What will be your strongest asset as a member of the BOD and why?

I believe that the strongest asset that I could provide to the East Central Region as a Board of Director is my passion for the field trail game and my desire to succeed in an honest and straightforward manner. Although being relatively new to the sport of field trials and shows I believe I can offer some new ideas and perspectives while still maintaining the deep history and legacy of the American Brittany Club. As a business owner, I understand that business decisions are sometimes difficult and hard to make. If elected, I would always endeavor to employ the principles outlined in the Board of Directors manual by applying the "tone at the top" principle to convey a climate that upholds and practices the highest ethical and fiduciary standards. It is my desire to assist the current East Central Board members in putting the interests of the East Central membership first and foremost, not only with topics that we face now but for future generations who will pursue this fine sport of ours for years to come.
