objectives of the Club are as follows:

...“to promote cooperation and friendship among breeders and owners of Brittanys and to encourage higher standards of breeding, training, and showing of Brittanys in the Field and the Show Ring.”

...“to discourage the Breed from becoming split in groups of “Field Dogs” and “Show Dogs” and strive to keep it forever a “Dual Dog”.

Without a doubt the objectives are practical with the reference being the American Kennel Club (AKC) Standard for the Brittany. There are two key words in the Club Objective statement, which are given above – “cooperation” and “friendship”.

As years move along older membership often move along and unfortunately develop other interests and/or pass away. It’s a challenge to keep the club membership at an operating level to perform the duties of the Club – maintaining club grounds, operating field trial, and other events. With the addition of new members consideration needs to be given to the fact that as they become involved in

the activities of the Club; these new members may want to participate in Club operations. These new members may have new ideas. Cooperation and working together can then become a challenge; however, reasonable people can disagree and also respect others opinions and work together for the “common purpose” to be of benefit for the Club.

## SOUTHEASTERN

Robert J. Gordon FTA

Hoffman, NC

Jan. 19-22, 2023

It has been said that it takes a village but in our case it took the club members to put on a wonderful, smooth running trial. Martha Greenlee had stepped in to be Chairman, Bob Youngs, to make sure the actual running went smoothly and also stepped in for a sick judge. The first three days were good with lots of covey finds. We pushed to get as much done Saturday as Sunday was predicted to be heavy rain. We had an outstanding panel of judges secured by Bob, some new to AKC trials but were experienced in training and running dogs. We had a couple of new folks enter, Josh Ruitter and Tom Woods who said they would be back plus a new AF trainer, Matt Basilone. We also had Ben Lorenson and Kyle Merrill return with some very competitive dogs.

I want to thank some key members for also making a great trial, Tina Odom, who made some wonderful lunches along with fresh baked brownies, ask Ben Laorenson. Deb Blondin set up a fantastic raffle along with two big baskets donated by Tractor Supply, a 50/50 raffle which the wife of one of our judges donated back to the club, plus a silent auction including a signed/numbered Brittany field print. Art Cohen presented a plaque to Deb Blondin for her late husband, Mike Blondin's contributions to the sport. Kitchen help abounded with Barbara Youngs and Judy Cohen assisting in dishes and cleanup. We could not have done it without them.

Judy Tighe hosted a spaghetti dinner Saturday night and was surprised by a cake thanking her for coming out of retirement to handle the field trial secretary duties.

# Tarheel Regional Championship

## Dick Cross Wildlife Management Area

### Boydton, VA

### February 13-15, 2023

*The following writeup and photo were inadvertently left out of the Tarheel field trial that was published in the April magazine.*

With sunshine and temperatures in the low to mid-50's, 19 dogs came to the line to compete for the title of "Regional Champion" in the maiden running of the Tarheel Grand Open Limited Gundog Continental Breed Regional Championship between 13 and 15 February 2023. Hosted by the Tarheel Brittany Club at the Dick Cross WMA in Boydton, VA, the event represented the first AKC newly sanctioned Continental Breed Championship in the South Carolina-North Carolina-Virginia Region.

The extra effort this year by the Virginia Department of Wildlife Management and their renewed commitment to maintaining Dick Cross as a premier field trial grounds proved highly beneficial to making this new championship one for the record. The wide open ranges and areas of close cover necessitated a highly flexible and intelligent Gundog to maneuver the course successfully. In total, 7 Brittany's; 11 Germain Shorthair Pointers; and 1 Vizsla filled out the brace sheet, with 7 of the 19 dogs handled by their owners, a key objective in our plan to increase participation by amateur handlers. For many of those amateur handlers, the Tarheel Regional Gundog Championship was their first taste of the intensity and stamina needed to complete in a one-hour championship, and to their credit they all performed admirably.

This year's championship was graciously sponsored by our Friends at Purina and Sport Dog. Their quality products and continued support of these major events remain invaluable contributions to our sport and we thank them sincerely for all that they do. We make every effort to ensure that their services are recognized.

We also want to thank our judges Jeff Smith and Grace Anne Lawson for their time in the saddle and their undivided attention throughout the stake. Both Jeff and Grace Anne brought years of experience to the judgmental task and their decisions were well received.

Although under-represented by professional handlers compared to the other breeds, the Brittany community can be proud of the performance of their breed. Without exception, each Brittany brought to the line showed a level of speed,

intensity, and a will to win equal to, if not greater, than the other competitors. Designated as Regional Champion was RN Quail Point Black River Rusty, a German Shorthair Pointer owned by Ken and Nancy Huyser of Maryland and professionally handled by Mike Mullineux. With 4 stylish finds and a wide race, Rusty proved to be the number 1 choice of the judges.

Named Runner-Up was Mr. Green II (Cash), a Brittany owned and professionally handled by Jim Winnen of Pennsylvania. With 7 intense finds and a highly competitive shooting dog race, Cash made the judges think long and hard about their choices.

Third place was awarded to NGDC West Wind Blue Image, a German Shorthair Pointer owned by Lance Fargo and handled by Mike Mullineux. Blaze had 4 solid intense finds and a solid forward race but at times required a bit more supervision than some others.

Capturing Fourth Place was NAFC FC/AFC Widdershins Fenway Flash, a Vizsla owned and handled by Shawn Harris of South Carolina. An exceptionally stylish Gundog with a real desire to please, Fen had 2 classy finds and a good solid forward race.

Of final note was the Judge's award of Honorable Mention awarded to Gambles IROK Raising Kane (Kane), owned by Terry and Carolyn McCormick and handled by Terry. It was both Kane's and Terry's first time in a championship. No doubt they'll be back next year.

We'd like to thank all who participated in our first Regional Championship as well as all those who rode and participated in our 7th Annual Winter Madness Field Trial Festival. You just can't beat a good course, good dogs, good parties, good food, and the many many good people who joined us.
