

| MOTION TO MOVE MISSOURI CLUB TO MIDWEST REGION

| **Discussion: December 1 - 7, 2011**

Votes May be Cast: December 8 - 12, 2011

Motion made 11/29/11 by Steve Ralph, Central Director

Motion Seconded 11/30/11 by Mary Karbner, Midwest Director

Motion: I move to move the Missouri club to the Midwest region

Rationale:

Currently the Missouri club is in the Central region, however most of it's members are in the Midwest region (Kansas) and it holds it's field trials in the Midwest region (Yates Center, KS). In the past it has had to get permission from both the Central & Midwest dates coordinators to host it's trial in KS. To prevent multi-regional date coordination, the Missouri club is requesting that their club be moved to the Midwest region. This has been approved by both the Central & Midwest dates coordinators and Missouri club officers.
